PUBLIC ACTS

[No. 1]

(SB 472)

AN ACT to amend 1982 PA 249, entitled "An act to establish the state children's trust fund in the department of treasury; and to provide certain powers and duties of the department of treasury with respect to the trust fund," by amending section 1 (MCL 21.171), as amended by 2000 PA 72.

The People of the State of Michigan enact:

21.171 Children's trust fund; creation as charitable and educational endowment fund; expenditure; credits; investment; availability for disbursement; accounting of revenues and expenditures; "trust fund" defined.

Sec. 1. (1) The children's trust fund is created as a charitable and educational endowment fund in the department of treasury. The fund shall be expended only as provided in this section.

(2) The state treasurer shall credit to the trust fund all amounts appropriated for this purpose under section 475 of the income tax act of 1967, 1967 PA 281, MCL 206.475, any amounts received under section 811j of the Michigan vehicle code, 1949 PA 300, MCL 257.811j, and section 8 of the child abuse and neglect prevention act, 1982 PA 250, MCL 722.608, and any amounts received from civil fines imposed under the playground equipment safety act, 1997 PA 16, MCL 408.681 to 408.687.

(3) The state treasurer shall direct the investment of the trust fund. The state treasurer shall have the same authority to invest the assets of the trust fund as is granted to an investment fiduciary under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1140l.

(4) Until the total amount of assets in the trust fund exceeds $20,000,000.00, not more than 1/2 of the money contributed to the trust fund each year, plus the interest and earnings credited to the trust fund during the previous fiscal year, shall be available for disbursement upon the authorization of the state board as provided in section 9 of the child abuse and neglect prevention act, 1982 PA 250, MCL 722.609. If the state treasurer certifies that the assets in the trust fund exceed $20,000,000.00, only the interest and earnings credited to the trust fund shall be available for disbursement upon the authorization of the state board as provided in section 9 of the child abuse and neglect prevention act, 1982 PA 250, MCL 722.609.

(5) Money granted or received as gifts or donations to the trust fund shall be available for disbursement upon appropriation under section 8 of the child abuse and neglect prevention act, 1982 PA 250, MCL 722.608, and funds authorized for expenditure shall not be considered assets of the trust fund for the purposes of subsection (4).

(6) The state treasurer shall annually prepare an accounting of revenues and expenditures from the trust fund. This accounting shall specifically identify the interest and earnings of the trust fund, shall describe how the amount of interest and earnings has been affected by the expanded investment options provided for in subsection (3), and shall identify how the increased interest and earnings, if any, have been expended. This accounting shall be provided to the senate and house of representatives appropriations committees.

(7) As used in this section, "trust fund" means the children's trust fund created in subsection (1).

This act is ordered to take immediate effect.
Approved January 21, 2002.
Filed with Secretary of State January 23, 2002.

(SB 430)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by repealing section 75106 (MCL 324.75106).

The People of the State of Michigan enact:

Repeal of § 324.75106.

Enacting section 1. Section 75106 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.75106, is repealed.

Approved February 6, 2002.
Filed with Secretary of State February 7, 2002.

(SB 471)

AN ACT to amend 1987 PA 173, entitled "An act to define and regulate mortgage brokers, mortgage lenders, and mortgage servicers; to prescribe the powers and duties of the financial institutions bureau and certain public officers and agencies; to provide for the promulgation of rules; and to provide remedies and penalties," by amending section 2 (MCL 445.1652), as amended by 1996 PA 210.

The People of the State of Michigan enact:

445.1652 License or registration required; exemption; residential mortgage originator; compensation; words contained in name or assumed name.

Sec. 2. (1) A person shall not act as a mortgage broker, mortgage lender, or mortgage servicer without first obtaining a license or registering under this act, unless 1 or more of the following apply:

(a) The person is solely performing services as an employee of only 1 mortgage broker, mortgage lender, or mortgage servicer.

(b) The person is exempted from the act under section 25.

(c) The person is licensed as a class I licensee under the consumer financial services act, 1988 PA 161, MCL 487.2051 to 487.2072.

(2) A person that is licensed to make regulatory loans under the regulatory loan act of 1963, 1939 PA 21, MCL 493.1 to 493.25, or is licensed to make secondary mortgage loans under the secondary mortgage loan act, 1981 PA 125, MCL 493.51 to 493.81, and is registered with the commissioner shall file with the commissioner an application for a license under section 3(1) or shall discontinue all activities that are subject to this act.

(3) Unless a residential mortgage originator is otherwise licensed or registered under this act, a residential mortgage originator shall not receive directly or indirectly any compensation, commission, fee, points, or other remuneration or benefits from a mortgage broker, mortgage lender, or mortgage servicer other than the employer of the residential mortgage originator.

(4) Unless a residential mortgage originator is otherwise licensed or registered under this act, a mortgage broker, mortgage lender, or mortgage servicer shall not pay directly or indirectly any compensation, commission, fee, points, or other remuneration or benefits to a residential mortgage originator other than an employee of the mortgage broker, mortgage lender, or mortgage servicer. As used in this subsection and subsection (3),

"residential mortgage originator" means a person who assists another person in obtaining a mortgage loan.

(5) A mortgage broker, mortgage lender, or mortgage servicer that was exempt from regulation under this act and is a subsidiary or affiliate of a depository financial institution or a depository financial institution holding company that does not maintain a main office or branch office in this state, shall register under section 6 or shall discontinue all activities subject to this act.

(6) Except for a state or nationally chartered bank, savings bank, or an affiliate of a bank or savings bank, the person subject to this act shall not include in its name or assumed name, the words "bank", "banker", "banking", "banc", "bankcorp", "bancorp", or any other words or phrases that would imply that the person is a bank, is engaged in the business of banking, or is affiliated with a bank or savings bank. It is not a violation of this subsection for a licensee or registrant to use the term "mortgage banker" or "mortgage banking" in its name or assumed name. A person subject to this act whose name or assumed name on January 1, 1995 contained a word prohibited by this section may continue to use the name or assumed name.

This act is ordered to take immediate effect.
Approved February 6, 2002.

[No. 6]

(HB 5436)

AN ACT to authorize the state administrative board to convey certain parcels of state owned property in Tuscola county and Wayne county; to prescribe conditions for conveyance;

to provide for certain powers and duties of the department of management and budget; and to provide for the disposition of revenue derived from the conveyances.

The People of the State of Michigan enact:

Conveyance of property located in township of Indianfields, Tuscola county, to Tuscola area airport authority; consideration; jurisdiction; description.

Sec. 1. The state administrative board, on behalf of the state, may convey to the recipient determined under sections 2 to 4, for consideration as determined pursuant to sections 2 to 4, all or portions of property now under the jurisdiction of the department of community health and located in the township of Indianfields, Tuscola county, Michigan, and further described as follows:

The Southeast 40 acres, being approximately 1320 feet by 1320 feet, of the remainder of the South Half of Section 18, Town 12 North, Range 9 East, after excepting out the Southeast 1/4 of Section 18 Town 12 North, Range 9 East, which was conveyed to the City of Caro in that Quitclaim Deed dated May 16th, 1961.

Purchase price.

Sec. 2. The Tuscola area airport authority has the exclusive right, for a period of 12 months after the effective date of this act, to purchase the property described in section 1. The purchase price shall be 1 of the following:

(a) Less than fair market value, if the Tuscola area airport authority agrees to use the property for public purposes.

(b) Fair market value, if the Tuscola airport authority does not agree to use the property for public purposes.

Reversionary rights.

Sec. 3. If, at any time after purchasing the property under sections 1 and 2, the Tuscola area airport authority determines it will no longer operate as a local unit of government, or determines that the property shall no longer continue to be used for public purposes, then the Tuscola area airport authority shall notify the state in writing 180 days before any such change in organization or use. The Tuscola area airport authority shall then have the right, for 180 days, to purchase the reversionary rights. The purchase price will be the fair market value of the property exclusive of any improvements on the date of the notice to the state.

Conveyance for less than fair market value.

Sec. 4. Any conveyance of the property described in section 1 that is conveyed for public purpose for less than fair market value shall provide for all of the following:

(a) That the property shall be used exclusively for public purposes and if any fee, term, or condition is imposed on members of the public for recreational use of the conveyed property, all resident and nonresident members of the public shall be subject to the same fees, terms, and conditions, except that the grantee may waive daily fees or waive fees for the use of specific areas or facilities; and that upon termination of that use or use for any other purpose, the state may reenter and repossess the property, terminating the grantee's estate in the property.

(b) That the Tuscola area airport authority may create and record restrictions on the use of the property required for the safe operation of an airport. Those recorded restrictions

shall run with the land as long as the airport is in use and shall not be extinguished solely by reversion of the property to the state.

(c) That if the grantee disputes the state's exercise of its rights of reentry and fails to promptly deliver possession of the property to the state, the attorney general, on behalf of the state, may bring an action to quiet title to, and regain possession of, the property.

Appraisal.

Sec. 5. The fair market value of the property described in section 1 shall be determined by an appraisal as prepared by the state tax commission or an independent fee appraiser.

Conveyance of property located in township of Indianfields, Tuscola county, to township of Indianfields; consideration; jurisdiction; description.

Sec. 6. The state administrative board, on behalf of the state, may convey to the recipient determined under sections 7 and 8, for consideration as determined pursuant to sections 7 and 8, all or portions of property now under the jurisdiction of the department of community health and located in the township of Indianfields, Tuscola county, Michigan, and further described as follows:

That part of the South 1/2 of Section 17, Town 12 North, Range 9 East, which lies North of the Cass River, South of M-81, and 250 feet East of the Caro Center, Buildings number 7 and 9 as numbered and depicted in the States Facility Inventory dated June 1980. The parcel contains approximately 30 acres.

Purchase; rights.

Sec. 7. The township of Indianfields has the exclusive right, for a period of 12 months after the effective date of this act, to purchase the property described in section 6, for less than fair market value, if the township of Indianfields agrees to use the property for public purposes.

Conveyance for less than fair market value; provisions.

Sec. 8. Any conveyance of the property described in section 6 for less than fair market value shall provide for both of the following:

(a) That the property shall be used exclusively for public purposes and if any fee, term, or condition is imposed on members of the public for recreational use of the conveyed property, all resident and nonresident members of the public shall be subject to the same fees, terms, and conditions, except that the grantee may waive daily fees or waive fees for the use of specific areas or facilities; and that upon termination of that use or use of any other purpose, the state may reenter and repossess the property, terminating the grantee's estate in the property.

(b) That if the grantee disputes the state's exercise of its rights of reentry and fails to promptly deliver possession of the property to the state, the attorney general, on behalf of the state, may bring an action to quiet title to, and regain possession of, the property.

Quitclaim deed; reservation of mineral rights; revenue.

Sec. 8a. The conveyances authorized by sections 1 and 6 shall be by quitclaim deed approved by the attorney general. The conveyances shall not reserve the mineral rights to the state; however, the conveyances shall provide that if the grantee derives any revenue from the development of any minerals found on, within, or under the conveyed property, the grantee shall pay 1/2 of that revenue to the state, for deposit in the Michigan natural resources trust fund.

Conveyance of property located in Wayne county; consideration; jurisdiction; description; sale; notice.

Sec. 9. (1) The state administrative board, on behalf of the state, may convey for consideration of not less than fair market value as determined pursuant to section 11, certain state owned property now under the jurisdiction of the department of community health and located in Wayne county, and further described as follows:

A parcel of land in the N 1/2 of sections 11 & 12, T1S, R8E, Northville Township, Wayne County, Michigan and more particularly described as commencing at the E 1/4 corner of said section 12; thence S86°48' 28"W 1384.05 feet, on the E-W 1/4 line of said section 12 to the point of beginning of this description; thence S86°48'28"W 1300.57 feet, on said E-W 1/4 line to the center of said section 12; thence S86°53'56"W 2726.05 feet, on said E-W 1/4 line to the W 1/4 corner of said section 12; thence N84°54'43"W 2725.96 feet, on the E-W 1/4 line of said section 11 to the center of said section 11; thence N85°00'14"W 200.15 feet, on the E-W 1/4 line of said section 11; thence N01°28'26"E 1.14 feet; thence N00°00'34"W 72.00 feet; thence N49°05'26"E 131.49 feet; thence N23°49'26"E 94.98 feet; thence N07°25'34"W 69.92 feet; thence N32°28'34"W 81.37 feet; thence N15°56'34"W 309.92 feet; thence N64°56'07"W 282.85 feet; thence 2284.99 feet, on the arc of a curve to the left with a central angle of 122°12'37", a radius of 1071.28 feet, and a long chord bearing and distance of S53°56'34"W 1875.81 feet; thence S82°56'46"W 4.24 feet, to the east right of way line of the CSX railroad; thence N12°56'16"W 479.57 feet, on said railroad right of way to the E-W 1/4 line of said section 11; thence N12°56'16"W 1042.64 feet, on said railroad right of way; thence N38°54'25"E 299.77 feet; thence N83°24'25"E 145.50 feet; thence N69°54'25"E 198.00 feet; thence N39°24'25"E 99.30 feet; thence N62°24'25"E 108.87 feet; thence S62°50'35"E 103.70 feet; thence S41°34'35"E 205.39 feet; thence N63°04'10"E 169.60 feet; thence N89°07'10"E 74.80 feet; thence S36°20'50"E 344.00 feet; thence S36°20'50"E 106.31 feet; thence S68°13'14"E 188.90 feet; thence S82°35'18"E 67.44 feet; thence S88°15'37"E 1017.15 feet; thence N01°56'53"E 684.47 feet; thence S89°26'24"E 699.89 feet; thence S01°57'25"W 707.88 feet; thence S89°26'24"E 490.88 feet; thence N01°57'25"E 100.07 feet; thence N14°37'29"E 219.23 feet; thence S89°26'24"E 68.17 feet; thence N07°37'01"W 1045.59 feet, to the south right of way line of Seven Mile Road; thence S89°26'24"E 1202.88 feet, on said right of way to the east line of said section 11; thence N89°45'40"E 2643.20 feet, on said right of way to the N-S 1/4 line of said section 12; thence N84°12'47"E 1734.38 feet, on said right of way; thence N85°33'26"E 266.11 feet, on said right of way; thence S88°29'21"E 148.63 feet, on said right of way; thence N87°57'11"E 197.69 feet, on said right of way; thence S85°42'03"E 197.80 feet, on said right of way; thence S88°37'57"E 148.01 feet, on said right of way to the west right of way line of Haggerty Road; thence S00°00'12"W 350.00 feet, on said right of way; thence S89°59'48"W 10.00 feet, on said right of way; thence S00°00'12"W 806.77 feet, on said right of way; thence N89°59'48"W 651.16 feet; thence S54°17'10"W 793.19 feet; thence S01°37'45"W 942.94 feet, to the point of beginning, containing 422.62 acres. This description is subject to survey, easements and deeds of record, and the Department of Natural Resources' Oil and Gas Leases No. N-24954 and No. N-24957, as may be amended.

(2) The sale of the property described in this section shall be conducted in a manner to realize the highest price for the sale and the highest return to the state. The sale of this property shall be done in an open manner that uses one or more of the following:

(a) A competitive sealed bid.

(b) Oral bid.

(c) Public auction.

(d) Use of broker services.

Broker services for the sale of this property shall only be used if there are three or more bidders for this property. The minimum selling price for the property shall be the higher value of either its fair market value or the result of a professional concept plan value as determined by a real estate professional qualified to make such valuations. This real estate professional shall be selected through a request for proposal and competitive bid process.

(3) A notice of a sealed or oral bid, public auction sale, or use of broker negotiation services, regarding the property described in this section shall be published at least once in a newspaper as defined in section 1461 of the revised judicature act of 1961, 1961 PA 236, MCL 600.1461, not less than 10 days before the sale. The newspaper shall be one that is published in the county where the property is located. If a newspaper is not published in the county where the property is located, the notice shall be published in a newspaper in a county nearest to the county in which the property is located. A notice shall describe the general location of the property and the date, time, and place of the sale.

Report.

Sec. 9a. Not later than May 1, 2002, the department of management and budget shall provide a written report to the chairpersons of the house of representatives and senate appropriations committees on the progress of the sale of the property in section 9. This report shall describe the sale process or processes under section 9, subsection (2), which will be used, the name of the broker or brokers used in the sale, and other information to apprise lawmakers of the status of this sale. This report is in addition to other reporting requirements of this act or other state laws.

Quitclaim deed; approval by attorney general.

Sec. 10. The conveyance authorized under section 9 shall be by quitclaim deed approved by the attorney general and shall provide for all of the following:

(a) The northwesterly boundary of the Hawthorn center in the southeastern corner of the property shall be determined in conjunction with the director of community health to provide a parcel of land adequate to support the Hawthorn center's program and operations.

(b) The conveyance is subject to lease No. N-24954 and No. N-24957, as may be amended, and shall reserve oil, gas, and mineral rights to the state.

(c) In order to allow the department of community health sufficient time to make alternative plans for the patients at the Northville psychiatric hospital, the department will retain the use of necessary buildings and facilities for patient care and related activities for a minimum of 3 years based on need. Payment for deferred use of property for the use of these structures will be paid to the developer based on a specified amount agreed to by the department of community health and the developer.

Conveyance; conditions.

Sec. 10a. The conveyance under section 9 is subject to all of the following:

(a) The department of community health shall not implement the closure or consolidation of the Northville psychiatric hospital until the community mental health service providers have programs and services in place for persons residing in the Northville psychiatric hospital.

(b) The closure or consolidation of the Northville psychiatric hospital is contingent upon adequate department-approved community mental health service provider program plans that include a discharge and aftercare plan for each person in the facility. A discharge and aftercare plan shall address the person's housing needs. A homeless shelter

or similar temporary shelter arrangement is inadequate to meet the person's housing needs.

(c) By April 15, 2003, the department of community health shall submit to the house of representatives and senate appropriations committees a status report detailing, by the admitting community mental health service provider, the number of patients remaining in Northville psychiatric hospital.

(d) Four months after the certification of closure required in section 19(6) of the state employees' retirement act, 1943 PA 240, MCL 38.19, the department shall provide a closure plan to the house of representatives and senate appropriations committees.

Appraisal.

Sec. 11. The fair market value of the property described in section 9 shall be determined by an appraisal as prepared by the state tax commission and an independent fee appraiser.

Descriptions as approximate; adjustments.

Sec. 12. The descriptions of the parcels in sections 1, 6, and 9 are approximate and for purposes of the conveyance are subject to adjustments as the state administrative board or the attorney general considers necessary by survey or other legal description.

Disposition of net revenue; definition.

Sec. 13. (1) The net revenue received under this act shall be deposited in the state treasury and credited to the general fund. However, 5% of the net revenue from the sale authorized in section 9 shall be placed in a reserve fund to cover transitional costs. The department of community health shall provide the house of representatives and the senate appropriations subcommittees on community health with its transition plan for approval 9 months before the final closure of the facility.

(2) For the purposes of this act, "net revenue" means the proceeds from the sale of the property less reimbursement for any costs to the state associated with the sale of the property.

This act is ordered to take immediate effect.
Approved February 14, 2002.
Filed with Secretary of State February 14, 2002.

(SB 682)

AN ACT to amend 1846 RS 84, entitled "Of divorce," by amending section 17a (MCL 552.17a), as amended by 1990 PA 243.

The People of the State of Michigan enact:

552.17a Jurisdiction of court; application for modification of judgment or order; waiver of contempt.

Sec. 17a. (1) The court has jurisdiction to make an order or judgment relative to the minor children of the parties as authorized in this chapter to award custody of each child to 1 of the parties or a third person until each child has attained the age of 18 years and may require either parent to pay for the support of each child until each child attains that

age. Subject to section 5b of the support and parenting time enforcement act, 1982 PA 295, MCL 552.605b, the court may also order support as authorized in this chapter for a child of the parties to provide support for the child after the child reaches 18 years of age.

(2) Upon an application for modification of a judgment or order when applicant is in contempt, for cause shown, the court may waive the contempt and proceed to a hearing without prejudice to applicant's rights and render a determination on the merits.

This act is ordered to take immediate effect.

[No. 8]

(SB 683)

AN ACT to amend 1966 PA 138, entitled "An act to confer jurisdiction upon the circuit courts to order and enforce the payment of money for the support, in certain cases, of parents having physical custody of minor children or children who have reached the age of majority and of minor children or children who have reached the age of majority by noncustodial parents; to provide for the termination of the effectiveness of the orders; and to provide for the payment of fees and assessment of costs in those cases," by amending sections 1, 1a, and 5 (MCL 552.451, 552.451a, and 552.455), sections 1 and 1a as amended by 1990 PA 237 and section 5 as amended by 1996 PA 5.

The People of the State of Michigan enact:

552.451 Proceedings for support of custodial parent and children; complaint; service; prohibition.

Sec. 1. A married parent who has a minor child or children living with him or her and who is living separate and away from his or her spouse who is the noncustodial parent of the child or children, and who is refused financial assistance by the noncustodial parent to provide necessary shelter, food, care, and clothing for the child or children, if the spouse is of sufficient financial ability to provide that assistance, may complain to the circuit court for the county where either parent resides for an order for support for himself or herself and the minor child or children. Subject to section 5b of the support and parenting time enforcement act, 1982 PA 295, MCL 552.605b, the parent may also complain to the circuit court for support for a child or children after they reach 18 years of age. The proceedings shall be commenced by the filing of a complaint verified by the petitioner and by issuance of a summons that shall be personally served upon the noncustodial parent of the children and spouse of the petitioner. A complaint shall not be filed nor shall any summons issue if divorce or separate maintenance proceedings are then pending between the petitioner and his or her spouse.

552.451a Proceedings for support of children; support order; burden of proof; applicability of section.

Sec. 1a. A custodial parent or guardian of a minor child or children or a child or children who have reached 18 years of age may proceed in the same manner, and under the same circumstances as provided in section 1, against the noncustodial parent for the support of the child or children. The order of support shall provide only for the support of

the child or children, and the burden of proof shall be the same as provided in section 2. This section applies only to legitimate, legitimated, and lawfully adopted minor children and, subject to section 5b of the support and parenting time enforcement act, 1982 PA 295, MCL 552.605b, children after they reach 18 years of age.

552.455 Modification of order; application and notice; order void upon entry of judgment of divorce or separate maintenance.

Sec. 5. An order entered under section 2 may be modified by the court upon proper application to the court and due notice to the opposite party. If a judgment of divorce or of separate maintenance is entered by a court having personal jurisdiction over the parties, an order entered under this act is null and void upon the effective date of the judgment.

This act is ordered to take immediate effect.

AN ACT to amend 1970 PA 91, entitled "An act to declare the inherent rights of minor children; to establish rights and duties to their custody, support, and parenting time in disputed actions; to establish rights and duties to provide support for a child after the child reaches the age of majority under certain circumstances; to provide for certain procedure and appeals; and to repeal certain acts and parts of acts," by amending section 2 (MCL 722.22), as amended by 1999 PA 156.

The People of the State of Michigan enact:

722.22 Definitions.

Sec. 2. As used in this act:

(a) "Agency" means a legally authorized public or private organization, or governmental unit or official, whether of this state or of another state or country, concerned in the welfare of minor children, including a licensed child placement agency.

(b) "Attorney" means, if appointed to represent a child under this act, an attorney serving as the child's legal advocate in a traditional attorney-client relationship with the child, as governed by the Michigan rules of professional conduct. An attorney defined under this subdivision owes the same duties of undivided loyalty, confidentiality, and zealous representation of the child's expressed wishes as the attorney would to an adult client.

(c) "Child" means minor child and children. Subject to section 5b of the support and parenting time enforcement act, 1982 PA 295, MCL 552.605b, for purposes of providing support, child includes a child and children who have reached 18 years of age.

(d) "Guardian ad litem" means an individual whom the court appoints to assist the court in determining the child's best interests. A guardian ad litem does not need to be an attorney.

(e) "Lawyer-guardian ad litem" means an attorney appointed under section 4. A lawyer-guardian ad litem represents the child, and has the powers and duties, as set forth in section 4.

(f) "State disbursement unit" or "SDU" means the entity established in section 6 of the office of child support act, 1971 PA 174, MCL 400.236.

(g) "Third person" means an individual other than a parent.

This act is ordered to take immediate effect.

AN ACT to amend 1975 PA 238, entitled "An act to require the reporting of child abuse and neglect by certain persons; to permit the reporting of child abuse and neglect by all persons; to provide for the protection of children who are abused or neglected; to authorize limited detainment in protective custody; to authorize medical examinations; to prescribe the powers and duties of the state department of social services to prevent child abuse and neglect; to prescribe certain powers and duties of local law enforcement agencies; to safeguard and enhance the welfare of children and preserve family life; to provide for the appointment of legal counsel; to provide for the abrogation of privileged communications; to provide civil and criminal immunity for certain persons; to provide rules of evidence in certain cases; to provide for confidentiality of records; to provide for the expungement of certain records; to prescribe penalties; and to repeal certain acts and parts of acts," by amending section 3 (MCL 722.623), as amended by 1994 PA 177.

The People of the State of Michigan enact:

722.623 Persons required to report child abuse or neglect; written report; transmitting report and results of investigation to prosecuting attorney or county family independence agency; pregnancy of or venereal disease in child less than 12 years of age.

Sec. 3. (1) An individual is required to report under this act as follows:

(a) A physician, dentist, physician's assistant, registered dental hygienist, medical examiner, nurse, person licensed to provide emergency medical care, audiologist, psychologist, marriage and family therapist, licensed professional counselor, certified social worker, social worker, social work technician, school administrator, school counselor or teacher, law enforcement officer, or regulated child care provider who has reasonable cause to suspect child abuse or neglect shall make immediately, by telephone or otherwise, an oral report, or cause an oral report to be made, of the suspected child abuse or neglect to the department. Within 72 hours after making the oral report, the reporting person shall file a written report as required in this act. If the reporting person is a member of the staff of a hospital, agency, or school, the reporting person shall notify the person in charge of the hospital, agency, or school of his or her finding and that the report has been made, and shall make a copy of the written report available to the person in charge. A notification to the person in charge of a hospital, agency, or school does not relieve the member of the staff of the hospital, agency, or school of the obligation of reporting to the department as required by this section. One report from a hospital, agency, or school shall be considered

adequate to meet the reporting requirement. A member of the staff of a hospital, agency, or school shall not be dismissed or otherwise penalized for making a report required by this act or for cooperating in an investigation.

(b) A department employee who is 1 of the following and has reasonable cause to suspect child abuse or neglect shall make a report of suspected child abuse or neglect to the department:

(*i*) Eligibility specialist.

(*ii*) Family independence manager.

(*iii*) Family independence specialist.

(*iv*) Social services specialist.

(*v*) Social work specialist.

(*vi*) Social work specialist manager.

(*vii*) Welfare services specialist.

(2) The written report shall contain the name of the child and a description of the abuse or neglect. If possible, the report shall contain the names and addresses of the child's parents, the child's guardian, the persons with whom the child resides, and the child's age. The report shall contain other information available to the reporting person that might establish the cause of the abuse or neglect, and the manner in which the abuse or neglect occurred.

(3) The department shall inform the reporting person of the required contents of the written report at the time the oral report is made by the reporting person.

(4) The written report required in this section shall be mailed or otherwise transmitted to the county family independence agency of the county in which the child suspected of being abused or neglected is found.

(5) Upon receipt of a written report of suspected child abuse or neglect, the department may provide copies to the prosecuting attorney and the probate court of the counties in which the child suspected of being abused or neglected resides and is found.

(6) If the report or subsequent investigation indicates a violation of sections 136b and 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.136b, 750.145c, and 750.520b to 750.520g, or if the report or subsequent investigation indicates that the suspected abuse was not committed by a person responsible for the child's health or welfare, and the department believes that the report has basis in fact, the department shall transmit a copy of the written report and the results of any investigation to the prosecuting attorney of the counties in which the child resides and is found.

(7) If a local law enforcement agency receives a written report of suspected child abuse or neglect, whether from the reporting person or the department, the report or subsequent investigation indicates that the abuse or neglect was committed by a person responsible for the child's health or welfare, and the local law enforcement agency believes that the report has basis in fact, the local law enforcement agency shall provide a copy of the written report and the results of any investigation to the county family independence agency of the county in which the abused or neglected child is found. Nothing in this subsection or subsection (6) shall be construed to relieve the department of its responsibility to investigate reports of suspected child abuse or neglect under this act.

(8) For purposes of this act, the pregnancy of a child less than 12 years of age or the presence of a venereal disease in a child who is over 1 month of age but less than 12 years of age shall be reasonable cause to suspect child abuse and neglect have occurred.

This act act is ordered to take immediate effect.

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," (MCL 333.1101 to 333.25211) by adding section 21723.

The People of the State of Michigan enact:

333.21723 Individual responsible for receiving complaints and conducting investigations; posting information in nursing home; communication procedure; information posted on internet website; nursing home receiving medicaid reimbursement.

Sec. 21723. (1) A nursing home shall post in an area accessible to residents, employees, and visitors the name, title, location, and telephone number of the individual in the nursing home who is responsible for receiving complaints and conducting complaint investigations and a procedure for communicating with that individual.

(2) An individual responsible for receiving complaints and conducting complaint investigations in a nursing home shall be on duty and on site not less than 24 hours per day, 7 days a week.

(3) The individual described in subsection (2) who receives a complaint, inquiry, or request from a nursing home resident or the resident's surrogate decision maker shall respond using the nursing home's established procedures pursuant to R 325.20113 of the Michigan administrative code.

(4) To assist the individual described in subsection (2) in performing his or her duties, the department of consumer and industry services shall post on its internet website all of the following information:

(a) Links to federal and state regulations and rules governing the nursing home industry.

(b) The scheduling of any training or joint training sessions concerning nursing home or elderly care issues being put on by the department of consumer and industry services.

(c) A list of long-term care contact phone numbers including, but not limited to, the consumer and industry services complaint hotline, the consumer and industry services

nursing home licensing division, any commonly known nursing home provider groups, the state long-term care ombudsman, and any commonly known nursing home patient care advocacy groups.

(d) When it becomes available, information on the availability of electronic mail access to file a complaint concerning nursing home violations directly with the department of consumer and industry services.

(e) Any other information that the department of consumer and industry services believes is helpful in responding to complaints, requests, and inquiries of a nursing home resident or his or her surrogate decision maker.

(5) A nursing home receiving reimbursement pursuant to the medicaid program shall designate 1 or more current employees to fulfill the duties and responsibilities outlined in this section. This section does not constitute a basis for increasing nursing home staffing levels. As used in this subsection, "medicaid" means the program for medical assistance created under title XIX of the social security act, chapter 53, 49 Stat. 620, 42 U.S.C. 1396 to 1396f, 1396g-1 to 1396r-6, and 1396r-8 to 1396v.

AN ACT to amend 1984 PA 44, entitled "An act to provide purity and quality standards for motor fuels; to regulate the transfer, sale, dispensing, or offering motor fuels for sale; to provide for an inspection and testing program; to provide for the powers

and duties of certain state agencies; to provide for the licensing of certain persons engaged in the transfer, sale, dispensing, or offering of motor fuels for sale; to regulate stage I and stage II vapor-recovery systems at certain facilities; to provide for fees; and to provide remedies and prescribe penalties," by amending sections 3, 4a, 5, 6, 9i, 10a, and 10b (MCL 290.643, 290.644a, 290.645, 290.646, 290.649i, 290.650a, and 290.650b), section 3 as amended by 2000 PA 206, section 4a as added by 1986 PA 127, and sections 5 and 6 as amended and sections 9i, 10a, and 10b as added by 1993 PA 236.

The People of the State of Michigan enact:

290.643 Establishment of standards by rules.

Sec. 3. (1) The director shall establish standards pursuant to this act to ensure the purity and quality of gasoline sold or offered for sale in this state.

(2) The director shall establish standards for the amount and type of additives allowed to be included in gasoline.

(3) The director shall establish standards for the grading of gasoline, including, but not limited to, subregular with a minimum 85 AKI, regular with a minimum 87 AKI and a minimum 82 MON, midgrade 88 with a minimum 88 AKI and a minimum 82 MON, midgrade 89 with a minimum 89 AKI and a minimum 83 MON, premium with a minimum 90 AKI, premium 91 with a minimum 91 AKI, premium 92 with a minimum 92 AKI, premium 93 with a minimum 93 AKI, and premium 94 with a minimum 94 AKI.

(4) The director shall establish standards for Reid vapor pressure as specified by the American society for testing and materials, except as otherwise required to conform to federal or state law. The director shall establish the Reid vapor pressure as 9.0 pounds per square inch (psi) for retail outlets during the period beginning June 1 through September 15 of each year, except for dispensing facilities where the director shall establish the Reid vapor pressure as 7.8 psi in the year 1996 and thereafter. As used in this subsection and section 10d, "Reid vapor pressure" means the vapor pressure of gasoline or gasoline oxygenate blend as determined by ASTM test method D323, standard test method for vapor pressure of petroleum products (Reid method) or test method D4953, standard test method for vapor pressure of gasoline and gasoline oxygenate blends (dry method).

(5) In establishing additive and grading standards the director shall adopt the latest standards for gasoline established by the American society for testing and materials and shall adopt the latest standards for gasoline established by federal law or regulation. The standards established by the director shall not prohibit a gasoline blend that is permitted by a valid waiver granted by the United States environmental protection agency pursuant to the fuel or fuel additive waiver in section 211(f)(4) of part A of title II of the clean air act, chapter 360, 81 Stat. 502, 42 U.S.C. 7545, and the ethanol waiver of 1.0 psi in section 211(h)(4) of part A of title II of the clean air act, chapter 360, 81 Stat. 502, 42 U.S.C. 7545, if the gasoline blend meets all of the conditions set forth in the waiver. Beginning June 1, 2003, the director shall not permit the use of the additive methyl tertiary butyl ether (MTBE) in this state. The director, in consultation with the department of environmental quality, shall determine if the additive is likely to cause harmful effects on the environment or public health within the state. By June 1, 2002, the director, in consultation with the director of the department of environmental quality, shall review the status of the use of MTBE in this state. The review shall include the following:

(a) The amount of the additive methyl tertiary butyl ether (MTBE) currently in use in gasoline in this state.

(b) An estimate of the amount of MTBE that is imported in gasoline transported into this state from other states or countries.

(c) Recommendations as to whether the June 1, 2003 prohibition can be achieved and, if not, determine a more feasible date.

(d) Any other information considered appropriate.

(6) Standards established pursuant to this section shall be by rules promulgated pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

290.644a Testing storage tank at retail outlet to determine water or water-alcohol level; prohibited sales; testing supplies; rules.

Sec. 4a. A storage tank at a retail outlet shall be periodically tested by the retail dealer to insure that the tank does not have water or water-alcohol at the bottom of that tank in an amount greater than 2 inches. If there is more than 2 inches of water or water-alcohol at the bottom of the storage tank, gasoline shall not be sold to a consumer from that tank until the water or water-alcohol level is reduced to a level of less than 2 inches. Adequate testing supplies, as determined by the department, shall be maintained at the retail outlet and shall also be made available to the department to determine the water or water-alcohol level in the storage tank. The department may promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to implement this section.

290.645 Prohibitions; contents of bill, invoice, or other instrument evidencing delivery of gasoline; violation; liability; disposition of civil fine.

Sec. 5. (1) Except as provided by federal law or regulation, in the manufacture of gasoline at any refinery in this state, a refiner shall not manufacture gasoline at a refinery in this state unless the gasoline meets the requirements in section 3. Except as provided by federal law or regulation, a blender shall not blend gasoline unless the finished blend meets the requirements in section 3.

(2) Except as provided by federal law or regulation, a distributor shall not sell or transfer to any distributor, retail dealer, or bulk purchaser-end user any gasoline unless that gasoline meets the requirements in section 3.

(3) A carrier or an employee or agent of a carrier, whether operating under contract or tariff, shall not cause gasoline tendered to the carrier for shipment or transfer to another carrier, distributor, or retail dealer to fail to comply, at the time of delivery, with the requirements in section 3.

(4) A person shall not knowingly sell, dispense, or offer for sale gasoline unless that gasoline meets the requirements in section 3.

(5) A refiner or distributor shall not transfer, sell, dispense, or offer gasoline for sale in this state to a distributor unless the refiner or distributor indicates on each bill, invoice, or other instrument evidencing a delivery of gasoline, the name of the wholesale distributor who received delivery of the gasoline.

(6) A distributor or refiner shall not transfer, sell, dispense, or offer gasoline for sale in this state to a retail dealer unless the distributor indicates on each bill, invoice, or other instrument evidencing a delivery of gasoline, the name and license number issued pursuant to this act, of the retail dealer who received delivery of the gasoline.

(7) A bill, invoice, or other instrument evidencing a delivery of gasoline issued by a refiner or distributor for deliveries of gasoline to purchasers who are not required to hold a license issued pursuant to the motor fuel tax act, 2000 PA 403, MCL 207.1001 to 207.1170, or this act shall clearly indicate the name and address and other information necessary to identify the purchaser of the gasoline.

(8) A bill, invoice, or other instrument evidencing a delivery of gasoline required by subsection (5), (6), or (7) shall include a guarantee that the gasoline delivered meets the requirements in section 3 and shall indicate the concentration range of alcohol in the gasoline, except for alcohols or ethers that have a molecular weight greater than ethanol and are not mixed with methanol or ethanol, or both, and shall indicate the possible presence, without regard to concentration range, of any alcohols or ethers that have a molecular weight greater than ethanol and are not mixed with methanol or ethanol, or both.

(9) A refiner, distributor, bulk purchaser-end user, or retail dealer shall not transfer, sell, dispense, or offer gasoline for sale unless that gasoline is visibly free of undissolved water, sediments, and other suspended matter and is clear and bright at an ambient temperature or 70 degrees Fahrenheit, whichever is greater.

(10) A person who violates this section or rules promulgated under this section is liable for a civil fine not to exceed $10,000.00 for each day of the continuance of the violation. A civil fine ordered pursuant to this section shall be submitted to the state treasurer for deposit in the gasoline inspection and testing fund created by section 8.

290.646 License required; coordination of licensing; expiration and renewal of license; license fee; disposition of fees; application for license; grounds for suspending, denying, or revoking license; applicability of section; conviction under weights and measures act; effect of suspension, revocation, or denial of license on other licenses; registering blended products.

Sec. 6. (1) Before a distributor or retail dealer engages in transferring, selling, dispensing, or the offering for sale gasoline in this state, the distributor or retail dealer shall obtain a license from the department for each retail outlet operated by that person. In administering the licensing under this section, the department may attempt to coordinate such licensing with the licensing applicable to gasoline administered by the department of treasury pursuant to the motor fuel tax act, 2000 PA 403, MCL 207.1001 to 207.1170, and the general sales tax act, 1933 PA 167, MCL 205.51 to 205.78.

(2) A license expires annually on November 30 unless renewed before December 1 of each year or unless suspended, denied, or revoked by the department.

(3) The fee for a license is $15.00 for each year or portion of a year through July 31, 2002, $50.00 for each year or portion of a year through July 31, 2003, $75.00 for each year or portion of a year through July 31, 2004, and $100.00 beginning August 1, 2004 and each year or portion of a year thereafter. A license shall not be issued or renewed until the fee and any administrative fines issued under section 10a have been paid. A hearing is not required before the refusal to issue or renew a license under this subsection. Fees collected shall be deposited in the gasoline inspection and testing fund. The department shall conduct a review of the fee structure provided by this subsection and the status of the gasoline inspection and testing fund in the 2003 calendar year and report its recommendations for any change or adjustment in the fee schedule to the house and senate transportation committees not later than January 1, 2004.

(4) An application for a license shall be made to the department upon a form furnished by the department. The completed form shall contain the information requested by the department and shall be accompanied by the fee specified in subsection (3).

(5) The director may suspend, deny, or revoke a license issued pursuant to this act for failure to comply with the requirements provided for in section 3, for failure to provide notice as provided in section 4, for violating section 31 of the weights and measures act of 1964, 1964 PA 283, MCL 290.631, if that violation occurs at any of the licensee's retail

outlets and involves the transferring, selling, dispensing, or the offering for sale of gasoline in this state, or for otherwise failing to comply with this act or a rule promulgated under this act or an order issued under this act.

(6) This section does not apply until June 29, 1985.

(7) If a person licensed under this act is convicted of a willful violation under section 31 of the weights and measures act of 1964, 1964 PA 283, MCL 290.631, any license issued pursuant to this act shall be revoked for 2 years.

(8) A suspension, revocation, or denial of a license of a person who is an individual shall result in the suspension, revocation, or denial of any other license held or applied for by that individual under this act. The license of a corporation, partnership, or other association shall be suspended when a license or license application of a partner, trustee, director, or officer, member, or a person exercising control of the corporation, partnership, or other association is suspended, revoked, or denied. The suspension shall remain in force until the director determines that the disability created by the suspension, revocation, or denial has been removed.

(9) Before a blender engages in the transferring, selling, dispensing, or offering for sale blended gasoline in this state, the blender shall register the finished product with the department and provide to the department test results as the department considers necessary. If the product does not comply with the requirements of section 3, the blender shall provide the department with a written list of the business names and addresses to whom the blended product is sold.

290.649i Dispensing permit; requirements; fees.

Sec. 9i. (1) A dispensing facility constructed after November 15, 1990, shall obtain a dispensing permit. The fee for a dispensing permit is $25.00 for each year or portion of a year.

(2) Before a dispensing permit is issued, a dispensing facility shall install an approved stage I and, if required, stage II vapor-recovery system and, in addition to the fee for the dispensing permit, shall pay a registration fee for each dispensing unit located at the dispensing facility. A permit shall not be issued or renewed until all fees and administrative fines issued under section 10a are paid. A hearing shall not be required before the refusal to issue or renew a permit under this subsection.

(3) A dispensing permit expires annually on November 30 unless renewed before December 1 of each year or unless suspended, denied, or revoked by the department. Application for a dispensing permit shall be made on a form furnished by the department. The completed form shall contain the information requested by the department and shall be accompanied by the fees specified.

(4) The director may suspend, deny, or revoke a dispensing permit issued pursuant to this act for failure to pay the fee required by subsection (1) or (2), or for failure to comply with the requirements of sections 9a to 10c.

(5) A fee shall be charged to the operator of stage I and stage II vapor-recovery or gasoline-dispensing equipment for its inspection if any of the following occur:

(a) The inspection is a reinspection of equipment that has already been tested and found to contain a substantial defect as defined under section 9c.

(b) The inspection is performed at the request of the operator.

(6) The department shall establish the fees and expenses for special services, including the fee for an operator requested inspection or reinspection, for registrations, for training courses, and for accreditation of a trainer, to provide that each fee is sufficient to cover

the cost of an operator requested inspection, reinspection, registration, training, or trainer accreditation, respectively, and that the aggregate of all fees collected is sufficient to pay for all salaries and other expenses connected with the activity. The department shall review and adjust the fees at the end of each year and have all fees approved by the director before they are adopted. Fees collected under this section shall be deposited in the gasoline inspection and testing fund and reserved for conducting the vapor-recovery program.

290.650a Violation; administrative fine; hearing; judicial review; action brought by attorney general; payment and disposition of fine, costs, and economic benefit.

Sec. 10a. (1) A person who individually, or by the action of his or her agent or employee, or as the agent or employee of another violates this act or a rule promulgated under this act is subject to an administrative fine. Upon the request of a person to whom an administrative fine is issued, the director shall conduct a hearing conducted pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. A fine authorized by this section shall be as follows:

(a) For a first violation, not less than $100.00 or more than $500.00, plus actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(b) For a second violation within 5 years after the first violation, not less than $500.00 or more than $1,000.00, plus actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(c) For a third violation within 5 years after the date of the first violation, not less than $1,000.00 or more than $2,000.00, plus actual costs of the investigation and double the amount of any economic benefit associated with the violation.

(2) A decision of the director under this section is subject to judicial review as provided by law.

(3) The director shall advise the attorney general of the failure of any person to pay an administrative fine imposed under this section. The attorney general shall bring an action in court of competent jurisdiction to recover the fine.

(4) Any administrative fine, costs, and the recovery of any economic benefit associated with a violation collected under this section shall be paid to the state treasury and deposited into the gasoline inspection and testing fund.

290.650b Conduct as misdemeanor or felony; assessment of costs.

Sec. 10b. (1) A person who individually, or by the action of his or her agent or employee, or as the agent or employee of another, performs any of the following is guilty of a misdemeanor punishable by imprisonment for not more than 90 days, or a fine of not less than $1,000.00 or more than $2,000.00, or both:

(a) Renders less effective or inoperable any part of a stage I or stage II vapor-recovery system.

(b) Makes a false statement, representation, or certification on an application, report, plan, label, or other document that is required to be maintained under this act or rules promulgated under this act.

(c) Fails to disclose to the department any knowledge or information relating to or observation of any modification of a stage I or stage II vapor-recovery system which

makes the system less effective or inoperable, or falsification of records required to be maintained under this act or rules promulgated under this act.

(d) Removes a tag, seal, or mark placed on a dispensing device by the director.

(e) Violates this act or a rule promulgated under this act for which a specific penalty is not prescribed.

(2) A person who individually, or by the action of his or her agent or employee, or as the agent or employee of another, performs any of the following acts is guilty of a misdemeanor punishable by imprisonment for not more than 90 days, or a fine of not less than $2,000.00 or more than $10,000.00, or both:

(a) Violates a prohibited act listed in this section within 24 months after another violation of this section that results in a conviction.

(b) Impersonates in any way the director or any department inspector.

(3) A person who individually, or by the action of his or her agent or employee, or as the agent or employee of another, performs any of the following acts is guilty of a felony punishable by imprisonment for not more than 2 years, or a fine of not less than $10,000.00 or more than $15,000.00, or both:

(a) Intentionally commits a prohibited act under this section.

(b) Violates a prohibited act listed in this section within 24 months after 2 previous violations of this section that result in convictions.

(4) If a violation of this section results in a conviction, the court shall assess against the defendant the costs of the department's investigation, and these costs shall be paid to the state treasury and deposited in the gasoline inspection and testing fund to be used for the enforcement of this act.

Effective date.

Enacting section 1. Except as otherwise provided in this amendatory act, this amendatory act takes effect January 1, 2002.

This act is ordered to take immediate effect.

AN ACT to amend 1975 PA 238, entitled "An act to require the reporting of child abuse and neglect by certain persons; to permit the reporting of child abuse and neglect by all persons; to provide for the protection of children who are abused or neglected; to authorize limited detainment in protective custody; to authorize medical examinations; to prescribe the powers and duties of the state department of social services to prevent child abuse and neglect; to prescribe certain powers and duties of local law enforcement agencies; to safeguard and enhance the welfare of children and preserve family life; to provide for the appointment of legal counsel; to provide for the abrogation of privileged communications; to provide civil and criminal immunity for certain persons; to provide rules of evidence in certain cases; to provide for confidentiality of records; to provide for

the expungement of certain records; to prescribe penalties; and to repeal certain acts and parts of acts," by amending section 13 (MCL 722.633), as amended by 1996 PA 309.

The People of the State of Michigan enact:

722.633 Failure to report suspected child abuse or neglect; damages; violation as misdemeanor; unauthorized dissemination of information as misdemeanor; civil liability; maintaining report or record required to be expunged as misdemeanor; false report of child abuse or neglect.

Sec. 13. (1) A person who is required by this act to report an instance of suspected child abuse or neglect and who fails to do so is civilly liable for the damages proximately caused by the failure.

(2) A person who is required by this act to report an instance of suspected child abuse or neglect and who knowingly fails to do so is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

(3) Except as provided in section 7, a person who disseminates, or who permits or encourages the dissemination of, information contained in the central registry and in reports and records made as provided in this act is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $100.00, or both, and is civilly liable for the damages proximately caused by the dissemination.

(4) A person who willfully maintains a report or record required to be expunged under section 7 is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $100.00, or both.

(5) A person who intentionally makes a false report of child abuse or neglect under this act knowing that the report is false is guilty of a crime as follows:

(a) If the child abuse or neglect reported would not constitute a crime or would constitute a misdemeanor if the report were true, the person is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $100.00, or both.

(b) If the child abuse or neglect reported would constitute a felony if the report were true, the person is guilty of a felony punishable by the lesser of the following:

(*i*) The penalty for the child abuse or neglect falsely reported.

(*ii*) Imprisonment for not more than 4 years or a fine of not more than $2,000.00, or both.

This act is ordered to take immediate effect.

AN ACT to amend 1962 PA 174, entitled "An act to enact the uniform commercial code, relating to certain commercial transactions in or regarding personal property and contracts and other documents concerning them, including sales, commercial paper, bank

deposits and collections, letters of credit, bulk transfers, warehouse receipts, bills of lading, other documents of title, investment securities, leases, and secured transactions, including certain sales of accounts, chattel paper and contract rights; to provide for public notice to third parties in certain circumstances; to regulate procedure, evidence and damages in certain court actions involving such transactions, contracts or documents; to make uniform the law with respect thereto; to make an appropriation; to provide penalties; and to repeal certain acts and parts of acts," by amending section 2201 (MCL 440.2201).

The People of the State of Michigan enact:

440.2201 Formal requirements; statute of frauds.

Sec. 2201. (1) Except as otherwise provided in this section, a contract for the sale of goods for the price of $1,000.00 or more is not enforceable by way of action or defense unless there is a writing sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by his or her authorized agent or broker. A writing is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this subsection beyond the quantity of goods shown in the writing.

(2) Between merchants, if within a reasonable time a writing in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subsection (1) against the party unless written notice of objection to its contents is given within 10 days after it is received.

(3) A contract that does not satisfy the requirements of subsection (1) but is valid in other respects is enforceable in any of the following circumstances:

(a) If the goods are to be specially manufactured for the buyer and are not suitable for sale to others in the ordinary course of the seller's business and the seller, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement.

(b) If the party against whom enforcement is sought admits in his or her pleading or testimony or otherwise in court that a contract for sale was made, but the contract is not enforceable under this section beyond the quantity of goods admitted.

(c) With respect to goods for which payment has been made and accepted or that have been received and accepted under section 2606.

This act is ordered to take immediate effect.

(HB 4009)

AN ACT to amend 1855 PA 105, entitled "An act to regulate the disposition of the surplus funds in the state treasury; to provide for the deposit of surplus funds in certain financial institutions; to lend surplus funds pursuant to loan agreements secured by

certain commercial, agricultural, or industrial real and personal property; to authorize the loan of surplus funds to certain municipalities; to authorize the participation in certain loan programs; to authorize an appropriation; and to prescribe the duties of certain state agencies," by amending section 2a (MCL 21.142a), as amended by 1987 PA 27.

The People of the State of Michigan enact:

21.142a Investment of surplus funds; conditions and restrictions; valid public purpose; approval of documentation; agricultural loans; disposition of earnings; reducing general fund by amount of interest deficiency or loss of principal; duration of certain investments; compliance; separate reports; definitions; value of qualified agricultural loans; deduction of grant; use of existing deposits for loans to farmers; appropriation; reduction of maximum amount of investments; effect of money not invested for qualified agricultural loans; action to ensure successful operation of section; disposition of affidavit; use of federal grant.

Sec. 2a. (1) The state treasurer may invest surplus funds under the state treasurer's control in certificates of deposit or in a financial institution which qualifies with proof of financial viability acceptable to the state treasurer under this act to receive deposits or investments of surplus funds. In addition to terms that may be prescribed in the investment agreement by the state treasurer, an investment under this section shall be subject to all of the following conditions and restrictions:

(a) The interest accruing on the investment shall not be more than the interest earned by the financial institution on qualified agricultural loans made after the date of the investment.

(b) The financial institution shall provide good and ample security as the state treasurer requires and shall identify the qualified agricultural loans and the terms and conditions of those loans that are made after the date of the investment which are attributable to that investment together with other information required by this act.

(c) As established in the investment agreement by the state treasurer, a qualified agricultural loan shall be made at a rate or rates of interest, if any.

(d) To the extent the financial institution has not made qualified agricultural loans as defined by subsection (9)(a) in an amount at least equal to the amount of the investment within 90 days after the investment, the rate of interest payable on that portion of the outstanding investment shall be increased to a rate of interest provided in the investment agreement, with the increase in the rate of interest applied retroactively to the date on which the state treasurer invested the surplus funds.

(e) For a qualified agricultural loan as defined by subsection (9)(a), the investment agreement shall provide that the financial institution does not have to repay any principal within the first 24 months after which the investment is made unless the investment is no longer being used to make a qualified agricultural loan as defined by subsection (9)(a), or to the extent the qualified agricultural loan has been repaid.

(f) For a qualified agricultural loan as defined by subsection (9)(a), the investment agreement may include incentives for the early repayment of the investment and for the acceleration of payments in the event of a state cash shortfall as prescribed by the investment agreement.

(2) An investment made under this section is found and declared to be a valid public purpose.

(3) The attorney general shall approve documentation for an investment pursuant to this section as to legal form.

(4) The state treasurer shall deposit before May 1, 2002 up to $30,000,000.00 of surplus funds with the financial institutions participating in making qualified agricultural loans under this section for the purpose of making those qualified agricultural loans. Not more than $10,000,000.00 of this deposit shall be allocated to qualified agricultural loans made to businesses under subsection (9)(a)(*iii*).

(5) Earnings from an investment made pursuant to this section which are in excess of the average rate of interest earned during the same period on other surplus funds, other than surplus funds invested pursuant to section 1 or 2, shall be credited to the general fund of the state. If interest from an investment made pursuant to this section is below the average rate of interest earned during the same period on other surplus funds, other than surplus funds invested pursuant to section 1 or 2, the general fund shall be reduced by the amount of the deficiency on an amortized basis over the remaining term of the investment. A loss of principal from an investment made pursuant to this section shall reduce the earnings of the general fund by the amount of that loss on an amortized basis over the remaining term of the investment.

(6) A new investment to which a qualified agricultural loan as defined by subsection (9)(a)(*ii*) is attributed shall not be made pursuant to this section after October 1, 2002, and shall not be made with a term which extends beyond October 1, 2007. An investment to which a qualified agricultural loan as defined by subsection (9)(a)(*iii*) is attributed shall not be made pursuant to this section after October 1, 2002, and shall not be made with a term extending beyond October 1, 2007. The terms of the qualified agricultural loan as defined by subsection (9)(a) shall provide that zero-interest loans under this section be for a term not more than 5 years and that the first payment made by the recipient occur not later than 24 months after the date of the loan. An investment to which a qualified agricultural loan as defined by subsection (9)(a)(*i*) is attributed shall not be made with a term extending beyond October 1, 2007.

(7) Annually, each financial institution in which the state treasurer has made an investment under this section shall file an affidavit, signed by a senior executive officer of the financial institution, stating that the financial institution is in compliance with the terms of the investment agreement and this act.

(8) Before October 1, 2003, the state treasurer shall prepare separate reports to the legislature and the house and senate agriculture appropriations subcommittees regarding the disposition of money invested for purposes of qualified agricultural loans as defined by subsection (9)(a)(*i*) and for qualified agricultural loans as defined by subsection (9)(a)(*ii*) and (*iii*). The reports for each type of loan shall include all of the following information:

(a) The total number of farmers and the total number of agricultural businesses who have received such a loan.

(b) By county, the total number and amounts of the loans.

(c) The name of each financial institution participating in the loan program and the amount invested in each financial institution for purposes of such loan program.

(d) Any action undertaken by the state treasurer under subsection (15).

(9) As used in this section:

(a) "Qualified agricultural loan" means 1 or more of the following types of loans, as applicable:

(*i*) Until October 1, 2002, a loan to a natural or corporate person who is engaged as an owner-operator of a farm in the production of agricultural goods as defined by section 35(1)(h) of the single business tax act, 1975 PA 228, MCL 208.35, who is experiencing

financial stress and difficulty in meeting existing or projected debt obligations owed to financial institutions due to an agricultural disaster as requested by the governor at rates commensurate with rates charged by financial institutions for loans of comparable type and terms at the time the loan is to be made, and who certifies to the financial institution that the owner-operator will not have more than $150,000.00 in outstanding loans otherwise considered qualified agricultural loans under this subparagraph, including the loan for which the owner-operator is applying. If crop insurance was available for a particular crop and the producer did not purchase the crop insurance for that crop, the amount of the loan shall be reduced by 30% or $50,000.00, whichever is less. A qualified agricultural loan under this subparagraph may be made for either or both of the following purposes:

(A) Operating capital including, but not limited to, capital necessary for the rental, lease, and repair of equipment or machinery, crop insurance premiums, and the purchase of seed, feed, livestock, breeding stock, fertilizer, fuel, and chemicals.

(B) Refinancing all or a portion of a loan entered into before October 1, 2002 for a purpose identified in sub-subparagraph (A).

(*ii*) A loan to an individual, sole proprietorship, partnership, corporation, or other legal entity that is engaged and intends to remain engaged as an owner-operator of a farm in the production of agricultural goods as defined by section 35(1)(h) of the single business tax act, 1975 PA 228, MCL 208.35, who has suffered a 25% or more loss in major enterprises or a 50% or more production loss in any 1 crop due to an agricultural disaster on a farm located in this state, as requested by the governor and as certified by the producer by means of an affidavit demonstrating an accurate and valid production loss.

(*iii*) A loan to an individual, sole proprietorship, partnership, corporation, or other legal entity that is engaged in an agricultural business of buying, exchanging, or selling farm produce, or is engaged in the business of making retail sales directly to farmers and has 75% or more of its gross retail sales volume exempted from sales tax under the Michigan agricultural sales tax exemption, as provided in section 4a(1)(e) of the general sales tax act, 1933 PA 167, MCL 205.54a. Businesses engaged in the buying, exchanging, or selling of farm produce must have suffered a 50% or greater loss in volume of 1 commodity as compared with the average volume of that commodity which the business handled over the last 3 years to qualify for loans under this subparagraph. Businesses engaged in making retail sales directly to farmers must have suffered a 50% or greater reduction in gross retail sales volume subject to the Michigan agricultural sales tax exemption as compared with that business's average retail sales volume subject to that exemption over the last 3 years to qualify for loans under this subparagraph. All losses claimed by businesses attempting to qualify for loans under this subparagraph must be directly attributable to a natural disaster occurring after January 1, 2001, as requested by the governor and as certified by the agricultural business by means of an affidavit demonstrating an accurate and valid loss.

(b) "Surplus funds" means, at any given date, the excess of cash and other recognized assets that are expected to be resolved into cash or its equivalent in the natural course of events and with a reasonable certainty, over the liabilities and necessary reserves at the same date.

(c) "Financial institution" includes, but is not limited to, entities of the farm credit system or a state or federally chartered savings bank. For purposes of this section, entities of the farm credit system or a state or federally chartered savings bank may be qualified as a financial institution eligible to receive an investment under this section notwithstanding that its principal office is not located in this state if the proceeds of the investment will be committed to qualified agricultural loans in this state.

(d) "Corporate person" or "corporation" means, except in relation to a qualified agricultural loan under subdivision (a)(*iii*), a corporation in which a majority of the corporate stock is owned by persons operating the farm applying for a loan.

(e) "Facility" means a plant designed for receiving or storing farm produce or a retail sales establishment of a business engaged in making retail sales directly to farmers, which establishment has 75% or more of its gross retail sales volume exempted from sales tax under the Michigan agricultural sales tax exemption, as provided in section 4a(1)(e) of the general sales tax act, 1933 PA 167, MCL 205.54a.

(10) A qualified agricultural loan as defined by subsection (9)(a)(*ii*) shall be equal to not more than the value of the crop loss as certified by the producer by means of an affidavit demonstrating an accurate and valid production loss. The qualified agricultural loan shall not exceed the lesser of $200,000.00 or the value of the crop loss minus the amount of any grant under federal disaster assistance or insurance proceeds received by the owner-operator as a result of the same crop loss. If crop insurance was available for a particular crop and the producer did not purchase the crop insurance for that crop, the amount of the loan shall be reduced by 30% or $50,000.00, whichever is less.

(11) A qualified agricultural loan as defined by subsection (9)(a)(*iii*) shall not exceed the lesser of the following:

(a) $300,000.00 per facility.

(b) An amount not to exceed the value of the direct loss of the individual, sole proprietorship, partnership, corporation, or other legal entity making application for the loan, as determined by the department of treasury under subsection (9)(a)(*iii*).

(c) $400,000.00 per individual, sole proprietorship, partnership, corporation, or other legal entity making application for the loan.

(12) The financial institutions participating in the loan program pursuant to subsection (9)(a) shall have the option of making state subsidized loans to farmers or to businesses described in subsection (9)(a)(*iii*) before October 1, 2002, with terms approved by the state treasurer by using their existing deposits for the loans and receiving from the state treasurer an interest rate subsidy equal to 120% of the state treasurer's common cash earnings rate. The state's reimbursement to financial institutions participating in the loan program pursuant to subsection (9)(a) shall not be made before October 1, 2002.

(13) There is hereby appropriated an amount sufficient to make the distributions required under subsections (4) and (12) in the 2001-02 fiscal year for not to exceed $210,000,000.00 in qualified agricultural loans. For each qualified agricultural loan for which a distribution is made pursuant to subsection (12), the maximum amount of investments authorized by subsection (4) shall be reduced by an amount equal to 100% or more of the qualified agricultural loan, as determined by the department of treasury, for which a distribution is made pursuant to subsection (12).

(14) Any money for purposes of qualified agricultural loans as defined by subsection (9)(a)(*ii*) that has not been invested by the state treasurer by October 1, 2002, shall increase the maximum amount available under this section for qualified agricultural loans as defined by subsection (9)(a)(*i*).

(15) The state treasurer may take any necessary action to ensure the successful operation of this section, including making investments with financial institutions to cover the administrative and risk-related costs associated with a qualified agricultural loan.

(16) Upon request by the department of treasury, a financial institution shall forward a copy of any affidavits executed and filed under this section to the department of treasury. The financial institution and the department of treasury shall destroy the affidavit or its copy after the qualified agricultural loan is paid off.

(17) If the recipient of a qualified agricultural loan as defined by subsection (9)(a) receives a federal grant after the receipt of a qualified agricultural loan under this section, then any federal grant money remaining after all federal obligations are met shall be allocated by the recipient to payment of the balance of any outstanding loan made under this section.

This act is ordered to take immediate effect.

AN ACT to amend 1981 PA 155, entitled "An act to provide for ownership rights in dies, molds, and forms for use in the fabrication of plastic parts under certain conditions and to establish a lien on certain dies, molds, and forms," by amending sections 1 and 8a (MCL 445.611 and 445.618a), section 8a as added by 1986 PA 103, and by adding sections 9, 10, 10a, 10b, and 10c.

The People of the State of Michigan enact:

445.611 Definitions.

Sec. 1. For purposes of this act:

(a) "Customer" means a person who causes a moldbuilder to fabricate, cast, or otherwise make a die, mold, or form for use in the manufacture, assembly, or fabrication of plastic parts, or a person who causes a molder to use a die, mold, or form to manufacture, assemble, or fabricate a plastic product.

(b) "Moldbuilder" means a person who fabricates, casts, or otherwise makes, repairs, or modifies a die, mold, or form for use in the manufacture, assembly, or fabrication of plastic parts.

(c) "Molder" means a person who uses a die, mold, or form to manufacture, assemble, or fabricate plastic parts.

(d) "Person" means an individual, firm, partnership, association, corporation, limited liability company, or other legal entity.

445.618a Enforcement of lien; notice.

Sec. 8a. Before enforcing a lien granted to a molder under section 8, notice in writing shall be given to the customer, whether delivered personally or sent by registered mail to the last known address of the customer. The notice shall state that a lien is claimed for the amount due for plastic fabrication work or for making or improving the die, mold, or form. The notice shall include a demand for payment.

445.619 Moldbuilder; lien; requirements.

Sec. 9. (1) A moldbuilder shall permanently record on every die, mold, or form that the moldbuilder fabricates, repairs, or modifies the moldbuilder's name, street address, city, and state.

(2) A moldbuilder shall file a financing statement in accordance with the requirements of section 9502 of the uniform commercial code, 1962 PA 174, MCL 440.9502.

(3) A moldbuilder has a lien on any die, mold, or form identified pursuant to subsection (1). The amount of the lien is the amount that a customer or molder owes the moldbuilder for the fabrication, repair, or modification of the die, mold, or form. The information that the moldbuilder is required to record on the die, mold, or form under subsection (1) and the financing statement required under subsection (2) shall constitute actual and constructive notice of the moldbuilder's lien on the die, mold, or form.

(4) The moldbuilder's lien attaches when actual or constructive notice is received. The moldbuilder retains the lien that attaches under this section even if the moldbuilder is not in physical possession of the die, mold, or form for which the lien is claimed.

(5) The lien remains valid until the first of the following events takes place:

(a) The moldbuilder is paid the amount owed by the customer or molder.

(b) The customer receives a verified statement from the molder that the molder has paid the amount for which the lien is claimed.

(c) The financing statement is terminated.

(6) The priority of a lien created under this act on the same die, mold, or form shall be determined by the time the lien attaches. The first lien to attach shall have priority over liens that attach subsequent to the first lien.

445.620 Moldbuilder; lien; enforcement; notice.

Sec. 10. To enforce a lien that attaches under section 9, the moldbuilder shall give notice in writing to the customer and the molder. The notice shall be given by hand delivery or certified mail, return receipt requested, to the last known address of the customer and to the last known address of the molder. The notice shall state that a lien is claimed, the amount that the moldbuilder claims it is owed for fabrication, repair, or modification of the die, mold, or form, and a demand for payment.

445.620a Moldbuilder; right to possession of die, mold, or form.

Sec. 10a. Subject to section 10b, if the moldbuilder has not been paid the amount claimed in the notice required under section 10 within 90 days after the notice required under section 10 has been received by the customer and the molder, the moldbuilder has a right to possession of the die, mold, or form and may enforce the right to possession of the die, mold, or form by judgment, foreclosure, or any available judicial procedure. The moldbuilder may do 1 or more of the following:

(a) Take possession of the mold, die, or form. The moldbuilder may take possession without judicial process if this can be done without breach of the peace.

(b) Sell the die, mold, or form in a public auction.

445.620b Sale of die, mold, or form; notice of intent.

Sec. 10b. (1) Before a moldbuilder may sell a die, mold, or form for which a lien is claimed and for which the required notice has been sent under section 10, the moldbuilder shall notify the customer, the molder, and all other persons that have a perfected security interest in the die, mold, or form under part 5 of article 9 of the uniform commercial code, 1962 PA 174, MCL 440.9501 to 440.9527, by certified mail, return receipt requested, of all of the following:

(a) The moldbuilder's intention to sell the die, mold, or form 60 days after the receipt of the notice.

(b) A description of the die, mold, or form to be sold.

(c) The last known location of the die, mold, or form.

(d) The time and place of the sale.

(e) An itemized statement of the amount due.

(f) A statement that the die, mold, or form was accepted and the acceptance was not subsequently rejected.

(2) If there is no return of the receipt of the mailing or if the postal service returns the notice as being nondeliverable, the moldbuilder shall publish notice of the moldbuilder's intention to sell the die, mold, or form in a newspaper of general circulation in the place where the die, mold, or form is last known to be located, in the place of the customer's last known address, and in the place of the molder's last known address. The published notice shall include a description of the die, mold, or form and the name of the customer and the molder.

(3) If a customer or molder against whom the lien is asserted disagrees that the die, mold, or form was accepted or that the acceptance was not subsequently rejected, the customer or molder shall notify the moldbuilder in writing by certified mail, return receipt requested, that the die, mold, or form was not accepted or that the acceptance was subsequently rejected. A moldbuilder who receives this notice shall not sell the die, mold, or form until the dispute is resolved.

445.620c Sale; proceeds; prohibition.

Sec. 10c. (1) If the proceeds of the sale are greater than the amount of the lien, the proceeds shall first be paid to the moldbuilder in the amount necessary to satisfy the lien. All proceeds in excess of the lien shall be paid to the customer.

(2) A sale shall not be made or possession shall not be obtained under section 10a if it would be in violation of any right of a customer or molder under federal patent, bankruptcy, or copyright law.

This act is ordered to take immediate effect.

AN ACT to amend 1937 PA 103, entitled "An act to prescribe certain conditions relative to the execution of instruments entitled to be recorded in the office of the register of deeds," by amending section 1 (MCL 565.201), as amended by 1996 PA 459.

The People of the State of Michigan enact:

565.201 Requirements for recording with register of deeds.

Sec. 1. (1) An instrument executed after October 29, 1937 by which the title to or any interest in real estate is conveyed, assigned, encumbered, or otherwise disposed of shall not be received for record by the register of deeds of any county of this state unless that instrument complies with each of the following requirements:

(a) The name of each person purporting to execute the instrument is legibly printed, typewritten, or stamped beneath the original signature or mark of the person.

(b) A discrepancy does not exist between the name of each person as printed, typewritten, or stamped beneath their signature and the name as recited in the acknowledgment or jurat on the instrument.

(c) The name of any notary public whose signature appears upon the instrument is legibly printed, typewritten, or stamped upon the instrument immediately beneath the signature of that notary public.

(d) The address of each of the grantees in each deed of conveyance or assignment of real estate, including the street number address if located within territory where street number addresses are in common use, or, if not, the post office address, is legibly printed, typewritten, or stamped on the instrument.

(e) If the instrument is executed before April 1, 1997, each sheet of the instrument is all of the following:

(*i*) Typewritten or printed in type not smaller than 8-point size.

(*ii*) Not more than 8-1/2 by 14 inches.

(*iii*) Legible.

(*iv*) On paper of not less than 13 (17x22—500) pound weight.

(f) If the instrument is executed after April 1, 1997, each sheet of the instrument complies with all of the following requirements:

(*i*) Has a margin of unprinted space that is at least 2-1/2 inches at the top of the first page and at least 1/2 inch on all remaining sides of each page.

(*ii*) Subject to subsection (3), displays on the first line of print on the first page of the instrument a single statement identifying the recordable event that the instrument evidences.

(*iii*) Is electronically, mechanically, or hand printed in 10-point type or the equivalent of 10-point type.

(*iv*) Is legibly printed in black ink on white paper that is not less than 20-pound weight.

(*v*) Is not less than 8-1/2 inches wide and 11 inches long or more than 8-1/2 inches wide and 14 inches long.

(*vi*) Contains no attachment that is less than 8-1/2 inches wide and 11 inches long or more than 8-1/2 inches wide and 14 inches long.

(2) Subsection (1)(e) and (f) do not apply to instruments executed outside this state or to the filing or recording of a plat or other instrument, the size of which is regulated by law.

(3) A register of deeds shall not record an instrument executed after April 1, 1997 if the instrument purports to evidence more than 1 recordable event.

(4) Any instrument received and recorded by a register of deeds shall be conclusively presumed to comply with this act. The requirements contained in this act are cumulative to the requirements imposed by any other act relating to the recording of instruments.

(5) An instrument that complies with the provisions of this act and any other act relating to the recording of instruments shall not be rejected for recording because of the content of the instrument.

This act is ordered to take immediate effect.
Approved March 4, 2002.
Filed with Secretary of State March 4, 2002.

AN ACT to amend 1967 PA 288, entitled "An act to regulate the division of land; to promote the public health, safety, and general welfare; to further the orderly layout and use of land; to require that the land be suitable for building sites and public improvements and that there be adequate drainage of the land; to provide for proper ingress and egress to lots and parcels; to promote proper surveying and monumenting of land subdivided and

conveyed by accurate legal descriptions; to provide for the approvals to be obtained prior to the recording and filing of plats and other land divisions; to provide for the establishment of special assessment districts and for the imposition of special assessments to defray the cost of the operation and maintenance of retention basins for land within a final plat; to establish the procedure for vacating, correcting, and revising plats; to control residential building development within floodplain areas; to provide for reserving easements for utilities in vacated streets and alleys; to provide for the filing of amended plats; to provide for the making of assessors plats; to provide penalties for the violation of the provisions of this act; to repeal certain parts of this act on specific dates; and to repeal acts and parts of acts," by amending section 144 (MCL 560.144).

The People of the State of Michigan enact:

560.144 Proprietor's certificate.

Sec. 144. (1) The proprietor's certificate on the plat shall include the following:

(a) The caption of the plat.

(b) A statement that the proprietor has caused the land described on the plat to be surveyed, divided, monumented, mapped, and dedicated as shown on the plat.

(c) A statement that the streets, alleys, parks, and other places shown on it that are usually public are dedicated to the use of the public.

(d) A statement that all public utility easements are private easements and that all other easements are reserved to the uses shown on the plat.

(e) The name of each street, park, or other place that is usually public and that is intended to be reserved to other than public use, and the character and purpose of that use.

(f) A statement that the plat includes all land to the water's edge.

(2) The proprietor's certificate shall be signed by the following, and each signature shall be acknowledged as deeds conveying lands are required to be acknowledged:

(a) All persons holding the title by deed of the lands.

(b) All persons holding any other title of record.

(c) All persons holding title as mortgagee or vendee under land contract or who are in possession but are not renters.

(d) The spouses of persons named in subdivisions (a), (b), and (c).

AN ACT to amend 1953 PA 181, entitled "An act relative to investigations in certain instances of the causes of death within this state due to violence, negligence or other act or omission of a criminal nature or to protect public health; to provide for the taking of statements from injured persons under certain circumstances; to abolish the office of

coroner and to create the office of county medical examiner in certain counties; to prescribe the powers and duties of county medical examiners; to prescribe penalties for violations of the provisions of this act; and to prescribe a referendum thereon," by amending section 1 (MCL 52.201); and to repeal acts and parts of acts.

The People of the State of Michigan enact:

52.201 Coroner; abolition of office; county medical examiner; appointment; terms; vacancies; civil service; qualifications; agreement among counties.

Sec. 1. (1) The board of commissioners of each county of this state shall by resolution abolish the office of coroner and appoint a county medical examiner to hold office for a period of 4 years. If the office of county medical examiner becomes vacant before the expiration of the term of office, the board of commissioners may appoint a successor to complete the term of office. In counties with a civil service system, the appointment and tenure of the medical examiner shall be made in accordance with the provisions of that civil service system.

(2) County medical examiners shall be physicians licensed to practice within this state.

(3) Two or more counties, by resolution of the respective boards of commissioners, may enter into an agreement to employ the same person to act as medical examiner for all of the counties.

Repeal of § 52.201b.

Enacting section 1. Section 1b of 1953 PA 181, MCL 52.201b, is repealed.

This act is ordered to take immediate effect.

AN ACT to amend 1846 RS 65, entitled "Of alienation by deed, and the proof and recording of conveyances, and the canceling of mortgages," by amending sections 8 and 47 (MCL 565.8 and 565.47), section 8 as amended by 1980 PA 488.

The People of the State of Michigan enact:

565.8 Deeds; execution; witnesses; acknowledgment; endorsement; validity and legality of certain acknowledgments and recordations of deeds; recorded deed lacking 1 or more witnesses.

Sec. 8. Deeds executed within this state of lands, or any interest in lands, shall be acknowledged before any judge, clerk of a court of record, or notary public within this state. The officer taking the acknowledgment shall endorse on the deed a certificate of the acknowledgment, and the true date of taking the acknowledgment, under his or her hand. Any deed that was acknowledged before any county clerk or clerk of any circuit court, before September 18, 1903, and the acknowledgment of the deed, and, if recorded, the

record of the deed, shall be as valid for all purposes so far as the acknowledgment and record are concerned, as if the deed had been acknowledged before any other officer named in this section, and the legality of the acknowledgment and record shall not be questioned in any court or place. If a deed has been recorded that lacks 1 or more witnesses and the deed has been of record for a period of 10 years or more, and is otherwise eligible to record, the record of the deed shall be effectual for all purposes of a legal record and the record of the deed or a transcript of the record may be given in evidence in all cases and the deed shall be as valid and effectual as if it had been duly executed in compliance with this section.

565.47 Recording by register of deeds; acknowledgment required.

Sec. 47. A deed, mortgage, or other instrument in writing that by law is required to be acknowledged affecting the title to lands, or any interest therein, shall not be recorded by the register of deeds of any county unless the deed, mortgage, or other instrument is acknowledged or proved as provided by this chapter.

This act is ordered to take immediate effect.
Approved March 4, 2002.
Filed with Secretary of State March 4, 2002.

(SB 718)

AN ACT to amend 1969 PA 317, entitled "An act to revise and consolidate the laws relating to worker's disability compensation; to increase the administrative efficiency of the adjudicative processes of the worker's compensation system; to improve the qualifications of the persons having adjudicative functions within the worker's compensation system; to prescribe certain powers and duties; to create the board of worker's compensation magistrates and the worker's compensation appellate commission; to create certain other boards; to provide certain procedures for the resolution of claims, including mediation and arbitration; to prescribe certain benefits for persons suffering a personal injury under the act; to prescribe certain limitations on obtaining benefits under the act; to create, and provide for the transfer of, certain funds; to prescribe certain fees; to prescribe certain remedies and penalties; to repeal certain parts of this act on specific dates; and to repeal certain acts and parts of acts," by amending section 551 (MCL 418.551), as amended by 1992 PA 269.

The People of the State of Michigan enact:

418.551 Assessments; notice; payment; assessments as elements of loss in establishing rates; continuation of liability; certification of receipts; delinquencies; disposition of money; investments; disposition of earnings; reports and accounting.

Sec. 551. (1) As soon as practicable after January 1 of each year, the director shall assess pursuant to subsection (3) a sum that in total is equal to 175% of the total disbursements made from the second injury fund during the preceding calendar year, less the amount of net assets in excess of $200,000.00 in that fund as of December 31 of the preceding calendar year.

(2) As soon as practicable after January 1 of each year, the director shall assess pursuant to subsection (3) a sum that in total is equal to 175% of the total disbursements made from the silicosis, dust disease, and logging industry compensation fund during the

preceding calendar year, less the amount of net assets in excess of $200,000.00 in that fund as of December 31 of the preceding calendar year.

(3) The portion of the total assessment amounts under subsections (1) and (2) allocated to self-insurers shall be equal to a percentage determined as follows: The total paid losses of all self-insurers for the preceding calendar year divided by the total paid losses of all carriers during the preceding calendar year. The portion of the total assessment amounts under subsections (1) and (2) allocated to insurers shall be equal to a percentage determined as follows: The total paid losses of all insurers for the preceding calendar year divided by the total paid losses of all carriers during the preceding calendar year. The portion of the total assessments allocated to self-insurers that shall be collected from each self-insurer shall be equal to a percentage determined as follows: The total paid losses of each self-insurer divided by the total paid losses of all self-insurers during the preceding calendar year. The portion of the total assessment allocated to insurers that shall be collected from each insurer shall be equal to a percentage determined as follows: The amount of total direct premiums written as reported by each insurer divided by the amount of total direct premiums written as reported by all insurers during the preceding calendar year. As used in this subsection:

(a) "Direct premiums written" means standard written Michigan workers' compensation premium prior to the application of deductible credits, as reported to the designated advisory organization, through policy declarations and unit statistical reports compiled pursuant to the authority in section 2407 of the insurance code of 1956, 1956 PA 218, MCL 500.2407. For the purposes of determining assessments under this section, the reported data for the most recent full calendar year on file with the designated advisory organization shall be used.

(b) "Total paid losses" means total compensation benefits paid under this act, exclusive of payments made pursuant to sections 315, 319, and 345.

(4) The director, upon the advice of the trustee representing the self-insurers, may make additional assessments upon private self-insurers as the trustee considers necessary to keep the self-insurers' security fund solvent. The assessment shall not exceed 3% in any calendar year exclusive of payments made pursuant to sections 315, 319, and 345.

(5) Notice of the assessments shall be sent by the director by first class mail to each carrier. Payment of assessments shall be made so as to be received in the Lansing office of the bureau on or before a date specified uniformly in the notice, but not less than 90 days after the date of mailing.

(6) All assessments constitute elements of loss for the purpose of establishing rates for worker's compensation insurance.

(7) An employer who has stopped being a self-insurer shall continue to be liable for a second injury fund; silicosis, dust disease, and logging industry compensation fund; or self-insurers' security fund assessment on account of any compensation benefits, exclusive of payments made pursuant to sections 315, 319, and 345, paid by the employer during the previous calendar year.

(8) The director shall certify to the trustees the collection and receipt of all money from assessments, noting any delinquencies. The trustees shall immediately notify delinquent carriers, including private self-insurers, of their delinquency in writing by certified mail, return receipt requested. The trustees shall take action as in their judgment is proper to effect collection of any delinquent assessment. All money received from assessments under this section shall be turned over to the state treasurer who shall be the custodian of the self-insurers' security fund; the second injury fund; and the silicosis, dust disease, and logging industry compensation fund. The treasurer may make

those investments as in the treasurer's judgment are in the best interest of the funds. The earnings from the investment of the money from the funds shall be credited to the funds. The state treasurer, at the end of each fiscal year, shall determine what amount represents a pro rata earnings share due to each fund, shall credit the pro rata earning share to each fund, and shall notify the trustee of the amount credited and the balance of the respective fund as of September 30. The trustees shall make separate annual reports and accountings for each fund, which reports shall be included in the annual report of the bureau.

Effective date.

(SB 496)

AN ACT to amend 1956 PA 218, entitled "An act to revise, consolidate, and classify the laws relating to the insurance and surety business; to regulate the incorporation or formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe

educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention authority to reduce the number of automobile thefts in this state; to prescribe the powers and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending section 456 (MCL 500.456), as amended by 1989 PA 214.

The People of the State of Michigan enact:

500.456 Legal process served on resident agent effective as personal service on company, association, or group; stipulation; filing copy of appointment; fee; duration of appointment.

Sec. 456. (1) Every insurance company, association, risk retention group, or purchasing group not organized under the statutes of this state shall file with the commissioner, as a condition precedent to doing business in this state, the name and address of a resident agent upon which any local process affecting the company, association, or group may be served. Service upon the resident agent designated under this section is service on the company, association, or group. This designation shall remain in force as long as any liability remains within this state.

(2) As a condition of doing business in this state, an unauthorized insurer who does not have a resident agent shall file with the commissioner an irrevocable written stipulation agreeing that any legal process affecting the company, association, or group that is served upon the commissioner or his or her designee has the same effect as if personally served upon the company, association, or group. A copy of the appointment shall be filed with the commissioner. Service upon the commissioner is service upon the company, association, or group and the fee for service is $10.00 payable at time of service. This appointment remains in force as long as any liability remains within this state.

This act is ordered to take immediate effect.

[No. 27]

(HB 4028)

AN ACT to establish procedures for municipalities to designate individual lots or structures as blighting; to purchase or condemn blighting property; to transfer blighting property for development; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

125.2801 Scope of act.

Sec. 1. The powers granted in this act relating to the designation and transfer for development of blighting property constitute the performance by this state or a political subdivision of this state of essential public purposes and functions.

125.2802 Definitions.

Sec. 2. As used in this act:

(a) "Attractive nuisance" means a condition on property that children are reasonably likely to come in contact with or be exposed to and that involves an unreasonable risk of death or serious bodily harm to children.

(b) "Blighting property", subject to subdivision (c), means property that is likely to have a negative financial impact on the value of surrounding property or on the increase in value of surrounding property and that meets any of the following criteria:

(*i*) The property has been declared a public nuisance in accordance with a local housing, building, plumbing, fire, or other related code or ordinance.

(*ii*) The property is an attractive nuisance because of physical condition, use, or occupancy. A structure or lot is not blighting property under this subparagraph because of an activity that is inherent to the functioning of a lawful business.

(*iii*) The property is a fire hazard or is otherwise dangerous to the safety of persons or property.

(*iv*) The property has had the utilities, plumbing, heating, or sewerage permanently disconnected, destroyed, removed, or rendered ineffective so that the property is unfit for its intended use.

(*v*) A portion of a building or structure located on the property has been damaged by any event so that the structural strength or stability of the building or structure is appreciably less than it was before the event and does not meet the minimum requirements of the housing law of Michigan, 1917 PA 167, MCL 125.401 to 125.543, or a building code of the city, village, or township in which the building or structure is located for a new building or structure.

(*vi*) A building or structure or part of a building or structure located on the property is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

(*vii*) A building or structure located on the property used or intended to be used as a dwelling, including the adjoining grounds, because of dilapidation, decay, damage, or faulty construction; accumulation of trash or debris; an infestation of rodents or other vermin; or any other reason, is unsanitary or unfit for human habitation, is in a condition that a local health officer determines is likely to cause sickness or disease, or is likely to injure the health, safety, or general welfare of people living in the dwelling.

(c) "Blighting property" does not include any of the following:

(*i*) Structures or lots, whether improved or unimproved, that are inherent to the functioning of a farm or farm operation as those terms are defined in section 2 of the Michigan right to farm act, 1981 PA 93, MCL 286.472.

(*ii*) Structures or lots, whether improved or unimproved, that are industrial properties in an area zoned industrial and that are current on tax obligations.

(*iii*) Track belonging to a railroad company, right-of-way belonging to a railroad company, rolling stock belonging to a railroad company, or any other property necessarily used in operating a railroad in this state belonging to a railroad company.

(*iv*) A single family dwelling for which the owner claims a homestead exemption under section 7cc of the general property tax act, 1893 PA 206, MCL 211.7cc.

(d) "Dwelling" means any house, building, structure, tent, shelter, trailer, or vehicle, or portion thereof, which is occupied in whole or in part as the home, residence, or living

or sleeping place of 1 or more human beings, either permanently or transiently. Dwelling does not include railroad rolling stock on tracks or rights-of-way.

(e) "Fire hazard" means that term as defined in section 1 of the fire prevention code, 1941 PA 207, MCL 29.1.

(f) "Municipality" means a city, village, or township in this state or a county described in section 3(1)(b).

(g) "Person" means an individual, partnership, association, trust, or corporation, or any other legal entity.

(h) "Public nuisance" means an unreasonable interference with a common right enjoyed by the general public involving conduct that significantly interferes, or that is known or should have been known to significantly interfere, with the public's health, safety, peace, comfort, or convenience, including conduct prescribed by law.

(i) "Taxing jurisdiction" means a jurisdiction, including, but not limited to, this state, an agency of this state, a state authority, an intergovernmental authority of this state, a school district, or a municipality, that levies taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157.

125.2803 Designation of property as blighting; powers and duties of municipality.

Sec. 3. (1) Except as provided in subsection (3), a city, village, or township may do 1 of the following:

(a) Designate a structure or lot within its jurisdiction as blighting property and acquire title to the blighting property by purchase, gift, exchange, or condemnation under the procedures set forth in sections 4 through 7, except that a township may take these actions within a village only upon adoption by a village of a resolution under subdivision (c).

(b) Upon entering into a written agreement with the county within which the city, village, or township is located, adopt a resolution transferring the authority provided in subdivision (a) to that county. The written agreement shall be entered into with the county executive of a county that elects a county executive or with the county board of commissioners of any other county.

(c) In the case of a village, adopt a resolution transferring the authority provided in subdivision (a) to the township within which the village is located.

(2) Except as provided in subsection (3), upon adoption by a city, village, or township of a resolution under subsection (1)(b), a county may designate a structure or lot as blighting property and acquire fee simple title in the blighting property by purchase, gift, exchange, or condemnation under the procedures set forth in sections 4 through 7.

(3) A municipality shall not designate a property as blighting property if the property has been forfeited to a county treasurer under section 78g of the general property tax act, 1893 PA 206, MCL 211.78g, and remains subject to foreclosure under section 78k of the general property tax act, 1893 PA 206, MCL 211.78k.

(4) A municipality shall not designate a property as blighting property based solely on the presence of native grasses or plants indigenous to Michigan that are planted or maintained as part of a garden or designated wildlife area or for landscaping, erosion control, or weed control purposes.

125.2804 Designation of property as blighting; hearing; notice.

Sec. 4. (1) A municipality that proposes to designate a property as blighting property under section 3 shall hold a hearing on the designation. The hearing shall take place not

less than 42 days, and not more than 119 days, after the municipality provides written notice of the hearing and the proposed designation as required by this section. A municipality may hold the hearing more than 119 days after it provides written notice only if an extension is requested by a person with a legal interest in the property that is contesting the blighting designation.

(2) The written notice provided under this section shall explain, in plain English, that the property is subject to designation as blighting property, and shall include all of the following:

(a) The time, date, and location of the hearing.

(b) A description, including the street address, of the property subject to designation as blighting property.

(c) An explanation of the reasons the municipality considers the property to be blighting property.

(d) The name, address, and telephone number of the person to whom communications about the hearing may be addressed.

(e) Names, addresses, and telephone numbers of public and private agencies or other resources that may be available to assist an occupant of the property to avoid the designation of the property as blighting property or to obtain comparable safe, decent, and quality affordable housing.

(f) A description of the improvements that should be made to the property before the hearing to avoid designation of the property as blighting.

(3) The municipality shall perform a thorough title search to identify all persons with a legal interest in the property. The municipality shall take the following steps to provide notice to any person with a legal interest in the property:

(a) Determine the address reasonably calculated to apprise those persons with a legal interest in the property of the pendency of the hearing under this section and send notice of the hearing to each person with a legal interest in the property by certified mail, return receipt requested, not less than 42 days before the hearing.

(b) Send a representative to the property to ascertain personally whether or not the property is occupied. If the property appears to be occupied, the municipality shall do all of the following not less than 42 days before the hearing:

(*i*) Make reasonable efforts in good faith personally to serve upon a person occupying the property a copy of the written notice described in subsection (2).

(*ii*) If a person occupying the property is personally served, orally inform the occupant of both of the following:

(A) That the property may be designated as blighting property.

(B) Public and private agencies or other resources that may be available to assist the occupant to avoid the designation of the property as blighting property or to obtain comparable safe, decent, and quality affordable housing.

(*iii*) If the occupant indicates that he or she has a health problem that affects his or her ability to make improvements that will cause the property no longer to meet the definition of blighting property or if it should be apparent to the representative of the municipality that the occupant has such a health problem, place the occupant with an appropriate public or private agency to assist the occupant to avoid the designation of the property as blighting property.

(*iv*) If the occupant appears to lack the ability to understand the advice given or is unwilling to cooperate, provide the occupant with the names and telephone numbers of public and private agencies that may be able to assist the occupant.

(*v*) If an authorized representative of the municipality is not able personally to meet with the occupant, place the written notice at a conspicuous location on the property.

(c) Correct any deficiency that the municipality may know of in the provision of the notice required by this section as soon as practicable before designating the property as blighting property.

(d) If the municipality is unable to ascertain the address reasonably calculated to apprise all persons with a legal interest in the property of the pendency of the hearing, or is unable to deliver notice to any occupant of the property, service of the notice shall be made by publication. The notice shall be published for 3 successive weeks, once each week, in a newspaper published and circulated in the county in which the property is located, if there is one. If no paper is published in that county, publication shall be made in a newspaper published and circulated in an adjoining county.

(4) Any notice provided under this section shall include an explanation of any tax benefits or other incentives offered by the municipality that may encourage the transfer of the blighting property.

125.2805 Proof of notice; affidavit.

Sec. 5. (1) Upon the mailing of the notice under section 4, the representative of the municipality responsible for the mailing of the notice shall file proof of the notice provided with the register of deeds of the county within which the property subject to designation as blighting property is located. The proof of notice shall be in the form of an affidavit and shall include all of the following:

(a) A description of the content of the notice provided.

(b) The name or names of the person or persons to whom the notice was addressed.

(c) A statement that the property is subject to designation as blighting property and subsequent transfer or condemnation.

(2) An affidavit recorded under subsection (1) creates a rebuttable presumption in the courts of this state that any person obtaining a legal interest in property subject to designation as blighting property following the recording of the affidavit by the representative of the municipality was properly notified that the property was subject to designation as blighting property and of the consequences of that designation, including, but not limited to, the condemnation of the property or the transfer of the property to the municipality or another person.

(3) If a representative of a municipality records an affidavit under subsection (1) and the municipality subsequently does not designate the property as blighting property, the municipality shall record as soon as practicable notice properly certified by a representative of the municipality and in the form of an affidavit that the property was not designated as blighting property and that the municipality no longer seeks to designate the property as blighting property.

125.2806 Designation of property as blighting; contest; property improvements causing delay of designation; certificate; determination; suspension of proceedings; appeal; costs.

Sec. 6. (1) A person with a legal interest in the property may contest the proposed designation of any property as blighting property at the hearing held by the municipality under section 4 by doing 1 of the following:

(a) Appear at the hearing and show cause why the property should not be designated as blighting property.

(b) If incarcerated, impaired, or otherwise unable to attend a public hearing, submit a written presentation to show cause why the property should not be designated as blighting property.

(2) If a person with a legal interest in the property demonstrates at the hearing that improvements to the property have been made or are actively being made that will cause the property no longer to meet the definition of blighting property, the municipality shall delay the designation of the property as blighting for 91 days. If at the end of that 91 days the municipality finds that the property no longer meets the definition of blighting property, the municipality shall issue a certificate stating that the property is not blighting property.

(3) If after the notice and hearing required by this act the municipality determines that the property is blighting property, the municipality shall designate the property as blighting property and provide public notice of the designation.

(4) A municipality may at any time suspend proceedings leading to the designation of property as blighting property if a person with a legal interest in the property enters into an agreement with the municipality establishing an improvement plan for the property and a schedule for completion of the improvements.

(5) A person with a legal interest in property that a municipality has designated as blighting property may appeal that decision to the circuit court in the jurisdiction within which the property is located within 28 days of the designation. The circuit court shall review the municipal decision using the standard of review for administrative decisions that is set forth in section 28 of article VI of the state constitution of 1963.

(6) If a person with a legal interest in a property that a municipality designates as blighting appeals the municipal decision and the decision is reversed by a court of appropriate jurisdiction and the court determines that the municipality was acting arbitrarily or in bad faith, the court may award the successful appellant the costs, including, but not limited to, attorney fees, actually and reasonably incurred by the person in making the appeal.

125.2807 Acquisition of property by purchase or condemnation; transfer by municipality; classification of property as residential; order restoring person's legal interest in property.

Sec. 7. (1) A municipality may offer to purchase property designated as blighting property under this act at the fair market value or to acquire the property by donation or exchange. If the offer is rejected, the municipality may institute proceedings under the power of eminent domain under the laws of this state or provisions of any local charter relative to condemnation.

(2) Except as otherwise provided in subsection (3), within 119 days after a municipality acquires title to a blighting property or a condemnation award for the blighting property is ordered under the uniform condemnation procedures act, 1980 PA 87, MCL 213.5 to 213.75, whichever is later, the municipality shall either transfer the property for development or have adopted a written development plan for the property.

(3) A municipality that under subsection (2) transfers title to a blighting property that is classified as residential may transfer the property for affordable low income housing to a person that has experience with and is able to demonstrate financial capacity developing affordable low income housing. A municipality that does not transfer title to a blighting property that is classified as residential under subsection (2) shall develop the property in accordance with the written development plan adopted under subsection (2).

(4) If a municipality fails to comply with subsection (2) or (3), a person whose legal interest in the property was conveyed by sale, donation, exchange, or condemnation as provided for under subsection (1) may bring an action in the circuit court to compel the municipality to convey that legal interest back to that person. Upon a finding that the person bringing the action has a plan likely to result in the development of that property consistent with applicable law and that the municipality has not complied with subsection (2) or (3), the court shall enter an order restoring the person's legal interest in the property. An order entered under this subsection shall require all of the following:

(a) That all amounts paid in consideration for the property, including any taxes extinguished under section 8, be repaid and, if applicable, distributed to the appropriate taxing jurisdiction.

(b) That all costs incurred by the municipality for demolition, environmental response activities, title clearance, and site preparation be repaid.

(c) That the court retain jurisdiction to determine if the development plan presented by the petitioner is implemented.

125.2808 Acceptance of deed in lieu of foreclosure.

Sec. 8. (1) To encourage the donation or transfer of property designated as blighting property under this act, the municipality may accept from all persons with a legal interest in the blighting property a deed conveying those persons' interests in the blighting property in lieu of foreclosure of the blighting property for delinquent property taxes. A municipality shall not offer or accept a deed in lieu of foreclosure if either of the following applies:

(a) The blighting property has been forfeited to a county treasurer under section 78g of the general property tax act, 1893 PA 206, MCL 211.78g, and remains subject to foreclosure under section 78k of the general property tax act, 1893 PA 206, MCL 211.78k.

(b) The blighting property has been foreclosed under section 78k of the general property tax act, 1893 PA 206, MCL 211.78k, and has not been transferred by the foreclosing governmental unit under section 78m of the general property tax act, 1893 PA 206, MCL 211.78m.

(2) If, under subsection (1), the municipality accepts a deed in lieu of foreclosure, all of the following shall occur:

(a) Any unpaid taxes levied under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, are extinguished.

(b) All liens against the property, except future installments of special assessments and liens recorded by this state pursuant to the natural resources and environmental protection act, 1994 PA 451, MCL 324.101 to 324.90106, are extinguished.

(c) All existing recorded and unrecorded interests in that property are extinguished, except a visible or recorded easement or right-of-way, private deed restriction, or restriction imposed under the natural resources and environmental protection act, 1994 PA 451, MCL 324.101 to 324.90106.

(3) Not less than 28 days prior to acceptance of a deed in lieu of foreclosure under this section, a municipality shall inform each taxing jurisdiction that has levied taxes on the blighting property under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157. Each taxing jurisdiction shall be afforded the opportunity to inform the municipality of the revenue impact of the issuance of a deed in lieu of foreclosure and to show cause why the municipality should not accept a deed in lieu of foreclosure.

(4) A municipality shall record any deed in lieu of foreclosure in the office of the register of deeds in the county within which the property is located and pay any applicable recording costs.

(5) A municipality shall forward a copy of a deed in lieu of foreclosure recorded under subsection (4) to the treasurer of the city, village, or township, and to the treasurer of the county, within which the property is located.

(6) To encourage the donation or transfer of blighting property, a municipality may forgive fines levied by the municipality against the property or fines relating to the property levied against a person with a legal interest in the property.

125.2809 Transfer of property designated as blighting.

Sec. 9. (1) For reasonable and valuable consideration, a municipality may transfer for development property designated as blighting property and acquired under this act. A municipality may transfer the blighting property after the transferee presents all of the following:

(a) A development plan for the property.

(b) Guarantees of the transferee's financial ability to implement the development plan for the blighting property.

(2) If property obtained by a municipality under this act is subsequently sold by the municipality for an amount in excess of any costs incurred by the municipality relating to demolition, renovation, improvements, or infrastructure development, the excess amount shall be returned on a pro rata basis to any taxing jurisdiction affected by the extinguishment of taxes under section 8 as a result of the designation of the property as blighting property to the extent necessary to offset the extinguishment of taxes under section 8. Upon the request of any taxing jurisdiction in which the blighting property is located, the municipality shall provide to the requesting taxing jurisdiction cost information regarding any subsequent sale or transfer by the municipality of the blighting property.

125.2810 Additional powers.

Sec. 10. The powers granted in this act are in addition to powers granted to municipalities under the statutes and local charters. Nothing contained in this act shall be construed to amend or repeal any of the provisions of 1933 (Ex Sess) PA 18, MCL 125.651 to 125.709c, or of 1945 PA 344, MCL 125.71 to 125.84.

Repeal of act.

Enacting section 1. This act is repealed 5 years after the effective date of this act.

This act is ordered to take immediate effect.

AN ACT to amend 1927 PA 175, entitled "An act to revise, consolidate, and codify the laws relating to criminal procedure and to define the jurisdiction, powers, and duties of courts, judges, and other officers of the court under the provisions of this act; to provide

laws relative to the rights of persons accused of criminal offenses and ordinance violations; to provide for the arrest of persons charged with or suspected of criminal offenses and ordinance violations; to provide for bail of persons arrested for or accused of criminal offenses and ordinance violations; to provide for the examination of persons accused of criminal offenses; to regulate the procedure relative to grand juries, indictments, informations, and proceedings before trial; to provide for trials of persons complained of or indicted for criminal offenses and ordinance violations and to provide for the procedure in those trials; to provide for judgments and sentences of persons convicted of criminal offenses and ordinance violations; to establish a sentencing commission and to prescribe its powers and duties; to provide for procedure relating to new trials and appeals in criminal and ordinance violation cases; to provide a uniform system of probation throughout this state and the appointment of probation officers; to prescribe the powers, duties, and compensation of probation officers; to provide penalties for the violation of the duties of probation officers; to provide for procedure governing proceedings to prevent crime and proceedings for the discovery of crime; to provide for fees of officers, witnesses, and others in criminal and ordinance violation cases; to set forth miscellaneous provisions as to criminal procedure in certain cases; to provide penalties for the violation of certain provisions of this act; and to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 31 of chapter IX and section 11 of chapter XVII (MCL 769.31 and 777.11), section 31 of chapter IX as amended by 1998 PA 317 and section 11 of chapter XVII as amended by 2001 PA 154, and by adding sections 11a, 11b, 11c, 11d, and 11e to chapter XVII; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

CHAPTER IX

769.31 Definitions.

Sec. 31. As used in this section and section 34 of this chapter:

(a) "Departure" means a sentence imposed that is not within the appropriate minimum sentence range established under the sentencing guidelines set forth in chapter XVII.

(b) "Intermediate sanction" means probation or any sanction, other than imprisonment in a state prison or state reformatory, that may lawfully be imposed. Intermediate sanction includes, but is not limited to, 1 or more of the following:

(*i*) Inpatient or outpatient drug treatment.

(*ii*) Probation with any probation conditions required or authorized by law.

(*iii*) Residential probation.

(*iv*) Probation with jail.

(*v*) Probation with special alternative incarceration.

(*vi*) Mental health treatment.

(*vii*) Mental health or substance abuse counseling.

(*viii*) Jail.

(*ix*) Jail with work or school release.

(*x*) Jail, with or without authorization for day parole under 1962 PA 60, MCL 801.251 to 801.258.

(*xi*) Participation in a community corrections program.

(*xii*) Community service.

(*xiii*) Payment of a fine.

(*xiv*) House arrest.

(*xv*) Electronic monitoring.

(c) "Offender characteristics" means only the prior criminal record of an offender.

(d) "Offense characteristics" means the elements of the crime and the aggravating and mitigating factors relating to the offense that the legislature determines are appropriate. For purposes of this subdivision, an offense described in section 33b of 1953 PA 232, MCL 791.233b, that resulted in a conviction and that arose out of the same transaction as the offense for which the sentencing guidelines are being scored shall be considered as an aggravating factor.

(e) "Prior criminal record" means all of the following:

(*i*) Misdemeanor and felony convictions.

(*ii*) Probation and parole violations involving criminal activity.

(*iii*) Dispositions entered under section 18 of chapter XIIA of 1939 PA 288, MCL 712A.18, for acts that would have been crimes if committed by an adult.

(*iv*) Assignment to youthful trainee status under sections 11 to 15 of chapter II.

(*v*) A conviction set aside under 1965 PA 213, MCL 780.621 to 780.624.

(*vi*) Dispositions described in subparagraph (*iii*) that have been set aside under section 18e of chapter XIIA of 1939 PA 288, MCL 712A.18e, or expunged.

(SB 493)

AN ACT to amend 1956 PA 218, entitled "An act to revise, consolidate, and classify the laws relating to the insurance and surety business; to regulate the incorporation or formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention authority to reduce the number of automobile thefts in this state; to prescribe the powers

and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending section 1242 (MCL 500.1242).

The People of the State of Michigan enact:

500.1242 Refusal, suspension, or revocation of license; notice; hearings; summary suspension; subpoenas.

Sec. 1242. (1) The commissioner shall refuse to grant a license to act as a solicitor, an insurance counselor, or an adjuster to an applicant who fails to meet the requirements of this chapter. Notice of the refusal shall be in writing and shall set forth the basis for the refusal. If the applicant submits a written request within 30 days after mailing of the notice of refusal, the commissioner shall promptly conduct a hearing in which the applicant shall be given an opportunity to show compliance with the requirements of this chapter.

(2) The commissioner, after notice and opportunity for a hearing, may suspend or revoke the license of a solicitor, insurance counselor, or adjuster who fails to maintain the standards required for initial licensing or who violates any provision of this act.

(3) After notice and opportunity for a hearing, the commissioner may refuse to grant or renew a license to act as a solicitor, adjuster, or insurance counselor if he or she determines by a preponderance of the evidence, that it is probable that the business or primary occupation of the applicant will give rise to coercion, indirect rebating of commissions, or other practices in the sale of insurance that are prohibited by law.

(4) Without prior hearing, the commissioner may order summary suspension of a license if he or she finds that protection of the public requires emergency action and incorporates this finding in his or her order. The suspension shall be effective on the date specified in the order or upon service of a certified copy of the order on the licensee, whichever is later. If requested, the commissioner shall conduct a hearing on the suspension within a reasonable time but not later than 20 days after the effective date of the summary suspension unless the person whose license is suspended requests a later date. At the hearing, the commissioner shall determine if the suspension should be continued or if the suspension should be withdrawn, and, if proper notice is given, may determine if the license should be revoked. The commissioner shall announce his or her decision within 30 days after conclusion of the hearing. The suspension shall continue until the decision is announced.

(5) The commissioner, or his or her designated deputy, may issue subpoenas to require the attendance and testimony of witnesses and the production of documents necessary to the conduct of the hearing and may designate an office of financial and insurance services employee to make service. The subpoenas issued by the commissioner, or his or her designated deputy, may be enforced upon petition to the circuit court of Ingham county to show cause why a contempt order should not be issued, as provided by law.

This act is ordered to take immediate effect.

259.8 Definitions; S.

Sec. 8. As used in this act:

(a) "Seaplane" means an aircraft that is capable of landing and taking off on the water.

(b) "Seaplane base" means an area of water used or intended to be used for the landing and takeoff of aircraft, together with appurtenant shoreside buildings and facilities.

(c) "State approach surface" means an imaginary plane longitudinally centered on the extended runway centerline and extending outward and upward from each end of the state primary surface.

(d) "State primary surface" means a surface longitudinally centered on a runway. For a paved runway, the state primary surface extends 200 feet beyond each end of that runway for an unpaved runway or a planned paved runway, the state primary surface ends at each end of that runway. The elevation of any point on the state primary surface is the same as the elevation of the nearest point on the runway centerline. The width of a state primary surface is as follows:

(*i*) One hundred feet for basic utility airports.

(*ii*) Two hundred and fifty feet for general utility airports.

259.9 Definitions; T to V.

Sec. 9. As used in this act:

(a) "Taxi" means the moving of an aircraft under its own power either on the ground or on the surface of the water, prior to the beginning of the take-off run and after the end of the landing run.

(b) "Temporary commercial operations" means any commercial operation conducted for a period not to exceed 120 days per calendar year.

(c) "Ultralight" means an aircraft meeting requirements of 14 C.F.R. part 103.

(d) "Vehicle" means any device in, upon, or by which a person or property is or may be transported, except an aircraft.

259.51 Aeronautics commission; powers and duties generally.

Sec. 51. (1) The commission has general supervision over aeronautics within this state. The commission shall encourage, foster, and participate with and provide grants to the political subdivisions of this state in the development of aeronautics within this state. The commission shall establish and encourage the establishment of airports, landing fields, and other aeronautical facilities. The commission shall promulgate rules that it considers necessary and advisable for the public safety governing the designing, laying out, location, building, equipping, and operation of airports and landing fields and shall exercise exclusive authority to approve the location and operation of airports, landing fields, and other aeronautical facilities within the state, so as to assure a uniformity in regulations covering aeronautics. In order to implement this act, the commission may establish programs of state financial assistance in the form of grants, leases, loans, and purchases, or a combination of grants, leases, loans, and purchases, for assisting political subdivisions or other persons. The commission shall not grant an exclusive right for the use of an aeronautical facility. The commission may by the issuance of appropriate and effective rules register pilot's certificates issued by the civil aeronautics authority or other similar federal authority to resident pilots of the state for which it may charge a fee not to exceed $5.00; govern and regulate commercial operations in intrastate commerce for which it may charge a fee of not more than $25.00; and provide for the licensing of aircraft dealers for which it may charge a fee of not more than $25.00.

(2) The commission shall cooperate with and assist the federal government, state governments, authorities of political subdivisions, and individuals engaged in aeronautics or the development of aeronautics, and shall seek to coordinate the aeronautical activities of these entities. The commission may confer with or hold joint hearings with any federal or state governments, their agencies, the authorities of political subdivisions, and

individuals, in connection with any matter arising under this act, and avail itself of the cooperation, services, records, and facilities of those agencies in the administration and enforcement of this act. The commission shall reciprocate by furnishing governments and their agencies its cooperation, services, records, and facilities, insofar as may be practicable.

(3) The commission may perform acts, issue and amend orders, and make, promulgate, and amend reasonable general or special rules and procedures, and establish minimum standards, consistent with this act, which it considers necessary to implement this act and to perform its duties under this act, all commensurate with and for the purpose of protecting and insuring the general public interest, health, welfare, and safety. The commission may adopt and enforce the provisions of the currently effective federal legislation governing aeronautics. The commission shall promulgate rules to implement this act. The commission may deviate from or add to rules if necessary for the public safety and for the safety of aircraft and airmen within the state. A rule of the commission shall not apply to aeronautical facilities owned by the federal government.

(4) For the safety of aircraft and airmen within this state the commission may designate, establish, or modify a state airways system. The commission may publish and distribute maps, charts, and information relating to that system.

(5) The commission, a commission member or employee, the director, and every state, county, and municipal officer charged with the enforcement of state and municipal laws shall enforce and assist in the enforcement of this act and of rules promulgated under this act, and of all other laws of this state relating to aeronautics. In the aid of enforcement, general police powers are conferred upon the commission, each of its members, the director, and the officers and employees of the commission designated by the commission to exercise those powers. The commission is further authorized to enforce this act and rules promulgated under this act by injunction in the circuit court. The prosecuting attorney of the county in which an offense is committed shall prosecute offenders against this act and other aeronautical laws of this state, or any rule promulgated under this act or order issued by the commission. When a complaint is made before a municipal court in a city having such a court, or the district court in the county, district, or political subdivision in which venue is proper, that court may take cognizance, hear, try, and determine such matters and pass sentence upon offenders in accordance with law.

(6) The commission, a commission member, the director, or an employee designated by the commission may hold investigations, inquiries, and hearings concerning matters covered by this act, aircraft accidents, or orders and rules of the commission. Each person designated may administer oaths and affirmations, certify to official acts, issue subpoenas, and compel the attendance and testimony of witnesses, and the production of papers, books, and documents. In case of failure to comply with a subpoena or order issued under this act, the commission, or its authorized representative, may invoke the aid of a court of general jurisdiction. The court may order the witness to comply with the requirements of the subpoena or order, or to give evidence touching the matter in question. Failure to obey the order of the court may be punished by the court as contempt.

(7) In order to facilitate investigations by the commission in the interest of public safety and development of aeronautics, the reports of investigations or hearings, or any part of them, shall not be admitted in evidence or used for any purpose in an action or proceeding growing out of a matter referred to in the investigation, hearing, or report, except in case of criminal or other proceedings instituted in behalf of the state under this act or any other law of this state relating to aeronautics. A commissioner, director, or an officer or employee of the commission shall not be required to testify to facts ascertained in, or information gained by reason of, his or her official capacity, or be required to testify

as an expert witness in an action or proceeding involving an aircraft. Except as otherwise provided in this section, the commission may make available to appropriate federal and state agencies information and material developed in the course of its hearings and investigations.

(8) For the purposes of executing its powers and duties under this act, the commission, upon recommendations to the state administrative board, may enter into necessary contracts.

259.80g Operation of ultralight.

Sec. 80g. (1) A person shall not operate an ultralight in a manner that creates a hazard to other persons or property.

(2) A person shall not allow an object to be dropped from an ultralight if it creates a hazard to other persons or property.

(3) A person shall not operate an ultralight between sunset and sunrise. Each person operating an ultralight shall maintain vigilance so as to see and avoid aircraft and shall yield the right-of-way to all aircraft.

(4) A person shall not operate an ultralight in a manner that creates a collision hazard with any other aircraft.

(5) A powered ultralight shall yield the right-of-way to an unpowered ultralight.

(6) A person shall not operate an ultralight over any congested area of a city, town, or settlement, or over an open air assembly of persons.

(7) Notwithstanding subsection (3), an ultralight may be operated up to 30 minutes before sunrise or 30 minutes after sunset if both of the following apply:

(a) The ultralight is equipped with an operating anticollision light visible for at least 3 statute miles.

(b) The ultralight is operating in uncontrolled airspace as defined by federal regulations.

259.80h Seaplane base; takeoff and landing distance.

Sec. 80h. A seaplane operator conducting commercial operations shall assure that the seaplane base used for takeoff or landing has sufficient takeoff and landing distance for the operation being conducted as specified by the manufacturer's operating limitations for the aircraft being operated.

259.83 Operation of civil aircraft; federal airman certification requirements; compliance required.

Sec. 83. (1) A person shall not operate a civil aircraft over or upon the lands and waters of this state unless he or she is complying with the federal airman certification requirements under the code of federal regulations.

(2) A person who violates subsection (1) is guilty of a crime as follows:

(a) For a first violation, the person is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

(b) For a second violation within 5 years of the first violation, the person is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than $1,000.00, or both.

(c) For a third or subsequent violation within 5 years of the second or subsequent violation, the person is guilty of a felony punishable by imprisonment for not more than 4 years or a fine of not more than $5,000.00, or both.

259.83a Flight operations requiring federal aviation regulation air carrier or commercial operator's certification.

Sec. 83a. (1) A person holding a valid federal air carrier operating certificate or commercial operator's certificate shall not conduct flight operations in violation of that certificate.

(2) A person who violates subsection (1) is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $1,000.00, or both.

259.83b Flight operations; prohibition; violation.

Sec. 83b. (1) A person shall not conduct flight operations requiring a federal aviation regulation air carrier or commercial operator's certification without first having been issued a valid federal aviation regulation air carrier or operating certificate or valid commercial operator's certificate.

(2) A person who violates subsection (1) is guilty of a crime as follows:

(a) For a first violation, the person is guilty of a felony punishable by imprisonment for not more than 4 years or a fine of not more than $5,000.00, or both.

(b) For a second violation within 5 years after the first violation, the person is guilty of a felony punishable by imprisonment for not less than 1 year or more than 5 years or a fine of not less than $5,000.00 or more than $50,000.00, or both.

(c) For a third or subsequent violation within 5 years after a conviction for a violation of this section, the person is guilty of a felony punishable by imprisonment for not less than 4 years or more than 10 years or a fine of not less than $10,000.00 or more than $100,000.00, or both.

259.86 Airport manager; license; fee; expiration; approval of aeronautical facilities; license of approval; requirements; fee in lieu of real property taxes; temporary field permits; statement describing approach clear zones and transitional surface areas.

Sec. 86. (1) Any individual appointed as an airport manager by the owner of a licensed aeronautical facility, before operating as an airport manager, shall be licensed by the department for which the department may make a reasonable charge not to exceed $5.00. An airport manager license expires on December 31, annually.

(2) All airports, landing fields, and other aeronautical facilities, except those owned or operated by the United States government, before operating as such, shall be approved by the department.

(3) The department shall issue annually a license of approval in each case and charge an annual fee not in excess of $100.00. The fee shall be in lieu of all real property taxes on the landing area and improvements to the landing area to the extent permitted by section 7y of the general property tax act, 1893 PA 206, MCL 211.7y.

(4) Commercial operations shall not be performed on any land based landing area other than at a licensed aeronautical facility except that temporary field permits may be issued under this section. All commercial operations shall be based out of a licensed aeronautical facility.

(5) If the owner of an aircraft uses, or proposes to use, an area of land for temporary commercial landing areas, he or she shall apply to the commission for a temporary field permit on forms furnished by the commission.

(6) The annual license of approval issued pursuant to subsection (2) shall include a statement, certified by the director, describing the approach clear zones and transitional

surface areas for the airport for which the license is applicable. Standards for describing approach clear zones and transitional surface areas shall be uniform according to type of runway and shall conform with regularly accepted definitions and usage in the aeronautics field.

259.87 Airports and facilities; rejection of application for permission to operate.

Sec. 87. (1) In any case in which the department rejects an application for permission to operate an airport, landing field, or other aeronautical facility, or in any case where the department shall issue any order requiring certain things to be done, it shall set forth its reasons for the order and shall state the requirements to be met before approval will be given. In any case in which the department considers it necessary, the department may order the closing of any airport, landing field, or other aeronautical facility, until compliance is made with the requirements ordered by the department.

(2) A facility shall not be licensed or approved that requires aircraft to be airborne under a bridge or power line during the approach to or takeoff from a landing area, or that requires aircraft to fly in a manner that may endanger persons or property.

259.87a Certificate of approval; registration; fee.

Sec. 87a. Each certificate of approval of an airport, landing field, or other aeronautical facility shall be registered annually, and the department is authorized to establish a reasonable fee in accordance with issued rules and regulations.

259.89 Private use landing areas.

Sec. 89. Sections 86 and 87a do not apply to landing areas designated and operated for private use if commercial operations are not performed on the landing areas. A landing area for private use shall not be established, without commission approval, within 5 nautical miles of a public use facility certified by the commission or that would violate section 87.

259.89a Ultralight or balloon use; landing areas.

Sec. 89a. Sections 86 and 87a do not apply to landing areas designated and operated for the exclusive use of either ultralights or balloons. A landing area for ultralight or balloon use shall not be established, without commission approval, within 5 nautical miles of a public use facility certified by the commission. For the purposes of this section, "established" means any facility that is used or intended to be used for the operation of balloons or ultralights more than 10 times in any 12-month period.

259.133 Additional powers of political subdivision establishing aeronautical facility.

Sec. 133. In addition to the general powers conferred by this act, a political subdivision that has established or establishes an airport, landing field, or other aeronautical facility may do 1 or more of the following:

(a) Vest authority for the construction, enlargement, improvement, maintenance, equipment, operation, and regulation of the airport, landing field, or other aeronautical facility, in an officer, a board, or body of a political subdivision, by ordinance or resolution that prescribes the powers and duties of the officer, board, or body. In counties operating under the county road system with a population of more than 2,000,000, the board of county road commissioners may implement this section for that county.

(b) Employ a regular airport manager for the airport, landing field, or other aeronautical facility under its control, or in cases where an airport board or body is established, the airport manager may be employed by the board or body.

(c) Adopt and amend all necessary rules, regulations, and ordinances, for the management, government, and use of any properties under its control, whether within or outside of its territorial limits; appoint airport guards or police, with full police powers; establish penalties for the violation of the rules, regulations, and ordinances, and enforce the penalties.

(d) Adopt and enact rules, regulations, and ordinances designed to safeguard the public upon or beyond the limits of private airports, landing fields, or other aeronautical facilities within the political subdivision or its police jurisdiction against the perils and hazards of instrumentalities used in aerial navigation. Rules adopted pursuant to this subdivision shall be consistent with and conform as nearly as possible with the laws of this state and the rules of the state transportation department.

(e) Lease for a term of years, donate, or sell, the airport, landing field, or other aeronautical facility, or buildings and structures relating to the airport, landing field, or other aeronautical facility, or real property acquired or set apart for these purposes, to any person or persons, any other political subdivision or the state, or the federal government, or any department of a political subdivision, or the state or federal government, either exclusively or in common with others, for operation and public use; confer the privileges of concessions of supplying upon its airports goods, commodities, things, services, and facilities; enter into leases, contracts, agreements, or grants of privileges of concessions with any person or persons, any other political subdivision or the state government or the federal government, or any department of a political subdivision or the state or federal government, for the operation, use, or occupancy, either exclusively or in common with others, of all or any part of the airport, landing field, or other aeronautical facility, including any buildings and structures of the airport, landing field, or aeronautical facility, under its control, for a term or terms not to exceed 50 years, establishing the charges, rentals, or fees at a fixed or variable rate binding upon the parties for the full term of the lease, contract, agreement, or grant, which lease, contract, agreement, or grant may provide for the resolution of disputes or for the fixing of variable terms through arbitration or similar procedure. The terms, charges, rentals, and fees shall be equal and uniform for the same type of facilities provided, services rendered, or privileges granted with no unjust discrimination between users of the same class for like facilities provided, services rendered, or privileges granted. However, the public shall not be deprived of its rightful, equal, and uniform use of facilities provided, services rendered, or privileges granted. Terms, charges, rentals, and fees may vary if necessary, to provide security and funds for payment of bonds to be issued as authorized by this act to finance improvements to any airport, or to allow for other differing costs of financing, construction of facilities, or maintenance and operation of the facility.

(f) Sell, donate, or lease any property, real or personal, acquired for such purposes and belonging to the political subdivision, which in the judgment of its governing body, may not be subsequently required for aeronautic purposes, in accordance with the laws of this state, or the provisions of the charter of the political subdivision, governing the sale or leasing of similarly owned property.

(g) Determine the charges, rentals, or fees for the use of any properties under its control, and the charges for any services or accommodations, and the terms and conditions under which the properties may be used, which rentals, fees, charges, terms, and conditions shall be equal and uniform for the same type of use provided, services rendered, or accommodations granted with no unjust discrimination between users of the

same class for like use provided, services rendered, or accommodations granted, except that any charges, rentals, and fees as may be fixed or determined by any lease, contract, agreement, or grant of privileges of concessions to which the political subdivision is a party or is the grantor, shall be binding upon all parties for the full term prescribed in the lease, contract, agreement, or grant unless the same is sooner modified or terminated by mutual consent of the parties. However, the public shall not be deprived of its rightful, equal, and uniform use of such property. Terms, charges, rentals, and fees may vary if necessary, to provide security and funds for payment of bonds to be issued as authorized by this act to finance improvements to any airport, or to allow for other differing costs of financing, construction of facilities, or maintenance and operation of any such facility. Liens may be attached and enforced by law, as provided in such cases, and their enforcement, for repairs to or improvements or storage or care of any personal property, to enforce the payment of the charges.

(h) Exercise all powers necessarily incidental to the exercise of the general and special powers granted under this section.

259.151 State plan for approach protection areas.

Sec. 151. (1) The commission may create and establish a state plan for approach protection areas surrounding airports, landing fields, and other aeronautical facilities, by establishing standards of height and use to which any structure or obstruction, whether natural or human-made, may be erected or maintained within a distance from the boundaries of any airport, landing field or other aeronautical facility necessary for public safety.

(2) The airport manager of an airport licensed under this act shall promptly file all of the following with any city, village, township, or county that is located in whole or in part within the approach protection area:

(a) A copy of the airport approach plan for the airport, if any.

(b) A copy of the airport layout plan for the airport, if any.

(c) A registration of the airport's name and mailing address for the purposes of receipt of notice under section 4 of the city and village zoning act, 1921 PA 207, MCL 125.584, section 9 of the county zoning act, 1943 PA 183, MCL 125.209, or section 9 of the township zoning act, 1943 PA 184, MCL 125.279.

(3) The filing under subsection (2) shall be made with the zoning board, zoning commission, or other commission appointed to recommend zoning regulations or, if there is no body exercising the powers of such a commission, with the legislative body of the city, village, township, or county.

259.205 Garage keeper lien.

Sec. 205. A garage keeper who in pursuance of any contract, expressed or implied, written or unwritten, furnishes any labor, material, or supplies has a lien upon any aircraft stored, maintained, supplied, or repaired by him or her for the proper charges due for the storage, maintenance, keeping, and repair of the aircraft and for gasoline or aviation fuel, electric current, or other accessories and supplies furnished or expenses bestowed or labor performed on the aircraft at the request or with the consent of the registered owner of the aircraft, whether the owner is a conditional sale vendee or a mortgagor remaining in possession or otherwise. The garage keeper may detain the aircraft at any time it is in his or her possession within 90 days after performing the last labor or furnishing the last supplies for which the lien is claimed. The lien, to the extent it is for labor and material

furnished in making repairs upon an aircraft, has priority over all other liens upon the aircraft.

259.205a Garage keeper lien; priority.

Sec. 205a. (1) If the vehicle subject to a lien under section 1 is an aircraft, the garage keeper's lien shall take priority over any prior lien unless the prior lienholder pays to the garage keeper the amount of the lien attributable to labor and materials, or the following applicable amount, whichever is less:

(a) $5,000.00 in the case of an aircraft that has a single engine of less than 150 horsepower.

(b) $10,000.00 in the case of an aircraft that has a single engine of 150 or more horsepower.

(c) $20,000.00 in the case of a multiengine, nonturbocharged aircraft, or an aircraft that is rated at less than 6,000 pounds maximum certificated gross takeoff weight.

(d) $40,000.00 in the case of a multiengine turbocharged aircraft, or an aircraft that is rated at 6,000 pounds or more maximum certificated gross takeoff weight.

(e) $100,000.00 in the case of a turboprop or turbojet aircraft.

(2) A payment made to a garage keeper under subsection (1) shall be added to the amount of the lien of the prior lienholder who made the payment, and shall be subtracted from the amount of the garage keeper's lien.

(3) The garage keeper's lien established in this act is the sole lien available to a garage keeper as to an aircraft, and the common law garage keeper's lien as to an aircraft is abolished.

259.205b Garage keeper lien; filing of lien claim; sale; notice; purchase; disposition of surplus.

Sec. 205b. (1) If the charges described in section 1 for an aircraft are not paid when due, the garage keeper may, within 60 days after the last work or service is performed, file with the federal aviation administration aircraft registry, a claim of lien, duly acknowledged, stating the name and address of the lien claimant, the amount due, and describing the aircraft by make, model, serial number, and registration number. If charges described in section 1 for an aircraft are not paid within 60 days after a claim of lien together with an itemized statement of the account is delivered to the registered owner of the aircraft by personal service or service by registered or certified mail addressed to the last known address of the registered owner of the aircraft, and a record of the lien described above has been filed with the federal aviation administration aircraft registry, the garage keeper may sell the aircraft at public auction. The sale shall be held not less than 20 days or more than 60 days after the expiration of the 60-day period.

(2) Not later than 20 days before any sale is held, the garage keeper shall give written notice of the time and place of the sale to the federal aviation administration aircraft registry, to any lienholder as shown by the records of the federal aviation administration aircraft registry, and to the registered owner of the aircraft. Notice to the federal aviation administration aircraft registry and the lienholders shall be given by first-class mail, addressed to the federal aviation administration aircraft registry, and to the address of the lienholders. Notice to the registered owner of the aircraft shall be given personally or by certified mail, directly to the last known address of the registered owner. Notice of the time and place of the sale also shall be posted in a conspicuous place at the place of the sale and at every airport within a 25-mile radius of the place of the sale.

(3) The garage keeper may bid for and purchase the aircraft at the sale. If the garage keeper directly or indirectly purchases the aircraft at the sale, the proceeds of the sale shall be determined to be either the amount paid by the garage keeper or the fair cash market value of the aircraft as determined by a neutral aircraft appraiser immediately before the time of sale, whichever is the greater.

(4) Any surplus received at the sale, after all charges of the garage keeper have been paid and satisfied and all costs of sale have been deducted, shall be returned to any lienholder who has a properly recorded security interest in the aircraft or part of the aircraft before distribution of the proceeds of the sale is complete, and the balance shall be returned to the registered owner of the aircraft.

Repeal of §§ 259.10, 259.10a, 259.11, 259.14a, 259.15, 259.15a, 259.15b, 259.16, 259.17, 259.17a, 259.17b, 259.18, 259.19, 259.20, 259.20a, 259.20a[1], 259.20b, 259.20c, 259.20d, 259.21, 259.21a, 259.21b, 259.21c, 259.22, 259.23, 259.24, 259.24a, 259.24b, 259.25, 259.25a, 259.25a[1], 259.25b, 259.25c, 259.25d, 259.25e, 259.86a, 259.86b, and 259.86c.

Enacting section 1. Sections 10, 10a, 11, 14a, 15, 15a, 15b, 16, 17, 17a, 17b, 18, 19, 20, 20a, 20a[1], 20b, 20c, 20d, 21, 21a, 21b, 21c, 22, 23, 24, 24a, 24b, 25, 25a, 25a[1], 25b, 25c, 25d, 25e, 86a, 86b, and 86c of the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.10, 259.10a, 259.11, 259.14a, 259.15, 259.15a, 259.15b, 259.16, 259.17, 259.17a, 259.17b, 259.18, 259.19, 259.20, 259.20a, 259.20a[1], 259.20b, 259.20c, 259.20d, 259.21, 259.21a, 259.21b, 259.21c, 259.22, 259.23, 259.24, 259.24a, 259.24b, 259.25, 259.25a, 259.25a[1], 259.25b, 259.25c, 259.25d, 259.25e, 259.86a, 259.86b, and 259.86c, are repealed.

Effective date.

Enacting section 2. This amendatory act takes effect May 15, 2002.

This act is ordered to take immediate effect.
Approved March 7, 2002.
Filed with Secretary of State March 7, 2002.

[No. 36]

(HB 5482)

AN ACT to provide for the formation, regulation, and registration of distance learning corporations; to prescribe their duties, rights, powers, immunities, and liabilities; and to provide for the powers and duties of certain state officers and entities.

The People of the State of Michigan enact:

390.1571 Short title.

Sec. 1. This act shall be known and may be cited as the "career development and distance learning act".

390.1572 Definitions.

Sec. 2. As used in this act:

(a) "Administrator" means that term as defined in section 105 of the nonprofit act, MCL 450.2105.

(b) "Community college" means a community college organized under the community college act of 1966, 1966 PA 331, MCL 389.1 to 389.195, or a federal tribally controlled community college that is recognized under the tribally controlled community college assistance act of 1978, Public Law 95-471, and is determined by the department of education to meet the requirements for accreditation by a recognized regional accrediting body.

(c) "Director" means the director of the department of career development or his or her designee.

(d) "Nonprofit act" means the nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192.

(e) "Public school" means a local school district, a local act school district, a public school academy, a university school, or an intermediate school district established under the revised school code, 1976 PA 451, MCL 380.1 to 380.1852.

(f) "Registered distance learning corporation" means a distance learning corporation incorporated under the nonprofit act and registered under this act.

(g) "State public university" means a university described in section 4, 5, or 6 of article VIII of the state constitution of 1963.

390.1573 Registered distance learning corporation; laws applicable to nonprofit corporations; tax exemption; registration.

Sec. 3. (1) A registered distance learning corporation is subject to the laws of this state applicable to nonprofit corporations, except as provided in this act.

(2) A registered distance learning corporation is a charitable and benevolent institution, and its funds and property are exempt from taxation by this state or any political subdivision of this state.

(3) A corporation shall not act as a registered distance learning corporation except as authorized by and pursuant to a registration issued by the director under this act.

390.1574 Articles of incorporation.

Sec. 4. (1) The articles of incorporation of a registered distance learning corporation shall contain all of the following:

(a) The purposes of the corporation, which shall include at least all of the following:

(*i*) To help promote the use of education technology to accelerate career and workforce development by improving the learning environment, stimulating innovative teaching methods, achieving accountability, and providing residents of this state with greater technology-based educational choices.

(*ii*) To promote technology-based education and training to public and private sector organizations, including, but not limited to, alternative models of education that emphasize partnerships between public education and the business sector.

(*iii*) To provide technology-based services that will enable distance learning education and training to flourish and prosper, including, but not limited to, providing selected industries with business and financial operations, human resource administration, resource development, research, marketing, technology coordination, digital library support, faculty training and development, and other student and academic support operations.

(*iv*) To support and encourage various collaborative efforts among educational institutions, businesses, nonprofit organizations, and government agencies to meet the training and educational needs of the state's workforce.

(*v*) To establish, acquire, or participate in or with other persons that further the purposes of the registered distance learning corporation.

(b) A provision that the board shall include 4 members who are appointed as follows:

(*i*) Two board members appointed by the governor with the advice and consent of the senate.

(*ii*) One board member appointed by the governor from a list of 5 names submitted by the majority leader of the senate.

(*iii*) One board member appointed by the governor from a list of 5 names submitted by the speaker of the house of representatives.

(c) A provision that the board of directors shall consist of the following individuals:

(*i*) The 4 appointed board members described in subdivision (b).

(*ii*) At least 1 board member representing state public universities.

(*iii*) At least 1 board member representing community colleges.

(*iv*) At least 1 board member representing public schools.

(*v*) At least 1 board member representing independent nonprofit degree-granting colleges and universities located in this state.

(*vi*) At least 5 board members representing the private sector.

(d) A provision that the corporation is not an educational corporation for purposes of sections 170 to 177 of 1931 PA 327, MCL 450.170 to 450.177.

(2) A corporation applying for registration as a registered distance learning corporation shall submit its articles of incorporation and any amendments to its articles of incorporation or restated articles of incorporation to the attorney general for examination. The attorney general shall review the articles or amendments within 60 days, and if the attorney general finds that the articles or amendments comply with this act, the attorney general shall certify this finding to the director.

(3) In addition to any fee required in the nonprofit act, a corporation applying for registration as a registered distance learning corporation shall pay the following fees, which shall be deposited in the state treasury:

(a) A fee of $100.00 to the attorney general for the examination described in subsection (2).

(b) A fee of $500.00 to the director for the examination and registration described in section 5.

390.1575 Registration; requirements.

Sec. 5. (1) To apply for registration as a registered distance learning corporation, a corporation shall file all of the following with the director:

(a) A copy of the articles of incorporation of the corporation, certified by the administrator.

(b) The certificate of the attorney general required under section 4(2). This requirement is waived if the corporation submitted the articles of incorporation under section 4(2) and the attorney general does not act under section 4(2) to certify the articles within 60 days.

(c) A general plan of the proposed activities of the corporation.

(d) A copy of the financial statements of the corporation.

(e) A copy of the bylaws of the corporation.

(2) The director shall examine the documents filed under subsection (1), may conduct any investigation which he or she considers necessary, may request additional oral and written information from the corporation, and may examine under oath any persons interested in or connected with the distance learning corporation seeking registration.

(3) The director shall register a corporation as a registered distance learning corporation if all of the following are met:

(a) The documents filed under subsection (1) are in proper form.

(b) The articles of incorporation of the corporation contain the provisions required under section 4.

(c) The corporation has been in existence for distance learning purposes for 3 years or more at the time it applies for registration.

(d) The internal revenue service has determined that the corporation is exempt from taxation under section 501(c)(3) of the internal revenue code of 1986.

(4) If the director registers a corporation as a registered distance learning corporation under subsection (3), the director shall do both of the following:

(a) Return to the corporation 1 copy of the articles of incorporation, certified that the corporation is a registered distance learning corporation.

(b) Deliver to the administrator a certificate that the corporation is a registered distance learning corporation.

390.1576 Acquiring, holding, and disposing funds and property.

Sec. 6. A registered distance learning corporation shall acquire, hold, and dispose of its funds and property only for the lawful purposes of the corporation and for the benefit of the public. A registered distance learning corporation shall conduct its activities, including acquiring, holding, and disposing of funds and property, in a manner within the scope of the purposes of the corporation as specifically set forth in its articles and consistent with this act.

390.1577 Registered distance learning corporation; powers.

Sec. 7. (1) Subject to the limits contained in this act, the nonprofit act, any other law of this state, or in its articles of incorporation, a registered distance learning corporation may do any act consistent with 1 or more of the purposes of the corporation, including, but not limited to, 1 or more of the following:

(a) Engage in experimental distance learning projects.

(b) Provide training and distance learning services and professional development programs to government employees.

(c) Accept gifts, grants, appropriations, donations, fees for services, royalties, or other payments or property from any source.

(d) In administering any publicly supported distance learning plan, contract or subcontract with any organization that administers or furnishes distance learning services to any federal, state, or local government, agency, or political subdivision.

(e) Make grants for the public welfare.

(f) Participate with any other public or private entity in any transaction the corporation has the power to conduct by itself.

(g) Obtain, hold, and dispose of patents, trademarks, copyrights, or other intellectual property rights in any invention, idea, good, service, or other tangible or intangible

property subject to protection under any applicable intellectual property law, including, but not limited to, property created or developed by an employee of or a person under contract with the corporation.

(h) Offer educators opportunities to learn new knowledge, skills, and strategies for developing and delivering instructional services.

(i) Grant credits, degrees, or high school diplomas only through dual enrollment programs with educational institutions that are authorized to grant credits, degrees, or high school diplomas in this state.

(2) If an act of a registered distance learning corporation is otherwise legal, it is not invalid because the corporation was without capacity or power to do the act. However, the lack of capacity or power may be asserted in any of the following actions:

(a) An action by a board member against the corporation to enjoin an act.

(b) An action by or in the right of the corporation to procure a judgment in its favor against an incumbent or former officer or board member of the corporation for loss or damage due to an unauthorized act of that officer or board member.

(c) An action or special proceeding by the attorney general to enjoin the corporation from the transacting of unauthorized business, to set aside an unauthorized transaction, or to obtain other equitable relief.

(3) A registered distance learning corporation is not and shall not act in this state as a public school or postsecondary degree-granting institution and shall not independently grant degrees or high school diplomas.

390.1578 Complaint alleging violation of act; hearing; determination; cease and desist order; actions.

Sec. 8. (1) If a sworn complaint alleging a violation of this act by a registered distance learning corporation is filed with the director, the director may hold a hearing to consider the alleged violation of this act.

(2) If the director after a hearing determines that the registered distance learning corporation is violating or has violated this act, the director shall reduce his or her findings and decision to writing and shall issue and serve upon the corporation a copy of the findings and an order requiring the corporation to cease and desist from engaging in the prohibited activity.

(3) If a registered distance learning corporation violates a cease and desist order of the director issued under subsection (2), the director after notice and an opportunity for a hearing may by order revoke the registration of the corporation under this act. However, if the corporation shows by a preponderance of the evidence that the prohibited activity described in the cease and desist order resulted from a bona fide error that violated a policy or procedure of the corporation intended to prevent that error, the director shall not revoke the registration but may require that the corporation take specified remedial action. The corporation shall comply with any remedial action that the director requires.

(4) After notice and an opportunity for hearing, the director at any time may by order reopen and alter, modify, or set aside, all or part of an order issued by him or her under this section, if in his or her opinion conditions of fact or of law have so changed as to require that action or if the public interest requires that action.

390.1579 Confidentiality of information.

Sec. 9. (1) To ensure the confidentiality of records containing personal data associated with identifiable individuals, a registered distance learning corporation shall use reasonable

care to secure these records from unauthorized access and to collect only personal data that is necessary for the proper operation of the corporation.

(2) A registered distance learning corporation shall adopt appropriate practices and procedures concerning confidential information in compliance with applicable law.

(3) A registered distance learning corporation may enter into agreements with public and private persons to protect trade secrets, tests and test scores, proprietary information, and other information the disclosure of which would jeopardize the privacy or property rights of another person. Information subject to an agreement under this subsection in the possession of a public body is not subject to disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

This act is ordered to take immediate effect.

AN ACT to amend 1956 PA 218, entitled "An act to revise, consolidate, and classify the laws relating to the insurance and surety business; to regulate the incorporation or formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention

authority to reduce the number of automobile thefts in this state; to prescribe the powers and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending sections 2468 and 2662 (MCL 500.2468 and 500.2662).

The People of the State of Michigan enact:

500.2468 Examination of rating organizations; report.

Sec. 2468. (1) The commissioner may make or cause to be made an examination of each rating organization licensed in this state under section 2436, each advisory organization referred to in section 2462, and of each group, association, or other organization referred to in section 2464. The reasonable costs of the examination shall be paid by the rating organization, advisory organization, or group, association, or other organization examined upon presentation to it of a detailed account of those costs. The officer, manager, agents, and employees of the rating organization, advisory organization, or group, association, or other organization may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation. The examination is subject to the procedure provided for in section 222 relating to examinations of insurance companies.

(2) Instead of an examination under subsection (1), the commissioner may accept the report of an examination made by the insurance supervisory official of another state, pursuant to the laws of that state.

500.2662 Examination of rating advisory organizations; report.

Sec. 2662. (1) The commissioner may make or cause to be made an examination of each rating organization licensed in this state under section 2630, each advisory organization referred to in section 2654, and of each group, association, or other organization referred to in section 2658. The reasonable costs of the examination shall be paid by the rating organization, advisory organization, or group, association, or other organization examined upon presentation to it of a detailed account of those costs. The officers, managers, agents, and employees of the rating organization, advisory organization, or group, association, or other organization may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation. The examination is subject to the procedure provided for in section 222 relating to examinations of insurance companies.

(2) Instead of an examination under subsection (1), the commissioner may accept the report of an examination made by the insurance supervisory official of another state, pursuant to the laws of that state.

formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention authority to reduce the number of automobile thefts in this state; to prescribe the powers and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending section 3114 (MCL 500.3114), as amended by 1984 PA 372.

The People of the State of Michigan enact:

500.3114 Persons entitled to personal protection insurance benefits or personal injury benefits; recoupment barred; order of priority for claim of motor vehicle occupant or motorcycle operator or passenger; 2 or more insurers in same order of priority; partial recoupment.

Sec. 3114. (1) Except as provided in subsections (2), (3), and (5), a personal protection insurance policy described in section 3101(1) applies to accidental bodily injury to the person named in the policy, the person's spouse, and a relative of either domiciled in the same household, if the injury arises from a motor vehicle accident. A personal injury insurance policy described in section 3103(2) applies to accidental bodily injury to the person named in the policy, the person's spouse, and a relative of either domiciled in the same household, if the injury arises from a motorcycle accident. When personal protection insurance benefits or personal injury benefits described in section 3103(2) are payable to

or for the benefit of an injured person under his or her own policy and would also be payable under the policy of his or her spouse, relative, or relative's spouse, the injured person's insurer shall pay all of the benefits and is not entitled to recoupment from the other insurer.

(2) A person suffering accidental bodily injury while an operator or a passenger of a motor vehicle operated in the business of transporting passengers shall receive the personal protection insurance benefits to which the person is entitled from the insurer of the motor vehicle. This subsection does not apply to a passenger in the following, unless that passenger is not entitled to personal protection insurance benefits under any other policy:

(a) A school bus, as defined by the department of education, providing transportation not prohibited by law.

(b) A bus operated by a common carrier of passengers certified by the department of transportation.

(c) A bus operating under a government sponsored transportation program.

(d) A bus operated by or providing service to a nonprofit organization.

(e) A taxicab insured as prescribed in section 3101 or 3102.

(f) A bus operated by a canoe or other watercraft, bicycle, or horse livery used only to transport passengers to or from a destination point.

(3) An employee, his or her spouse, or a relative of either domiciled in the same household, who suffers accidental bodily injury while an occupant of a motor vehicle owned or registered by the employer, shall receive personal protection insurance benefits to which the employee is entitled from the insurer of the furnished vehicle.

(4) Except as provided in subsections (1) to (3), a person suffering accidental bodily injury arising from a motor vehicle accident while an occupant of a motor vehicle shall claim personal protection insurance benefits from insurers in the following order of priority:

(a) The insurer of the owner or registrant of the vehicle occupied.

(b) The insurer of the operator of the vehicle occupied.

(5) A person suffering accidental bodily injury arising from a motor vehicle accident which shows evidence of the involvement of a motor vehicle while an operator or passenger of a motorcycle shall claim personal protection insurance benefits from insurers in the following order of priority:

(a) The insurer of the owner or registrant of the motor vehicle involved in the accident.

(b) The insurer of the operator of the motor vehicle involved in the accident.

(c) The motor vehicle insurer of the operator of the motorcycle involved in the accident.

(d) The motor vehicle insurer of the owner or registrant of the motorcycle involved in the accident.

(6) If 2 or more insurers are in the same order of priority to provide personal protection insurance benefits under subsection (5), an insurer paying benefits due is entitled to partial recoupment from the other insurers in the same order of priority, together with a reasonable amount of partial recoupment of the expense of processing the claim, in order to accomplish equitable distribution of the loss among all of the insurers.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," (MCL 380.1 to 380.1852) by adding section 1139.

The People of the State of Michigan enact:

380.1139 Access to high school pupil directory by armed forces recruiting representatives.

Sec. 1139. (1) Except as otherwise provided in subsection (2), the school officials of a public high school shall provide at least the same access to the high school campus and to pupil directory information of the pupils enrolled in the high school as is provided to other entities offering educational or employment opportunities to official recruiting representatives of all of the following for the purpose of informing pupils of educational and career opportunities available in the following:

(a) The armed forces of the United States.

(b) The service academies of the armed forces of the United States.

(2) If a high school pupil or the parent or legal guardian of a high school pupil submits a signed, written request to school officials of a public high school that indicates that the pupil or the parent or legal guardian does not want the pupil's directory information to be accessible to official recruiting representatives under subsection (1), then the school officials of the high school shall not allow that access to the pupil's directory information. The governing board of the school district, intermediate school district, or public school academy operating the high school shall ensure that pupils and parents and guardians are notified of the provisions of this subsection.

(3) The school officials of a public high school shall provide any public notice required to be given under section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 U.S.C. 1232g, commonly referred to as the family educational rights and privacy act of 1974, in order to comply with this section and federal law.

(4) The school officials of a public high school may require an official recruiting representative described in subsection (1) to pay a fee, not to exceed the actual costs incurred by the high school, for copying and mailing pupil directory information under this section.

(5) An official recruiting representative who receives pupil directory information under this section shall use that information only to provide information to pupils

concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives pupil directory information under this section shall not release that information to a person who is not involved in recruiting pupils for the armed forces of the United States or the service academies of the armed forces of the United States.

(6) Public schools are encouraged to assign 1 or more school employees to notify male pupils age 18 or older that they are required to register for the selective service.

(7) The armed forces of the United States are encouraged to work with each other to develop and use a standardized form for requesting access to a high school campus and for requesting a time for the access.

(8) As used in this section:

(a) "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States coast guard.

(b) "Pupil directory information" means a pupil's name and address and, if it is a listed or published telephone number, the pupil's telephone number.

This act is ordered to take immediate effect.
Approved March 11, 2002.

(HB 4690)

AN ACT to enter into the interstate compact for the supervision of adult offenders; and for related purposes.

The People of the State of Michigan enact:

3.1011 Short title.

Sec. 1. This act shall be known and may be cited as the "interstate compact for adult offender supervision".

3.1012 Interstate compact for supervision of adult offenders; form.

Sec. 2. The interstate compact for the supervision of adult offenders is enacted into law and entered into with all jurisdictions legally joining in the compact, in the form substantially as follows:

ARTICLE I

PURPOSE

The compacting states to this interstate compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the bylaws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary, return offenders to the originating jurisdictions. The compacting states also recognize that

congress, by enacting the crime control act, 4 U.S.C. section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the interstate commission created hereunder, through means of joint and cooperative action among the compacting states, to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits, and obligations of the compact among the compacting states. In addition, this compact will create an interstate commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections, or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils, state executive, judicial, and legislative branches, and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity. The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and bylaws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the interstate commission created herein are the formation of public policies and are therefore public business.

ARTICLE II

DEFINITIONS

As used in this compact, unless the context clearly requires a different construction:

(a) "Adult" means both individuals legally classified as adults and juveniles treated as adults by court order, statute, or operation of law.

(b) "Bylaws" means those bylaws established by the interstate commission for its governance, or for directing or controlling the interstate commission's actions or conduct.

(c) "Compact administrator" means the individual in each compacting state appointed pursuant to the terms of this compact responsible for the administration and management of the state's supervision and transfer of offenders subject to the terms of this compact, the rules adopted by the interstate commission, and policies adopted by the state council under this compact.

(d) "Compacting state" means any state which has enacted the enabling legislation for this compact.

(e) "Commissioner" means the voting representative of each compacting state appointed pursuant to article III of this compact.

(f) "Interstate commission" means the interstate commission for adult offender supervision established by this compact.

(g) "Member" means the commissioner of a compacting state or designee, who shall be a person officially connected with the commissioner.

(h) "Noncompacting state" means any state which has not enacted the enabling legislation for this compact.

(i) "Offender" means an adult placed under, or subject to, supervision as the result of the commission of a criminal offense and released to the community under the jurisdiction of courts, paroling authorities, corrections, or other criminal justice agencies.

(j) "Person" means any individual, corporation, business enterprise, or other legal entity, either public or private.

(k) "Rules" means acts of the interstate commission, duly promulgated pursuant to article VIII of this compact, substantially affecting interested parties in addition to the interstate commission, which shall have the force and effect of law in the compacting states.

(*l*) "State" means a state of the United States, the District of Columbia, and any other territorial possessions of the United States.

(m) "State council" means the resident members of the state council for interstate adult offender supervision created by each state under article III of this compact.

ARTICLE III

THE COMPACT COMMISSION

The compacting states hereby create the "interstate commission for adult offender supervision". The interstate commission shall be a body corporate and joint agency of the compacting states. The interstate commission shall have all the responsibilities, powers, and duties set forth herein, including the power to sue and be sued, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

The interstate commission shall consist of commissioners selected and appointed by resident members of a state council for interstate adult offender supervision for each state. In addition to the commissioners who are the voting representatives of each state, the interstate commission shall include individuals who are not commissioners but who are members of interested organizations; such noncommissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, and crime victims. All noncommissioner members of the interstate commission shall be ex officio (nonvoting) members. The interstate commission may provide in its bylaws for such additional, ex officio, nonvoting members as it deems necessary.

Each compacting state represented at any meeting of the interstate commission is entitled to 1 vote. A majority of the compacting states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission. The interstate commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of 27 or more compacting states, shall call additional meetings. Public notice shall be given of all meetings and meetings shall be open to the public.

The interstate commission shall establish an executive committee which shall include commission officers, members, and others as shall be determined by the bylaws. The executive committee shall have the power to act on behalf of the interstate commission during periods when the interstate commission is not in session, with the exception of

rule-making and/or amendment to the compact. The executive committee oversees the day-to-day activities managed by the executive director and interstate commission staff; administers enforcement and compliance with the provisions of the compact, its bylaws and as directed by the interstate commission; and performs other duties as directed by the commission or set forth in the bylaws.

ARTICLE IV

THE STATE COUNCIL

Each member state shall create a state council for interstate adult offender supervision which shall be responsible for the appointment of the commissioner who shall serve on the interstate commission from that state. Each state council shall appoint as its commissioner the compact administrator from that state to serve on the interstate commission in such capacity under or pursuant to applicable law of the member state. While each member state may determine the membership of its own state council, its membership must include at least 1 representative from the legislative, judicial, and executive branches of government, victims groups, and compact administrators. Each compacting state retains the right to determine the qualifications of the compact administrator who shall be appointed by the state council or by the governor in consultation with the legislature and the judiciary. In addition to appointment of its commissioner to the national interstate commission, each state council shall exercise oversight and advocacy concerning its participation in interstate commission activities and other duties as may be determined by each member state, including, but not limited to, development of policy concerning operations and procedures of the compact within that state.

ARTICLE V

POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The interstate commission shall have the following powers:

(a) To adopt a seal and suitable bylaws governing the management and operation of the interstate commission.

(b) To promulgate rules which shall have the force and effect of statutory law and shall be binding in the compacting states to the extent and in the manner provided in this compact.

(c) To oversee, supervise, and coordinate the interstate movement of offenders subject to the terms of this compact and any bylaws adopted and rules promulgated by the compact commission.

(d) To enforce compliance with compact provisions, interstate commission rules, and bylaws, using all necessary and proper means, including, but not limited to, the use of judicial process.

(e) To establish and maintain offices.

(f) To purchase and maintain insurance and bonds.

(g) To borrow, accept, or contract for services of personnel, including, but not limited to, members and their staffs.

(h) To establish and appoint committees and hire staff which it deems necessary for the carrying out of its functions, including, but not limited to, an executive committee as required by article III which shall have the power to act on behalf of the interstate commission in carrying out its powers and duties hereunder.

(i) To elect or appoint such officers, attorneys, employees, agents, or consultants, and to fix their compensation, define their duties, and determine their qualifications; and to establish the interstate commission's personnel policies and programs relating to, among other things, conflicts of interest, rates of compensation, and qualifications of personnel.

(j) To accept any and all donations and grants of money, equipment, supplies, materials, and services and to receive, utilize, and dispose of same.

(k) To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed.

(*l*) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed.

(m) To establish a budget and make expenditures and levy duties as provided in article X of this compact.

(n) To sue and be sued.

(o) To provide for dispute resolution among compacting states.

(p) To perform such functions as may be necessary or appropriate to achieve the purposes of this compact.

(q) To report annually to the legislatures, governors, judiciary, and state councils of the compacting states concerning the activities of the interstate commission during the preceding year. Such reports shall also include any recommendations that may have been adopted by the interstate commission.

(r) To coordinate education, training, and public awareness regarding the interstate movement of offenders for officials involved in such activity.

(s) To establish uniform standards for the reporting, collecting, and exchanging of data.

ARTICLE VI

ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

Section A. Bylaws

The interstate commission shall, by a majority of the members, within 12 months of the first interstate commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including, but not limited to:

(a) Establishing the fiscal year of the interstate commission.

(b) Establishing an executive committee and such other committees as may be necessary.

(c) Providing reasonable standards and procedures:

(*i*) For the establishment of committees.

(*ii*) Governing any general or specific delegation of any authority or function of the interstate commission.

(d) Providing reasonable procedures for calling and conducting meetings of the interstate commission and ensuring reasonable notice of each such meeting.

(e) Establishing the titles and responsibilities of the officers of the interstate commission.

(f) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the interstate commission. Notwithstanding any civil

service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the interstate commission.

(g) Providing a mechanism for winding up the operations of the interstate commission and the equitable return of any surplus funds that may exist upon the termination of the compact after the payment and/or reserving of all of its debts and obligations.

(h) Providing transition rules for "start-up" administration of the compact.

(i) Establishing standards and procedures for compliance and technical assistance in carrying out the compact.

Section B. Officers and Staff

The interstate commission shall, by a majority of the members, elect from among its members a chairperson and a vice chairperson, each of whom shall have such authorities and duties as may be specified in the bylaws. The chairperson or, in his or her absence or disability, the vice chairperson shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for any actual and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the interstate commission.

The interstate commission shall, through its executive committee, appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission and hire and supervise such other staff as may be authorized by the interstate commission, but shall not be a member.

Section C. Corporate Records of the Interstate Commission

The interstate commission shall maintain its corporate books and records in accordance with the bylaws.

Section D. Qualified Immunity, Defense, and Indemnification

The members, officers, executive director, and employees of the interstate commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person. The interstate commission shall defend the commissioner of a compacting state, or his or her representatives or employees, or the interstate commission's representatives or employees, in any civil action seeking to impose liability, arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from intentional wrongdoing on the part of such person.

The interstate commission shall indemnify and hold the commissioner of a compacting state, the appointed designee or employees, or the interstate commission's representatives or employees, harmless in the amount of any settlement or judgment obtained against

such persons arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided, that the actual or alleged act, error, or omission did not result from gross negligence or intentional wrongdoing on the part of such person.

ARTICLE VII

ACTIVITIES OF THE INTERSTATE COMMISSION

The interstate commission shall meet and take such actions as are consistent with the provisions of this compact.

Except as otherwise provided in this compact and unless a greater percentage is required by the bylaws, in order to constitute an act of the interstate commission, such act shall have been taken at a meeting of the interstate commission and shall have received an affirmative vote of a majority of the members present.

Each member of the interstate commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the interstate commission. A member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a state council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the member state at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone, or other means of telecommunication or electronic communication, shall be subject to the same quorum requirements of meetings where members are present in person.

The interstate commission shall meet at least once during each calendar year. The chairperson of the interstate commission may call additional meetings at any time and, upon the request of a majority of the members, shall call additional meetings.

The interstate commission's bylaws shall establish conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. In promulgating such rules, the interstate commission may make available to law enforcement agencies records and information otherwise exempt from disclosure, and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

Public notice shall be given of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The interstate commission shall promulgate rules consistent with the principles contained in the "government in sunshine act", 5 U.S.C. section 552(b), as may be amended. The interstate commission and any of its committees may close a meeting to the public where it determines by 2/3 vote that an open meeting would be likely to:

(a) Relate solely to the interstate commission's internal personnel practices and procedures.

(b) Disclose matters specifically exempted from disclosure by statute.

(c) Disclose trade secrets or commercial or financial information which is privileged or confidential.

(d) Involve accusing any person of a crime or formally censuring any person.

(e) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy.

(f) Disclose investigatory records compiled for law enforcement purposes.

(g) Disclose information contained in or related to examination, operating or condition reports prepared by, or on behalf of or for the use of, the interstate commission with respect to a regulated entity for the purpose of regulation or supervision of such entity.

(h) Disclose information, the premature disclosure of which would significantly endanger the life of a person or the stability of a regulated entity.

(i) Specifically relate to the interstate commission's issuance of a subpoena or its participation in a civil action or proceeding.

For every meeting closed pursuant to this provision, the interstate commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The interstate commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

The interstate commission shall collect standardized data concerning the interstate movement of offenders as directed through its bylaws and rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements.

ARTICLE VIII

RULE-MAKING FUNCTIONS OF THE INTERSTATE COMMISSION

The interstate commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states.

Rule-making shall occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant thereto. Such rule-making shall substantially conform to the principles of the federal administrative procedure act, 5 U.S.C.S. section 551 et seq., and the federal advisory committee act, 5 U.S.C.S. app. 2, section 1 et seq., as may be amended (hereinafter "APA"). All rules and amendments shall become binding as of the date specified in each rule or amendment.

If a majority of the legislatures of the compacting states reject a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

When promulgating a rule, the interstate commission shall:

(a) Publish the proposed rule stating with particularity the text of the rule which is proposed and the reason for the proposed rule.

(b) Allow persons to submit written data, facts, opinions, and arguments, which information shall be publicly available.

(c) Provide an opportunity for an informal hearing.

(d) Promulgate a final rule and its effective date, if appropriate, based on the rule-making period.

Not later than 60 days after a rule is promulgated, any interested person may file a petition in the United States district court for the District of Columbia or in the federal district court where the interstate commission's principal office is located for judicial review of such rule. If the court finds that the interstate commission's action is not supported by substantial evidence (as defined in the APA), in the rule-making record, the court shall hold the rule unlawful and set it aside. Subjects to be addressed within 12 months after the first meeting must, at a minimum, include:

(a) Notice to victims and opportunity to be heard.

(b) Offender registration and compliance.

(c) Violations/returns.

(d) Transfer procedures and forms.

(e) Eligibility for transfer.

(f) Collection of restitution and fees from offenders.

(g) Data collection and reporting.

(h) The level of supervision to be provided by the receiving state.

(i) Transition rules governing the operation of the compact and the interstate commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact.

(j) Mediation, arbitration, and dispute resolution.

The existing rules governing the operation of the previous compact superseded by this act shall be null and void 12 months after the first meeting of the interstate commission created hereunder.

Upon determination by the interstate commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rule-making procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

ARTICLE IX

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION BY THE INTERSTATE COMMISSION

Section A. Oversight

The interstate commission shall oversee the interstate movement of adult offenders in the compacting states and shall monitor such activities being administered in noncompacting states which may significantly affect compacting states.

The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the interstate commission, the interstate commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes.

Section B. Dispute Resolution

The compacting states shall report to the interstate commission on issues or activities of concern to them and cooperate with and support the interstate commission in the discharge of its duties and responsibilities.

The interstate commission shall attempt to resolve any disputes or other issues which are subject to the compact and which may arise among compacting states and noncompacting states.

The interstate commission shall enact a bylaw or promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

Section C. Enforcement

The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact using any or all means set forth in article XII, section B, of this compact.

ARTICLE X

FINANCE

The interstate commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

The interstate commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

The interstate commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the interstate commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the interstate commission.

ARTICLE XI

COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

Any state, as defined in article II of this compact, is eligible to become a compacting state. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the thirty-fifth jurisdiction. Thereafter, it shall become effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of nonmember states or their designees will be invited to participate in interstate commission activities on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

Amendments to the compact may be proposed by the interstate commission for enactment by the compacting states. No amendment shall become effective and binding

upon the interstate commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XII

WITHDRAWAL, DEFAULT, TERMINATION, AND JUDICIAL ENFORCEMENT

Section A. Withdrawal

Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the compact into law.

The effective date of withdrawal is the effective date of the repeal.

The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extends beyond the effective date of withdrawal.

Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

Section B. Default

If the interstate commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the bylaws, or any duly promulgated rules, the interstate commission may impose any or all of the following penalties:

(a) Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the interstate commission.

(b) Remedial training and technical assistance as directed by the interstate commission.

(c) Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted. Immediate notice of suspension shall be given by the interstate commission to the governor, the chief justice or chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council.

The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, interstate commission bylaws, or duly promulgated rules. The interstate commission shall immediately notify the defaulting state in writing of the penalty imposed by the interstate commission on the defaulting state pending a cure of the default. The interstate commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the interstate commission, in addition to any other penalties imposed herein, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of suspension. Within 60 days of

the effective date of termination of a defaulting state, the interstate commission shall notify the governor, the chief justice or chief judicial officer, and the majority and minority leaders of the defaulting state's legislature and the state council of such termination.

The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The interstate commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the interstate commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the interstate commission pursuant to the rules.

Section C. Judicial Enforcement

The interstate commission may, by majority vote of the members, initiate legal action in the United States district court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its offices to enforce compliance with the provisions of the compact, its duly promulgated rules and bylaws, against any compacting state in default. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

Section D. Dissolution of Compact

The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to 1 compacting state. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws.

ARTICLE XIII

SEVERABILITY AND CONSTRUCTION

The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

The provisions of this compact shall be liberally constructed to effectuate its purposes.

ARTICLE XIV

BINDING EFFECT OF COMPACT AND OTHER LAWS

Section A. Other Laws

Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact. All compacting states' laws conflicting with this compact are superseded to the extent of the conflict.

Section B. Binding Effect of the Compact

All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the compacting states. All agreements between the interstate commission and the compacting states are binding in accordance with their terms.

Upon the request of a party to a conflict over meaning or interpretation of interstate commission actions, and upon a majority vote of the compacting states, the interstate commission may issue advisory opinions regarding such meaning or interpretation. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the interstate commission shall be ineffective and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

This act is ordered to take immediate effect.

(HB 5337)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 722 (MCL 257.722), as amended by 2000 PA 6.

The People of the State of Michigan enact:

257.722 Maximum axle load; normal loading maximum; designating highways as adequate for heavier loading; restrictions as to tandem axle assemblies; exceptions; normal size of tires; maximum wheel load; reduction of maximum axle load on concrete pavements during March, April, and May; exemptions; suspension of restrictions; determination of gross vehicle weight and axle weights; designation of highways for operation of certain vehicles; definition.

Sec. 722. (1) The maximum axle load shall not exceed the number of pounds designated in the following provisions that prescribe the distance between axles:

(a) If the axle spacing is 9 feet or more between axles, the maximum axle load shall not exceed 18,000 pounds for vehicles equipped with high pressure pneumatic or balloon tires.

(b) If the axle spacing is less than 9 feet between 2 axles but more than 3-1/2 feet, the maximum axle load shall not exceed 13,000 pounds for high pressure pneumatic or balloon tires.

(c) If the axles are spaced less than 3-1/2 feet apart, the maximum axle load shall not exceed 9,000 pounds per axle.

(d) Subdivisions (a), (b), and (c) shall be known as the normal loading maximum.

(2) When normal loading is in effect, the state transportation department, or a local authority with respect to highways under its jurisdiction, may designate certain highways, or sections of those highways, where bridges and road surfaces are adequate for heavier loading, and revise a designation as needed, on which the maximum tandem axle assembly loading shall not exceed 16,000 pounds for any axle of the assembly, if there is no other axle within 9 feet of any axle of the assembly.

(3) On a legal combination of vehicles, only 1 tandem axle assembly shall be permitted on the designated highways at the gross permissible weight of 16,000 pounds per axle, if there is no other axle within 9 feet of any axle of the assembly, and if no other tandem axle assembly in the combination of vehicles exceeds a gross weight of 13,000 pounds per axle. On a combination of truck tractor and semitrailer having not more than 5 axles, 2 consecutive tandem axle assemblies shall be permitted on the designated highways at a gross permissible weight of 16,000 pounds per axle, if there is no other axle within 9 feet of any axle of the assembly.

(4) Notwithstanding subsection (3), on a combination of truck tractor and semitrailer having not more than 5 axles, 2 consecutive sets of tandem axles may carry a gross permissible weight of not to exceed 17,000 pounds on any axle of the tandem axles if there is no other axle within 9 feet of any axle of the tandem axles and if the first and last axles of the consecutive sets of tandem axles are not less than 36 feet apart and the gross vehicle weight does not exceed 80,000 pounds to pick up and deliver agricultural commodities between the national truck network or special designated highways and any other highway. This subsection is not subject to the maximum axle loads of subsections (1), (2), and (3). For purposes of this subsection, a "tandem axle" means 2 axles spaced more than 40 inches but not more than 96 inches apart or 2 axles spaced more than 3-1/2 feet but less than 9 feet apart. This subsection does not apply during that period when reduced maximum loads are in effect pursuant to subsection (7). This subsection does not apply after December 31, 2006.

(5) The exception to the loading maximums and gross vehicle weight requirements of subsection (11) under subsection (7) for a person hauling agricultural commodities or a public utility vehicle applies only if the person who picks up or delivers the agricultural commodity either from a farm or to a farm or the public utility notifies the county road commission for roads under its authority not less than 48 hours before the pickup or delivery of the time and location of the pickup or delivery. The county road commission shall issue a permit to the person or the public utility and charge a fee that does not exceed the administrative costs incurred. The permit shall contain the following:

(a) The designated route or routes of travel for the load.

(b) The date and time period requested by the person who picks up or delivers the agricultural commodities or the public utility during which the load may be delivered or picked up.

(c) A maximum speed limit of travel, if necessary.

(d) Any other specific conditions agreed to between the parties.

(6) The normal size of tires shall be the rated size as published by the manufacturers, and the maximum wheel load permissible for any wheel shall not exceed 700 pounds per inch of width of tire.

(7) Except as provided in this subsection and subsection (8), during the months of March, April, and May in each year, the maximum axle load allowable on concrete pavements or pavements with a concrete base shall be reduced by 25% from the maximum axle load as specified in this chapter, and the maximum axle loads allowable on all other types of roads during these months shall be reduced by 35% from the maximum axle loads as specified. The maximum wheel load shall not exceed 525 pounds per inch of tire width on concrete and concrete base or 450 pounds per inch of tire width on all other roads during the period the seasonal road restrictions are in effect. This subsection does not apply to vehicles transporting agricultural commodities or public utility vehicles on a highway, road, or street under the jurisdiction of a local road agency.

(8) The state transportation department for roads under its jurisdiction and a county road commission for roads under its jurisdiction may grant exemptions from seasonal weight restrictions for milk on specified routes when requested in writing. Approval or denial of a request for an exemption shall be given by written notice to the applicant within 30 days after the date of submission of the application. If a request is denied, the written notice shall state the reason for denial and alternate routes for which the permit may be issued. The applicant shall have the right to appeal to the state transportation commission or the county road commission. These exemptions shall not apply on county roads in counties that have negotiated agreements with milk haulers or haulers of other commodities during periods of seasonal load limits before April 14, 1993. This subsection does not limit the ability of these counties to continue to negotiate such agreements.

(9) The state transportation department, or a local authority with respect to highways under its jurisdiction, may in its discretion suspend the restrictions imposed by this section when and where conditions of the highways or the public health, safety, and welfare warrant suspension, and impose the restricted loading requirements of this section on designated highways at any other time that the conditions of the highway require.

(10) For the purpose of enforcement of this act, the gross vehicle weight of a single vehicle and load or a combination of vehicles and loads, shall be determined by weighing individual axles or groups of axles, and the total weight on all the axles shall be the gross vehicle weight. In addition, the gross axle weight shall be determined by weighing individual axles or by weighing a group of axles and dividing the gross weight of the group of axles by the number of axles in the group. Pursuant to subsection (11), the overall gross weight on a group of 2 or more axles shall be determined by weighing individual axles or several axles, and the total weight of all the axles in the group shall be the overall gross weight of the group.

(11) The loading maximum in this subsection applies to interstate highways, and the state transportation department, or a local authority with respect to highways under its jurisdiction, may designate a highway, or a section of a highway, for the operation of vehicles having a gross vehicle weight of not more than 80,000 pounds that are subject to the following load maximums:

(a) Twenty thousand pounds on any 1 axle, including all enforcement tolerances.

(b) A tandem axle weight of 34,000 pounds, including all enforcement tolerances.

(c) An overall gross weight on a group of 2 or more consecutive axles equaling:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

where W = overall gross weight on a group of 2 or more consecutive axles to the nearest 500 pounds, L = distance in feet between the extreme of a group of 2 or more consecutive axles, and N = number of axles in the group under consideration; except that 2 consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the first and last axles of the consecutive sets of tandem axles are not less than 36 feet apart. The gross vehicle weight shall not exceed 80,000 pounds including all enforcement tolerances. Except for 5 axle truck tractor, semitrailer combinations having 2 consecutive sets of tandem axles, vehicles having a gross weight in excess of 80,000 pounds or in excess of the vehicle gross weight determined by application of the formula in this subsection shall be subject to the maximum axle loads of subsections (1), (2), and (3). As used in this subsection, "tandem axle weight" means the total weight transmitted to the road by 2 or more consecutive axles, the centers of which may be included between parallel transverse vertical planes spaced more than 40 inches but not more than 96 inches apart, extending across the full width of the vehicle. Except as otherwise provided in this section, vehicles transporting agricultural commodities shall have weight load maximums as defined in this subsection.

(12) As used in this section, "agricultural commodities" means those plants and animals useful to human beings produced by agriculture and includes, but is not limited to, forages and sod crops, grains and feed crops, field crops, dairy and dairy products, poultry and poultry products, cervidae, livestock, including breeding and grazing, equine, fish, and other aquacultural products, bees and bee products, berries, herbs, fruits, vegetables, flowers, seeds, grasses, nursery stock, mushrooms, fertilizer, livestock bedding, farming equipment, and fuel for agricultural use. The term "agricultural commodities" shall not include trees and lumber.

This act is ordered to take immediate effect.

(HB 4987)

AN ACT to amend 1980 PA 299, entitled "An act to revise, consolidate, and classify the laws of this state regarding the regulation of certain occupations; to create a board for each of those occupations; to establish the powers and duties of certain departments and agencies and the boards of each occupation; to provide for the promulgation of rules; to provide for certain fees; to provide for penalties and civil fines; to establish rights, relationships, and remedies of certain persons under certain circumstances; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 2512 (MCL 339.2512), as amended by 2000 PA 436.

The People of the State of Michigan enact:

339.2512 Prohibited conduct; penalties.

Sec. 2512. A licensee who commits 1 or more of the following is subject to the penalties set forth in article 6:

(a) Except in a case involving property management, acts for more than 1 party in a transaction without the knowledge of the parties.

(b) Fails to provide a written agency disclosure to a prospective buyer or seller in a real estate transaction as defined in section 2517.

(c) Represents or attempts to represent a real estate broker other than the employer without the express knowledge and consent of the employer.

(d) Fails to account for or to remit money coming into the licensee's possession which belongs to others.

(e) Changes a business location without notification to the department.

(f) In the case of a real estate broker, fails to return a real estate salesperson's license within 5 days as provided in section 2507.

(g) In the case of a licensee engaged in property management, violates section 2512c(2), (5), or (6).

(h) Except as provided in section 2512b, shares or pays a fee, commission, or other valuable consideration to a person not licensed under this article including payment to any person providing the names of, or any other information regarding, a potential seller or purchaser of real estate but excluding payment for the purchase of commercially prepared lists of names. However, a licensed real estate broker may pay a commission to a licensed real estate broker of another state if the nonresident real estate broker does not conduct in this state a negotiation for which a commission is paid.

(i) Conducts or develops a market analysis not in compliance with section 2601(a)(*ii*).

(j) Except in the case of property management accounts, fails to deposit in the real estate broker's custodial trust or escrow account money belonging to others coming into the hands of the licensee in compliance with the following:

(*i*) A real estate broker shall retain a deposit or other money made payable to a person, partnership, corporation, or association holding a real estate broker's license under this article pending consummation or termination of the transaction involved and shall account for the full amount of the money at the time of the consummation or termination of the transaction.

(*ii*) A real estate salesperson shall pay over to the real estate broker, upon receipt, a deposit or other money on a transaction in which the real estate salesperson is engaged on behalf of the real estate broker.

(*iii*) A real estate broker shall not permit an advance payment of funds belonging to others to be deposited in the real estate broker's business or personal account or to be commingled with funds on deposit belonging to the real estate broker.

(*iv*) A real estate broker shall deposit, within 2 banking days after the broker has received notice that an offer to purchase is accepted by all parties, money belonging to others made payable to the real estate broker into a separate custodial trust or escrow account maintained by the real estate broker with a bank, savings and loan association, credit union, or recognized depository until the transaction involved is consummated or terminated, at which time the real estate broker shall account for the full amount received.

(*v*) A real estate broker shall keep records of funds deposited in its custodial trust or escrow account, which records shall indicate clearly the date and from whom the money was received, the date deposited, the date of withdrawal, and other pertinent information concerning the transaction, and shall show clearly for whose account the money is deposited and to whom the money belongs. The records shall be subject to inspection by the department. A real estate broker's separate custodial trust or escrow account shall designate the real estate broker as trustee, and the custodial trust or escrow account shall

provide for withdrawal of funds without previous notice. This article and the rules promulgated pursuant to this article do not prohibit the deposit of money accepted under this section in a noninterest bearing account of a state or federally chartered savings and loan association or a state or federally chartered credit union.

(*vi*) If a purchase agreement signed by a seller and purchaser provides that a deposit be held by an escrowee other than a real estate broker, a licensee in possession of such a deposit shall cause the deposit to be delivered to the named escrowee within 2 banking days after the licensee has received notice that an offer to purchase is accepted by all parties.

This act is ordered to take immediate effect.
Approved March 12, 2002.

[No. 48]

(SB 880)

AN ACT to create a telecommunication rights-of-way oversight authority; to provide for fees; to prescribe the powers and duties of municipalities and certain state agencies and officials; to provide for penalties; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

484.3101 Short title; purpose of act.

Sec. 1. (1) This act shall be known and may be cited as the "metropolitan extension telecommunications rights-of-way oversight act".

(2) The purpose of this act is to do all of the following:

(a) Encourage competition in the availability, prices, terms, and other conditions of providing telecommunication services.

(b) Encourage the introduction of new services, the entry of new providers, the development of new technologies, and increase investment in the telecommunication infrastructure in this state.

(c) Improve the opportunities for economic development and the delivery of telecommunication services.

(d) Streamline the process for authorizing access to and use of public rights-of-way by telecommunication providers.

(e) Ensure the reasonable control and management of public rights-of-way by municipalities within this state.

(f) Provide for a common public rights-of-way maintenance fee applicable to telecommunication providers.

(g) Ensure effective review and disposition of disputes under this act.

(h) Allow for a tax credit as the sole means by which providers can recover the costs under this act and to insure that the providers do not pass these costs on to the end-users of this state through rates and charges for telecommunication services.

(i) Promote the public health, safety, welfare, convenience, and prosperity of this state.

(j) Create an authority to coordinate public right-of-way matters with municipalities.

484.3102 Definitions.

Sec. 2. As used in this act:

(a) "Authority" means the metropolitan extension telecommunications rights-of-way oversight authority created in section 3.

(b) "Broadband internet access transport services" means the broadband transmission of data between an end-user and the end-user's internet service provider's point of interconnection at a speed of 200 or more kilobits per second to the end-user's premises.

(c) "Commission" means the Michigan public service commission in the department of consumer and industry services.

(d) "Exchange" means that term as defined under section 102 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2102.

(e) "Incumbent local exchange carrier" means that term as defined under section 251(h) of title II of the communications act of 1934, chapter 652, 110 Stat. 61, 47 U.S.C. 251.

(f) "Metropolitan area" means 1 or more municipalities located, in whole or in part, within a county having a population of 10,000 or more or a municipality that enacts an ordinance or resolution electing to be classified as part of a metropolitan area under this act.

(g) "Municipality" means a township, city, or village.

(h) "Person" means an individual, corporation, partnership, association, governmental entity, or any other legal entity.

(i) "Public right-of-way" means the area on, below, or above a public roadway, highway, street, alley, easement, or waterway. Public right-of-way does not include a federal, state, or private right-of-way.

(j) "Telecommunication facilities" or "facilities" means the equipment or personal property, such as copper and fiber cables, lines, wires, switches, conduits, pipes, and sheaths, which are used to or can generate, receive, transmit, carry, amplify, or provide telecommunication services or signals. Telecommunication facilities or facilities do not include antennas, supporting structures for antennas, equipment shelters or houses, and any ancillary equipment and miscellaneous hardware used to provide federally licensed commercial mobile service as defined in section 332(d) of part I of title III of the communications act of 1934, chapter 652, 48 Stat. 1064, 47 U.S.C. 332 and further defined as commercial mobile radio service in 47 C.F.R. 20.3, and service provided by any wireless, 2-way communications device.

(k) "Telecommunication provider", "provider", and "telecommunication services" mean those terms as defined in section 102 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2102. Telecommunication provider does not include a person or an affiliate of that person when providing a federally licensed commercial mobile radio service as defined in section 332(d) of part I of the communications act of 1934, chapter 652, 48 Stat. 1064, 47 U.S.C. 332 and further defined as commercial mobile radio service in 47 C.F.R. 20.3, or service provided by any wireless, 2-way communication device. For the purposes of this act only, a provider also includes all of the following:

(*i*) A cable television operator that provides a telecommunication service.

(*ii*) Except as otherwise provided by this act, a person who owns telecommunication facilities located within a public right-of-way.

(*iii*) A person providing broadband internet transport access service.

484.3103 Metropolitan extension telecommunications rights-of-way oversight authority; establishment within department of consumer and industry services; director of authority; appointment; duties; power of authority to assess fees; annual report; rules.

Sec. 3. (1) Pursuant to section 27 of article VII of the state constitution of 1963 and any other applicable law, the metropolitan extension telecommunications rights-of-way oversight authority is established as an autonomous agency within the department of consumer and industry services. The director of the authority shall be appointed by the governor for a 4-year term. The director of the authority shall report directly to the governor. The department of consumer and industry services shall provide the authority all budget, procurement, and management-related functions. The department of consumer and industry services shall also provide suitable offices, facilities, equipment, staff, and supplies for the authority in the city of Lansing.

(2) The director of the authority is responsible for carrying out the powers and duties of the authority under this act.

(3) The authority shall coordinate public right-of-way matters with municipalities, assess the fees required under this act, and have the exclusive power to assess fees on telecommunication providers owning telecommunication facilities in public rights-of-way within a municipality in a metropolitan area to recover the costs of using the rights-of-way by the provider.

(4) The authority shall file an annual report of its activities for the preceding year with the governor and the members of the legislative committees dealing with energy, technology, and telecommunications issues on or before March 1 of each year.

(5) The authority may promulgate rules for the implementation and administration of this act under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

484.3104 Enactment of local laws; limitation; existing rights.

Sec. 4. (1) Except as otherwise provided by this act, after the effective date of this act, a municipality in a metropolitan area shall not enact, maintain, or enforce an ordinance, local law, or other legal requirement applicable to telecommunication providers that is inconsistent with this act or that assesses fees or requires other consideration for access to or use of the public rights-of-way that are in addition to the fees required under this act.

(2) This act shall not affect any existing rights that a provider or municipality may have under a permit issued by a municipality or contract between the municipality and the provider related to the use of the public rights-of-way.

(3) Obtaining a permit or paying the fees required under this act does not give a provider a right to use conduit or utility poles.

484.3105 Use of public rights-of-way; providers subject to permit and fee requirements; facilities located in public right-of-way at effective date of act; permit application.

Sec. 5. (1) A provider using or seeking to use public rights-of-way in a metropolitan area for its telecommunication facilities shall obtain a permit under section 15 from the municipality and pay all fees required under this act. Authorizations or permits previously obtained from a municipality under section 251 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2251, satisfy the permit requirement of this section.

(2) A provider asserting rights under 1883 PA 129, MCL 484.1 to 484.10, is subject to the permit and fee requirements of this act.

(3) Within 180 days from the effective date of this act, a provider with facilities located in a public right-of-way as of the effective date of this act that has not previously obtained authorization or a permit under section 251 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2251, shall submit an application for a permit to each municipality in which the provider has facilities located in a public right-of-way. A provider submitting an application under this subsection is not required to pay the administrative fee required under section 6(4).

(4) The authority may, for good cause, allow a provider up to an additional 180 days to submit the application required under subsection (3).

484.3106 Applications and permits issued after effective date of act; form and process; disagreement on terms; appointment of mediator; determination by commissioner; extension; request for emergency relief; filing permit application with municipality; route maps; maintenance of website by commission.

Sec. 6. (1) For applications and permits issued after the effective date of this act, the commission shall prescribe the form and application process to be used in applying to a

municipality for a permit under section 15 and the provisions of a permit issued under section 15. The initial application forms and, unless otherwise agreed to by the parties, permit provisions shall be those approved by the commission as of August 16, 2001.

(2) If the parties cannot agree on the requirement of additional information requested by the municipality or the use of additional or different permit terms, either the municipality or the provider shall notify the commission, which shall appoint a mediator within 7 days from the date of the notice to make recommendations within 30 days from the date of the appointment for a resolution of the dispute. The commission may order that the permit be temporarily granted pending resolution of the dispute. If any of the parties are unwilling to comply with the mediator's recommendations, any party to the dispute may within 30 days of receipt of the recommendation request the commission for a review and determination of a resolution of the dispute. Except as provided in subsection (3), the determination by the commission under this subsection shall be issued within 60 days from the date of the request to the commission. The interested parties to the dispute may agree to an extension for up to 30 days of the 60-day requirement under this subsection.

(3) A request for emergency relief under section 18(1) shall have the same time requirements and procedures as under section 203 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2203.

(4) Except as otherwise provided by this act, a provider shall file an application for a permit and pay a 1-time $500.00 application fee to each municipality whose boundaries include public rights-of-way for which access or use is sought by the provider.

(5) An application for a permit under this section shall include route maps showing the location of the provider's existing and proposed facilities in the format as required by the authority under subsection (8). Except as otherwise provided by a mandatory protective order issued by the commission, information included in the route maps of a provider's existing and proposed facilities that is a trade secret, proprietary, or confidential information is exempt from the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(6) A municipality shall notify the commission when it grants or denies a permit, including information regarding the date on which the application was filed and the date on which the permit was granted or denied. The commission shall maintain on its website a listing showing the length of time required by each municipality to grant an application during the immediately preceding 3 years.

(7) Within 90 days after the substantial completion of construction of new facilities in a municipality, a provider shall submit route maps showing the location of the telecommunication facilities to both the commission and the affected municipalities.

(8) The commission shall, after input from providers and municipalities, require that the route maps required under this section be in a paper or electronic format as the commission may prescribe.

484.3107 Inability of provider and municipality to agree; appointment of mediator by commission; determination by commission; issuance; extension.

Sec. 7. If a provider and 1 or more municipalities are unable to agree on arrangements for coordinating and minimizing the disruption of public rights-of-way, ensuring the efficient construction of facilities, restoring the public rights-of-way after construction or other activities by a provider, protecting the public health, safety, and welfare, and resolving disputes arising under this act, the commission shall appoint a mediator within 7 days from the date of the notice to make recommendations within 30 days from the date

of the appointment for a resolution of the dispute. If any of the parties are unwilling to comply with the mediator's recommendations, any party to the dispute may within 30 days of receipt of the recommendation request the commission for a review and determination of a resolution of the dispute. The determination by the commission under this section shall be issued within 60 days from the date of the request to the commission. The commission shall issue its determination within 15 days from the date of the request if a municipality demonstrates that the public health, safety, and welfare require a determination before the expiration of the 60 days. The interested parties to the dispute may agree to an extension for up to 30 days of the 60-day requirement under this section.

484.3108 Maintenance fee.

Sec. 8. (1) Except as otherwise provided by this act, a provider shall pay to the authority an annual maintenance fee as required under this act.

(2) The authority shall determine for each provider the amount of fees required under this section. April 1 to March 31 shall be the annual period covered by each assessment and April 29 the date due for payment. The authority shall prescribe the schedule for the allocation and disbursement of the fees under this act. The authority shall disburse the annual maintenance fee to each municipality as provided under sections 10, 11, and 12 on or before the last day of the month following the month of receipt of the fees by the authority. The authority may authorize the department of treasury to collect and make the allocations and disbursements of fees required under this act. Any interest accrued on the revenue collected under this act shall be used only as provided by this act.

(3) Except as otherwise provided under subsection (6), for the period of November 1, 2002 to March 31, 2003, a provider shall pay an initial annual maintenance fee to the authority on April 29, 2003 of 2 cents per each linear foot of public right-of-way occupied by the provider's facilities within a metropolitan area, prorated for the period specified in this subsection.

(4) Except as otherwise provided under subsection (6), for each year after the initial period provided for under subsection (3), a provider shall pay the authority an annual maintenance fee of 5 cents per each linear foot of public right-of-way occupied by the provider's facilities within a metropolitan area.

(5) The fee required under this section is based on the linear feet occupied by the provider regardless of the quantity or type of the provider's facilities utilizing the public right-of-way or whether the facilities are leased to another provider.

(6) In recognition of the need to provide nondiscriminatory compensation to municipalities for management of their rights-of-way, the fees required under this section shall be the lesser of the amounts prescribed under subsections (3) and (4) or 1 of the following:

(a) For a provider that was an incumbent local exchange carrier in this state on January 1, 2002, the fees within the exchange in which that provider was providing basic local exchange service on January 1, 2002, when restated by the authority on a per access line per year basis, shall not exceed the statewide per access line per year fee of the provider with the highest number of access lines in this state. The authority shall annually determine the statewide per access line per year fee by dividing the amount of the total annual fees the provider is required to pay under subsections (3) and (4) by the provider's total number of access lines in this state.

(b) For all other providers in an exchange, the fee per linear foot for the provider's facilities located in the public rights-of-way in that exchange shall be the same as that of the incumbent local exchange carrier.

(7) If the provider with the highest number of access lines in this state is unable to provide the exact number of linear feet for a determination under subsection (6), the provider shall no later than February 1, 2003 make a good faith estimate, in consultation with the staff of the authority, of the number of linear feet of rights-of-way in which facilities owned by the provider are located in a metropolitan area and pay an annual maintenance fee to the authority based upon the estimate.

(8) If an estimate of the linear feet is made under subsection (7), the statewide per access line per year cost shall be determined by the authority based on that provider's good faith estimate. Upon the true up of the estimated linear feet under subsection (9), the authority shall adjust the fees of all providers affected by subsection (6).

(9) Within 360 days of the effective date of this act, a provider making an estimate under subsection (8) shall true up the estimated amount of linear feet of the provider's facilities in rights-of-way in a metropolitan area to the actual amount of linear feet of rights-of-way in a metropolitan area owned by the provider. If the actual amount of linear feet of rights-of-way in which facilities owned by the provider are located exceeds the estimated amount, the provider shall pay the authority the difference within 30 days of the true up. If the actual amount of linear feet of rights-of-way in which facilities owned by the provider are located is less than the estimated amount, the provider shall receive a corresponding credit from the authority against the annual maintenance fee due for payment in the succeeding year.

(10) The authority may prescribe the forms, standards, methodology, and procedures for assessing fees under this act. Each provider and municipality shall provide reasonably requested information regarding public rights-of-way that is required to assist the authority in computing and issuing the assessments under this section.

(11) Notwithstanding any other provision of this act, a provider possessing a franchise or operating with the consent of a municipality to provide and that is providing cable services within a metropolitan area is subject to an annual maintenance fee of 1 cent per linear foot of public right-of-way occupied by the provider's facilities within the metropolitan area. An affiliate of such a provider shall not pay any additional fees to occupy or use the same facilities in public rights-of-way as initially constructed for and used by a cable provider. The fee required under this subsection is in lieu of any other maintenance fee or other fee except for fees paid by the provider under a cable franchise or consent agreement. A cable franchise or consent agreement from a municipality that allows the municipality to seek right-of-way related information comparable to that required by a permit under this act and that provides insurance for right-of-way related activities shall satisfy any requirement for the holder of the cable franchise or consent agreement or its affiliates to obtain a permit to provide information services or telecommunications services in the municipality.

(12) The cable provider may satisfy the fee requirement under subsection (11) by certifying to the authority that the provider's aggregate investment in this state, since January 1, 1996, in facilities capable of providing broadband internet transport access service exceeds the aggregate amount of the maintenance fees assessed under subsection (11).

(13) The fees collected under this act shall be used only as provided by this act and shall be subject to an audit by the state auditor general.

(14) A provider may apply to the commission for a determination of the maximum amount of credit available under section 13b(5) of 1905 PA 282, MCL 207.13b. Each application shall include sufficient documentation to permit the commission to accurately determine the allowable credit. Except as otherwise provided under subsection (15), the commission shall issue its determination within 45 days from the date of the application.

Upon certification by the commission of the documentation provided in subdivisions (a) and (b), a provider shall qualify for a credit equal to the costs paid under this act, less the amount of any credit determined under section 13b(1) of 1905 PA 282, MCL 207.13b, and shall not be subject to subsection (16) if the provider files the following documentation under this subsection:

(a) Verification of the costs paid by the provider under this act.

(b) Verification that the provider's rates and charges for basic local exchange service, including revenues from intrastate subscriber line or end-user line charges, do not exceed the commission's approved rates and charges for those services.

(15) If the commission finds that it cannot make a determination based on the documentation required under subsection (14), it may require the provider to file its application under section 203 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2203.

(16) The maximum credit allowed under subsection (14) or (15) shall be the lesser of the following:

(a) The costs paid under this act, less the amount of any credit determined under section 13b(1) of 1905 PA 282, MCL 207.13b.

(b) The amount that the costs paid under this act, together with the provider's total service long run incremental cost of basic local exchange service, exceeds the provider's rates for basic local exchange service plus any additional charges of the provider used to recover its total service long run incremental cost for basic local exchange service. "Total service long run incremental cost" means that term as defined in section 102 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2102.

(17) The tax credit allowed under subsections (14) and (15) shall be the sole method of recovery for the costs required under this act. A provider shall not recover the costs required under this act through rates and charges to the end-users for telecommunication services.

(18) An educational institution is not required to pay the fees and charges or fulfill the mapping requirements required under this act for facilities that are constructed and used as provided under applicable provisions of section 307 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2307. To the extent that an educational institution provides services beyond that allowed by section 307 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2307, the educational institution shall obtain a permit, pay the fees and charges, and fulfill the mapping requirement required under this act for each linear foot of public right-of-way used in providing telecommunication services to residential or commercial customers. An educational institution shall notify the commission if it provides telecommunication services beyond that allowed by section 307 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2307, to a residential or commercial customer for compensation.

(19) An electric or gas utility, or an affiliate of a utility, or an electric transmission provider is not required to obtain a permit, pay the fees and charges, or fulfill the mapping requirements required under this act for facilities located in the public rights-of-way that are used solely for electric or gas utility services including internal utility communications and customer services such as billing or load management. The electric or gas utility, or an affiliate of a utility, or an electric transmission provider shall only obtain a permit, pay the fees and charges, and fulfill the mapping requirements required under this act for each linear foot of public right-of-way containing facilities leased or otherwise provided to an unaffiliated telecommunication provider or used in providing telecommunication services to a person other than the utility, or its affiliate, for compensation. An electric or gas

utility, or an affiliate of a utility, or an electric transmission provider shall notify the commission if the electric or gas utility, or an affiliate of a utility, or an electric transmission provider provides or leases telecommunication services to a person other than the utility or its affiliate for compensation. For the purposes of this subsection, electric and gas utility services include billing and metering services performed for an alternative electric supplier, an alternative gas supplier, electric utility, electric transmission provider, natural gas utility, or a water utility.

(20) A state, county, municipality, municipally owned utility, or an affiliate is not required to obtain a permit, pay the fees and charges, or fulfill the mapping requirements required under this act for facilities located in the public rights-of-way that are used solely for state, county, municipality, or governmental entity, or utility services including internal state, county, municipality, governmental entity, or utility communications and customer services such as billing or load management. The state, county, municipality, municipally owned utility, or an affiliate shall only obtain a permit, pay the fees and charges, and fulfill the mapping requirements required under this act for each linear foot of public right-of-way containing facilities leased or otherwise provided to an unaffiliated telecommunication provider or used in providing telecommunication services to a person other than the state, county, another governmental entity, municipality, municipally owned utility, or its affiliate for compensation. A state, county, municipality, municipally owned utility, or an affiliate shall notify the commission if the state, county, municipality, municipally owned utility, or an affiliate provides or leases telecommunication services to a person other than the state, county, another governmental entity, municipality, municipally owned utility, or its affiliate for compensation. For the purposes of this subsection, utility services include billing and metering services performed for an alternative electric supplier, an alternative gas supplier, electric utility, electric transmission provider, natural gas utility, or a water utility.

(21) The authority may grant to a provider a waiver of the fee requirement of this section for telecommunication facilities located in underserved areas as identified by the authority if 2/3 of the affected municipalities approve the granting of a waiver. If a waiver is granted under this subsection, the amount of the waived fees shall be deducted from the fee revenue the affected municipalities would otherwise be entitled under sections 11 and 12. A waiver granted under this subsection shall not be for more than 10 years. As used in this subsection, "underserved area" means that term as defined under section 7 of the Michigan broadband development authority act.

484.3109 Fee discount.

Sec. 9. (1) If 2 or more providers implement a shared use arrangement and meet the requirements of this section, each provider participating in the arrangement is entitled to a discount of the fees required under section 8 as provided under this section.

(2) To qualify for the shared use discount, each participating provider shall do all of the following:

(a) To the extent permitted by the safety provisions of the applicable electrical code, occupy and use the same poles, trenches, conduits, ducts, or other common spaces or physical facilities jointly with another provider.

(b) Coordinate the construction or installation of its own facilities with the construction schedules of another provider so that any pavement cuts, excavation, construction, or other activities undertaken to construct or install the facilities occur contemporaneously and do not impair the physical condition, or interrupt the normal uses, of the public rights-of-way on more than 1 occasion.

(c) Enter the shared use arrangement after the effective date of this act.

(3) This section does not apply to the utilization or attachment to poles, trenches, conduits, ducts, or other common facilities that were placed in the public rights-of-way before the effective date of this act.

(4) Two or more providers that qualify for a shared use discount are entitled to a 40% discount of the fees imposed by section 8 for each linear foot of public right-of-way in which the shared use occurs.

484.3110 Fee-sharing payments.

Sec. 10. (1) Except as reduced by the amount provided for under subsection (2), the authority shall allocate the annual maintenance fees collected under this act to fund the fee-sharing mechanism under section 11.

(2) To the extent that fees exceed $30,000,000.00 in any year and are from fees for linear feet of rights-of-way in which telecommunication facilities are constructed by a provider after the effective date of this act, the authority shall allocate that amount to fund the fee-sharing mechanism under section 12.

(3) To be eligible to receive fee-sharing payments under this act, a municipality shall comply with this act. For the purpose of the distribution under sections 11 and 12, a municipality is considered to be in compliance with this act unless the authority finds to the contrary in a proceeding against the municipality affording due process initiated by a provider, the commission, or the attorney general. If a municipality is found not to be in compliance, fee-sharing payments shall be held by the authority in escrow until the municipality returns to compliance. A municipality is not ineligible to receive fee-sharing payments for any matter found to be a good faith dispute or matters of first impression under this act or other applicable law.

(4) The amount received under sections 11 and 12 shall be used by the municipality solely for rights-of-way related purposes. Rights-of-way purposes does not include constructing or utilizing telecommunication facilities to serve residential or commercial customers.

(5) A municipality receiving funds under sections 11 and 12 with a population of less than 10,000 may file and a municipality receiving funds under sections 11 and 12 with a population of 10,000 or more shall file an annual report with the authority on the use and disposition of the funds. The authority shall prescribe the form of the report to be filed under this subsection, which report shall be in a simplified format.

484.3111 Fee sharing; allocation of fund under section 10(1); excluded municipalities.

Sec. 11. (1) The authority shall allocate the funding provided for fee sharing under section 10(1) as follows:

(a) 75% to be disbursed to cities and villages in a metropolitan area on the basis of the distribution to each city or village under section 13 of 1951 PA 51, MCL 247.663, for the most recent year as a proportion of the total distribution to all cities and villages located in metropolitan areas under section 13 of 1951 PA 51, MCL 247.663, for the most recent year.

(b) 25% to be disbursed to townships in a metropolitan area on the basis of each township's proportionate share of the total linear feet of public rights-of-way occupied by providers within all townships located in metropolitan areas.

(2) Except as otherwise provided under sections 13 and 14, municipalities that are ineligible under section 13 or 14 shall be excluded from the computation, allocation, and distribution of funding under this section.

484.3112 Fee sharing; allocation of fund under section 10(2); weighted linear feet; excluded municipalities.

Sec. 12. (1) The authority shall allocate the funding provided for fee sharing under section 10(2) as follows:

(a) The amount available under this section multiplied by the percentage of weighted linear feet attributable to cities and villages, as compared to the total weighted linear feet attributable to cities, villages, and townships, shall be disbursed to cities and villages in a metropolitan area on the basis of the distribution to each city or village under section 13 of 1951 PA 51, MCL 247.663, for the most recent year as a proportion of the total distribution to all cities and villages located in metropolitan areas under section 13 of 1951 PA 51, MCL 247.663, for the most recent year.

(b) The amount available under this section multiplied by the percentage of weighted linear feet attributable to townships, as compared to the total weighted linear feet attributable to cities, villages, and townships, shall be disbursed to townships on the basis of each township's proportionate share of the total unweighted linear feet of public rights-of-way in or on which providers' facilities are located within all townships located in metropolitan areas.

(2) The following shall be used under this section in determining the weighted linear feet in which telecommunications facilities are first placed by any telecommunications provider after the effective date of this act:

(a) All underground linear feet shall receive a weight of 3.0.

(b) All linear feet in a city, village, or township with a population in excess of 5,000 and not covered under subdivision (a) shall receive a weight of 2.0.

(c) All other linear feet shall receive a weight of 1.0.

(3) Except as otherwise provided under sections 13 and 14, municipalities that are ineligible under section 13 or 14 shall be excluded from the computation, allocation, and distribution of funding under this section.

484.3113 Modification of fees by municipality.

Sec. 13. (1) A municipality is not eligible to receive funds under sections 11 and 12 unless by December 31, 2003 the municipality has modified to the extent necessary any fees charged to providers after the effective date of this act relating to access to and usage of the public rights-of-way to an amount not exceeding the amounts of fees and charges required under this act.

(2) To the extent a telecommunications provider pays fees to a municipality that have not been modified as required by this section, both of the following apply:

(a) The provider may deduct the fees paid from the fee required to be paid under section 8 for those rights-of-way.

(b) The amounts received shall be deducted from the amounts the municipality is eligible to receive under sections 11 and 12.

(3) The authority may allow a municipality in violation of this section to become eligible to receive funds under sections 11 and 12 if the authority determines that the violation occurred despite good faith efforts and the municipality rebates to the authority

any fees received in excess of those required under section 8, including any interest as determined by the authority.

(4) A municipality is considered to have modified the fees under subsection (1) if it has adopted a resolution or ordinance, effective no later than January 1, 2004, approving the modification so that providers with telecommunication facilities in public rights-of-way within the municipality's boundaries pay only those fees required under section 8. The municipality shall provide each provider affected by the fee a copy of the resolution or ordinance passed under this subsection.

(5) Except as otherwise provided by a municipality, if section 8 is found to be invalid or unconstitutional, a modification of fees under this section is void from the date the modification was made.

(6) To be eligible to receive fee-sharing payments under this act, a municipality shall not hold a cable television operator in default or seek any remedy for failure to satisfy an obligation, if any, to pay after the effective date of this act a franchise fee or other similar fee on that portion of gross revenues from charges the cable operator received for cable modem services provided through broadband internet transport access services.

484.3114 Telecommunication or cable modem service through broadband internet access transport service; requirements; exceptions; violation; complaint.

Sec. 14. (1) Except as otherwise provided by subsection (2), a county, municipality, or an affiliate, shall comply with all of the following requirements:

(a) Before the passage of any ordinance or resolution authorizing a county or municipality to either construct telecommunication facilities or provide a telecommunication or cable modem service provided through a broadband internet access transport service, a county or municipality shall conduct at least 1 public hearing. A notice of the public hearing shall be provided as required by law.

(b) Not less than 30 days before the hearing required under subdivision (a), the county or municipality shall prepare reasonable projections of at least a 3-year cost-benefit analysis. This analysis shall identify and disclose the total projected direct costs of and the revenues to be derived from constructing the telecommunication facilities and providing the telecommunication or cable modem service through a broadband internet access transport service. The costs shall be determined by using accounting standards developed under the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a.

(c) A county or municipality shall prepare and maintain accounting records in accordance with accounting standards developed under the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a. The accounting records required under this subdivision are subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(d) Charges for telecommunication service and cable modem services provided through a broadband internet access transport service shall include all of the following:

(*i*) All capital costs attributable to the provision of the service.

(*ii*) All costs attributable to the provision of the service that would be eliminated if the service was discontinued.

(*iii*) The proportionate share of costs identified with the provision of 2 or more county or municipal services including telecommunication services.

(e) A county or municipality that provides a telecommunication service or cable modem service provided through a broadband internet access transport service shall not adopt an ordinance or a policy that unduly discriminates against another person providing

the same service. Subject to other requirements of this section, this subsection shall not be construed as precluding a county or municipality from establishing rates different from those of another person providing the same service.

(f) In providing a telecommunication or cable modem service provided through a broadband internet access transport service, a municipality shall not employ terms more favorable or less burdensome than those imposed by the municipality upon other providers of the same service within its jurisdiction concerning access to public rights-of-ways.

(g) A municipality shall not impose or enforce against a provider any local regulation with respect to public rights-of-way that is not also applicable to the municipality in its provision of a telecommunication or cable modem service provided through a broadband internet access transport service.

(h) In providing a telecommunication or a cable modem service provided through a broadband internet access transport service, a municipality shall not employ terms more favorable or less burdensome than those imposed by the municipality upon other providers of the same service within its jurisdiction concerning access to and rates for pole attachments.

(2) Subsection (1) does not apply to either of the following:

(a) Telecommunication facilities constructed and operated by a county, municipality, or an affiliate, to provide telecommunication service or a cable modem service provided through a broadband internet access transport service that is not provided to any residential or commercial premises.

(b) Telecommunication facilities that are owned or operated by a county, municipality, or an affiliate for compensation, and that are located within the territory served by the county, municipality or its affiliate that provided a telecommunications service or a cable modem service provided through broadband internet access transport service before December 31, 2001 or that allowed any third party to use the county's or municipality's telecommunication facilities for compensation before December 31, 2001, to provide such a service.

(3) If a complaint is filed under section 18 alleging a violation of this section, the commission shall allow a county or municipality to take reasonable steps to correct a violation found by the commission before the commission imposes any penalties.

(4) The commission, in reviewing a complaint under subsection (3), shall consider, in determining whether charges imposed by a county or municipality are in compliance with subsection (1), the applicable federal, state, county, and local taxes and fees paid by the complainant or providers serving that county or municipality.

484.3115 Provider access to and use of public rights-of-way.

Sec. 15. (1) Except as otherwise provided in this section, a municipality shall, upon application, grant to providers a permit for access to and the ongoing use of all public rights-of-way located within its municipal boundaries. A municipality shall act reasonably and promptly on all applications filed for a permit involving an easement or public place.

(2) This section shall not limit a municipality's right to review and approve a provider's access to and ongoing use of a public right-of-way or limit the municipality's authority to ensure and protect the health, safety, and welfare of the public.

(3) A municipality shall approve or deny access under this section within 45 days from the date a provider files an application for a permit for access to a public right-of-way. A provider's right to access and use of a public right-of-way shall not be unreasonably

denied by a municipality. A municipality may require as a condition of the permit that a bond be posted by the provider, which shall not exceed the reasonable cost to ensure that the public right-of-way is returned to its original condition during and after the provider's access and use.

(4) Any conditions of a permit granted under this section shall be limited to the provider's access and usage of any public right-of-way.

(5) A provider undertaking an excavation or constructing or installing facilities within a public right-of-way or temporarily obstructing a public right-of-way, as authorized by the permit, shall promptly repair all damage done to the street surface and all installations on, over, below, or within the public right-of-way and shall promptly restore the public right-of-way to its preexisting condition. The authority shall also have the jurisdiction to require the repair and restoration of any right-of-way, including state right-of-way, which has not been repaired or restored after installation.

484.3116 Cable franchise.

Sec. 16. This act does not affect the requirement of a cable operator to obtain a cable franchise from a municipality.

484.3117 Review of decision or review.

Sec. 17. A decision or assessment of the authority is subject to a de novo review by the commission upon the request of an interested person. A decision or order of the commission issued under this act is subject to review as provided under section 26 of 1909 PA 300, MCL 462.26.

484.3118 Complaint; proceeding; remedies and penalties.

Sec. 18. (1) Except as otherwise provided by this act, the time requirements and procedures governing a complaint proceeding under this act shall be the same as those under section 203 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2203.

(2) If after notice and hearing the commission finds that a person has violated this act, the commission shall order remedies and penalties to protect and make whole persons who have suffered an economic loss as a result of the violation, including, but not limited to, 1 or more of the following:

(a) For failure to pay an undisputed fee assessed by the authority under this act, order the provider to pay a fine of not more than 1% of the amount of the unpaid assessment for each day that the assessment remains unpaid. For each subsequent offense under this subdivision, a fine of not more than 2% for each day the assessment remains unpaid.

(b) For a violation under section 14, order the suspension or termination of all or a portion of the fee-sharing payments to the municipality provided for under section 11 or 12.

(c) Order the person who violated this act to pay a fine of not less than $200.00 or more than $20,000.00 per day that the person is in violation. For each subsequent offense, a fine of not less than $500.00 or more than $40,000.00 per day that the person is in violation of this act.

(d) If the person is a provider, order that the provider's permit allowing access to and use of a municipality's public right-of-way be conditioned or amended.

(e) Issue cease and desist orders.

(f) Order the person who violates this act to pay attorney fees and actual costs of a person that is not a provider of telecommunication services to 250,000 or more end-users.

484.3119 Provisions found invalid or unconstitutional; effect.

Sec. 19. (1) If the application of any provision of section 8 to a certain person is found to be invalid or unconstitutional, that provision and sections 3 and 15 shall not apply to any person.

(2) If section 15 does not apply under subsection (1), the permit process for access to and use of public rights-of-way shall be as follows:

(a) Except as provided in subdivisions (b) and (c), a local unit of government shall grant a permit for access to and the ongoing use of all rights-of-way, easements, and public places under its control and jurisdiction to providers of telecommunication services.

(b) This section shall not limit a local unit of government's right to review and approve a provider's access to and ongoing use of a right-of-way, easement, or public place or limit the unit's authority to ensure and protect the health, safety, and welfare of the public.

(c) A local unit of government shall approve or deny access under this section within 90 days from the date a provider files an application for a permit for access to a right-of-way, easement, or public place. A provider's right to access and use of a right-of-way, easement, or public place shall not be unreasonably denied by a local unit of government. A local unit of government may require as a condition of the permit that a bond be posted by the provider, which shall not exceed the reasonable cost, to ensure that the right-of-way, easement, or public place is returned to its original condition during and after the provider's access and use.

(d) Any conditions of a permit granted under this subsection shall be limited to the provider's access and usage of any right-of-way, easement, or public place.

(e) Any fees or assessments made under this subsection shall be on a nondiscriminatory basis and shall not exceed the fixed and variable costs to the local unit of government in granting a permit and maintaining the rights-of-way, easements, or public places used by a provider.

(f) A provider using the highways, streets, alleys, or other public places shall obtain a permit as required under this subsection.

(3) If section 15 does not apply under subsection (1), it is the intent of the legislature in enacting subsection (2) to return to the status quo prior to the effective date of this act for the granting of permits for access to and the use of all rights-of-way. Subsection (2) shall have the same construction and interpretation as sections 251 to 254 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2251 to 484.2254, had prior to the repeal of these sections by this act.

(4) Except as provided under subsection (1), if any other provision or the application of any provision of this act to a certain person is found to be invalid or unconstitutional, the remaining provisions or application of a provision to other persons shall not be affected and will remain in full force and effect.

484.3120 Supreme court opinion; request by legislature or governor.

Sec. 20. Pursuant to section 8 of article III of the state constitution of 1963, either house of the legislature or the governor may request the opinion of the supreme court on important questions of law as to the constitutionality of this act.

Repeal of §§ 484.2251, 484.2252, 484.2253, and 484.2254.

Enacting section 1. Sections 251, 252, 253, and 254 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2251, 484.2252, 484.2253, and 484.2254, are repealed.

Effective date.

Enacting section 2. This act takes effect November 1, 2002.

Conditional effective date.

Enacting section 3. This act does not take effect unless all of the following bills of the 91st Legislature are enacted into law:

(a) Senate Bill No. 881.

(b) Senate Bill No. 999.

This act is ordered to take immediate effect.
Approved March 14, 2002.
Filed with Secretary of State March 14, 2002.

Compiler's note: Senate Bill No. 881, referred to in enacting section 3, was filed with the Secretary of State March 14, 2002, and became P.A. 2002, No. 49, Imd. Eff. Mar. 14, 2002.

Senate Bill No. 999, also referred to in enacting section 3, was filed with the Secretary of State March 14, 2002, and became P.A. 2002, No. 50, Imd. Eff. Mar. 14, 2002.

[No. 49]

(SB 881)

AN ACT to create the Michigan broadband development authority; to create funds and accounts; to authorize the issuing of bonds and notes; to prescribe the powers and duties of the authority; and to provide incentives for the development of broadband services.

The People of the State of Michigan enact:

484.3201 Short title.

Sec. 1. This act shall be known and may be cited as the "Michigan broadband development authority act".

484.3202 Legislative findings.

Sec. 2. The legislature finds that certain areas of this state are not being adequately served with broadband services and that, for the benefit of the people of this state and the improvement of their health, welfare, and living conditions, the improvement of the economic and educational welfare of this state, and the improvement of its public safety and security, it is essential that broadband infrastructure be expanded to provide broadband services throughout this state and that the private sector should be encouraged to invest in the deployment of broadband services and networks and that financing by this authority will encourage broadband investment. This act shall provide a method to assure that economic, technological, and logistical integrated broadband services are provided throughout this state on a nondiscriminatory basis. The provision of affordable broadband services and networks will assure the long-term growth of and the enhancement and delivery of services by the educational, medical, commercial, and governmental entities within this state, including, but not limited to, municipalities and counties, public safety facilities, judicial and criminal facilities, telemedical facilities, schools, colleges, universities, hospitals, libraries, community centers, businesses, nonprofit organizations, and residential properties. To increase the speed and availability at which affordable broadband services become available in this state, it is declared to be a valid public purpose to assist in the

financing and refinancing of the private and public sectors' development of a statewide broadband infrastructure. It is further declared to be a valid public purpose for the authority created under this act to issue bonds and notes to provide for financing or refinancing to broadband developers and broadband operators, to make loans and provide joint venture and partnership arrangements subject to section 7(2) and (3) to broadband developers and broadband operators, to enter into contracts for the lease or management of all or portions of the broadband infrastructure, and to enter into joint venture and partnership arrangements and partnerships with persons that will acquire, construct, develop, create, maintain, own, and operate all or portions of the broadband infrastructure. The legislature finds that the authority created and powers conferred by this act constitute a necessary program and serve a necessary public purpose.

484.3203 Definitions.

Sec. 3. As used in this act:

(a) "Authority" means the Michigan broadband development authority created under section 4.

(b) "Board" means the board of directors of the authority.

(c) "Capital reserve fund requirement" means the fund amount requirement that may be established in the resolution authorizing notes or bonds for which a capital reserve fund has been established under section 8. The required amount shall not exceed the maximum amount of principal and interest maturing and becoming due in a succeeding calendar year on the notes or bonds secured in whole or in part by the fund.

(d) "Broadband developer" means a person selected by the authority to acquire, construct, develop, and create any part of the broadband infrastructure.

(e) "Broadband infrastructure" means all facilities, hardware, and software and other intellectual property necessary to provide broadband services in this state, including, but not limited to, voice, video, and data.

(f) "Broadband operator" means a person selected by the authority to operate any part of the broadband infrastructure.

(g) "Broadband services" means those services, including, but not limited to, voice, video, and data, that provide capacity for transmission in excess of 200 kilobits per second in at least 1 direction regardless of the technology or medium used, including, but not limited to, wireless, copper wire, fiber optic cable, or coaxial cable. If voice transmission capacity is offered in conjunction with other services utilizing transmission in excess of 200 kilobits per second, the voice transmission capacity may be less than 200 kilobits per second.

(h) "Development costs" means the costs associated with the broadband infrastructure that have been approved by the authority and include, but are not limited to, all of the following:

(*i*) The costs for the planning, acquiring, leasing, constructing, maintaining, and operating of the broadband infrastructure.

(*ii*) Payments for options to purchase, deposits on contracts of purchase, and payments for the purchases of properties for the broadband infrastructure.

(*iii*) Financing, refinancing, acquisition, demolition, construction, rehabilitation, and site development of new and existing buildings.

(*iv*) Carrying charges during construction.

(*v*) Purchases of hardware, software, facilities, or other expenses related to the broadband infrastructure.

(*vi*) Legal, organizational, and marketing expenses, project manager and clerical staff salaries, office rent, and other incidental expenses.

(*vii*) Payment of fees for preliminary feasibility studies and advances for planning, engineering, and architectural work.

(*viii*) Any other costs and expenses necessary for the acquisition, construction, maintenance, and operation of all or portions of the broadband infrastructure.

(i) "Person" means an individual, corporation, limited or general partnership, joint venture, or limited liability company or a governmental entity, including state authorities, municipalities, counties, and townships, police, fire and other public safety organizations, judicial entities, medical entities, schools, colleges, universities, hospitals, libraries, community centers, and local economic development entities. Except to the extent that state authorities, police, fire, and other public safety organizations, judicial entities, medical entities, schools, colleges, universities, hospitals, and libraries may constitute state entities, person does not include this state.

484.3204 Michigan broadband development authority; creation; duties.

Sec. 4. (1) The Michigan broadband development authority is created as a public body corporate and politic within the department of treasury.

(2) The authority may do all of the following:

(a) Assist through financing and refinancing the expansion of broadband infrastructure services to residential, commercial, public, and nonprofit customers in this state.

(b) Authorize the issuance of bonds and notes to finance or refinance the private and public sectors' development of the broadband infrastructure.

(c) Authorize the making of loans and joint venture and partnership arrangements subject to section 7(2) and (3) to broadband developers and broadband operators.

(d) Authorize the imposition and collection of rents, charges, and fees for the services furnished by the broadband infrastructure in conjunction with financing entered into by the authority.

(e) Enter into joint venture and partnership arrangements and partnerships subject to section 7(2) and (3) to acquire, construct, maintain, and operate the broadband infrastructure.

(f) Assist broadband developers and operators with all other matters necessary for the acquisition, construction, maintenance, and operation of the broadband infrastructure.

(g) Continuously evaluate all types of technologies in order to encourage the widest deployment of broadband services and broadband infrastructure in this state.

(h) Make broadband services to schools and libraries a priority under authority financing programs.

(i) Insure that the financing and refinancing of the development of broadband services under this act includes provisions that small businesses and that each region of this state have an equal opportunity to receive financing and refinancing.

484.3205 Administrative functions; performance under direction and supervision of state treasurer.

Sec. 5. The authority shall exercise its duties independently of the state treasurer. The budgeting, procurement, and related administrative functions of the authority shall be performed under the direction and supervision of the state treasurer.

484.3206 Board of directors; membership; service of representative in member's absence; compensation; chairperson; officers; quorum; voting; open meetings act; confidentiality; "trade secrets, commercial, financial, or proprietary information" defined; employees; discharge of duties.

Sec. 6. (1) The authority shall exercise its duties through its board of directors.

(2) The board shall be made up of the following members:

(a) The president and CEO of the Michigan economic development corporation.

(b) The state treasurer.

(c) The executive director of the Michigan state housing development authority.

(d) Eight members with knowledge, skill, or experience in the academic, business, technology, or financial fields appointed by the governor with the advice and consent of the senate. Not more than 2 of the 8 appointed members shall be, during their term on the board, employees of this state. The 2 members of the board who are employees of the state under this subdivision shall not hold any other positions with the state during their term on the board. Six of the 8 appointed members shall serve for fixed terms. Not more than 3 of the 6 appointed members serving for fixed terms shall be members of the same political party. Of the 6 fixed-term members first appointed, 2 shall be appointed for a term that expires December 31, 2003, 2 shall be appointed for a term that expires December 31, 2004, and 2 shall be appointed for a term that expires December 31, 2005. Upon completion of each fixed term, a member shall be appointed for a term of 4 years. The 2 appointed members serving without a fixed term shall serve at the pleasure of the governor. The 8 appointed members shall serve until a successor is appointed. A vacancy in a fixed-term membership shall be filled for the balance of the unexpired term in the same manner as the original appointment. As used in this subdivision, "members of the same political party" includes a person who, in the determination of the governor, is currently a member of the same political party and a person who was a member of the same political party at any time within the immediately preceding 2 years, as attested by the person to be appointed.

(3) Each member of the board serving under subsection (2)(a), (b), and (c) may appoint a representative to serve in his or her absence.

(4) Except for the board president, who shall serve as the board's chief executive officer pursuant to subsection (5), and vice president, members of the board shall serve without compensation but may receive reasonable reimbursement for necessary travel and expenses incurred in the discharge of their duties. The board shall establish reasonable compensation for the board president and vice president.

(5) The governor shall designate 1 member of the board to serve as its chairperson who shall serve at the pleasure of the governor. Of the 2 board members serving without a fixed term at the pleasure of the governor, the governor shall designate 1 member to serve as the board's president and chief executive officer and the other member to serve as its vice president.

(6) A majority of the serving members of the board shall constitute a quorum of the board for the transaction of business. Actions of the board shall be approved by a majority vote of the members present at a meeting. The business of the board shall be conducted in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(7) A record or portion of a record, material, information, or other data received, prepared, used, or retained by the authority in connection with an application to or project related to the broadband infrastructure assisted by the authority that relates to trade

secrets, commercial, financial, or proprietary information submitted by the applicant, and which is requested in writing by the applicant and acknowledged in writing by the president of the authority to be confidential, is not subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246. As used in this subsection, "trade secrets, commercial, financial, or proprietary information" means information that has not been publicly disseminated or that is unavailable from other sources, the release of which might cause the applicant significant competitive harm.

(8) The authority may employ or contract for legal, financial, and technical experts, and officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation. The board may delegate to 1 or more agents or employees those powers or duties with any limitations that the board considers proper.

(9) The members of the board and officers and employees of the authority are subject to 1968 PA 317, MCL 15.321 to 15.330, or 1968 PA 318, MCL 15.301 to 15.310.

(10) A member of the board or officer, employee, or agent of the authority shall discharge the duties of his or her position in a nonpartisan manner, with good faith, and with that degree of diligence, care, and skill that an ordinarily prudent person would exercise under similar circumstances in a like position. In discharging the duties of his or her position, a member of the board or an officer, employee, or agent of the authority, when acting in good faith, may rely upon the opinion of counsel for the authority, upon the report of an independent appraiser selected with reasonable care by the board, or upon financial statements of the authority represented to the member of the board or officer, employee, or agent of the authority to be correct by the president or the officer of the authority having charge of its books or account, or stated in a written report by a certified public accountant or firm of certified public accountants to fairly reflect the financial condition of the authority.

484.3207 Powers of authority.

Sec. 7. (1) The powers of the authority shall include all those necessary to carry out and effectuate the purposes of this act, including, but not limited to, all of the following:

(a) To borrow money and issue bonds and notes to fund operations of the authority, to finance or refinance part or all of the development costs of the broadband infrastructure, to refinance existing debt for technology that constitutes a part of or is related to the broadband infrastructure, and to secure bonds and notes by mortgage, assignment, or pledge of any of its revenues and assets.

(b) To invest any money of the authority at the authority's discretion, in any obligations determined proper by the authority, and name and use depositories for its money.

(c) To enter into joint venture and partnership arrangements subject to subsections (2) and (3) with persons that will acquire, construct, develop, maintain, and operate all or portions of the broadband infrastructure.

(d) To be designated the state program manager for federal telecommunications assistance, to represent this state in negotiations with the federal government regarding telecommunications assistance, and to receive and distribute federal funding, including loans, grants, and other forms of funding and assistance on this state's behalf.

(e) To receive and distribute state or local funding including grants, loans, general appropriations, or an appropriation made for the purposes under subsection (4).

(f) To make loans and to enter into any joint venture and partnership arrangements subject to subsections (2) and (3) with broadband developers and broadband operators

that will acquire, construct, maintain, and operate all or portions of the broadband infrastructure.

(g) To provide operating assistance to make broadband services more affordable to broadband developers, broadband operators, and broadband customers, in conjunction with broadband infrastructure financed by the authority.

(h) To impose and collect charges, fees, or rentals for the services furnished by those portions of the broadband infrastructure financed by the authority under this act.

(i) To set construction, operation, and financing standards for the broadband infrastructure in connection with authority financing and to provide for inspections to determine compliance with those standards.

(j) To acquire from any person interests in real or personal property necessary for the operation of the authority.

(k) To procure insurance against any loss in connection with the broadband infrastructure and any other property, assets, or activities of the authority.

(*l*) To sue and be sued, to have a seal, and to make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise of the authority's powers.

(m) To enforce financial, operational, warranty, security, lease, and guaranty terms and conditions established under financings by the authority. The authority may under this subsection acquire, construct, develop, lease, create, and maintain all or portions of the broadband infrastructure and acquire from any person interests in real and personal property.

(n) To make and amend bylaws.

(o) To indemnify and procure insurance indemnifying any members of the board of the authority from personal liability by reason of their service as a board member.

(p) To investigate, evaluate, and assess the current broadband infrastructure and the future broadband infrastructure needs of this state and to encourage and participate in aggregation strategies for the broadband services of all public entities and nonprofit corporations in this state to maximize the interconnectivity and efficiencies of the broadband infrastructure.

(2) Notwithstanding any other provision of this act, the authority shall not make loans to, or enter into any joint venture and partnership arrangements or participation with, any governmental entity or nonprofit organization except in connection with the financing or refinancing of development costs for that allocable portion of the broadband infrastructure used or to be used exclusively by governmental entities or nonprofit organizations, including, but not limited to, universities, colleges, hospitals, school districts, public safety agencies, judicial organizations, libraries, cities, townships, and counties. No allocable portion of the broadband infrastructure financed by a loan to a governmental entity or a nonprofit organization shall be used to serve residential, business, or other commercial customers.

(3) Notwithstanding any other provision of this act, except in connection with financing or refinancing under subsection (2) or enforcement procedures authorized under subsection (1)(m), the authority shall acquire real or personal property constituting portions of the broadband infrastructure only in connection with the participation of persons other than governmental entities or nonprofit organizations through joint ventures and partnership arrangements, or other co-ownership arrangements and only if the participation is necessary to assure availability of financing or refinancing derived from the issuance by the authority of bonds or notes, the interest on which is exempt from taxation under the United States internal revenue code, and the financing derived from

the tax-exempt bonds or notes is allocated only to those development costs relating to that portion of the broadband infrastructure that is to be used by governmental bodies or nonprofit organizations.

(4) The authority shall establish a seed capital loan program to make capital loans to persons planning to apply to the authority for financing of broadband infrastructure. Priority for the seed capital loan program shall be given for developments targeted to underserved areas. During the initial 2 years of operations, the authority shall designate a minimum of $500,000.00 to be targeted to rural underserved areas and a minimum of $500,000.00 targeted to urban underserved areas. Community economic development programs and small providers shall be given a preference to receive loans under this subsection. The terms and conditions for the seed capital loans shall be established by the authority. As used in this act, "underserved areas" means geographical areas of this state identified by the authority as having the greatest need for broadband development. In identifying underserved areas, the authority shall consider the area's economic conditions, including, but not limited to, family income, affordability of access, lack of options available, low percentage of residents subscribing, and any other criteria considered important by the authority in determining whether an area is underserved.

(5) As part of an application for financing under this act, the broadband developer and broadband operator shall file with the authority a participation plan for small and minority owned businesses and a communitywide outreach plan to educate the public of the availability of broadband services. The authority shall not approve an application unless a plan is submitted under this subsection.

484.3208 Reserve capital account; creation; administration; credit of proceeds from sale of notes or bonds; capital reserve fund; creation; use; security arrangements; transfer of income or interest earned.

Sec. 8. (1) A reserve capital account is created under the jurisdiction and control of the authority and shall be administered by the authority to secure notes and bonds of the authority. The authority shall credit to the reserve capital account the proceeds of the sale of notes or bonds to the extent provided for in the authorizing resolution of the authority, and any other money that is made available to the authority for the purpose of the reserve capital account.

(2) In the resolution authorizing the issuance of notes or bonds, the authority may establish a capital reserve fund for the payment of the principal and interest of notes or bonds, for the purchase or redemption of the notes or bonds, or for the payment of a redemption premium required to be paid when the notes or bonds are redeemed before maturity. The authority shall not use a capital reserve fund for an optional purchase or optional redemption of notes or bonds if the use would reduce the total of the money in the capital reserve fund to less than the capital reserve fund requirement established for the fund.

(3) In addition to, or in lieu of, depositing money in the reserve capital account or in a capital reserve fund, the authority may obtain or pledge letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements if the security arrangements are approved by the state treasurer. The amount available under letters of credit, insurance policies, surety bonds, guarantees, or other security arrangements pledged to the capital reserve fund shall be credited toward the capital reserve fund requirement for the fund.

(4) Income or interest earned by the reserve capital account may be transferred by the authority to other funds or accounts of the authority.

(5) Income or interest earned by a capital reserve fund may be transferred by the authority to other funds or accounts of the authority to the extent that the transfer does not reduce the total of the amount of money and security arrangements authorized under subsection (3) in the fund below the capital reserve fund requirement for that fund.

484.3209 Capital reserve fund; amount; deficiency; restoration; liability of state for notes or bonds.

Sec. 9. (1) The authority shall accumulate in a capital reserve fund an amount equal to the capital reserve fund requirement for that fund. If at any time the amount of a capital reserve fund falls below the capital reserve fund requirement for that fund, the authority shall transfer from the reserve capital account to the capital reserve fund an amount equal to the capital reserve fund requirement. If a deficiency exists in more than 1 capital reserve fund and the amount in the reserve capital account is not sufficient to fully restore the capital reserve funds, the money in the reserve capital account shall be allocated between the deficient capital reserve funds pro rata according to the amounts of the deficiencies. If at any time the reserve capital account has been exhausted and the amount of the capital reserve fund is insufficient to meet the capital reserve fund requirement, the authority on or before September 1 shall certify to the governor the amount necessary to restore the capital reserve fund to an amount equal to the capital reserve fund requirement for that fund. The governor shall include in his or her annual budget the amount certified under this subsection by the authority.

(2) This state is not liable on notes or bonds of the authority and the notes and bonds are not a debt of this state. The notes and bonds shall contain on their face a statement of the limitation contained under this section.

484.3210 Notes and bonds; issuance, renewal, and refund by authority.

Sec. 10. (1) The authority may issue notes and bonds as provided under this act to do all of the following:

(a) Pay the development costs associated with acquiring, leasing, constructing, maintaining, and operating the broadband infrastructure.

(b) Make loans to persons for development costs.

(c) Make loans to persons to make purchases related to the broadband infrastructure.

(d) Make loans to persons to refinance existing debt of the authority or other persons incurred in connection with the acquisition or development of technology that constitutes a part of or is related to the broadband infrastructure.

(e) Pay the interest on bonds and notes of the authority.

(f) Establish reserves to secure the bonds and notes of the authority.

(g) Make other expenditures necessary to carry out the authority's duties under this act, including the payment of the authority's operating expenses.

(2) The authority may issue renewal notes, issue bonds to pay notes, and refund bonds by the issuance of new bonds, whether or not the bonds to be refunded have matured. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded. The authority may issue instruments separate from the obligations described in this subsection that establish a contractual right in the holder of the instrument to require mandatory tender for purchase of the obligations to which the instrument applies for a period of time and subject to provisions as the authority may determine.

(3) Except as otherwise provided by the authority or this act, every note or bond issue of the authority shall be a general obligation of the authority payable out of revenues or money of the authority, subject only to agreements with the holders of particular notes or bonds pledging any particular receipts or revenues.

(4) Whether or not the notes or bonds are of a form or character as to be negotiable instruments, the notes or bonds are negotiable instruments within the meaning of the uniform commercial code, 1962 PA 174, MCL 440.1101 to 440.11102.

484.3211 Notes and bonds; issuance by resolution; form and terms; sale; prices.

Sec. 11. (1) The notes and bonds shall be authorized by resolution of the authority and mature at the time provided in the resolution. The notes and bonds shall be in a form, bear interest at a rate or rates, be in the denominations, carry registration privileges, be payable, and be subject to the terms of redemption as provided in the resolution.

(2) The notes and bonds of the authority may be sold by the authority at public or private sales at prices as the authority determines.

484.3212 Notes or bonds; contents of resolutions.

Sec. 12. A resolution relating to authorizing notes or bonds may contain any of the following provisions, which shall be a part of the contract with the holders of the notes or bonds:

(a) Pledging all or any part of the revenues of the authority, and all or any part of the money received in payment of loans and interest on loans, and other money received or to be received to secure the payment of the notes or bonds.

(b) Pledging all or any part of the assets of the authority, including mortgages and obligations obtained by the authority in connection with its programs, to secure the payment of the notes or bonds.

(c) Pledging any loan, grant, or contribution from a government entity.

(d) The use and disposition of the gross income from contracts and leases of the authority.

(e) The setting aside of reserves or sinking funds and the regulation and disposition of reserves or sinking funds.

(f) Limitations on the purpose to which the proceeds of sale of notes or bonds may be applied and pledging proceeds to secure the payment of the notes or bonds.

(g) Limitations on the issuance of additional notes or bonds, the terms upon which additional notes or bonds may be issued and secured, and the refunding of outstanding or other notes or bonds.

(h) The procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which shall consent to the amendment or abrogation, and the manner in which the consent is to be given.

(i) Vesting in a trustee or trustees property, rights, powers, and duties in trust as the authority may determine, which may include any of the rights, powers, and duties of the trustee appointed by the bondholders under this act and limiting or abrogating the right of the bondholders to appoint a trustee under this section or limiting the rights, powers, and duties of the trustee.

(j) Establishing a contractual right to require mandatory tender for purchase of the notes or bonds in an instrument separate from the notes or bonds. The instrument may be issued or sold by the authority to investors.

(k) Except as otherwise prohibited by this act, any other provision that may affect the security or protection of the notes or bonds.

(*l*) Delegating to an officer or other employee of the authority, or an agent designated by the authority, for a period of time as the authority determines, the power to cause the issue, sale, and delivery of the notes or bonds within limits on those notes or bonds established by the authority as to any of the following:

(*i*) The form.

(*ii*) The maximum interest rate or rates.

(*iii*) The maturity date or dates.

(*iv*) The purchase price.

(*v*) The denominations.

(*vi*) The redemption premiums.

(*vii*) The nature of the security.

(*viii*) The selection of the applicable interest rate index.

(*ix*) Other terms and conditions with respect to issuance of the notes or bonds as the authority shall prescribe.

484.3213 Money or property pledged and received by authority.

Sec. 13. (1) Any pledge made by the authority is valid and binding from the date that the pledge is made.

(2) The money or property pledged and received by the authority shall immediately be subject to the lien of the pledge without any physical delivery or further act and the lien of the pledge is valid and binding against all parties having claims in tort, contract, or otherwise against the authority, irrespective of whether the parties have notice of the lien.

(3) The resolution or any other instrument by which a pledge is created need not be recorded.

484.3214 Notes or bonds; personal liability.

Sec. 14. The members of the board or any person executing the notes or bonds under this act are not liable personally on the notes or bonds or subject to any personal liability or accountability by reason of the issuance of the notes or bonds.

484.3215 Notes or bonds; power of authority to purchase.

Sec. 15. Subject to any agreements with noteholders or bondholders, the authority has the power to use any funds available to purchase notes or bonds of the authority at a price determined by the authority.

484.3216 Rights of authority to fulfill terms of agreement not limited, altered, or impaired.

Sec. 16. This state pledges and agrees with the holders of any notes or bonds issued under this act, that this state will not limit or alter the rights vested in the authority to fulfill the terms of any agreements made with the holders, or in any way impair the rights and remedies of the holders until the notes or bonds, together with earned interest, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of this state in any agreement with the holders of notes or bonds under this act.

484.3217 Notes or bonds as limited obligations.

Sec. 17. (1) The authority may issue notes or bonds that are expressly stated not to be general obligations of the authority but that constitute limited obligations of the authority payable solely from and secured solely by the revenues, money, and property as the authority may specify.

(2) The notes or bonds designated as limited obligations under this section shall not be payable from or secured by the reserve capital account, and any reserve fund established for the limited obligation notes or bonds shall not constitute a capital reserve fund under this act.

484.3218 Default.

Sec. 18. (1) If the authority defaults in the payment of principal or interest of any notes or bonds when due, whether at maturity or upon call for redemption, and the default continues for a period of 30 days, or if the authority fails or refuses to comply with this act, or defaults in any agreement made with the holders of any notes or bonds, the holders of 25% in aggregate principal amount of the notes or bonds then outstanding may apply to the circuit court of Ingham county for the appointment of a trustee to represent the holders of the notes or bonds.

(2) A trustee appointed under this act may, and upon the written request of the holders of 25% in aggregate principal amount of the notes or bonds shall, do any of the following:

(a) Enforce all rights of the noteholders or bondholders, including the right to require the authority to perform its duties under this act.

(b) Bring suit upon the notes or bonds.

(c) Require the authority to account as if it were the trustee of an express trust for the holders of the notes or bonds.

(d) Enjoin any acts or things that may be unlawful or in violation of the rights of the holders of the notes or bonds.

(e) Declare all the notes or bonds due and payable.

(3) Before declaring the principal of notes or bonds due and payable, the trustee shall first give 30 days' notice in writing to the governor, to the authority, and to the attorney general.

(4) The trustee has all of the powers necessary or appropriate for the general representation of bondholders or noteholders in the enforcement and protection of their rights.

(5) An action under this section shall be brought in the circuit court for the county of Ingham.

484.3219 Disposition of money held by authority.

Sec. 19. (1) Money of the authority shall be held by the authority and deposited in a financial institution approved by the state treasurer, which financial institution may give security for the deposits.

(2) The authority may, subject to the approval of the state treasurer, contract with the holders of any of its notes or bonds as to the custody, collection, securing, investment, and payment of money of the authority, of any money held in trust or otherwise for the payment of notes or bonds, and to carry out the contract. Money held in trust or otherwise for the payment of notes or bonds or in any way to secure notes or bonds and deposits of money may be secured in the same manner as money of the authority.

(3) The authority may enter into an interest rate exchange or swap, hedge, or similar agreement or agreements in connection with the issuance of its notes or bonds or in connection with its then outstanding notes or bonds.

484.3220 Notes and bonds as securities; investment.

Sec. 20. The notes and bonds of the authority are securities in which public officers and bodies of this state and municipalities and municipal subdivisions, insurance companies and associations and other persons carrying on an insurance business, banks, trust companies, savings banks and savings associations, savings and loan associations, investment companies, administrators, guardians, executors, trustees and other fiduciaries, and any other person who is now or may be authorized to invest in bonds or other obligations of this state, may properly and legally invest funds, including capital, in their control or belonging to them.

484.3221 Full faith and credit bonds; issuance; vote.

Sec. 21. The authority, at its discretion, may recommend an issuance of full faith and credit bonds to the legislature for a vote of the people.

484.3222 Notes and bonds; exemption from tax.

Sec. 22. This state covenants with the purchasers and all subsequent holders and transferees of notes and bonds issued by the authority, in consideration of the acceptance of and payment for the notes and bonds, that the notes and bonds of the authority, issued under this act and the income from the notes and bonds and all its fees, charges, grants, revenues, receipts, and other money received or to be received, pledged to pay or secure the payment of the notes or bonds shall at all times be free and exempt from all state, city, county, or other taxation provided by the laws of this state, except for estate and gift taxes and taxes on transfers.

484.3223 Property; exemption from tax.

Sec. 23. The property of the authority and its income and operation are exempt from all taxation by this state or any of its political subdivisions.

484.3224 Annual report.

Sec. 24. The authority shall submit an annual report no later than March 1 of each year relating to its activities for the preceding calendar year to the governor, the speaker of the house of representatives, the majority leader of the senate, and to each member of the house and senate committees with oversight over utility and energy issues.

484.3225 New partnerships or joint ventures; limitation.

Sec. 25. Except to the extent necessary to maintain, improve, complete, or expand within the defined service area, an element of the broadband infrastructure already acquired or financed under this act, the authority shall not enter into new partnerships or other joint ventures arrangements or provide new loans or joint venture and partnership arrangements after December 31, 2008.

This act is ordered to take immediate effect.
Approved March 14, 2002.

(SB 999)

AN ACT to amend 1905 PA 282, entitled "An act to provide for the assessment of the property, by whomsoever owned, operated or conducted, of railroad companies, union station and depot companies, telegraph companies, telephone companies, sleeping car companies, express companies, car loaning companies, stock car companies, refrigerator car companies, and fast freight companies, and all other companies owning, leasing, running or operating any freight, stock, refrigerator, or any other cars, not being exclusively the property of any railroad company paying taxes upon its rolling stock under the provisions of this act, over or upon the line or lines of any railroad or railroads in this state, and for the levy of taxes thereon by a state board of assessors, and for the collection of such taxes, and to repeal all acts or parts of acts contravening any of the provisions of this act," (MCL 207.1 to 207.21) by adding section 13b.

The People of the State of Michigan enact:

207.13b Tax credit; amount; limitation; prohibition; credit against remaining tax; carrying forward credit to offset tax liability in subsequent years; application; submission to state board of assessors; form; definitions.

Sec. 13b. (1) Subject to subsections (2), (3), and (4), a company shall be allowed a credit against the tax imposed under this act for the tax year equal to 6% of eligible expenditures incurred in the calendar year immediately preceding the tax year for which the credit under this subsection is claimed.

(2) The amount of the credit under subsection (1) shall be limited as follows:

(a) For the 2003 tax year, the credit shall not exceed 3% of the company's liability for the tax levied under this act in the 2003 tax year.

(b) For the 2004 tax year, the credit shall not exceed the greater of 6% of the company's liability for the tax levied under this act in the 2004 tax year or 100% of the credit the company received under this subsection in the 2003 tax year.

(c) For the 2005 tax year, the credit shall not exceed the greater of 9% of the company's liability for the tax levied under this act in the 2005 tax year or 100% of the credit the company received under this subsection in the 2004 tax year.

(d) For the 2006 tax year and each year after the 2006 tax year, the credit shall not exceed the greater of 12% of the company's liability for the tax levied under this act in the tax year in which the credit is claimed or 100% of the credit the company received under this subsection in the immediately preceding tax year.

(3) The amount of the credit under subsection (1) shall not exceed a company's liability for the tax levied under this act in the tax year in which the credit is claimed.

(4) A credit under subsection (1) may not be claimed by a company in a tax year in which 1 or more of the following conditions apply:

(a) The company is not subject to the annual maintenance fee required under section 8 of the metropolitan extension telecommunications rights-of-way oversight act.

(b) The company is subject to the annual maintenance fees required under section 8 of the metropolitan extension telecommunications rights-of-way oversight act, and has failed to pay the annual maintenance fees that are due and payable as of May 1 in that year.

(5) After any credit under subsection (1) is determined, a company shall be allowed a credit against any remaining tax imposed under this act equal to the credit allowed under section 8 of the metropolitan extension telecommunications rights-of-way oversight act, less the amount of any credit determined under subsection (1). If the credit allowed under this subsection for the tax year and any unused carryforward of the credit allowed by this subsection exceed the company's remaining tax liability for the tax year after any credit under subsection (1) is determined, that portion of the credit that exceeds the remaining tax liability for the tax year shall not be refunded but may be carried forward to offset any tax liability in subsequent tax years that remains after any credit claimed under subsection (1) in that subsequent tax year is determined until used up. A credit may not be claimed under this subsection in a tax year in which 1 or more of the conditions set forth in subsection (4) apply.

(6) A company may apply for the credit under subsection (1) by submitting to the state board of assessors an application in a form prescribed by the state board of assessors at the time the annual report required under section 6 is due.

(7) A company may apply for the credit under subsection (5) by submitting to the state board of assessors an application in a form prescribed by the state board of assessors before May 1.

(8) As used in this section:

(a) "Eligible expenditures" means expenditures made by a company to purchase and install eligible equipment after December 31, 2001.

(b) "Eligible equipment" means property placed into service in this state for the first time with information carrying capability in excess of 200 kilobits per second in both directions.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless Senate Bill No. 880 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and

other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," (MCL 380.1 to 380.1852) by adding section 1178a.

The People of the State of Michigan enact:

380.1178a Administration of medications; duties of department.

Sec. 1178a. (1) Not later than October 1, 2002, the department shall do all of the following:

(a) Review all guidelines, policies, or other publications produced by the department or another state agency concerning administration of medications to pupils at school and revise them as necessary.

(b) Make available to all school districts, intermediate school districts, and public school academies a model local policy concerning administration of medications to pupils at school.

(2) The model local policy developed under subsection (1) shall address the type and amount of training that may be required for persons who participate in administering medications to pupils at school. In developing this part of the policy, the department may consider training programs offered by the Michigan association of school nurses and by other public health organizations.

(3) Not later than 1 year after the effective date of this section, each school board, intermediate school board, and public school academy board of directors shall review its local policy concerning administration of medications to pupils at school. This review shall take place at a public meeting.

(4) School boards, intermediate school boards, and public school academy boards of directors are encouraged to align their local policies with the model policy developed under subsection (1) and are encouraged to provide appropriate training to persons who participate in administering medications to pupils at school.

(SB 796)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 1902, 1903, and 1904 (MCL 324.1902, 324.1903, and 324.1904), section 1902 as amended by 1996 PA 134 and sections 1903 and 1904 as added by 1995 PA 60, and by adding section 1907a.

The People of the State of Michigan enact:

324.1902 Michigan natural resources trust fund; establishment; contents; transfer of amount to Michigan state parks endowment fund; receipts; investment; report on accounting of revenues and expenditures.

Sec. 1902. (1) In accordance with section 35 of article IX of the state constitution of 1963, the Michigan natural resources trust fund is established in the state treasury. The trust fund shall consist of all bonuses, rentals, delayed rentals, and royalties collected or reserved by the state under provisions of leases for the extraction of nonrenewable resources from state owned lands. However, the trust fund shall not include bonuses, rentals, delayed rentals, and royalties collected or reserved by the state from the following sources:

(a) State owned lands acquired with money appropriated from the game and fish protection fund created in part 435.

(b) State owned lands acquired with money appropriated from the subfund account created by former section 4 of former 1976 PA 204.

(c) State owned lands acquired with money appropriated from related federal funds made available to the state under chapter 899, 50 Stat. 917, 16 U.S.C. 669 to 669b and 669c to 669i, commonly known as the federal aid in wildlife restoration act, or chapter 658, 64 Stat. 430, 16 U.S.C. 777 to 777e, 777f to 777i, and 777k to 777*l*, commonly known as the federal aid in fish restoration act.

(d) Money received by the state from net proceeds allocable to the nonconventional fuel credit contained in section 29 of the internal revenue code of 1986, 26 U.S.C. 29, as provided for in section 503.

(2) Notwithstanding subsection (1), until the trust fund reaches an accumulated principal of $500,000,000.00, $10,000,000.00 of the revenues from bonuses, rentals, delayed rentals, and royalties described in this section, but not including money received by the state from net proceeds allocable to the nonconventional fuel credit contained in section 29 of the internal revenue code of 1986, 26 U.S.C. 29, as provided for in section 503, otherwise dedicated to the trust fund that are received by the trust fund each state fiscal year shall be transferred to the state treasurer for deposit into the Michigan state parks endowment fund created in section 74119. However, until the trust fund reaches an accumulated principal of $500,000,000.00, in any state fiscal year, not more than 50% of the total revenues from bonuses, rentals, delayed rentals, and royalties described in this section, but not including net proceeds allocable to the nonconventional fuel credit contained in section 29 of the internal revenue code of 1986, 26 U.S.C. 29, as provided in section 503, otherwise dedicated to the trust fund that are received by the trust fund each state fiscal year shall be transferred to the Michigan state parks endowment fund. To implement this subsection, until the trust fund reaches an accumulated principal of $500,000,000.00, the department shall transfer 50% of the money received by the trust fund each month pursuant to subsection (1) to the state treasurer for deposit into the Michigan state parks endowment fund. The department shall make this transfer on the last day of each month or as soon as practicable thereafter. However, not more than a total of $10,000,000.00 shall be transferred in any state fiscal year pursuant to this subsection.

(3) In addition to the contents of the trust fund described in subsection (1), the trust fund shall consist of money transferred to the trust fund pursuant to section 1909.

(4) The trust fund may receive appropriations, money, or other things of value.

(5) The state treasurer shall direct the investment of the trust fund. The state treasurer shall have the same authority to invest the assets of the trust fund as is granted to an investment fiduciary under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1140*l*.

(6) The department shall annually prepare a report containing an accounting of revenues and expenditures from the trust fund. This report shall identify the interest and earnings of the trust fund from the previous year, the investment performance of the trust fund during the previous year, and the total amount of appropriations from the trust fund during the previous year. This report shall be provided to the senate and house of representatives appropriations committees and the standing committees of the senate and house of representatives with jurisdiction over issues pertaining to natural resources and the environment.

324.1903 Expenditures.

Sec. 1903. (1) Subject to the limitations of this part and of section 35 of article IX of the state constitution of 1963, the interest and earnings of the trust fund in any 1 state fiscal year may be expended in subsequent state fiscal years only for the following purposes:

(a) The acquisition of land or rights in land for recreational uses or protection of the land because of its environmental importance or its scenic beauty.

(b) The development of public recreation facilities.

(c) The administration of the fund, including payments in lieu of taxes on state owned land purchased through the trust fund.

(2) In addition to the money described in subsection (1), 33-1/3% of the money, exclusive of interest and earnings, received by the trust fund in any state fiscal year may be expended in subsequent state fiscal years for the purposes described in subsection (1). However, the authorization for the expenditure of money provided in this subsection does not apply after the state fiscal year in which the total amount of money in the trust fund, exclusive of interest and earnings and amounts authorized for expenditure under this section, exceeds $500,000,000.00.

(3) An expenditure from the trust fund may be made in the form of a grant to a local unit of government, subject to the following conditions:

(a) The grant is used for the purposes described in subsection (1) and meets the requirements of either subdivision (b) or (c).

(b) A grant for the purposes described in subsection (1)(a) is matched by the local unit of government or public authority with at least 25% of the total cost of the project.

(c) A grant for the purposes described in subsection (1)(b) is matched by the local unit of government with 25% or more of the total cost of the project.

(4) Not less than 25% of the total amounts made available for expenditure from the trust fund from any state fiscal year shall be expended for acquisition of land and rights in land, and not more than 25% of the total amounts made available for expenditure from the trust fund from any state fiscal year shall be expended for development of public recreation facilities.

(5) If property that was acquired with money from the trust fund is subsequently sold or transferred by the state to a nongovernmental entity, the state shall forward to the state treasurer for deposit into the trust fund an amount of money equal to the following:

(a) If the property was acquired solely with trust fund money, the greatest of the following:

(*i*) The net proceeds of the sale.

(*ii*) The fair market value of the property at the time of the sale or transfer.

(*iii*) The amount of money that was expended from the trust fund to acquire the property.

(b) If the property was acquired with a combination of trust fund money and other restricted funding sources governed by federal or state law, an amount equal to the percentage of the funds contributed by the trust fund for the acquisition of the property multiplied by the greatest of subdivision (a)(*i*), (*ii*), or (*iii*).

324.1904 Limitation on amount accumulated in trust fund; deposit and distribution of amount.

Sec. 1904. The amount accumulated in the trust fund shall not exceed $500,000,000.00, exclusive of interest and earnings and amounts authorized for expenditure under this part. Any amount of money that would be a part of the trust fund but for the limitation stated in this section shall be deposited in the Michigan state parks endowment fund created in section 74119, until the Michigan state parks endowment fund reaches an accumulated principal of $800,000,000.00. After the Michigan state parks endowment fund reaches an accumulated principal of $800,000,000.00, any money that would be part of the Michigan state parks endowment fund but for this limitation shall be distributed as provided by law.

324.1907a Project status; report.

Sec. 1907a. If within 2 years after a parcel of property that is approved for acquisition or development by the legislature has not been acquired or developed in the manner determined by the board and is not open for public use, the board shall report to the standing committees of the senate and the house of representatives with jurisdiction over issues related to natural resources and the environment on the status of the project and the reason why the property has not been purchased or developed in the manner determined by the board.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless Senate Joint Resolution T of the 91st Legislature becomes a part of the state constitution of 1963 as provided in section 1 of article XII of the state constitution of 1963.

This act is ordered to take immediate effect.

AN ACT to amend 1946 (1st Ex Sess) PA 9, entitled "An act to create the Michigan veterans' trust fund, and to define who shall be eligible to receive assistance therefrom; to provide for the disbursement of the income thereof and surplus therein; to create a board of trustees, and to prescribe its powers and duties; to provide for county and district committees, and their powers, duties, and expenses; to prescribe penalties; and to make appropriations to carry out the provisions of this act," by amending section 5 (MCL 35.605).

The People of the State of Michigan enact:

35.605 Earnings of Michigan veterans' trust fund; allocation; investment; accounting.

Sec. 5. (1) The earnings of the Michigan veterans' trust fund shall be allocated from time to time by the board of trustees as follows:

(a) The operating expenses of the fund shall be approved annually and funded from the surplus earnings.

(b) Fifty percent of the remaining surplus in and the earnings of the fund shall be allocated for distribution to county and district committees on the basis of need as determined by the board.

(c) The balance of the surplus in and earnings of the trust fund after allocations under subdivisions (a) and (b) shall be allocated in part or in whole to the several county and district committees on the basis of veteran population. The funds made available to the board of trustees for distribution to county and district committees on the basis of need as determined by the board of trustees shall be disbursed only for the same purposes of providing for needs of Michigan veterans as defined by 1965 PA 190, MCL 35.61 to 35.62, or their dependents as are the funds allocated to county and district committees on the basis of veteran population.

(2) The state treasurer shall direct the investment of the Michigan veterans' trust fund. The state treasurer shall have the same authority to invest the assets of the trust fund as is granted to an investment fiduciary under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1140*l*. The trust fund shall be considered state funds and shall be protected by the official bond of the state treasurer.

(3) The state treasurer shall annually prepare an accounting of revenues and expenditures from the trust fund. This accounting shall specifically identify the interest and earnings of the trust fund, shall describe how the amount of interest and earnings has been affected by the expanded investment options provided for in subsection (2), and shall identify how the increased interest and earnings, if any, have been expended. This accounting shall be provided to the senate and house of representatives appropriations committees.

(SB 798)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to

the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 74119 (MCL 324.74119), as added by 1995 PA 58.

The People of the State of Michigan enact:

324.74119 Michigan state parks endowment fund.

Sec. 74119. (1) In accordance with section 35a of article IX of the state constitution of 1963, the Michigan state parks endowment fund is created within the state treasury. The Michigan state parks endowment fund may be referred to as the Genevieve Gillette state parks endowment fund.

(2) The state treasurer may receive money or other assets from any source for deposit into the endowment fund. The state treasurer shall direct the investment of the endowment fund. The state treasurer shall have the same authority to invest the assets of the endowment fund as is granted to an investment fiduciary under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1140*l*. The state treasurer shall credit to the endowment fund interest and earnings from endowment fund investments.

(3) Money in the endowment fund at the close of the fiscal year shall remain in the endowment fund and shall not lapse to the general fund.

(4) The accumulated principal of the endowment fund shall not exceed $800,000,000.00, which amount shall be annually adjusted pursuant to the Detroit consumer price index—all items beginning when the endowment fund reaches $800,000,000.00. This annually adjusted figure is the accumulated principal limit of the endowment fund.

(5) Money in the endowment fund shall be expended for operations, maintenance, and capital improvements at Michigan state parks and for the acquisition of land or rights in land for Michigan state parks.

(6) Money in the endowment fund shall be expended as follows:

(a) Until the endowment fund reaches an accumulated principal of $800,000,000.00, each state fiscal year the legislature may appropriate not more than 50% of the money received under section 35 of article IX of the state constitution of 1963 plus interest and earnings and any private contributions or other revenue to the endowment fund.

(b) Once the accumulated principal in the endowment fund reaches $800,000,000.00, only the interest and earnings of the endowment fund in excess of the amount necessary to maintain the endowment fund's accumulated principal limit shall be expended.

(7) Unexpended appropriations of the endowment fund from any state fiscal year as authorized by this section may be carried forward or may be appropriated as determined by the legislature for purposes of this section.

(8) The department shall annually prepare a report containing an accounting of revenues and expenditures from the endowment fund. This report shall identify the interest and earnings of the endowment fund from the previous year, the investment performance of the endowment fund during the previous year, and the total amount of appropriations from the endowment fund during the previous year. This report shall be provided to the senate and house of representatives appropriations committees and the standing committees of the senate and house of representatives with jurisdiction over issues pertaining to natural resources and the environment.

AN ACT to amend 1984 PA 22, entitled "An act to establish the Michigan civilian conservation corps; to prescribe the powers and duties of certain state officers, agencies, and departments; to create and provide for the use of an endowment fund; and to provide for an appropriation," by amending section 12a (MCL 409.312a), as added by 1994 PA 394.

The People of the State of Michigan enact:

409.312a Michigan civilian conservation corps endowment fund; creation; disposition, investment, and credit of money and assets; money to remain in endowment fund; expenditure of interest and earnings; report on accounting of revenues and expenditures.

Sec. 12a. (1) The Michigan civilian conservation corps endowment fund is created within the state treasury.

(2) The state treasurer may receive money or other assets from any source for deposit into the endowment fund. The state treasurer shall direct the investment of the endowment fund. The state treasurer shall have the same authority to invest the assets of the endowment fund as is granted to an investment fiduciary under the public employee retirement system investment act, 1965 PA 314, MCL 38.1132 to 38.1140*l*. The state treasurer shall credit to the endowment fund interest and earnings from endowment fund investments.

(3) Money in the endowment fund at the close of the fiscal year shall remain in the endowment fund and shall not lapse to the general fund.

(4) The department with the concurrence of the commission, shall expend only the interest and earnings of the endowment fund for the operation of the corps.

(5) The department shall annually prepare a report containing an accounting of revenues and expenditures from the endowment fund. This report shall identify the interest and earnings of the endowment fund from the previous year, the investment performance of the endowment fund during the previous year, and the total amount of appropriations from the endowment fund during the previous year. AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 442 (MCL 380.442), as amended by 1985 PA 22.

The People of the State of Michigan enact:

380.442 Borrowing powers of first class school district board; limitations on loans and bonds.

Sec. 442. (1) The first class school district board may do all of the following:

(a) Borrow, subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, for temporary school purposes sums of money and give notes of the district for temporary school purposes.

(b) Borrow, subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, sums of money for the purpose of purchasing sites for buildings, playgrounds, or athletic fields and purchasing or erecting and equipping a building or making a permanent improvement that it is authorized to make. The board may accomplish this by the issuance and sale of bonds of the school district on terms the board considers advisable, or by other reasonable means. The board shall designate officers to execute the bonds on behalf of the school district. The designated officers may include the chief fiscal officer.

(2) A loan shall not be made, except as otherwise provided in this subsection, for a sum that, together with the total outstanding bonded indebtedness of the school district, exceeds 5% of the state equalized valuation of the taxable property within the district, unless the proposition of making the loans or of issuing bonds is submitted to a vote of the school electors of the district at a general or special school election and approved by the majority of the school electors voting on the question. Regardless of the amount of outstanding bonded indebtedness of the school district, a vote of the school electors is not necessary in order to issue bonds for a purpose described in section 1274a. Loans may be made or bonds may be issued for the purposes stated in this section in an amount equal to that provided by part 17.

This act is ordered to take immediate effect.

AN ACT to amend 1961 PA 108, entitled "An act to provide for loans by the state of Michigan to school districts for the payment of principal and interest upon school bonds; to prescribe the terms and conditions of the loans and the conditions upon which levies for bond principal and interest shall be included in computing the amount to be so loaned by the state; to prescribe the powers and duties of the superintendent of public instruction and the state treasurer in relation to such loans; to provide for the repayment of such loans; to provide incentives for repayment of such loans; to provide for other matters in respect to such loans; and to make an appropriation," by amending section 4 (MCL 388.954), as amended by 1992 PA 228.

The People of the State of Michigan enact:

388.954 Issuance of certificate qualifying bond issue; application; findings; refunding bonds; applicability of subsection (1)(f) to certain bond issues.

Sec. 4. (1) The superintendent of public instruction shall issue his or her certificate qualifying an issue of bonds, upon application for a certificate being made by the school district, if the superintendent finds the following:

(a) That the last maturity date of the issue of bonds is not less than 10 years from the issuance date appearing on the bonds subject to the following qualifications and exceptions:

(*i*) Except for bonds issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, or as otherwise provided in this subparagraph, if the ratio of debt to valuation of the school district exceeds 4%, the last maturity date of the issue of bonds shall be not less than 15 years from the issuance date appearing on the bonds; if the ratio of debt to valuation of the school district exceeds 7%, the last maturity date of the issue of bonds shall be not less than 25 years from the issuance date appearing on the bonds; or if the ratio of debt to valuation of the school district exceeds 12%, the last maturity date of the issue of bonds shall be not less than 29 years from the issuance date appearing on the bonds. Regardless of the ratio of debt to valuation of a school district, the state treasurer may authorize the last maturity date of an issue of bonds of that school district to be not less than 10 years from the issuance date appearing on the bonds if the state treasurer determines it is financially beneficial to the state or to the school district. As used in this section, "ratio of debt to valuation" means that ratio arrived at by dividing the total tax supported bonded indebtedness of the school district outstanding as of the date of the filing of the application required by this act, including the bonds proposed to be qualified, by the assessed valuation of the school district as last equalized by the state. The refunding part of any proposed issue of bonds shall not be included in the total indebtedness of the school district for the purposes of this section.

(*ii*) If the bonds are issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, the last maturity of the issue of bonds may be less than 10 years from the issuance date appearing on the bonds but not less than the number of years approved by the superintendent of public instruction in the certificate of qualification. The certificate of qualification of the superintendent of public instruction shall contain a certification and approval that the bonds are issued for such a purpose, which approval shall be final and conclusive and shall set forth the minimum number of years for the last maturity of the bonds.

(b) That the yearly principal maturity date is not less than 5 months after the major part of the taxes for the bonds becomes by law a lien upon the property assessed.

(c) Except as otherwise provided in this subdivision, that the amount of principal maturing in any calendar year is not less than the amount of principal maturing in any prior calendar year and, except for bonds issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, if the ratio of debt to valuation of the school district exceeds 12%, that the first 10 principal maturities do not in the aggregate exceed 25% of the total principal amount of the bonds proposed to be qualified. Regardless of the amount of principal maturing in any calendar year and regardless of the ratio of debt to valuation of the school district, the state treasurer may authorize principal maturities in any amount if the state treasurer determines it is financially beneficial to the state or to the school district. At the request of the school district, the state treasurer may grant that authorization as part of the procedure of preliminary qualification under subdivision (f).

(d) That the cost of the project for which the bonds are to be issued is within reasonable standards of cost as established by the state board of education, which standards may vary as to different localities in accordance with any variance in construction costs between localities.

(e) Except for bonds issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, that there exists a need for the project based upon current and probable future enrollment and that the project is designed to provide school facilities reasonably adequate to meet that need.

(f) Subject to subsection (3), if a bond issue requires an election, that a bond issue that a school district wishes to qualify has been given preliminary qualification prior to the official action of the board of education calling for the election on the bond issue.

(g) If the bonds are issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, and if the bonds have not been approved by a majority of the school electors voting on the question, that the school district has demonstrated and the state treasurer has approved the method of payment for, and the ability to pay, the bonds.

(2) For refunding bonds issued to refund bonds issued before May 4, 1955, the superintendent of public instruction shall issue the certificate of qualification if the superintendent finds that the refunding bonds comply with the requirements set forth in subsection (1)(c). For refunding bonds issued to refund bonds issued on or after May 4, 1955, or issued to refund loans from the state made under the authority of this act, the superintendent shall issue the certificate of qualification if the superintendent finds that the refunding bonds comply with the requirements set forth in subsection (1)(c) and also that the refunding bonds are being issued to refund loans from the state made under the authority of this act or that the bonds representing the original indebtedness either were qualified or satisfied the requirements for qualification set forth in subsection (1)(d) and (e) in effect when issued or would have satisfied the requirements set forth in subsection (1)(d) and (e) had those requirements been in effect when the bonds were issued. Refunding bonds issued to refund loans from the state made under the authority of this act shall be considered as refunding bonds for all purposes including section 16 of article IX of the state constitution of 1963.

(3) The requirement of subsection (1)(f) does not apply to a bond issue that is approved by the school district electors between December 31, 1990 and July 1, 1991 and that is in part ineligible for qualification. A series of bonds for such a bond issue may be qualified by the superintendent of public instruction if it is limited to either a project or projects eligible for qualification or refunding of obligations issued for a purpose described in section 1274a of the revised school code, 1976 PA 451, MCL 380.1274a, or both.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 629 (MCL 380.629), as amended by 1997 PA 152.

The People of the State of Michigan enact:

380.629 Borrowing by intermediate school board; purposes; limitations on borrowing money or issuing bonds; resolution by constituent school district not to participate in cooperative program or conduct election.

Sec. 629. (1) An intermediate school board may borrow, subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, sums of money on terms the intermediate school board considers necessary for 1 or more of the following purposes:

(a) For temporary purposes for which the intermediate school board may give notes of the intermediate school district. The intermediate school board shall not borrow a sum that exceeds the amount that has been voted by the intermediate school board or the school electors of the intermediate school district.

(b) To purchase sites for buildings; to purchase, erect, complete, remodel, improve, furnish, refurnish, equip, or reequip buildings and facilities the board is authorized to acquire, including, but not limited to, general administrative, vocational, or special education buildings or facilities, or parts of those buildings or facilities, or additions to those buildings or facilities, and prepare, develop, or improve sites for those buildings or facilities; to purchase and install information technology systems, together with the equipment and software, as are necessary for programs conducted by the intermediate school district under section 627(2); and to issue and sell bonds of the intermediate school district in the form and on the terms the board considers advisable.

(2) An intermediate school board shall not borrow money or issue bonds for a sum that, together with the total outstanding bonded indebtedness of the intermediate school district, exceeds 1/9 of 1% of the state equalized valuation of the taxable property within the district, unless the question of borrowing the money or issuing bonds is submitted first to a vote of the school electors of the intermediate school district held under sections 661 and 662 and approved by the majority of the registered school electors voting on the question. Regardless of the amount of outstanding bonded indebtedness of the intermediate school district, a vote of the school electors is not necessary in order to issue bonds for a purpose described in section 1274a or to issue bonds under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i. Money may be borrowed and bonds may be issued for the purposes stated in this section in an amount equal to that provided by part 17. For the purposes of this subsection, bonds authorized by vote of the school electors for special education facilities under part 30 and for area vocational-technical education facilities under sections 681 to 690 and bonds issued under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i, shall not be included in computing the total outstanding bonded indebtedness of an intermediate school district.

(3) Not later than 30 days after receipt of notice that the question of issuing bonds under this section to purchase and install information technology systems as are necessary for a cooperative program under section 627(2) will be submitted to the school electors of the intermediate school district, the board of a constituent school district by resolution may elect not to participate in the cooperative program and not to conduct an election on the question within the constituent school district.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and

other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 687 (MCL 380.687), as amended by 1995 PA 289.

The People of the State of Michigan enact:

380.687 Borrowing money and issuing bonds; purposes; limitation; submission to school electors; form of ballot.

Sec. 687. (1) An intermediate school board in which an area vocational-technical education program is established, by a majority vote of the intermediate school electors voting on the question at an annual or at a special election called for that purpose, may borrow money and issue bonds of the intermediate school district subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, to defray all or part of the cost of purchasing, erecting, completing, remodeling, improving, furnishing, refurnishing, equipping, or reequipping area vocational-technical buildings and other facilities, or parts of buildings and other facilities or additions to buildings and other facilities; acquiring, preparing, developing, or improving sites, or parts of sites or additions to sites, for area vocational-technical buildings and other facilities; refunding all or part of existing bonded indebtedness; or accomplishing a combination of the foregoing purposes. An intermediate school district shall not issue bonds under this part for an amount greater than 1.5% of the total assessed valuation of the intermediate school district.

(2) A bond qualified under section 16 of article IX of the state constitution of 1963 and implementing legislation shall not be included for purposes of calculating the foregoing 1.5% limitation.

(3) An intermediate school board may submit a proposal to issue bonds of the intermediate school district, authorized under this section, to the intermediate school electors at the same election at which the intermediate school electors vote on the establishment of an area vocational-technical education program. If these questions are presented to the school electors at the same election, the board shall include the bond proposal in the 60-day notice given the boards of constituent districts. The establishment of an area vocational-technical education program shall become effective if approved by a majority of the intermediate school electors voting on the question. The authority to issue bonds is effective only if a majority of the intermediate school electors approve both the establishment of the area vocational-technical education program and the issuance of bonds.

(4) The ballot used in submitting the question of borrowing money and issuing bonds under this section shall be in substantially the following form:

"Shall _____ (here state the legal name of the intermediate school district designating the name of a district of not less than 18,000 pupils or first class school district that has elected not to come under this act as far as an area vocational-technical education program is concerned) state of Michigan, borrow the sum of not to exceed $_____ and issue its bonds therefor, for the purpose of _____?

Yes ( )

No ( )".

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 1351a (MCL 380.1351a), as amended by 1997 PA 152.

The People of the State of Michigan enact:

380.1351a Borrowing money and issuing bonds.

Sec. 1351a. (1) Beginning with bonds issued after May 1, 1994, a school district shall not borrow money and issue bonds of the district under section 1351(1). However, a school district may borrow money and issue bonds of the district to defray all or a part of the cost of purchasing, erecting, completing, remodeling, or equipping or reequipping, except for equipping or reequipping for technology, school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities, or parts of or additions to those facilities; furnishing or refurnishing new or remodeled school buildings; acquiring, preparing, developing, or improving sites, or parts of or additions to sites, for school

buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities; purchasing school buses; acquiring, installing, or equipping or reequipping school buildings for technology; or accomplishing a combination of the purposes set forth in this subsection. Section 1351(2) to (4) applies to bonds issued under this section.

(2) The proceeds of bonds issued under this section or under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i, shall be used for capital expenditures and to pay costs of bond issuance, and shall not be used for maintenance costs. Except as otherwise provided in this subsection, a school district that issues bonds under this section or under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i, shall have an independent audit, using generally accepted accounting principles, of its bonding activities under these sections conducted within 120 days after completion of all projects financed by the proceeds of the bonds and shall submit the audit report to the department of treasury. For bonds issued under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i, the independent audit required under this subsection may be conducted and submitted with the annual report required under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) A school district shall not borrow money and issue notes or bonds under this section to defray all or part of the costs of any of the following:

(a) Upgrades to operating system or application software.

(b) Media, including diskettes, compact discs, video tapes, and disks, unless used for the storage of initial operating system software or customized application software included in the definition of technology under this section.

(c) Training, consulting, maintenance, service contracts, software upgrades, trouble-shooting, or software support.

(4) A resident of a school district has standing to bring suit against the school district to enforce the provisions of this section in a court having jurisdiction.

(5) As used in this section, "technology" means any of the following:

(a) Hardware and communication devices that transmit, receive, or compute information for pupil instructional purposes.

(b) The initial purchase of operating system software or customized application software, or both, accompanying the purchase of hardware and communication devices under subdivision (a).

(c) The costs of design and installation of the hardware, communication devices, and initial operating system software or customized application software authorized under this subsection.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the

laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 1227 (MCL 380.1227), as added by 1995 PA 289.

The People of the State of Michigan enact:

380.1227 Estimates of necessary taxes; insurance reserve funds; adoption of budget; apportionment of school taxes.

Sec. 1227. (1) The board of a school district shall prepare annual estimates of the amount of taxes necessary for the school district's needs for the ensuing fiscal year. The estimates shall specify the amount required for the "general fund", the amount required for the "capital projects fund", and the amount required for the "debt retirement fund", in accordance with the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, and outstanding bonding resolutions.

(2) The school board may include in the "capital projects fund" an amount not exceeding in 1 year .01% of the school district's taxable value to establish and maintain a school district insurance reserve fund from which school buildings or other school property damaged or destroyed by fire, lightning, or otherwise may be repaired, rebuilt, or replaced by other buildings or property to be used in its place. Taxes shall not be levied for this purpose while the insurance reserve fund exceeds or equals .1% of the school district's taxable value. The board shall carry the insurance reserves forward as an encumbered reserve and may add to the reserve in the manner prescribed in this section. Insurance reserve funds may be invested in the manner provided in section 1223. Income from the investment shall be considered a part of the "general fund". If an emergency is declared by a 2/3 vote of the members elected to and serving on the board, the insurance reserve funds may be borrowed for the emergency, but the funds shall be returned to the insurance reserve fund from the collection of taxes in the next ensuing fiscal year.

(3) The school board shall adopt a budget in the same manner and form as required for its estimates and, subject to limitations under law, determine the amount of tax levy necessary for the budget. The board shall certify the amount to the city and township before the date required by law.

(4) The proper officials of the city and township shall apportion the school taxes in the school district in the same manner as the other taxes of the city or township are apportioned. Except as otherwise provided under part 26, the amount apportioned shall be assessed, levied, collected, and returned for each portion of the school district in the same manner as taxes of the city or township in which the portion of the school district is located.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 1351 (MCL 380.1351), as amended by 1997 PA 152.

The People of the State of Michigan enact:

380.1351 Borrowing money and issuing bonds; purposes; limitations; bonds or notes as full faith and credit tax limited obligations.

Sec. 1351. (1) Until May 1, 1994, a school district may borrow money and issue bonds of the district to defray all or a part of the cost of purchasing, erecting, completing, remodeling, improving, furnishing, refurnishing, equipping, or reequipping school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities, or parts of or additions to those facilities; acquiring, preparing, developing, or improving sites, or parts of or additions to sites, for school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities; purchasing school buses; participating in the administrative costs of an urban renewal program through which the school district desires to acquire a site or addition to a site for school purposes; refunding all or part of existing bonded indebtedness; or accomplishing a combination of the purposes set forth in this subsection. In addition, until December 31, 1991 a school district may borrow money and issue bonds to defray all or part of the cost of purchasing textbooks.

(2) Except as otherwise provided in this subsection, a school district shall not borrow money or issue bonds for a sum that, together with the total outstanding bonded indebtedness of the district, exceeds 5% of the state equalized valuation of the taxable property within the district, unless the proposition of borrowing the money or issuing the bonds is submitted to a vote of the school electors of the district at an annual or special election and approved by the majority of the school electors voting on the question. Regardless of the amount of outstanding bonded indebtedness of the school district, a vote of the school electors is not necessary in order to issue bonds for a purpose described in section 1274a or to issue bonds under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i. For the purposes of this subsection, bonds issued under section 11i of the state school aid act of 1979, 1979 PA 94, MCL 388.1611i, shall not be included in computing the total outstanding bonded indebtedness of a school district.

(3) A school district shall not issue bonds under this part for an amount greater than 15% of the total assessed valuation of the district, except as provided in section 1356. A bond qualified under section 16 of article IX of the state constitution of 1963 and implementing legislation shall not be included for purposes of calculating the 15% limitation. Bonds issued under this part are subject to the revised municipal finance act, 2001 PA 34,

MCL 141.2101 to 141.2821, except that bonds issued for a purpose described in section 1274a may be sold at a public or publicly negotiated sale at the time or times, at the price or prices, and at a discount as determined by the board of the school district.

(4) Bonds or notes issued by a school district or intermediate school district under this part or section 442, 629, or 1274a shall be full faith and credit tax limited obligations of the district pledging the general funds, voted and allocated tax levies, or any other money available for such a purpose and shall not allow or provide for the levy of additional millage for payment of the bond or note without a vote of the qualified electorate of the district.

This act is ordered to take immediate effect.

The People of the State of Michigan enact:

380.1731 Borrowing money and issuing bonds; purposes; limitation.

Sec. 1731. (1) An intermediate school district may borrow money and issue bonds of the intermediate school district subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, to defray all or part of the costs of purchasing, erecting, completing, remodeling, improving, furnishing, refurnishing, equipping, or reequipping buildings for special education facilities; acquiring, preparing, developing, or improving sites, or parts of sites or additions to sites, for buildings and other special education facilities; refunding all or part of existing bonded indebtedness; or the accomplishment of a combination of the foregoing purposes.

(2) An intermediate school district shall not issue bonds for purposes of purchasing, erecting, completing, remodeling, improving, furnishing, refurnishing, equipping, or reequipping buildings for special education for an amount greater than 1.5% of the total assessed valuation of the intermediate school district.

AN ACT to amend 1979 PA 94, entitled "An act to make appropriations to aid in the support of the public schools and the intermediate school districts of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to supplement the school aid fund by the levy and collection of certain taxes; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to prescribe penalties; and to repeal acts and parts of acts," by amending section 17a (MCL 388.1617a), as amended by 1996 PA 300.

The People of the State of Michigan enact:

388.1617a Withholding payment district or intermediate district entitled to receive under act; extent; plan for financing outstanding obligation defaulted upon by district or intermediate district; use of amounts withheld; agreement assigning or pledging payment; statement; "trustee of a pooled arrangement" defined.

Sec. 17a. (1) The department may withhold all or part of any payment that a district or intermediate district is entitled to receive under this act to the extent the withholdings are a component part of a plan, developed and implemented pursuant to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, or other statutory authority, for financing an outstanding obligation upon which the district or intermediate district defaulted. Amounts withheld shall be used to pay, on behalf of the district or intermediate district, unpaid amounts or subsequently due amounts, or both, of principal and interest on the outstanding obligation upon which the district or intermediate district defaulted.

(2) Under an agreement entered into by a district or intermediate district assigning all or a portion of the payment that it is eligible to receive under this act to the Michigan municipal bond authority or to the trustee of a pooled arrangement or pledging the amount for payment of an obligation it incurred with the Michigan municipal bond authority or with the trustee of a pooled arrangement, the state treasurer shall transmit to the Michigan municipal bond authority or a trustee designated by the authority or to the trustee of a pooled arrangement the amount of the payment that is assigned or pledged under the agreement. Notwithstanding the payment dates prescribed by this act for distributions under this act, the state treasurer may advance all or part of a payment that is dedicated for distribution or for which the appropriation authorizing the payment has been made if and to the extent, under the terms of an agreement entered into by a district or intermediate district and the Michigan municipal bond authority, the payment that the district or intermediate district is eligible to receive has been assigned to or pledged for payment of an obligation it incurred with the Michigan municipal bond authority. This subsection does not require the state to make an appropriation to any school district or intermediate school district and shall not be construed as creating an indebtedness of the state, and any agreement made pursuant to this subsection shall contain a statement to that effect. As used in this subsection, "trustee of a pooled arrangement" means the trustee of a trust approved by the state treasurer and, subject to the conditions and requirements of that approval, established for the purpose of offering for sale, as part of a pooled arrangement, certificates representing undivided interests in notes issued by districts or intermediate districts under section 1225 of the revised school code, 1976 PA 451, MCL 380.1225. If a trustee applies to the state treasurer for approval of a trust for the purposes of this subsection, the state treasurer shall approve or disapprove the trust within 10 days after receipt of the application.

AN ACT to amend 1966 PA 331, entitled "An act to revise and consolidate the laws relating to community colleges; to provide for the creation of community college districts; to provide a charter for such districts; to provide for the government, control and administration of such districts; to provide for the election of a board of trustees; to define the powers and duties of the board of trustees; to provide for the assessment, levy, collection and return of taxes therefor; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 122 (MCL 389.122), as amended by 1984 PA 148.

The People of the State of Michigan enact:

389.122 Board of trustees; powers.

Sec. 122. The board of trustees may do all of the following:

(a) Borrow, subject to the provisions of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, for community college purposes, including capital expenditures,

money on the terms it considers desirable and give notes of the district for those purposes. If a newly organized community college district borrows in anticipation of the collection of the first tax levy of the district, the loan shall not exceed 50% of the estimated amount of the first tax levy.

(b) Borrow, subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, money as it considers necessary and issue bonds of the community college district, to purchase sites for buildings, playgrounds, athletic fields, or agricultural farms; to purchase or erect and equip any building or buildings that it is authorized to purchase and erect; or to make any permanent improvement that it is authorized to make. A loan shall not be made and bonds shall not be issued for any sum that, together with the total outstanding bonded indebtedness of the district, including bonds voted but not issued, exceeds the total of 1-1/2% of the first $250,000,000.00 plus 1% of the excess over $250,000,000.00 of the last confirmed state equalized valuation of all taxable property in the district unless the proposition of making the loan or of issuing bonds has been submitted first to a vote of the qualified electors of the district, at a general or special election, and approved by the majority of the electors voting at the election, in which event loans may be made or bonds may be issued in an amount not to exceed 15% of the total state equalized valuation of the district.

(c) Provide for energy conservation improvements to be made to community college facilities and may pay for the improvements from operating funds of the district or from the savings that result from the energy conservation improvements. Energy conservation improvements may include, but are not limited to, heating system improvements, fenestration improvements, roof improvements, the installation of any insulation, the installation or repair of heating or air conditioning controls, and entrance or exit way closures. The board of trustees may acquire 1 or more energy conservation improvements by installment contract or may borrow money and issue notes for the purpose of securing funds for the improvements or may enter into contracts in which the cost of the energy conservation improvements is paid from a portion of the savings that result from the energy conservation improvements. These contractual agreements may provide that the cost of the energy conservation improvements are paid only if the energy savings are sufficient to cover their cost. An installment contract or notes issued pursuant to this subdivision shall extend for a period of time not to exceed 10 years. Notes issued pursuant to this subdivision shall be full faith and credit, tax limited obligations of the community college district, payable from tax levies and the general fund as pledged by the board of trustees. The notes are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. This subdivision does not limit in any manner the borrowing or bonding authority of a community college as provided by law.

This act is ordered to take immediate effect.

AN ACT to amend 1966 PA 331, entitled "An act to revise and consolidate the laws relating to community colleges; to provide for the creation of community college districts; to provide a charter for such districts; to provide for the government, control and

administration of such districts; to provide for the election of a board of trustees; to define the powers and duties of the board of trustees; to provide for the assessment, levy, collection and return of taxes therefor; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 144 (MCL 389.144), as amended by 1990 PA 287.

The People of the State of Michigan enact:

389.144 Levy and collection of taxes; use of funds; limitation; determination and certification of rate and amount of taxes; manner and time of levy and collection; summer property tax levy; applicability of subsection (3); disposition of money collected; subjects of taxation.

Sec. 144. (1) The board of trustees of each community college district may levy for the purposes specified as within the power of the board a tax that does not exceed the rate previously or subsequently authorized by the qualified electors of the district or the rate derived through the previous adoption by the electors of the district of former 1955 PA 188, or the rate that is allocated to the community college district in accordance with the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a. The funds may be used for all purposes authorized, except that to the extent permitted under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, taxes imposed for the payment of principal and interest on bonds or other evidences of indebtedness or for the payment of assessments or contract obligations in anticipation of which bonds are issued may be imposed without limitation as to rate or amount. This limitation may be increased to not more than 5 mills if approved by a majority of the qualified electors voting on the question at any general or special election of the community college district.

(2) Except as provided in subsection (3), the board of trustees shall determine the total taxes required for any year and shall certify the approved tax rate to be levied and the amount of taxes to be raised to the proper assessing officer of each city and township in which the territory of the community college district is situated on or before September 1 of each year, except that the board of trustees may provide by resolution that taxes to be raised against property within any city or township, any portion of which lies within the community college district boundaries, may be levied and collected in the same manner and at the same time as the city or township taxes or in the same manner and at the same time as school district or intermediate school district taxes are being collected by the city or township under part 26 of the revised school code, 1976 PA 451, MCL 380.1611 to 380.1615.

(3) By resolution of its board on or before May 15 of the year in which it is established, a community college district established under this act between January 1 and May 1 of any calendar year may impose a summer property tax levy of either the total or 1/2 of the community college district property taxes for that tax year. The board resolution shall also determine the total taxes required for that tax year and certify the approved tax rate to be levied and the amount of taxes to be raised to the proper assessing officer of each city or township in which the territory of the community college district is situated. Upon receipt of that board resolution, each city and township in which the community college district is situated that collects a summer property tax levy pursuant to section 1613 of the revised school code, 1976 PA 451, MCL 380.1613, shall collect the summer levy for that year. The reasonable and actual expenses incurred by a city or township in collecting the community college district property taxes under this subsection, to the extent these expenses are in addition to the expense of collecting and assessing any other taxes at the same time and exceed the amount of any fees imposed for the collection of the community college property taxes, shall be billed to and paid by the community college district. For

the purposes of this subsection, reasonable and actual expenses shall not exceed the current collection agreements negotiated with the largest intermediate school district within the community college district. This subsection applies until December 31, 1992.

(4) All money collected by any tax collecting officer from the tax levied pursuant to this section shall be returned to the community college district pursuant to section 43 of the general property tax act, 1893 PA 206, MCL 211.43, or to the county treasurer who shall pay the taxes so returned immediately to the community college district.

(5) The subjects of taxation for the community college district purposes shall be the same as for state, county, and other school purposes as provided under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157.

This act is ordered to take immediate effect.

AN ACT to amend 1984 PA 218, entitled "An act to provide for the regulation of third party administrators; to provide for the licensure of administrative service managers; to provide for certain powers and duties for certain state agencies and officers; to provide for the confidentiality of certain personal data; and to prescribe penalties for a violation of this act," by amending sections 14 and 18 (MCL 550.914 and 550.918); and to repeal acts and parts of acts.

The People of the State of Michigan enact:

550.914 Certificate of authority; issuance; notice of disapproval; continued compliance with subsection (1).

Sec. 14. (1) The commissioner shall issue a certificate of authority to operate as a TPA if the commissioner is satisfied that the TPA has adequate facilities, personnel, and managers to act as a third party administrator.

(2) If the commissioner disapproves an application for a certificate of authority, he or she shall notify the applicant in writing of the reasons for the disapproval.

(3) A TPA shall continue to meet the conditions required under subsection (1) after the certificate of authority is issued.

550.918 Fees; payment; collection; and designation.

Sec. 18. (1) The commissioner shall collect, and the persons affected shall pay to the commissioner, the following fees:

(a) Filing fee to accompany application for third party administrator's certificate of authority	$200.00.
(b) Certificate of authority for a third party administrator	$ 25.00.
(c) Filing fee for annual statement of a third party administrator, each year	$ 25.00.

(2) Fees paid under this section shall be designated for the insurance bureau to cover the additional costs incurred as a result of this act.

Repeal of §§ 550.916 and 550.962.

Enacting section 1. Sections 16 and 62 of the third party administrator act, 1984 PA 218, MCL 550.916 and 550.962, are repealed.

This act is ordered to take immediate effect.

[No. 75]

(SB 692)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 36105, 36106, 36109, 36111, 36111a, and 36206 (MCL 324.36105, 324.36106, 324.36109, 324.36111, 324.36111a, and 324.36206), sections 36105 and 36106 as amended and section 36111a as added by 1996 PA 233, section 36109 as amended by 2000 PA 421, and section 36111 as amended and section 36206 as added by 2000 PA 262.

The People of the State of Michigan enact:

324.36105 Land subject to § 324.36101(j)(*i*); application for open space development rights easement; approval or rejection; provisions; tax exemption.

Sec. 36105. (1) If an owner of open space land desires an open space development rights easement, and the land is subject to section 36101(j)(*i*), the procedures for filing an application provided by the state land use agency shall follow as provided in section 36104, except section 36104(7) and (12) do not apply to an open space development rights easement.

(2) The state land use agency, within 60 days after the open space development rights easement application is received, shall approve or reject the application. If the application is approved by the state land use agency, the state land use agency shall prepare an open space development rights easement that includes the following provisions:

(a) A structure shall not be built on the land without the approval of the state land use agency.

(b) Improvement to the land shall not be made without the approval of the state land use agency.

(c) An interest in the land shall not be sold, except for a scenic, access, or utility easement that does not substantially hinder the character of the open space land.

(d) Access to the open space land may be provided if access is agreed to by the owner and if access will not jeopardize the conditions of the land.

(e) Any other condition or restriction on the land as agreed to by the parties that is considered necessary to preserve the land or appropriate portions of it as open space land.

(3) Upon receipt of the application, the state land use agency shall notify the state tax commission. Upon notification, the state tax commission shall within 60 days make an on-site appraisal of the land in compliance with the Michigan state tax commission assessors manual. The application shall contain a statement specifying the current fair market value of the land and the current fair market value of the development rights. The state land use agency shall submit to the legislature each application for an open space development rights easement and an analysis of its cost to the state. The application shall be approved in both houses by a resolution concurred in by a majority of the members elected and serving in each house. The amount of the cost shall be returned to the local governing body if lost revenues are indicated. A copy of the approved application and the open space development rights easement shall be forwarded by the state land use agency to the applicant for execution and to the local assessing office where the land is situated.

(4) If an application for an open space development rights easement is rejected under subsection (2), the applicant may reapply for an open space development rights easement beginning 1 year after the rejection.

(5) The development rights held by the state as expressed in an open space development rights easement under this section are exempt from ad valorem taxation.

324.36106 Land subject to § 324.36101(j)(*ii*); application for open space development rights easement; form; contents; notice; review, comments, and recommendations; approval or rejection; preparation and contents of easement; appraisal; statement of fair market value; execution and recordation of easement; forwarding copies of easement; appeal; legislative approval; costs; reapplication; tax exemption.

Sec. 36106. (1) An owner of open space land desiring an open space development rights easement whose land is subject to section 36101(j)(*ii*) may apply by filing an application with the local governing body. The application shall be made on a form prescribed by the state land use agency. The application shall contain information reasonably necessary to properly identify the land as open space. This information shall include a land survey or a legal description of the land and a map showing the significant natural features and all structures and physical improvements located on the land.

(2) Upon receipt of an application, the local governing body shall notify the county planning commission, the regional planning commission, and the soil conservation district agency. If the local governing body is the county board of commissioners, the county board shall also notify the township board of the township in which the land is situated. If the land is within 3 miles of the boundary of a city or within 1 mile of the boundary of a village, the local governing body shall notify the governing body of the city or village.

(3) An entity receiving notice under subsection (2) has 30 days to review, comment, and make recommendations to the local governing body with which the application was filed.

(4) The local governing body shall approve or reject the application after considering the comments and recommendations of the reviewing entities and within 45 days after the application was received by the local governing body, unless that period is extended by agreement of the parties involved. The local governing body's approval or rejection of the application shall be based upon, and consistent with, rules promulgated by the state land use agency under section 36116. If the local governing body does not act within the time prescribed or agreed upon, the applicant may proceed as provided in subsection (9) as if the application was rejected.

(5) If the application is approved by the local governing body, the local governing body shall prepare the easement. If the application is approved by the state land use agency on appeal, the state land use agency shall prepare the easement. An easement prepared under this section shall contain all of the following provisions:

(a) A structure shall not be built on the land without the approval of the local governing body.

(b) An improvement to the land shall not be made without the approval of the local governing body.

(c) An interest in the land shall not be sold, except for a scenic, access, or utility easement that does not substantially hinder the character of the open space land.

(d) Public access to the open space land may be provided if agreed upon by the owner and if access will not jeopardize the conditions of the land.

(e) Any other condition or restriction on the land as agreed to by both parties that is considered necessary to preserve the land or appropriate portions of it as open space land.

(6) Upon receipt of the application, the local governing body shall direct either the local assessing officer or an independent certified assessor to make an on-site appraisal of the land within 30 days in compliance with the Michigan state tax commission assessors manual. The approved application shall contain a statement specifying the current fair market value of the land and the current fair market value of the development rights, if any. A copy of the approved application and the development rights easement shall be forwarded to the applicant for his or her execution.

(7) If the owner of the land executes the approved easement, it shall be returned to the local governing body for its execution. The local governing body shall record the development rights easement with the register of deeds of the county. A copy of the approved easement shall be forwarded to the local assessing office and to the state land use agency for their information.

(8) The decision of the local governing body may be appealed to the state land use agency, pursuant to subsection (9).

(9) If an application for an open space development rights easement is rejected by the local governing body, the local governing body shall notify the applicant and all reviewing entities with a written statement of the reasons for rejection. Within 30 days after receipt of the rejected application, the applicant may appeal the rejection to the state land use agency. The state land use agency shall have 60 days to approve or reject the application. The state land use agency shall submit to the legislature each approved application for an open space development rights easement and an analysis of its cost. The application shall be approved in both houses by a resolution concurred in by a majority of the members elected and serving in each house. The amount of the cost shall be returned to the local governing body where lost revenues are indicated. A copy of the approved application and an appropriate easement shall be forwarded by the state land use agency to the applicant for execution and to the local governing body where the land is situated.

(10) If an application for an open space development rights easement is rejected under subsection (4), the applicant may reapply for an open space development rights easement beginning 1 year after the final rejection.

(11) The development rights held by the local governing body as expressed in an open space development rights easement are exempt from ad valorem taxation.

324.36109 Credit against state income tax or state single business tax.

Sec. 36109. (1) An owner of farmland and related buildings subject to 1 or more development rights agreements under section 36104 or agricultural conservation

easements or purchases of development rights under section 36111b or 36206 who is required or eligible to file a return as an individual or a claimant under the state income tax act may claim a credit against the state income tax liability for the amount by which the property taxes on the land and structures used in the farming operation, including the homestead, restricted by the development rights agreements, agricultural conservation easements, or purchases of development rights exceed 3.5% of the household income as defined in section 508 of the income tax act of 1967, 1967 PA 281, MCL 206.508, excluding a deduction if taken under section 613 of the internal revenue code of 1986. For the purposes of this section, all of the following apply:

(a) A partner in a partnership is considered an owner of farmland and related buildings owned by the partnership and covered by a development rights agreement, agricultural conservation easement, or purchase of development rights. A partner is considered to pay a proportion of the property taxes on that property equal to the partner's share of ownership of capital or distributive share of ordinary income as reported by the partnership to the internal revenue service or, if the partnership is not required to report that information to the internal revenue service, as provided in the partnership agreement or, if there is no written partnership agreement, a statement signed by all the partners. A partner claiming a credit under this section based upon the partnership agreement or a statement shall file a copy of the agreement or statement with his or her income tax return. If the agreement or statement is not filed, the department of treasury shall deny the credit. All partners in a partnership claiming the credit allowed under this section shall compute the credit using the same basis for the apportionment of the property taxes.

(b) A shareholder of a corporation that has filed a proper election under subchapter S of chapter 1 of subtitle A of the internal revenue code of 1986, 26 U.S.C. 1361 to 1379, is considered an owner of farmland and related buildings covered by a development rights agreement that are owned by the corporation. A shareholder is considered to pay a proportion of the property taxes on that property equal to the shareholder's percentage of stock ownership for the tax year as reported by the corporation to the internal revenue service. Except as provided in subsection (8), this subdivision applies to tax years beginning after 1987.

(c) Except as otherwise provided in this subdivision, an individual in possession of property for life under a life estate with remainder to another person or holding property under a life lease is considered the owner of that property if it is farmland and related buildings covered by a development rights agreement. Beginning January 1, 1986, if an individual in possession of property for life under a life estate with remainder to another person or holding property under a life lease enters into a written agreement with the person holding the remainder interest in that land and the written agreement apportions the property taxes in the same manner as revenue and expenses, the life lease or life estate holder and the person holding the remainder interest may claim the credit under this act as it is apportioned to them under the written agreement upon filing a copy of the written agreement with the return.

(d) If a trust holds farmland and related buildings covered by a development rights agreement and an individual is treated under subpart E of subchapter J of subchapter A of chapter 1 of the internal revenue code of 1986, 26 U.S.C. 671 to 679, as the owner of that portion of the trust that includes the farmland and related buildings, that individual is considered the owner of that property.

(e) An individual who is the sole beneficiary of a trust that is the result of the death of that individual's spouse is considered the owner of farmland and related buildings covered by a development rights agreement and held by the trust if the trust conforms to all of the following:

(*i*) One hundred percent of the trust income is distributed to the beneficiary in the tax year in which the trust receives the income.

(*ii*) The trust terms do not provide that any portion of the trust is to be paid, set aside, or otherwise used in a manner that would qualify for the deduction allowed by section 642(c) of the internal revenue code of 1986.

(f) A member in a limited liability company is considered an owner of farmland and related buildings covered by a development rights agreement that are owned by the limited liability company. A member is considered to pay a proportion of the property taxes on that property equal to the member's share of ownership or distributive share of ordinary income as reported by the limited liability company to the internal revenue service.

(2) An owner of farmland and related buildings subject to 1 or more development rights agreements under section 36104 or agricultural conservation easements or purchases of development rights under section 36111b or 36206 to whom subsection (1) does not apply may claim a credit under the single business tax act, 1975 PA 228, MCL 208.1 to 208.145, for the amount by which the property taxes on the land and structures used in farming operations restricted by the development rights agreements, agricultural conservation easements, or purchases of development rights exceed 3.5% of the adjusted business income of the owner as defined in section 36 of the single business tax act, 1975 PA 228, MCL 208.36, plus compensation to shareholders not included in adjusted business income, excluding any deductions if taken under section 613 of the internal revenue code of 1986. When calculating adjusted business income for tax years beginning before 1987, federal taxable income shall not be less than zero for the purposes of this subsection only. A participant is not eligible to claim a credit and refund against the state single business tax unless the participant demonstrates that the participant's agricultural gross receipts of the farming operation exceed 5 times the property taxes on the land for each of 3 out of the 5 tax years immediately preceding the year in which the credit is claimed. This eligibility requirement does not apply to those participants who executed farmland development rights agreements under this part before January 1, 1978. A participant may compare, during the contract period, the average of the most recent 3 years of agricultural gross receipts to property taxes in the first year that the participant entered the program under the present contract in calculating the gross receipts qualification. Once an election is made by the participant to compute the benefit in this manner, all future calculations shall be made in the same manner.

(3) If the farmland and related buildings covered by a development rights agreement under section 36104 or an agricultural conservation easement or purchase of development rights under section 36111b or 36206 are owned by more than 1 owner, each owner is allowed to claim a credit under this section based upon that owner's share of the property tax payable on the farmland and related buildings. The department of treasury shall consider the property tax equally apportioned among the owners unless a written agreement signed by all the owners is filed with the return, which agreement apportions the property taxes in the same manner as all other items of revenue and expense. If the property taxes are considered equally apportioned, a husband and wife shall be considered 1 owner, and a person with respect to whom a deduction under section 151 of the internal revenue code of 1986 is allowable to another owner of the property shall not be considered an owner.

(4) A beneficiary of an estate or trust to which subsection (1) does not apply is entitled to the same percentage of the credit provided in this section as that person's percentage of all other distributions by the estate or trust.

(5) If the allowable amount of the credit claimed exceeds the state income tax or the state single business tax otherwise due for the tax year or if there is no state income tax or the state single business tax due for the tax year, the amount of the claim not used as

an offset against the state income tax or the state single business tax, after examination and review, shall be approved for payment to the claimant pursuant to 1941 PA 122, MCL 205.1 to 205.31. The total credit allowable under this part and chapter 9 of the income tax act of 1967, 1967 PA 281, MCL 206.501 to 206.532, or the single business tax act, 1975 PA 228, MCL 208.1 to 208.145, shall not exceed the total property tax due and payable by the claimant in that year. The amount the credit exceeds the property tax due and payable shall be deducted from the credit claimed under this part.

(6) For purposes of audit, review, determination, appeals, hearings, notices, assessments, and administration relating to the credit program provided by this section, the state income tax act or single business tax act, 1975 PA 228, MCL 208.1 to 208.145, applies according to which tax the credit is claimed against. If an individual is allowed to claim a credit under subsection (1) based upon property owned or held by a partnership, S corporation, or trust, the department of treasury may require that the individual furnish to the department a copy of a tax return, or portion of a tax return, and supporting schedules that the partnership, S corporation, or trust files under the internal revenue code.

(7) The department of treasury shall account separately for payments under this part and not combine them with other credit programs. A payment made to a claimant for a credit claimed under this part shall be issued by 1 or more warrants made out to the county treasurer in each county in which the claimant's property is located and the claimant, unless the claimant specifies on the return that a copy of the receipt showing payment of the property taxes that became a lien in the year for which the credit is claimed, or that became a lien in the year before the year for which the credit is claimed, is attached to the income tax or single business tax return filed by the claimant. If the claimant specifies that a copy of the receipt is attached to the return, the payment shall be made directly to the claimant. A warrant made out to a claimant and a county treasurer shall be used first to pay delinquent property taxes, interest, penalties, and fees on property restricted by the development rights agreement. If the warrant exceeds the amount of delinquent taxes, interest, penalties, and fees, the county treasurer shall remit the excess to the claimant. If a claimant falsely specifies that the receipt showing payment of the property taxes is attached to the return and if the property taxes on the land subject to that development rights agreement were not paid before the return was filed, all future payments to that claimant of credits claimed under this act attributable to that development rights agreement may be made payable to the county treasurer of the county in which the property subject to the development rights agreement is located and to that claimant.

(8) For property taxes levied after 1987, a person that was an S corporation and had entered into a development rights agreement before January 1, 1989, and paid property taxes on that property, may claim the credit allowed by this section as an owner eligible under subsection (2). A subchapter S corporation claiming a credit as permitted by this subsection for taxes levied in 1988 through 1990 shall claim the credit by filing an amended return under the single business tax act, 1975 PA 228, MCL 208.1 to 208.145. If a subchapter S corporation files an amended return as permitted by this subsection and if a shareholder of the subchapter S corporation claimed a credit under subsection (1)(b) for the same property taxes, the shareholder shall file an amended return under the state income tax act. A subchapter S corporation is not entitled to a credit under this subsection until all of its shareholders file the amended returns required by this subsection. The department of treasury shall first apply a credit due to a subchapter S corporation under this subsection to repay credits claimed under this section by the subchapter S corporation's shareholders for property taxes levied in 1988 through 1990 and shall refund

any remaining credit to the S corporation. Interest or penalty is not due or payable on an income tax liability resulting from an amended return required by this subsection. A subchapter S corporation electing to claim a credit as an owner eligible under subsection (2) shall not claim a credit under subsection (1) for property taxes levied after 1987.

324.36111 Expiration or relinquishment of development rights agreement.

Sec. 36111. (1) A development rights agreement expires at the expiration of the term of the agreement unless renewed with the consent of the owner of the land. If the owner of the land has complied with the requirements of this part regarding development rights agreements, the owner is entitled to automatic renewal of the farmland covered by the agreement upon written request of the owner. A development rights agreement may be renewed for a term of not less than 7 years. If a development rights agreement is renewed, the state land use agency shall send a copy of the renewal contract to the local governing body of the local unit of government in which the farmland is located.

(2) A development rights agreement or a portion of the farmland covered by a development rights agreement may be relinquished as provided in this section and section 36111a. Farmland may be relinquished by this state before a termination date contained in the instrument under either of the following circumstances:

(a) If approved by the local governing body and the state land use agency, land containing structures that were present before the recording of the development rights agreement may be relinquished from the agreement. Not more than 2 acres may be relinquished under this subdivision unless additional land area is needed to encompass all of the buildings located on the parcel, in which case not more than 5 acres may be relinquished. If the parcel proposed to be relinquished is less in area than the minimum parcel size required by local zoning, the parcel may not be relinquished unless a variance is obtained from the local zoning board of appeals to allow for the smaller parcel size.

(b) If approved by the local governing body and the state land use agency, land may be relinquished from the agreement for the construction of a residence by an individual essential to the operation of the farm as defined in section 36110(5). Not more than 2 acres may be relinquished under this subdivision. If the parcel proposed to be relinquished is less in area than the minimum parcel size required by local zoning, the parcel may not be relinquished unless a variance is obtained from the local zoning board of appeals to allow for the smaller parcel size.

(3) Until April 1, 1997, if an owner who entered into or renewed a development rights agreement before April 15, 1994 makes a request, in writing, to the state land use agency, to terminate that development rights agreement with respect to all or a portion of the farmland covered by the agreement, the state land use agency shall approve the request and relinquish that farmland from the development rights agreement. If farmland is relinquished under this subsection, the state land use agency shall notify the local governing body of the local unit of government in which the land is located of the relinquishment.

(4) If the request for relinquishment of the development rights agreement is approved, the state land use agency shall prepare an instrument, subject to subsections (5), (6), (7), and (8), and record it with the register of deeds of the county in which the land is situated.

(5) If a development rights agreement or a portion of a development rights agreement is to be relinquished pursuant to subsection (2) or section 36111a, the state land use agency shall record a lien against the property formerly subject to the development rights agreement for the total amount of the allocated tax credit of the last 7 years, including the year of termination, received by an owner for that property under the agreement under

section 36109, attributable to the property formerly subject to the development rights agreement, plus interest at the rate of 6% per annum simple interest from the time the credit was received until the lien is placed on the property.

(6) If the property being relinquished from the development rights agreement is less than all of the property subject to that development rights agreement, the allocated tax credit for the development rights agreement shall be multiplied by the property's share of the taxable value of the agreement. As used in this subsection:

(a) "The allocated tax credit" means the amount obtained by multiplying the owner's total farmland preservation credit claimed in that year on all agreements by the quotient of the ad valorem property tax levied in that year on property subject to the development rights agreement that included the property being relinquished from the agreement divided by the total property taxes levied on property subject to any development rights agreement and used in determining the farmland preservation credit in that year.

(b) "The property's share of the taxable value of the agreement" means the quotient of the taxable value of the property being relinquished from the agreement divided by the total taxable value of property subject to the development rights agreement that included the property being relinquished from the agreement. For years before 1995, taxable value means assessed value.

(7) Thirty days before the recording of a lien under this section, the state land use agency shall notify the owner of the farmland subject to the development rights agreement of the amount of the lien, including interest, if any. If the lien amount is paid before 30 days after the owner is notified, the lien shall not be recorded. The lien may be paid and discharged at any time and is payable to the state by the owner of record at the time the land or any portion of it is sold by the owner of record, or if the land is converted to a use prohibited by the former development rights agreement. The lien shall be discharged upon renewal or reentry in a development rights agreement, except that a subsequent lien shall not be less than the lien discharged.

(8) Upon the termination of all or a portion of the development rights agreement under subsection (3), the termination of a development rights agreement under subsection (13), or, subject to subsection (15), the termination of a development rights agreement under subsection (1), the state land use agency shall prepare and record a lien, if any, against the property formerly subject to the development rights agreement for the total amount of the allocated tax credit of the last 7 years, including the year of termination, received by the owner under section 36109, attributable to the property formerly subject to the development rights agreement. The lien shall be without interest or penalty and is payable subject to subsection (7).

(9) Upon termination of a development rights agreement, the state land use agency shall notify the department of treasury for their records.

(10) Until October 1, 2000, the proceeds from lien payments made under this part shall be used by the state land use agency to administer this part and, pursuant to section 36111b, to purchase development rights on farmland that does not necessitate direct purchase of the fee interest in the land. Beginning on October 1, 2000, the unappropriated proceeds from lien payments made under this part shall be forwarded to the state treasurer for deposit in the agricultural preservation fund created in section 36202. On October 1, 2000, all unexpended proceeds from lien payments made under this part that are held by the state shall be transferred to the agricultural preservation fund created in section 36202.

(11) Upon the relinquishment of all of the farmland under section 36110(2) or a portion of the farmland under section 36110(3), the state land use agency shall prepare and record

a lien against the property formerly subject to a development rights agreement in an amount calculated as follows:

(a) Establishing a term of years by multiplying 7 by a fraction, the numerator of which is the number of years the farmland was under the development rights agreement, including any extensions, and the denominator of which is the number representing the term of years of that agreement, including any extensions.

(b) The lien amount equals the total amount of the allocated tax credit claimed attributable to that development rights agreement in the immediately preceding term of years as determined in subdivision (a).

(12) When a lien is paid under this section, the state land use agency shall prepare and record a discharge of lien with the register of deeds in the county in which the land is located. The discharge of lien shall specifically state that the lien has been paid in full, that the lien is discharged, that the development rights agreement and accompanying contract are terminated, and that the state has no further interest in the land under that agreement.

(13) An owner of farmland, upon written request to the state land use agency on or before April 1, 1997, may elect to have the remaining term of the development rights agreement reduced to 7 years if the farmland has been subject to that development rights agreement for 10 or more years. If the farmland has not been subject to a development rights agreement for 10 or more years, an owner of farmland may, upon written request to the state land use agency on or before April 1, 1997, elect to have the term of the development rights agreement reduced to 17 years from the initial year of enrollment.

(14) A farmland development rights agreement is automatically relinquished when the farmland becomes subject to an agricultural conservation easement or purchase of development rights under section 36111b or 36206.

(15) If, upon expiration of the term of a farmland development rights agreement, the farmland becomes subject to an agricultural conservation easement or purchase of development rights under section 36111b or 36206 or if a farmland development rights agreement is automatically relinquished under subsection (14), the farmland is not subject to a lien under this section.

324.36111a Relinquishment of development rights agreement; conditions; "economic viability" defined.

Sec. 36111a. (1) Upon request from a landowner and a local governing body, the state land use agency shall relinquish farmland from the development rights agreement if 1 or both of the following occur:

(a) The local governing body determines 1 or more of the following:

(*i*) That, because of the quality of the farmland, agricultural production cannot be made economically viable with generally accepted agricultural and management practices.

(*ii*) That surrounding conditions impose physical obstacles to the agricultural operation or prohibit essential agricultural practices.

(*iii*) That significant natural physical changes in the farmland have occurred that are generally irreversible and permanently limit the productivity of the farmland.

(*iv*) That a court order restricts the use of the farmland so that agricultural production cannot be made economically viable.

(b) The local governing body determines that the relinquishment is in the public interest and that the farmland to be relinquished meets 1 or more of the following conditions:

(*i*) The farmland is to be owned, operated, and maintained by a public body for a public use.

(*ii*) The farmland had been zoned for the immediately preceding 3 years for a commercial or industrial use.

(*iii*) The farmland is zoned for commercial or industrial use and the relinquishment of the farmland will be mitigated by 1 of the following means:

(A) For every 1 acre of farmland to be relinquished, an agricultural conservation easement will be acquired over 2 acres of farmland of comparable or better quality located within the same local unit of government where the farmland to be relinquished is located. The agricultural conservation easement shall be held by the local unit of government where the farmland to be relinquished is located or, if the local governing body declines to hold the agricultural conservation easement, by the state land use agency.

(B) If an agricultural conservation easement cannot be acquired as provided under sub-subparagraph (A), there will be deposited into the state agricultural preservation fund created in section 36202 an amount equal to twice the value of the development rights to the farmland being relinquished, as determined by a certified appraisal.

(*iv*) The farmland is to be owned, operated, and maintained by an organization exempt from taxation under section 501(c)(3) of the internal revenue code of 1986, 26 U.S.C. 501, and the relinquishment will be beneficial to the local community.

(2) In determining public interest under subsection (1)(b), the governing body shall consider all of the following:

(a) The long-term effect of the relinquishment upon the preservation and enhancement of agriculture in the surrounding area, including any nonfarm encroachment upon other agricultural operations in the surrounding area.

(b) Any other reasonable and prudent site alternatives to the farmland to be relinquished.

(c) Any infrastructure changes and costs to the local governmental unit that will result from the development of the farmland to be relinquished.

(3) If a landowner's relinquishment application under this section is denied by the local governing body, the landowner may appeal that denial to the state land use agency. In determining whether to grant the appeal and approve the relinquishment, the state land use agency shall follow the criteria established in subsection (1)(a) or follow the criteria in subsection (1)(b) and consider the factors described in subsection (2).

(4) The state land use agency shall review an application approved by the local governing body to verify that the criteria provided in subsection (1)(a) were met or the criteria in subsection (1)(b) were met and the factors in subsection (2) were considered. If the local governing body did not render a determination in accordance with this subsection, the state land use agency shall not relinquish the farmland from the development rights agreement.

(5) A local governing body may elect to waive its right to make a relinquishment determination under subsection (1)(a) or (b) by providing written notice of that election to the state land use agency. The written notice shall grant the state land use agency sole authority to grant or deny the application as provided in this section.

(6) A decision by the state land use agency to grant or deny an application for relinquishment under this section that adversely affects a land owner or a local governing body is subject to a contested case hearing as provided under this act and the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(7) As used in this section, "economic viability" means that the cash flow returning to the farming operation is positive. The local governing body or state land use agency shall

evaluate an application for relinquishment, and determine the economic viability of the affected farming operation, by doing all of the following:

(a) Estimating crop, livestock, or product value of the farmland using locally accepted production methods and local United States department of agriculture yield capabilities for the specific soil types and average price for crop, livestock, or product over the past 5 years.

(b) Adding average yearly property tax credits afforded by the development rights agreement over the immediately preceding 5-year period.

(c) Subtracting estimated expenses directly attributed to the production of the crop, livestock, or product, including, but not limited to, seed, fertilizer, insecticide, building and machinery repair, drying, trucking, and property taxes.

(d) Subtracting the estimated cost of the operator's labor and management time at rates established by the United States department of agriculture for "all labor", Great Lakes area, as published in the United States department of agriculture labor reports.

(e) Subtracting typical capital replacement cost per acre of nonland assets using a useful life depreciation rate for comparable farming operations.

324.36206 Distribution of grants to local units of government; condition; reviewing permitted uses; contribution of development rights; purchase by local unit of government through installment purchase agreement; joint holding by state and local unit of government; delegation of enforcement authority; transfer to property owner; tax credits under § 324.36109.

Sec. 36206. (1) After the board determines which grants should be awarded, and the amount of the grants, the department shall distribute the grants to the local units of government awarded the grants. The department shall condition the receipt of a grant upon the department's approval of the agricultural conservation easements being acquired.

(2) In reviewing permitted uses contained within an agricultural conservation easement under subsection (1), the department shall consider all of the following:

(a) Whether the permitted uses adversely affect the productivity of farmland.

(b) Whether the permitted uses materially alter or negatively affect the existing conditions or use of the land.

(c) Whether the permitted uses result in a material alteration of an existing structure to a nonagricultural use.

(d) Whether the permitted uses conform with all applicable federal, state, and local laws and ordinances.

(3) The department may accept contributions of all or a portion of the development rights to 1 or more parcels of land, including a conservation easement or a historic preservation easement as defined in section 2140, as part of a transaction for the purchase of an agricultural conservation easement.

(4) A local unit of government that purchases an agricultural conservation easement with money from a grant may purchase the agricultural conservation easement through an installment purchase agreement under terms negotiated by the local unit of government.

(5) An agricultural conservation easement acquired under this part shall be held jointly by the state and the local unit of government in which the land subject to the agricultural conservation easement is located. However, the state may delegate enforcement authority of 1 or more agricultural conservation easements to the local units of government in which the agricultural conservation easements are located.

(6) An agricultural conservation easement acquired under this part may be transferred to the owner of the property subject to the agricultural conservation easement if the state and the local unit of government holding the agricultural conservation easement agree to the transfer and the terms of the transfer.

(7) Section 36109 provides for tax credits for an owner of farmland subject to an agricultural conservation easement under this section.

This act is ordered to take immediate effect.

AN ACT to amend 1998 PA 58, entitled "An act to create a commission for the control of the alcoholic beverage traffic within this state, and to prescribe its powers, duties, and limitations; to provide for powers and duties for certain state departments and agencies; to impose certain taxes for certain purposes; to provide for the control of the alcoholic liquor traffic within this state and to provide for the power to establish state liquor stores; to provide for the care and treatment of alcoholics; to provide for the incorporation of farmer cooperative wineries and the granting of certain rights and privileges to those cooperatives; to provide for the licensing and taxation of activities regulated under this act and the disposition of the money received under this act; to prescribe liability for retail licensees under certain circumstances and to require security for that liability; to provide procedures, defenses, and remedies regarding violations of this act; to provide for the enforcement and to prescribe penalties for violations of this act; to provide for allocation of certain funds for certain purposes; to provide for the confiscation and disposition of property seized under this act; to provide referenda under certain circumstances; and to repeal acts and parts of acts," by amending section 525 (MCL 436.1525), as amended by 2001 PA 223.

The People of the State of Michigan enact:

436.1525 License fees.

Sec. 525. (1) The following license fees shall be paid at the time of filing applications or as otherwise provided in this act:

(a) Manufacturers of spirits, but not including makers, blenders, and rectifiers of wines containing 21% or less alcohol by volume, $1,000.00.

(b) Manufacturers of beer, $50.00 per 1,000 barrels, or fraction of a barrel, production annually with a maximum fee of $1,000.00, and in addition $50.00 for each motor vehicle used in delivery to retail licensees. A fee increase shall not apply to a manufacturer of less than 15,000 barrels production per year.

(c) Outstate seller of beer, delivering or selling beer in this state, $1,000.00.

(d) Wine makers, blenders, and rectifiers of wine, including makers, blenders, and rectifiers of wines containing 21% or less alcohol by volume, $100.00. The small wine maker license fee shall be $25.00.

(e) Outstate seller of wine, delivering or selling wine in this state, $300.00.

(f) Outstate seller of mixed spirit drink, delivering or selling mixed spirit drink in this state, $300.00.

(g) Dining cars or other railroad or Pullman cars selling alcoholic liquor, $100.00 per train.

(h) Wholesale vendors other than manufacturers of beer, $300.00 for the first motor vehicle used in delivery to retail licensees and $50.00 for each additional motor vehicle used in delivery to retail licensees.

(i) Watercraft, licensed to carry passengers, selling alcoholic liquor, a minimum fee of $100.00 and a maximum fee of $500.00 per year computed on the basis of $1.00 per person per passenger capacity.

(j) Specially designated merchants, for selling beer or wine for consumption off the premises only but not at wholesale, $100.00 for each location regardless of the fact that the location may be a part of a system or chain of merchandising.

(k) Specially designated distributors licensed by the commission to distribute spirits and mixed spirit drink in the original package for the commission for consumption off the premises, $150.00 per year, and an additional fee of $3.00 for each $1,000.00 or major fraction of that amount in excess of $25,000.00 of the total retail value of merchandise purchased under each license from the commission during the previous calendar year.

(*l*) Hotels of class A selling beer and wine, a minimum fee of $250.00 and, for all bedrooms in excess of 20, $1.00 for each additional bedroom, but not more than $500.00.

(m) Hotels of class B selling beer, wine, mixed spirit drink, and spirits, a minimum fee of $600.00 and, for all bedrooms in excess of 20, $3.00 for each additional bedroom. If a hotel of class B sells beer, wine, mixed spirit drink, and spirits in more than 1 public bar, the fee shall entitle the hotel to sell in only 1 public bar, other than a bedroom, and a license shall be secured for each additional public bar, other than a bedroom, the fee for which shall be $350.00.

(n) Taverns, selling beer and wine, $250.00.

(o) Class C license selling beer, wine, mixed spirit drink, and spirits, $600.00. If a class C licensee sells beer, wine, mixed spirit drink, and spirits in more than 1 bar, a fee of $350.00 shall be paid for each additional bar. In municipally owned or supported facilities in which nonprofit organizations operate concession stands, a fee of $100.00 shall be paid for each additional bar.

(p) Clubs selling beer, wine, mixed spirit drink, and spirits, $300.00 for clubs having 150 or fewer duly accredited members and $1.00 for each additional member. The membership list for the purpose only of determining the license fees to be paid under this section shall be the accredited list of members as determined by a sworn affidavit 30 days before the closing of the license year. This section shall not prevent the commission from checking a membership list and making its own determination from the list or otherwise. The list of members and additional members shall not be required of a club paying the maximum fee. The maximum fee shall not exceed $750.00 for any 1 club.

(q) Warehousers, to be fixed by the commission with a minimum fee for each warehouse of $50.00.

(r) Special licenses, a fee of $50.00 per day, except that the fee for that license or permit issued to any bona fide nonprofit association, duly organized and in continuous existence for 1 year before the filing of its application, shall be $25.00. Not more than 5 special licenses may be granted to any organization, including an auxiliary of the organization, in a calendar year.

(s) Airlines licensed to carry passengers in this state which sell, offer for sale, provide, or transport alcoholic liquor, $600.00.

(t) Brandy manufacturer, $100.00.

(u) Mixed spirit drink manufacturer, $100.00.

(v) Brewpub, $100.00.

(w) Class G-1, $1,000.00.

(x) Class G-2, $500.00.

(2) The fees provided in this act for the various types of licenses shall not be prorated for a portion of the effective period of the license.

This act is ordered to take immediate effect.

AN ACT to amend 1961 PA 236, entitled "An act to revise and consolidate the statutes relating to the organization and jurisdiction of the courts of this state; the powers and duties of such courts, and of the judges and other officers thereof; the forms and attributes of civil claims and actions; the time within which civil actions and proceedings may be brought in said courts; pleading, evidence, practice and procedure in civil and criminal actions and proceedings in said courts; to provide remedies and penalties for the violation of certain provisions of this act; to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act; and to repeal acts and parts of acts," by amending section 6013 (MCL 600.6013), as amended by 2001 PA 175.

The People of the State of Michigan enact:

600.6013 Interest on money judgment.

Sec. 6013. (1) Interest is allowed on a money judgment recovered in a civil action, as provided in this section. However, for complaints filed on or after October 1, 1986, interest is not allowed on future damages from the date of filing the complaint to the date of entry of the judgment. As used in this subsection, "future damages" means that term as defined in section 6301.

(2) For complaints filed before June 1, 1980, in an action involving other than a written instrument having a rate of interest exceeding 6% per year, the interest on the judgment is calculated from the date of filing the complaint to June 1, 1980, at the rate of 6% per year and on and after June 1, 1980, to the date of satisfaction of the judgment at the rate of 12% per year compounded annually.

(3) For a complaint filed before June 1, 1980, in an action involving a written instrument having a rate of interest exceeding 6% per year, the interest on the judgment is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate specified in the instrument if the rate was legal at the time the instrument was executed. However, the rate after the date judgment is entered shall not exceed either of the following:

(a) Seven percent per year compounded annually for a period of time between the date judgment is entered and the date of satisfaction of the judgment that elapses before June 1, 1980.

(b) Thirteen percent per year compounded annually for a period of time between the date judgment is entered and the date of satisfaction of the judgment that elapses after May 31, 1980.

(4) For a complaint filed on or after June 1, 1980, but before January 1, 1987, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate of 12% per year compounded annually unless the judgment is rendered on a written instrument having a higher rate of interest. In that case interest is calculated at the rate specified in the instrument if the rate was legal at the time the instrument was executed. The rate shall not exceed 13% per year compounded annually after the date judgment is entered.

(5) Except as provided in subsection (6), for a complaint filed on or after January 1, 1987, but before July 1, 2002, if a judgment is rendered on a written instrument, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate of 12% per year compounded annually, unless the instrument has a higher rate of interest. In that case, interest shall be calculated at the rate specified in the instrument if the rate was legal at the time the instrument was executed. The rate shall not exceed 13% per year compounded annually after the date judgment is entered.

(6) For a complaint filed on or after January 1, 1987, but before July 1, 2002, if the civil action has not resulted in a final, nonappealable judgment as of July 1, 2002, and if a judgment is or has been rendered on a written instrument that does not evidence indebtedness with a specified interest rate, interest is calculated as provided in subsection (8).

(7) For a complaint filed on or after July 1, 2002, if a judgment is rendered on a written instrument evidencing indebtedness with a specified interest rate, interest is calculated from the date of filing the complaint to the date of satisfaction of the judgment at the rate specified in the instrument if the rate was legal at the time the instrument was executed. If the rate in the written instrument is a variable rate, interest shall be fixed at the rate in effect under the instrument at the time the complaint is filed. The rate under this subsection shall not exceed 13% per year compounded annually.

(8) Except as otherwise provided in subsections (5) and (7) and subject to subsection (13), for complaints filed on or after January 1, 1987, interest on a money judgment recovered in a civil action is calculated at 6-month intervals from the date of filing the complaint at a rate of interest equal to 1% plus the average interest rate paid at auctions of 5-year United States treasury notes during the 6 months immediately preceding July 1 and January 1, as certified by the state treasurer, and compounded annually, according to this section. Interest under this subsection is calculated on the entire amount of the money judgment, including attorney fees and other costs. The amount of interest attributable to that part of the money judgment from which attorney fees are paid is retained by the plaintiff, and not paid to the plaintiff's attorney.

(9) If a bona fide, reasonable written offer of settlement in a civil action based on tort is made by the party against whom the judgment is subsequently rendered and is rejected by the plaintiff, the court shall order that interest is not allowed beyond the date the bona fide, reasonable written offer of settlement is filed with the court.

(10) Except as otherwise provided in subsection (1) and subject to subsections (11) and (12), if a bona fide, reasonable written offer of settlement in a civil action based on tort is not made by the party against whom the judgment is subsequently rendered, or is made and is not filed with the court, the court shall order that interest be calculated from the date of filing the complaint to the date of satisfaction of the judgment.

(11) If a civil action is based on medical malpractice and the defendant in the medical malpractice action failed to allow access to medical records as required under section 2912b(5),

the court shall order that interest be calculated from the date notice was given in compliance with section 2912b to the date of satisfaction of the judgment.

(12) If a civil action is based on medical malpractice and the plaintiff in the medical malpractice action failed to allow access to medical records as required under section 2912b(5), the court shall order that interest be calculated from 182 days after the date the complaint was filed to the date of satisfaction of the judgment.

(13) Except as otherwise provided in subsection (1), if a bona fide, reasonable written offer of settlement in a civil action based on tort is made by a plaintiff for whom the judgment is subsequently rendered and that offer is rejected and the offer is filed with the court, the court shall order that interest be calculated from the date of the rejection of the offer to the date of satisfaction of the judgment at a rate of interest equal to 2% plus the rate of interest calculated under subsection (8).

(14) A bona fide, reasonable written offer of settlement made according to this section that is not accepted within 21 days after the offer is made is rejected. A rejection under this subsection or otherwise does not preclude a later offer by either party.

(15) As used in this section:

(a) "Bona fide, reasonable written offer of settlement" means either of the following:

(*i*) With respect to an offer of settlement made by a defendant against whom judgment is subsequently rendered, a written offer of settlement that is not less than 90% of the amount actually received by the plaintiff in the action through judgment.

(*ii*) With respect to an offer of settlement made by a plaintiff, a written offer of settlement that is not more than 110% of the amount actually received by the plaintiff in the action through judgment.

(b) "Defendant" means a defendant, a counter-defendant, or a cross-defendant.

(c) "Party" means a plaintiff or a defendant.

(d) "Plaintiff" means a plaintiff, a counter-plaintiff, or a cross-plaintiff.

This act is ordered to take immediate effect.

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for

the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 719 (MCL 257.719), as amended by 2000 PA 306.

The People of the State of Michigan enact:

257.719 Height of vehicle; liability for damage to bridge or viaduct; normal length maximum; prohibitions; connecting assemblies and lighting devices; gross weight; violation as civil infraction; definitions.

Sec. 719. (1) A vehicle unloaded or with load shall not exceed a height of 13 feet 6 inches. The owner of a vehicle that collides with a lawfully established bridge or viaduct is liable for all damage and injury resulting from a collision caused by the height of the vehicle, whether the clearance of the bridge or viaduct is posted or not.

(2) Lengths described in this subsection shall be known as the normal length maximum. Except as provided in subsection (3), the following vehicles and combinations of vehicles shall not be operated on a highway in this state in excess of these lengths:

(a) Any single vehicle: 40 feet; any single bus: 45 feet.

(b) Articulated buses: 65 feet.

(c) Notwithstanding any other provision of this section, a combination of a truck and semitrailer or trailer, or a truck tractor, semitrailer, and trailer, or truck tractor and semitrailer or trailer, designed and used exclusively to transport assembled motor vehicles or bodies, recreational vehicles, or boats, that does not exceed a length of 65 feet. Stinger-steered combinations shall not exceed a length of 75 feet. The load on the combinations of vehicles described in this subdivision may extend an additional 3 feet beyond the front and 4 feet beyond the rear of the combinations of vehicles. Retractable extensions used to support and secure the load that do not extend beyond the allowable overhang for the front and rear shall not be included in determining length of a loaded vehicle or vehicle combination.

(d) Truck tractor and semitrailer combinations: no overall length, the semitrailer not to exceed 50 feet.

(e) Truck and semitrailer or trailer: 59 feet.

(f) Truck tractor, semitrailer, and trailer, or truck tractor and 2 semitrailers: 59 feet.

(g) More than 1 motor vehicle, wholly or partially assembled, in combination, utilizing 1 tow bar or 3 saddle mounts with full mount mechanisms and utilizing the motive power of 1 of the vehicles in combination, not to exceed 55 feet.

(3) Notwithstanding subsection (2), the following vehicles and combinations of vehicles shall not be operated on a designated highway of this state in excess of these lengths:

(a) Truck tractor and semitrailer combinations: no overall length limit, the semitrailer not to exceed 53 feet. All semitrailers longer than 50 feet shall have a wheelbase of 37.5 to 40.5 feet plus or minus 0.5 feet, measured from the kingpin coupling to the center of the rear axle or the center of the rear axle assembly. Before April 1, 2003, a semitrailer with a length longer than 50 feet shall not operate with more than 2 axles on the semitrailer. After March 31, 2003, a semitrailer with a length longer than 50 feet shall not operate with more than 3 axles on the semitrailer. City, village, or county authorities may prohibit stops of vehicles with a semitrailer longer than 50 feet within their jurisdiction unless the stop occurs along appropriately designated routes, or is necessary for emergency purposes or to reach shippers, receivers, warehouses, and terminals along designated routes.

(b) Truck and semitrailer or trailer combinations: 65 feet, except that a person may operate a truck and semitrailer or trailer designed and used to transport saw logs, pulpwood, and tree length poles that does not exceed an overall length of 70 feet. A person may operate a truck tractor and semitrailer designed and used to transport saw logs, pulpwood, and tree length wooden poles with a load overhang to the rear of the semitrailer which does not exceed 6 feet if the semitrailer does not exceed 50 feet in length.

(c) Truck tractor and 2 semitrailers, or truck tractor, semitrailer, and trailer combinations: no overall length limit, if the length of each semitrailer or trailer does not exceed 28-1/2 feet each, or the overall length of the semitrailer and trailer, or 2 semitrailers as measured from the front of the first towed unit to the rear of the second towed unit while the units are coupled together does not exceed 58 feet.

(d) More than 1 motor vehicle, wholly or partially assembled, in combination, utilizing 1 tow bar or 3 saddle mounts with full mount mechanisms and utilizing the motive power of 1 of the vehicles in combination, not to exceed 75 feet.

(4) The following combinations and movements are prohibited:

(a) A truck shall not haul more than 1 trailer or semitrailer, and a truck tractor shall not haul more than 2 semitrailers or 1 semitrailer and 1 trailer in combination at any 1 time, except that a farm tractor may haul 2 wagons or trailers, or garbage and refuse haulers may, during daylight hours, haul up to 4 trailers for garbage and refuse collection purposes, not exceeding in any combination a total length of 55 feet and at a speed limit not to exceed 15 miles per hour.

(b) A combination of vehicles or a vehicle shall not have more than 11 axles, except when operating under a valid permit issued by the state transportation department or a local authority with respect to a highway under its jurisdiction.

(c) Any combination of vehicles not specifically authorized under this section is prohibited.

(d) A combination of 2 semitrailers pulled by a truck tractor, unless each semitrailer uses a fifth wheel connecting assembly which conforms to the requirements of the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.22.

(e) A vehicle or a combination of vehicles shall not carry a load extending more than 3 feet beyond the front of the lead vehicle.

(f) A vehicle described in subsections (2)(e) and (3)(d) employing triple saddle mounts unless all wheels that are in contact with the roadway have operating brakes.

(5) All combinations of vehicles under this section shall employ connecting assemblies and lighting devices that are in compliance with the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.22.

(6) The total gross weight of a truck tractor, semitrailer, and trailer combination or a truck tractor and 2 semitrailers combination that exceeds 59 feet in length shall not exceed a ratio of 400 pounds per engine net horsepower delivered to clutch or its equivalent specified in the handbook published by the society of automotive engineers, inc. (SAE), 1977 edition.

(7) A person who violates this section is responsible for a civil infraction. The owner of the vehicle may be charged with a violation of this section.

(8) As used in this section:

(a) "Designated highway" means a highway approved by the state transportation department or a local authority with respect to a highway under its jurisdiction.

(b) "Length" means the total length of a vehicle, or combination of vehicles, including any load the vehicle is carrying. Length does not include safety and energy conservation devices including, but not limited to, impact absorbing bumpers, rear view mirrors, turn signal lamps, marker lamps, steps and hand holds for entry and egress, flexible fender extensions, mud flaps, or splash and spray suppressant devices; load induced tire bulge; refrigeration or heating units; or air compressors attached to the vehicle. A safety or energy conservation device shall be excluded from a determination of length only if it is not designed or used for the carrying of cargo, freight, or equipment. Semitrailers and trailers shall be measured from the front vertical plane of the foremost transverse load supporting structure to the rearmost transverse load supporting structure.

(c) "Stinger-steered combinations" means a truck tractor and semitrailer combination in which the fifth wheel is located on a drop frame located behind and below the rearmost axle of the power unit.

This act is ordered to take immediate effect.

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," by amending section 7411 (MCL 333.7411), as amended by 1993 PA 169.

The People of the State of Michigan enact:

333.7411 Probation of individual with no previous conviction; entering adjudication of guilt upon violation of probation; discharge and dismissal without adjudication of guilt; nonpublic record of arrest and discharge and dismissal; effect of civil fine for

first violation; requiring individual to attend course of instruction or rehabilitation program; failure to complete instruction or program as violation of probation; screening and assessment; participation in rehabilitative programs; payment of costs; failure to complete program as violation of probation.

Sec. 7411. (1) When an individual who has not previously been convicted of an offense under this article or under any statute of the United States or of any state relating to narcotic drugs, coca leaves, marihuana, or stimulant, depressant, or hallucinogenic drugs, pleads guilty to or is found guilty of possession of a controlled substance under section 7403(2)(a)(*v*), 7403(2)(b), (c), or (d), or of use of a controlled substance under section 7404, or possession or use of an imitation controlled substance under section 7341 for a second time, the court, without entering a judgment of guilt with the consent of the accused, may defer further proceedings and place the individual on probation upon terms and conditions that shall include, but are not limited to, payment of a probation supervision fee as prescribed in section 3c of chapter XI of the code of criminal procedure, 1927 PA 175, MCL 771.3c. Upon violation of a term or condition, the court may enter an adjudication of guilt and proceed as otherwise provided. Upon fulfillment of the terms and conditions, the court shall discharge the individual and dismiss the proceedings. Discharge and dismissal under this section shall be without adjudication of guilt and, except as provided in subsection (2)(b), is not a conviction for purposes of this section or for purposes of disqualifications or disabilities imposed by law upon conviction of a crime, including the additional penalties imposed for second or subsequent convictions under section 7413. There may be only 1 discharge and dismissal under this section as to an individual.

(2) The records and identifications division of the department of state police shall retain a nonpublic record of an arrest and discharge or dismissal under this section. This record shall be furnished to either or both of the following:

(a) To a court or police agency upon request for the purpose of showing that a defendant in a criminal action involving the possession or use of a controlled substance, or an imitation controlled substance as defined in section 7341, covered in this article has already once utilized this section.

(b) To the state department of corrections or a law enforcement agency, upon the department's or law enforcement agency's request, subject to all of the following conditions:

(*i*) At the time of the request, the individual is an employee of the department or the law enforcement agency or an applicant for employment with the department or the law enforcement agency.

(*ii*) If the individual is an employee of the department or the law enforcement agency, the date on which the court placed the individual on probation occurred after the effective date of the 2002 amendatory act that added this subdivision.

(*iii*) The record shall be used by the department of corrections or the law enforcement agency only to determine whether an employee has violated his or her conditions of employment or whether an applicant meets criteria for employment.

(3) For purposes of this section, a person subjected to a civil fine for a first violation of section 7341(4) shall not be considered to have previously been convicted of an offense under this article.

(4) Except as provided in subsection (5), if an individual is convicted of a violation of this article, other than a violation of section 7401(2)(a)(*i*) to (*iv*) or section 7403(2)(a)(*i*) to (*iv*), the court as part of the sentence, during the period of confinement or the period of probation, or both, may require the individual to attend a course of instruction or

rehabilitation program approved by the department on the medical, psychological, and social effects of the misuse of drugs. The court may order the individual to pay a fee, as approved by the director, for the instruction or program. Failure to complete the instruction or program shall be considered a violation of the terms of probation.

(5) If an individual is convicted of a second violation of section 7341(4), before imposing sentence under subsection (1), the court shall order the person to undergo screening and assessment by a person or agency designated by the office of substance abuse services, to determine whether the person is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. As part of the sentence imposed under subsection (1), the court may order the person to participate in and successfully complete 1 or more appropriate rehabilitative programs. The person shall pay for the costs of the screening, assessment, and rehabilitative services. Failure to complete a program shall be considered a violation of the terms of the probation.

This act is ordered to take immediate effect.

[No. 80]

(HB 5434)

AN ACT to amend 1939 PA 141, entitled "An act to permit the director of the department of agriculture of this state to regulate the storage, warehousing, buying, and selling of farm produce within this state; to provide for the licensing, regulation, and bonding of grain dealers; to provide for warehouse receipts and price later agreements and their priority; to provide for the creation of security interests; to provide for the establishment of an inspection service and personnel for licensed grain dealers; and to provide penalties for the violation of this act," by amending the title and sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 18, 19, 20, 21, and 22 (MCL 285.62, 285.63, 285.64, 285.65, 285.66, 285.67, 285.68, 285.69, 285.70, 285.71, 285.72, 285.73, 285.74, 285.75, 285.76, 285.78, 285.79, 285.80, 285.81, and 285.82), the title as amended by 1984 PA 169, sections 2, 3, 5, 6, and 18 as amended and section 21 as added by 1996 PA 311, and section 7 as amended by 1982 PA 33, and by adding sections 17, 23, 24, 25, 26, 27, and 28; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

TITLE

An act to regulate the storage, warehousing, buying, and selling of farm produce within this state; to provide for the licensing, regulation, and bonding of grain dealers; to provide for warehouse receipts, acknowledgment forms, and price later agreements and their use and priority; to provide for the creation of security interests; to provide for certain powers and duties of the department of agriculture and its director; to impose certain duties on insurance companies and sureties; and to provide administrative remedies and penalties for the violation of this act.

285.62 Definitions.

Sec. 2. As used in this act:

(a) "Acknowledgment form" means a scale weight ticket, a load slip, or any other evidence of deposit issued by a grain dealer or his or her authorized representative to a depositor that identifies the farm produce being transferred from the possession of the depositor to the possession of the grain dealer.

(b) "Allowable net assets" does not include intangible assets or assets that the department or a certified public accountant determines have no monetary value.

(c) "Cash sale" means a sale in which the title to farm produce is transferred only after a price is decided upon before or at the time of delivery and payment for the farm produce meets 1 of the following:

(*i*) Payment of the price is made to the depositor in cash or by check, money order, wire transfer, or draft within 10 days of delivery.

(*ii*) Payment of the price is made by placing the amount of the price in the depositor's account and a credit statement is sent to the depositor within 10 days of delivery.

(d) "Claimant" means a person to whom a grain dealer owes a financial obligation for farm produce or who is entitled to the farm produce delivered to the grain dealer or the proceeds of the farm produce.

(e) "Collateral warehouse receipt" means a warehouse receipt issued to a financial institution by a grain dealer for unencumbered grain owned by that grain dealer.

(f) "Department" means the department of agriculture.

(g) "Depositor" means either of the following:

(*i*) A person who delivers farm produce to a licensed grain dealer for storage, processing, shipment, or sale and has title to the farm produce at the time of delivery.

(*ii*) A person who owns or who is legal holder of an acknowledgment form or warehouse receipt issued by a licensed grain dealer for farm produce.

(h) "Director" means the director of the department or his or her designee.

(i) In a farm produce transaction, "disposition" means a cash sale or other transfer of farm produce or placement of farm produce on a warehouse receipt or price later agreement.

(j) "Facility" means an edifice, silo, tank, bin, crib, interstice, or protected enclosed structure, or more than 1 edifice, silo, tank, bin, crib, interstice, or protected enclosed structure located contiguous to each other, used to receive, deposit, or store farm produce in bulk.

(k) "Failure" of a licensee or grain dealer means any of the following:

(*i*) Inability of a licensee or grain dealer to financially satisfy claimants.

(*ii*) A public declaration of insolvency by a licensee or grain dealer.

(*l*) "Farm produce" means 1 or more of dry edible beans, soybeans, small grains, cereal grains, or corn.

(m) "Farm produce handled" means the number of bushels or hundredweight of farm produce that a licensee receives or is otherwise obligated for in a fiscal period.

(n) "Farm produce handling" means any of the following:

(*i*) Engaging or participating in the business of purchasing farm produce.

(*ii*) Operating a grain elevator for the receiving, storing, shipping, or processing of farm produce.

(*iii*) Receiving farm produce into a facility under a price later agreement.

(o) "Farm produce trucker" means a person engaged in the business of hauling farm produce that issues price later agreements or acknowledgment forms, transfers warehouse receipts, or is responsible for payment to a depositor, but that does not own a facility.

(p) "Financial institution" means a state or nationally chartered bank or a state or federally chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and that maintains a principal office or branch office located in this state, or a national bank for cooperatives subject to the farm credit act of 1971, Public Law 92-181, 85 Stat. 583.

(q) "Grain bank" or "feed bank" means farm produce stored on a nonnegotiable warehouse receipt that the owner intends to periodically, partially withdraw.

(r) "Grain dealer" means a person engaged in the business of receiving, buying, exchanging, selling, or storing farm produce in this state. The term includes a farm produce trucker, grain merchandiser, or processor. The term does not include a person solely engaged in 1 of the following:

(*i*) Selling farm produce produced by the person.

(*ii*) Buying farm produce in a cash sale to feed the person's livestock or poultry.

(*iii*) If the person handled less than 30,000 bushels of farm produce in the person's preceding fiscal year and in the person's current fiscal year, buying farm produce in a cash sale.

(*iv*) Purchasing farm produce from a person other than the grower or producer of the farm produce in a cash sale.

(*v*) Contracting for land or services to produce seed for sowing or propagation.

(s) "Grain merchandiser" means a person engaged in the business of receiving, buying, exchanging, selling, or taking title to farm produce and who is responsible for payment to a depositor but does not operate a truck or a facility.

(t) "License" means a license issued by the department to a grain dealer in the manner provided under this act. The term includes a permit issued under section 6.

(u) "Licensee" means a grain dealer licensed under this act.

(v) "Open storage" means the storage of farm produce for 30 days or less under an acknowledgment form that does not contain a designation of a specific transaction type.

(w) "Operating within this state" includes the transfer of physical possession or title of farm produce from an owner to a person within the boundaries of this state.

(x) "Person" means an individual, corporation, limited liability company, partnership, association, cooperative organization, or other legal entity.

(y) "Price later agreement" means a written or electronically transmitted agreement between a depositor and a grain dealer where the grain dealer receives title to farm produce and the depositor retains the option to price the farm produce after delivery based on conditions in the agreement.

(z) "Processing" means drying, cleaning, packaging, or otherwise changing the physical characteristics of farm produce.

(aa) "Processor" means a person engaged in processing farm produce and storing the farm produce for a period of 24 hours or more.

(bb) "Receiving point" means a facility where farm produce is received, weighed, and stored and an acknowledgment form is issued.

(cc) With respect to a financial statement, "reviewed" means performing inquiry and analytical procedures that provide an accountant with a reasonable basis for expressing limited assurance that there are no material modifications that should be made to the statement for it to conform with generally accepted accounting principles.

(dd) "Revocation" means the removal of a grain dealer's license under this act in accordance with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The term does not include a suspension of a grain dealer's license under this act.

(ee) "Shortage" means that a grain dealer does not have a sufficient amount of farm produce by class and quality to cover the grain dealer's outstanding warehouse receipt obligations for that farm produce.

(ff) "Storage" means the deposit of farm produce in trust with a grain dealer by a depositor.

(gg) "Temporary facility" means a facility that does not have a receiving point and is used by a licensee to store farm produce.

(hh) "Warehouse receipt" means a written or electronically transmitted receipt issued by a grain dealer to a depositor at the time the grain dealer accepts farm produce for storage. A warehouse receipt is 1 of the following:

(*i*) A negotiable warehouse receipt if it states that the grain dealer will deliver the farm produce to the bearer of the receipt or to the order of a person named in the receipt.

(*ii*) A nonnegotiable warehouse receipt if it does not satisfy subparagraph (*i*).

285.63 Grain dealer; license required; issuance; prohibited conduct; allowable net asset requirements; surety bond; acting as grain dealer without license; misdemeanor; review of books and records; injunction.

Sec. 3. (1) A person shall not act or offer to act as a grain dealer in this state without a license from the department issued under this act.

(2) A grain dealer shall not process or store farm produce, issue a warehouse receipt, charge or collect a fee for storage of farm produce, issue a price later agreement, or issue an acknowledgment of receipt for delivery of farm produce except in compliance with this act.

(3) Subject to subsection (4), the department may refuse to issue or renew a license to a grain dealer unless the grain dealer meets at least 1 of the following at the time the grain dealer submits the application:

(a) Has allowable net assets of more than $1,000,000.00.

(b) Has allowable net assets of $50,000.00 or more and handled 500,000 or fewer bushels of farm produce in the grain dealer's most recent fiscal year.

(c) Has allowable net assets of $50,000.00 or more, and the allowable net assets equal or exceed the product of 10 cents multiplied by the number of bushels of farm produce handled by the grain dealer in the grain dealer's most recent completed fiscal year.

(4) If a grain dealer fails to meet any of the allowable net asset requirements under subsection (3), the department may issue or renew the license if the grain dealer provides the department with a negotiable bond issued by a surety authorized to conduct business in this state, or proof of establishment of a restricted account in a financial institution that conducts business in this state, acceptable to the department and of which the department is the sole beneficiary, that is in an amount equal to the amount by which the grain dealer's allowable net assets failed to meet the allowable net asset requirement applicable under subsection (3).

(5) A person who acts or offers to act as a grain dealer without a license is guilty of a misdemeanor. Each day that the person acts or offers to act as a grain dealer without a license is a separate misdemeanor.

(6) If the director has probable cause to believe that a person is acting or offering to act as a grain dealer without a license, the director may review the books and records relating to the operations of the person.

(7) Upon application of the department, a court in this state shall issue a temporary or permanent injunction enjoining a person from acting as a grain dealer without a license, issuing a warehouse receipt or price later agreement without a license, or interfering with an employee of the department or a receiver appointed under this act that is performing his or her duties under this act.

285.64 License; conduct; term; display; term of new license.

Sec. 4. (1) The department may issue, amend, or renew a license if the department determines that the applicant has complied with this act and rules promulgated under this act.

(2) A licensee may receive farm produce for storage or processing, assess and collect storage or processing charges on farm produce stored or processed, issue warehouse receipts on stored farm produce, issue price later agreements, collect handling charges on price later agreements, and issue acknowledgment forms.

(3) Except as provided in subsection (4), a license is issued for a term of 1 year. A license is not transferable by the licensee. A licensee shall prominently display his or her license on the vehicle of a licensee who is a farm produce trucker or at the principal place of business of a licensee who is a grain merchandiser or at a facility, as applicable.

(4) The department may, in its discretion, issue a new license for a term of up to 21 months.

285.65 Revocation of license; application for new license; events; notice of event.

Sec. 5. (1) The department may revoke a grain dealer's license, but the grain dealer may apply for a new license, if any of the following events occur:

(a) The licensee is a party to a merger, consolidation, conversion, or similar transaction. The department may decide not to revoke the license if the successor to the licensee is licensed under this act and executes a successor's agreement acceptable to the department.

(b) Fifty percent or more of the shares, other than publicly traded shares, or other ownership interests in the licensee are sold, exchanged, or otherwise transferred. The department may decide not to revoke the license if the transferee is licensed under this act and executes a successor's agreement acceptable to the department.

(c) Fifty percent or more of the property and assets of the licensee are sold, leased, exchanged, or otherwise transferred. The department may waive this requirement if the transferee is licensed under this act and executes a successor's agreement acceptable to the department.

(d) The licensee ceases to pay its debts in the ordinary course of business, cannot pay its debts as they become due, or is insolvent under an applicable bankruptcy or insolvency law.

(e) If the grain dealer has 100 or more stockholders, members, partners, or owners, as applicable, more than 1/2 of the grain dealer's board of directors or other governing body or board are replaced with different individuals.

(f) The name of the grain dealer is changed.

(2) If an event described in subsection (1) occurs, the grain dealer shall file a notice of the event with the department within 1 business day of the event.

285.66 Temporary permit.

Sec. 6. (1) If a grain dealer has applied for a license but needs additional time to comply with the requirements of this act for issuance of a license, the department may issue 1 temporary permit to the applicant. A permit issued under this section expires on the expiration date set by the department, which may not be more than 30 days after the permit is issued, when a license is issued, or when the application for license is denied, whichever occurs first. The department may grant 1 extension of up to 30 days of a permit issued under this section.

(2) A grain dealer who has been granted a permit under this section has the same rights and obligations of a licensee under this act.

285.67 Grain dealer's license; application; form; contents; submission.

Sec. 7. (1) A grain dealer shall file an application for a new license or for renewal or amendment of a license with the department. The department may determine the time when an application is filed and the form of the application. A complete application shall include all of the following:

(a) The name and ownership interest of each owner, stockholder, member, or partner of the grain dealer who owns at least 5% of the shares, other than publicly traded shares, or other ownership interests of the grain dealer, or for a grain dealer described in section 9(3), at least 5% of the shares, other than publicly traded shares, or other ownership interests of the parent corporation.

(b) The location and storage capacity of each facility of the grain dealer.

(c) Proof of insurance for all farm produce stored at each facility of the grain dealer.

(d) A statement that none of the events described in section 10 have occurred within the 5 years preceding the date of the license application, or if any of those events have occurred, a description of those events.

(e) A statement of the total bushels of farm produce handled by the grain dealer during the grain dealer's most recent completed fiscal year.

(f) If the grain dealer's most recent completed fiscal year was for a period of less than 12 months or the grain dealer materially changed its farm produce handling practices in that fiscal year, a projection of the total bushels of farm produce the grain dealer expects to handle in the current fiscal year.

(g) Copies of all warehouse receipt forms, price later agreement forms, and acknowledgment forms used by the grain dealer.

(h) Copies of all of the grain dealer's facility lease agreements and bin charts.

(i) If the grain dealer does not maintain an office in this state and does not have a resident agent in this state, the application shall include a written appointment of a statutory agent upon whom process, notice, or demand may be served. The statutory agent shall be an individual residing in this state or a corporation whose principal place of business is located in this state. If the identity or address of the statutory agent changes while the application is pending or after a license is issued, the grain dealer shall within 3 days file with the department a written appointment of the new statutory agent or written notice of the new address, as applicable.

(2) The department shall issue or deny a license within 30 days after receipt of the completed application under this section, license fee described in section 8, and financial statement described in section 9.

(3) For a license renewal, the licensee shall submit the application, license fee, and financial statement to the department at least 30 days before the expiration of the current license term.

(4) If an application is withdrawn before a license or renewal is approved, the department shall retain $50.00 for processing and return the remainder of the license fee to the grain dealer.

(5) By submitting an application, a grain dealer consents to inspection and auditing of its farm produce and financial records and its operations by the department. The grain dealer shall make the records available to the department in this state if the department makes a request to inspect or audit the records.

285.68 License fee; grain dealer's fees fund; fee schedule adjustment.

Sec. 8. (1) A grain dealer shall pay a license fee to the department with an application for a license or renewal of a license. The license fee is the sum of all of the following that apply to the grain dealer:

(a) For each receiving point of the grain dealer that has total bushel capacity of:

(*i*) 100,000 or less	$150.00
(*ii*) More than 100,000 and 200,000 or less	$225.00
(*iii*) More than 200,000 and 300,000 or less	$300.00
(*iv*) More than 300,000 and 400,000 or less	$375.00
(*v*) More than 400,000	$450.00

(b) For vehicles owned by a farm produce trucker:

(*i*) For 1 vehicle	$200.00
(*ii*) For each additional vehicle	$100.00

(c) For a grain merchandiser's license $450.00

(2) The grain dealer's fees fund is created in the state treasury. The department shall deposit license fees and administrative fines received under this act in the grain dealer's fees fund, to be used pursuant to legislative appropriation by the director in carrying out those duties required by law. After the payment of the amounts appropriated by the legislature for the necessary expenses incurred in the administration of this act, the money remaining in the grain dealer's fees fund shall not revert or be credited to the general fund at the close of the fiscal year but shall remain in the grain dealer's fees fund.

(3) A license fee determined pursuant to subsection (1) is the fee for a 1-year license. If the department has issued a license for a period of longer than 1 year under section 4(3), it shall require a license fee increased on a proportionate basis to reflect the longer term of the license.

(4) Every 3 years, the department may adjust the fee schedule in subsection (1) by an amount determined by the state treasurer to reflect the cumulative annual percentage change in the Detroit consumer price index over the 3-year period. An adjustment under this subsection shall not exceed 5% even if the amount determined by the state treasurer to reflect the cumulative annual percentage change over the 3-year period is more than 5%. A fee adjusted under this subsection shall be rounded to the nearest whole dollar. As used in this subsection, "Detroit consumer price index" means the most comprehensive index of consumer prices available for the Detroit area from the bureau of labor statistics of the United States department of labor.

285.69 Application for license or renewal; financial statement.

Sec. 9. (1) A grain dealer shall include with an application for a license or renewal a financial statement for the grain dealer's most recent completed fiscal year. The financial statement shall be a reviewed or audited financial statement, prepared by a certified public accountant in accordance with generally accepted accounting principles. The end of the grain dealer's most recent completed fiscal year shall be within 6 months of the expiration date of the grain dealer's current license. The financial statement shall include at least all of the following:

(a) An accountant's report, a balance sheet, an income statement, and notes and disclosures.

(b) A statement of the grain dealer's allowable net assets for purposes of section 3.

(2) If a financial statement described in subsection (1) discloses that the grain dealer during the preceding fiscal year had a current asset to current liability ratio of less than 1 to 1, the licensee shall include with the application a plan and timetable to increase the current asset to current liability ratio to 1 to 1 or more.

(3) If a financial statement described in subsection (1) is a financial statement of the licensee's parent corporation or a consolidated financial statement of the licensee and its parent corporation, the application shall include a declaration of liability signed by an authorized representative of the parent corporation, by which the parent corporation assumes all financial obligations incurred by the licensee during the term of the license.

285.70 Revocation or refusal to issue or renew license; hearing; conditions.

Sec. 10. After a hearing conducted in accordance with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, the department may revoke or refuse to issue or renew a license, or require a fidelity bond in an amount and on terms determined by the department, if any of the following occurred within the 5 years preceding the date of the license application:

(a) The applicant, a manager employed by the applicant, or any other individual with management responsibilities for the farm produce handling business of the applicant was a principal in a grain dealer receivership or insolvency proceeding that resulted in losses to creditors or depositors.

(b) The applicant, a manager employed by the applicant, or any other individual with management responsibilities for the farm produce handling business of the applicant pled guilty or was convicted of any felony involving fraud, conversion, or embezzlement.

(c) The applicant's license under the United States warehouse act, 39 Stat. 486, 7 U.S.C. 241 to 273, was revoked or canceled due to a violation of that act.

285.71 Temporary facility.

Sec. 11. (1) A grain dealer who uses a temporary facility shall report to the department on the daily position report required under section 15 the address and bushel capacity of the temporary facility for any period that the temporary facility is in use. The grain dealer shall provide the department with a copy of the lease agreement and bin charts, if any, for the temporary facility if the grain dealer has not previously provided them.

(2) A grain dealer using a temporary facility shall pay an additional license fee, calculated under section 8, based on the bushel capacity of the temporary facility. The grain dealer shall pay the additional license fee to the department with the position report for the first month the grain dealer uses the temporary facility.

285.72 Destruction or damage of farm produce; certificate of insurance required; reimbursement to depositors; notice of cancellation or nonrenewal of insurance.

Sec. 12. (1) A licensee shall maintain on file with the department a current certificate of insurance evidencing an effective policy of insurance issued by an insurance company authorized to do business in this state. The policy shall insure in the name of the grain dealer all farm produce in the facilities of the grain dealer for the full market value of the farm produce against loss by fire, explosion, lightning, and windstorm. In addition to any other remedy available under this act, the department may deny, revoke, or suspend a license for a violation of this subsection.

(2) If fire, explosion, lightning, or windstorm destroys or damages any farm produce in a facility operated by a licensee, and the depositor of the farm produce demands reimbursement and provides the licensee with a warehouse receipt or other evidence of ownership of the farm produce, the licensee shall reimburse the depositor of the farm produce for the market price of the farm produce minus any charges or advances to the depositor. As used in this subsection, "market price" means the average price paid for farm produce of the same type, grade, and quality on the date of the loss at the location of the facility.

(3) A grain dealer shall reimburse all depositors whose farm produce is destroyed or damaged by fire, explosion, lightning, or windstorm, within 10 days after the licensee receives payment from an insurer under a policy described in subsection (1). In addition to any other remedy available under this act, the department may deny, revoke, or suspend a license for a violation of this subsection.

(4) If the department determines that a licensee's insurance is insufficient, even if the insurance was previously acceptable to the department, the department shall require that the licensee obtain additional insurance that conforms to the requirements of this act.

(5) An insurance company may not cancel or nonrenew insurance required by this act, including insurance provided by binder, unless it sends a notice of intent to cancel or nonrenew to the department by certified or registered mail more than 15 days before the cancellation or nonrenewal of the insurance is effective.

285.73 Availability of books and records; confidentiality; disclosure.

Sec. 13. (1) The director may require that a grain dealer make its books and records available for audit or inspection.

(2) Except as provided in subsection (3), financial information and daily position report information submitted to the department by an applicant or licensee for purposes of this act are confidential and are not subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, except that disclosure of financial information or daily position report information may be made in any of the following circumstances:

(a) With the written consent of the applicant or licensee.

(b) Pursuant to a court proceeding.

(c) The disclosure is made to an agent or employee of the department.

(d) The disclosure is made to an agent or employee of a state or the federal government authorized by law to see or review the information.

(3) The department may disclose information described in subsection (2) in the form of an information summary or profile, or as part of a statistical study that includes data on

more than 1 grain dealer that does not identify the grain dealer to whom any specific information applies.

285.74 Commingling produce; limitations on transactions; warehouse receipt or acknowledgment; standard of care; failure of depositor to remove or sell farm produce; limitation on loan balance.

Sec. 14. (1) Upon request, the department shall provide to each grain dealer a current copy of this act, any rules promulgated under this act, and any amendments to the act or rules.

(2) A licensee may commingle a depositor's farm produce with other fungible farm produce, unless the licensee and depositor have executed a written agreement that requires the licensee to keep the depositor's farm produce separate from other farm produce and available for identification and delivery to or as directed by the depositor.

(3) A licensee that elects to limit the types of farm produce transactions it offers shall post a list of the types of farm produce transactions it offers at a readily visible location in each office or at each scale of the licensee.

(4) If a warehouse receipt or acknowledgment form issued under this act is outstanding by the grain dealer who issued it, the grain dealer shall not issue another warehouse receipt or acknowledgment form for all or any part of that farm produce except as provided in this subsection. If a warehouse receipt or acknowledgment form is lost, stolen, or destroyed, the holder of the warehouse receipt or acknowledgment form is entitled to a substitute warehouse receipt or acknowledgment form. If a substitute warehouse receipt or acknowledgment form is issued under this subsection, it has the same legal effect as the original warehouse receipt or acknowledgment form and the issuance of the substitute cancels the original warehouse receipt or acknowledgment form. A substitute warehouse receipt or acknowledgment form shall state the number and date of the original warehouse receipt or acknowledgment form; shall contain a notarized statement by the holder that the original was lost, stolen, or destroyed; and shall contain a notarized statement of the holder and grain dealer that the substitute warehouse receipt or acknowledgment form contains the same terms as and is issued to replace the original warehouse receipt or acknowledgment form. If the lost, stolen, or destroyed instrument is a negotiable warehouse receipt, the holder shall provide the grain dealer with a lost instrument bond in an amount equal to 2 times the current market value of the farm produce covered by that warehouse receipt, in a form prescribed by the department from a surety authorized to conduct business in this state.

(5) A grain dealer shall exercise due care as the custodian of the farm produce in his or her custody.

(6) If a depositor fails to remove or sell farm produce in accordance with the written terms of the depositor's agreement with the licensee, the licensee may sell the farm produce in accordance with the written terms of the depositor's agreement.

(7) A grain dealer may not borrow money or hold an outstanding loan balance secured by farm produce inventory in an amount greater than the net positive accumulated dollar value of farm produce, as reported on its daily position report, at any point in time.

285.75 Daily position report.

Sec. 15. (1) A grain dealer shall keep a complete and accurate daily position report. The grain dealer shall submit the daily position report for the last business day of the

preceding fiscal month to the department during the first 10 business days of the grain dealer's fiscal month.

(2) A daily position report shall include all of the following information about the grain dealer's operations, as of the last business day of the preceding fiscal month, on a form approved by the director:

(a) The quantity of each type of farm produce in inventory.

(b) The quantity of farm produce covered by outstanding warehouse receipts, open storage, and price later agreements, including price later agreements and warehouse receipts for farm produce in other grain dealers' facilities.

(c) The quantity of farm produce covered by collateral warehouse receipts.

(d) The total dollar amounts of loans against grain inventory.

(e) A description and quantity of any other farm produce obligations resulting in the grain dealer's balance position of farm produce.

(f) If a deficiency concerning price later agreements exists, the quantity of offsetting purchase commitments.

(3) If the department determines that there is a deficiency in any warehouse receipt position, the department shall notify the grain dealer and require that the grain dealer cover the shortage or furnish bond or security in an amount and on terms required by the department. If the grain dealer fails to comply, the department may seize grain assets for the benefit of claimants.

(4) If a net deficiency concerning price later agreements exists, based upon daily bid prices, the grain dealer shall cover the deficiency by placing in an escrow account cash, cash equivalents, or marketable securities equal to 80% of the deficiency and offsetting purchase commitments equal to at least 20% of the deficiency. The grain dealer shall file a copy of the escrow agreement with the department. The escrow agreement shall require that the escrow institution submit a monthly statement for the escrow account to the department.

(5) A violation of this section by a grain dealer may result in a fine or suspension or revocation of the grain dealer's license under section 22. If the violation is the intentional filing of a false daily position report, in addition to license revocation, the grain dealer is subject to the penalty described in section 23 for each violation.

285.76 Records and accounts.

Sec. 16. (1) A licensee shall keep a complete and accurate set of records and accounts of all transactions pertaining to the operation of each facility, including, but not limited to, records and accounts of all farm produce received in or withdrawn from a facility, of all unissued warehouse receipts and acknowledgment forms in the grain dealer's possession, and of all issued warehouse receipts and acknowledgment forms, copies of all contracts, and any warehouse receipts and acknowledgment forms returned to and settled by the licensee. A grain dealer shall retain a paper copy or a copy stored in electronic or other form of a warehouse receipt, acknowledgment form, or other document evidencing ownership of any farm produce or liability as a grain dealer for at least the period that the document is outstanding, and if the document has been canceled, for a period of not less than 3 years from the date of cancellation. A grain dealer shall retain any other records and the accounts for at least 7 years.

(2) A licensee shall keep its records and accounts concerning its farm produce handling business separate and distinct from the records and accounts of any other business conducted by the licensee.

(3) The department may examine the records and accounts pertaining to the grain dealer's farm produce handling business at any time during normal business hours.

(4) A grain dealer shall not intentionally maintain false or misleading books and records. A grain dealer who violates this subsection is subject to the penalty described in section 23.

285.77 Notice of intent to discontinue business.

Sec. 17. (1) If a grain dealer intends to discontinue his or her farm produce handling business at or before the expiration of his or her license, at least 30 days before the date the grain dealer intends to discontinue the business, the grain dealer shall by registered or certified mail provide notice of intent to discontinue business to the director, each person storing farm produce in a facility of the grain dealer, and each known holder of a warehouse receipt, acknowledgment form, or open storage or price later agreement issued by the grain dealer. If the holder of a warehouse receipt, acknowledgment form, or open storage or price later agreement is not known, the grain dealer shall publish the notice in a newspaper of general circulation in each county in which a facility is located.

(2) If a grain dealer has provided or published a notice of intent to discontinue business under subsection (1) and the department determines that there is sufficient farm produce to cover warehouse receipts and open storage arrangements, a depositor of farm produce under a warehouse receipt or open storage arrangement in a facility of the grain dealer may remove or direct the removal of the farm produce from the facility before the expiration of the 30-day period described in subsection (1).

(3) Within 14 days of discontinuing his or her farm produce handling business, the grain dealer shall file a list of all farm produce liabilities assumed by a purchaser of the business, or any person other than the licensee, with the department.

285.78 Receipt of farm produce; acknowledgment form.

Sec. 18. (1) A grain dealer shall acknowledge receipt of farm produce by issuing an acknowledgment form to the depositor. The depositor or his or her authorized agent must sign the acknowledgment form if it will be used as a price later agreement, and the depositor and grain dealer are not parties to a prior written agreement governing title and delivery of the farm produce. The grain dealer shall provide a copy of the acknowledgment form to the depositor at the time the farm produce is delivered to the grain dealer.

(2) An acknowledgment form must contain all of the following:

(a) The name and address of the grain dealer.

(b) The date of transfer, weight, and type of farm produce deposited.

(c) A statement that unless the parties agree to another disposition within 30 days of the delivery to the grain dealer, the farm produce transaction is a price later agreement transaction.

(3) Farm produce delivered to a grain dealer is in open storage, and the responsibilities of the grain dealer and depositor under an acknowledgment form are the same as if a nonnegotiable warehouse receipt had been issued for the farm produce, unless 1 of the following occurs:

(a) The acknowledgment form satisfies the requirements applicable to a price later agreement and is signed by the depositor and grain dealer or their authorized agents.

(b) The farm produce is sold for a set price at the time of delivery to the grain dealer or another disposition occurs.

(4) If a grain dealer obtains farm produce from a depositor and the farm produce is not being delivered to a facility of the grain dealer, the grain dealer shall issue a temporary acknowledgment form identifying the estimated quantity, type of farm produce, grain dealer's name and address, and the name of the driver of the transporting vehicle.

(5) A grain dealer shall record the disposition of the farm produce on the acknowledgment form unless he or she provides other settlement documentation referencing the acknowledgment form.

(6) If a depositor deposits farm produce at a facility in the name of another grain dealer, the grain dealer in whose name the farm produce is deposited shall issue the acknowledgment form for the farm produce.

(7) If a grain dealer's license is revoked or terminated, the grain dealer shall deliver all unused acknowledgment forms to the department.

285.79 Suspension or revocation of grain dealer's license; reservation of rights; weighing and inspecting produce.

Sec. 19. (1) A grain dealer shall post at each facility a notice that states that the grain dealer reserves the right to terminate storage, processing, shipping, and handling arrangements and collect outstanding charges if the grain dealer's license is suspended or revoked.

(2) A licensee receiving farm produce for deposit shall weigh and inspect the farm produce.

285.80 Warehouse receipt.

Sec. 20. (1) If the licensee and depositor agree, a licensee shall issue a warehouse receipt for any farm produce received from a depositor for storage.

(2) If a grain dealer issues a warehouse receipt for a deposit, the warehouse receipt must be on a form approved by the department that includes spaces for inserting all of the following information and statements, as applicable:

(a) The location of the facility.

(b) The date the warehouse receipt is issued.

(c) The grain dealer's storage rate and the calculation of the depositor's storage charge.

(d) The net weight and grade factors of the farm produce.

(e) Whether the warehouse receipt is negotiable or nonnegotiable, which shall be conspicuously printed on the form.

(f) The signature of the grain dealer or his or her authorized agent.

(g) An expiration date. At the expiration date, the grain dealer and holder shall renegotiate the terms of storage or settle at market price.

(h) A statement of the amount of advances made or liability incurred for which the grain dealer claims a lien. If the exact amount of advances made or liabilities incurred at the time of issuance of the warehouse receipt is unknown to the grain dealer, the warehouse receipt shall include a statement of the fact that advances have been made or liabilities incurred.

(i) A statement that the warehouse receipt is issued subject to this act and rules promulgated under this act.

(3) The holder of a warehouse receipt has legal title to farm produce held under the warehouse receipt.

(4) A grain dealer shall sequentially number its warehouse receipts and issue them in numerical sequence and retain any voided warehouse receipts.

(5) If a grain dealer's license is revoked or terminated, the grain dealer shall deliver all unused warehouse receipts to the department.

(6) A person shall not do any of the following:

(a) Issue a warehouse receipt for farm produce except on a form approved by the director under this section.

(b) Falsely make, alter, forge, or counterfeit a warehouse receipt.

(c) Knowingly deposit farm produce under a warehouse receipt without disclosing any lien or lack of title.

(7) If a grain dealer delivers from storage a portion of the farm produce for which he or she has issued a negotiable warehouse receipt, the grain dealer shall cancel the original warehouse receipt and issue a new warehouse receipt for the remainder of the farm produce still in storage. The new warehouse receipt shall contain the number and date of the original warehouse receipt in addition to meeting the other requirements of this section.

(8) A warehouse receipt issued for farm produce identified and stored separately shall describe the storage location of the farm produce.

(9) A licensee may issue a collateral warehouse receipt only against farm produce owned and unencumbered by the licensee at the time of issuance.

(10) A grain dealer shall place farm produce held in a grain bank or feed bank on a warehouse receipt.

285.81 Price later agreement.

Sec. 21. (1) If there is no other disposition within 30 days after the delivery of farm produce to a grain dealer, the farm produce transaction is a price later agreement transaction.

(2) Title of farm produce subject to a price later agreement is transferred to the grain dealer at the time the price later agreement is executed.

(3) A grain dealer shall maintain a separate file in numerical sequence of noncanceled price later agreements that is available for inspection during normal business hours by the department. The grain dealer shall include in the records an account of any information required by the director to document the grain dealer's obligation to a depositor under a price later agreement.

(4) A grain dealer shall not include a charge for storage in any transaction that includes a price later agreement.

(5) The form and content of a price later agreement shall be approved by the department. Each price later agreement must contain blank lines or spaces for inserting all of the following information, statements, and provisions, as applicable:

(a) The date of receipt of the farm produce.

(b) The grain dealer's handling charge rates and the calculation of the depositor's charges.

(c) The net weight, type, and grade factors of the farm produce.

(d) The signature of the grain dealer or his or her authorized agent.

(e) The name and address of the depositor.

(f) The signature of the depositor or, if signed by an authorized agent of the depositor, the name and signature of the depositor's authorized agent. This subdivision does not apply to a transaction described in subsection (1).

(g) An expiration date.

(h) A statement that the price later agreement is issued subject to this act and rules promulgated under this act.

(6) A person shall not knowingly deposit farm produce under a price later agreement without disclosing any lien on or lack of title to the farm produce.

(7) A price later agreement shall not be converted to a warehouse receipt.

(8) At the expiration date of a price later agreement, a grain dealer shall settle at market price or renegotiate.

285.82 Administration and enforcement of act; rules; powers and duties of director.

Sec. 22. (1) The director shall administer and enforce this act. In addition to any other powers conferred by this act, the director may do any of the following:

(a) Audit and investigate the receiving, storing, processing, buying, selling, and handling of farm produce and any complaints concerning the receiving, storing, processing, buying, selling, and handling of farm produce.

(b) Require a grain dealer to terminate receiving, storing, processing, buying, selling, or other farm produce handling upon revocation, suspension, or summary suspension of his or her license.

(c) Administer oaths and issue subpoenas to compel the attendance and testimony of witnesses and the production of records in connection with any investigation or hearing under this act.

(d) Prescribe and approve all forms, within the limitations set forth in this act, including the forms of warehouse receipts, acknowledgment forms, and applications for licenses.

(e) Employ investigatory personnel, including, but not limited to, a certified public accountant or an individual with accounting background and specialized investigative training and experience.

(2) The department may promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to implement and administer this act.

(3) The director may revoke or suspend the license of a grain dealer or deny a license to a grain dealer if the director finds that the licensee has done any of the following:

(a) Engaged in fraudulent or deceptive practices.

(b) Violated or attempted to violate this act or rules promulgated under this act.

(c) Failed to maintain insurance coverage required by this act.

(d) Failed to maintain accurate and complete records as required by this act.

(e) Failed to pay a fee required by this act.

(f) Refused to allow any authorized representative of the department to examine the applicant's or licensee's accounting records, accounts, farm produce inventories, or facilities during regular business hours.

(g) Failed to possess sufficient farm produce to cover the outstanding warehouse receipts or acknowledgment forms issued or assumed by the applicant or licensee.

(h) Issued a warehouse receipt in violation of this act or any rules adopted under this act.

(i) Failed to maintain the net allowable assets required by this act.

(j) Failed to submit a financial statement in compliance with this act.

(k) Failed to secure his or her obligations for price later agreements.

(4) In a proceeding to suspend or revoke a license pursuant to subsection (3), the director shall comply with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The director may order a summary suspension of a license pursuant to section 92(2) of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292.

(5) The director shall post a notice on the property of a grain dealer whose license has been restricted, suspended, or revoked that states the limitations or restrictions imposed on the grain dealer. The notice shall not be removed from the property without written authorization from the director.

(6) If a grain dealer's license is suspended or revoked, the grain dealer may terminate storage, processing, shipping, or handling arrangements and collect outstanding charges.

(7) If a grain dealer's license is suspended or revoked, the director shall notify all known warehouse receipt holders and unpaid depositors of the grain dealer.

(8) If the director revokes a license under this section or a license expires, the grain dealer shall terminate all arrangements for farm produce handling in any facility of the grain dealer covered by the license in the manner prescribed by the director. Under the direction or supervision of the director, the grain dealer may liquidate farm produce previously received by the grain dealer.

(9) If the director suspends a grain dealer's license under this act, the grain dealer may under direction or supervision of the director operate the grain dealer's facilities, but shall not receive any farm produce for handling during the term of the suspension.

(10) During a license suspension or revocation proceeding, on behalf of this state and for the protection of holders of warehouse receipts or open storage or price later agreements of the licensee, the director may seize and protect the assets of the licensee by any legal, civil, or criminal proceedings necessary. If the grain dealer's license is revoked, the director may liquidate the grain dealer's warehouse receipts, open storage and price later agreements, and other assets. The director shall distribute the proceeds, first to the holders of warehouse receipts and open storage agreements, then to the secured holders of price later agreements, and then to all remaining holders of price later agreements. The director shall return any remaining proceeds to the grain dealer.

285.83 Violation of act or rule; prohibited conduct; penalty.

Sec. 23. (1) Unless otherwise provided in this act, a person who violates this act is guilty of a misdemeanor and is also liable for all damages sustained by a depositor for farm produce handled in violation of this act. In an enforcement action, a court may order restitution to a party injured by the handling of farm produce in violation of this act in addition to any other penalty provided by law.

(2) A grain dealer who violates this act or a rule promulgated under this act is guilty of a misdemeanor and shall be fined not more than $5,000.00 for each offense.

(3) A grain dealer who intentionally violates this act or a rule promulgated under this act is guilty of a misdemeanor and shall be fined not more than $10,000.00 for each offense. The court may allow the department to recover reasonable costs of investigation incurred in a prosecution resulting in a conviction for a violation described in this subsection.

(4) A person who does any of the following is guilty of a felony punishable by a fine of not more than $20,000.00 or by imprisonment for not more than 5 years, or both:

(a) Intentionally alters or destroys a warehouse receipt or price later agreement or a record of warehouse receipts or price later agreements required by this act.

(b) Intentionally falsifies a position sheet, or issues a warehouse receipt if the farm produce or commodities enumerated in the warehouse receipt is not in fact in the facility stated in the warehouse receipt.

(c) With intent to defraud, issues a second or other warehouse receipt or agreement for farm produce if a valid warehouse receipt or agreement is outstanding and in force for the farm produce.

(d) While a valid warehouse receipt is outstanding and in force and without the consent of the holder of the warehouse receipt, sells, pledges, mortgages, encumbers, or transfers farm produce in violation of this act or permits the sale, pledge, mortgage, encumbrance, or transfer of farm produce in violation of this act.

(e) Knowingly receives farm produce from a person in violation of subdivision (d).

(f) Intentionally files a false daily violation report.

(g) Intentionally maintains false or misleading records and accounts required under section 16.

285.84 Violation of act or rule; administrative fines; warning; action by attorney general; license revocation; disposition of fine, costs, and recovery.

Sec. 24. (1) In addition to any other penalty provided by law, a person who individually, or by the action of his or her agent or employee, or as the employee or agent of another, violates this act or a rule promulgated under this act is subject to 1 of the following administrative fines:

(a) For a first violation, a fine of not less than $50.00 or more than $1,000.00, plus actual costs of the investigation and the amount of any economic benefit associated with the violation.

(b) For a second violation within 2 years from the date of the first violation, a fine of not less than $100.00 or more than $5,000.00, plus actual costs of the investigation and the amount of any economic benefit associated with the violation.

(c) For a third violation within 2 years from the date of the first violation, a fine of not less than $500.00 or more than $10,000.00, plus actual costs of the investigation and the amount of any economic benefit associated with the violation.

(2) Upon the request of a person to whom the director has assessed an administrative fine under subsection (1), the director shall conduct a hearing pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(3) If the director finds that a violation of this act has occurred despite the exercise of due care, the director may issue a warning instead of imposing an administrative fine under subsection (1).

(4) The director may advise the attorney general of the failure of a person to pay an administrative fine imposed under subsection (1), and the attorney general may bring an action in a court of competent jurisdiction to recover the fine.

(5) The director may revoke the license of a licensee who does not pay an administrative fine imposed under subsection (1).

(6) An administrative fine, costs, and the recovery of any economic benefit associated with a violation collected by the department under this section shall be retained by the department and used pursuant to legislative appropriation for the administration of this act.

285.85 Injunction; applicability of penalties to public officials; civil or criminal liability; hearing; local ordinance, regulation, or resolution; preemption.

Sec. 25. (1) The director may bring an action to enjoin the violation or threatened violation of this act or a rule promulgated under this act in a state court in the county in which the violation occurs or is threatened to occur or in Ingham county.

(2) The penalties provided for a violation of this act do not apply to a public official of this state or the federal government engaged in the performance of his or her official duties in administering the laws, rules, or regulations of this state or the federal government.

(3) Enactment of this amendatory act does not terminate or in any way modify any civil or criminal liability under this act in existence on or before the effective date of the amendatory act adding this section.

(4) A person aggrieved by an order of the director issued under this act may request a hearing pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(5) Beginning on the effective date of the amendatory act that added this section, this act preempts and supersedes any local ordinance, regulation, or resolution that imposes conflicting, different, or additional standards or requirements on grain dealers than those contained in this act. A local unit of government shall not adopt or enforce an ordinance, regulation, or resolution that imposes conflicting, different, or additional standards or requirements on grain dealers than those contained in this act.

285.86 Possession, liquidation, and distribution of assets; satisfaction of claims; reduction.

Sec. 26. (1) If a grain dealer fails, the director shall take possession of, liquidate, and distribute the assets and proceeds of the assets to satisfy claims as follows:

(a) To all of the following on a pro rata basis, if any:

(*i*) Claimants, including lenders, who possess warehouse receipts for farm produce stored by the grain dealer.

(*ii*) Claimants who possess acknowledgment forms or other written evidence of ownership other than warehouse receipts that disclose a storage obligation of the grain dealer.

(*iii*) Claimants who surrendered warehouse receipts to the grain dealer as part of a farm produce transaction but were not fully paid for the farm produce within 21 days after the surrender.

(b) If assets or proceeds of assets remain after satisfying all claims described in subdivision (a), the remaining assets or proceeds of assets shall be distributed pro rata to claimants who possess price later agreements.

(c) If assets or proceeds of assets remain after satisfying all claims described in subdivisions (a) and (b), the remaining assets or proceeds of assets shall be distributed pro rata to claimants who possess acknowledgment forms, similar forms of farm produce delivery contracts, or other written evidence of the sale of farm produce and who completed delivery and pricing of the farm produce within 30 days prior to the failure of the grain dealer.

(d) If assets or proceeds of assets remain after satisfying all claims described in subdivisions (a), (b), and (c), the remaining assets or proceeds of assets shall be distributed

pro rata to all other claimants who possess written evidence of the sale of farm produce to the grain dealer.

(e) If assets or proceeds of assets remain after satisfying all claims described in subdivisions (a), (b), (c), and (d), the remaining assets or proceeds of assets shall be distributed to the grain dealer.

(2) The director may reduce the amount of a claim under subsection (1) to reflect the liabilities owed to the grain dealer by the claimant.

285.87 Grain dealer license; surety bond; requirements; security for warehouse receipts and open storage transactions.

Sec. 27. (1) Before a license is issued to a grain dealer other than a grain merchandiser or farm produce trucker, the grain dealer shall provide a bond to the department that secures only the grain dealer's warehouse receipts and open storage transactions. Except as provided in subsection (3), the amount of the bond shall be $15,000.00 for the first 10,000 bushels of storage capacity of the dealer's facility used for open storage and storage under warehouse receipts, plus $5,000.00 for each additional 10,000 bushel capacity or fraction of that capacity used for open storage and storage under warehouse receipts other than collateral warehouse receipts.

(2) A bond provided under this section shall name the department as payee, be executed by the applicant as principal, and be issued by a surety authorized to conduct business in this state. The department shall prescribe the form and terms and conditions of the bond. The bond shall contain the address and storage capacity of the facility of the grain dealer.

(3) A grain dealer who owns 2 or more facilities and is required to provide a bond under subsection (1) may furnish separate bonds for each facility or a blanket surety bond to satisfy his or her obligation under subsection (1). The amount of a blanket surety bond shall be the lesser of the cumulative amount determined by applying subsection (1) to each facility or $400,000.00. A blanket security bond shall contain the address and storage capacity of each facility of the grain dealer.

(4) A bond provided under this section shall secure the faithful performance of the grain dealer of his or her obligations under all warehouse receipts and open storage agreements outstanding on or after the effective date of the bond and outstanding at the time the license of the grain dealer is revoked or the bond is canceled as provided in this act, whichever occurs first. The bond shall secure the grain dealer's faithful performance of those obligations whether the grain dealer is licensed or not.

(5) A bond provided under subsection (1) shall have a continuous term and shall not have a fixed expiration or termination date.

(6) The total aggregate liability of a surety under a bond provided under this section is limited to the amount of the bond without regard to the number of claimants involved in a transaction in which a claim on the bond is made. The liability of a surety on a bond provided under this section shall not accumulate for any successive license period.

(7) A person required to provide a bond to the department under this section may at his or her option provide the department with a certificate of deposit or other security acceptable to the department in lieu of all or part of the bond, payable to the department. The principal amount of the certificate of deposit or other security provided, or the aggregate amount of the bond provided and the principal amount of the certificate of deposit or other security provided, shall be the same as the amount of the bond otherwise required under this section. The interest on the certificate of deposit or other security provided under this subsection shall be made payable to the person or other purchaser of

the certificate of deposit or other security. The certificate of deposit or other security shall remain on deposit until it is released, canceled, or discharged as provided for by rule of the department. The provisions of this section that apply to a bond required under this section apply to a certificate of deposit or other security provided under this subsection.

(8) Holders of collateral warehouse receipts or warehouse receipts issued in the name of the grain dealer may not recover against a bond provided under subsection (1).

(9) If the department determines that a bond previously provided under this section is insufficient, the department shall require that the grain dealer provide an additional bond. The additional bond shall be in an amount determined by the department and conform with all other requirements of this section.

(10) A grain dealer shall not cancel a bond required by this section without the consent of the department and the department's prior approval of a substitute bond.

(11) The surety on a bond required by this section may not cancel the bond unless it sends a notice of intent to cancel to the department more than 60 days before it cancels the bond. If the department receives a notice from a surety under this subsection, it shall promptly notify the grain dealer that provided the bond. The department may suspend or revoke the license of a licensee who fails to provide a new bond within 60 days after the department receives notice of intent to cancel from a surety.

285.88 Grain merchandiser or farm produce trucker; surety bond; requirements.

Sec. 28. (1) Before a license is issued to a grain merchandiser or farm produce trucker, the grain merchandiser or farm produce trucker shall provide a bond to the department in the amount of $100,000.00.

(2) A bond provided under this section shall name the department as payee, be executed by the applicant as principal, and be issued by a surety authorized to conduct business in this state. The department shall prescribe the form and terms and conditions of the bond.

(3) A bond provided under this section shall secure the faithful performance of the grain merchandiser or farm produce trucker of his or her obligations in any farm produce transaction outstanding on or after the effective date of the bond and outstanding at the time the license of the grain merchandiser or farm produce trucker is revoked or the bond is canceled as provided in this act, whichever occurs first. The bond shall secure the faithful performance by the grain merchandiser or farm produce trucker of those obligations whether the grain merchandiser or farm produce trucker is licensed or not.

(4) The total aggregate liability of a surety under a bond provided under this section is limited to the amount of the bond without regard to the number of claimants involved in a transaction in which a claim on the bond is made. The liability of a surety on a bond provided under this section shall not accumulate for any successive license period.

(5) A grain merchandiser or farm produce trucker required to provide a bond to the department under this section may at his or her option provide the department with a certificate of deposit or other security acceptable to the department in lieu of all or part of the bond, payable to the department as trustee. The principal amount of the certificate of deposit or other security provided, or the aggregate amount of the bond provided and the principal amount of the certificate of deposit or other security provided, shall be the same as the amount of the bond otherwise required under this section. The interest on the certificate of deposit or other security provided under this subsection shall be made payable to the grain merchandiser or farm produce trucker or other purchaser of the certificate of deposit or other security. The certificate of deposit or other security shall

remain on deposit until it is released, canceled, or discharged as provided for by rule of the department. The provisions of this section that apply to a bond required under this section apply to a certificate of deposit or other security provided under this subsection.

(6) If the department determines that a bond previously provided under this section is insufficient, the department shall require that the grain merchandiser or farm produce trucker provide an additional bond. The additional bond shall be in an amount determined by the department and conform with all other requirements of this section.

(7) A grain merchandiser or farm produce trucker shall not cancel a bond required by this section without the consent of the department and the department's prior approval of a substitute bond.

(8) The surety on a bond required by this section may not cancel the bond unless it sends a notice of intent to cancel to the department more than 60 days before it cancels the bond. If the department receives a notice from a surety under this subsection, it shall promptly notify the grain merchandiser or farm produce trucker that provided the bond. The department shall revoke the license of a grain merchandiser or farm produce trucker who fails to provide a new bond within 60 days after the department receives notice of intent to cancel from a surety.

Repeal of §§ 285.66a, 285.66b, 285.67a, 285.69a, 285.71a, and 285.82a.

Enacting section 1. Sections 6a, 6b, 7a, 9a, 11a, and 22a of the grain dealers act, 1939 PA 141, MCL 285.66a, 285.66b, 285.67a, 285.69a, 285.71a, and 285.82a, are repealed.

Approved March 25, 2002.
Filed with Secretary of State March 25, 2002.

[No. 81]

(HB 4860)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 43524 (MCL 324.43524), as amended by 1996 PA 585.

The People of the State of Michigan enact:

324.43524 Wild turkey hunting license; fees; lottery; issuance of license; use of fees.

Sec. 43524. (1) A person shall not hunt wild turkey without a wild turkey hunting license. The fee for a resident wild turkey hunting license is $15.00. The fee for a nonresident wild turkey hunting license is $69.00. Subject to the requirements of section 40113a, the commission may issue an order requiring that all applications for wild turkey hunting licenses, or applications for wild turkey hunting licenses for certain geographic

areas, be entered into a lottery designed and run by the department. A person selected in a lottery, upon meeting the requirements of this part, is authorized to purchase a wild turkey hunting license. The license shall be issued for a specified hunting period and shall confer upon the holder of the license the right to hunt wild turkeys.

(2) The department may charge a nonrefundable application fee not to exceed $4.00 for each application for a wild turkey hunting license that is entered into a lottery pursuant to subsection (1).

(3) From fees collected under subsection (1) or (2), the following amounts shall be used for scientific research, biological survey work on wild turkeys, and wild turkey management in this state:

(a) Resident wild turkey hunting license	$ 9.50
(b) Nonresident wild turkey hunting license	$50.00
(c) Senior wild turkey hunting license	$ 1.00
(d) Wild turkey hunting application	amount of application fee, if any, but not more than $ 3.00.

This act is ordered to take immediate effect.

(HB 5026)

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 231a (MCL 750.231a).

The People of the State of Michigan enact:

750.231a Exceptions to § 750.227(2); definitions.

Sec. 231a. (1) Subsection (2) of section 227 does not apply to any of the following:

(a) To a person holding a valid license to carry a pistol concealed upon his or her person issued by his or her state of residence except where the pistol is carried in nonconformance with a restriction appearing on the license.

(b) To the regular and ordinary transportation of pistols as merchandise by an authorized agent of a person licensed to manufacture firearms.

(c) To a person carrying an antique firearm as defined in subsection (2), completely unloaded in a closed case or container designed for the storage of firearms in the trunk of a vehicle.

(d) To a person while transporting a pistol for a lawful purpose that is licensed by the owner or occupant of the motor vehicle in compliance with section 2 of 1927 PA 372,

MCL 28.422, and the pistol is unloaded in a closed case designed for the storage of firearms in the trunk of the vehicle.

(e) To a person while transporting a pistol for a lawful purpose that is licensed by the owner or occupant of the motor vehicle in compliance with section 2 of 1927 PA 372, MCL 28.422, and the pistol is unloaded in a closed case designed for the storage of firearms in a vehicle that does not have a trunk and is not readily accessible to the occupants of the vehicle.

(2) As used in this section:

(a) "Antique firearm" means either of the following:

(*i*) A firearm not designed or redesigned for using rimfire or conventional center fire ignition with fixed ammunition and manufactured in or before 1898, including a matchlock, flintlock, percussion cap, or similar type of ignition system or replica of such a firearm, whether actually manufactured before or after 1898.

(*ii*) A firearm using fixed ammunition manufactured in or before 1898, for which ammunition is no longer manufactured in the United States and is not readily available in the ordinary channels of commercial trade.

(b) "Lawful purpose" includes the following:

(*i*) While en route to or from a hunting or target shooting area.

(*ii*) While transporting a pistol en route to or from his or her home or place of business and place of repair.

(*iii*) While moving goods from 1 place of abode or business to another place of abode or business.

(*iv*) While transporting a licensed pistol en route to or from a law enforcement agency for the purpose of having a safety inspection performed on the pistol as is required by section 9 of 1927 PA 372, MCL 28.429, or for the purpose of having a law enforcement official take possession of the weapon.

(*v*) While en route to or from his or her abode or place of business and a gun show or places of purchase or sale.

(*vi*) While en route to or from his or her abode to a public shooting facility or public land where discharge of firearms is permitted by law, rule, regulation, or local ordinance.

(*vii*) While en route to or from his or her abode to a private property location where the pistol is to be used as is permitted by law, rule, regulation, or local ordinance.

This act is ordered to take immediate effect.

(SB 884)

AN ACT to amend 1919 PA 149, entitled "An act to accept the requirements and benefits of an act of the sixty-fourth congress of the United States, approved February 23, 1917, known as the Smith-Hughes act, or Public Act No. 347, relating to appropriations to be made by the federal government to the several states for the support and control of instruction in agriculture, the trades, industries, and home economics, and for the

preparation of teachers of vocational subjects; to designate a state board of control for vocational education; to provide for the proper custody and administration of funds received by the state from such appropriations; and to provide for appropriations by the state and by local school authorities to meet the conditions of said act of congress," by amending sections 7 and 8 (MCL 395.7 and 395.8).

The People of the State of Michigan enact:

395.7 State board of control; inspection of schools; certification of amounts due; payment.

Sec. 7. The state board of control for vocational education shall provide for the proper inspection of the work in the schools and institutions which operate under the provisions of this act. And upon the approval of the work done and the receipt of satisfactory reports from each school or institution, the state superintendent of public instruction shall certify to the state treasurer the amount of the state and federal money due to each board of education, or board of control of any school maintaining a vocational school or department, and to the board of control of each institution engaged in the training of teachers of vocational subjects according to the provisions of this act. The state treasurer shall, upon the certificate of the superintendent of public instruction, draw his or her warrant for the amount of money due to each school district or institution and payable to the treasurer of the board of education or of the board of control of the institution, and those amounts shall be forwarded to the treasurers.

395.8 State board of control; estimate of money to meet federal appropriations; report to state treasurer; tax levy.

Sec. 8. The state board of control for vocational education shall estimate the amount of money which should be appropriated by the state to meet federal allotments during each succeeding biennial period, and when the state board of control shall have estimated the amount of money necessary to meet the federal appropriations, they shall report said estimate to the state treasurer, who shall include that amount of money in the state tax levy for each year as reported to the state legislature.

AN ACT to amend 1939 PA 280, entitled "An act to protect the welfare of the people of this state; to provide general assistance, hospitalization, infirmary and medical care to poor or unfortunate persons; to provide for compliance by this state with the social security act; to provide protection, welfare and services to aged persons, dependent children, the blind, and the permanently and totally disabled; to administer programs and services for the prevention and treatment of delinquency, dependency and neglect of children; to create a state department of social services; to prescribe the powers and duties of the department; to provide for the interstate and intercounty transfer of

dependents; to create county and district departments of social services; to create within certain county departments, bureaus of social aid and certain divisions and offices thereunder; to prescribe the powers and duties of the departments, bureaus and officers; to provide for appeals in certain cases; to prescribe the powers and duties of the state department with respect to county and district departments; to prescribe certain duties of certain other state departments, officers, and agencies; to make an appropriation; to prescribe penalties for the violation of the provisions of this act; and to repeal certain parts of this act on specific dates," by amending section 15 (MCL 400.15).

The People of the State of Michigan enact:

400.15 Gifts; acceptance by commission; duties of attorney general.

Sec. 15. The commission may receive on behalf of the state of Michigan any grant, devise, bequest, donation, gift, or assignment of money, bonds, or choses in action, or any property, real or personal, and accept that property, so that the right and title to that property shall pass to the state of Michigan. All bonds, notes, or choses in action, or the proceeds of the bonds, notes, or choses in action when collected, and all other property or things of value received by the commission shall be reported to the state treasurer and used for the purposes set forth in the grant, devise, bequest, donation, gift, or assignment if such purposes are within the powers conferred on the commission. If it is necessary to protect or assert the right or title to any property received or derived under this section, or to collect or reduce into possession any bond, note, bill, or chose in action, the attorney general, upon request of the commission, shall take the necessary and proper proceedings and bring suit in the name of the commission on behalf of the state of Michigan in any court of competent jurisdiction, state or federal, and prosecute all such suits.

Sec. 26a. (1) The county treasurer shall provide a municipal court within the county with blank forms which have been approved by the state treasurer. The forms shall provide space for recording the following information with respect to all sums of money which the municipal court receives in a criminal case on account of any forfeiture of bail, bond, recognizance, fine, penalty, or taxation of costs:

(a) Receipt number.

(b) Docket number.

(c) Nature of offense.

(d) Amount of the fine.

(e) Amount of statutory court fees.

(f) Officers' fees.

(g) Other receipts, including a forfeitured bond.

(h) Total receipts.

(i) Disposition of the case.

(j) Name of defendant.

(k) The name of the municipal judge.

(*l*) The name of the city.

(2) Each municipal judge shall complete the forms and shall furnish 1 copy to the county treasurer, and 1 copy either to the county clerk or to the controller or board of auditors, in counties having a controller or board of auditors, and shall retain 1 completed form for the municipal court files.

CHAPTER XVI

776.6 Extradition; agent to demand certain persons from another state or government; appointment; payment of accounts.

Sec. 6. The governor of this state may in any case authorized by the constitution and laws of the United States, appoint agents to demand of the executive authority of any other state or territory, or from the executive authority of any foreign government, any fugitive from justice or any person charged with treason; and the accounts of the agents appointed for that purpose shall, unless otherwise directed by the governor, be audited by the state treasurer and paid out of the state treasury.

AN ACT to amend 1893 PA 118, entitled "An act to revise and consolidate the laws relative to state prisons, to state houses of correction, and branches of state prisons and reformatories, and the government and discipline thereof and to repeal all acts inconsistent therewith," by amending sections 49 and 61 (MCL 800.49 and 800.61).

The People of the State of Michigan enact:

800.49 Conveyance of convict to prison; fees and expenses; payment.

Sec. 49. The fees and actual expenses of sheriffs in conveying convicts to a prison shall be made out in a bill containing the fees or expenses, and shall be presented to the warden when the prisoner is delivered at the prison. The warden shall certify on it that the prisoner has been received, and the bill, including the sheriff's actual expenses in returning to the county from where the prisoner was sent, shall be audited by the state treasurer and paid from the state treasury. Before drawing his or her warrant the state treasurer shall correct any errors in the bill as to form, items, or amount, and the sheriff shall be paid for the services, his or her actual traveling expenses and the expenses of the convict, and the sum of $3.00 for each and every day so employed.

800.61 Escaped convicts; measures for apprehension; reward; sentence.

Sec. 61. Whenever any convict shall escape from a prison, the warden shall take all proper measures for the apprehension of the convict, and for that purpose he or she may offer a reward not exceeding $50.00 for the apprehension and delivery of that convict; but with the consent of his or her board the reward may be increased to a sum not exceeding $500.00. All suitable rewards and other sums of money, necessarily paid for advertising

and apprehending any convict who may escape from prison, shall be audited by the state treasurer, and paid out of the state treasury. If any prisoner shall be retaken, the time between the escape and his or her recommittal shall not be computed as part of the term of imprisonment, but he or she shall remain in the prison a sufficient length of time after the term of his or her sentence would have expired, if he or she had not escaped, to equal the period of time he or she may have been absent by reason of the escape.

CHAPTER VIA. ACQUISITION AND OPERATION OF AIRPORTS, LANDING FIELDS, AND OTHER AERONAUTICAL FACILITIES BY PUBLIC AIRPORT AUTHORITIES

259.108 Short title of chapter.

Sec. 108. This chapter shall be known and may be cited as the "public airport authority act".

259.109 Definitions.

Sec. 109. As used in this chapter:

(a) "Airport" means a publicly owned airport licensed by the state transportation department, bureau of aeronautics under section 86 and includes all airport facilities at the airport. An airport is "publicly owned" if the portion used for the landing and taking off of aircraft is owned, operated, controlled, leased to, or leased by the United States or any agency or department of the United States, this state, a local government or any municipality or other political subdivision of this state, or any other governing body, public agency, or other public corporation. Property to be included as part of an airport shall include all of the following:

(*i*) Property within the area identified in the latest exhibit A, the property map based on deeds, title opinions, land surveys, an approved airport layout plan, and project documentation included with or attached to federal grant agreements executed by the local government that owns or operates the airport prior to the transfer of operational jurisdiction over the airport to an authority created under this chapter, and lands purchased with federal funds and passenger facility charges related to the airport.

(*ii*) Other property acquired with the proceeds of any airport generated revenues, passenger facility charges, federal grants-in-aid related to the airport, or other federal grants for airport purposes by the local government that owns the airport over which operational jurisdiction is being transferred to an authority.

(*iii*) Other property owned or acquired by an authority for airport purposes.

(b) "Airport facilities" means any of the following at an airport:

(*i*) Real or personal property, or interest in real or personal property, used for the landing, taking off, taxiing, parking, storing, shelter, supply, or care of aircraft, or for receiving or discharging passengers or cargo, and all appurtenant areas used for airport buildings or other airport facilities, and all appurtenant rights-of-way.

(*ii*) Real or personal property, and easements above, on, or under the surface of real or personal property, used or intended to be used for over-flight, for noise abatement or noise buffers, for clear zones, or for side transition zones.

(*iii*) Real or personal property, and easements above, on, or under the surface of real or personal property, used or intended to be used for the full or partial satisfaction of environmental mitigation requirements imposed by any federal, state, county, or other municipal government or agency as a condition of approving the acquisition, construction, expansion, or operation of other airport facilities, whether or not located within the boundaries of the local unit of government that owns the airport over which operational jurisdiction is transferred pursuant to this chapter.

(*iv*) Other structures, improvements, and buildings of all types used or useful for airport related purposes for the convenience of the public or for commercial or general aviation activities, located on the property acquired by or under the operational jurisdiction of the authority, including, but not limited to, restaurants, hotels, motels, exhibition halls, convention facilities, automotive parking facilities, retail stores, aircraft fueling systems, automotive service centers, cargo buildings, warehouses, kitchen facilities, drainage systems, utilities, roadways, automobile and aircraft bridges, and surface transportation terminals and facilities.

(*v*) Beacons, markers, communications systems, and all navigation facilities for use in aid of air navigation.

(*vi*) Any and all other improvements or facilities necessary, useful, or desirable to serve the occupants, passengers, users, employees, operators, airlines, or lessees of any portion of the property or facilities of the authority, or which are otherwise deemed by the authority to be in the public interest, including, but not limited to, facilities necessary, used, useful, or intended for use for handling, parking, storing, display, sale, or servicing of aircraft, either private or commercial; for the accommodation of persons and handling of freight, mail, and other items transported by air, for the furnishing and supplying of goods, commodities, services, things, and facilities that are deemed by the authority to be appropriate for the safety or convenience of the traveling public or of the operators of aircraft, or otherwise in the public interest; and in or for the equipping, operation, and maintenance of any airport facilities of the authority.

(c) "Approval date" means the effective date of the issuance by the federal aviation administration to the authority assuming operational jurisdiction of an airport of a certificate under part 139 of chapter 14 of the code of federal regulations with respect to the airport, and the concurrence by the FAA of the designation of the authority as a sponsor of the airport, including the FAA's approval of the assignment of existing grant agreements to the authority.

(d) "Authority" means a public airport authority created by or pursuant to section 110 and governed by a board.

(e) "Board" means the governing body of an authority appointed pursuant to section 111.

(f) "Department" means the state transportation department.

(g) "Enplanement" means a domestic, territorial, or international revenue passenger who boards an aircraft at an airport in scheduled or nonscheduled service of aircraft in intrastate, interstate, or foreign service and includes an in-transit passenger who boards an international flight that transits an airport in the United States for nontraffic purposes.

(h) "FAA" means the federal aviation administration of the United States department of transportation, or any successor agency.

(i) "Fiscal year" means that annual period that is the fiscal year of the local government that owns the airport over which an authority has assumed operational jurisdiction or, if the local government is not required to include the authority in the financial statements of the local government, that annual period established by the board.

(j) "Legislative body" means the elected body of a local government having legislative powers.

(k) "Local chief executive officer" means the mayor or manager of a city or village, the township supervisor of a township, or the county executive of a county or, if a county does not have a county executive, the chairperson of the county board of commissioners.

(*l*) "Local government" means a county, city, township, or village that owns or operates an airport.

(m) "Passenger facility charge" or "PFC" means a passenger facility fee authorized under section 40117 of title 49 of the United States Code, 49 U.S.C. 40117, and designated as a passenger facility charge under part 158 of title 14 of the code of federal regulations.

(n) "Qualified airport" means an airport, other than a military airport, that has 10,000,000 or more enplanements in any 12-month period.

(o) "Sponsor" means the public agency authorized by subchapter I of chapter 471 of title 49 of the United States Code, 49 U.S.C. 47101 to 47134, to submit requests for, and thereafter accept, and be responsible for performing all of the assurances associated with accepting grant agreements with respect to airports from the FAA or this state and to impose a passenger facility charge at airports, and to perform certain duties and responsibilities previously assumed by the local government that owns or operates the airport prior to the transfer of operational jurisdiction of the airport to an authority created under this chapter by virtue of the local government's acceptance prior to the approval date of grants for the benefit of the airport from the FAA or any other agency of the United States or this state.

259.110 Public airport authority; political subdivision and instrument of local government; public agency; airport manager; qualified airport; powers of authority; incorporation of authority; presumption of validity; court jurisdiction; state transportation department as party; rules prohibited.

Sec. 110. (1) Except as otherwise provided in this chapter, an authority created under or pursuant to this section shall be a political subdivision and instrumentality of the local government that owns the airport and shall be considered a public agency of the local government for purposes of state and federal law. An authority created under or pursuant to this section also shall be the airport owner for purposes of appointing and designating an airport manager under this act. An authority shall not levy a tax or special assessment.

(2) For a local government that owns or operates a qualified airport on the effective date of this chapter, there is created an authority on the effective date of this chapter. For a local government that operates an airport that becomes a qualified airport after the effective date of this chapter, there is created an authority on the date the airport becomes a qualified airport. An authority is vested with powers granted by this chapter to manage and operate the qualified airport and airport facilities of a qualified airport and any other airport and related airport facilities owned or operated by the local government on the approval date. Before the approval date, an authority may organize and exercise all powers granted under this chapter, except those powers related to the management and operation of a qualified airport. Officials and employees of the local government and the authority shall actively cooperate with the local government, the authority, this state, and the federal government to the end that the FAA will recognize the authority as the sponsor of the qualified airport, and to obtain FAA approval of the transfers contemplated by this chapter. Any action required by this state related to the approval shall be coordinated by the department. The local government shall execute such additional

documents as necessary to obtain FAA approval of the transfers contemplated by this chapter and to obtain recognition of the authority as the sponsor with respect to the qualified airport.

(3) A local government that owns or operates an airport that is not a qualified airport may, by resolution, declare its intention to incorporate an authority. In the resolution of intent, the legislative body of the local government shall set a date for the holding of a public hearing on the adoption of a proposed resolution incorporating the authority. After a public hearing, which shall be held in accordance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275, if the legislative body of the local government intends to proceed with the incorporation of the authority, it shall adopt, by majority vote of its members, a resolution incorporating the authority. The adoption of the resolution is subject to any applicable statutory or charter provisions in respect to the approval or disapproval by the local chief executive officer or other officer of the local government and the adoption of an ordinance over his or her veto. The resolution shall take effect upon being filed with the secretary of state.

(4) The validity of the creation or incorporation of the authority shall be conclusively presumed unless questioned in an original action filed in the court of appeals within 60 days after the creation or incorporation of the authority under this chapter. The court of appeals has original jurisdiction to hear an action under this subsection. The court shall hear the action in an expedited manner. The state transportation department is a necessary party in any action under this subsection.

(5) The department shall not promulgate rules under this chapter.

259.111 Public airport authority; board; membership; appointment; terms; qualifications; violation of subsection 5(b); chief executive officer; chief financial officer; duties.

Sec. 111. (1) An authority created under or pursuant to this chapter shall be directed and governed by a board consisting of 7 members.

(2) The members of a board created under section 110(2) shall be appointed as follows:

(a) Two board members shall be appointed by the governor, with 1 board member appointed for an initial term of 6 years and 1 board member appointed for an initial term of 8 years.

(b) One board member shall be appointed by the legislative body of the local government that owns the airport, for an initial term of 4 years. Notwithstanding any other statute, law, ordinance, or charter provision to the contrary, the board member appointed by the legislative body may be a member of the legislative body of the local government that owns the airport, but only while continuing to serve as a member of the legislative body of that local government.

(c) Four board members shall be appointed by the local chief executive officer of the local government that owns the airport, with 1 board member appointed for an initial term of 4 years, 1 board member appointed for an initial term of 2 years, and 2 board members appointed for an initial term of 6 years.

(d) Each appointing entity shall file each appointment under this subsection with the department. Each subsequent appointment by an appointing entity to fill a vacancy on the board shall also be filed with the department.

(3) Upon incorporation of an authority pursuant to section 110(3), the local chief executive officer, with the consent of the legislative body of the local government if the local chief executive officer is not elected, shall appoint the members of the board. Of the

board members first appointed under this subsection, 1 board member shall be appointed for a term of 2 years, 2 board members shall be appointed for terms of 4 years each, 3 board members shall be appointed for terms of 6 years each, and 1 board member shall be appointed for a term of 8 years.

(4) A board member appointed pursuant to subsection (2)(b) or (c) or (3) must be a citizen of the United States and a resident of the local government that owns the airport over which operational jurisdiction will be transferred to an authority. A board member appointed pursuant to subsection (2)(a) must be a citizen of the United States and a resident of the area within the jurisdiction of the regional planning commission created under 1945 PA 281, MCL 125.11 to 125.25, in which the airport over which operational jurisdiction will be transferred is located. Except as permitted by subsection (2)(b), a person shall not be appointed under subsection (2) or (3) as a board member if he or she is, or was during the 12 months preceding the date of appointment, an elected public official or employee of this state or an agency or instrumentality of this state, a local government or an agency or instrumentality of a local government, or the federal government or an agency or instrumentality of the federal government.

(5) A board member appointed pursuant to subsection (2) or (3), a chief executive officer, and chief financial officer of an authority, shall, at time of appointment or hiring and subject to subsection (6), meet all of the following qualifications:

(a) Neither the board member or the chief executive officer or chief financial officer, nor the spouse or his or her siblings, children or their spouses, parents, or siblings or their spouses of the board member or the chief executive officer or chief financial officer, are actively engaged or employed in any other business, vocation, or employment of any civil aeronautics enterprise connected with the airport under the control of the authority.

(b) Neither the board member or the chief executive officer or chief financial officer, nor the spouse or his or her siblings, children or their spouses, parents, or siblings or their spouses of the board member or the chief executive officer or chief financial officer, have a combined 15% or greater direct pecuniary interest in any civil aeronautics enterprise connected with the airport under the control of the authority.

(c) The board member or the chief executive officer or chief financial officer would not be considered to have a conflict of interest under 1968 PA 318, MCL 15.301 to 15.310, in respect to any contract or subcontract involving the airport if the board member or the chief executive officer or chief financial officer were considered a state officer under 1968 PA 318, MCL 15.301 to 15.310.

(6) A board member who, at any time during his or her term of service, becomes in violation of subsection (5)(b) shall have 30 days to divest, or arrange for the divestment of, the interest that caused the violation. If the board member or his or her relative is still in violation of subsection (5)(b) after the expiration of the 30-day period, the entity that appointed that board member shall remove the board member from office.

(7) Notwithstanding any law or charter provision to the contrary, appointments by a local chief executive officer under subsection (2) shall not be subject to the approval by the legislative body of the local government.

(8) The board shall appoint a chief executive officer who shall be an ex officio member, without vote, of the board and shall not be considered in determining the presence of a quorum, who shall have professional qualifications commensurate with the responsibility of the jobs to be performed by such officials. The board may enter into a contract with the chief executive officer for a commercially reasonable length of time commensurate with the length of time for contracts of airport chief executive officers, directors, or managers

with similar responsibilities at other airports or airport authorities within or without this state with a comparable number of annual enplanements.

(9) The chief executive officer shall appoint a chief financial officer who shall be the treasurer of the authority, who shall have professional qualifications commensurate with the responsibility of the jobs to be performed by such officials. Notwithstanding any law or charter provision to the contrary, it shall be the duty and right of the chief financial officer of the authority to receive all money belonging to the authority, or arising or received in connection with the airport over which operational jurisdiction has been transferred to the authority, from whatever source derived. Money of the authority shall be deposited, invested, and paid by the chief financial officer only in accordance with policies, procedures, ordinances or resolutions adopted by the board. Upon the approval date, the authority shall be considered to be the owner of all money or other property then or thereafter received by the treasurer of the local government or deposited in the treasury of a local government to the credit of the airport for which operational jurisdiction has been transferred to the authority. The authority shall be entitled to all interest and other earnings on those funds on and after the latter of the effective date of this chapter or the date on which the authority is created or incorporated. The treasurer of any local government receiving or having custody of money or other property belonging to an authority under this chapter shall promptly transfer the money and other property to the custody of the chief financial officer of the authority. The chief financial officer shall provide the board with copies of all reports made by the chief financial officer to the chief executive officer.

259.112 Full term appointments; terms; expiration date; resignation; vacancy; removal; oath of office.

Sec. 112. (1) Upon the expiration of the term of an initial appointment under section 111(2) or (3), all full term appointments shall be for a term of 6 years. The expiration date of the term of office of a member of the board shall be on October 1 of the year in which the term is to expire, but a member of the board shall hold office until the board member's successor is appointed and qualified, or until resignation or removal. If a member of the board is unable to complete his or her term of office, a successor shall be appointed in the same manner as the original appointment to complete the term. A member of the board may resign by written notice to the authority. The resignation is effective upon its receipt by the secretary or chairperson of the authority or at a subsequent time as set forth in the notice of resignation.

(2) A member of the board may not be appointed to serve more than 2 consecutive full terms. For purposes of this subsection, an initial term under section 111(2) and an appointment to fill a vacancy in a term with more than 3 years remaining count as full terms.

(3) The appointing entity for any board member appointed under section 111(2) or (3) may only remove a board member appointed by the appointing entity for cause.

(4) Before assuming the duties of office, a member of the board shall qualify by taking and subscribing to the constitutional oath of office.

259.113 First meeting of board; compliance with open meetings act; delegation of power; reimbursement of expenses; action by resolution or ordinance; voting.

Sec. 113. (1) Upon the appointment of at least 4 members of the board under section 111(2), the board may hold its first meeting. If less than 4 members of the board have been appointed under section 111(2) within 30 days after the date on which the authority is

created, a majority of those board members appointed may hold the first meeting of the board after the expiration of that 30-day period. The first meeting of the board shall not be held more than 60 days after the creation date of the authority. Not later than 60 days after an authority is incorporated under section 110(3), the board of the authority shall hold its first meeting. At the first meeting, the board shall organize by electing a chairperson, a vice-chairperson, a secretary, and additional officers of the board as the board considers necessary. All officers of the board shall be elected annually by the board. All officers of the authority, except the chief executive officer and the chief financial officer, must be members of the board.

(2) The business that the board may perform shall be conducted at a public meeting of the board held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. A board shall adopt rules consistent with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275, governing its procedures and the holding of meetings.

(3) Except for those powers reserved or delegated to the chief executive officer of an authority by this chapter or by the board, the board shall not delegate any power of the board to any other officer or committee of the authority except as provided in section 114(3). The board may withdraw from the chief executive officer any power that the board had delegated to the chief executive officer.

(4) Members of a board may be reimbursed by an authority for actual and necessary expenses incurred in the discharge of their official duties. The members of the board shall not be compensated for service to the authority or attendance at any meetings.

(5) A board may act only by resolution or ordinance. A majority of the members of the board then in office, or of any committee of the board, shall constitute a quorum for the transaction of business. A vote of a majority of the members of the board serving at the time of the vote is necessary to approve the issuance by the authority of bonds, including special facilities bonds, or other obligations payable from revenues, including special facilities revenues, derived from the airport, or to approve or amend the annual budget of the authority or hire, remove or discharge, or set the salary of the chief executive officer. Except as otherwise provided in this chapter, a vote of the majority of the board members present at a meeting at which a quorum is present constitutes the action of the board or of the committee.

259.114 Meetings; frequency; special meeting; system of accounts; reports; bond; audit committee; appointment; meetings; duty to recommend 3 independent certified public accounting firms; selection; contract terms and conditions; appointment and compensation of chief executive officer; duties and responsibilities; power and authority; contracting policies and procedures; conflicts of interest; ethics manual; airport noise and fumes mitigation.

Sec. 114. (1) After organization, a board shall adopt a schedule of regular meetings and adopt a regular meeting date, place, and time. The board shall meet not less than quarterly per year. The board chairperson shall call a special meeting upon request of 3 members of the board in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. A board shall keep a written or printed record of each meeting, which record and any other writing prepared, owned, used, in the possession of, or retained by the board in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(2) A board shall provide for a system of accounts to conform to a uniform system required by law and for the auditing at least once a year of the accounts of the authority by an independent certified public accountant selected by the audit committee pursuant to subsection (3). A board shall meet any and all auditing or financial reporting requirements imposed by law and shall file a copy of its annual audit with the department and with the clerk of the house of representatives and the secretary of the senate. An authority shall provide the necessary reports to the local government that owns the airport over which operational jurisdiction has been transferred in a timely manner in order for the local government to be able to comply with the reporting requirements of the government finance officers association of the United States and Canada. A board shall require of the chief financial officer and chief executive officer of the authority a suitable bond of not less than $100,000.00 by a responsible bonding company, and the cost of the premium of the bond shall be paid by the authority.

(3) A board appointed under section 111(3) shall appoint an audit committee consisting of 3 members of the board. With respect to boards appointed pursuant to section 111(2), the board shall have a 3-member audit committee with each appointing entity represented on the board designating 1 board member appointee to serve on the audit committee. The audit committee shall hold its first meeting within 60 days after the creation or incorporation of the authority under this chapter. A majority of members appointed and designated as audit committee members by an appointing entity under this subsection may conduct the business of the committee. The audit committee shall meet not less than 4 times each year with the chief financial officer, the chief executive officer of the authority, and the authority's independent public auditors to review the reports related to the financial condition, operations, performance, and management of the authority and airport including, but not limited to, all contractors and subcontractors, and may also order special investigations or audits, the cost of which shall be reimbursed by the authority. The audit committee shall also review the activities and reports of the internal auditor of the authority who shall be appointed by the chief executive officer of the authority. The audit committee of a board appointed pursuant to section 111(2) shall once every 2 years, recommend 3 independent certified public accounting firms that, in the judgment of the audit committee, possess sufficient resources and qualifications to conduct annual financial audits of the accounts of the authority. Not less than 90 days prior to the first full fiscal year of the authority and the last fiscal year of each subsequent contract period for which financial audits will be conducted under section 114(2), the 3 recommendations of the audit committee shall be presented to the legislative body of the local government that owns the airport over which operational jurisdiction has been transferred pursuant to this chapter. From the 3 recommendations of the audit committee, the legislative body of the local government may select, not more than 30 days after receipt of the recommendations of the audit committee, the independent certified public accounting firm with whom the authority shall execute an agreement to conduct annual financial audits for the succeeding 2 fiscal years of the accounts of the authority. If the legislative body does not select 1 of the recommended independent certified public accounting firms to conduct annual financial audits for the next 2 fiscal years of the authority within 30 days after receipt of the recommendations of the audit committee, the audit committee shall have the sole power to select the independent certified public accounting firm with whom the authority shall execute an agreement to conduct annual financial audits of the accounts of the authority for the next 2 fiscal years. The terms and conditions of a contract to be entered into with the independent certified public accounting firm selected by the legislative body of the local government shall be exclusively established by the authority. The legislative body of the local government shall not have the right or power to modify any proposed terms and conditions of a contract between the

authority and an independent certified public accounting firm recommended by the audit committee. Neither the legislative body nor any member of the legislative body of the local government shall impose any requirement, restriction or condition upon, or solicit any agreement or contribution from, the independent certified public accounting firm or any member or employee of the independent certified public accounting firm, selected or considered by the legislative body of the local government. No charter provision or resolution of the local government shall contradict, supplement, or expand this subsection. A person may not prevent or prohibit the internal auditor or the audit committee from carrying out or completing any audit or investigation. The internal auditor and members of the audit committee shall be protected under the whistleblowers' protection act, 1980 PA 469, MCL 15.361 to 15.369.

(4) A board shall appoint and fix the compensation of a chief executive officer of the authority by a vote of not less than the majority of the members of the board then serving. The board shall prescribe those duties and responsibilities of the chief executive officer of the authority that are in addition to the duties and responsibilities imposed upon the chief executive officer of the authority by this chapter. The chief executive officer of an authority shall serve at the pleasure of the board and the board may remove or discharge the chief executive officer of the authority by a vote of not less than the majority of the members of the board then serving. The chief executive officer of an authority shall supervise, and be responsible for, all of the following:

(a) The day-to-day operation of the airport, including the control, supervision, management, and oversight of the functions of the airport.

(b) The issuance of bonds and notes approved by the board.

(c) The negotiation and establishment of compensation and other terms and conditions of employment for employees of the authority.

(d) The appointment, dismissal, discipline, demotion, promotion, and classification of employees of the authority.

(e) The negotiation, supervision, and enforcement of contracts entered into by the authority, and the supervision of contractors and subcontractors of the authority in their performance of their duties.

(f) The appointment of an internal auditor who shall have professional qualifications commensurate with the responsibility of the jobs to be performed by such an official, and who shall:

(*i*) Report to the chief executive officer and provide information to the board and its audit committee as required under this chapter.

(*ii*) Receive and investigate any allegations that false or misleading information was received in evaluating the authority's internal accounting and administrative control system.

(*iii*) Conduct and supervise audits relating to financial activities of the authority's operations.

(*iv*) Recommend policies for activities to protect the authority's assets and to prevent and detect fraud and abuse.

(*v*) Conduct other audit and investigative activities as assigned by the board, the audit committee, or the chief executive committee.

(*vi*) Adhere to appropriate professional and auditing standards.

(*vii*) Provide to the audit committee on an annual basis a report prepared by the internal auditor on the evaluation of the authority's internal accounting and administrative

control system. For the period reviewed, the report shall include, but not be limited to, both of the following:

(A) A description of any material inadequacy or weakness discovered in connection with the evaluation of the authority's internal accounting and administrative control system and a time schedule for correcting the internal accounting and administrative control system, described in detail.

(B) A listing of each audit or investigation performed by the internal auditor pursuant to this chapter.

(5) The chief executive officer of an authority shall have the power and authority to execute and deliver, and to delegate signatory power for, contracts, leases, obligations, and other instruments approved by the board or for which power to approve has been delegated to the chief executive officer of the authority. The chief executive officer of an authority shall have all powers incident to the performance of his or her duties that are prescribed by this chapter or by the board. The board may delegate additional powers to the chief executive officer of the authority not enumerated in this chapter. All actions of the chief executive officer of an authority shall be in conformance with the policies of the board and in compliance with law. The chief executive officer of an authority shall attend the meetings of the board and shall render to the board a regular report covering the activities and financial condition of the airport. If the chief executive officer of an authority is temporarily absent or disabled, the chief executive officer of the authority may designate a qualified person as acting chief executive officer of the authority to perform the duties of the office. If the chief executive officer of an authority fails or is unable to designate an acting chief executive officer of the authority, the board shall designate an acting chief executive officer of the authority for the period of absence or disability of the chief executive officer of the authority. The chief executive officer of the authority shall furnish the board with information or reports governing the operation of the airport as the board requires.

(6) The authority shall establish contracting policies and procedures providing for all of the following:

(a) Except for the negotiated construction contracts permitted under this subdivision, a contract shall not be awarded by an authority or the chief executive officer of the authority for the construction, repair, remodeling, or demolition of an airport facility unless the contract is let pursuant to a procedure that requires a competitive bidding. A negotiated construction contract shall not be required to be let by competitive bidding if the board or the chief executive officer of the authority with delegated authority to enter into contracts determines that any of the following apply:

(*i*) The negotiated contract amount is less than $50,000.00. However, if the contract amount, including change orders, subsequently exceeds $50,000.00, the authority shall detail, in writing, the reasons why the contract amount exceeded $50,000.00.

(*ii*) As determined in writing by the board or the chief executive officer with delegated authority to enter into contracts, the contract is for emergency repair or construction necessitated by a sudden, unforeseen occurrence or situation of a serious and urgent nature and is not for convenience or expediency.

(*iii*) As determined in writing by the board or the chief executive officer with delegated authority to enter into contracts, the repair or construction is necessary to ensure passenger safety or otherwise protect life or property.

(b) The authority shall establish policies and procedures for hiring professional service contractors.

(c) The authority shall utilize competitive bidding for all purchases and all other contracts unless the board, or, if authorized by the board to approve procurements, the chief executive officer of the authority, determines and details in writing the reason that competitive solicitation of bids or proposals is not appropriate, that procurement by competitive bids is not practicable to efficiently and effectively meet the authority's needs, or that another procurement method is in the public's best interests.

(7) The authority may enter into lease purchases or installment purchases for periods not exceeding the anticipated useful life of the items purchased. The authority may enter into a cooperative purchasing agreement with the state or other public entities for the purchase of goods, including, but not limited to, recycled goods, and services necessary for the authority.

(8) The chief executive officer of an authority shall comply with all federal and state contracting requirements pertaining to disadvantaged business enterprises, minority business enterprises, and other targeted business enterprises and shall seek to ensure maximum participation of disadvantaged business enterprises, minority business enterprises, and other targeted business enterprises in contracting opportunities with the authority.

(9) Members of the board and officers, appointees, and employees of the authority are public servants under 1968 PA 317, MCL 15.321 to 15.330, and are subject to any other applicable law with respect to conflicts of interest. The board shall establish policies and procedures requiring periodic disclosure of relationships which may give rise to conflicts of interest. The board shall require that a member of the board or a chief executive officer or chief financial officer who has a direct interest in any matter before the authority disclose the member's or officer's interest and any reasons reasonably known to the member of the board or officer why the transaction may not be in the best interest of the public or the authority before the board takes any action with respect to the matter. The disclosure shall become part of the record of an authority's proceedings.

(10) An authority shall establish an ethics manual governing the conducting of airport business and the conduct of airport employees. An authority shall establish policies that are no less stringent than those provided for public officers and employees by 1973 PA 196, MCL 15.341 to 15.348, and coordinate efforts for the authority to preclude the opportunity for and the occurrence of transactions by the authority that would create a conflict of interest involving members of the board and employees of the authority. At a minimum, these policies shall include compliance by each member of the board and employees of the authority who regularly exercise significant discretion over the award and management of authority procurements with policies governing all of the following:

(a) Immediate disclosure of the existence and nature of any financial interest that would reasonably be expected to create a conflict of interest.

(b) Withdrawal by an employee or member from participation in or discussion or evaluation of any recommendation or decision involving an authority procurement that would reasonably be expected to create a conflict of interest for that employee or member.

(11) An authority shall work collaboratively with appropriate local governmental units in the implementation of any federally sanctioned and funded programs for the mitigation of aircraft noise and fuel fumes.

259.115 Preparation of annual budget.

Sec. 115. Before the beginning of each fiscal year, the board shall prepare a budget containing an itemized statement of the estimated current operational expenses and the expenses for capital outlay including funds for the operation and development of the

airport under the jurisdiction of the board, and the amount necessary to pay the principal and interest of any outstanding bonds or other obligations of the authority maturing during the ensuing fiscal year or which have previously matured and are unpaid, and an estimate of the revenue of the authority from all sources for the ensuing fiscal year. The board shall adopt that budget in accordance with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a.

259.116 Authority as public body corporate; powers; personal liability; transfer of operational jurisdiction; indemnification for local government with civil claim; imposition of fees or charges; airport revenues, facilities, or assets as security; prohibited actions; completion of airport or facility project; preparation, submission, and administration of grants; custodian of funds.

Sec. 116. (1) An authority is a public body corporate with the following powers:

(a) An authority may adopt a corporate seal.

(b) An authority may sue or be sued in any court of the state.

(c) An authority has the power and duty of planning, promoting, extending, maintaining, acquiring, purchasing, constructing, improving, repairing, enlarging, and operating all airports and airport facilities under the operational jurisdiction of or owned by the authority.

(d) An authority has the power to assume and perform the obligations and the covenants related to the airport that are contained in an agreement or other document between or by the local government that owns the airport for which operational jurisdiction has been transferred to the authority pursuant to this chapter and the state or the federal aviation administration relative to grants for the airport or airport facilities.

(e) An authority may take by grant, purchase, devise, or lease, or by the exercise of the right of eminent domain, or otherwise acquire and hold, real and personal property, in fee simple or any lesser interest or easement, as an authority may deem necessary either for the construction of any airport facilities or for the efficient operation or for the extension of any airport facilities acquired or constructed or to be constructed under this chapter, and, except as otherwise provided by this act, to hold in its name, lease, and dispose of all real and personal property owned by or under the operational jurisdiction of the authority. If land is acquired by condemnation, the provisions of the uniform condemnation procedures act, 1980 PA 87, MCL 213.51 to 213.76, or any successor statute, shall be adopted and used for the purpose of instituting and prosecuting the condemnation proceedings. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. The acquisition of any land by an authority for an airport or airport facilities in furtherance of the purposes of the authority, and the exercise of any other powers of the authority, are hereby declared as a matter of legislative determination to be public, governmental and municipal functions, purposes and uses exercised for a public purpose, and matters of public necessity.

(f) An authority may make and enter into all contracts and agreements necessary or incidental to the performance of its duties and execution of its powers under this chapter with any department or agency of the United States, with any state or local governmental agency, or with any other person, public or private, upon those terms and conditions acceptable to the authority consistent with section 114(6).

(g) An authority has the exclusive responsibility to study and plan any improvements, expansion, or enhancements that affect the airport.

(h) An authority may commission planning, engineering, economic, and other studies to provide information for making decisions about the location, design, management, and other features of the airport or airport facilities.

(i) An authority is responsible for developing all aspects of the airport and airport facilities, including, but not limited to, all of the following:

(*i*) The location of terminals, hangars, aids to air navigation, parking lots and structures, cargo facilities, and all other facilities and services necessary to serve passengers and other customers of the airport.

(*ii*) Street and highway access and egress with the objective of minimizing, to the extent practicable, traffic congestion on access routes in the vicinity of the airport.

(j) An authority may act as a sponsor and submit requests for, accept, and be responsible to perform all of the assurances associated with accepting grants from the federal aviation administration or any other agency of the United States or of this state, with respect to the airport under the operational jurisdiction of the authority, and to perform the duties and responsibilities previously assumed by the local government that owns the airport under the operational jurisdiction of the authority by virtue of its acceptance of grants from the federal aviation administration or any other agency of the United States or this state.

(k) An authority may enter into agreements to use the facilities or services of the state, any subdivision or department of the state, any county or municipality, or the federal government or any agency of the federal government as necessary or desirable to accomplish the purposes of this chapter for that consideration or pursuant to that cost allocation formula that may be acceptable to the authority in compliance with its obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state, including, but not limited to, policies of the FAA prohibiting revenue diversion or the payment of fees exceeding the value of services provided by a governmental agency.

(*l*) An authority may allow the state, any subdivision or department of the state, any county or municipality, or the federal government or any agency of the federal government to utilize airport facilities or the services of the authority as necessary or desirable to accomplish the purposes of this chapter, for consideration acceptable to the authority in compliance with its obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(m) An authority may adopt and enforce in a court of competent jurisdiction of this state reasonable rules, regulations, and ordinances for the orderly, safe, efficient, and sanitary operation and use of airport facilities owned by the authority or under its operational jurisdiction. The authority may establish civil and criminal penalties for the violation of rules, regulations, and ordinances authorized under this subdivision to the same extent as the local government that owns the airport.

(n) An authority may enter into exclusive or nonexclusive contracts, leases, franchises, or other arrangements with any person or persons for terms not exceeding 50 years, for granting the privilege of using or improving, or having access to the airport or any airport facility, or any portions of the airport or the authority's airport facilities, for commercial airline-related purposes consistent with its obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(o) An authority may enter into exclusive or nonexclusive contracts, leases, or other arrangements not described in subdivision (n) for commercially reasonable terms

consistent with its obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(p) Subject to section 119, an authority may appoint and vest with police powers airport law enforcement officers, guards, or police officers under this chapter. The law enforcement officers, guards, or police officers of the authority shall have the full police powers and the authority of peace officers within the areas over which the authority has operational jurisdiction, including, but not limited to, the prevention and detection of crime, the power to investigate and enforce the laws of this state, rules, regulations, and ordinances issued by the authority, and, to the extent permitted or required by federal law and regulations, requirements of federal law and regulations governing airport security. The officers may issue summons, make arrests, and initiate criminal proceedings. An authority is responsible for all actions of its officers committed under color of their official position and authority.

(q) An authority may procure insurance or become a self-funded insurer against loss in connection with the property, assets, or activities of the authority.

(r) An authority may invest money of the authority, at the board's discretion, in instruments, obligations, securities, or property determined proper by the board, and name and use depositories for its money.

(s) Except as otherwise prohibited by this chapter, an authority shall have all the powers of a political subdivision under this act, but shall not levy or impose a tax or special assessment.

(t) An authority may exercise its powers and duties under this chapter notwithstanding any charter provision, ordinance, resolution, contract, regulation, or rule of a local government to the contrary. This subdivision does not apply to a contract entered into by a local government after the authority is created if the contract also has been approved or ratified by the authority. Nothing in this chapter shall be construed to limit the exercise of the powers of a local government in which an airport is located to zone property under the city and village zoning act, 1921 PA 207, MCL 125.581 to 125.600, or to engage in land planning under 1931 PA 285, MCL 125.31 to 125.45, with respect to property that is not part of the airport.

(u) An authority may fix, charge, and collect rates, fees, rentals, and charges within and for the use and operation of the airport or airports under the operational jurisdiction of the authority.

(2) A member of the board or an officer, appointee, or employee of the authority shall not be subject to personal liability when acting in good faith within the scope of his or her authority or on account of liability of the authority, and the board may defend and indemnify a member of the board or an officer, appointee, or employee of the authority against liability arising out of the discharge of his or her official duties. An authority may indemnify and procure insurance indemnifying members of the board and other officers and employees of the authority from personal loss or accountability for liability asserted by a person with regard to bonds or other obligations of the authority, or from any personal liability or accountability by reason of the issuance of the bonds or other obligations or by reason of any other action taken or the failure to act by the authority. The authority may also purchase and maintain insurance on behalf of any person against any liability asserted against the person and incurred by the person in any capacity or arising out of the status of the person as a member of the board or an officer or employee of the authority, whether or not the authority would have the power to indemnify the person against that liability under this subsection. An authority, pursuant to bylaw, contract, agreement, or resolution of its board, may obligate itself in advance to defend and indemnify persons.

(3) An authority shall indemnify and hold harmless the local government that owns the airport over which operational jurisdiction has been transferred to the authority for any civil claim existing or any civil action or proceeding pending by or against the local government involving or relating to the airport, airport facilities, or any civil liability related to the obligations of the local government issued or incurred with respect to the airport which was pending at the time of, or which had been incurred prior to, the transfer of operational jurisdiction of the airport to the authority.

(4) Notwithstanding any other provision of law to the contrary, an authority does not have the power to impose or levy taxes, except the authority has the power to impose fees or charges permitted by federal law.

(5) Unless an authority obtains the approval of the legislative body of the local government that owns the airport over which operational jurisdiction has been transferred to the authority pursuant to section 117, the authority shall not incur any indebtedness pledging, on a parity or superior basis, any revenues from airport facilities that are otherwise pledged to secure any obligation, note, bond, or other instrument of indebtedness for which the full faith and credit of the local government has been pledged.

(6) Upon the creation or incorporation of an authority under this chapter, the local government that owns the airport over which operational jurisdiction may be transferred pursuant to section 117 shall not pledge airport facilities or assets to secure any instrument of indebtedness except to secure airport revenue bonds issued for airport capital improvement projects after the creation or incorporation of the authority and prior to the approval date.

(7) An authority shall not take any action contrary to obligations assumed or entered into under federal rules or regulations or any agreement entered into or assumed with respect to state or federal grants.

(8) A local government shall not take any action contrary to obligations or covenants under applicable federal law, regulations, and assurances associated with the state or federal government. A local government, or an official of the local government acting in an official capacity, shall take no action, including, but not limited to, action pursuant to charter provision, ordinance, resolution, contract, regulation, or rule, to impede the exercise of powers or duties under this chapter.

(9) If a local government previously acted as a sponsor and action by, or concurrence of, the local government is required to complete a project related to the airport or airport facilities, the local government shall not withhold, condition, or delay concurrence with any authority action necessary to complete the project in accordance with obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(10) The authority to which operational jurisdiction for an airport is transferred shall be the agent of a local government for the preparation, submission, and administration of all state or federal grants pending as of the approval date. The authority shall also be the custodian of all funds received or to be received by the local government or the authority for the projects for which the grants were awarded.

259.117 Actions, commitments, and proceedings occurring on approval date; exclusive rights and authority; acquisitions or transfers.

Sec. 117. (1) All of the following occur on the approval date:

(a) The authority acquires, succeeds to, and assumes the exclusive right, responsibility, and authority to occupy, operate, control, and use the airport and the airport

facilities of an airport owned by the local government on that date, including all lands, buildings, improvements, structures, aviation easements, rights of access, and all other privileges and appurtenances pertaining to the airport, subject only to those restrictions imposed by this act.

(b) The authority acquires and succeeds to all rights, title, and interests in and to the fixtures, equipment, materials, furnishings, and other personal property owned and used for purposes of the airport on that date by the local government that owned the airport. The officers of the local government that owns the airport under the operational jurisdiction of the authority shall execute those instruments of conveyance, assignment, and transfer as may be necessary or appropriate to accomplish the foregoing.

(c) The authority assumes, accepts, and becomes liable for all of the lawful obligations, promises, covenants, commitments, and other requirements in respect of the airport of the local government that owns the airport under the operational jurisdiction of the authority, whether known or unknown, contingent or matured, but excepting any full faith and credit pledge of the local government in respect of bonds issued by the local government for airport purposes, and shall perform all of the duties and obligations and shall be entitled to all of the rights of the local government in respect of the airport under any ordinances, agreements, or other instruments and under law. Consistent with this chapter, this assumption includes, and there shall be transferred to the authority, all licenses, permits, approvals, or awards related to the airport, all grant agreements, grant pre-applications, the right to receive the balance of any funds payable under the agreements, the right to receive any amounts, including PFCs, payable to the local government on the approval date and amounts paid to the local government after the approval date, as well as the benefit of contracts and agreements, and all of the local government's duties, liabilities, responsibilities, and obligations as sponsor of the airport, except for any obligation or liabilities contested in good faith by the authority.

(d) The authority assumes unfunded obligations to provide pensions or retiree health insurance in an amount and manner determined by a professional actuary acceptable to the authority and the local government. However, the authority shall not assume any such obligations in excess of the amount properly allocable to the airport over which the authority is exercising operational jurisdiction under the local government's allocation procedures in effect on the date the authority is created or incorporated, and the amount of obligations so assumed by the authority shall not exceed its pro rata share of such obligations, based upon the percentage which the amount of such obligations attributable to employees of the authority is of the amount of all such obligations prior to such assumption.

(2) All lawful actions, commitments, and proceedings, including, but not limited to, revenue bond financings for which a notice of intent resolution has been adopted, of the local government made, given, or undertaken before the date of assumption by the authority under this section are ratified, confirmed, and validated upon assumption by the authority. All actions, commitments, or proceedings undertaken shall, and all actions, commitments, or proceedings of the local government in respect of the airport in the process of being undertaken by, but not yet a commitment or obligation of, the local government in respect of the airport may, from and after the date of assumption by the authority under this section, be undertaken and completed by the authority in the manner and at the times provided in this chapter or other applicable law and in any lawful agreements made by the local government before the date of assumption by the authority under this section.

(3) The exclusive right and authority to occupy, operate, control, and use the airport facilities includes, but is not limited to, all of the following:

(a) Operational jurisdiction over all real property of the airport, including, but not limited to, all terminals, runways, taxiways, aprons, hangars, aids to air navigation, emergency vehicles or facilities, parking facilities for passengers and employees, and buildings and facilities used to operate, maintain, and manage the airport, subject to any liens on the real property and restrictions and limitations on the use of the real property.

(b) The local government's right, title, and interest in, and all of the local government's responsibilities arising under leases, concessions, and other contracts for airport facilities.

(4) The acquisitions, assumptions, successions, or transfers described under this section include, but are not limited to, all of the following:

(a) All contracts with airlines, tenants, concessionaires, leaseholders, and others at the airport.

(b) All financial obligations secured by revenues and fees generated from the operations of the airport, including, but not limited to, airport revenue bonds, special facilities revenue bonds, and all bonded indebtedness associated with the airport.

(c) All cash balances and investments relating to or resulting from operations of the airport for which operational jurisdiction has been transferred to an authority, all funds held under an ordinance, resolution, or indenture related to or securing obligations of the local government that have been assumed by the authority, and all of the accounts receivable or choses in action arising from operations of the airport as well as all benefits of contracts and agreements.

(d) All office equipment, including, but not limited to, computers, records and files, software, and software licenses required for financial management, personnel management, accounting and inventory systems, and general administration.

259.118 Operational jurisdiction over airport; transfer to authority; effect.

Sec. 118. (1) The transfer of the operational jurisdiction over an airport to the authority may not in any way impair any contracts with airlines, vendors, tenants, bondholders, or other parties in privity with the local government that owns the airport over which operational jurisdiction has been transferred to an authority.

(2) Upon the transfer of operational jurisdiction over an airport pursuant to section 117, a local government shall be relieved from all further costs and responsibility arising from or associated with control, operation, development, and maintenance of that airport, except as otherwise required under obligations retained by the local government under this chapter or as otherwise agreed by the local government.

(3) A local government that owns an airport for which an authority has been created or incorporated under this chapter shall comply with all of the following:

(a) Refrain from any action that would impair an authority's exercise of the powers granted to the authority under this chapter or that would impair the efficient operation and management of the airport.

(b) Refrain from any action to sell, transfer, or otherwise encumber or dispose of airport facilities owned by the local government for which operational jurisdiction has been transferred without the consent of the authority and, where necessary, the federal aviation administration.

(c) Take all action reasonably necessary to cure any defects in title to airport facilities over which an authority has been transferred operational jurisdiction.

(d) At the request of an authority that has been transferred operational jurisdiction of an airport owned by the local government, grant any license, easement, or right-of-way in

connection with the airport to the extent the authority has not been empowered to take these actions.

(e) Upon creation or incorporation of an authority and before the approval date, conduct operations of the airport in the ordinary and usual course of business.

(f) Maintain and repair, including providing snow removal for, any road providing ingress and egress to the airport over which responsibility for maintenance and repair is retained by the local government pursuant to agreement or law.

(4) At the request of the authority, a local government that owns a qualified airport over which operational jurisdiction has been transferred to an authority shall provide the authority with transitional services previously performed by the local government and related to the operation of the qualified airport until the date the authority elects to assume these services. The reasonable cost of these services shall be paid by the authority.

259.119 Election by employees to transfer to authority; requirements.

Sec. 119. (1) For employees who elect to transfer to the authority under subsection (2) and who are covered by the terms of a collective bargaining agreement with the local government that owns an airport over which operational jurisdiction will be transferred, the authority shall assume and be bound by those existing collective bargaining agreements for the remainder of the term of the agreement. A representative of the employees or a group of employees in the local government who represents or is entitled to represent the employees or a group of employees of the local government, pursuant to 1947 PA 336, MCL 423.201 to 423.217, shall continue to represent the employees or group of employees after the employees transfer to the authority and the authority shall honor all obligations of a public sector employer after the expiration of any collective bargaining agreement with respect to transferring employees.

(2) Local government employees employed at an airport from which operational jurisdiction will be transferred to an authority may agree to transfer to the employment of the authority on or before a date established by the authority. The date established by the authority shall not be later than the approval date. Local government employees, who do not agree to transfer to the employment of the authority, shall be reassigned within the local government. The local government shall not, as a result of the creation or incorporation of an authority for a period of not more than 1 year, layoff or reduce the pay or benefits of any employee of the local government into whose position a local government employee who was previously employed at the airport is reassigned. The authority shall consider any person hired by the authority to fill a position that had been previously filled with a local government employee who did not agree to transfer to the employment of the authority to be under the collective bargaining agreement covering, and to be represented by the collective bargaining representative of, the local government employee who did not agree to transfer to the authority. The authority shall accept the transfers without a break in employment, subject to all rights and benefits held by the transferring employees under a collective bargaining agreement. Transferring employees shall not be placed in a worse position by reason of the transfer for a period of 1 year after the approval date, or any longer period as may be required in connection with the assumption of any applicable collective bargaining agreement, with respect to wages, workers' compensation, pension, seniority, sick leave, vacation, or health and welfare insurance or any other term and condition of employment that a transferring employee may have under a collective bargaining agreement that the employee received as an employee of the local government. The rights and benefits protected by this subsection may be altered by a future collective bargaining agreement except that any employee who

as of the effective date of this chapter has the right, by contract or statute, to submit any unresolved disputes to the procedures set forth in 1969 PA 312, MCL 423.231 to 423.247, shall continue to have that right, or, for employees not covered by collective bargaining agreements, by benefit plans as established and adopted by the authority. Employees who elect to transfer shall not by reason of the transfer have their accrued local government pension benefits or credits diminished. If a transferring employee is not vested in his or her local government pension rights at the time of transfer, his or her post-transfer service with the authority shall be credited toward vesting in any local government retirement system in which the transferring employee participated prior to the transfer, but the post-transfer service with the authority shall not be credited for any other purpose under the local government's retirement system, except as provided in subsections (3) and (4). An employee who elects to transfer to the authority may, upon return to employment with the local government within 1 year from the approval date, do so without loss of seniority unless contrary to a collective bargaining agreement. Notwithstanding any other provision of this section, a political appointee, other than a member of the board appointed under section 111, at an airport previously operated by the local government from which operational authority has been transferred to an authority shall not be placed in a worse position in regards to terms and conditions of employment until December 31 of the year in which the authority is created.

(3) If a local government employee described in this section elects to transfer to an authority or if a person is hired by the authority as a new employee after the date on which the authority assumes operational jurisdiction over an airport, the employee shall remain or become a participant in the local government retirement system until the authority has established its own retirement system or pension plan. During this period the employee remains or is a participant in the local government system, the employee's post-transfer service with the authority during this period and his or her post-transfer compensation from the authority during this period shall be counted in determining both eligibility for and the amount of pension benefits that the employee will be eligible to receive from the local government system or plan.

(4) If a local government employee described in this section elects to transfer to the authority, then the transferred employee may elect to remain a participant in the local government retirement system in lieu of participation in any retirement system or pension plan of the authority. By electing to remain a participant in the local government system, the employee's post-transfer service with the authority and his or her post-transfer compensation from the authority shall be counted in determining both eligibility for and the amount of pension benefits that the employee will be eligible to receive from the local government system or plan. Any election to remain in a local government system or plan shall be made within 60 days following the date the authority has established its own retirement system or pension plan and shall be irrevocable. Employees eligible to make the election described in this subsection shall be those employees who immediately before their transfer date were participating in the local government system and who agree to make any employee contributions required for continuing participation in the local government system and also agree to meet all requirements and be subject to all conditions which, from time to time, apply to employees of the local government who participate in the local government system.

(5) For each employee meeting the requirements of subsection (4) who elects to remain a participant in the local retirement system, the authority shall, on a timely basis, contribute the following amounts, as applicable, to the trustees of that retirement system:

(a) An amount determined by the local government system's actuary toward amortization of unfunded actuarial accrued liabilities which, as of the transfer date, are reasonably allocated to that employee on the local government system's records.

(b) An amount determined by the local government system's actuary sufficient to fund the liability for all of that employee's retirement and other benefits under the system on a current basis, as those liabilities are accrued on and after the transfer date.

(c) An amount determined by the local government system's actuary equal to all actuarial losses net of actuarial gains, costs, and administrative expenses of the system which are reasonably allocated to the employee.

(d) An amount equal to the percentage of compensation that the local government would have contributed for the employee had he or she remained in the employ of the local government.

(e) An amount corresponding to what the local government would have contributed toward retiree health coverage for the employee. However, the authority shall succeed to all rights of the local government to modify, amend, replace, suspend, or discontinue the retiree health coverage being provided to the persons who retire from authority employment.

259.120 Sources of revenue.

Sec. 120. (1) An authority may raise revenues to fund all of its activities, operations, and investments consistent with its purposes. However, an authority shall not levy a tax or impose a special assessment. The sources of revenue available to the authority may include, but are not limited to, fees, rents, or other charges the authority may fix, regulate, and collect for the airport facilities under the control of and services furnished by the authority, including fees, rentals, and charges fixed in connection with agreements entered into under section 116. The revenues raised by an authority may be pledged, in whole or in part, for the repayment of bonded indebtedness and other expenditures issued or incurred by the authority.

(2) To the extent practicable, an authority shall endeavor to maximize the revenues generated from enterprises located at the airport consistent with its obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(3) The authority may make application for and receive loans, grants, guarantees, or other financial assistance in aid of airport facilities and the operation of the airport from any state, federal, county, or municipal government or agency or from any other source, public or private, including financial assistance for purposes of planning, constructing, improving, and operating the airport, for providing security at the airport, and for providing ground access to the airport.

259.121 Other publicly owned airports; transfer of operational jurisdiction.

Sec. 121. The authority may accept the transfer of operational jurisdiction of other publicly owned airports that hold an airport operating certificate issued by the FAA under part 139 of chapter 14 of the code of federal regulations, within and without the local government. In accepting a transfer, the authority may assume no financial obligations other than those associated with the operation of the airport being transferred and with debt issued to finance improvements at the airport being transferred. If a governmental entity transfers operational jurisdiction over an airport to an authority under this section, the authority shall not sell or transfer any property of the governmental entity without the consent of the governmental entity that provided the transfer of operational jurisdiction under this section. An authority that operates a qualified airport shall not operate an airport that is located in a city having a population of more than 750,000.

259.122 Issuance of bonds by authority.

Sec. 122. For the purpose of acquiring, purchasing, constructing, improving, enlarging, furnishing, equipping, reequipping, or repairing airports and airport facilities for which operational jurisdiction is transferred pursuant to this chapter or is acquired by the authority, the authority may issue self-liquidating bonds of the authority in accordance with and exercise all of the powers conferred upon public corporations by the revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.139.

259.123 Borrowing money and issuing municipal securities.

Sec. 123. The authority may borrow money and issue municipal securities in accordance with and exercise all of the powers conferred upon municipalities by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

259.124 Bonds or other evidence of indebtedness; tax exemption.

Sec. 124. All bonds or other evidences of indebtedness issued by an authority under this chapter, and the interest thereon, are free and exempt from all taxation within the state, except for transfer and franchise taxes.

259.125 Legislative body of local government; actions.

Sec. 125. (1) The legislative body of any local government that owns an airport over which the operational jurisdiction has been transferred to an authority is hereby authorized, with the consent of the authority, to take 1 or more of the following actions:

(a) Pledge its full faith and credit behind any obligation or evidence of indebtedness of the authority.

(b) Advance funds to the authority for working capital and other purposes of the authority on terms and conditions agreed to by the authority and the local government consistent with obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(c) Appropriate and grant funds to the authority in furtherance of its purposes.

(d) Grant and convey to the authority real or personal property of any kind or nature, or any interest in real or personal property, for the carrying out of the authorized purposes of the authority.

(2) A pledge made pursuant to this section shall be at the discretion of the legislative body of the local government and may be subject to an agreement providing for terms and conditions of the pledge and for repayment of any amount paid pursuant to the pledge as the authority and the local government may determine necessary and advisable consistent with obligations under applicable federal law, regulations, and assurances associated with accepting grants from the FAA or any other agency of the United States or this state.

(3) Any agreement by an authority to repay an advance made pursuant to this section, and any obligation incurred by the authority under that agreement, shall not be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

259.125a Interest rate exchange or agreement.

Sec. 125a. (1) For the purpose of more effectively managing its debt service, an authority may enter into an interest rate exchange or swap, hedge, or similar agreement or agreements in connection with the issuance or proposed issuance of obligations or other evidences of indebtedness or in connection with its then outstanding obligations or other evidences of indebtedness.

(2) In connection with entering into an interest rate exchange or swap, hedge, or similar agreement, the authority may create a reserve fund for the payment thereof.

(3) An agreement entered into pursuant to this section shall comply with all of the following:

(a) The agreement is not a debt of the authority entering into the agreement for any statutory or charter debt limitation purpose.

(b) The agreement is payable from general funds of the authority or, subject to any existing contracts, from any available money or revenue sources, including revenues that shall be specified by the agreement, securing the obligation or evidence of indebtedness in connection with the agreement.

259.125b Contract between authority and bond holder; provisions.

Sec. 125b. (1) Notwithstanding any other provisions of this chapter or any other law, the provisions of all ordinances, resolutions, and other proceedings of the local government with respect to any outstanding bonds, notes, or any and all evidences of indebtedness or liability assumed by an authority pursuant to this chapter shall constitute a contract between the authority and the holders of the bonds, notes, or evidences of indebtedness or liability, and shall have their provisions enforceable against the authority or any or all of its successors or assigns, by mandamus or any other appropriate suit, action, or proceeding in law or in equity in any court of competent jurisdiction in accordance with law.

(2) Bonds, notes, or any and all evidences of indebtedness or liability that are assumed by an authority under this chapter are payable solely from and secured solely by the sources of revenue that were pledged to those bonds, notes, or evidences of indebtedness or liability under the ordinance, resolution, or other proceedings of the local government, and do not constitute a full faith and credit obligation of the authority.

(3) Nothing in this chapter or in any other law shall be held to relieve an authority from any bonded or other debt or liability lawfully contracted by the local government with respect to the airport and outstanding as of the effective date of the transfer of the operational jurisdiction over the airport to the authority.

(4) An authority shall not take any action to impair the rights or remedies of the holders of the bonds or other obligations of the local government that owns the airport that were lawfully issued prior to the transfer of operational jurisdiction of the airport to the authority.

(5) Upon the transfer of operational jurisdiction over the airport to an authority, trustees, paying agents, and registrars for any obligation of the local government that has been assumed by the authority pursuant to section 117 shall perform all of their duties and obligations and provide all notices related to those obligations as if the authority were the issuer of the obligations. These trustees, paying agents, and registrars shall care for and consider all revenues and funds pledged to secure obligations of the local government that have been assumed by the authority pursuant to section 117 as revenues and funds of the authority. The authority shall indemnify and hold harmless these trustees, paying agents, and registrars from liability incurred in compliance with this subsection.

259.125c Severability.

Sec. 125c. If any portion of this chapter or the application of this chapter to any person or circumstances is found to be invalid by a court, that invalidity shall not affect the remaining portions or applications of this chapter, which can be given effect without the invalid portion or application, as long as the remaining portions are not determined by the court to be inoperable; and to this end, this chapter is declared to be severable.

Repeal of §§ 125.2521 to 125.2546.

Enacting section 1. The international tradeport development authority act, 1994 PA 325, MCL 125.2521 to 125.2546, is repealed.

This act is ordered to take immediate effect.
Approved March 26, 2002.
Filed with Secretary of State March 26, 2002.

[No. 91]

(HB 5216)

AN ACT to amend 1954 PA 116, entitled "An act to reorganize, consolidate, and add to the election laws; to provide for election officials and prescribe their powers and duties; to prescribe the powers and duties of certain state departments, state agencies, and state and local officials and employees; to provide for the nomination and election of candidates for public office; to provide for the resignation, removal, and recall of certain public officers; to provide for the filling of vacancies in public office; to provide for and regulate primaries and elections; to provide for the purity of elections; to guard against the abuse of the elective franchise; to define violations of this act; to provide appropriations; to prescribe penalties and provide remedies; and to repeal certain acts and all other acts inconsistent with this act," by amending sections 2, 33, 770, 770a, 771, 773, 794a, 795, and 971 (MCL 168.2, 168.33, 168.770, 168.770a, 168.771, 168.773, 168.794a, 168.795, and 168.971), section 2 as amended by 1999 PA 216, section 33 as amended by 1996 PA 583, section 794a as amended by 1995 PA 261, section 795 as amended by 2001 PA 269, and section 971 as amended by 1976 PA 66, and by adding section 37; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

168.2 Definitions.

Sec. 2. As used in this act:

(a) "Business day" or "secular day" means a day that is not a Saturday, Sunday, or legal holiday.

(b) "Election" means an election or primary election at which the electors of this state or of a subdivision of this state choose or nominate by ballot an individual for public office or decide a ballot question lawfully submitted to them.

(c) "Name that was formally changed" means a name changed by a proceeding under chapter XI of the probate code of 1939, 1939 PA 288, MCL 711.1 to 711.3, or former 1915 PA 314, or through a similar, statutorily sanctioned procedure under the law of another state or country.

(d) "Uniform voting system" means the voting system that is used at all elections in every election precinct throughout the state.

168.33 Training schools on conducting elections in accordance with election laws; conduct; cost.

Sec. 33. (1) The director of elections shall conduct training schools throughout this state preceding the general November election, and preceding such other elections as the director considers advisable, for county clerks and their representatives with respect to

the conducting of elections in accordance with the election laws. Included in this training shall be instruction on the uniform voting system. In case any county clerk shall fail to conduct in his or her county a training school for election boards within the county, the director of elections shall conduct such training school, the cost of the training school to be charged as an obligation of the county.

(2) The director of elections shall train all county, city, and township clerks who are involved in the training of precinct inspectors. The training shall include team training and monitoring of their performance as trainers.

(3) The director of elections shall conduct all precinct inspector training in counties where the clerk has not been accredited to conduct the training schools.

168.37 Uniform voting system; advisory committee; selection; notice of selection; schedule for acquisition and implementation; repetition of process; appropriation required; repeal of section.

Sec. 37. (1) The secretary of state shall select a uniform voting system under the provisions of this section. The secretary of state shall convene an advisory committee on the selection of the uniform voting system, whose membership represents county, city, and township election officials and other relevant organizations. In addition, the speaker and minority leader of the house of representatives and the majority and minority leaders of the senate may each appoint 1 advisory committee member.

(2) The secretary of state may conduct tests of a voting system in order to select the uniform voting system. The secretary of state shall not consider a voting system for selection as the uniform voting system unless the voting system is approved and certified as provided in section 795a. At the secretary of state's request, the board of state canvassers shall perform the approval and certification review, as provided in section 795a, of a voting system that the secretary of state wants to consider for selection as the uniform voting system.

(3) When the uniform voting system is selected or at an earlier time that the secretary of state considers advisable, the secretary of state shall notify each county, city, village, township, and school district about the selection or impending selection of the uniform voting system. A governmental unit that is notified under this subsection shall not purchase or enter into a contract to purchase a voting system other than the uniform voting system after receipt of the notice.

(4) After selection of the uniform voting system, the secretary of state shall establish a schedule for acquisition and implementation of the uniform voting system throughout the state. The secretary of state may devise a schedule that institutes the uniform voting system over several election cycles. The secretary of state shall widely publicize the schedule and changes to the schedule. If, however, a jurisdiction has acquired a new voting system within 8 years before the jurisdiction receives notice from the secretary of state under subsection (3), that jurisdiction shall not be required to acquire and use the uniform voting system until the expiration of 10 years after the date of the original purchase of the equipment.

(5) If, after selection of the uniform voting system, the secretary of state determines that the uniform voting system no longer serves the welfare of the voters or has become out of date in regards to voting system technology, the secretary of state may repeat the process for selecting the uniform voting system authorized under this section.

(6) This section does not apply until money is appropriated for the purpose of selecting, acquiring, and implementing the uniform voting system. If federal money becomes available for the purposes described in this section, the secretary of state shall, and the

legislature intends to, take the steps necessary to qualify for and appropriate that money for the purposes described in this section.

(7) If an appropriation of money for the purposes described in this section is not signed into law before January 1, 2006, this section is repealed on January 1, 2006.

168.770 Voting machines authorized; contracts between governing bodies as to use.

Sec. 770. (1) Unless the secretary of state implements the uniform voting system in a precinct, at all elections held in this state, ballots or votes may be cast, registered, recorded, and counted by means of voting machines, as provided in this chapter.

(2) The governing body of a governmental unit in this state may contract with the governing body of another governmental unit in this state with regard to the use of voting machines owned by either of the contracting units.

168.770a Voting device; authorization of use by secretary of state; petition; rules as to election procedures.

Sec. 770a. Until the secretary of state implements the uniform voting system, the secretary of state may permit the use of any type of voting device for election purposes in any election upon petition for use of the device by the legislative body of the political subdivision desiring to use any new device. Permission granted by the secretary of state shall be valid for 1 election only. Local legislative body includes school boards. Upon authorizing the use of the device, the secretary of state shall prepare detailed rules as to election procedures when the device is used. The rules may include prescribing the counting of votes and the making of returns by persons other than precinct election inspectors. No rule shall be made which provides for reducing the secrecy of the ballot. In partisan general elections, candidates shall be listed under a party heading. Rules promulgated shall be consistent with the election law.

168.771 Voting machines; purchase.

Sec. 771. Until notified by the secretary of state under section 37, a county board of commissioners, the legislative body of an incorporated city or village, or the township board of a township in the state of Michigan may, by a majority vote, authorize, purchase, and order the use of a thoroughly tested or reliable voting machine in 1 or more voting precincts within the county, city, village, or township until otherwise ordered by the officers adopting the same.

168.773 Voting machines or uniform voting system; maintenance; custody.

Sec. 773. (1) A county board of commissioners, the legislative body of a city or village, or the township board of a township adopting a voting machine or implementing the uniform voting system shall, as soon as practicable, provide for each election district a voting machine or uniform voting system in complete working order. The county, city, township, or village clerk shall keep the voting machine or voting system in repair and shall have the custody of the machine or system. The clerk has custody of the furniture and equipment of the polling place when not in use at an election.

(2) If it is impracticable to supply each and every election district with a voting machine at any election following the adoption, as many may be supplied as it is practicable to procure, and the voting machines may be used in the election district or districts within the county, city, village, or township as the officers adopting them may determine. More than 1 voting machine may be provided and used in an election precinct.

168.794a Electronic voting system; authorization; acquisition; abandonment; use; accuracy test; applicability of subsections (1) and (2).

Sec. 794a. (1) Subject to this section, the board of commissioners of a county, the legislative body of a city or village, the township board of a township, or the school board of a school district, by a majority vote, may authorize, acquire by purchase, lease, or otherwise, adopt, experiment with, or abandon an electronic voting system approved for use in this state in an election, and may use the system in all or a part of the precincts within its boundaries, or in combination with other approved voting systems.

(2) A new electronic voting system shall not be used at a general election in a county, city, or township unless, in addition to the other requirements of this act, all of the following requirements are met:

(a) The county, city, or township purchases or otherwise acquires the electronic voting system 6 months or more before the next general election to be held in that county, city, or township.

(b) The county, city, or township uses the electronic voting system at a primary, special, or other local election held in the county, city, or township before the general election.

(3) The appropriate board of election commissioners shall provide for an accuracy test of an electronic voting system in the manner prescribed in rules promulgated by the secretary of state. The secretary of state shall prescribe procedures for preparing test decks and conducting accuracy tests for electronic voting systems in this state.

(4) Before an election held in a county, city, township, village, or school district, the secretary of state may randomly select and test for accuracy an electronic voting system to be used by the county, city, township, village, or school district in that election. The secretary of state shall use the test decks prepared by the secretary of state to conduct the random tests allowed under this subsection.

(5) A board of election commissioners shall not use in an election an electronic voting system that has failed the most recent accuracy test performed on that voting system under this act. An electronic voting system may be used after any necessary corrections are made and an accuracy test is passed on the system.

(6) Subsection (1) does not apply to a county, city, village, township, or school district after the county, city, village, township, or school district receives the secretary of state's notice under section 37. Subsection (2) shall apply to a county, city, village, township, or school district after it receives the secretary of state's notice under section 37 if, at the time of the notice, the county, city, village, township, or school district is using an electronic voting system that is the same type as the uniform voting system.

168.795 Electronic voting system; requirements; method for rendering electronic tabulating equipment inoperable.

Sec. 795. (1) An electronic voting system acquired or used under sections 794 to 799a shall meet all of the following requirements:

(a) Provide for voting in secrecy, except in the case of voters who receive assistance as provided by this act.

(b) Permit each elector to vote at an election for all persons and offices for whom and for which the elector is lawfully entitled to vote; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is entitled to vote. Except as otherwise provided in this subdivision, the electronic tabulating equipment shall reject all choices recorded on the elector's ballot for

an office or a question if the number of choices exceeds the number that the elector is entitled to vote for on that office or question. Electronic tabulating equipment that can detect that the choices recorded on an elector's ballot for an office or a question exceeds the number that the elector is entitled to vote for on that office or question located at each polling place and shall be programmed to reject a ballot containing that type of an error. If a choice on a ballot is rejected as provided in this subdivision, an elector shall be given the opportunity to have that ballot considered a spoiled ballot and to vote another ballot.

(c) Permit an elector, at a presidential election, by a single selection to vote for the candidates of a party for president, vice-president, and presidential electors.

(d) Permit an elector in a primary election to vote for the candidates in the party primary of the elector's choice. Except as otherwise provided in this subdivision, the electronic tabulating equipment shall reject each ballot on which votes are cast for candidates of more than 1 political party. Electronic tabulating equipment that can detect that the elector has voted for candidates of more than 1 political party shall be located at each polling place and programmed to reject a ballot containing that type of an error. If a choice on a ballot is rejected as provided in this subdivision, an elector shall be given the opportunity to have that ballot considered a spoiled ballot and to vote another ballot.

(e) Prevent an elector from voting for the same person more than once for the same office.

(f) Reject a ballot on which no valid vote is cast. Electronic tabulating equipment shall be programmed to reject a ballot on which no valid vote is cast.

(g) Be suitably designed for the purpose used; be durably constructed; and be designed to provide for safety, accuracy, and efficiency.

(h) Be designed to accommodate the needs of an elderly voter or a person with 1 or more disabilities.

(i) Record correctly and count accurately each vote properly cast.

(j) Provide an audit trail.

(k) Provide an acceptable method for an elector to vote for a person whose name does not appear on the ballot.

(*l*) Allow for accumulation of vote totals from the precincts in the jurisdiction. The accumulation software must meet specifications prescribed by the secretary of state and must be certified by the secretary of state as meeting these specifications.

(2) Electronic tabulating equipment that counts votes at the precinct before the close of the polls shall provide a method for rendering the equipment inoperable if vote totals are revealed before the close of the polls.

168.971 Election to fill vacancy; time; review team.

Sec. 971. (1) If the recall was successful, the officer with whom the recall petition was filed shall, within 5 days after receiving the certification, submit to the county election scheduling committee a proposed date for a special election to be held within 60 days for the filling of the vacancy. If any primary or election is to be held in that electoral district within 4 months after the certification and at a time as will permit preparation for the election by election officials as provided by law, the election to fill the vacancy shall be held concurrently with that primary or election. The same provisions made in section 964 for calling and conducting of the recall election govern in the calling and conducting of the election to fill the vacancy created, except as otherwise provided in this section.

(2) If a petition is filed under section 959, the officer with whom the petition is filed shall not submit a proposed date to the county election scheduling committee, but shall call the special election subject to the same time limitations set out in this section.

(3) If the governor appoints a review team under the local government fiscal responsibility act, 1990 PA 72, MCL 141.1201 to 141.1291, to perform the functions prescribed in that act relative to a city, township, or village and an elected official of the city, township, or village was the subject of a successful recall, the officer with whom the recall petition was filed does not have the authority to propose a date for a special election. If the review team described in this subsection is appointed after the officer submits a proposed special election date or the county election scheduling committee schedules the special election as required by subsection (1), but before the election is held, the officer's or county election scheduling committee's action becomes void when the review team is appointed. Within 5 days after the review team described in this subsection reports its findings to the governor as required by section 14 of the local government fiscal responsibility act, 1990 PA 72, MCL 141.1214, the review team shall submit to the county election scheduling committee a proposed date for the special election. A special election scheduled under this subsection is subject to all of the other provisions of subsection (1).

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless House Bill No. 5335 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved March 26, 2002.
Filed with Secretary of State March 27, 2002.

Compiler's note: House Bill No. 5335, referred to in enacting section 1, was filed with the Secretary of State April 9, 2002, and became P.A. 2002, No. 163, Imd. Eff. Apr. 9, 2002.

[No. 92]

(HB 5674)

AN ACT to amend 1961 PA 236, entitled "An act to revise and consolidate the statutes relating to the organization and jurisdiction of the courts of this state; the powers and duties of such courts, and of the judges and other officers thereof; the forms and attributes of civil claims and actions; the time within which civil actions and proceedings may be brought in said courts; pleading, evidence, practice and procedure in civil and criminal actions and proceedings in said courts; to provide remedies and penalties for the violation of certain provisions of this act; to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act; and to repeal acts and parts of acts," by amending sections 512, 524, 527, 535, 549b, 549e, 550a, 821, 821a, 822, 8143, 8144, 8146, 8147, 8148, 8152, and 8176 (MCL 600.512, 600.524, 600.527, 600.535, 600.549b, 600.549e, 600.550a, 600.821, 600.821a, 600.822, 600.8143, 600.8144, 600.8146, 600.8147, 600.8148, 600.8152, and 600.8176), sections 535, 550a, and 8147 as amended by 1990 PA 54, section 549e as added by 1980 PA 129, section 821 as amended by 1998 PA 298, section 821a as added by 1998 PA 100, section 822 as amended by 1998 PA 313, section 8152 as amended by 2000 PA 38, and section 8176 as amended by 1994 PA 138, and by adding section 810a; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

600.512 Eleventh judicial circuit.

Sec. 512. The eleventh judicial circuit consists of the counties of Alger, Luce, and Schoolcraft and has 1 judge. Beginning April 1, 2003, the eleventh judicial circuit court consists of the counties of Alger, Luce, Mackinac, and schoolcraft and has 1 judge.

600.524 Twenty-third judicial circuit.

Sec. 524. The twenty-third judicial circuit consists of the counties of Iosco and Oscoda and has 1 judge. Beginning April 1, 2003, the twenty-third judicial circuit consists of the counties of Alcona, Arenac, Iosco, and Oscoda and has 2 judges. The additional judgeship in this circuit shall be filled by the incumbent circuit judge of the thirty-fourth circuit residing in Arenac county with a term ending January 1, 2009, who shall serve as a judge of the twenty-third circuit for the balance of the term to which he or she was elected or appointed. For purposes of the November 2008 general election only, the term of the candidate for circuit judge in this circuit who receives the highest number of votes shall be 8 years, and the term of the candidate receiving the second highest number of votes shall be 6 years.

600.527 Twenty-sixth judicial circuit.

Sec. 527. The twenty-sixth judicial circuit consists of the counties of Alpena, Alcona, Montmorency, and Presque Isle and has 2 judges. Beginning April 1, 2003, the twenty-sixth judicial circuit consists of the counties of Alpena and Montmorency. This circuit shall have 1 judge beginning on the earlier of the following dates:

(a) The date on which a vacancy occurs in the office of circuit judge for this judicial circuit.

(b) Twelve noon, January 1, 2005.

600.535 Thirty-fourth judicial circuit.

Sec. 535. The thirty-fourth judicial circuit consists of the counties of Arenac, Ogemaw, and Roscommon and has 2 judges. Beginning April 1, 2003, the thirty-fourth judicial circuit consists of the counties of Ogemaw and Roscommon and has 1 judge.

600.549b Fiftieth judicial circuit.

Sec. 549b. The fiftieth judicial circuit consists of the counties of Chippewa and Mackinac and has 1 judge. Beginning April 1, 2003, the fiftieth judicial circuit consists of the county of Chippewa and has 1 judge.

600.549e Fifty-third judicial circuit.

Sec. 549e. The fifty-third judicial circuit consists of the county of Cheboygan and has 1 judge. Beginning April 1, 2003, the fifty-third judicial circuit consists of the counties of Cheboygan and Presque Isle and has 1 judge.

600.550a New judicial circuit and 1 or more circuit judgeships; creation; approval by county; resolution; filing; notice to elections division; effect of approval; state's obligation; election; first term; approval of county board of commissioners not required.

Sec. 550a. (1) If a new judicial circuit is proposed by law, that new circuit shall not be created and any circuit judgeship proposed for the circuit shall not be authorized or filled by election unless each county in the proposed circuit, by resolution adopted by the county board of commissioners, approves the creation of the new circuit and each judgeship proposed for the circuit and unless the clerk of each county adopting that resolution files a copy of the resolution with the state court administrator not later than 4 p.m. of the sixteenth Tuesday preceding the August primary immediately following the effective date of the amendatory act permitting the creation of the new circuit. The state court administrator shall immediately notify the elections division of the department of state with respect to each new judicial circuit and circuit judgeship authorized pursuant to this subsection.

(2) By proposing a new judicial circuit and 1 or more circuit judgeships for the circuit, the legislature is not creating that circuit or any judgeship in the circuit. If a county, acting through its board of commissioners, approves the creation of a new circuit and 1 or more circuit judgeships proposed by law for that circuit, that approval constitutes an exercise of the county's option to provide a new activity or service or to increase the level of activity or service offered in the county beyond that required by existing law, as the elements of that option are defined by 1979 PA 101, MCL 21.231 to 21.244, and a voluntary acceptance by the county of all expenses and capital improvements which may result from the creation of the new circuit and each judgeship. However, the exercise of the option does not affect the state's obligation to pay a portion of the circuit judge's or judges' salary as provided by law, or to appropriate and disburse funds to the county for the necessary costs of state requirements established by a state law which becomes effective on or after December 23, 1978.

(3) Each circuit judgeship created pursuant to subsection (1) shall be filled by election pursuant to the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992. The first term of each circuit judgeship shall be 6 years, unless the law permitting the creation of the new circuit and 1 or more judgeships provides for a term of a different length.

(4) The reformation of the eleventh, twenty-third, twenty-sixth, thirty-fourth, fiftieth, and fifty-third judicial circuits pursuant to the 2002 amendatory act that added this subsection does not require the approval of the county board of commissioners under this section or section 550.

600.810a Arenac, Kalkaska, and Crawford counties; power, authority, and title of probate judges.

Sec. 810a. The probate judges in the counties of Arenac, Kalkaska, and Crawford have the power, authority, and title of a district judge within their respective counties, in addition to the power, authority, and title of a probate judge.

600.821 Probate judges; practice of law; annual salary; county contribution and reimbursement; additional salary; increase in salary.

Sec. 821. (1) The following probate judges shall not engage in the practice of law other than as a judge and shall receive, subject to subsection (6), an annual salary provided in this section:

(a) A probate judge of a county that is not part of a proposed probate court district described in section 807.

(b) The probate judge in each probate court district in which a majority of the electors voting on the question in each county of probate court district has approved or approves creation of the district.

(c) A probate judge in a county having a population of 15,000 or more according to the 1990 federal decennial census, if the county is not part of a probate court district created pursuant to law.

(d) A probate judge described in section 810a.

(2) Each probate judge shall receive an annual salary determined as follows:

(a) A minimum annual salary of the difference between 85% of the salary of a justice of the supreme court and $45,724.00.

(b) An additional salary of $45,724.00 paid by the county or by the counties comprising a probate court district. If a probate judge receives a total additional salary of $45,724.00 from the county, or from the counties comprising a probate court district, and does not

receive less than or more than $45,724.00, including any cost-of-living allowance, the state shall reimburse the county or counties the amount that the county or counties have paid to the judge.

(3) Six thousand dollars of the minimum annual salary provided in subsection (2) shall be paid by the county, or by the counties comprising a probate court district, and the balance of that minimum annual salary shall be paid by the state as a grant to the county or the counties comprising the probate court district. The county, or the counties comprising the probate court district, shall in turn pay that amount to the probate judge. Beginning January 1, 1997, the state shall annually reimburse the county or counties $6,000.00 for each probate judge to offset the cost of the county or counties required by this section.

(4) The salary provided in this section is full compensation for all services performed by a probate judge, except as otherwise provided by law. In a probate court district, each county of the district shall contribute to the salary in the same proportion as the population of the county bears to the population of the district.

(5) An additional salary determined by the county board of commissioners may be increased during a term of office but shall not be decreased except to the extent of a general salary reduction in all other branches of government in the county. In a county where an additional salary is granted, it shall be paid at the same rate to all probate judges regularly holding court in the county.

(6) An increase in the amount of salary payable to a judge under subsection (1) caused by an increase in the salary payable to a justice of the supreme court resulting from the operation of 1968 PA 357, MCL 15.211 to 15.218, is not effective until February 1 of the year in which the increase in the salary of a justice of the supreme court becomes effective. If an increase in salary becomes effective on February 1 of a year in which an increase in the salary of a justice of the supreme court becomes effective, the increase is retroactive to January 1 of that year.

600.821a Probate judges' federal social security and medicare taxes; reimbursement to counties.

Sec. 821a. In addition to the reimbursement under section 821(2)(b) to a county or to counties for amounts paid for probate judges' salaries, the state shall reimburse the county or counties for amounts paid as the employer's share for probate judges' federal social security and medicare taxes.

600.822 Probate judge; annual salary based on population; payment; increase or decrease in salary; representing party in contested proceeding; additional salary; total annual salary; state salary standardization payment.

Sec. 822. (1) A probate judge not described in section 821 shall receive an annual salary of $20,000.00. Six thousand dollars of the minimum annual salary provided by this subsection shall be paid by the county and the balance of the minimum annual salary shall be paid by the state as a grant to the county. The county shall, in turn, pay that amount to the probate judge.

(2) The annual salary provided in subsection (1) may be increased but shall not be decreased during the term for which the probate judge has been elected or appointed. This salary is in full compensation for all services performed by the person as probate judge, except as otherwise provided by law. A probate judge whose annual salary is provided in subsection (1) shall not represent a party in a contested proceeding in the probate court of this state.

(3) In addition to the salary provided in subsection (1), a probate judge may receive from the county in which he or she regularly holds court an additional salary of not more than $43,000.00, as determined by the county board of commissioners. The additional salary may be increased during a term of office but shall not be decreased except to the extent of a general salary reduction in all other branches of government in the county.

(4) The total annual salary of a probate judge, including the salary provided in subsection (1) and any additional salary granted by the county under subsection (3), shall not exceed $63,000.00.

(5) From funds appropriated to the judiciary, the state shall pay to a county described in subsection (1) a state salary standardization payment of $5,750.00 for each probate judge and an additional payment of $6,000.00 for each probate judge to offset the portion of minimum annual salary paid by the county.

600.8143 Seventy-eighth district.

Sec. 8143. The seventy-eighth district consists of the counties of Newaygo and Lake, is a district of the first class, and has 1 judge. Beginning April 1, 2003, the seventy-eighth district consists of the counties of Newaygo and Oceana, is a district of the first class, and has 1 judge.

600.8144 Seventy-ninth district.

Sec. 8144. The seventy-ninth district consists of the counties of Oceana and Mason, is a district of the first class, and has 1 judge. Beginning April 1, 2003, the seventy-ninth district consists of the counties of Lake and Mason, is a district of the first class, and has 1 judge.

600.8146 Eighty-first district.

Sec. 8146. The eighty-first district consists of the counties of Iosco and Arenac, is a district of the first class, and has 1 judge. Beginning April 1, 2003, the eighty-first district consists of the counties of Alcona, Arenac, Iosco, and Oscoda, is a district of the first class, and has 1 judge.

600.8147 Eighty-second district.

Sec. 8147. The eighty-second district consists of the counties of Alcona, Oscoda, and Ogemaw, is a district of the first class, and has 1 judge. Beginning April 1, 2003, the eighty-second district consists of the county of Ogemaw, is a district of the first class, and has 1 judge.

600.8148 Eighty-third district.

Sec. 8148. The eighty-third district consists of the counties of Roscommon and Crawford, is a district of the first class, and has 1 judge. Beginning April 1, 2003, the eighty-third district consists of the county of Roscommon, is a district of the first class, and has 1 judge.

600.8152 Eighty-seventh district.

Sec. 8152. The eighty-seventh district consists of the counties of Kalkaska and Otsego, is a district of the first class, and has 1 judge. Effective April 1, 2003, the eighty-seventh district consists of the counties of Crawford, Kalkaska, and Otsego, is a district of the first class, and has 1 judge.

600.8176 Creation of new district and judgeship; conditions; notification of elections division; resolution; exercise of option; obligation of state; election and term of judgeship; approval of district control unit not required.

Sec. 8176. (1) If a new district is proposed by law, that new district shall not be created and any district judgeship proposed for the district shall not be authorized or filled by election unless each district control unit in the proposed district, by resolution adopted by the governing body of the district control unit, approves the creation of the new district and each judgeship proposed for the district and unless the clerk of each district control unit adopting that resolution files a copy of the resolution with the state court administrator not later than 4 p.m. of the sixteenth Tuesday preceding the August primary for the election immediately preceding the effective date of the new district. The state court administrator shall immediately notify the elections division of the department of state with respect to each new judicial district and district judgeship authorized pursuant to this subsection.

(2) A resolution required under subsection (1) that is filed before the effective date of the amendatory act that authorized that new district is a valid approval for purposes of this section only if the filing occurs within the 2-year state legislative session during which the amendatory act was enacted. A resolution required under subsection (1) that is filed after the effective date of the amendatory act that authorized that new district is a valid approval for purposes of this section only if the filing occurs not later than 4 p.m. of the sixteenth Tuesday preceding the August primary for the election immediately preceding the effective date of the new district.

(3) By proposing a new district and 1 or more district judgeships for the district, the legislature is not creating that district or any judgeship in the district. If a district control unit, acting through its governing body, approves the creation of a new district and 1 or more district judgeships proposed by law for that district, that approval constitutes an exercise of the district control unit's option to provide a new activity or service or to increase the level of activity or service offered in the district control unit beyond that required by existing law, as the elements of that option are defined by 1979 PA 101, MCL 21.231 to 21.244, and a voluntary acceptance by the district control unit of all expenses and capital improvements which may result from the creation of the new district and each judgeship. However, the exercise of the option does not affect the state's obligation to pay the same portion of each judge's salary which is paid by the state to other district judges as provided by law, or to appropriate and disburse funds to the district control unit for the necessary costs of state requirements established by a state law which becomes effective on or after December 23, 1978.

(4) Each district judgeship created pursuant to subsection (1) shall be filled by election pursuant to the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992. The first term of each district judgeship shall be 6 years, unless the law permitting the creation of the new district and 1 or more judgeships provides for a term of a different length.

(5) The reformation of the seventy-eighth, seventy-ninth, eighty-first, eighty-second, eighty-third, and eighty-seventh judicial districts pursuant to the 2002 amendatory act that added this subsection does not require the approval of the district control unit under this section or section 8175.

Repeal of § 600.9948.

Enacting section 1. Section 9948 of the revised judicature act of 1961, 1961 PA 236, MCL 600.9948, is repealed.

Approved March 27, 2002.
Filed with Secretary of State March 27, 2002.

AN ACT to amend 1943 PA 240, entitled "An act to provide for a state employees' retirement system; to create a state employees' retirement board and prescribe its powers and duties; to establish certain funds in connection with the retirement system; to require contributions to the retirement system by and on behalf of members and participants of the retirement system; to create certain accounts and provide for expenditures from those accounts; to prescribe the powers and duties of certain state and local officers and employees and certain state departments and agencies; and to prescribe penalties and provide remedies," by amending sections 1b, 1d, 5, 11, 13, 17j, 19, 20, 20d, 21, 24, 31, 33, 38, 46, 48, 49, and 52 (MCL 38.1b, 38.1d, 38.5, 38.11, 38.13, 38.17j, 38.19, 38.20, 38.20d, 38.21, 38.24, 38.31, 38.33, 38.38, 38.46, 38.48, 38.49, and 38.52), section 1b as amended by 1996 PA 33, sections 1d and 49 as added by 1995 PA 176, sections 11 and 13 as amended and section 52 as added by 1996 PA 487, sections 17j, 19, and 31 as amended by 1998 PA 205, section 20 as amended by 1996 PA 521, section 20d as amended by 1996 PA 532, section 38 as amended by 1996 PA 279, and section 48 as added by 1990 PA 110, and by adding sections 17n, 19g, and 19h.

The People of the State of Michigan enact:

38.1b Definitions; B, C.

Sec. 1b. (1) "Beneficiary" or "disability beneficiary" means a person other than a retirant who receives a retirement allowance, pension, or other benefit provided by this act.

(2) "Compensation" means the remuneration paid a member on account of the member's services rendered to this state. If a member's remuneration is not paid totally in money, the retirement board shall employ the maintenance-compensation schedules established from time to time by the civil service commission. Compensation does not include any of the following:

(a) Remuneration paid in lieu of accumulated sick leave.

(b) Remuneration for services rendered after October 1, 1981, payable at retirement or termination under voluntary or involuntary pay reduction plan B, in excess of the amount the member would have received had the member been compensated for those services at the rate of pay in effect at the time those services were performed.

(c) Payment for accrued annual leave at separation in excess of 240 hours.

(d) Remuneration received by an employee of the department formerly known as the department of mental health resulting from severance pay received because of the deinstitutionalization of the department formerly known as the department of mental health resident population.

(e) Remuneration received as a bonus by investment managers of the department of treasury under the treasury incentive bonus plan first approved by the civil service commission on February 11, 1988, pursuant to section 5 of article XI of the state constitution of 1963.

(f) Remuneration received as a bonus or merit payment by assistant attorneys general in the department of attorney general under the merit pay plan approved by the civil service commission on January 19, 1990, pursuant to section 5 of article XI of the state constitution of 1963.

(3) "Conservation officer" means an employee of the department of natural resources, or its predecessor or successor agency, who has sworn to the prescribed oath of office and who is designated as a peace officer under section 1606 of part 16 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.1606, and section 1 of 1986 PA 109, MCL 300.21.

(4) "Credited service" means the sum of the prior service and membership service credited to a member's service account.

38.1d Definitions; E.

Sec. 1d. (1) Beginning January 1, 2002, except as otherwise provided in this subsection, "eligible retirement plan" means an individual retirement account described in section 408(a) of the internal revenue code, an individual retirement annuity described in section 408(b) of the internal revenue code, an annuity plan described in section 403(a) of the internal revenue code, a qualified trust described in section 401(a) of the internal revenue code, an annuity contract described in section 403(b) of the internal revenue code, or an eligible plan under section 457(b) of the internal revenue code that is maintained by a state, a political subdivision of a state, an agency or instrumentality of a state, or an agency or instrumentality of a political subdivision of a state, so long as amounts transferred into eligible retirement plans from this retirement system are separately accounted for by the plan provider that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to a surviving spouse on or before December 31, 2001, an eligible retirement plan means an individual retirement account or an individual retirement annuity described above.

(2) Beginning January 1, 2002, "eligible rollover distribution" means a distribution of all or any portion of the balance to the credit of the distributee. Eligible rollover distribution does not include any of the following:

(a) A distribution made for the life or life expectancy of the distributee or the joint lives or joint life expectancies of the distributee and the distributee's designated beneficiary.

(b) A distribution for a specified period of 10 years or more.

(c) A distribution to the extent that the distribution is required under section 401(a)(9) of the internal revenue code.

(d) Except as otherwise provided in this subdivision, the portion of any distribution that is not includable in federal gross income, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities. If a portion of a distribution that is not included in federal gross income is paid to an individual retirement account or annuity described in section 408(a) or 408(b) of the internal revenue code or a qualified defined contribution plan described in section 401(a) or 403(a) of the internal revenue code, and the plan providers agree to separately account for amounts paid, including any portion of the distribution that is includable in gross income, then the portion of the distribution that is not includable in federal gross income is an eligible rollover distribution.

(3) "Employee" means a person who may become eligible for membership under this act, as provided in section 13, if the person's compensation is paid in whole or in part by this state.

(4) "Employer" or "state" means this state.

38.5 Retirement board; oath; quorum; conducting business at public meeting; notice of meeting; compensation and expenses.

Sec. 5. (a) Each member of the retirement board, created by this act, upon election or appointment, shall take an oath of office which shall be immediately filed in the office of

the secretary of state. A majority of the retirement board shall constitute a quorum for the transaction of business at a meeting of the board.

(b) The business which the retirement board may perform shall be conducted at a public meeting of the retirement board held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(c) The members of the retirement board shall serve without compensation, but shall not suffer a loss because of absence from regular employment, and shall be reimbursed for all actual necessary expense incurred in performance of duties in accordance with the statutes of this state. Notwithstanding this section, the retired state employee member shall receive the per diem compensation established annually by the legislature for the performance of official duties by attendance at regularly scheduled meetings.

38.11 Employees' savings fund, employer's accumulation fund, annuity reserve fund, pension reserve fund, income fund, expense fund, and health insurance reserve fund; creation; health advance funding subaccount; description of funds as reference to accounting records of retirement system.

Sec. 11. (1) There is created the employees' savings fund, employer's accumulation fund, annuity reserve fund, pension reserve fund, income fund, expense fund, and health insurance reserve fund.

(2) The employees' savings fund is the fund in which shall be accumulated at regular interest the contributions to the retirement system deducted from the compensation of members. The retirement board shall provide for the maintenance of an individual account for each member that shows the amount of the member's contributions together with interest on those contributions. The accumulated contributions of a member returned to the member upon his or her withdrawal from service, or paid to the member's estate or designated beneficiary in the event of the member's death, as provided in this act, shall be paid from the employees' savings fund. Any accumulated contributions not claimed by a member or the member's legal representative as provided in this act within 5 years after the member's separation from state service shall be transferred from the employees' savings fund to the income fund. The accumulated contributions of a member, upon the member's retirement, shall be transferred from the employees' savings fund to the pension reserve fund.

(3) The employer's accumulation fund is the fund in which shall be accumulated the reserves derived from money provided by this state for the payment of all retirement allowances to be payable to retirants and beneficiaries as provided in this act. The amounts paid by this state shall be credited to the employer's accumulation fund. Upon the retirement of a member, or upon the member's death, if a beneficiary is entitled to a retirement allowance payable from funds of the retirement system, the difference between the reserve for the retirement allowance to be paid on account of the member's retirement or death and the member's accumulated contributions standing to his or her credit in the employees' savings fund at the time of his or her retirement or death shall be transferred from the employer's accumulation fund to the pension reserve fund. If, in any year, the pension reserve fund is insufficient to cover the reserves for retirement allowances and other benefits being paid from the fund, the amount or amounts of the insufficiency or insufficiencies shall be transferred from the employer's accumulation fund to the pension reserve fund.

(4) The annuity reserve fund is the fund from which shall be paid all annuities, or benefits in lieu of annuities, because of which reserves have been transferred from the employees' savings fund to the annuity reserve fund. Upon the adoption of this act, the balance in the annuity reserve fund shall be transferred to the pension reserve fund, and the annuities heretofore payable from the annuity reserve fund shall thereafter become payable from the pension reserve fund.

(5) The pension reserve fund is the fund from which shall be paid all retirement allowances and benefits in lieu of pensions, as provided in this act. For a disability retirant returned to active service with this state, his or her pension reserve, computed as of the date of return, shall be transferred from the pension reserve fund to the employees' savings fund and the employer's accumulation fund in the proportion that this reserve, as of the date of his or her retirement, was transferred to the pension reserve fund from the employees' savings fund and from the employer's accumulation fund. The amounts transferred to the employees' savings fund under this section shall be credited to the member's individual account in the fund.

(6) An income fund is created for the purpose of crediting regular interest on the amounts in the various other funds of the retirement system with the exception of the expense fund, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. Transfers for special requirements shall be made only when the amount in the income fund exceeds the ordinary requirements of the fund as evidenced by a resolution of the retirement board recorded in its minutes. The retirement board shall annually allow regular interest for the preceding year to each of the funds enumerated in subsections (2), (3), (4), (5), and (8), and the amount allowed under this subsection shall be due and payable to each of these funds and shall be annually credited to the funds by the retirement board and paid from the income fund. However, interest on contributions from members within a calendar year shall begin on the first day of the next calendar year, and shall be credited at the end of the calendar year. Except as provided in this subsection, income, interest, and dividends derived from the deposits and investments authorized by this act shall be paid into the income fund. The retirement system shall determine the share of income, interest, and dividends attributable to the balance in the health advance funding subaccount created under subsection (9) and the share of income, interest, and dividends attributable to the health advance funding subaccount balance shall be paid into the health advance funding subaccount. The retirement board is authorized to accept gifts and bequests. Any funds that come into the possession of the retirement system as a gift or bequest, or any funds that may be transferred from the employees' savings fund by reason of lack of claimant, or because of a surplus in any fund created by this act, or any other money the disposition of which is not otherwise provided for in this act shall be credited to the income fund.

(7) The expense fund is the fund from which shall be paid the expenses of the administration of this act, exclusive of amounts payable as retirement allowances and other benefits provided for in this act. The legislature shall appropriate the funds necessary to defray and cover the expenses of administering this act.

(8) The health insurance reserve fund is the fund into which appropriations made by the legislature, subscriber co-payments, and payments by the retirement system under section 68 for health, dental, and vision insurance premiums are paid. Health, dental, and vision insurance premiums payable pursuant to sections 20d and 68 shall be paid from the health insurance reserve fund. The assets and any earnings on the assets contained in the health insurance reserve fund and the health advance funding subaccount described in subsection (9) are not to be treated as pension assets for any purpose.

(9) The health advance funding subaccount is the account to which amounts transferred pursuant to sections 20d, 38(6), and 52 are credited. Any amounts received in the health advance funding subaccount and accumulated earnings on those amounts shall not be expended until the actuarial accrued liability for health benefits under section 20d is at least 100% funded. The department may expend funds or transfer funds to another account to expend for health benefits under section 20d if the actuarial accrued liability for health benefits under section 20d is at least 100% funded. For each fiscal year after the fiscal year in which the actuarial accrued liability for health benefits under section 20d is at least 100% funded by the health advance funding subaccount, amounts received in the health advance funding subaccount and accumulated earnings on those amounts may be expended or credited to fund health benefits under section 20d as provided in section 38(3). Notwithstanding any other provision of this section, the department may transfer amounts from the health advance funding subaccount to the employer's accumulation fund created under this section if the department does both of the following:

(a) At least 45 days before the intended transfer, submits a request to the chairs of the senate and house appropriations committees and, at least 15 days before the intended transfer, obtains the approval of both the senate and house appropriations committees.

(b) Ensures that the request submitted to the senate and house appropriations committees contains an actuarial valuation prepared pursuant to section 38 that demonstrates that as of the beginning of a fiscal year, and after all credits and transfers required by this act for the previous fiscal year have been made, the sum of the actuarial value of assets and the actuarial present value of future normal cost contributions does not exceed the actuarial present value of benefits.

(10) The description of the various funds in this section shall be interpreted to refer to the accounting records of the retirement system and not to the segregation of assets credited to the various funds of the retirement system.

38.13 Membership in retirement system.

Sec. 13. (1) Except as otherwise provided in this act, membership in the retirement system consists of state employees occupying permanent positions in the state civil service. All state employees except those specifically excluded by law and those who are members or eligible to be members of other statutory retirement systems in this state, shall become members of the retirement system. The employees may use service previously performed as an employee of this state in meeting the service requirements for the retirement allowances and death benefits provided by the retirement system. However, the prior service shall not be used in computing the amount of a retirement allowance to be paid by the retirement system unless the employee pays to the retirement system the amount the employee's contributions would have been had the employee become a member immediately upon employment by the state with interest compounded annually at the regular rate from a date 1 year after the date of employment by this state to the date of payment. A person who draws compensation as a state employee of a political subdivision of this state is eligible for the benefits provided by this act to the extent of the person's compensation paid by this state. An individual who meets the requirements of section 44a is a member of the retirement system.

(2) Elected or appointed state officials may elect not to become or continue as members of the retirement system by filing written notice with the retirement board. An appointed state official who is a member of a state board, commission, or council and who receives a per diem rate in his or her capacity as a member of the board, commission, or council is excluded from membership in the retirement system for the service rendered in his or her capacity as a member of the board, commission, or council. Service performed

by an elected or appointed official during the time the official elects not to participate shall not be used in meeting the service requirement or in computing the amount of retirement allowance to be paid by the retirement system. A member who elects not to participate shall be refunded all contributions made before the election.

(3) Membership in the retirement system does not include any of the following:

(a) A person who is a contributing member in the public school employees' retirement system provided for in the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408.

(b) A person who is a contributing member in the Michigan judges retirement system provided for in the judges retirement act of 1992, 1992 PA 234, MCL 38.2101 to 38.2670.

(c) A person who comes within the Michigan state police retirement system provided for in the state police retirement act of 1986, 1986 PA 182, MCL 38.1601 to 38.1648.

(d) An individual who is first employed and entered upon the payroll on or after March 31, 1997 for employment for which the individual would have been eligible for membership under this section before March 31, 1997. An individual described in this subdivision is eligible to be a qualified participant in Tier 2 subject to sections 50 to 69.

(e) Except as provided in section 19g, an individual who elects to terminate membership under section 50 and who, but for that election, would otherwise be eligible for membership in Tier 1 under this section.

(4) A person who is hired in state classified or unclassified service after June 30, 1974, who is first employed and entered upon the payroll before March 31, 1997, and who possesses a Michigan teaching certificate shall be a member of this retirement system. After June 30, 1974, but before March 31, 1997, a person who returns to state employment in the classified or unclassified service who previously was a contributing member of the Michigan public school employees' retirement system shall have the person's accumulated contributions and service transferred to this retirement system, or having withdrawn the contributions, may pay into the retirement system the amount withdrawn together with regular interest and have credit restored as provided for in section 16. On and after March 31, 1997, an individual described in this subsection who returns to state service shall make an irrevocable election to remain in Tier 1 or to become a qualified participant of Tier 2 in the manner prescribed in section 50.

(5) A person, not regularly employed by this state, who is employed through participation in 1 or more of the following programs, shall not be a member of the retirement system and shall not receive service credit for the employment:

(a) A program authorized, undertaken, and financed pursuant to the comprehensive employment and training act of 1973, former Public Law 93-203, 87 Stat. 839.

(b) A summer youth employment program established pursuant to the Michigan youth corps act, 1983 PA 69, MCL 409.221 to 409.229.

(c) A program established pursuant to the job training partnership act, Public Law 97-300, 96 Stat. 1322.

(d) A program established pursuant to the Michigan opportunity and skills training program, first established under sections 12 to 23 of Act No. 259 of the Public Acts of 1983.

(e) A program established pursuant to the Michigan community service corps program, first established under sections 25 to 35 of Act No. 259 of the Public Acts of 1983.

(6) A person, not regularly employed by this state, who is employed to administer a program described in subsection (5) shall not be a member of the retirement system and shall not receive service credit for the employment.

(7) If a person described in subsection (5)(a) later becomes a member of this retirement system within 12 months after the date of termination as a participant in a transitional public employment program, service credit shall be given for employment which is excluded in subsection (5) for purposes of determining a retirement allowance upon the payment by the person's employer under subsection (5) from funds provided under the comprehensive employment and training act of 1973, former Public Law 93-203, 87 Stat. 839, as funds permit, to the retirement system of the contributions, plus regular interest, the employer would have paid had the employment been rendered in a position covered by this act. During the person's employment in the transitional public employment program, the person's employer shall place in reserve a reasonable but not necessarily an actuarially determined amount equal to the contributions that the employer would have paid to the retirement system for those employees in the transitional public employment program as if they were members under this act, but only for that number of employees that the employer determined would move from the transitional public employment program into positions covered by this act. If the funds provided under the comprehensive employment and training act of 1973, former Public Law 93-203, 87 Stat. 839, are insufficient, the remainder of the employer contributions shall be paid by the person's current employer.

(8) For purposes of section 19g, a former member shall be considered a member and shall be considered to have satisfied the requirements of section 19g(1)(c) and (2)(c) if the former member was employed by the department formerly known as the department of mental health on January 1, 1996 and went on layoff status before January 1, 1997.

38.17j Purchase of combined total of more than 10 years prohibited; purchase of service credit in separate increments; future purchases not barred; refund; actuarial cost.

Sec. 17j. (1) On and after June 23, 1987, a member who is otherwise entitled to purchase service credit under section 17g, 17h, 17i, 17k, 17*l*, 17m, or 17n shall not purchase a combined total of more than 10 years of service credit under those sections.

(2) On and after June 23, 1987, a member who under section 17c, 17g, 17h, 17i, 17k, 17*l*, 17m, 17n, or 18(2) is otherwise entitled to purchase service credit may purchase the service credit in separate increments equal to 1 or more full years, or a remaining fraction of a year, if any, or both. Partial purchase of service credit under this section does not bar future purchases otherwise in compliance with this section and the provisions of this act authorizing the purchase, but computation of the amount of payment due shall be made separately for each purchase.

(3) If a member who made payment under this section dies and a retirement allowance is not payable or if the member leaves service with this state before his or her retirement allowance becomes effective, the payment made by the member shall be refunded upon request to the member, to the person designated by the member in writing to the board, or if a person is not designated, then to the member's legal representative or estate.

(4) Actuarial cost shall be equal to the product of subdivisions (a), (b), and (c), as follows:

(a) A percentage, determined by the retirement board and the department, that when multiplied by a member's compensation, as determined under subdivision (b), results in the average actuarial present value of the additional benefits resulting from the crediting of 1 additional year of service. The percentage may vary because of age, credited service, or benefit coverage. An increase or decrease in the percentage under this subdivision shall not become effective before the expiration of 6 months or more after the retirement board notifies the members of the increase or decrease.

(b) A member's compensation. The member's compensation shall be the member's full-time or equated full-time compensation earned in the fiscal year immediately before the fiscal year in which the application to purchase and payment for the service are made. The compensation amount used shall not be less than the highest compensation previously earned by the member.

(c) The number of years, including any fraction of a year, of credited service a member elects to purchase up to the maximum allowed.

38.17n City employee; transfer or purchase of service credit.

Sec. 17n. (1) A member may transfer or purchase service credit earned when the member was an employee of a city with a population over 750,000 if all of the following apply:

(a) The member became a member on September 1, 1981.

(b) The member was employed by a city with a population over 750,000 on August 31, 1981.

(c) The pension system of the city with a population over 750,000, the city with a population over 750,000, or the member agrees to contribute the actuarial cost of the service credit transferred or purchased to the retirement system.

(2) Upon payment of the actuarial cost of the service credit purchased, the retirement system shall credit the member with the service.

38.19 Retirement upon written application to retirement board; retirement without reduction in retirement allowance; definitions; layoff status because agency or inpatient facility designated for closure; conditions; certification; application; funding additional costs; employees of state accident fund, Michigan biologic products institute, or liquor control commission.

Sec. 19. (1) A member who is 60 years of age or older and has 10 or more years of credited service or a member who is 60 years of age or older and has 5 or more years of credited service as provided in section 20(4) or (5) may retire upon written application to the retirement board, stating a date on which he or she desires to retire. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1).

(2) A member who is 55 years of age or older, but less than 60 years of age, and has 15 or more years of credited service, may retire upon written application to the retirement board stating a date on which he or she desires to retire. Upon retirement he or she shall receive a retirement allowance computed according to section 20(1). Except as otherwise provided in this act, the retirement allowance of a member who has less than 30 years of credited service shall be reduced by an amount that is 0.5% of the retirement allowance multiplied by the number of months the person's age at retirement is under 60 years. The reduction of 1/2 of 1% for each month and fraction of a month from the member's retirement allowance effective date to the date of the member's sixtieth birthday provided for in this subsection does not apply to a member who retired before July 1, 1974 and before attainment of age 60, with 30 or more years of credited service. The retirement allowance of a retirant or beneficiary of a retirant who retired before that date shall be recalculated disregarding the reduction, and the person receiving the retirement allowance is eligible to receive an adjusted retirement allowance based on the recalculation beginning October 1, 1987, but is not eligible to receive the adjusted amount attributable to any month beginning before October 1, 1987. The recalculated retirement allowance provided by this

subsection shall be paid by January 1, 1988. The retirement allowance of a retirant who dies before January 1, 1988, and who has not nominated a retirement allowance beneficiary pursuant to section 31, shall not be recalculated pursuant to this subsection.

(3) Notwithstanding any other provision of this section, effective April 1, 1988, a member may retire with a retirement allowance computed according to section 20(1), without regard to the reduction in subsection (2), if all of the following apply:

(a) The member files a written application with the retirement board stating a date, not less than 30 or more than 90 days after the execution and filing of the application, on which the member desires to retire, and which is within the early retirement effective period.

(b) The member was employed by the state for the 6-month period immediately preceding the member's retirement allowance effective date. This subdivision does not apply to a member who had been restored to active service during that 6-month period pursuant to section 33.

(c) On the last day of the month immediately preceding the retirement allowance effective date stated in the application, the member's combined age and length of credited service is equal to or greater than 80 years and the member is 50 years of age or older.

(d) For purposes of this subsection, "early retirement effective period" means 1 of the following:

(*i*) Except as provided in subparagraph (*ii*), the period beginning on April 1, 1988 and ending on April 1, 1989.

(*ii*) For a member employed by a hospital or facility owned or operated by the department formerly known as the department of mental health that is in the process of being closed by the department formerly known as the department of mental health, the period beginning on April 1, 1988 and ending on October 1, 1989.

(4) As used in subsections (5) to (9):

(a) "Agency of the department" means 1 of the following:

(*i*) Southwest Michigan community living services.

(*ii*) Wayne community living services.

(b) "Department inpatient facility" means 1 of the following:

(*i*) A developmental disability center that is directly operated by the department formerly known as the department of mental health for purposes of providing inpatient care and treatment services to persons with developmental disabilities.

(*ii*) A psychiatric hospital that is directly operated by the department formerly known as the department of mental health for purposes of providing inpatient diagnostic and therapeutic services to persons who are mentally ill.

(5) Notwithstanding any other provision of this section, a member who is an employee of an agency of the department or a department inpatient facility and is on layoff status because the agency or inpatient facility has been designated by the state officer formerly known as the director of mental health for closure on or after October 1, 1989, may retire as provided in subsection (7) or (8), as applicable, with a retirement allowance computed according to section 20(1), without regard to the reduction in subsection (2), upon satisfaction of any 1 of the following conditions:

(a) The member is 51 years of age or older and has 25 or more years of credited service, the last 5 of which are as an employee of an agency of the department designated for closure or a department inpatient facility designated for closure.

(b) The member is at least 56 years of age and has 10 or more years of credited service, the last 5 of which are as an employee of an agency of the department designated for closure or a department inpatient facility designated for closure.

(c) The member has 25 or more years of credited service, regardless of age, as an employee of an agency of the department designated for closure or a department inpatient facility designated for closure.

(6) When a department inpatient facility or agency is designated for closure on or after October 1, 1989, the state officer formerly known as the director of mental health shall certify in writing to the state legislature and the retirement board, not less than 240 days before the designated official date of closure, which facility or agency is to be closed and the designated official date of closure.

(7) Except as provided in subsection (8), a member who is eligible to receive a retirement allowance under subsection (5) may retire effective on the date that an agency of the department or a department inpatient facility designated for closure as provided in subsection (5) actually closes, upon written application to the retirement board not less than 30 or more than 180 days before the designated official date of closure. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1).

(8) A member who is on layoff status, is not working for the state, and becomes eligible to receive a retirement allowance under subsection (5) and who was an employee of an agency of the department or a department inpatient facility that has been designated for closure as provided in subsection (5) and that actually closes on or after October 1, 1989, may retire upon written application to the retirement board, stating a date upon which he or she wishes to retire. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1).

(9) Any additional accrued actuarial cost and costs for health insurance resulting from the implementation of subsection (5) shall be funded from appropriations to the department formerly known as the department of mental health for this purpose.

(10) A member who is an employee of the state accident fund on the date of transfer to a permitted transferee as that term is defined by section 701a of the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.701a, may retire if the member's age and his or her length of service is equal to or greater than 70 years on the date of transfer. The member may retire upon written application to the retirement board, stating a date, not less than 30 or more than 90 days after the execution and filing of the application, on which he or she desires to retire. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1) without regard to the reduction required by subsection (2).

(11) A member who is an employee of the Michigan biologic products institute on the date the institute is conveyed pursuant to the Michigan biologic products institute transfer act, 1996 PA 522, MCL 333.26331 to 333.26340, may retire if the member's age and his or her length of service is equal to or greater than 70 years on the date of the conveyance. The member may retire upon written application to the retirement board, stating a date, not less than 30 or more than 90 days after the execution and filing of the application, on which he or she desires to retire. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1) without regard to the reduction required by subsection (2).

(12) A member who is an employee of the liquor control commission created by section 209 of the Michigan liquor control code of 1998, 1998 PA 5, MCL 436.1209, whose employment is terminated due to the privatization of the distribution of spirits within this

state is effectuated pursuant to the resolution and order adopted by the liquor control commission on February 7, 1996, a plan adopted pursuant to statute or court order, or a plan adopted pursuant to both statute and order of the liquor control commission may retire if the member's age and his or her length of service is equal to or greater than 70 years on the date the privatization is effectuated. The member may retire under this subsection upon written application to the retirement board, stating a date, not less than 30 or more than 90 days after the execution and filing of the application, on which he or she desires to retire. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance computed according to section 20(1), without regard to the reduction required by subsection (2). The cost of benefits paid under this section shall be paid out of the revolving fund created under section 221 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1221.

38.19g Member meeting certain requirements on or before November 1, 2002; computation of retirement allowance; payment of accumulated sick leave or annual leave; extension of effective date; participant in Tier 2.

Sec. 19g. (1) Notwithstanding section 19, a member may retire and receive a retirement allowance computed under this section if the member meets all of the following requirements:

(a) On or before November 1, 2002, or on the effective date of his or her retirement, whichever is earlier, the member meets 1 or more of the following:

(*i*) The member's combined age and length of credited service is equal to or greater than 80 years.

(*ii*) The member is 60 years of age or older and has 10 or more years of credited service.

(b) The member is within the classified state civil service, is an employee of the judicial branch, or is an individual not described in subsection (2)(b).

(c) Except as provided in section 13(8), the member was employed by this state for the 6-month period ending on the effective date of his or her retirement or was an employee of the state judicial council on September 30, 1996 as described in section 44a. A member who is on layoff status from state employment is considered to have met the employment requirement of this subdivision.

(d) Except as may be provided otherwise in subsection (5), the member executes and files a written application with the retirement board, on or after April 1, 2002, but not later than April 30, 2002, stating a date on or after July 1, 2002, but not later than November 1, 2002, on which he or she desires to retire. A member may withdraw a written application on or before May 15, 2002 or 7 days after the rejection of an extension requested under subsection (5), whichever is later. A written application submitted by a member and not withdrawn on or before May 15, 2002 or 7 days after the rejection of an extension requested under subsection (5), whichever is later, is irrevocable.

(e) The member is not eligible for a supplemental early retirement under section 46 as a covered employee defined in section 45 on or after July 1, 2002 through the effective date of the member's retirement under this section.

(f) The member is not a conservation officer as described in section 48.

(2) Notwithstanding section 19, a member may retire and receive a retirement allowance computed under this section if the member meets all of the following requirements:

(a) On or before November 1, 2002, or on the effective date of his or her retirement, whichever is earlier, the member's combined age and length of credited service is equal to

or greater than 80 years or the member is 60 years of age or older and has 10 or more years of credited service.

(b) The member is an employee of the legislature, is an employee of the office of governor, or is an unclassified employee within the executive branch.

(c) Except as provided in section 13(8), the member was employed by this state or the legislature for the 6-month period ending on the effective date of his or her retirement. A member who is on layoff status from state employment is considered to have met the employment requirement of this subdivision.

(d) The member executes and files a written application with the retirement board, on or after April 1, 2002, but not later than April 30, 2002, stating a date on or after July 1, 2002, but not later than November 1, 2002, on which he or she desires to retire. A member may withdraw a written application on or before May 15, 2002. A written application submitted by a member and not withdrawn on or before May 15, 2002 is irrevocable. This subdivision is subject to subsection (5).

(e) The member is not eligible for a supplemental early retirement under section 46 as a covered employee defined in section 45 on or after July 1, 2002 through the effective date of the member's retirement under this section.

(f) The member is not a conservation officer as described in section 48.

(3) Any amount that a member retiring under this section would otherwise be entitled to receive in a lump sum at retirement on account of accumulated sick leave shall be paid in 60 consecutive equal monthly installments beginning on or after October 1, 2002. Payments received under this subsection may not be used to purchase service credit under this act. These payments for accumulated sick leave are to be paid from funds appropriated to the appointing authority and not from funds of the retirement system. These payments are not pensions, annuities, retirement allowances, optional benefits, or any other rights described in section 40(1), are not exempt from taxation, are subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law, and may be assignable as provided in this act.

(4) Any amount that a member retiring under this section is entitled to receive in a lump sum at retirement on account of accumulated annual leave shall be paid on or after October 1, 2002. These payments are not pensions, annuities, retirement allowances, optional benefits, or any other rights described in section 40(1), are not exempt from taxation, are subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law, and may be assignable as provided in this act.

(5) The director of a principal department may request that the effective date of retirement under subsection (1) of a member employed by that department be extended to a date not later than February 1, 2004. To make a request under this subsection, the director shall submit a written request and the written concurrence of the member to the office of the state employer and the state budget office on or before May 31, 2002. Upon receipt of the written request and concurrence, the office of the state employer and the state budget office may extend the effective date of retirement of a member otherwise eligible to retire under subsection (1) to a date not later than February 1, 2004. Upon written approval of the senate majority leader for a member who is an employee of the senate, the speaker of the house of representatives for a member who is an employee of the house of representatives, the senate majority leader and the speaker of the house of representatives for a member who is an employee of the office of the auditor general, director or chair of the legislative retirement system for a member who is an employee of the legislative retirement system, or the chair and alternate chair of the legislative council for a member who is an employee of an agency under the jurisdiction of the legislative

council, and upon written concurrence of the member, the effective date of retirement for that member under subsection (2) may be extended to a date not later than February 1, 2004. Upon written approval of the chief justice for a member who is an employee of the judicial branch, including, but not limited to, members described in section 44a, and upon written concurrence of the member, the effective date of retirement for that member under subsection (1) may be extended to a date not later than February 1, 2004. The individual or individuals who approve the extension of an effective date of retirement for a member who is an employee of the legislature, supreme court, or court of appeals shall submit written notification to the office of retirement services of all extensions approved on or before May 31, 2002.

(6) Upon his or her retirement as provided in this section, a member who did not make an election under section 50 to terminate membership in Tier 1 and become a qualified participant in Tier 2 shall receive a retirement allowance equal to the member's number of years and fraction of a year of credited service multiplied by 1-3/4% of his or her final average compensation. Except for the calculation provided in this subsection, the member's retirement allowance is subject to section 20. The member's retirement allowance is not subject to reduction pursuant to section 19(2).

(7) Upon his or her retirement as provided in this section, a former member who made an election under section 50 to terminate membership in Tier 1 and become a qualified participant in Tier 2 shall receive a retirement allowance equal to the member's number of years and fraction of a year of credited service multiplied by 1/4% of his or her final average compensation. Except for the calculation provided in this subsection, the former member's retirement allowance is subject to section 20. The former member's retirement allowance is not subject to reduction pursuant to section 19(2).

(8) For purposes of this section, an individual who elected to terminate membership under section 50 and who, but for that election, would otherwise be eligible for membership in Tier 1 under section 13, shall be considered a member of Tier 1 for the limited purpose of receiving a retirement allowance calculated under this section and paid by the retirement system.

38.19h Payments not tax exempt and subject to certain operations of law.

Sec. 19h. Payments made after September 30, 1991, under sections 19b(2), 19c(2), 19d(2), 19e(2), and 19f(3) are not pensions, annuities, retirement allowances, optional benefits, or any other rights described in section 40(1), are not exempt from taxation, are subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law, and may be assignable as provided in this act.

38.20 Computation of retirement allowance; right to elect option; retirement before age 65; death of retirant; separation from service; department of mental health employee termination; recalculation of retirement allowance; payment of retirement allowance; eligibility of state accident fund or Michigan biologic products institute employees to health care benefits and certain rights, privileges, and benefits.

Sec. 20. (1) Upon his or her retirement, as provided for in section 19, 19a, 19b, 19c, or 19d, a member shall receive a retirement allowance equal to the member's number of years and fraction of a year of credited service multiplied by 1-1/2% of his or her final average compensation. The member's retirement allowance is subject to subsection (3). Upon his or her retirement, the member may elect an option provided for in section 31(1).

(2) Pursuant to rules promulgated by the retirement board, a member who retires before becoming 65 years of age may elect to have his or her regular retirement allowance equated on an actuarial basis to provide an increased retirement allowance payable up to his or her attainment of 65 years of age and a reduced retirement allowance payable after his or her attainment of 65 years of age. His or her increased retirement allowance payable up to age 65 shall approximately equal the sum of his or her reduced retirement allowance payable after age 65 and his or her estimated social security primary insurance amount. In addition, upon retirement the member may elect an option provided for in section 31(1).

(3) If a retirant dies before receiving payment of his or her retirement allowance in an aggregate amount equal to the retirant's accumulated contributions credited to the retirant in the employees' savings fund at the time of his or her retirement, the difference between his or her accumulated contributions and the amount of retirement allowance received by him or her shall be paid to the person or persons that he or she nominated by written designation executed and filed with the retirement board. If the person or persons do not survive the retirant, then the difference, if any, shall be paid to the retirant's legal representative or estate. Benefits shall not be paid under this subsection on account of the death of the retirant if he or she elected an option provided for in section 31(1).

(4) If a member has 10 or more years of credited service, or has 5 or more years of credited service as an elected officer or in a position in the executive branch or the legislative branch excepted or exempt from the classified state civil service as provided in section 5 of article XI of the state constitution of 1963, and is separated from the service of the state for a reason other than retirement or death, he or she shall remain a member during the period of absence from the state service for the exclusive purpose of receiving a retirement allowance provided for in this section. If a former employee of the state accident fund who had 5 or more years of service as an employee of the state accident fund returns to employment with the state before receiving a retirement allowance under this act, the employee shall be required to accumulate 10 or more years of credited service before receiving a retirement allowance under this act. If a former employee of the Michigan biologic products institute who is eligible to and has elected to purchase additional credited service pursuant to section 17*l*(2) returns to employment with the state before receiving a retirement allowance under this act, the employee shall be required to accumulate 10 or more years of credited service, without regard to the additional credited service purchased pursuant to section 17*l*(2) but including any credited service authorized under section 16, before receiving a retirement allowance under this act. If the member withdraws all or part of his or her accumulated contributions, he or she ceases to be a member. Upon becoming 60 years of age or older, the member may retire upon his or her written application to the retirement board as provided in section 19(1). If a member elects an option as provided under section 31(4), but dies before the effective date of his or her retirement, the option elected by the member shall be carried out, and the beneficiary of the member is entitled to all advantages due under that option.

(5) A person who is a member after January 1, 1981, who has at least 5 years of credited service, and whose employment with the department formerly known as the department of mental health is terminated by reason of reduction in force related to deinstitutionalization that may or may not result in facility closure, shall remain a member during the period of absence from the state service for the exclusive purpose of receiving a service retirement allowance as provided in this subsection. As used in this subsection, "deinstitutionalization" means planned reduction of state center or hospital beds through placement of individuals from the hospital or facility, or through limiting admissions to centers and hospitals, or both. If a member withdraws all or part of the member's

accumulated contributions, the member ceases to be a member. Upon becoming 60 years of age or older, the member may retire upon written application to the retirement board. The application shall specify a date on which the member desires to retire. Upon retirement, the member shall receive a retirement allowance equal to the number of years and fraction of a year of credited state service multiplied by 1-1/2% of the member's final average compensation. Upon retirement, the member may elect an option provided in section 31(1). If the member elects an option provided for in section 31(4), but dies before the effective date of retirement, the option elected by the member shall be carried out, and a beneficiary of the member is entitled to all advantages due under the option.

(6) A retirant or the beneficiary of a retirant who retired before July 1, 1974 shall have his or her retirement allowance recalculated based on the retirant's number of years and fraction of a year of credited service multiplied by 1.5% of his or her final average compensation. The retirant or beneficiary is eligible to receive the recalculated retirement allowance beginning October 1, 1987, but is not eligible to receive the adjusted amount attributable to any month beginning before October 1, 1987. The recalculated retirement allowance provided by this subsection shall be paid by January 1, 1988 and shall be the basis on which future adjustments to the allowance, including the supplement provided by section 20h, are calculated. The retirement allowance of a retirant who dies before January 1, 1988, and who did not nominate a retirement allowance beneficiary pursuant to section 31, shall not be recalculated pursuant to this subsection.

(7) Each retirement allowance payable under this act shall date from the first of the month following the month in which the applicant satisfies the age and service or other requirements for receiving the retirement allowance and terminates state service. A full month's retirement allowance is payable for the month in which a retirement allowance ceases.

(8) An employee of the state accident fund who has 5 or more but less than 10 years of credited service as of the effective date of the transfer authorized by section 701a of the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.701a, and who is permitted to receive a retirement allowance under subsection (4) is eligible for health care benefits under section 20d on the date of his or her retirement to the same extent as a member with 10 years of credited service who vested on the same date.

(9) An employee of the Michigan biologic products institute who has 5 or more but less than 10 years of credited service as of the effective date of the conveyance authorized by the Michigan biologic products institute transfer act and who is permitted to receive a retirement allowance under subsection (4) is eligible for health care benefits under section 20d on the date of his or her retirement to the same extent as a member with 10 years of credited service who vested on the same date.

38.20d Hospitalization, medical, dental, and vision coverage insurance premium; computation and allocation of cost savings; payment by retirement board; "retirant" defined.

Sec. 20d. (1) On and after July 1, 1974, hospitalization and medical coverage insurance premium payable by any retirant or his or her beneficiary and his or her dependents under any group health plan authorized by the Michigan civil service commission and the department of management and budget shall be paid by the retirement board from the health insurance reserve fund created in section 11. The amount payable shall be in the same proportion of premium payable by the state of Michigan for the classified employees occupying positions in the state civil service. The hospitalization and medical insurance premium payable shall be paid from appropriations made for this purpose to the health insurance reserve fund sufficient to cover the premium payment needed to be made.

(2) Effective January 1, 1988, 90% of the premium payable by a retirant or the retirant's beneficiary and his or her dependents for dental coverage or vision coverage, or both, under any group plan authorized by the Michigan civil service commission and the department of management and budget shall be paid by the retirement board from the health insurance reserve fund created in section 11.

(3) The department of management and budget shall calculate for each fiscal year any cost savings that have accrued to this state as a result of the implementation of 1996 PA 487 over the costs that would have been incurred by this state to fund premiums payable pursuant to section 68 had 1996 PA 487 not been implemented. The total amount of the cost savings, if any, shall be allocated to the health advance funding subaccount created under section 11(9).

(4) On and after March 31, 1997, the retirement system shall also pay health insurance premiums described in this section in the manner prescribed in section 68.

(5) For purposes of this section, "retirant" includes a person who retires under section 306 or 410 of the Michigan military act, 1967 PA 150, MCL 32.706 and 32.810.

38.21 Duty disability retirement.

Sec. 21. (1) Except as may be provided otherwise in sections 33 and 34, a member who becomes totally incapacitated for duty because of a personal injury or disease shall be retired, if all of the following apply:

(a) The member, the member's personal representative or guardian, the member's department head, or the state personnel director files an application on behalf of the member with the retirement board no later than 1 year after termination of the member's employment.

(b) The retirement board finds that the member's personal injury or disease is the natural and proximate result of the member's performance of duty.

(c) A medical advisor conducts a medical examination of the member and certifies in writing that the member is mentally or physically totally incapacitated for further performance of duty, that the total incapacitation is probably permanent, and that the member should be retired.

(d) The retirement board concurs in the recommendation of the medical advisor.

(2) Upon appeal to the retirement board, the retirement board, for good cause, may accept an application for a disability retirement allowance not later than 2 years after termination of the member's state employment.

38.24 Non-duty disability retirement.

Sec. 24. (1) Except as may otherwise be provided in sections 33 and 34, a member who becomes totally incapacitated for duty because of a personal injury or disease that is not the natural and proximate result of the member's performance of duty may be retired if all of the following apply:

(a) The member, the member's personal representative or guardian, the member's department head, or the state personnel director files an application on behalf of the member with the retirement board no later than 1 year after termination of the member's state employment.

(b) A medical advisor conducts a medical examination of the member and certifies in writing that the member is mentally or physically totally incapacitated for further performance of duty, that the incapacitation is likely to be permanent, and that the member should be retired.

(c) The member has been a state employee for at least 10 years.

(2) Upon appeal to the retirement board, the retirement board, for good cause, may accept an application for a disability retirement allowance not later than 2 years after termination of the member's state employment.

38.31 Election of regular retirement allowance or reduced retirement allowance; payment options; designation of beneficiary; effect of beneficiary's death or divorce; request by nonduty disability retirant to change elections; death of member before effective date of retirement.

Sec. 31. (1) Except as provided in subsection (6), before the effective date of retirement, but not after the effective date of retirement, a member or deferred member who is eligible for retirement, as provided in this act, shall elect to receive his or her benefit in a retirement allowance payable throughout life, which shall be called a regular retirement allowance, or to receive the actuarial equivalent at that time of his or her regular retirement allowance in a reduced retirement allowance payable throughout the lives of the retirant and a retirement allowance beneficiary, pursuant to 1 of the following payment options:

(a) Option A. Upon the retirant's death, his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation duly executed and filed with the retirement board before the effective date of his or her retirement.

(b) Option B. Upon the retirant's death, 1/2 of his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation duly executed and filed with the retirement board before the effective date of his or her retirement.

(c) Option C. On and after January 1, 2000, upon the retirant's death, 3/4 of his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation duly executed and filed with the retirement board before the effective date of his or her retirement.

(2) Except as provided in subsections (3) and (8), the election of a payment option under subsection (1) shall not be changed on or after the effective date of the retirement allowance. A retirement allowance beneficiary designated under this section shall not be changed on or after the effective date of the retirement allowance, and shall be either a spouse, brother, sister, parent, child, including an adopted child, or grandchild of the person making the designation. Payment to a retirement allowance beneficiary shall begin on the first day of the month following the death of the retirant or member.

(3) If the retirement allowance beneficiary named under a payment option under subsection (1) predeceases the retirant, the retirant's benefit shall revert to the regular retirement allowance, effective with the first day of the month following the retirement allowance beneficiary's death. For a retirant whose effective date of retirement was on or before June 28, 1976, this subsection shall apply, but the regular retirement allowance is not payable for any month beginning before the later of the retirement allowance beneficiary's death or January 1, 1986. A retirant who on January 1, 1986 is receiving a reduced retirement allowance because the retirant designated a retirement allowance beneficiary and the retirement allowance beneficiary predeceased the retirant is eligible to receive the regular retirement allowance beginning January 1, 1986, but the regular retirement allowance is not payable for any month beginning before January 1, 1986.

(4) A member who continues in the employ of this state on and after the date he or she acquires 10 years of service credit or becomes eligible for deferred retirement as provided by section 20(4) or (5), whichever occurs first, may by written declaration duly executed and filed with the retirement board elect option A, provided for in subsection (1)(a), and nominate a retirement allowance beneficiary in the same manner as if the member were then retiring from service, notwithstanding that the member may not have attained 60 years of age. If the beneficiary's death or divorce from the member occurs before the effective date of the member's retirement, the member's election of option A and nomination of retirement allowance beneficiary shall be automatically revoked and the member may again elect option A and nominate a retirement allowance beneficiary at any time before the effective date of retirement. If a member who has made an election and nominated a retirement allowance beneficiary as provided in this subsection dies before the effective date of his or her retirement, then the retirement allowance beneficiary shall immediately receive the retirement allowance that he or she would have been entitled to receive under option A if the member had been regularly retired on the date of the member's death. Except as otherwise provided by subsection (5), if a member who has made an election under this subsection subsequently retires under this act, his or her election of option A shall take effect at the time of retirement. Subject to the requirements of subsection (5), the member, before the effective date of retirement, but not after the effective date of retirement, may revoke his or her previous election of option A and elect to receive his or her retirement allowance as a regular retirement allowance or under option B or C as provided for in subsection (1). A retirement allowance shall not be paid under this subsection on account of the death of a member if any benefits are paid under section 27 on account of his or her death. If a deferred member who has an option A election in effect dies before the effective date of his or her retirement, the retirement allowance payable under option A shall be paid to the retirement allowance beneficiary at the time the deceased deferred member otherwise would have been eligible to begin receiving benefits.

(5) If a member, deferred member, retiring member, or retiring deferred member is married at the effective date of the retirement allowance, an election under this section, other than an election of a payment option under subsection (1) naming the spouse as retirement allowance beneficiary, shall not be effective unless the election is signed by the spouse. However, this requirement may be waived by the retirement board if the signature of a spouse cannot be obtained because of extenuating circumstances. As used in this subsection, "spouse" means the person to whom the member, deferred member, retiring member, or retiring deferred member is married at the effective date of the retirement allowance.

(6) Until July 1, 1991, upon request in a form as determined by the retirement board, a nonduty disability retirant who retired under section 24 may change his or her election to receive a disability retirement allowance computed as a regular retirement allowance and elect to receive the actuarial equivalent at the time of the election pursuant to this subsection of his or her disability retirement allowance in a reduced retirement allowance payable to the retirant and the retirant's spouse pursuant to the provisions of a payment option as provided in subsection (1), if the disability retirement allowance effective date was before November 12, 1985 and the retirant had 25 or more years of credited service on the disability retirement allowance effective date. The nonduty disability retirant shall begin to receive the reduced retirement allowance under this subsection effective the first day of the month following the month in which the retirant makes the election pursuant to this subsection. As used in this subsection, "spouse" means the person to whom the nonduty disability retirant was married on the effective date of his or her disability retirement allowance and on the date the retirant makes the election pursuant to this subsection.

(7) If a member who continues in the employ of this state on and after the date he or she acquires 10 years of service credit, or on and after the date he or she becomes eligible for deferred retirement as provided by section 20(4) or (5), whichever occurs first, and who does not have an election of option A in force as provided in subsection (4), dies before the effective date of retirement and leaves a surviving spouse, the spouse shall receive a retirement allowance computed in the same manner as if the member had retired effective the day before the date of his or her death, elected option A, and nominated the spouse as retirement allowance beneficiary. When the retirement allowance beneficiary dies, his or her retirement allowance shall terminate. If the aggregate amount of retirement allowance payments received by the beneficiary is less than the accumulated contributions credited to the member's account in the employees' savings fund at the time of the member's death, the difference between the accumulated contributions and the aggregate amount of retirement allowance payments received by the beneficiary shall be transferred from the employer's accumulation fund or pension reserve fund to the employees' savings fund and paid pursuant to section 29. A retirement allowance shall not be paid under this subsection on account of the death of a member if benefits are paid under section 27 on account of his or her death. If the other requirements of this subsection are met but a surviving spouse does not exist, each of the deceased member's surviving children less than 18 years of age shall receive an allowance of an equal share of the retirement allowance that would have been paid to the spouse if living at the time of the deceased member's death. Payments under this subsection shall cease upon the surviving child's marriage, adoption, or becoming 18 years of age, whichever occurs first.

(8) If a retirant receiving a reduced retirement allowance under a payment option under subsection (1) is divorced from the spouse who had been designated as the retirant's retirement allowance beneficiary under the option, the election of the payment option shall be considered void by the retirement system if the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, described in the public employee retirement benefit protection act and dated after June 27, 1991 provides that the election of the payment option under subsection (1) is to be considered void by the retirement system and the retirant provides a certified copy of the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, to the retirement system. If the election of a payment option under subsection (1) is considered void by the retirement system under this subsection, the retirant's retirement allowance shall revert to a regular retirement allowance, including postretirement adjustments, if any, subject to an award or order of the court as described in the public employee retirement benefit protection act. The retirement allowance shall revert to a regular retirement allowance under this subsection effective the first of the month after the date the retirement system receives a certified copy of the judgment of divorce or award or order of the court. This subsection does not supersede a judgment of divorce or award or order of the court in effect on June 27, 1991. This subsection does not require the retirement system to distribute or pay retirement assets on behalf of a retirant in an amount that exceeds the actuarially determined amount that would otherwise become payable if a judgment of divorce had not been rendered.

38.33 Disability retirant under age 60; medical examination required; reduction of retirement allowance on account of gainful employment.

Sec. 33. (a) The retirement board may, and upon the retirant's application shall, require any disability retirant who has not attained age 60 years to undergo a medical examination. The retirement board shall not require a disability retirant to undergo more

than 1 medical examination in any calendar year. The examination is to be made by or under the direction of the medical advisor at the retirant's place of residence or other place mutually agreed upon. Should any disability retirant who has not attained age 60 years refuse to submit to the medical examination, his or her disability retirement allowance may be discontinued until his or her withdrawal of the refusal. If the refusal continues for 1 year, all rights in and to his or her disability retirement allowance may be revoked by the retirement board. If upon the medical examination of a disability retirant, the medical advisor reports and his or her report is concurred in by the retirement board, that the disability retirant is physically able and capable of resuming employment, he or she shall be restored to active service with the state and his or her disability retirement allowance shall cease.

(b) If the secretary reports and certifies to the retirement board that a disability beneficiary is engaged in a gainful occupation paying more than the difference between his or her disability retirement allowance and his or her final compensation, and if the retirement board concurs in the report, then the amount of his or her retirement allowance shall be reduced to an amount which together with the amount earned by him or her shall equal his or her final compensation. Should the earnings of the disability retirant be later changed, the amount of his or her retirement allowance shall be further modified in like manner.

38.38 Annual level percent of payroll contribution rate; determination; basis; report; computation; amortization of unfunded actuarial accrued liability; annual appropriation to retirement system; transfer of funds; certification; difference between actual state contributions and product of computation rates times aggregate compensations paid; submitting difference between estimated and actual aggregate compensation and estimated and actual contribution rate to legislature for appropriation; interest; deposit to health advance funding subaccount.

Sec. 38. (1) The annual level percent of payroll contribution rate to finance the benefits provided under this act shall be determined by actuarial valuation pursuant to subsections (2) and (3), upon the basis of the risk assumptions adopted by the retirement board with approval of the department of management and budget, and in consultation with the investment counsel and the actuary. An annual actuarial valuation shall be made of the retirement system in order to determine the actuarial condition of the retirement system and the required contribution to the retirement system. The actuary shall report to the legislature by April 15 of each year on the actuarial condition of the retirement system as of the end of the previous fiscal year and on the projections of state contributions for the next fiscal year. The actuary shall certify in the report that the techniques and methodologies used are generally accepted within the actuarial profession and that the assumptions and cost estimates used fall within the range of reasonable and prudent assumptions and cost estimates. An annual actuarial gain-loss experience study of the retirement system shall be made in order to determine the financial effect of variations of actual retirement system experience from projected experience.

(2) The contribution rate for monthly benefits payable in the event of the death of a member before retirement or the disability of a member shall be computed using a terminal funding method of actuarial valuation.

(3) Except as otherwise provided in this subsection, the contribution rate for benefits other than those provided for in subsection (2) shall be computed using an individual projected benefit entry age normal cost method of valuation. For the 1995-96 state fiscal

year and for each subsequent fiscal year in which the actuarial accrued liability for health benefits is less than 100% funded, the contribution rate for benefits provided under section 20d shall be computed using a cash disbursement method. Beginning in the fiscal year after the fiscal year in which the actuarial accrued liability for health benefits under section 20d is at least 100% funded by the health advance funding subaccount created under section 11(9), and continuing for each subsequent fiscal year, the contribution rate for health benefits provided under section 20d shall be computed using an individual projected benefit entry age normal cost method of valuation. The contribution rate for service that may be rendered in the current year, the normal cost contribution rate, shall be equal to the aggregate amount of individual entry age normal costs divided by 1% of the aggregate amount of active members' valuation compensation. The unfunded actuarial accrued liability shall be equal to the actuarial present value of benefits reduced by the actuarial present value of future normal cost contributions and the actuarial value of assets on the valuation date. The unfunded actuarial accrued liability shall be amortized in accordance with generally accepted governmental accounting standards over a period equal to or less than 40 years.

(4) The legislature annually shall appropriate to the retirement system the amount determined pursuant to subsections (2) and (3). The state treasurer shall transfer monthly to the retirement system an amount equal to the product of the contribution rates determined in subsections (2) and (3) times the aggregate amount of active member compensation paid during that month. Not later than 60 days after the termination of each state fiscal year, the executive secretary of the retirement board shall certify to the director of the department of management and budget the actual aggregate compensations paid to active members during the preceding state fiscal year. Upon receipt of that certification, the director of the department of management and budget shall compute the difference, if any, between actual state contributions received during the preceding state fiscal year and the product of the contribution rates determined in subsections (2) and (3) times the aggregate compensations paid to active members during the preceding state fiscal year. Except as otherwise provided in subsection (5), the difference, if any, shall be submitted in the executive budget to the legislature for appropriation in the next succeeding state fiscal year. This subsection does not apply for those fiscal years in which a deposit occurs pursuant to subsection (6).

(5) For differences occurring in fiscal years beginning on or after October 1, 1991, a minimum of 20% of the difference between the estimated and the actual aggregate compensation and the estimated and the actual contribution rate described in subsection (4), if any, may be submitted in the executive budget to the legislature for appropriation in the next succeeding state fiscal year and a minimum of 25% of the remaining difference shall be submitted in the executive budget to the legislature for appropriation in each of the following 4 state fiscal years, or until 100% of the remaining difference is submitted, whichever first occurs. In addition, interest shall be included for each year that a portion of the remaining difference is carried forward. The interest rate shall equal the actuarially assumed rate of investment return for the state fiscal year in which payment is made. This subsection does not apply for those fiscal years in which a deposit occurs pursuant to subsection (6).

(6) For each fiscal year that begins on or after October 1, 2001, if the actuarial valuation prepared pursuant to this section for each fiscal year demonstrates that as of the beginning of a fiscal year, and after all credits and transfers required by this act for the previous fiscal year have been made, the sum of the actuarial value of assets and the actuarial present value of future normal cost contributions exceeds the actuarial present value of benefits, the annual level percent of payroll contribution rate as determined

pursuant to subsections (1), (2), and (3) may be deposited into the health advance funding subaccount created under section 11(9).

(7) Notwithstanding any other provision of this act, if the retirement board establishes an arrangement and fund as described in section 6 of the public employee retirement benefit protection act, the benefits that are required to be paid from that fund shall be paid from a portion of the employer contributions described in this section or other eligible funds. The retirement board shall determine the amount of the employer contributions or other eligible funds that shall be allocated to that fund and deposit that amount in that fund before it deposits any remaining employer contributions or other eligible funds in the pension fund.

38.46 Retirement or separation from employment of supplemental member with supplemental early retirement allowance; conditions; determination of eligibility.

Sec. 46. (1) A supplemental member may retire with a supplemental early retirement allowance provided in section 47 upon satisfaction of each of the following conditions:

(a) He or she is age 51 years or older but less than age 62 years.

(b) He or she has 25 or more years of covered service.

(c) His or her last 3 years of credited service are covered service.

(d) He or she files a written request for retirement with the retirement board stating the date that he or she wishes to be retired.

(2) A supplemental member may be separated from employment in a covered position the first day of the calendar month following the month in which he or she attains age 56 years. A supplemental member separated under this subsection may retire with a supplemental early retirement allowance provided in section 47 if he or she satisfies each of the following conditions:

(a) He or she has not attained age 62 years.

(b) He or she has 10 or more years of covered service.

(c) His or her last 3 years of credited service are covered service.

(d) He or she files a written request for retirement with the retirement board stating the date that he or she wishes to be retired.

(3) The state personnel director shall determine all questions on eligibility for supplemental early retirement benefits within the meaning of sections 45 to 47.

38.48 Conservation officers.

Sec. 48. (1) A member who is a conservation officer may retire under this section if all of the following requirements are met:

(a) The member is a conservation officer on April 1, 1991.

(b) The member has 25 or more years of credited service, of which 20 years of credited service are as a conservation officer and of which the last 2 years of credited service are as a conservation officer.

(2) A member who is a conservation officer may retire under this section if the member has 25 or more years of credited service, of which 23 years of credited service are as a conservation officer and of which the last 2 years of credited service are as a conservation officer.

(3) A member may retire under subsection (1) or (2) upon written application to the retirement board stating a date upon which he or she desires to retire. Beginning on the

retirement allowance effective date, he or she shall receive a retirement allowance equal to 60% of the member's annual compensation for the member's most highly compensated 24 consecutive months of service as a conservation officer. The formula for calculating a member's retirement allowance under this subsection shall never exceed the formula for calculating a retirement allowance under section 24 of the state police retirement act of 1986, 1986 PA 182, MCL 38.1624.

(4) A member who is a conservation officer may retire under this section if all of the following requirements are met:

(a) The member is a conservation officer on April 1, 1991.

(b) The member is 50 years of age or older.

(c) The member has 10 years of credited service as a conservation officer and the last 2 years of credited service are as a conservation officer.

(5) A member may retire under subsection (4) upon written application to the retirement board, on or after April 1, 1991, but not later than April 1, 1992, stating a date on which he or she desires to retire. The retirement allowance effective date shall be on or after May 1, 1991 but not later than July 1, 1992. Beginning on the retirement allowance effective date, he or she shall receive a retirement allowance equal to 2% of the member's annual compensation for the member's most highly compensated 24 consecutive months of service as a conservation officer times the number of years, including any fraction of a year, of service credited to the member under this act. However, a retirement allowance payable under this subsection shall not exceed 60% of the member's annual compensation for the member's most highly compensated 24 consecutive months of service as a conservation officer.

(6) Before the effective date of the retirement allowance, a member who is a conservation officer and who retires under this section shall elect to receive his or her retirement allowance under a form of payment as provided in section 31(1).

(7) Pursuant to rules promulgated by the retirement board, a member who retires under this section before becoming 65 years old may elect to have his or her regular retirement allowance equated on an actuarial basis to provide an increased retirement allowance payable to age 65 and a reduced retirement allowance payable after becoming 65 years old. The retirant's increased retirement allowance payable to age 65 shall approximately equal the sum of his or her reduced retirement allowance payable after age 65 and his or her estimated social security primary insurance amount.

(8) If a member who retires under this section dies before receiving payment of his or her retirement allowance in an aggregate amount equal to the accumulated contributions standing to the retirant's account in the employees' savings fund at the time of his or her retirement, the difference between his or her accumulated contributions and the amount of the retirement allowance received by him or her shall be paid to the person or persons that the retirant has nominated by written designation duly executed and filed with the retirement board, or, if there is no such designated person or persons surviving, then to the retirant's legal representative or estate.

(9) The director of the department of natural resources, or his or her designee, shall certify to the retirement board that a member who applies to retire under this section is a conservation officer.

(10) This section does not prohibit a member who is a conservation officer and who does not meet the requirements of this section from qualifying for a retirement allowance under any other provision of this act.

38.49 Administration of retirement system as qualified pension plan under internal revenue code; requirements and benefit limitations.

Sec. 49. (1) This section is enacted pursuant to section 401(a) of the internal revenue code that imposes certain administrative requirements and benefit limitations for qualified governmental plans. This state intends that the retirement system be a qualified pension plan created in trust under section 401 of the internal revenue code and that the trust be an exempt organization under section 501 of the internal revenue code. The department shall administer the retirement system to fulfill this intent.

(2) Except as otherwise provided in this section, employer-financed benefits provided by the retirement system under this act shall not exceed the lesser of $90,000.00 or 100% of the member's average compensation for high 3 years as described in section 415(b)(3) of the internal revenue code for retirement occurring at age 62 or older.

(3) The limitation on employer financed benefits provided by the retirement system under subsection (2) applies unless application of subsections (4) and (5) produces a higher limitation, in which case the higher limitation applies.

(4) If a member retires before age 62, the amount of $90,000.00 in subsection (2) is actuarially reduced to reflect payment before age 62. The retirement system shall use an interest rate of 5% per year compounded annually to calculate the actuarial reduction in this subsection. If this subsection produces a limitation of less than $75,000.00 at age 55, the limitation at age 55 is $75,000.00 and the limitations for ages under age 55 shall be calculated from a limitation of $75,000.00 at age 55.

(5) Section 415(d) of the internal revenue code requires the commissioner of internal revenue to adjust the $90,000.00 limitation in subsection (2) to reflect cost of living increases, beginning with calendar year 1988. This subsection shall be administered using the limitations applicable to each calendar year as adjusted by the commissioner of internal revenue under section 415(d) of the internal revenue code. The retirement system shall adjust the benefits subject to the limitation each year to conform with the adjusted limitation.

(6) The assets of the retirement system shall be held in trust and invested for the sole purpose of meeting the legitimate obligations of the retirement system and shall not be used for any other purpose. The assets shall not be used for or diverted to a purpose other than for the exclusive benefit of the members, vested former members, retirants, and retirement allowance beneficiaries before satisfaction of all retirement system liabilities.

(7) The retirement system shall return post-tax member contributions made by a member and received by the retirement system to a member upon retirement, pursuant to internal revenue service regulations and approved internal revenue service exclusion ratio tables.

(8) The required beginning date for retirement allowances and other distributions shall not be later than April 1 of the calendar year following the calendar year in which the employee attains age 70-1/2 or April 1 of the calendar year following the calendar year in which the employee retires.

(9) If the retirement system is terminated, the interest of the members, vested former members, retirants, and retirement allowance beneficiaries in the retirement system is nonforfeitable to the extent funded as described in section 411(d)(3) of the internal revenue code and related internal revenue service regulations applicable to governmental plans.

(10) Notwithstanding any other provision of this act to the contrary that would limit a distributee's election under this act, a distributee may elect, at the time and in the manner prescribed by the retirement board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. This subsection applies to distributions made on or after January 1, 1993.

(11) For purposes of determining actuarial equivalent retirement allowances under sections 31(1)(a) and (b) and 20(2), the actuarially assumed interest rate shall be 8% with utilization of the 1983 group annuity and mortality table.

(12) Notwithstanding any other provision of this section, the retirement system shall be administered in compliance with the provisions of section 415 of the internal revenue code and revenue service regulations under that section that are applicable to governmental plans. If there is a conflict between this section and another section of this or any other act of this state, this section prevails.

(13) Notwithstanding any other provision of this act, the compensation of a member of the retirement system shall be taken into account for any year under the retirement system only to the extent that it does not exceed the compensation limit established in section 401(a)(17) of the internal revenue code, as adjusted by the commissioner of internal revenue. This subsection applies to any person who first becomes a member of the retirement system on or after October 1, 1996.

(14) Notwithstanding any other provision of this act, contributions, benefits, and service credit with respect to qualified military service will be provided under the retirement system in accordance with section 414(u) of the internal revenue code. This subsection applies to all qualified military service on or after December 12, 1994.

38.52 Calculation of accrued cost savings for each fiscal year.

Sec. 52. After consulting the retirement system's actuary, the department of management and budget shall calculate for each fiscal year any cost savings that have accrued to this state as a result of the implementation of 1996 PA 487 over the costs that would have been incurred by this state to fund this retirement system had 1996 PA 487 not been implemented. For each fiscal year in which a deposit under section 38(6) does not occur, the department may deposit all or part of the cost savings calculated pursuant to this section into the health advance funding subaccount created under section 11(9) by reducing the normal cost and unfunded actuarial accrued liability contribution rates as calculated pursuant to section 38, and increasing the contribution rate for benefits provided under section 20d by the same amount. However, the normal cost and unfunded accrued actuarial liability rates shall not be reduced to an amount less than zero.

Provisions as curative; intent of legislature.

Enacting section 1. The provisions of section 19h of the state employees' retirement act, 1943 PA 240, as added by this amendatory act, are curative and intended to correct any misinterpretation of legislative intent in the Michigan court of appeals decisions in Stone v. State of Michigan, Department of Treasury, docket no. 217485, and in Liken v. State of Michigan, Department of Treasury, docket no. 222588. This legislation expresses the original intent of the legislature that payments under sections 19b(2), 19c(2), 19d(2), 19e(2), and 19f(3) of the state employees' retirement act, 1943 PA 240, MCL 38.19b, 38.19c, 38.19d, 38.19e, and 38.19f were not made by the retirement system and were not pensions, annuities, retirement allowances, optional benefits, or any other rights described in section 40(1) of the state employees' retirement act, 1943 PA 240, MCL 38.40, are not exempt from taxation, are subject to executions, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law, and may be assignable as provided in the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

Conditional effective date.

Enacting section 2. This amendatory act does not take effect unless House Bill No. 5109 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved March 27, 2002.
Filed with Secretary of State March 27, 2002.

Compiler's note: House Bill No. 5109, referred to in enacting section 2, was filed with the Secretary of State March 27, 2002, and became P.A. 2002, No. 99, Imd. Eff. Mar. 27, 2002.

[No. 94]

(HB 5110)

AN ACT to amend 1980 PA 300, entitled "An act to provide a retirement system for the public school employees of this state; to create certain funds for this retirement system; to provide for the creation of a retirement board within the department of management and budget; to prescribe the powers and duties of the retirement board; to prescribe the powers and duties of certain state departments, agencies, officials, and employees; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending sections 4, 34, 36, 41, 43a, 46, 85, and 108 (MCL 38.1304, 38.1334, 38.1336, 38.1341, 38.1343a, 38.1346, 38.1385, and 38.1408), sections 4, 34, 36, and 41 as amended by 1997 PA 143, section 43a as amended by 1990 PA 298, section 46 as amended by 1991 PA 47, and sections 85 and 108 as amended by 1998 PA 213.

The People of the State of Michigan enact:

38.1304 Definitions; C to M.

Sec. 4. (1) "Compound interest" means interest compounded annually on July 1 on the contributions on account as of the previous July 1 and computed at the rate of investment return determined under section 104a(1) for the last completed state fiscal year.

(2) "Contributory service" means credited service other than noncontributory service.

(3) "Deferred member" means a member who has ceased to be a public school employee and has satisfied the requirements of section 82 for a deferred vested service retirement allowance.

(4) "Department" means the department of management and budget.

(5) "Designated date" means September 30, 1997.

(6) "Direct rollover" means a payment by the retirement system to the eligible retirement plan specified by the distributee.

(7) "Distributee" includes a member or deferred member. Distributee also includes the member's or deferred member's surviving spouse or the member's or deferred member's spouse or former spouse under an eligible domestic relations order, with regard to the interest of the spouse or former spouse.

(8) Beginning January 1, 2002, except as otherwise provided in this subsection, "eligible retirement plan" means an individual retirement account described in section 408(a) of the internal revenue code, an individual retirement annuity described in section 408(b) of the internal revenue code, an annuity plan described in section 403(a) of the internal revenue code, or a qualified trust described in section 401(a) of the internal revenue

code, an annuity contract described in section 403(b) of the internal revenue code, or an eligible plan under section 457(b) of the internal revenue code which is maintained by a state, political subdivision of a state, or an agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such eligible plan under section 457(b) of the internal revenue code from this retirement system, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to a surviving spouse, an eligible retirement plan means an individual retirement account or an individual retirement annuity described above.

(9) Beginning January 1, 2002, "eligible rollover distribution" means a distribution of all or any portion of the balance to the credit of the distributee. Eligible rollover distribution does not include any of the following:

(a) A distribution made for the life or life expectancy of the distributee or the joint lives or joint life expectancies of the distributee and the distributee's designated beneficiary.

(b) A distribution for a specified period of 10 years or more.

(c) A distribution to the extent that the distribution is required under section 401(a)(9) of the internal revenue code.

(d) The portion of any distribution that is not includable in federal gross income, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities, except to the extent that the portion of a distribution that is not includable in federal gross income is paid to either of the following:

(*i*) An individual retirement account or annuity described in section 408(a) or (b) of the internal revenue code.

(*ii*) A qualified defined contribution plan as described in section 401(a) or 403(a) of the internal revenue code that agrees to separately account for amounts transferred, including separately accounting for the portion of the distribution that is includable in gross income and the portion of the distribution which is not includable in gross income.

(10) "Employee organization professional services leave" or "professional services leave" means a leave of absence that is renewed annually by the reporting unit so that a member may accept a position with a public school employee organization to which he or she belongs and which represents employees of a reporting unit in employment matters. The member shall be included in membership of the retirement system during a professional services leave if all of the conditions of section 71(5) and (6) are satisfied.

(11) "Employee organization professional services released time" or "professional services released time" means a portion of the school fiscal year during which a member is released by the reporting unit from his or her regularly assigned duties to engage in employment matters for a public school employee organization to which he or she belongs. The member's compensation received or service rendered, or both, as applicable, by a member while on professional services released time shall be reportable to the retirement system if all of the conditions of section 71(5) and (6) are satisfied.

(12) "Final average compensation" means the aggregate amount of a member's compensation earned within the averaging period in which the aggregate amount of compensation was highest divided by the member's number of years, including any fraction of a year, of credited service during the averaging period. The averaging period shall be 36 consecutive calendar months if the member contributes to the member investment plan; otherwise, the averaging period shall be 60 consecutive calendar months. If the member has less than 1 year of credited service in the averaging period, the number of consecutive calendar months in the averaging period shall be increased to the lowest number of consecutive calendar months that contains 1 year of credited service.

(13) "Health benefits" means hospital, medical-surgical, and sick care benefits and dental, vision, and hearing benefits for retirants, retirement allowance beneficiaries, and health insurance dependents provided pursuant to section 91.

(14) "Internal revenue code" means the United States internal revenue code of 1986.

(15) "Member investment plan" means the program of member contributions described in section 43a.

38.1334 Reserve for health benefits; payments; health advance; funding subaccount; transfer to reserve for employer contributions; conditions.

Sec. 34. (1) The reserve for health benefits is the account to which payments of reporting units for health benefits are credited. Benefits payable pursuant to section 91 shall be paid from the reserve for health benefits. The assets and any earnings on the assets contained in the reserve for health benefits and the health advance funding subaccount are not to be treated as pension assets for any purpose.

(2) The health advance funding subaccount is the account to which amounts transferred pursuant to section 41 are credited. Except as otherwise provided in this section, any amounts received in the health advance funding subaccount and accumulated earnings on those amounts shall not be expended until the actuarial accrued liability for health benefits under section 91 is at least 100% funded. The department may expend funds or transfer funds to another account to expend for health benefits under section 91 if the actuarial accrued liability for health benefits under section 91 is at least 100% funded. For each fiscal year that begins after the first fiscal year in which the actuarial accrued liability for health benefits under section 91 is at least 100% funded by the health advance funding subaccount, the amounts may be expended or credited to fund health benefits provided under section 91 as provided in section 41(2).

(3) Notwithstanding any other provision of this section, the department may transfer amounts from the health advance funding subaccount to the reserve for employer contributions established in section 30 if the department does both of the following:

(a) At least 45 days before the intended transfer, submits a request to the chairs of the senate and house appropriations committees and, at least 15 days before the intended transfer, obtains the approval of both the senate and house appropriations committees.

(b) Ensures that the request submitted to the senate and house appropriations committees contains an actuarial valuation prepared pursuant to section 41 that demonstrates that as of the beginning of a fiscal year, and after all credits and transfers required by this act for the previous fiscal year have been made, the sum of the actuarial value of assets and the actuarial present value of future normal cost contributions does not exceed the actuarial present value of benefits.

38.1336 Reserve for undistributed investment income; pension stabilization subaccount.

Sec. 36. (1) Except as otherwise provided in this section, the reserve for undistributed investment income is the account to which all income from the investment of assets, all gifts and bequests received by the retirement system, and all other money received by the retirement system the disposition of which is not specifically provided for is credited. The retirement board shall determine the income, interest, and dividends attributable to the health advance funding subaccount created by section 34(2). The income, interest, and dividends attributable to the health advance funding subaccount shall be credited to the health advance funding subaccount. In each fiscal year, the retirement board shall transfer from the reserve for undistributed investment income all amounts necessary to credit the

interest required under this act to the reserve for employee contributions, the reserve for employer contributions, the reserve for member investment plan, the reserve for retired benefit payments, and the reserve for health benefits, to fund the reserve for administrative expenses, and any supplemental payments required pursuant to section 104a.

(2) The pension stabilization subaccount is the account to which the amounts transferred pursuant to subsection (3) to the reserve for undistributed investment income are credited. Except as otherwise provided in this subsection, no amounts shall be transferred from the stabilization subaccount to any other reserve. The director of the department may transfer part or all of the pension stabilization subaccount to the reserve for employer contributions. After the department has transferred the entire balance of the pension stabilization subaccount to the reserve for employer contributions created by section 30, the pension stabilization subaccount created by this subsection shall be closed and subsection (3) shall no longer apply.

(3) Beginning on the designated date, if the actuarial valuation prepared pursuant to sections 41 and 41a demonstrates that as of the beginning of a fiscal year, and after all credits and transfers required by this act for the previous fiscal year have been made, the sum of the actuarial value of assets and the actuarial present value of future normal cost contributions exceeds the actuarial present value of benefits, an amount equal to the excess shall be credited to the pension stabilization subaccount pursuant to subsection (2) and shall be debited against the reserve for employer contributions.

38.1341 Determining annual level percentage of payroll contribution rate; computation; certification of estimated aggregate compensations; computation and certification of sum due and payable; payment; certification of actual aggregate compensations; adjustment; evidence of correctness; audit; duties of reporting unit; submission of difference occurring in certain fiscal years; interest; rate; reassignment of assets; rate of investment return; basis of asset valuation; use of salary increase assumption; deposit to health advance funding subaccount; allocations from employer contributions.

Sec. 41. (1) The annual level percentage of payroll contribution rate to finance benefits being provided and to be provided by the retirement system shall be determined by actuarial valuation pursuant to subsection (2) upon the basis of the risk assumptions that the retirement board and the department adopt after consultation with the state treasurer and an actuary. An annual actuarial valuation shall be made of the retirement system in order to determine the actuarial condition of the retirement system and the required contribution to the retirement system. An annual actuarial gain-loss experience study of the retirement system shall be made in order to determine the financial effect of variations of actual retirement system experience from projected experience.

(2) The contribution rate for benefits payable in the event of the death of a member before retirement or the disability of a member shall be computed using a terminal funding method of valuation. Except as otherwise provided in this subsection, the contribution rate for other benefits shall be computed using an individual projected benefit entry age normal cost method of valuation. Except as otherwise provided in this section, for the 1995-96 state fiscal year and for each subsequent fiscal year, the contribution rate for health benefits provided under section 91 shall be computed using a cash disbursement method. For each fiscal year after the fiscal year in which the actuarial accrued liability for health benefits under section 91 is at least 100% funded by the health advance funding subaccount created under section 34(2), the contribution rate for health benefits provided under section 91 shall be computed using an individual projected benefit

entry age normal cost method of valuation. The contribution rate for service likely to be rendered in the current year, the normal cost contribution rate, shall be equal to the aggregate amount of individual projected benefit entry age normal costs divided by 1% of the aggregate amount of active members' valuation compensation. The contribution rate for unfunded service rendered before the valuation date, the unfunded actuarial accrued liability contribution rate, shall be the aggregate amount of unfunded actuarial accrued liabilities divided by 1% of the actuarial present value over a period not to exceed 50 years of projected valuation compensation, where unfunded actuarial accrued liabilities are equal to the actuarial present value of benefits, reduced by the actuarial present value of future normal cost contributions and the actuarial value of assets on the valuation date.

(3) Before November 1 of each year, the executive secretary of the retirement board shall certify to the director of the department the aggregate compensation estimated to be paid public school employees for the current state fiscal year.

(4) On the basis of the estimate under subsection (3), the annual actuarial valuation, and any adjustment required under subsection (6), the director of the department shall compute the sum due and payable to the retirement system and shall certify this amount to the reporting units.

(5) The reporting units shall make payment of the amount certified under subsection (4) to the director of the department in 12 equal monthly installments.

(6) Not later than 90 days after termination of each state fiscal year, the executive secretary of the retirement board shall certify to the director of the department and each reporting unit the actual aggregate compensation paid to public school employees during the preceding state fiscal year. Upon receipt of that certification, the director of the department shall compute any adjustment required to the amount due to a difference between the estimated and the actual aggregate compensation and the estimated and the actual actuarial employer contribution rate. The difference, if any, shall be paid as provided in subsection (9). This subsection does not apply in a fiscal year in which a deposit occurs pursuant to subsection (14).

(7) The director of the department may require evidence of correctness and may conduct an audit of the aggregate compensation that the director of the department considers necessary to establish its correctness.

(8) A reporting unit shall forward employee and employer social security contributions and reports as required by the federal old-age, survivors, disability, and hospital insurance provisions of title II of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 401 to 405, 406 to 418, 420 to 423, 424a to 426-1, and 427 to 433.

(9) For an employer of an employee of a local public school district or an intermediate school district, for differences occurring in fiscal years beginning on or after October 1, 1993, a minimum of 20% of the difference between the estimated and the actual aggregate compensation and the estimated and the actual actuarial employer contribution rate described in subsection (6), if any, shall be paid by that employer in the next succeeding state fiscal year and a minimum of 25% of the remaining difference shall be paid by that employer in each of the following 4 state fiscal years, or until 100% of the remaining difference is submitted, whichever first occurs. For an employer of other public school employees, for differences occurring in fiscal years beginning on or after October 1, 1991, a minimum of 20% of the difference between the estimated and the actual aggregate compensation and the estimated and the actual actuarial employer contribution rate described in subsection (6), if any, shall be paid by that employer in the next succeeding state fiscal year and a minimum of 25% of the remaining difference shall be paid by that employer in each of the following 4 state fiscal years, or until 100% of the remaining difference is submitted, whichever first occurs. In addition, interest shall be included for

each year that a portion of the remaining difference is carried forward. The interest rate shall equal the actuarially assumed rate of investment return for the state fiscal year in which payment is made. This subsection does not apply in a fiscal year in which a deposit occurs pursuant to subsection (14).

(10) Beginning on the designated date, all assets held by the retirement system shall be reassigned their fair market value, as determined by the state treasurer, as of the designated date, and in calculating any unfunded actuarial accrued liabilities, any market gains or losses incurred before the designated date shall not be considered by the retirement system's actuaries.

(11) Beginning on the designated date, the actuary used by the retirement board shall assume a rate of return on investments of 8.00% per annum, as of the designated date, which rate may only be changed with the approval of the retirement board and the director of the department.

(12) Beginning on the designated date, the value of assets used shall be based on a method that spreads over a 5-year period the difference between actual and expected return occurring in each year after the designated date and such methodology may only be changed with the approval of the retirement board and the director of the department.

(13) Beginning on the designated date, the actuary used by the retirement board shall use a salary increase assumption that projects annual salary increases of 4%. In addition to the 4%, the retirement board shall use an additional percentage based upon an age-related scale to reflect merit, longevity, and promotional salary increase. The actuary shall use this assumption until a change in the assumption is approved in writing by the retirement board and the director of the department.

(14) For fiscal years that begin on or after October 1, 2001, if the actuarial valuation prepared pursuant to this section demonstrates that as of the beginning of a fiscal year, and after all credits and transfers required by this act for the previous fiscal year have been made, the sum of the actuarial value of assets and the actuarial present value of future normal cost contributions exceeds the actuarial present value of benefits, the amount based on the annual level percent of payroll contribution rate pursuant to subsections (1) and (2) may be deposited into the health advance funding subaccount created by section 34.

(15) Notwithstanding any other provision of this act, if the retirement board establishes an arrangement and fund as described in section 6 of the public employee retirement benefit protection act, the benefits that are required to be paid from that fund shall be paid from a portion of the employer contributions described in this section or other eligible funds. The retirement board shall determine the amount of the employer contributions or other eligible funds that shall be allocated to that fund and deposit that amount in that fund before it deposits any remaining employer contributions or other eligible funds in the pension fund.

38.1343a Contributions of member to member investment plan; deduction and remittance as employer contributions; benefits; amount of contribution; election to make contributions; method and timing of payment; deposit of contributions; applicability of subsection (8); applicability of §§ 38.1343a, 38.1343b, and 38.1343c.

Sec. 43a. (1) The contributions of a member who contributes to the member investment plan shall be deducted by the employer and remitted as employer contributions to the retirement system pursuant to section 42. A member who contributes to the member investment plan is entitled to the benefits provided in sections 43b and 43c.

(2) Until December 31, 1989, a member who first became a member on or before December 31, 1989, and who elected or elects on or before December 31, 1989 to contribute to the member investment plan shall contribute 4% of the member's compensation to the member investment plan and beginning January 1, 1990 shall contribute 3.9% of the member's compensation to the member investment plan.

(3) On or before January 1, 1993, a member who first became a member on or before December 31, 1989, except as otherwise provided in subsection (4), and who did not elect to make contributions to the member investment plan, may irrevocably elect to make the contributions described in subsection (2). In addition to making the contributions required under subsection (2), a member who elects to make contributions to the member investment plan under this subsection shall make a contribution of 4% of the compensation received on or after January 1, 1987 to December 31, 1989, and 3.9% of the compensation received on or after January 1, 1990 to the date of the election, plus an amount equal to the compound interest that would have accumulated on those contributions as described in section 33, plus an amount equal to the net actuarial cost of the additional benefits attributable to service credited before January 1, 1987, as determined by the retirement board. The method and timing of payment by a member under this subsection shall be determined by the retirement board. The contributions made under this subsection shall be deposited into the reserve for employee contributions.

(4) Except as otherwise provided in subsection (8), a member who first became a member on or before December 31, 1986 but did not perform membership service between December 31, 1986 and January 1, 1990, and who returns to membership service on or after January 1, 1990 shall make the contributions described in subsection (7).

(5) Except as otherwise provided in subsection (8), a member who first became a member on or after January 1, 1990 shall make the contributions described in subsection (7).

(6) A member who first became a member on or after January 1, 1987 but before January 1, 1990 shall have 30 days from his or her first date of employment to irrevocably elect to make the contributions described in subsection (2).

(7) Except as otherwise provided in subsection (8), a member who first became a member on or after January 1, 1990 shall contribute the following amounts to the member investment plan:

Member's annual school fiscal year earned compensation	Amount payable to the member investment plan
Not over $5,000.00	3% of member's compensation
Over $5,000.00 but not over $15,000.00	$150.00, plus 3.6% of the excess over $5,000.00
Over $15,000.00	$510.00, plus 4.3% of the excess over $15,000.00

(8) This section and sections 43b and 43c shall not apply until the department receives notification from the United States internal revenue service that contributions under this section picked up by the employer pursuant to section 42 shall not be included as gross income of the member until they are distributed or made available to the member, retirant, retirement allowance beneficiary, or refund beneficiary.

38.1346 Benefits; exemption from taxation; offset of retirement benefits or refunds; forfeiture of service credit.

Sec. 46. (1) A retirement allowance, an optional benefit, or any other benefit accrued or accruing to a person under this act, the reserves created by this act, and the money,

investments, or income of those reserves are exempt from state, county, municipal, or other local tax and subject to the public employee retirement benefit protection act.

(2) The retirement system may offset retirement benefits or refunds payable under this act against amounts owed to the retirement system by a member, retirant, retirement allowance beneficiary, or refund beneficiary.

(3) If the retirement system is required by the federal government pursuant to a court order to transmit a part of a member's contributions standing to the member's credit in the reserve for employee contributions to a federal agency, the service credit that is covered by the payment shall be forfeited in the same manner as if the employee had requested and been paid a refund of the member's most recent contributions.

38.1385 Payment options; election; change of option or beneficiary; payment to beneficiary; reversion of benefit to straight retirement allowance; term of payment; beneficiary predeceasing retirant who returns to service; effect of election of retirant's divorce from spouse designated as beneficiary; payment of difference between accumulated contributions and aggregate amount of retirement allowance payments.

Sec. 85. (1) A retiring member or retiring deferred member who meets the requirements of section 81 or 81a or a member whom the retirement board finds to be totally and permanently disabled and eligible to receive a retirement allowance under section 86 or 87 shall elect to receive his or her retirement allowance under 1 of the payment options provided in this subsection. The election shall be in writing and filed with the retirement board at least 15 days before the effective date of the retirement allowance except as provided for a disability retirant under section 86 or 87. The amount of retirement allowance under subdivision (b), (c), or (d) shall be the actuarial equivalent of the amount of retirement allowance under subdivision (a). The options are as follows:

(a) A retirant shall be paid a straight retirement allowance for life computed pursuant to section 84. An additional retirement allowance payment shall not be made upon the retirant's death.

(b) A retirant shall be paid a reduced retirement allowance for life with the provision that upon the retirant's death, payment of the reduced retirement allowance is continued throughout the lifetime of the retirement allowance beneficiary whom the member or deferred member designates in a writing filed with the retirement board at the time of election of this option. A member or deferred member may elect this option and designate a retirement allowance beneficiary under the conditions set forth in section 82(2) or 89(3).

(c) A retirant shall be paid a reduced retirement allowance for life with the provision that upon the retirant's death, payment of 1/2 of the reduced retirement allowance is continued throughout the lifetime of the retirement allowance beneficiary whom the member designated in a writing filed with the retirement board at the time of election of the option.

(d) On and after January 1, 2000, a retirant shall be paid a reduced retirement allowance for life with the provision that upon the retirant's death, payment of 75% of the reduced retirement allowance is continued throughout the lifetime of the retirement allowance beneficiary whom the member designated in a writing filed with the retirement board at the time of election of the option.

(2) In addition to the election under subsection (1), a retirant, other than a disability retirant who is 60 years of age or less, may elect to coordinate his or her retirement allowance with an estimated primary social security benefit. The retirant shall be paid an

increased retirement allowance until 62 years of age and a reduced retirement allowance after 62 years of age. The increased retirement allowance paid until 62 years of age shall approximate the sum of the reduced retirement allowance payable after 62 years of age and the retirant's estimated social security primary insurance amount. The estimated social security primary insurance amount shall be determined by the retirement system. The election under this subsection shall be made at the same time and in the same manner as required under subsection (1).

(3) Except as otherwise provided in this section, the election of a payment option in subsections (1) and (2) shall not be changed on or after the effective date of the retirement allowance. Except as provided in subsection (5), the retirement allowance beneficiary selected under subsection (1)(b), (c), or (d) shall not be changed on or after the effective date of the retirement allowance and shall be either a spouse, brother, sister, parent, or child, including an adopted child, of the member, deferred member, retiring member, or retiring deferred member entitled to make the election under this act. Another retirement allowance beneficiary shall not be selected. If a member, deferred member, retiring member, or retiring deferred member is married at the retirement allowance effective date, an election under subsection (1), other than an election under subsection (1)(b), (c), or (d) naming the spouse as retirement allowance beneficiary, shall not be effective unless the election is signed by the spouse, except that this requirement may be waived by the board if the signature of a spouse cannot be obtained because of extenuating circumstances. For purposes of this subsection, "spouse" means the person to whom the member, deferred member, retiring member, or retiring deferred member is married at the retirement allowance effective date. Payment to a retirement allowance beneficiary shall start the first day of the month following the retirant's death.

(4) If the retirement allowance beneficiary selected under subsection (1)(b), (c), or (d) predeceases the retirant, the retirant's benefit shall revert to a straight retirement allowance including post-retirement adjustments, if any, shall be effective the first of the month following the death, and shall be paid during the remainder of the retirant's life. This subsection applies to a retirant whose effective date of retirement is after June 28, 1976, but the straight retirement allowance shall not be payable for any month beginning before the later of the retirement allowance beneficiary's death or October 31, 1980. This subsection also applies to a retirant whose effective date of retirement was on or before June 28, 1976, but the straight retirement allowance shall not be payable for any month beginning before the later of the retirement allowance beneficiary's death or January 1, 1986. A retirant who on January 1, 1986 is receiving a reduced retirement allowance because the retirant designated a retirement allowance beneficiary and the retirement allowance beneficiary predeceased the retirant is eligible to receive the straight retirement allowance beginning January 1, 1986, but the straight retirement allowance shall not be payable for any month beginning before January 1, 1986.

(5) A retirant who returns to service pursuant to section 61 and whose retirement allowance beneficiary selected under subsection (1)(b), (c), or (d) predeceases the member before he or she again becomes a retirant may again choose a retirement allowance beneficiary pursuant to subsection (1)(b), (c), or (d).

(6) If a retirant receiving a reduced retirement allowance under subsection (1)(b), (c), or (d) is divorced from the spouse who had been designated as the retirant's retirement allowance beneficiary under subsection (1)(b), (c), or (d), the election of a reduced retirement allowance payment option shall be considered void by the retirement system if the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, described in the public employee retirement benefit protection act and dated after June 27, 1991 provides that the election of a reduced

retirement allowance payment option under subsection (1)(b), (c), or (d) is to be considered void by the retirement system and the retirant provides a certified copy of the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, to the retirement system. If the election of a reduced retirement allowance payment option under subsection (1)(b), (c), or (d) is considered void by the retirement system under this subsection, the retirant's retirement allowance shall revert to a straight retirement allowance, including postretirement adjustments, if any, subject to an award or order of the court as described in the public employee retirement benefit protection act. The retirement allowance shall revert to a straight retirement allowance under this subsection effective the first of the month after the date the retirement system receives a certified copy of the judgment of divorce or award or order of the court. This subsection does not supersede a judgment of divorce or award or order of the court in effect on June 27, 1991. This subsection does not require the retirement system to distribute or pay retirement assets on behalf of a retirant in an amount that exceeds the actuarially determined amount that would otherwise become payable if a judgment of divorce had not been rendered.

(7) If the retirement allowance payments terminate before an aggregate amount equal to the retirant's accumulated contributions has been paid, the difference between the retirant's accumulated contributions and the aggregate amount of retirement allowance payments made shall be paid to the person designated in a writing filed with the retirement board on a form provided by the retirement board. If the designated person does not survive the retirant or retirement allowance beneficiary, the difference shall be paid to the deceased recipient's estate or to the legal representative of the deceased recipient.

38.1408 Administration of retirement system as qualified pension plan created in trust under internal revenue code; requirements and benefit limitations; qualified military service.

Sec. 108. (1) This section is enacted pursuant to federal law that imposes certain administrative requirements and benefit limitations for qualified governmental plans. This state intends that the retirement system be a qualified pension plan created in trust under section 401 of the internal revenue code and that the trust be an exempt organization under section 501 of the internal revenue code. The department shall administer the retirement system to fulfill this intent.

(2) Except as otherwise provided in this section, employer-financed benefits provided by the retirement system under this act shall not exceed $10,000.00 per year for a retirant who has 15 or more years of credited service at retirement.

(3) Employer-financed benefits provided by the retirement system under this act shall not exceed the limitation under subsection (2) unless application of this subsection results in a higher limitation. The higher limitation of this subsection applies to employer-financed benefits provided by the retirement system and, for purposes of section 415(b) of the internal revenue code, applies to aggregated benefits received from all qualified pension plans administered by the department of management and budget, office of retirement systems. Employer-financed benefits provided by the retirement system shall not exceed the lesser of the following:

(a) One of the following amounts that is applicable to the member:

(*i*) If a member retires at age 62 or older, $90,000.00 or the adjusted amount described in subsection (4) per year.

(*ii*) If a member retires at or after age 55 but before age 62, the actuarially reduced amount of the limitation prescribed in subparagraph (*i*) per year. The retirement system shall use an interest rate of 5% per year compounded annually to calculate the actuarial reduction in this subparagraph. However, the limitation in this subparagraph shall not be actuarially reduced below $75,000.00.

(*iii*) If a member retires before age 55, the actuarially reduced amount of the limitation prescribed in subparagraph (*ii*) per year. The retirement system shall use an interest rate of 5% per year compounded annually to calculate the actuarial reduction in this subparagraph.

(b) 100% of the member's average compensation for high 3 years as described in section 415(b)(3) of the internal revenue code.

(4) Section 415(d) of the internal revenue code requires the secretary of the treasury or his or her delegate to annually adjust the $10,000.00 limitation described in subsection (2) and the $90,000.00 limitation described in subsection (3)(a)(*i*) for increases in cost of living, beginning in 1988. This section shall be administered using the limitations applicable to each calendar year as adjusted by the secretary of the treasury or his or her delegate under section 415(d) of the internal revenue code. The retirement system shall adjust the benefits subject to the limitation each year to conform with the adjusted limitation.

(5) The assets of the retirement system shall be held in trust and invested for the sole purpose of meeting the legitimate obligations of the retirement system and shall not be used for any other purpose. The assets shall not be used for or diverted to a purpose other than for the exclusive benefit of the members, deferred members, retirants, and retirement allowance beneficiaries.

(6) The retirement system shall return post-tax member contributions made by a member and received by the retirement system to a member upon retirement, pursuant to internal revenue service regulations and approved internal revenue service exclusion ratio tables.

(7) The required beginning date for retirement allowances and other distributions shall not be later than April 1 of the calendar year following the calendar year in which the employee attains age 70-1/2 or April 1 of the calendar year following the calendar year in which the employee retires.

(8) If the retirement system is terminated, the interest of the members, deferred members, retirants, and retirement allowance beneficiaries in the retirement system is nonforfeitable to the extent funded as described in section 411(d)(3) of the internal revenue code and the related internal revenue service regulations applicable to governmental plans.

(9) Notwithstanding any other provision of this act to the contrary that would limit a distributee's election under this act, a distributee may elect, at the time and in the manner prescribed by the retirement board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. This subsection applies to distributions made on or after January 1, 1993.

(10) For purposes of determining actuarial equivalent retirement allowances under sections 45 and 85(1)(b), (1)(c), (1)(d), and (2), the actuarially assumed interest rate shall be 8% with utilization of the 1983 group annuity and mortality table.

(11) Notwithstanding any other provision of this section, the retirement system shall be administered in compliance with the provisions of section 415 of the internal revenue code and revenue service regulations under that section that are applicable to governmental plans. If there is a conflict between this section and another section of this or any other act of this state, this section prevails.

(12) Notwithstanding any other provision of this act, the compensation of a member of the retirement system shall be taken into account for any year under the retirement system only to the extent that it does not exceed the compensation limit established in section 401(a)(17) of the internal revenue code, as adjusted by the commissioner of internal revenue. This subsection applies to any person who first becomes a member of the retirement system on or after October 1, 1996.

(13) Notwithstanding any other provision of this act, contributions, benefits, and service credit with respect to qualified military service will be provided under the retirement system in accordance with section 414(u) of the internal revenue code. This subsection applies to all qualified military service on or after December 12, 1994.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless House Bill No. 5108 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved March 27, 2002.
Filed with Secretary of State March 27, 2002.

Compiler's note: House Bill No. 5108, referred to in enacting section 1, was filed with the Secretary of State March 27, 2002, and became P.A. 2002, No. 100, Imd. Eff. Mar. 27, 2002.

[No. 95]

(HB 5112)

AN ACT to amend 1992 PA 234, entitled "An act to establish a judges retirement system; to provide for the administration and maintenance of the retirement system; to create a retirement board; to prescribe the powers and duties of the retirement board; to establish certain reserves for the retirement system; to establish certain funds; to prescribe the powers and duties of certain state departments and certain state and local officials and employees; to prescribe penalties and provide remedies; and to repeal certain acts and parts of acts," by amending the title and sections 105, 213, 214, 216, 217, 304, 305, 308, 401a, 405, 506, 508, 604, 714, and 720 (MCL 38.2105, 38.2213, 38.2214, 38.2216, 38.2217, 38.2304, 38.2305, 38.2308, 38.2401a, 38.2405, 38.2506, 38.2508, 38.2604, 38.2664, and 38.2670), sections 105 and 604 as amended by 1995 PA 193, section 214 as amended and section 720 as added by 1996 PA 523, section 217 as amended by 1998 PA 99, and sections 401a, 506, 508, and 714 as amended by 1999 PA 215.

The People of the State of Michigan enact:

TITLE

An act to establish a judges retirement system; to provide for the administration and maintenance of the retirement system; to create a retirement board; to prescribe the powers and duties of the retirement board; to establish certain reserves for the retirement system; to establish certain funds; to prescribe the powers and duties of certain state departments and certain state and local officials and employees; to provide for certain disqualifications; to prescribe penalties and provide remedies; and to repeal acts and parts of acts.

38.2105 Definitions; E, F.

Sec. 105. (1) Beginning January 1, 2002, except as otherwise provided in this subsection, "eligible retirement plan" means an individual retirement account described in section 408(a) of the internal revenue code, an individual retirement annuity described in section 408(b) of the internal revenue code, an annuity plan described in section 403(a) of the internal revenue code, a qualified trust described in section 401(a) of the internal revenue code, an annuity contract described in section 403(b) of the internal revenue code, or an eligible plan under section 457(b) of the internal revenue code that is maintained by a state, political subdivision of a state, or an agency or instrumentality of a state or political subdivision of a state and that separately accounts for amounts transferred into such eligible plan under section 457(b) of the internal revenue code from this retirement system, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to a surviving spouse on or before December 31, 2001, an eligible retirement plan means an individual retirement account or an individual retirement annuity described above.

(2) Beginning January 1, 2002, "eligible rollover distribution" means a distribution of all or any portion of the balance to the credit of the distributee. Eligible rollover distribution does not include any of the following:

(a) A distribution made for the life or life expectancy of the distributee or the joint lives or joint life expectancies of the distributee and the distributee's designated beneficiary.

(b) A distribution for a specified period of 10 years or more.

(c) A distribution to the extent that the distribution is required under section 401(a)(9) of the internal revenue code.

(d) The portion of any distribution that is not includable in federal gross income, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities, except to the extent that such portion is paid to either of the following:

(*i*) An individual retirement account or annuity described in section 408(a) or (b) of the internal revenue code.

(*ii*) A qualified defined contribution plan described in section 401(a) or 403(a) of the internal revenue code that agrees to separately account for amounts so transferred, including separately accounting for the portion of the distribution that is includable in gross income and the portion of such distribution that is not includable in gross income.

(3) "Executive secretary" means the executive secretary of the retirement system as provided in section 205.

(4) Except as otherwise provided in this subsection, "final compensation" means the annual rate of compensation for the calendar year of retirement. For a member who retires on January 1, final compensation means the annual rate of compensation for the calendar year immediately preceding the date of retirement. Final compensation does not include an amount that exceeds the maximum salary set forth for that particular member or vested former member in the revised judicature act, if applicable. For a member who is a judge and who performs judicial duties for a limited period or a specific assignment as authorized by the supreme court pursuant to section 23 of article VI of the state constitution of 1963, final compensation means the annual rate of compensation the member was being paid at the termination of his or her tenure in office as an elected judge.

(5) "Former elected official" means a member who held a state elective office before membership in this retirement system, the former judges retirement system, or the former probate judges retirement system.

(6) "Former judges retirement system" means the state of Michigan judges' retirement system created by former 1951 PA 198.

(7) "Former probate judges retirement system" means the state of Michigan probate judges retirement system created by former 1954 PA 165.

38.2213 Reserve for investment income.

Sec. 213. (1) The reserve for investment income is created. The state treasurer shall credit to the reserve for investment income all interest, dividends, and other income from the investment of retirement system assets except for those of the reserve for health benefits created under section 214. The retirement system shall credit to the reserve for investment income all gifts and bequests to the retirement system; all forfeited contributions received pursuant to section 210; a surplus in any reserve created by this act except for those of the reserve for health benefits created under section 214; and all other money for which there is no specific disposition provided.

(2) Except as otherwise provided in this subsection, the retirement system shall annually credit interest on the preceding year balances in the reserve for member contributions, reserve for employer contributions, and the reserve for retirement benefits. However, the retirement system shall begin to calculate interest on member contributions made within a calendar year on the first day of the calendar year following the contribution and shall credit the interest on member contributions at the end of the calendar year. The retirement system shall charge the reserve for investment income the interest credited to the reserves under this subsection.

(3) The retirement system shall pay the expenses for the administration of the retirement system, exclusive of amounts payable as retirement allowances and other benefits provided in this act, from the reserve for investment income.

38.2214 Reserve for health benefits.

Sec. 214. The reserve for health benefits is created. The retirement system shall deposit into the reserve for health benefits the member contributions for health benefits required by section 305(1)(a), amounts transferred pursuant to section 217(1), and accumulated earnings on these amounts and contributions. The retirement system shall disburse from the reserve for health benefits the premiums for hospital and medical-surgical and sick care benefits as required by sections 509 and 719.

38.2216 Compliance with reciprocal retirement act.

Sec. 216. The retirement system shall comply with the reciprocal retirement act, 1961 PA 88, MCL 38.1101 to 38.1106, if a resolution electing to come under the provisions of the reciprocal retirement act, 1961 PA 88, MCL 38.1101 to 38.1106, is in effect.

38.2217 Court fee fund; applicability of section.

Sec. 217. (1) A court fee fund is created in the state treasury. The state treasurer shall deposit into the court fee fund all money received from the executive secretary pursuant to section 304(4). The state treasurer shall, if funds remain in the court fee fund after the transfer described in subsection (3), transmit a portion of the money in the court fee fund, not exceeding $2,200,000.00 in any fiscal year, to the court equity fund created by section 151b of the revised judicature act of 1961, 1961 PA 236, MCL 600.151b. If the court fee fund exceeds $2,200,000.00 in any fiscal year and $2,200,000.00 is transmitted to the court equity

fund, an amount may be appropriated from the court fee fund for operational expenses of trial courts. Operational expenses may include the payment of salaries of trial court judges other than judges of the district court. Any money remaining in the court fee fund at the end of the fiscal year shall remain in the court fee fund and shall not revert to the general fund.

(2) Notwithstanding any other provision of this act, if the retirement board establishes an arrangement and fund described in section 6 of the public employee retirement benefit preservation act, the benefits that are required to be paid from that fund shall, to the extent permitted by applicable law, be paid from a portion of the money in the court fee fund and any earnings on those amounts or other eligible funds. The retirement board shall determine the amount of the employer contributions or other eligible funds that shall be allocated to that fund and deposit that amount in that fund.

(3) The state treasurer shall, if funds remain in the court fee fund after the transfer described in subsection (2), transmit a portion of the money in the court fee fund and any earnings on those amounts to the reserve for health benefits created by section 214 to pay expected health care costs for the subsequent fiscal year that are not covered as a result of employee contributions under sections 305(1) and 714(6), and to pay, in an amount not to exceed $100,000.00 in each fiscal year, any health care costs not paid from the reserve for health benefits since fiscal year 1996-1997.

(4) This section applies unless the department receives notification from the United States internal revenue service that this section will cause the retirement system to be disqualified for tax purposes under the internal revenue code.

38.2304 Deposit of court fees, late fees, and interest payments.

Sec. 304. (1) Except as provided in subsection (4), the retirement system shall transmit all court fees received by the executive secretary and all late fees and interest payments received under this section to the state treasurer for deposit in the reserve for employer contributions where these assets and earnings on these assets shall be treated as pension assets.

(2) The retirement board may periodically establish a late fee and interest rate for all court fees that are not submitted to the executive secretary as prescribed in subsection (3). The retirement board shall establish a late fee of $50.00 or more and an interest rate of 12% or more per year for a late transmittal of court fees.

(3) If the county treasurer, clerk of the circuit court, or clerk of the district court fails to transmit to the executive secretary all court fees by the twentieth day of the month following the month in which they are collected under the revised judicature act, the retirement system shall assess a late fee for each late transmittal and an interest payment for each day the transmittal is late. Upon written notice from the executive secretary to the director of the supreme court finance office, the state treasurer shall withhold payment of the amount due under this section for late court fees, late fees, and interest payments from the salary standardization payment payable to a county or district control unit that fails to make timely court fee transmittals as required by this section.

(4) When the retirement system determines that the amount of court fees deposited into the reserve for employer contributions under subsection (1) equals the amount needed in addition to other publicly financed contributions to sustain the required level of publicly financed contributions, based upon the most recent actuarial valuation available at the beginning of the applicable fiscal year, the executive secretary shall transmit to the state treasurer the remainder of the court fees received during the fiscal year for deposit into the court fee fund created by section 217 where these assets and any earnings on

these assets shall not be treated as pension assets for any purpose. This subsection applies unless the department receives notification from the United States internal revenue service that this subsection will cause the retirement system to be disqualified for tax purposes under the internal revenue code.

38.2305 Contributions; plan member classification; manner of payment; withholding payment to county or district control unit for contributions not received within 60 days.

Sec. 305. (1) Each member, upon taking office and so long as he or she remains in office, shall make contributions to the retirement system according to the applicable plan member classification as follows:

(a) A plan 1 member or a plan 2 member shall contribute 5% of the member's compensation. From this contribution, the retirement system shall deposit an amount equal to 2.0% of the member's compensation into the reserve for health benefits for hospital and medical-surgical and sick care benefits as provided in section 509.

(b) A plan 3a member, a plan 3b member, or a plan 5 member shall contribute 3.5% of the member's compensation.

(c) A plan 3c member, a plan 4 member, a plan 6 member, or a plan 7 member shall contribute 7% of the member's compensation. However, a plan 6 member shall not contribute more than $980.00 annually.

(2) The retirement board shall determine the manner in which member contributions are paid. Except as otherwise provided in this section, the retirement system shall credit member contributions when received to the reserve for member contributions.

(3) Upon written notice from the executive secretary to the state court administrator, the state treasurer shall withhold payment of the amount due from the salary standardization payment payable to a county or district control unit for member contributions that are not received by the retirement system within 60 days after the due date.

38.2308 Offsetting benefits against amounts owed; forfeiture of service credit for transfer to federal agency; rights subject to public employee retirement benefit protection act.

Sec. 308. (1) The retirement system may offset retirement benefits or refunds payable under this act against amounts owed to the retirement system by a member, vested former member, retirant, retirement allowance beneficiary, or refund beneficiary.

(2) If the retirement system is required by the federal government pursuant to a court order to transmit a part of a member's accumulated contributions to a federal agency, the service credit that is covered by the payment shall be forfeited in the same manner as if the employee had requested and been paid a refund of the member's most recent contributions.

(3) The right of a person to a retirement allowance, to the return of accumulated contributions, to an optional benefit, to any other right accrued or accruing to a member or beneficiary under this act, and to the money belonging to the retirement system is subject to the public employee retirement benefit protection act.

38.2401a Exclusion from Tier 1; eligibility as qualified participant in Tier 2.

Sec. 401a. (1) Notwithstanding section 401, an individual described in this subsection is not a member of the Tier 1 retirement plan:

(a) An individual who first becomes a judge or state official on or after March 31, 1997.

(b) An individual who elects to terminate membership under section 701 or 701a and who, but for that election, would otherwise be eligible for membership in Tier 1 pursuant to section 401.

(2) An individual who first becomes a judge or state official on or after March 31, 1997 is eligible to be a qualified participant in Tier 2 subject to article VII.

38.2405 Accumulated contributions; payment to person ceasing to be member; payment to refund beneficiary before retirement allowance is payable; payment to refund beneficiary if retirant and option A beneficiary, option B beneficiary, or spouse dies; nomination of refund beneficiary.

Sec. 405. (1) Except as otherwise provided in this act, if a person ceases to be a member before satisfying the age and service requirements for a retirement allowance under section 501 or 501b, the retirement system shall pay to the person his or her accumulated contributions upon request.

(2) If a member dies and a retirement allowance is not or will not become payable on account of the member's death, the retirement system shall pay the deceased member's accumulated contributions at the time of death to the refund beneficiary. If a refund beneficiary is not nominated or the refund beneficiary fails to survive the deceased member, the retirement system shall pay the deceased member's accumulated contributions to the deceased member's estate or legal representative.

(3) If a retirant and his or her option A beneficiary, option B beneficiary, or spouse, if applicable, dies before an aggregate amount of retirement allowance equal to the deceased retirant's accumulated contributions at the time of retirement has been paid, the retirement system shall pay the difference between the deceased retirant's accumulated contributions and the aggregate amount of retirement allowance paid to the deceased retirant's refund beneficiary. If a refund beneficiary is not nominated or the refund beneficiary fails to survive the retirant and his or her option A beneficiary, option B beneficiary, or spouse, the retirement system shall pay the difference to the estate or legal representative of the last to die of the retirant or his or her option A beneficiary, option B beneficiary, or spouse.

(4) A judge or state official who becomes a member under section 401(1)(a) may nominate a refund beneficiary in the membership form under section 401 or a member, vested former member, or retirant may nominate a refund beneficiary in a nominating form furnished by the retirement system. A member, vested former member, or retirant shall file the nominating form with the retirement system, which form is not valid until received by the retirement system. The member or retirant may nominate a different refund beneficiary by delivering a new nominating form to the retirement system. The retirement system shall disregard the nomination of a refund beneficiary in the membership form and all nominating forms previously filed by a member or retirant upon receipt of a more recent nominating form under this subsection.

38.2506 Election of straight life retirement allowance or optional retirement allowance.

Sec. 506. (1) Upon application for retirement under this act, a member or vested former member who meets the requirements of section 501 may elect to receive a retirement allowance as a straight life retirement allowance or as an optional retirement allowance under 1 of the payment options provided in this section. The member or vested former member shall file a written election with the retirement system before the effective date of the retirement allowance. If a member or vested former member fails to

file a written election under this subsection, the member or vested former member is considered to have elected the straight life retirement allowance under section 503. The member or vested former member shall designate in the written election a retirement allowance beneficiary that shall be either the spouse, brother, sister, parent, or child, including an adopted child, of the member or vested former member. The amount of retirement allowance under options A and B are the actuarial equivalent of the amount of the straight life retirement allowance calculated under section 503. The options are as follows:

(a) Option A. The retirement system shall pay an optional retirement allowance to the retirant for life with the provision that upon the retirant's death, payment of the optional retirement allowance is continued throughout the lifetime of the retirement allowance beneficiary whom the member or vested former member designated in writing and filed with the retirement system at the time of election of the option.

(b) Option B. The retirement system shall pay an optional retirement allowance for life to the retirant with the provision that upon the retirant's death, payment of 1/2 of the optional retirement allowance is continued throughout the lifetime of the retirement allowance beneficiary whom the member or vested former member designated in writing and filed with the retirement system at the time of election of the option.

(2) Except as otherwise provided in this section, a retirant shall not change the election of a payment option or the designation of a retirement allowance beneficiary under subsection (1) after the retirement allowance effective date. If a retirant who elected a payment option under subsection (1)(a) or (b) dies, the retirement system shall pay the optional retirement allowance to the option A beneficiary or option B beneficiary effective the first day of the month following the retirant's death. If the option A or option B beneficiary designated under this section is the surviving spouse of the deceased retirant, the surviving spouse may elect to receive a retirement allowance as provided in section 508 in lieu of the survivor portion of the optional form of payment elected by the retirant under this section.

(3) If the option A beneficiary or option B beneficiary predeceases the retirant, the retirant's benefit reverts to a straight life retirement allowance and the retirement system shall begin payment of the straight life retirement allowance to the retirant effective the first day of the month following the option A or option B beneficiary's death.

(4) The retirement system shall provide each member or vested former member who applies for retirement a written explanation of the optional forms of payment under this section before the member or vested former member retires.

(5) If a retirant receiving an optional retirement allowance under this section is divorced from the spouse who had been designated the option A or option B beneficiary, the retirement system shall consider the election of the optional form of payment option under this section void if the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, described in the public employee retirement benefit protection act and dated after June 27, 1991 provides that the election of the optional form of payment option under this section is to be considered void by the retirement system and the retirant provides a certified copy of the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, to the retirement system. If the election of an optional form of payment under this section is considered void by the retirement system under this subsection, the retirant's retirement allowance shall revert to a straight life retirement allowance, including postretirement adjustments, if any, subject to an award or order of the court as described in the public employee retirement benefit protection act. The retirement allowance shall revert to a straight life retirement allowance under this subsection

effective the first of the month after the date the retirement system receives a certified copy of the judgment of divorce or award or order of the court. This subsection does not supersede a judgment of divorce or award or order of the court in effect on June 27, 1991. This subsection does not require the retirement system to distribute or pay retirement assets on behalf of a retirant in an amount that exceeds the actuarially determined amount that would otherwise become payable if a judgment of divorce had not been rendered.

(6) A member who continues active employment on or after the date he or she acquires 8 years of credited service or who becomes eligible for a retirement allowance as a vested former member under section 501, whichever occurs first, may file a written election with the retirement system to elect option A as provided in subsection (1)(a). The member or vested former member shall nominate a retirement allowance beneficiary in the written election in the same manner as if the member or vested former member were then retiring from service. If the beneficiary's death or divorce from the member or vested former member occurs before the effective date of the member's or vested former member's retirement, the member's or vested former member's election of option A and nomination of retirement allowance beneficiary is automatically revoked and the member or vested former member may again elect option A and nominate a retirement allowance beneficiary at any time before the effective date of retirement. If a member or vested former member who has made an election and nominated a retirement allowance beneficiary as provided in this subsection dies before the effective date of his or her retirement, then the retirement allowance beneficiary shall receive the retirement allowance that he or she would have been entitled to receive under option A if the member or vested former member had been retired on the date of the member's or vested former member's death. Except as otherwise provided by subsection (7), if a member or vested former member who has made an election under this subsection subsequently retires under this act, his or her election of option A takes effect at the time of retirement. The member or vested former member, before the effective date of retirement, but not after the effective date of retirement, may revoke his or her previous election of option A and elect to receive his or her retirement allowance as a straight life retirement allowance or under option B as provided for in subsection (1). This subsection does not apply on and after the date the settlement agreement in the case of Michigan judges assn v Treasurer of the State of Michigan, case no. 98-DT-72771-CV (Ed Mi), becomes of no further force or effect, is rendered null and void, or is otherwise terminated.

(7) If a member, vested former member, retiring member, or retiring vested former member is married on the effective date of the retirement allowance, an election under this section, other than an election of a payment option under subsection (1) naming the spouse as retirement allowance beneficiary, shall not be effective unless the election is signed by the spouse. However, this requirement may be waived by the retirement board if the signature of a spouse cannot be obtained because of extenuating circumstances. As used in this subsection, "spouse" means the person to whom the member, vested former member, retiring member, or retiring vested former member is married on the effective date of the retirement allowance.

38.2508 Death of member with 8 or more years of credited service or of vested former member before retirement; payment of retirement allowance.

Sec. 508. (1) If a member who has 8 or more years of credited service dies while in office or if a vested former member dies before retirement, the retirement system shall pay the following retirement allowance as applicable:

(a) If a member with 8 or more years of credited service dies while in office, or if a vested former member dies before retirement, and the member has an election of option A

in force as provided in section 506(6), then the retirement allowance beneficiary shall receive the retirement allowance that he or she would have been entitled to receive under option A if the member or vested former member had been retired on the date of the member's or vested former member's death.

(b) If a member with 8 or more years of credited service dies while in office, or if a vested former member dies before retirement, and the member or vested former member does not have an election of option A in force as provided in section 506(6), and leaves a surviving spouse, the spouse shall receive a retirement allowance computed in the same manner as if the member had retired effective the day before the date of his or her death, elected option A, and nominated the spouse as retirement allowance beneficiary.

(2) If the deceased vested former member had met the service requirements of section 501(1)(d), the surviving spouse may elect to receive a permanently reduced retirement allowance equal to the amount the deceased vested former member would have received as reduced by section 501(1)(d).

(3) If a retirant dies, the retirement system shall pay the following retirement allowance as applicable:

(a) If the retirant elected a straight life retirement allowance under section 506, the surviving spouse shall receive 1/2 the amount of the retirement allowance computed under section 503, based upon the deceased member's final compensation and credited service.

(b) If the retirant elected an optional retirement allowance under section 506, the retirement allowance beneficiary shall receive a retirement allowance as provided under section 506(1)(a) or (b).

(4) If the deceased member, vested former member, or retirant does not leave a surviving spouse or if the surviving spouse dies after the member's, vested former member's, or retirant's death, the retirement system shall pay to each of the member's, vested former member's, or retirant's unmarried children under the age of 19 years a retirement allowance equal to an equal share of the amount of the retirement allowance payable to a surviving spouse under subsection (1)(b) or subsection (3)(a).

(5) The retirement system shall begin payment of a retirement allowance under this section to a surviving beneficiary of a deceased member or retirant under this section on the first day of the month following the month in which the member or retirant dies. The retirement system shall begin payment of a retirement allowance to a surviving beneficiary of a deceased vested former member on the first day of the month following the month in which the vested former member otherwise would have been eligible to begin receiving benefits under section 501. The retirement system shall terminate payment of a retirement allowance to a surviving beneficiary upon the surviving beneficiary's death.

(6) The retirement system shall begin payment of a retirement allowance to a child of a deceased member or retirant under this section on the first day of the month following the month in which the member or retirant dies without a surviving spouse or the first day of the month following the month in which the surviving spouse dies, whichever is later. The retirement system shall begin payment of a retirement allowance to a child of a deceased vested former member under this section on the first day of the month following the month in which the vested former member dies, the first day of the month following the month in which the vested former member could have retired under section 501 if there is no surviving spouse, or the first day of the month following the month in which the surviving spouse of the vested former member dies, whichever is later. The retirement system shall terminate payment of a retirement allowance to a child upon his or her adoption, marriage, becoming 19 years old, or death, whichever occurs first.

However, the retirement system shall continue payment of a retirement allowance to a child who is attending school full-time during the period of full-time school attendance, but in no case beyond the child becoming 25 years old. Upon termination of a child's retirement allowance under this subsection, the retirement system shall divide that portion of the retirement allowance into equal shares and add it to the retirement allowance being paid to the remaining eligible children, if any, effective the first day of the month following termination of payment to the ineligible child.

(7) The retirement system shall not pay a retirement allowance under this section if an optional retirement allowance is being paid or will become payable to an option A beneficiary or option B beneficiary under section 506 or if a refund of accumulated contributions is paid under section 405.

(8) The surviving spouse of a deceased member may elect a refund of accumulated contributions in lieu of a retirement allowance under this section. The surviving spouse of a deceased retirant may elect to be paid a retirement allowance under this section in lieu of the survivor portion of the optional form of payment elected by the retirant under section 506.

38.2604 Intent of act; employer-financed benefits; limitations; use of assets; returning post tax member contributions; beginning date of distributions; termination of retirement system; election to roll-over to retirement plan; interest rate; compliance with section 415 of internal revenue code and regulations; qualified military service.

Sec. 604. (1) This section is enacted pursuant to section 401(a) of the internal revenue code that imposes certain administrative requirements and benefit limitations for qualified governmental plans. This state intends that the retirement system be a qualified pension plan created in trust under section 401 of the internal revenue code and that the trust be an exempt organization under section 501 of the internal revenue code. The department shall administer the retirement system to fulfill this intent.

(2) Except as otherwise provided in this section, employer-financed benefits provided by the retirement system under this act shall not exceed the lesser of $90,000.00 or 100% of the member's average compensation for high 3 years as described in section 415(b)(3) of the internal revenue code for retirement occurring at age 62 or older.

(3) The limitation on employer financed benefits provided by the retirement system under subsection (2) applies unless application of subsections (4) and (5) produces a higher limitation, in which case the higher limitation applies.

(4) If a member retires before age 62, the amount of $90,000.00 in subsection (2) is actuarially reduced to reflect payment before age 62. The retirement system shall use an interest rate of 5% per year compounded annually to calculate the actuarial reduction in this subsection. If this subsection produces a limitation of less than $75,000.00 at age 55, the limitation at age 55 is $75,000.00 and the limitations for ages under age 55 shall be calculated from a limitation of $75,000.00 at age 55.

(5) Section 415(d) of the internal revenue code requires the commissioner of internal revenue to adjust the $90,000.00 limitation in subsection (2) to reflect cost of living increases, beginning with calendar year 1988. This subsection shall be administered using the limitations applicable to each calendar year as adjusted by the commissioner of internal revenue under section 415(d) of the internal revenue code. The retirement system shall adjust the benefits subject to the limitation each year to conform with the adjusted limitation.

(6) The assets of the retirement system shall be held in trust and invested for the sole purpose of meeting the legitimate obligations of the retirement system and shall not be used for any other purpose. The assets shall not be used for or diverted to a purpose other than for the exclusive benefit of the members, vested former members, retirants, and retirement allowance beneficiaries before satisfaction of all retirement system liabilities.

(7) The retirement system shall return post-tax member contributions made by a member and received by the retirement system to a member upon retirement, pursuant to internal revenue service regulations and approved internal revenue service exclusion ratio tables.

(8) The required beginning date for retirement allowances and other distributions shall not be later than April 1 of the calendar year following the calendar year in which the employee attains age 70-1/2 or April 1 of the calendar year following the calendar year in which the employee retires.

(9) If the retirement system is terminated, the interest of the members, vested former members, retirants, and retirement allowance beneficiaries in the retirement system is nonforfeitable to the extent funded as described in section 411(d)(3) of the internal revenue code and related internal revenue service regulations applicable to governmental plans.

(10) Notwithstanding any other provision of this act to the contrary that would limit a distributee's election under this act, a distributee may elect, at the time and in the manner prescribed by the retirement board, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. This subsection applies to distributions made on or after January 1, 1993.

(11) For purposes of determining actuarial equivalent retirement allowances under sections 506(1)(a) and (b) and 602, the actuarially assumed interest rate shall be 8% with utilization of the 1983 group annuity and mortality table.

(12) Notwithstanding any other provision of this section, the retirement system shall be administered in compliance with the provisions of section 415 of the internal revenue code and revenue service regulations under that section that are applicable to governmental plans. If there is a conflict between this section and another section of this or any other act of this state, this section prevails.

(13) Notwithstanding any other provision of this act, the compensation of a member of the retirement system shall be taken into account for any year under the retirement system only to the extent that it does not exceed the compensation limit established in section 401(a)(17) of the internal revenue code, as adjusted by the commissioner of internal revenue. This subsection applies to any person who first becomes a member of the retirement system on or after October 1, 1996.

(14) Notwithstanding any other provision of this act, contributions, benefits, and service credit with respect to qualified military service will be provided under the retirement system in accordance with section 414(u) of the internal revenue code. This subsection applies to all qualified military service on or after December 12, 1994.

38.2664 Contributions by employer and participant.

Sec. 714. (1) This section is subject to the vesting requirements of section 715.

(2) A qualified participant's employer shall contribute to the qualified participant's account in Tier 2 an amount equal to 4% of the qualified participant's salary.

(3) A qualified participant may periodically elect to contribute up to 3% of his or her salary to his or her Tier 2 account. The qualified participant's employer shall make an additional contribution to the qualified participant's Tier 2 account in an amount equal to the contribution made by the qualified participant under this subsection.

(4) A qualified participant may make contributions in addition to contributions made under subsection (3) to his or her Tier 2 account as permitted by the state treasurer and the internal revenue code. The qualified participant's employer shall not match contributions made by the qualified participant under this subsection.

(5) A qualified participant who makes a written election under section 701a may elect to contribute up to 6% of his or her salary to his or her Tier 2 account. In lieu of employer contributions under subsection (3), the qualified participant's employer shall make an additional contribution to the qualified participant's Tier 2 account in an amount equal to the contribution made by the qualified participant under this subsection. This subsection applies for a period as determined by the department that equals the time in which a Tier 1 member was not able to make contributions to the Tier 2 plan because of the temporary restraining order issued in the case of Michigan judges assn v Treasurer of the State of Michigan, case no. 98-DT-72771-CV (Ed Mi).

(6) Beginning January 1, 2002, each qualified participant who is a plan 1 member or a plan 2 member, upon taking office and so long as he or she remains in office, shall contribute 2.0% of the qualified participant's compensation to the retirement system. The retirement system shall deposit the contribution under this subsection into the reserve for health benefits for hospital and medical-surgical and sick care benefits as provided in section 719.

38.2670 Distributions; exemption from tax; right of setoff to recover overpayments; satisfaction of claims arising from embezzlement or fraud; correction of errors.

Sec. 720. (1) Distributions from employer contributions made pursuant to section 714(2) and (3) and earnings on those employer contributions, and distributions from employee contributions made pursuant to section 714(3) and earnings on those employee contributions, are exempt from any state, county, municipal, or other local tax.

(2) The state treasurer has the right of setoff to recover overpayments made under this act and to satisfy any claims arising from embezzlement or fraud committed by a qualified participant, former qualified participant, refund beneficiary, or other person who has a claim to a distribution or any other benefit from Tier 2.

(3) The state treasurer shall correct errors in the records and actions in Tier 2 under this act, and shall seek to recover overpayments and shall make up underpayments.

Conditional effective date.

AN ACT to amend 1957 PA 261, entitled "An act for the creation, maintenance, and administration of a legislative members' and presiding officers' retirement system within the legislature; to provide retirement allowances to the participants of the retirement system, and survivors' allowances and other benefits to their beneficiaries upon death; to exempt those allowances and benefits from certain taxes and legal processes; to authorize and make appropriations for the retirement system; to prescribe the powers and duties of certain state departments, agencies, officials, and employees; and to prescribe penalties and provide remedies," by amending the title and sections 8a, 9, 13a, 14, 20, 22a, 22c, 23, 23d, 26, 30, 57, 59a, 61, 62, 63, and 80 (MCL 38.1008a, 38.1009, 38.1013a, 38.1014, 38.1020, 38.1022a, 38.1022c, 38.1023, 38.1023d, 38.1026, 38.1030, 38.1057, 38.1059a, 38.1061, 38.1062, 38.1063, and 38.1080), the title as amended and sections 61, 63, and 80 as added by 1996 PA 486, sections 8a and 59a as added by 1995 PA 175, sections 9, 22c, 23, 23d, and 26 as amended by 1998 PA 501, section 13a as amended by 1998 PA 78, sections 14 and 20 as amended by 1981 PA 123, sections 22a and 30 as amended by 1994 PA 359, section 57 as amended by 1995 PA 258, and section 62 as amended by 1998 PA 305.

The People of the State of Michigan enact:

TITLE

An act for the creation, maintenance, and administration of a legislative members' and presiding officers' retirement system within the legislature; to provide retirement allowances to the participants of the retirement system, and survivors' allowances and other benefits to their beneficiaries upon death; to exempt those allowances and benefits from certain taxes and legal processes; to establish certain funds in connection with the retirement system; to authorize and make appropriations for the retirement system; to prescribe the powers and duties of certain state departments, agencies, officials, and employees; and to prescribe penalties and provide remedies.

38.1008a "Eligible retirement plan," "eligible rollover distribution," and "internal revenue code" defined.

Sec. 8a. (1) Beginning January 1, 2002, except as otherwise provided in this subsection, "eligible retirement plan" means an individual retirement account described in section 408(a) of the internal revenue code, an individual retirement annuity described in section 408(b) of the internal revenue code, an annuity plan described in section 403(a) of the internal revenue code, or a qualified trust described in section 401(a) of the internal revenue code, an annuity contract described in section 403(b) of the internal revenue code, or an eligible plan under section 457(b) of the internal revenue code that is maintained by a state, political subdivision of a state, or an agency or instrumentality of a state or political subdivision of a state and that agrees to separately account for amounts transferred into the eligible plan under section 457(b) of the internal revenue code from this retirement system, that accepts the distributee's eligible rollover distribution. However, in the case of an eligible rollover distribution to a surviving spouse on or before December 31, 2001, an eligible retirement plan means an individual retirement account or an individual retirement annuity described above.

(2) Beginning January 1, 2002, "eligible rollover distribution" means a distribution of all or any portion of the balance to the credit of the distributee. Eligible rollover distribution does not include any of the following:

(a) A distribution made for the life or life expectancy of the distributee or the joint lives or joint life expectancies of the distributee and the distributee's designated beneficiary.

(b) A distribution for a specified period of 10 years or more.

(c) A distribution to the extent that the distribution is required under section 401(a)(9) of the internal revenue code.

(d) The portion of any distribution that is not includable in federal gross income, determined without regard to the exclusion for net unrealized appreciation with respect to employer securities, except to the extent that the portion of the distribution that is not includable in federal gross income is paid to either of the following:

(*i*) An individual retirement account or annuity described in section 408(a) or (b) of the internal revenue code.

(*ii*) A qualified defined contribution plan as described in section 401(a) or 403(a) of the internal revenue code that agrees to separately account for amounts so transferred, including separately accounting for the portion of the distribution which is includable in gross income and the portion of such distribution which is not so includable.

(3) "Internal revenue code" means the United States internal revenue code of 1986.

38.1009 "Salary" defined.

Sec. 9. (1) "Salary" means the compensation, common to all legislators, exclusive of travel allowance, paid by the state for 1 year of service as a legislator. A member shall contribute to the retirement system based on the percentage applied to that salary.

(2) For purposes of section 23, salary also includes an additional 2% through December 30, 1986, and 4% beginning December 31, 1986, compounded annually and added for each year or portion of a year that expires after the member terminates service and before the member retires, of the member's greatest salary determined pursuant to subsection (1) received in 1 calendar year. This subsection only applies to a member who first becomes a member on or before January 1, 1995, and whose service terminates on or after December 1, 1978.

(3) For purposes of section 23, for a member who left service before December 1, 1978, salary also includes an additional 2% for each year beginning January 1, 1979 through December 30, 1986 and 4% beginning December 31, 1986, compounded annually and added for each year or portion of a year that expires after the member terminates service and before the member retires, of the member's greatest salary determined pursuant to subsection (1) received in 1 calendar year.

(4) For purposes of section 23, salary also includes an amount equal to the greatest amount of additional compensation received in 1 calendar year as a result of being in a leadership position, divided by 5, and then multiplied by the number of years or portion of a year, not to exceed 8, in which the member was in a leadership position and received additional compensation. Before a member who first becomes a member on or before January 1, 1995, may have the additional compensation included in salary under this subsection, the member shall pay to the retirement system a sum equal to 9% of the total additional compensation received. Before a member who first becomes a member after January 1, 1995, may have the additional compensation included in salary under this subsection, the member shall pay to the retirement system a sum equal to 7% of the total additional compensation received.

38.1013a "Survivor," "eligible child," and "surviving spouse" defined.

Sec. 13a. (1) "Survivor" means the eligible surviving spouse or eligible child or children of a member, deferred vested member, or retirant.

(2) "Eligible child" means an unmarried child of a member, deferred vested member, or retirant who is:

(a) Under 18 years of age.

(b) Over 18 years of age with a mental or physical disability that precludes engaging in any gainful occupation.

(c) Over 18 years of age and regularly attending high school or an accredited institution of higher learning until becoming 25 years of age or no longer regularly attending school, whichever first occurs.

(3) "Surviving spouse" means the person to whom a member, deferred vested member, or retirant is legally married at the time of his or her death.

38.1014 "Refund beneficiary" defined.

Sec. 14. "Refund beneficiary" means the 1 or more persons named by a member, deferred vested member, or retirant in writing and filed in the office of the retirement system to receive any refund of a member, deferred vested member, or retirant's contributions upon his or her death if a survivor's retirement allowance is not payable

under this act. In the absence of a valid beneficiary designation, refund payment shall be made to the executor or personal representative of the deceased for the benefit of the estate.

38.1020 Members' retirement fund; creation; purpose; computing retirement reserves for retirement allowances; financing; state's appropriations for current service, accrued service, and retirement allowances; allocation of employer contributions.

Sec. 20. (1) The members' retirement fund is created. The fund shall accumulate reserves for the payment of retirement allowances to retired members and deferred vested members as provided in this act. Upon the basis of mortality and other experience tables, and the prescribed rate of interest, as the board shall adopt, the actuary shall compute annually the amount of retirement reserves for retirement allowances being paid to retirants and covering service rendered and to be rendered by members. It is the intention of this act that the retirement reserves shall be financed by other revenues to the fund and that annual appropriations shall be determined pursuant to subsections (2), (3), and (4).

(2) The state's appropriation for current service shall be an amount that, if paid annually during the future service of members, will be sufficient to provide the reserves at the time of the members' retirement, after allowing for the net contributions to the members' savings fund to be made by the members, for the future service portions of the retirement allowances to which the members might become entitled.

(3) The state's appropriation for members' accrued service shall be an amount that if paid annually over a period of years determined by the board, but not to exceed 50 years, will amortize at the prescribed rate of interest the unfunded reserves for the accrued service portions of the retirement allowances to which the members may become entitled.

(4) The state's appropriation for retirement allowances being paid from the members' retirement fund shall be an amount that if paid annually over a period of years determined by the board, but not to exceed 50 years, will amortize at the prescribed rate of interest the unfunded reserves for the retirement allowances.

(5) Notwithstanding any other provision of this act, if the retirement board establishes an arrangement and fund as described in section 6 of the public employee retirement benefit preservation act, the benefits that are required to be paid from that fund shall be paid from a portion of the employer contributions described in this section or other eligible funds. The retirement board shall determine the amount of the employer contributions or other eligible funds that shall be allocated to that fund and deposit that amount in that fund before it deposits any remaining employer contributions or other eligible funds in the pension fund.

38.1022a Income fund; creation; purpose; interest, dividends, and other income; expenses.

Sec. 22a. (1) An income fund is created in the retirement system. The retirement system shall credit to the income fund all interest, dividends, and other income from the investment of retirement system assets and all other money for which there is no specific disposition provided in this act.

(2) The retirement board annually shall credit regular interest on the preceding year balances in the members' retirement fund, members' savings fund, survivors' retirement fund, grants and insurance revolving fund, and the health insurance fund. The retirement

board shall charge to the income fund the interest credited to the funds under this subsection.

(3) The retirement system shall pay the expenses for the administration of the retirement system, exclusive of amounts payable as retirement allowances and other benefits provided in this act, from the income fund.

38.1022c Health insurance fund; creation; disposition; disbursement; contributions; payroll deductions; nonrefundable.

Sec. 22c. (1) The health insurance fund is created in the retirement system. The retirement system shall deposit into the health insurance fund the member contributions for health benefits required by this section, subscriber co-payments, payments under section 79, regular interest from the income fund, and state appropriations. The retirement system shall disburse from the health insurance fund the premiums or portion of the premiums for dental, hospital, and medical coverage insurance as required by sections 50b and 79.

(2) Except as otherwise provided in this subsection, a member shall make contributions to the health insurance fund of 1% of each payment of salary received that is attributable to service performed on and after January 1, 1995. Beginning on the effective date of section 36a, a member who first became a member of Tier 1 on or before January 1, 1995 shall make contributions to the health insurance fund of 9% of each payment of salary received by the member for service as a member. Beginning on the effective date of section 36a, a member who first became a member of Tier 1 after January 1, 1995 shall make contributions to the health insurance fund of 7% of each payment of salary received by the member for service as a member. The increased contributions required under this subsection by the amendatory act that added section 36a will continue unless suspended by the board under section 36a. The contributions shall be made by payroll deductions and each member is considered to consent to the deductions as a condition of membership in the retirement system.

(3) Except as otherwise provided by this act, membership contributions to the health insurance fund are not refundable.

38.1023 Requirements for entitlement to retirement allowance; right to allowance; amount; recalculation of retirement allowance; election to defer receipt of retirement allowance; computation of retirement allowance; longevity allowance.

Sec. 23. (1) A member or deferred vested member who meets the following requirements shall be entitled to a retirement allowance:

(a) The member or deferred vested member qualifies under 1 of the following:

(*i*) Has not less than 8 years of service.

(*ii*) Has not less than 6 years of service, and has been elected, qualified, and seated not less than 4 times for full or partial terms if a member of the house or not less than 2 times if a member of the senate elected after November 7, 1966, or has not less than 6 years of service and has been elected, qualified, and seated not less than 2 times for full or partial terms as a member of the house and not less than 1 time as a member of the senate elected after November 7, 1966.

(*iii*) Effective January 1, 1987, has not less than 5 years of service and has been elected, qualified, and seated for a full or partial term not less than 3 times if a member of the house or not less than 2 times if a member of the senate, or not less than 1 time as a member of the house and not less than 1 time as a member of the senate.

(b) The member or deferred vested member has attained 55 years of age.

(c) The member or deferred vested member has filed with the board a written application for a retirement allowance that states the years of service, the highest salary received during the member's or deferred vested member's service before application, and the date the member or deferred vested member desires to be retired, which date shall be not more than 90 days after the execution and filing of the application.

(2) A member shall not be entitled to receive a retirement allowance provided for in this section or section 23d while serving as a legislator or lieutenant governor. Each person receiving benefits under this act consents and agrees as a condition of receiving the benefits that benefits of any nature shall not be paid while the person is a legislator or lieutenant governor.

(3) A deferred vested member who left service after December 31, 1974, and before January 1, 1979, and who becomes a retirant shall be entitled to an annual retirement allowance of 30% of the salary stated in the application for the first 8 years of service plus 3.75% for each of the next 8 years of service. A fraction of a year of service in excess of 8 years shall be prorated. If the retirant has less than 8 years of service but qualifies by the election method, the retirement allowance shall be that proportion of 30% that his or her years of service and fraction of a year of service bears to 8 years. Years of service listed in the application need not be consecutive but shall have been rendered before payment of the retirement allowance. Except as provided in section 23c, a retirement allowance shall not exceed 60% of the salary stated in the application.

(4) A member who retired after December 31, 1978 and before January 1, 1987, or a deferred vested member who left service after December 31, 1978 and before January 1, 1987, and becomes a retirant, shall be entitled to an annual retirement allowance of 32% of the salary stated in his or her application for the first 8 years of service plus 4% for each of the next 8 years of service. A fraction of a year of service in excess of 8 years shall be prorated. If the member or deferred vested member has less than 8 years of service but qualifies by the election method, the retirement allowance shall be that proportion of 32% that his or her years of service and fraction of a year of service bears to 8 years. Years of service listed in the application need not be consecutive, but shall have been rendered before payment of the retirement allowance. Except as provided in section 23c, a retirement allowance shall not exceed 64% of the salary stated in the application.

(5) A member who first becomes a member on or before January 1, 1995 and who retires after December 31, 1986, or a deferred vested member who first becomes a member on or before January 1, 1995, who leaves service after December 31, 1986, and who becomes a retirant, shall be entitled to an annual retirement allowance of 20% of the salary stated in his or her application for the first 5 years of service plus 4% for each of the next 11 years of service. A fraction of a year of service in excess of 5 years shall be prorated. Years of service listed in the application need not be consecutive, but shall have been rendered before payment of the retirement allowance. Except as provided in this subsection and section 23c, a retirement allowance shall not exceed 64% of the salary stated in the application. Effective January 1, 1987, however, a member who first becomes a member on or before January 1, 1995 and who has 16 or more years of service shall also be entitled to a longevity allowance of 1.0% of the member's salary for each year of service beyond 16 years but, except as otherwise provided in this subsection, not to exceed 20 years. Except as provided in this subsection and section 23c, the retirement allowance of a member entitled to a longevity allowance under this subsection shall not exceed 68% of the salary stated in the application. Beginning January 1, 1989, a member who first becomes a member on or before January 1, 1995, who has 20 or more years of service, and who meets the age and service requirements or service requirements to be eligible to

receive a retirement allowance under this act shall be entitled to a longevity allowance of 1.0% of the member's salary for each year of service beyond 20 years.

(6) A member who first becomes a member on or after January 2, 1995 and who becomes a retirant under this act is entitled to an annual retirement allowance equal to the product of the following:

(a) The salary stated in his or her application.

(b) Years and fraction of a year of service.

(c) Three percent.

(7) A retirant who elects to purchase military service credit pursuant to section 11(2) shall have his or her retirement allowance recalculated to include the military service credit purchased pursuant to that section. The first payment of the recalculated retirement allowance shall be made effective with the first check after the recalculation is made.

(8) The retirement allowance of a retirant who, on January 1, 1987, satisfied the conditions required by section 9(3) shall have his or her retirement allowance recalculated to reflect the increase in salary for those years permitted by section 9(3) before the member became a retirant.

(9) Within 30 days after becoming 55 years of age, a deferred vested member may elect to defer receipt of the retirement allowance to which the member is entitled under this act to a date certain, not to exceed 70-1/2 years of age. Except as otherwise provided in this subsection, at the date the member designates to begin receipt of his or her retirement allowance, the member's retirement allowance shall be actuarially recomputed to reflect the member's age and life expectancy at initial receipt of the deferred retirement allowance. Upon request of the deferred vested member who elects to begin receiving his or her retirement allowance, the retirement board may pay to the member a lump sum payment of an amount equal to the sum of the retirement allowance that was deferred pursuant to this subsection. The retirement board shall not actuarially recompute the member's retirement allowance upon payment of a lump sum under this subsection. If a deferred vested member has elected to defer receipt of his or her retirement allowance under section 23(9)(a) and subsequently dies before retirement, 100% of his or her deferred benefit shall be paid in accordance with a beneficiary designation that the member shall have filed with the board.

(10) Notwithstanding subsection (1), a member or deferred vested member may retire with a retirement allowance computed according to the applicable provisions of this section if all of the following apply:

(a) The member or deferred vested member files a written application with the retirement board stating a date, not less than 30 nor more than 90 days after the execution and filing of the application, on which the member or deferred vested member desires to retire.

(b) On the last day of the month immediately preceding the retirement allowance effective date stated in the application, the member's or deferred vested member's combined age and length of credited service is equal to or greater than 70 years and the member or deferred vested member is 50 years of age or older.

(11) A member who retires before January 1, 1987 or a deferred vested member who leaves service before January 1, 1987 and becomes a retirant shall, in addition to the retirement allowance calculated under subsection (3) or (4), be entitled to a longevity allowance if the retirant or deferred vested member has more than 16 years of service. The longevity allowance is 1.0% of the former member's salary stated in the application for each year of service beyond 16 years but, except as otherwise provided in this

subsection, not to exceed 20. A member who retires before January 1, 1987 or a deferred vested member who leaves service before January 1, 1987 and becomes a retirant shall, in addition to the retirement allowance calculated under subsection (3) or (4), be entitled to a longevity allowance of 1.0% of the former member's salary stated in the application for each year of service beyond 20 years that was served after the member met the age and service requirements or service requirements to be eligible to receive a retirement allowance under this act. The retirement allowance of a retirant who satisfies the conditions under this subsection shall have his or her retirement allowance recalculated to reflect the longevity allowance for those years permitted by this subsection effective January 1, 1987 or the date of retirement, whichever is later. The application of the longevity allowance to the retirant's retirement allowance under this subsection shall be applied before the provisions of section 23c are applied to that retirement allowance. Except as provided in this subsection and section 23c, a retirement allowance shall not exceed 68% of the salary stated in the application.

38.1023d Disabled member; retirement allowance; annual examination.

Sec. 23d. (1) A member who meets the service requirements of section 23(1)(a) but not the age requirements of section 23(1)(b), a member who does not meet the requirements of section 23(10)(b), or a deferred vested member may receive a retirement allowance if the board has received a certification by not less than 2 licensed physicians appointed by the board stating that the member or deferred vested member is disabled from engaging in any substantial gainful activity by reason of a medically determinable physical or mental impairment that can be expected to result in death, or can be expected to last for a continuous period of 12 months or more.

(2) A member or deferred vested member who is determined eligible to receive a retirement allowance under subsection (1) shall receive the retirement allowance applicable to that member or deferred vested member provided for in section 23(4), (5), or (6).

(3) A member who is currently receiving compensation as a legislator or lieutenant governor shall not receive a retirement allowance under this section.

(4) The board may provide for the examination by 1 or more licensed physicians designated by the board at least once a year of a person who is receiving a retirement allowance under this section during the continuance of the disability. The board shall not provide for an examination after the member attains 55 years of age.

38.1026 Retirement system; board of trustees; membership; eligibility and terms; oath of office.

Sec. 26. (1) Beginning January 1, 1999, the retirement system shall be administered by a board of trustees, consisting of 11 persons as follows:

(a) Two members of the house of representatives appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed in the same manner as members of standing committees of the senate are appointed.

(c) Two retirants appointed by the speaker of the house of representatives and 2 retirants appointed by the senate majority leader.

(d) One deferred vested member appointed by the speaker of the house of representatives and 1 deferred vested member appointed by the senate majority leader. If a deferred vested member serving on the board becomes a retirant during his or her term of office, he or she shall be entitled to serve the remainder of his or her term of office.

(e) One participant of Tier 2 who was a former member of Tier 1 appointed in 1999 by the senate majority leader and beginning in 2001 appointed alternately by the speaker of the house of representatives and the senate majority leader. However, if there is no participant of Tier 2 who meets the former member requirement of this subdivision, then 1 additional deferred vested member appointed in the manner prescribed in this subdivision.

(2) Only members of the retirement system are eligible to serve as members on the board of trustees except for the retirants and Tier 2 participant authorized under subsection (1). Board members appointed under subsection (1)(a) and (b) are appointed for 2-year terms. Board members appointed under subsection (1)(c) are appointed for 4-year terms. Board members appointed for terms beginning in 1999 under subsection (1)(d) are appointed for 2-year terms. Board members appointed for terms beginning in 2001 under subsection (1)(d) are appointed for 4-year terms. A board member appointed for a term beginning in 1999 under subsection (1)(e) is appointed for a 2-year term. Beginning in 2001, a board member appointed under subsection (1)(e) is appointed for a 4-year term. For terms beginning on or after January 1, 1999, board members appointed under subsection (1)(c), (d), or (e) shall not serve as a board member under those subdivisions for a combined total of more than 8 years.

(3) Each person, whether appointed as a trustee or becoming a trustee ex officio, shall take an oath of office before the secretary of state, clerk of the house, or secretary of the senate, and, upon taking the oath, qualifies as a trustee. The oath of office shall be as prescribed under section 1 of article XI of the state constitution of 1963.

38.1030 Board of trustees; quorum, proxy.

Sec. 30. Each trustee is entitled to 1 vote on any action of the board and at least 6 concurring votes are necessary for any action by the board at a meeting. A decision or action shall not become effective, unless presented and so approved by the action of the board. A trustee shall not vote by proxy, but shall be present at the meeting in order to have his or her vote recorded.

38.1057 Retirement allowances, benefits, and credits not subject to taxation and public employee retirement benefit protection act.

Sec. 57. (1) All retirement allowances and other benefits payable under this act and all accumulated credits of members, deferred vested members, and retirants in this retirement system are not subject to taxation by this state or any political subdivisions of this state.

(2) All retirement allowances and other benefits payable under this act and all accumulated contributions of members, deferred vested members, and retirants in this retirement system are subject to the public employee retirement benefit protection act.

38.1059a Retirement system as qualified pension plan; administrative requirements and benefit limitations; qualified military service.

Sec. 59a. (1) This section is enacted pursuant to section 401(a) of the internal revenue code that imposes certain administrative requirements and benefit limitations for qualified governmental plans. This state intends that the retirement system be a qualified pension plan created in trust under section 401 of the internal revenue code and that the trust be an exempt organization under section 501 of the internal revenue code. The board of trustees shall administer the retirement system to fulfill this intent.

(2) Except as otherwise provided in this section, employer-financed benefits provided by the retirement system under this act shall not exceed the lesser of $90,000.00 or 100% of

the member's average compensation for high 3 years as described in section 415(b)(3) of the internal revenue code for retirement occurring at age 62 or older.

(3) The limitation on employer financed benefits provided by the retirement system under subsection (2) applies unless application of subsections (4) and (5) produces a higher limitation, in which case the higher limitation applies.

(4) If a member retires before age 62, the amount of $90,000.00 in subsection (2) is actuarially reduced to reflect payment before age 62. The retirement system shall use an interest rate of 5% per year compounded annually to calculate the actuarial reduction in this subsection. If this subsection produces a limitation of less than $75,000.00 at age 55, the limitation at age 55 is $75,000.00 and the limitations for ages under age 55 shall be calculated from a limitation of $75,000.00 at age 55.

(5) Section 415(d) of the internal revenue code requires the commissioner of internal revenue to adjust the $90,000.00 limitation in subsection (2) to reflect cost of living increases, beginning with calendar year 1988. This subsection shall be administered using the limitations applicable to each calendar year as adjusted by the commissioner of internal revenue under section 415(d) of the internal revenue code. The retirement system shall adjust the benefits subject to the limitation each year to conform with the adjusted limitation.

(6) The assets of the retirement system shall be held in trust and invested for the sole purpose of meeting the legitimate obligations of the retirement system and shall not be used for any other purpose. The assets shall not be used for or diverted to a purpose other than for the exclusive benefit of the members, vested former members, retirants, and retirement allowance beneficiaries before satisfaction of all retirement system liabilities.

(7) The retirement system shall return post-tax member contributions made by a member and received by the retirement system to a member upon retirement, pursuant to internal revenue service regulations and approved internal revenue service exclusion ratio tables.

(8) The required beginning date for retirement allowances and other distributions shall not be later than April 1 of the calendar year following the calendar year in which the employee attains age 70-1/2 or April 1 of the calendar year following the calendar year in which the employee retires.

(9) If the retirement system is terminated, the interest of the members, deferred vested members, retirants, and retirement allowance beneficiaries in the retirement system is nonforfeitable to the extent funded as described in section 411(d)(3) of the internal revenue code and related internal revenue service regulations applicable to governmental plans.

(10) Notwithstanding any other provision of this act to the contrary that would limit a distributee's election under this act, a distributee may elect, at the time and in the manner prescribed by the board of trustees, to have any portion of an eligible rollover distribution paid directly to an eligible retirement plan specified by the distributee in a direct rollover. This subsection applies to distributions made on or after January 1, 1993.

(11) For purposes of determining actuarial equivalent retirement allowances under this act, the actuarially assumed interest rate shall be 7% with utilization of the 1971 group annuity and mortality table.

(12) Notwithstanding any other provision of this section, the retirement system shall be administered in compliance with the provisions of section 415 of the internal revenue code and revenue service regulations under this section that are applicable to governmental

plans. If there is a conflict between this section and another section of this or any other act of this state, this section prevails.

(13) Notwithstanding any other provision of this act, the compensation of a member of the retirement system shall be taken into account for any year under the retirement system only to the extent that it does not exceed the compensation limit established in section 401(a)(17) of the internal revenue code, as adjusted by the commissioner of internal revenue. This subsection applies to any person who first becomes a member of the retirement system on or after October 1, 1996.

(14) Notwithstanding any other provision of this act, contributions, benefits, and service credit with respect to qualified military service will be provided under the retirement system in accordance with section 414(u) of the internal revenue code. This subsection applies to all qualified military service on or after December 12, 1994.

38.1061 Election to terminate membership in Tier 1 and become qualified participant in Tier 2; election by deferred vested member or former nonvested member; election as irrevocable; rights and duties; method of election; signature of spouse; waiver; election subject to eligible domestic relations order; notice of disqualification for tax purposes.

Sec. 61. (1) The retirement system shall provide an opportunity for each member who is a member on March 30, 1997, to elect in writing to terminate membership in Tier 1 and elect to become a qualified participant in Tier 2. An election made by a member under this subsection is irrevocable. The retirement system shall accept written elections under this subsection from members during the period beginning on January 2, 1998 and ending on April 30, 1998. A member who does not make a written election or who does not file the election during the period specified in this subsection continues to be a member of Tier 1. A member who makes and files a written election under this subsection elects to do all of the following:

(a) Cease to be a member of Tier 1 effective 12 midnight May 31, 1998.

(b) Become a qualified participant in Tier 2 effective 12:01 a.m., June 1, 1998.

(c) Except as otherwise provided in this subdivision, waive all of his or her rights to a pension, an annuity, a retirement allowance, an insurance benefit, or any other benefit under this act effective 12 midnight May 31, 1998. This subdivision does not affect a person's right to health benefits provided under this act pursuant to section 79.

(2) If an individual who was a deferred vested member on March 30, 1997, or an individual who was a former nonvested member on March 30, 1997 becomes a legislator or lieutenant governor and is again eligible for membership in Tier 1, the individual shall elect in writing to remain a member of Tier 1 or to terminate membership in Tier 1 and become a qualified participant in Tier 2. An election made by a deferred vested member or a former nonvested member under this subsection is irrevocable. The retirement system shall accept written elections under this subsection from a deferred vested member or a former nonvested member during the period beginning on the date of the individual's eligibility for membership and ending upon the expiration of 60 days after the date of that eligibility. A deferred vested member or former nonvested member who makes and files a written election to remain a member of Tier 1 retains all rights and is subject to all conditions as a member of Tier 1 under this act. A deferred vested member or former nonvested member who does not make a written election or who does not file the election during the period specified in this subsection continues to be a member of

Tier 1. A deferred vested member or former nonvested member who makes and files a written election to terminate membership in Tier 1 elects to do all of the following:

(a) Cease to be a member of Tier 1 effective 12 midnight on the last day of the payroll period that includes the date of the election.

(b) Become a qualified participant in Tier 2 effective 12:01 a.m. on the first day of the payroll period immediately following the date of the election.

(c) Except as otherwise provided in this subdivision, waive all of his or her rights to a pension, an annuity, a retirement allowance, an insurance benefit, or any other benefit under Tier 1 effective 12 midnight on the last day of the payroll period that includes the date of the election. This subdivision does not affect an individual's right to health benefits provided under this act pursuant to section 79.

(3) After consultation with the retirement system's actuary, the retirement board shall determine the method by which a member, deferred vested member, or former nonvested member shall make a written election under this section. If the member, deferred vested member, or former nonvested member is married at the time of the election, the election is not effective unless the election is signed by the individual's spouse. However, the retirement board may waive this requirement if the spouse's signature cannot be obtained because of extenuating circumstances.

(4) An election under this section is subject to the eligible domestic relations order act, 1991 PA 46, MCL 38.1701 to 38.1711.

(5) If the board receives notification from the United States internal revenue service that this section or any portion of this section will cause the retirement system to be disqualified for tax purposes under the internal revenue code, then the portion that will cause the disqualification does not apply.

38.1062 Election to terminate membership in retirement system under § 38.1061(1) and (2); transfer of lump sum amount; recomputation; calculation; basis; utilization of actuarial valuation report; notification of disqualification for tax purposes.

Sec. 62. (1) For a member who elects to terminate membership in Tier 1 under section 61(1), the retirement system shall direct the state treasurer to transfer a lump sum amount from the appropriate fund created under this act to the qualified participant's account in Tier 2 on or before September 30, 1998. The retirement system shall calculate the amount to be transferred, which shall be equal to the sum of the following:

(a) The member's accumulated contributions and applicable interest, if any, from the member's savings fund as of 12 midnight May 31, 1998.

(b) For a member who is vested under section 23(1)(a) as of 12 midnight on May 31, 1998, the excess, if any, of the actuarial present value of the member's accumulated benefit obligation, over the amount specified in subdivision (a), from the member's retirement fund. Except as provided in subsection (5), for the purposes of this subsection, the present value of the member's accumulated benefit obligation is based upon the member's estimated credited service and estimated final salary as of 12 midnight on May 31, 1998. The actuarial present value shall be computed as of 12 midnight May 31, 1998 and shall be based on the following:

(*i*) Eight percent effective annual interest, compounded annually.

(*ii*) A 50% male and 50% female gender neutral blend of the mortality tables used to project retirant longevity in the most recent actuarial valuation report.

(*iii*) A benefit commencement age, based upon the member's estimated credited service as of 12 midnight May 31, 1998. The benefit commencement age shall be the younger of the following, but shall not be younger than the member's age as of 12 midnight May 31, 1998:

(A) Age 55.

(B) The member's age, if the member is at least 50 years old and the sum of his or her age and estimated credited service equals or exceeds 70.

(c) Interest on any amounts determined in subdivisions (a) and (b), from June 1, 1998 to the date of the transfer, based upon 8% annual interest, compounded annually.

(2) For each member who elects to terminate membership in the retirement system under section 61(1), the retirement system shall recompute the amount transferred under subsection (1) not later than November 30, 1998 based upon the member's actual credited service and actual final salary as of 12 midnight May 31, 1998. If the recomputed amount differs from the amount transferred under subsection (1) by $10.00 or more, not later than December 15, 1998, the retirement system shall do all of the following:

(a) Direct the state treasurer to transfer from the members' retirement fund to the qualified participant's account in Tier 2 the excess, if any, of the recomputed amount over the previously transferred amount together with interest from 12 midnight May 31, 1998 to the date of the transfer under this subsection, based upon 8% effective annual interest, compounded annually.

(b) Direct the state treasurer to transfer from the qualified participant's account in Tier 2 to the members' retirement fund the excess, if any, of the previously transferred amount over the recomputed amount, together with interest, from the date of the transfer made under subsection (1), based upon 8% effective annual interest, compounded annually.

(3) For a deferred vested member who elects to terminate membership in this retirement system under section 61(2), the retirement system shall direct the state treasurer to transfer a lump sum amount from the appropriate fund created under this act to the qualified participant's account in Tier 2 on or before the expiration of 60 days after the date of the individual's termination of employment. The retirement system shall calculate the amount to be transferred, which shall be equal to the sum of the following:

(a) The deferred vested member's accumulated contributions and applicable interest, if any, from the members' savings fund as of 12 midnight on the last day of the payroll period that includes the date of the election.

(b) The excess, if any, of the actuarial present value of the deferred vested member's accumulated benefit obligation, over the amount specified in subdivision (a), from the members' retirement fund. Except as provided in subsection (5), for the purposes of this subsection, the present value of the deferred vested member's accumulated benefit obligation is based upon the deferred vested member's estimated credited service and estimated final salary as of 12 midnight on the last day of the payroll period that includes the date of the election. The actuarial present value shall be computed as of 12 midnight on that date and shall be based on the following:

(*i*) Eight percent effective annual interest, compounded annually.

(*ii*) A 50% male and 50% female gender neutral blend of the mortality tables used to project retirant longevity in the most recent annual actuarial valuation report.

(*iii*) A benefit commencement age, based upon the member's estimated credited service as of 12 midnight on the last day of the payroll period that includes the date of the election. The benefit commencement age shall be the younger of the following, but shall not be younger than the member's age as of 12 midnight on the last day of the payroll period that includes the date of the election:

(A) Age 55.

(B) The deferred member's age, if the deferred member is at least 50 years old and the sum of his or her age and estimated credited service equals or exceeds 70.

(c) Interest on any amounts determined in subdivisions (a) and (b), from the first day of the payroll period immediately following the date of the election to the date of the transfer, based upon 8% effective annual interest, compounded annually.

(4) For each deferred vested member who elects to terminate membership in Tier 1 under section 61(2), the retirement system shall recompute the amount transferred under subsection (3) not later than the expiration of 90 days after the transfer occurs under subsection (3) based upon the deferred vested member's actual credited service and actual final salary as of 12 midnight on the last day of the payroll period that includes the date of the election. If the recomputed amount differs from the amount transferred under subsection (3) by $10.00 or more, the retirement system shall do all of the following:

(a) Direct the state treasurer to transfer from the members' retirement fund to the qualified participant's account in Tier 2 the excess, if any, of the recomputed amount over the previously transferred amount together with interest from 12 midnight on the last day of the payroll period that includes the date of the election to the date of the transfer under this subsection, based upon 8% effective annual interest, compounded annually.

(b) Direct the state treasurer to transfer from the qualified participant's account in Tier 2 to the members' retirement fund the excess, if any, of the previously transferred amount over the recomputed amount, together with interest, from the date of the transfer made under subsection (3), based upon 8% effective annual interest, compounded annually.

(5) For the purposes of subsections (1) to (4), the calculation of estimated and actual present value of the member's or deferred vested member's accumulated benefit obligation shall be based upon methods adopted by the retirement system's actuary in consultation with the retirement board. The retirement system shall utilize the same actuarial valuation report used to calculate the amount transferred under subsection (1) or (3) when making the recomputation required under subsection (2) or (4). Estimated and actual final salary shall be determined as provided in section 9 as of 12 midnight on the date the member or deferred member ceases to be a member of Tier 1 under section 61.

(6) For a former nonvested member who elects to terminate membership in Tier 1 under section 61(2) and who has accumulated contributions standing to his or her credit in the members' savings fund, the retirement system shall direct the state treasurer to transfer a lump sum amount from the members' savings fund to the qualified participant's account in Tier 2 on or before the expiration of 60 days after the date of the individual's election to terminate membership. The retirement system shall calculate the amount to be transferred, which shall be equal to the sum of the following:

(a) The former nonvested member's accumulated contributions and applicable interest, if any, from the members' savings fund as of 12 midnight on the last day of the payroll period that includes the date of the election.

(b) Interest on any amounts determined in subdivision (a), from the first day of the payroll period immediately following the date of the election to the date of the transfer, based upon 8% effective annual interest, compounded annually.

(7) If the board receives notification from the United States internal revenue service that this section or any portion of this section will cause the retirement system to be disqualified for tax purposes under the internal revenue code, then the portion that will cause the disqualification does not apply.

38.1063 Calculation of accrued cost savings; submission of total amount in executive budget to legislature; appropriation; expenditure.

Sec. 63. After consulting the retirement system's actuary, the board shall calculate for each fiscal year any cost savings that have accrued to this state as a result of the implementation of the amendatory act that added this section over the costs that would have been incurred by this state to fund this retirement system had the amendatory act that added this section not been implemented. The total amount of the cost savings shall be submitted in the executive budget to the legislature for appropriation in the next succeeding state fiscal year to the health insurance fund created by section 22c. Any amount appropriated pursuant to this section and accumulated earnings on those amounts shall not be expended until the actuarial accrued liability for health benefits under section 50b is 100% funded.

38.1080 Distributions; exemption from tax; subject to public employee retirement benefit protection act; right of setoff to recover overpayment and satisfy claims; correction of errors in records and actions.

Sec. 80. (1) Distributions from employer contributions made pursuant to section 74(2) and (3) and earnings on those employer contributions, and distributions from employee contributions made pursuant to section 74(3) and earnings on those employee contributions, are exempt from any state, county, municipal, or other local tax and are subject to the public employee retirement benefit protection act.

(2) The state treasurer has the right of setoff to recover overpayments made under this act and to satisfy any claims arising from embezzlement or fraud committed by a qualified participant, former qualified participant, refund beneficiary, or other person who has a claim to a distribution or any other benefit from Tier 2.

(3) The state treasurer shall correct errors in the records and actions in Tier 2 under this act, and shall seek to recover overpayments and shall make up underpayments.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless House Bill No. 5108 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved March 27, 2002.
Filed with Secretary of State March 27, 2002.

Compiler's note: House Bill No. 5108, referred to in enacting section 1, was filed with the Secretary of State March 27, 2002, and became P.A. 2002, No. 100, Imd. Eff. Mar. 27, 2002.

[No. 98]

(HB 5111)

AN ACT to amend 1937 PA 345, entitled "An act to provide for the establishment, maintenance, and administration of a system of pensions and retirements for the benefit of the personnel of fire and police departments employed by cities, villages, or municipalities having full paid members in the departments, and for the spouses and children of the

members; to provide for the creation of a board of trustees to manage and operate the system; to authorize appropriations and deductions from salaries; to prescribe penalties and provide remedies; and to repeal all acts and parts of acts inconsistent therewith," by amending sections 6 and 9 (MCL 38.556 and 38.559), as amended by 1991 PA 54.

The People of the State of Michigan enact:

38.556 Age and service retirement benefits.

Sec. 6. (1) Age and service retirement benefits payable under this act are as follows:

(a) A member who is 55 years of age or older and who has 25 or more years of service as a police officer or fire fighter in the employ of the municipality affected by this act may retire from service upon written application to the retirement board stating a date, not less than 30 days or more than 90 days after the execution and filing of the application, on which the member desires to be retired. The retirement board shall grant the benefits to which the member is entitled under this act, unless the member continues employment. If the member continues employment, the member's pension shall be deferred with service years of credit until actual retirement. Upon the approval of the legislative body or the electors of a municipality under this act, a member under 50 years of age who has 25 or more years of service, or without the necessity for approval, a member 50 years of age or more who has 25 or more years of service, may leave service and receive the full retirement benefits payable throughout the member's life as provided in subdivision (e).

(b) A member who is 60 years of age or older shall be retired by the retirement board upon the written application of the legislative body, or board or official provided in the charter of the municipality as head of the department in which the member is employed. Upon retirement, the retirement board shall grant the benefits to which the member is entitled under this act, unless the member continues employment. If the member continues employment, the member's pension shall be deferred with service years of credit until actual retirement.

(c) A member who is 65 years of age shall be retired by the retirement board on the first day of the month following attainment of 65 years of age.

(d) A member who has 10 or more years of service shall have vested retirement benefits that are not subject to forfeiture on account of disciplinary action, charges, or complaints. If the member leaves employment before the date the member would have first become eligible to retire as provided in subdivision (a) for any reason except the member's retirement or death, the member is entitled to a pension that shall begin the first day of the calendar month immediately after the month in which the member's written application for the pension is filed with the retirement board that is on or after the date the member would have been eligible to retire had the member continued in employment. The retirement board shall grant the member the benefits to which the member is entitled under this act, unless the member resumes service. If the member resumes service, the member's pension shall be further deferred with service years of credit until the member actually retires.

(e) Upon retirement from service as provided in this subsection, a member shall receive a regular retirement pension payable throughout the member's life of 2% of the member's average final compensation multiplied by the first 25 years of service credited to the member, plus 1% of the member's average final compensation multiplied by the number of years, and fraction of a year, of service rendered by the member in excess of 25 years. A municipality under this act, upon approval of the legislative body or the electors of the municipality, may increase the percentage of the payment from 2% up to a maximum of 2.5%. If an increase is approved, the increase shall not be reduced for

members under the system at the time of the increase. The legislative body may also increase the percentage of employee contributions. If a retired member dies before the total of regular pension payments received by the member equals the total of the member's contributions made to the retirement system, the difference between the member's total contributions and the total of the member's regular retirement pension payments received shall be paid in a single sum to the person or persons the member nominates by written designation duly executed and filed with the retirement board. If there is not a person or persons surviving the retired member, the difference, if any, shall be paid to the retired member's legal representative or estate.

(f) As used in this section, "average final compensation" means the average of the highest annual compensation received by a member during a period of 5 consecutive years of service contained within the member's 10 years of service immediately preceding the member's retirement or leaving service. However, if so provided in a collective bargaining agreement entered into between a municipality under this act and the appropriate recognized bargaining agent, average final compensation may mean the average of the 3 years of highest annual compensation received by a member during the member's 10 years of service immediately preceding the member's retirement or leaving service. If the member has less than 5 years of service, average final compensation means the annual average compensation received by the member during his or her total years of service.

(g) A member shall be given service credit for time spent in the military, naval, marine, or other armed service of the United States government during time of war, or other national emergency recognized by the board, if the member was employed by the municipality at the time of entry into the armed service, and is or was reemployed by the municipality as a police officer or fire fighter within 6 months after the date of termination of his or her required enlistment or assignment in the armed service. A municipality by a 3/5 vote of its governing body or by a majority vote of the qualified electors may provide service credit for not more than 6 years of active military service to the United States government to a member who is employed subsequent to this military service upon payment to the retirement system of 5% of the member's full-time or equated full-time compensation for the fiscal year in which payment is made multiplied by the years of service that the member elects to purchase up to the maximum. Service is not creditable if it is or would be creditable under any other federal, state, or local publicly supported retirement system. However, this restriction does not apply to those persons who have or will have acquired retirement eligibility under the federal government for service in the reserve. A member shall be given service credit for the time the member is absent from active service without full pay on account of sickness or injury. If the absence from active service is due to nonservice connected sickness or injury, not more than 60 days of the absence shall be credited as service in any 1 calendar year, as determined by the retirement board.

(h) Before the effective date of the member's retirement as provided in this subsection, but not after the effective date of the member's retirement, a member may elect to receive his or her benefit in a pension payable throughout the member's life, called a regular retirement pension, or the member may elect to receive the actuarial equivalent, computed as of the effective date of retirement, of the member's regular retirement pension in a reduced retirement pension payable throughout the member's life, and nominate a survivor beneficiary, under an option provided in this subdivision. Upon the death of a retirant who retires on or after July 1, 1975, and who is receiving a regular retirement pension, his or her spouse, if living, shall receive a pension equal to 60% of the regular retirement pension the deceased retirant was receiving. Benefits shall not be paid under this subdivision on account of the death of a retirant if the member elected to

receive his or her pension under an option provided in this subdivision. As used in this subsection, "spouse" means the person to whom the retirant was legally married on both the effective date of retirement and the date of death. Except as otherwise provided in this act, if a member fails to elect an option before the effective date of retirement, then the pension shall be paid as a regular retirement pension. A member may elect 1 of the following options:

(*i*) Option I. Upon the death of a retired member, his or her reduced retirement pension shall be continued throughout the life of and paid to the person, having an insurable interest in the retired member's life, that the member nominated by written designation executed and filed with the retirement board before the effective date of the member's retirement.

(*ii*) Option II. Upon the death of a retired member, 1/2 of his or her reduced retirement pension shall be continued throughout the life of and paid to the person, having an insurable interest in the retired member's life, that the member nominated by written designation executed and filed with the retirement board before the effective date of the member's retirement.

(i) If a member continues in service on or after the date of acquiring 20 years of service credit, does not have an option I election provided for in subdivision (j) in force, and dies while in service of the municipality before the effective date of the member's retirement, leaving a surviving spouse, the spouse shall receive a pension computed in the same manner as if the member had retired effective the day preceding the date of the member's death, elected option I provided for in subdivision (h), and nominated the spouse as survivor beneficiary. Upon the death of the spouse the pension shall terminate. A pension shall not be paid under this subdivision on account of the death of a member if benefits are paid under subsection (2) on account of the member's death.

(j) A member who continues in service on or after the date of acquiring 25 years of service credit may, at any time before the effective date of the member's retirement, by written declaration executed and filed with the board in the manner and form prescribed by the board, elect option I provided for in subdivision (h) and nominate a survivor beneficiary whom the board finds to be dependent upon the member for at least 50% of the beneficiary's support. If a member who has an option I election provided for in this subdivision in force dies while in service before the effective date of the member's retirement, the member's survivor beneficiary shall immediately receive the same pension that the survivor beneficiary would have been entitled to receive under option I if the member had retired pursuant to this act effective the day preceding the date of the member's death, notwithstanding that the member may not have attained 55 years of age. If a member who has an option I election provided for in this subdivision in force subsequently retires pursuant to this act, the member, within 90 days immediately preceding the effective date of the member's retirement, but not after the effective date of the member's retirement, may elect an option provided for in subdivision (h). The option election is effective as of the effective date of the member's retirement. A pension shall not be paid under this subdivision on account of the death of a member if benefits are paid under subsection (2) on account of the member's death.

(k) If a retirant receiving a reduced retirement pension under subdivision (h)(*i*) or (*ii*) is divorced from the spouse who had been named the retirant's survivor beneficiary under subdivision (h)(*i*) or (*ii*), the election of a reduced retirement pension payment option shall be considered void by the retirement system if the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, described in section 9 and dated after the effective date of the amendatory act that added this subdivision provides that the election of a reduced retirement pension payment option

under subdivision (h)(*i*) or (*ii*) is to be considered void by the retirement system and the retirant provides a certified copy of the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, to the retirement system. If the election of a reduced retirement pension payment option under subdivision (h)(*i*) or (*ii*) is considered void by the retirement system under this subsection, the retirant's retirement pension shall revert to a regular retirement pension, including postretirement adjustments, if any, subject to an award or order of the court as described in the public employee retirement benefit protection act. The retirement pension shall revert to a regular retirement pension under this subdivision effective the first day of the month after the date the retirement system receives a certified copy of the judgment of divorce or award or order of the court. This subdivision does not supersede a judgment of divorce or award or order of the court in effect on the effective date of the amendatory act that added this subdivision. This subdivision does not require the retirement system to distribute or pay retirement assets on behalf of a retirant in an amount that exceeds the actuarially determined amount that would otherwise become payable if a judgment of divorce had not been rendered.

(2) Disability and service connected death benefits payable under this act are as follows:

(a) To a surviving spouse, a duty death pension of the same amount each week as that which has been paid the surviving spouse under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, to become due and payable on the termination of the payments to the surviving spouse by a municipality under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, and to continue for the surviving spouse's life or until his or her remarriage.

(b) If death results to a member in the line of duty, and the member leaves surviving children, the children shall be paid a pension of the same amount as that which has been paid to them as a weekly benefit under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, to become due and payable upon termination of the payments under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, and to continue to each surviving child until he or she attains 18 years of age, or until his or her marriage or death before attaining 18 years of age.

(c) If death results to a member in the line of duty and the member leaves other surviving dependents, the dependents shall receive a pension of the same amount as that which has been paid to them as a weekly benefit under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, to become due and payable upon termination of the payments under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, and to continue until the time the retirement board determines that the need for a pension no longer exists.

(d) Upon the application of a member or the member's department head, a member who becomes totally incapacitated for duty by reason of a personal injury or disease occurring as the natural and proximate result of causes arising out of and in the course of the member's employment by the municipality shall be retired by the retirement board. The member shall be given a medical examination by a medical committee consisting of a physician named by the retirement board, a physician named by the member claiming benefits, and a third physician designated by the first 2 physicians named. The medical committee, if determined by a majority opinion, shall certify in writing that the member is mentally or physically incapacitated for the further performance of duty as a police officer or fire fighter in the service of the municipality; that the incapacity is likely to be permanent; and that the member should be retired. Upon retirement for disability as provided in this subdivision, a member who has not attained 55 years of age shall receive a disability retirement pension of 50% of the member's average final compensation, which

shall be determined according to subsection (1)(f), and shall be payable until the member becomes 55 years of age. Upon becoming 55 years of age, the disabled member shall receive a disability retirement pension computed according to subsection (1)(e). In computing the disability retirement pension, the member shall be given service credit for the period of receipt of a disability retirement pension before attainment of 55 years of age. If a member retired after attaining 55 years of age on account of disability, as provided in this subdivision, the member shall receive a disability retirement pension computed according to subsection (1)(e), notwithstanding that the member may not have 25 years of service credit. The disability retirement pension provided for in this subdivision is subject to subdivisions (f) and (g).

(e) Upon the application of a member or the member's department head, a member in service who has 5 or more years of service credit and who becomes totally and permanently incapacitated for duty by reason of a personal injury or disease occurring as the result of causes arising outside the course of the member's employment by the municipality may be retired by the retirement board. The member shall be given a medical examination by a medical committee consisting of a physician named by the retirement board, a physician named by the member claiming benefits, and a third physician designated by the first 2 physicians named. The medical committee, if determined by a majority opinion, shall certify in writing that the member is mentally or physically incapacitated for the further performance of duty as a police officer or fire fighter in the service of the municipality, that the incapacity is likely to be permanent, and that the member should be retired. Upon retirement for disability, as provided in this subdivision, a member who has not attained 55 years of age shall receive a disability retirement pension until the member becomes 55 years of age, recovers, or dies, whichever occurs first, of 1.5% of the member's average final compensation multiplied by the number of years of service credited to the member. Upon becoming 55 years of age, the member's disability retirement pension shall be increased to 2% of the member's average final compensation multiplied by the number of years of service credited to the member at the time of his or her retirement. Upon retirement for disability as provided in this subdivision, a member who is 55 years of age or older shall receive a disability retirement pension computed according to subsection (1)(e). This subdivision is subject to subdivisions (f) and (g).

(f) At least once each year during the first 5 years after the retirement of a member with a disability retirement pension and at least once in every 3-year period after disability retirement, the retirement board may, and upon the retired member's application shall, require a retired member who has not attained 55 years of age to undergo a medical examination. The medical examination shall be given by or under the direction of a physician, designated by the retirement board, at the place of residence of the retired member or other place mutually agreed upon. If a retired member who has not attained 55 years of age refuses to submit to the medical examination in the period, the member's disability retirement pension may be discontinued by the retirement board. If the member's refusal continues for 1 year, all the member's rights to his or her disability retirement pension may be revoked by the retirement board. If upon a medical examination of the retired member the physician reports to the retirement board that the retired member is physically capable of resuming employment in the classification held by the member at the time of retirement, the member shall be restored to active service in the employ of the municipality and payment of the disability retirement pension shall cease if the report of the physician is concurred in by the retirement board. A retired member restored to active service shall again become a member of the retirement system from the date of return to service. The member shall contribute to the retirement system

after restoration to active service in the same manner as before the member's disability retirement. Service credited to the member at the time of disability retirement shall be restored to full effect. The member shall be given service credit for the period the member was receiving a duty disability retirement pension provided for in subdivision (d), but shall not be given service credit for the period the member was receiving a nonduty disability retirement pension provided for in subdivision (e). Amounts paid under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, to a retired member shall be offset against and payable in place of benefits provided under this act. If the benefits under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, are less than the benefits payable under this act, the amount to be paid out of the funds of the retirement system shall be the difference between the benefits provided under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, and the benefits provided in this act. Upon the termination of benefits under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, the benefits shall be paid pursuant to this act.

(g) Within 60 days before a member becomes 55 years of age, or before retirement from service if retirement occurs after the member becomes 55 years of age, a disabled member who is retired as provided in subdivision (d) or (e) may elect to continue to receive a disability retirement pension as a benefit terminating at death, to be known as a regular disability pension, or may elect to receive the actuarial equivalent, at that time, of a regular disability pension in a reduced disability pension payable throughout life pursuant to an option provided in subsection (1)(h). If a disabled member fails to elect an option, as provided in this subdivision, before becoming 55 years of age or before retirement, the member's retirement pension shall be paid to the member as a regular disability pension terminating at death. If a disabled member who has not elected an option provided in subsection (1)(h) dies before the total of the member's regular disability pension payments received equals or exceeds the total of the member's contributions made to the retirement system, the remainder, if any, shall be paid in a single sum to the person or persons nominated by the member by written designation duly executed and filed with the board. If there is not a designated person or persons surviving, then the remainder, if any, shall be paid to the retired member's legal representative or estate.

38.559 Contributions of member; rate; deduction from salary; appropriations to maintain actuarially determined reserves; payment of deductions and appropriations into retirement system; prorating pensions and other benefits; expenses; pensions as obligations of retirement system.

Sec. 9. (1) The contributions of a member to the retirement system shall be 5% of the salary paid to the member by the municipality. The officer responsible for making up the payroll shall cause the contributions provided for in this subsection to be deducted from the salary of each member on each payroll for each payroll period so long as he or she remains an active member in the employ of the municipality. The amounts deducted shall be paid into the funds of the retirement system. The members' contributions provided for in this act shall be made notwithstanding that the minimum salary provided for by law is changed by the members' contributions. Every member shall be considered to consent and to agree to the deductions made and provided for in this act and shall receipt for his or her full salary and payment of his or her salary less the deduction, which is a full and complete discharge and acquittance of all claims and demands for the services rendered by the member during the period covered by the payment, except as to benefits provided by this retirement system.

(2) For the purpose of creating and maintaining a fund for the payment of the pensions and other benefits payable as provided in this act, the municipality, subject to the provisions of this act, shall appropriate, at the end of such regular intervals as may be adopted, quarterly, semiannually, or annually, an amount sufficient to maintain actuarially determined reserves covering pensions payable or that might be payable on account of service performed and to be performed by active members, and pensions being paid to retired members and beneficiaries. The appropriations to be made by the municipality in any fiscal year shall be sufficient to pay all pensions due and payable in that fiscal year to all retired members and beneficiaries. The amount of the appropriation in a fiscal year shall not be less than 10% of the aggregate pay received during that fiscal year by members of the retirement system unless, by actuarial determination, it is satisfactorily established that a lesser percentage is needed. All deductions and appropriations shall be payable to the treasurer of the municipality and he or she shall pay the deductions and appropriations into the retirement system. Except in municipalities that are subject to the 15 mill tax limitation as provided by section 6 of article IX of the state constitution of 1963, the amount required by taxation to meet the appropriations to be made by municipalities under this act shall be in addition to any tax limitation imposed upon tax rates in those municipalities by charter provisions or by state law subject to section 25 of article IX of the state constitution of 1963.

(3) If, at the beginning or during any fiscal year, it has been satisfactorily determined by the retirement board that the accumulated funds of the retirement system plus the municipality's contribution of 10% of the aggregate pay received during that fiscal year by members of the retirement system plus members' contributions of 5% of payroll, are insufficient to pay all pensions and other benefits due and payable in that year out of funds of the retirement system, then all pensions and other benefits payable shall be prorated for the remainder of the fiscal year by the retirement board.

(4) Any clerical, legal, actuarial, or medical expenses required by the retirement board, or any other necessary expense for the operation of the retirement system, shall be provided for by the municipality or shall be paid from the investment income of the retirement system, as determined by the governing body of the municipality. The retirement board shall submit expenses periodically to the governing body of the municipality. If use of investment income to pay these expenses causes an actuarial insufficiency in the assets of the retirement system used to pay pensions, the insufficiency shall be made up by the municipality.

(5) All pensions allowed and payable to retired members and beneficiaries under this act shall become obligations of and be payable from the funds of the retirement system.

(6) The right of a person to a pension, to the return of member contributions, to any optional benefits, or any other right accrued or accruing to a member or beneficiary under this act and the money belonging to the retirement system is subject to the public employee retirement benefit protection act.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless House Bill No. 5108 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.

AN ACT to amend 1943 PA 240, entitled "An act to provide for a state employees' retirement system; to create a state employees' retirement board and prescribe its powers and duties; to establish certain funds in connection with the retirement system; to require contributions to the retirement system by and on behalf of members and participants of the retirement system; to create certain accounts and provide for expenditures from those accounts; to prescribe the powers and duties of certain state and local officers and employees and certain state departments and agencies; and to prescribe penalties and provide remedies," by amending the title and sections 31, 40, and 69 (MCL 38.31, 38.40, and 38.69), the title as amended and section 69 as added by 1996 PA 487, section 31 as amended by 1998 PA 205, and section 40 as amended by 1991 PA 48, and by adding section 68a.

The People of the State of Michigan enact:

TITLE

An act to provide for a state employees' retirement system; to create a state employees' retirement board and prescribe its powers and duties; to establish certain funds in connection with the retirement system; to require contributions to the retirement system by and on behalf of members and participants of the retirement system; to create certain accounts and provide for expenditures from those accounts; to prescribe the powers and duties of certain state and local officers and employees and certain state departments and agencies; to prescribe and make appropriations for the retirement system; and to prescribe penalties and provide remedies.

38.31 Election of regular retirement allowance or reduced retirement allowance; payment options; designation of beneficiary; effect of beneficiary's death or divorce; request by nonduty disability retirant to change elections; death of member before effective date of retirement.

Sec. 31. (1) Except as provided in subsection (6), before the effective date of retirement, but not after the effective date of retirement, a member or deferred member who is eligible for retirement, as provided in this act, shall elect to receive his or her benefit in a retirement allowance payable throughout life, which shall be called a regular retirement allowance, or to receive the actuarial equivalent at that time of his or her regular retirement allowance in a reduced retirement allowance payable throughout the lives of the retirant and a retirement allowance beneficiary, pursuant to 1 of the following payment options:

(a) Option A. Upon the retirant's death, his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation executed and filed with the retirement board before the effective date of his or her retirement.

(b) Option B. Upon the retirant's death, 1/2 of his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation executed and filed with the retirement board before the effective date of his or her retirement.

(c) Option C. On and after January 1, 2000, upon the retirant's death, 3/4 of his or her reduced retirement allowance shall be continued throughout the life of and paid to the retirement allowance beneficiary whom the member nominated by written designation executed and filed with the retirement board before the effective date of his or her retirement.

(2) Except as provided in subsections (3) and (8), the election of a payment option under subsection (1) shall not be changed on or after the effective date of the retirement allowance. A retirement allowance beneficiary designated under this section shall not be changed on or after the effective date of the retirement allowance, and shall be either a spouse, brother, sister, parent, child, including an adopted child, or grandchild of the person making the designation. Payment to a retirement allowance beneficiary shall begin on the first day of the month following the death of the retirant or member.

(3) If the retirement allowance beneficiary named under a payment option under subsection (1) predeceases the retirant, the retirant's benefit shall revert to the regular retirement allowance, effective with the first day of the month following the retirement allowance beneficiary's death. For a retirant whose effective date of retirement was on or before June 28, 1976, this subsection shall apply, but the regular retirement allowance is not payable for any month beginning before the later of the retirement allowance beneficiary's death or January 1, 1986. A retirant who on January 1, 1986 is receiving a reduced retirement allowance because the retirant designated a retirement allowance beneficiary and the retirement allowance beneficiary predeceased the retirant is eligible to receive the regular retirement allowance beginning January 1, 1986, but the regular retirement allowance is not payable for any month beginning before January 1, 1986.

(4) A member who continues in the employ of this state on and after the date he or she acquires 10 years of service credit or becomes eligible for deferred retirement as provided by section 20(4) or (5), whichever occurs first, may by written declaration executed and filed with the retirement board elect option A, provided for in subsection (1)(a), and nominate a retirement allowance beneficiary in the same manner as if the member were then retiring from service, notwithstanding that the member may not have attained 60 years of age. If the beneficiary's death or divorce from the member occurs before the effective date of the member's retirement, the member's election of option A and nomination of retirement allowance beneficiary shall be automatically revoked and the member may again elect option A and nominate a retirement allowance beneficiary at any time before the effective date of retirement. If a member who has made an election and nominated a retirement allowance beneficiary as provided in this subsection dies before the effective date of his or her retirement, then the retirement allowance beneficiary shall immediately receive the retirement allowance that he or she would have been entitled to receive under option A if the member had been regularly retired on the date of the member's death. Except as otherwise provided by subsection (5), if a member who has made an election under this subsection subsequently retires under this act, his or her election of option A shall take effect at the time of retirement. Subject to the requirements of subsection (5), the member, before the effective date of retirement, but not after the effective date of retirement, may revoke his or her previous election of option A and elect to receive his or her retirement allowance as a regular retirement allowance or under option B or C as provided for in subsection (1). A retirement allowance shall not be paid under this subsection on account of the death of a member if any benefits are paid under section 27 on account of his or her death. If a deferred member who has an option A election in effect dies before the effective date of his or her retirement, the retirement allowance payable under option A shall be paid to the retirement allowance beneficiary at the time the deceased deferred member otherwise would have been eligible to begin receiving benefits.

(5) If a member, deferred member, retiring member, or retiring deferred member is married at the effective date of the retirement allowance, an election under this section, other than an election of a payment option under subsection (1) naming the spouse as retirement allowance beneficiary, shall not be effective unless the election is signed by the spouse. However, this requirement may be waived by the retirement board if the signature of a spouse cannot be obtained because of extenuating circumstances. As used in this subsection, "spouse" means the person to whom the member, deferred member, retiring member, or retiring deferred member is married at the effective date of the retirement allowance.

(6) Until July 1, 1991, upon request in a form as determined by the retirement board, a nonduty disability retirant who retired under section 24 may change his or her election to receive a disability retirement allowance computed as a regular retirement allowance and elect to receive the actuarial equivalent at the time of the election pursuant to this subsection of his or her disability retirement allowance in a reduced retirement allowance payable to the retirant and the retirant's spouse pursuant to the provisions of a payment option as provided in subsection (1), if the disability retirement allowance effective date was before November 12, 1985 and the retirant had 25 or more years of credited service on the disability retirement allowance effective date. The nonduty disability retirant shall begin to receive the reduced retirement allowance under this subsection effective the first day of the month following the month in which the retirant makes the election pursuant to this subsection. As used in this subsection, "spouse" means the person to whom the nonduty disability retirant was married on the effective date of his or her disability retirement allowance and on the date the retirant makes the election pursuant to this subsection.

(7) If a member who continues in the employ of this state on and after the date he or she acquires 10 years of service credit, or on and after the date he or she becomes eligible for deferred retirement as provided by section 20(4) or (5), whichever occurs first, and who does not have an election of option A in force as provided in subsection (4), dies before the effective date of retirement and leaves a surviving spouse, the spouse shall receive a retirement allowance computed in the same manner as if the member had retired effective the day before the date of his or her death, elected option A, and nominated the spouse as retirement allowance beneficiary. When the retirement allowance beneficiary dies, his or her retirement allowance shall terminate. If the aggregate amount of retirement allowance payments received by the beneficiary is less than the accumulated contributions credited to the member's account in the employees' savings fund at the time of the member's death, the difference between the accumulated contributions and the aggregate amount of retirement allowance payments received by the beneficiary shall be transferred from the employer's accumulation fund or pension reserve fund to the employees' savings fund and paid pursuant to section 29. A retirement allowance shall not be paid under this subsection on account of the death of a member if benefits are paid under section 27 on account of his or her death. If the other requirements of this subsection are met but a surviving spouse does not exist, each of the deceased member's surviving children less than 18 years of age shall receive an allowance of an equal share of the retirement allowance that would have been paid to the spouse if living at the time of the deceased member's death. Payments under this subsection shall cease upon the surviving child's marriage, adoption, or becoming 18 years of age, whichever occurs first.

(8) If a retirant receiving a reduced retirement allowance under a payment option under subsection (1) is divorced from the spouse who had been designated as the retirant's retirement allowance beneficiary under the option, the election of the payment option shall be considered void by the retirement system if the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the

court, described in the public employee retirement benefit protection act and dated after June 27, 1991 provides that the election of the payment option under subsection (1) is to be considered void by the retirement system and the retirant provides a certified copy of the judgment of divorce or award or order of the court, or an amended judgment of divorce or award or order of the court, to the retirement system. If the election of a payment option under subsection (1) is considered void by the retirement system under this subsection, the retirant's retirement allowance shall revert to a regular retirement allowance, including postretirement adjustments, if any, subject to an award or order of the court as described in the public employee retirement benefit protection act. The retirement allowance shall revert to a regular retirement allowance under this subsection effective the first of the month after the date the retirement system receives a certified copy of the judgment of divorce or award or order of the court. This subsection does not supersede a judgment of divorce or award or order of the court in effect on June 27, 1991. This subsection does not require the retirement system to distribute or pay retirement assets on behalf of a retirant in an amount that exceeds the actuarially determined amount that would otherwise become payable if a judgment of divorce had not been rendered.

38.40 Allowances, benefits, and other rights; exemption from taxation; subject to public employee retirement benefit protection law.

Sec. 40. The right of a person to a pension, an annuity, a retirement allowance, any optional benefit, any other right accrued or accruing to any person under the provisions of this act, the various funds created by this act, and all money and investments and income of the funds, are exempt from any state, county, municipal, or other local tax. The right of a person to a pension, an annuity, a retirement allowance, any optional benefit, any other right accrued or accruing to any person under the provisions of this act, the various funds created by this act, and all money and investments and income of the funds is subject to the public employee retirement benefit protection act.

38.68a Appropriation amount; purpose; work project; estimated completion date.

Sec. 68a. In addition to the amount appropriated in part 1 of 2001 PA 83 for retirement services, there is appropriated for the fiscal year ending September 30, 2002, $2,100,000.00 in pension trust funds to the department of management and budget, retirement services, for administration of the changes created by House Bill No. 5732 of the 91st Legislature. The unexpended portion of this appropriation is considered a work project appropriation. The project will be accomplished by the use of department personnel and contracting with private consultants with an estimated completion date of September 30, 2003.

38.69 Exemptions from taxation; subject to public employee retirement benefit protection law; right of setoff to recover overpayments; satisfaction of claims arising from embezzlement or fraud; correction of errors in records and actions.

Sec. 69. (1) Distributions from employer contributions made pursuant to section 63(2) and (3) and earnings on those employer contributions, and distributions from employee contributions made pursuant to section 63(3) and earnings on those employee contributions, are exempt from any state, county, municipal, or other local tax. Distributions from employer contributions made pursuant to section 63(2) and (3) and earnings on those employer contributions and distributions from employee contributions made pursuant to section 63(3) and earnings on those employee contributions are subject to the public employee retirement benefit protection act.

(2) The state treasurer has the right of setoff to recover overpayments made under this act and to satisfy any claims arising from embezzlement or fraud committed by a qualified participant, former qualified participant, refund beneficiary, or other person who has a claim to a distribution or any other benefit from Tier 2.

(3) The state treasurer shall correct errors in the records and actions in Tier 2 under this act, and shall seek to recover overpayments and shall make up underpayments.

Conditional effective date.

Enacting section 1. This amendatory act does not take effect unless all of the following bills of the 91st Legislature are enacted into law:

(a) House Bill No. 5108.

(b) House Bill No. 5732.

This act is ordered to take immediate effect.
Approved March 27, 2002.
Filed with Secretary of State March 27, 2002.

Compiler's note: House Bill No. 5108, referred to in enacting section 1, was filed with the Secretary of State March 27, 2002, and became P.A. 2002, No. 100, Imd. Eff. Mar. 27, 2002.

House Bill No. 5732, also referred to in enacting section 1, was filed with the Secretary of State March 27, 2002, and became P.A. 2002, No. 93, Imd. Eff. Mar. 27, 2002.

[No. 100]

(HB 5108)

AN ACT to protect certain rights that public employees have in retirement benefits under certain circumstances; to provide for the establishment of certain funds and arrangements; and to prescribe the powers and duties of certain retirement systems, state departments, courts, public officials, and public employees.

The People of the State of Michigan enact:

38.1681 Short title.

Sec. 1. This act shall be known and may be cited as the "public employee retirement benefit protection act".

38.1682 Definitions.

Sec. 2. As used in this act:

(a) "Department" means the department of management and budget.

(b) "Employer contributions" means the amount transferred by an employer to a participating unit retirement system on behalf of members of the retirement system to pay for the actuarial accrued liabilities of the retirement system.

(c) "Member" means a member, vested former member, deferred member, beneficiary, designated beneficiary, or refund beneficiary of a retirement system.

(d) "Participating unit" means a retirement system that elects to come under the provisions of section 6.

(e) "Retirant" means a person who has retired with a retirement benefit payable from a retirement system.

(f) "Retirement benefit" means an annuity, a retirement allowance, an optional benefit, a postretirement benefit, a benefit received from a defined contribution plan, defined benefit plan, deferred compensation plan, disability plan, life insurance plan, all money, investments and income of the various funds created under a public employee retirement system, and any other right accruing to a member under a retirement system.

(g) "Retirement system" means a public employee retirement system established by this state or a political subdivision of this state.

(h) "State unit" means a retirement system established under the state employees' retirement act, 1943 PA 204, MCL 38.1 to 38.69, the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1467, the judges retirement act of 1992, 1992 PA 234, MCL 38.2101 to 38.2670, the state police retirement act of 1986, 1986 PA 182, MCL 38.1601 to 38.1648, and the Michigan legislative retirement system act, 1957 PA 261, MCL 38.1001 to 38.1080.

38.1683 Rights not subject to process of law or assignment.

Sec. 3. The right of a member or retirant of a retirement system to a retirement benefit shall not be subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law and shall be unassignable.

38.1684 Rights subject to forfeiture and domestic relations orders.

Sec. 4. (1) The right of a member or retirant to a retirement benefit described in section 3 is subject to forfeiture under the public employee retirement benefits forfeiture act, 1994 PA 350, MCL 38.2701 to 38.2705.

(2) The right of a member or retirant to a retirement benefit described in section 3 is subject to an award by a court under section 18 of 1846 RS 84, MCL 552.18, an eligible domestic relations order under the eligible domestic relations order act, 1991 PA 46, MCL 38.1701 to 38.1711, and to any other domestic relations order of a court pertaining to alimony or child support.

38.1685 Award or order requiring withholding payments; limitations.

Sec. 5. If an award or order described in section 4 requires a retirement system to withhold payment of a retirement benefit or requires the retirement system to make payment or requires the individual to request that the retirement system make payment of a retirement benefit for the purposes of meeting the member's or retirant's obligations to a spouse, former spouse, or child, the withholding or payment provisions of the award or order are effective only against amounts that become payable to the member or retirant, unless otherwise provided in an eligible domestic relations order under the eligible domestic relations order act, 1991 PA 46, MCL 38.1701 to 38.1711. The 1imitations contained in this section do not apply to the accumulated contributions of a person who terminates employment before acquiring a vested member status.

38.1686 Benefit payments; establishment of arrangement and fund.

Sec. 6. (1) A retirement system may elect by a majority vote of its governing body to establish and administer an arrangement and fund to pay accrued benefits of its members to its members to the extent that the accrued benefits paid out of the fund would not otherwise be payable under limitations in section 415 of the internal revenue code. An arrangement and fund established under this section shall be kept separate from the pension assets of participating units.

(2) If an arrangement and fund is established by a retirement system under subsection (1), the arrangement and fund shall be established and administered in accordance with section 415(m) of the internal revenue code. The governing board of the participating unit or the department on behalf of a state unit may establish and adopt policies and procedures for the arrangement and fund.

(3) If an arrangement and fund is established under subsection (1), the benefits that are paid from the fund shall be paid out of employer contributions or other eligible assets. The governing board shall determine the amount of the employer contribution that shall be allocated to the arrangement and fund. Employer contributions and other eligible assets that are contributed to the arrangement and fund shall be deposited in the arrangement and fund before deposits are made to the pension system of the participating unit.

(4) Nothing in this section is intended to limit the amount of employer contributions that are contributed to a retirement fund of a participating unit for the accrued benefits that are allowed to be paid under section 415 of the internal revenue code.

38.1687 Retirement system and benefits subject to §§ 800.401 to 800.406.

Sec. 7. The retirement system and retirement benefits shall be subject to claims made under the state correctional facility reimbursement act, 1935 PA 253, MCL 800.401 to 800.406.

38.1688 Loan eligibility; correcting records and recovering overpayments.

Sec. 8. (1) This act is not intended to prohibit a member or retirant from receiving a loan from the retirement system if the retirement system concludes that the member or retirant is otherwise eligible for a loan.

(2) Nothing in this act shall prevent a retirement system administrator from correcting records and seeking to recover overpayments that the retirement system made to a retirant or member.

38.1689 Notification of disqualification from U.S. internal revenue service.

Sec. 9. If the department receives notification from the United States internal revenue service that this act or any portion of this act will cause any state unit to be disqualified for tax purposes under the internal revenue code, then the portion that will cause the disqualification does not apply.

Conditional effective date.

Enacting section 1. This act does not take effect unless all of the following bills of the 91st Legislature are enacted into law:

(a) House Bill No. 5109.

(b) House Bill No. 5110.

(c) House Bill No. 5111.

(d) House Bill No. 5112.

(e) House Bill No. 5113.

(HB 5125)

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," (MCL 750.1 to 750.568) by adding section 360a.

The People of the State of Michigan enact:

750.360a Electronic or magnetic theft detection; shielding merchandise prohibited; violation as crime.

Sec. 360a. (1) A person shall not do any of the following:

(a) Possess a laminated or coated bag or device that is intended to shield merchandise from detection by an electronic or magnetic theft detection device with the intent to commit or attempt to commit larceny.

(b) Manufacture, sell, offer for sale, or distribute, or attempt to manufacture, sell, offer for sale, or distribute, a laminated or coated bag or device that is intended to shield merchandise from detection by an electronic or magnetic theft detection device knowing or reasonably believing that the bag or device will be used to commit or attempt to commit larceny.

(c) Possess a tool or device designed to allow the deactivation or removal of a theft detection device from any merchandise with the intent to use the tool or device to deactivate a theft detection device on, or to remove a theft detection device from, any merchandise without the permission of the merchant or person owning or lawfully holding that merchandise with the intent to commit or attempt to commit larceny.

(d) Manufacture, sell, offer for sale, or distribute a tool or device designed to allow the deactivation or removal of a theft detection device from any merchandise without the permission of the merchant or person owning or lawfully holding that merchandise knowing or reasonably believing that the tool or device will be used to commit or attempt to commit larceny.

(e) Deactivate a theft detection device or remove a theft detection device from any merchandise in a retail establishment prior to purchasing the merchandise with the intent to commit or attempt to commit a larceny.

(2) A person who violates subsection (1) is guilty of a crime as follows:

(a) Except as provided in subdivision (b), a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $1,000.00, or both.

(b) If the person has a prior conviction for violating subsection (1), a felony punishable by imprisonment for not more than 4 years or a fine of not more than $4,000.00, or both.

Effective date.

(SB 889)

AN ACT to amend 1933 PA 89, entitled "An act to prevent fraud, deception and imposition in the solicitation within the state of Michigan of the deposit of bonds, notes, debentures and other evidences of indebtedness under, and/or the consent of the holders or owners of such securities, to a protective committee agreement, and to prevent fraud, deception and imposition in the operations and activities of protective committees organized within the state of Michigan to act for and in behalf of the holders or owners of such securities, and for such purposes to create a commission to regulate and supervise the establishment and the operations of protective committees, depositaries under protective committee agreements, and solicitors for protective committee agreements; to authorize said commission to have supervision over defaulted bonds, notes, debentures, certificates of participation and similar evidences of indebtedness; to prescribe the powers and duties of such commission; to license members of protective committees, depositaries

under protective committee agreements and solicitors for protective committee agreements; to regulate and supervise and control the solicitation by anyone of bonds, notes, debentures and all other similar evidences of indebtedness, issued by the maker of any security for the purpose of procuring the modification and/or amendment and/or foreclosure of any instrument in writing securing any issue of bonds, notes, debentures and all other similar evidences of indebtedness; to authorize such commission to act as custodian or receiver and appoint custodians, agents and managers of defaulted mortgage property under orders of court or otherwise; to prescribe penalties for violation of this act; and to repeal Act No. 37 of the Public Acts of the first extra session of 1932," by amending section 13 (MCL 451.313).

The People of the State of Michigan enact:

451.313 Public trust commission; investigations; costs; audits and appraisals.

Sec. 13. Any person interested in any security in connection with which a protective committee is organized may request the commission to make an investigation, audit, or appraisal and report with respect to the property or business to which the security pertains. However, before any investigation, audit, or appraisal and report is made by the commission upon such a request, the person so requesting shall, if required by the commission, deposit with the commission the sum of money that the commission considers necessary to meet the cost of the investigation, audit, or appraisal and report. If the deposit is insufficient to defray the cost of the investigation, audit, or appraisal and report, the commission may request further deposits as a condition of the continuance by it of its investigation, audit, or appraisal and report. All money so deposited shall be deposited by the commission in the state treasury in a special fund and disbursements from that fund shall be upon the warrant drawn on the state treasurer, and any disbursements shall be for the purposes for which the money is paid. Any excess over and above the cost of the requested investigation, audit, or appraisal and report shall be returned to the person who made the deposit.

This act is ordered to take immediate effect.

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 9307 (MCL 324.9307), as amended by 1998 PA 463.

The People of the State of Michigan enact:

324.9307 Directors; appointment; terms; chairperson; annual meeting; election; notice; vacancies; quorum; expenses; employees; legal services; delegation of powers and duties; copies of documents; duties of directors; removal of director; designation and function of legislative representative.

Sec. 9307. (1) A conservation district board shall consist of 5 directors, elected or appointed as provided in this part. The directors shall designate a chairperson annually.

(2) The term of office of each director shall be 4 years. All directors shall be elected at an annual meeting by residents of the district. The election shall be nonpartisan and the directors shall be elected by the residents of the district at large. At least 60 days prior to the annual meeting, a candidate for conservation district director must file at the conservation district office a petition signed by 5 residents of the district. A candidate

must be a resident of the district. The annual meeting shall be held at a date determined by the board of directors of the district. Notice of the annual meeting shall be published in the official newspaper of record for the area in which the district is located at least 45 days prior to the date of the annual meeting. This notice shall include the date, time, and location of the annual meeting, an agenda of items to be considered at the meeting, and a list of all candidates for directors of the conservation district. A resident of a district who is unable to attend the annual meeting may vote for the directors of the conservation district by absentee ballot at the conservation district office, during regular business hours of the conservation district office, at any time after publication of the notice and prior to the annual meeting. Director elections shall be certified by the department. A director shall hold office until a successor has been elected and qualified. Vacancies shall be filled by appointment by the board until the next annual meeting.

(3) A majority of the directors constitutes a quorum, and the concurrence of a majority in any matter within their duties is required for its determination. A director is entitled to expenses, including traveling expenses necessarily incurred in the discharge of his or her duties. A director may be paid a per diem for time spent undertaking his or her duties as a director in an amount not to exceed the per diem paid to a member of the commission of agriculture.

(4) The directors may employ a secretary, technical experts, and such other officers, agents, and employees, permanent and temporary, as they may require, and shall determine their qualifications, duties, and compensation. The directors may call upon the attorney general of the state for legal services as they may require. The directors may delegate to their chairperson, to 1 or more directors, or to 1 or more agents or employees any powers and duties that they consider proper. The directors shall furnish to the department, upon request, copies of ordinances, rules, regulations, orders, contracts, forms, and other documents that they adopt or employ, and any other information concerning their activities that the department may require in the performance of its duties under this part.

(5) The directors shall do all of the following:

(a) Provide for the execution of surety bonds for all employees and officers who are entrusted with funds or property.

(b) Provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations, and orders issued or adopted.

(c) Determine the fiscal year of the district.

(d) Provide for an annual audit of the accounts of receipts and disbursements.

(e) Maintain accurate financial records of receipts and disbursements of state funds, which records shall be made available to the department.

(6) Any director may be removed by the department upon notice and hearing for neglect of duty or malfeasance in office, but for no other reason.

(7) The directors may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a representative to advise and consult with the directors of the district on all questions of program and policy that may affect the property, water supply, or other interests of the municipality or county.

This act is ordered to take immediate effect.

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending section 43532 (MCL 324.43532), as amended by 1996 PA 585.

The People of the State of Michigan enact:

324.43532 Restricted fishing license; fees; rights of licensee; all-species fishing license.

Sec. 43532. (1) A person 17 years of age or older shall not take aquatic species, except aquatic insects, in the waters over which this state has jurisdiction without a license. The fee for a resident restricted fishing license is $15.00. The fee for a nonresident restricted fishing license is $34.00.

(2) The restricted fishing license entitles the licensee to take aquatic species as prescribed by law other than trout or salmon.

(3) A person under 17 years of age may take aquatic species in the waters over which this state has jurisdiction without a license. However, a person under 17 years of age may obtain an all-species fishing license. The fee for a resident or nonresident who is under 17 years of age, for an all-species fishing license is $2.00. The department shall not sell or vendor the list of licensees under this subsection.

(4) The fee for a resident all-species fishing license is $28.00. The fee for a nonresident all-species fishing license is $42.00.

(5) The all-species fishing license entitles the licensee to take all species of aquatic species as prescribed by law.

(6) A person to whom a valid restricted fishing license has been issued may return the restricted license to the department or its authorized agent and receive an all-species fishing license by paying a fee equal to the difference in cost between the all-species fishing license and the restricted fishing license for which that person is eligible.

AN ACT to amend 1915 PA 312, entitled "An act to establish, protect and enforce by lien the rights of garage keepers who furnish labor or material for storing, repairing, maintaining, keeping or otherwise supplying automobiles or other vehicles," by amending

sections 2, 3, 4, 5, and 6 (MCL 570.302, 570.303, 570.304, 570.305, and 570.306), sections 2 and 3 as amended and sections 4, 5, and 6 as added by 1998 PA 236, and by adding section 10.

The People of the State of Michigan enact:

570.302 Definitions.

Sec. 2. As used in this act:

(a) "Bureau" means the bureau of automotive regulation.

(b) "Department" means the department of state.

(c) "Garage keeper" means a person or the person's heir, personal representative, successor, assignee, or authorized agent who for hire or reward, publicly offers to maintain or repair a vehicle or an accessory used in the operation of a vehicle or to furnish accessories and supplies for a vehicle or an accessory used in the operation of a vehicle.

(d) "Last known address" means the address provided by the owner in the most recent contract for storage, labor, material, or supplies entered into between the garage keeper and the owner, or in a subsequent written notice of change of address to the garage keeper or as shown by the records of the department.

(e) "Lienholder" means any person or legal entity that is noted on the motor vehicle certificate of title as a lienholder, or, if the motor vehicle certificate of title contains the term lessee, the person or legal entity that is noted on the motor vehicle certificate of title as the lessor or as shown by the records of the department.

(f) "Market value" means the trade-in value as determined by the issue of the national auto dealers association official used car guide in effect at the time the garage keeper performs the first labor or first furnishes supplies for which the garage keeper claims a lien under this act.

(g) "Owner" means that term as defined in section 37 of the Michigan vehicle code, 1949 PA 300, MCL 257.37, or as shown by the records of the department.

(h) "Vehicle" means that term as defined in section 79 of the Michigan vehicle code, 1949 PA 300, MCL 257.79.

570.303 Garage keeper; attachment of lien upon vehicle; manner; amount.

Sec. 3. (1) Except as otherwise provided in this act, a garage keeper who, in pursuance of a contract that is expressed, implied, written, or unwritten, furnishes labor, material, storage, diagnosis, an estimate of repairs, or supplies for a vehicle, shall have a lien upon the vehicle for the charges due for the storage, maintenance, keeping, diagnosis, estimate of repairs, and repair of the vehicle and for gasoline, electric current, or other accessories and supplies furnished, expenses bestowed, or labor performed on the vehicle at the request or with the consent of the owner of the vehicle. If a vehicle remains in the possession of a garage keeper after the completion of repairs or after a diagnosis and subsequent storage of the vehicle when repairs are not authorized, a garage keeper's lien attaches to the vehicle in the manner and amount provided in this section.

(2) The lien attaches to the vehicle on the day the garage keeper performs the last labor or furnishes the last supplies for which a lien is claimed against the vehicle. The garage keeper may keep a vehicle for not more than 225 days after performing the last labor or furnishing the last supplies for which a lien is claimed against the vehicle.

(3) The portion of a lien that is for labor and material furnished in making repairs upon a vehicle has priority over all other liens upon the vehicle. The lien has no effect against

the holder of a security interest, conditional sales agreement, or other lien that attached before the attachment of the garage keeper's lien upon the payment by a prior lienholder to the garage keeper of the amount of the lien calculated under subsection (4) and section 4.

(4) Except as provided in section 4, the maximum amount of a lien that a prior lienholder shall pay a garage keeper under this section is calculated as follows:

(a) If a repaired vehicle has a market value of more than $5,000.00, then the amount of the lien shall be not more than 20% of the market value of the repaired vehicle or $5,000.00, whichever is less.

(b) If a repaired vehicle has a market value of $5,000.00 or less, then the amount of the lien shall be not more than $1,000.00.

570.304 Garage keeper's lien; amounts not included; storage charge.

Sec. 4. (1) A garage keeper's lien under section 3 shall not include an amount for labor and materials for any of the following if the materials used were custom materials that are not normally available from the manufacturer or, in the case of a vehicle manufactured in a foreign country, a distributor of the vehicle or that are not normally installed on the vehicle by the original manufacturer:

(a) The repair or replacement of all or a part of the interior or exterior of the repaired vehicle.

(b) The installation, repair, or replacement of electronic and related parts.

(c) The installation, repair, or replacement of any other materials or parts that are not essential to the normal operation of the repaired vehicle.

(2) Unless otherwise agreed to in writing, a garage keeper's lien under section 3 may include an amount of not more than $10.00 per day for the storage of the vehicle, for the storage of an accessory used in the operation of a vehicle, or for the storage of accessories and supplies furnished for the vehicle or an accessory used in the operation of the vehicle. Unless otherwise agreed to in writing, the charge shall be for not more than 120 days' storage. However, a lienholder who pays a garage keeper's lien under section 5(8) is not liable for and is not required to pay for any storage charges that accrued prior to 45 days after the garage keeper's notification to the lienholder under section 5. Charges described in this subsection may be in addition to the maximum allowance under section 3(4).

570.305 Garage keeper's lien; enforcement; sale of vehicle at public sale.

Sec. 5. (1) A lien under section 3 shall be enforced only as provided in this section.

(2) If charges described in section 3 are not paid, the garage keeper may sell the vehicle at a public sale described in this section.

(3) To enforce a lien under section 3, a garage keeper or authorized agent shall, not more than 105 days after the date the lien attached as provided in section 3, apply to the department, in a format prescribed by the department, for a certificate of foreclosure of garage keeper's lien and bill of sale accompanied by a fee of $10.00 paid to the department. The department shall, not more than 30 days after the postmark date of a complete application received by mail or the date a complete application is hand-delivered by the garage keeper or authorized agent to the department, provide to the garage keeper or authorized agent the names and addresses of all owners of record and of all lienholders of the vehicle as shown by the records of the department.

(4) After complying with the requirements of subsection (3), the garage keeper shall notify the owner or owners, all lienholders, and the department of state, bureau of

automotive regulation, Lansing, Michigan, of the proposed sale of the vehicle in order to satisfy the lien of the garage keeper by a notice sent by certified mail return receipt requested to the last known address of the owner or owners, the lienholders and the bureau. The garage keeper shall send all the notices required by this subsection not more than 30 days after the date placed on the certificate of foreclosure of garage keeper's lien and bill of sale by the department. The notice shall include all of the following:

(a) An itemized statement of the garage keeper's lien showing the amount due at the time of the notice and the date on which the amount became due.

(b) A demand for payment in the amount necessary to satisfy the lien authorized under section 3(1). The demand for payment must give the owner or owners not less than 30 calendar days after the postmark date of the notice to satisfy the garage keeper's lien.

(c) A statement that all lienholders are being notified of the delinquency, that a lienholder has the right to satisfy the garage keeper's lien plus any storage charges provided for under section 4 and obtain possession of the vehicle as provided in section 5(8), and that a lienholder is required to notify the garage keeper before the proceeds are distributed under section 6 if the lienholder desires to claim any of the proceeds from the sale of the vehicle under section 6(1)(a).

(d) A statement of daily storage fees, if any.

(e) A statement of the date, time, manner, and place that the vehicle will be sold.

(5) Except as otherwise provided in this subsection, the sale shall be held not less than 75 calendar days after the date placed on the certificate of foreclosure of the garage keeper's lien and bill of sale by the department. The bureau may object to a sale only if it has reason to believe that the garage keeper has failed to substantially comply with this act, the rules promulgated under this act, the motor vehicle service and repair act, 1974 PA 300, MCL 257.1301 to 257.1340, or the rules promulgated under the motor vehicle service and repair act, 1974 PA 300, MCL 257.1301 to 257.1340, in the repair transaction involving the vehicle that is the subject of the lien. If the bureau objects to the sale within the 75-day period, all of the following conditions shall apply:

(a) The bureau shall complete an investigation of its objection within 150 calendar days after the date placed on the certificate of foreclosure of the garage keeper's lien and bill of sale by the department.

(b) Upon completion of the investigation or the expiration of the 150-calendar-day period, whichever occurs first, the bureau shall do 1 of the following:

(*i*) Remove the objection to the sale.

(*ii*) Complete service upon the garage keeper of a written notice of alleged violation that alleges a specific violation of the motor vehicle service and repair act, 1974 PA 300, MCL 257.1301 to 257.1340, or the rules promulgated under that act, and extends the bureau's objection to the sale indefinitely until resolution under this section.

(c) The garage keeper may, within 10 days after the personal service or postmarked date of the notice of alleged violation, notify the bureau, in writing, that the garage keeper wants to contest the notice of alleged violation. If the garage keeper contests the notice, the bureau shall conduct an immediate review of its reasons for the objection. After this review, the bureau shall do 1 of the following:

(*i*) Remove the objection to the sale.

(*ii*) If the objection is sustained, the bureau shall, in writing, offer the garage keeper an opportunity to have the bureau's objection resolved under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, as a contested case proceeding

under the motor vehicle service and repair act, 1974 PA 300, MCL 257.1301 to 257.1340. If a contested case proceeding is pursued under this section, the bureau may include in that proceeding's complaint any other outstanding alleged repair act or rule violation against the garage keeper that may be pursued through a contested case proceeding. If the garage keeper fails to respond to the offer for a contested case proceeding within 10 days of receiving the offer from the bureau, the bureau's objection to the lien shall be deemed permanent.

(d) Storage charges provided for under this act shall not accrue during the period that the bureau objects to the sale.

(e) The 225-day period provided for in section 3(2) shall be extended by the number of days that the bureau objects to the sale.

(6) A sale of the vehicle shall be held at the facility of the garage keeper or at the nearest suitable place.

(7) Before a sale of a vehicle pursuant to this section, the owner or owners may pay the amount necessary to satisfy the lien, in addition to the reasonable expenses or fees incurred by the garage keeper under this act, and redeem the vehicle. Upon receipt of this payment, the garage keeper shall return the vehicle to the owner or owners in the same condition, or substantially the same condition, as the vehicle was in when the lien attached under section 3(1).

(8) Not less than 30 calendar days after the garage keeper's notice is mailed to the owner or owners, and prior to the sale, a lienholder may pay the garage keeper the amount of the garage keeper's lien as calculated under sections 3(4) and 4, or another amount to which the lienholder and garage keeper agree. Upon receipt of this payment, the garage keeper shall return the vehicle to the lienholder in the same condition, or substantially the same condition, as the vehicle was in when repairs were completed and it was stored by the garage keeper or, if no repairs were authorized by the owner, in the same condition or substantially the same condition, as the vehicle was in when it was received by the garage keeper. If the garage keeper performed diagnostic tests on the vehicle for which a lien is claimed, the garage keeper shall include a written explanation of the results of the diagnostic tests performed when the garage keeper returns the vehicle to the lienholder. The amount of a payment made under this section shall be added to the amount of the prior lienholder's lien.

(9) The amount payable to the garage keeper shall not exceed the market value of the vehicle.

(10) Upon the public sale of a vehicle under this act, the garage keeper shall complete the certificate described in subsection (3) as indicated on its face and give the completed certificate to the purchaser of the vehicle. In addition to other information that may be required by the secretary of state, the purchaser shall submit this certificate to the department when making an original application for a certificate of title or a vehicle registration for the vehicle in the name of the purchaser.

(11) The garage keeper may bid for and purchase the vehicle at the sale. If the garage keeper directly or indirectly purchases the vehicle at the sale, the lien granted under this act is extinguished in full.

(12) A person who in good faith buys a vehicle at a sale conducted pursuant to this act takes the vehicle free of a security interest created by the seller even though the security interest is perfected and even though the buyer knows of its existence.

570.306 Proceeds of sale; distribution; order of priority; return of remaining proceeds to vehicle owner; disposition of unclaimed money.

Sec. 6. (1) After the amount of the lien under section 3 is paid to the garage keeper and the costs of the sale are deducted, any remaining money shall be paid to the following persons in this descending order of priority:

(a) A prior lienholder who gives notice to the garage keeper of his or her claim of lien before the distribution of the money realized from a sale under this act is complete.

(b) The reasonable charges of the garage keeper.

(c) The owner or owners of the vehicle as described in subsection (2).

(2) Proceeds of the sale remaining after the distribution is made under subsection (1) shall be returned to the owner of the vehicle by mailing the proceeds to the owner's last known address by certified mail. If the garage keeper cannot locate the owner within 14 calendar days after the date of the sale, the remaining money shall be transmitted to the department. If the owner does not claim the remaining money within 2 years after the date of the sale, it shall escheat to the state.

570.310 False statement; violation as misdemeanor; penalty.

Sec. 10. A person, agent, or employee of a garage keeper who knowingly makes a false statement on an application for a garage keeper's lien, the documents filed by the applicant with the department in support of the application for a garage keeper's lien, or a certification required under this act is guilty of a misdemeanor punishable by a fine of not more than $1,000.00 or imprisonment for not more than 90 days, or both, for the first conviction under this section, and a fine of not more than $5,000.00 or imprisonment for not more than 1 year, or both, for any subsequent conviction under this section.

Effective date.

Enacting section 1. This amendatory act takes effect July 1, 2002.

This act is ordered to take immediate effect.

(SB 678)

AN ACT to amend 1937 PA 94, entitled "An act to provide for the levy, assessment and collection of a specific excise tax on the storage, use or consumption in this state of tangible personal property and certain services; to appropriate the proceeds thereof; and to prescribe penalties for violations of the provisions of this act," by amending section 3 (MCL 205.93), as amended by 1999 PA 117.

The People of the State of Michigan enact:

205.93 Tax rate; penalties and interest; presumption; collection; price tax base; exemptions; services, information, or records.

Sec. 3. (1) There is levied upon and there shall be collected from every person in this state a specific tax for the privilege of using, storing, or consuming tangible personal

property in this state at a rate equal to 6% of the price of the property or services specified in section 3a. Penalties and interest shall be added to the tax if applicable as provided in this act. For the purpose of the proper administration of this act and to prevent the evasion of the tax, it is presumed that tangible personal property purchased is subject to the tax if brought into the state within 90 days of the purchase date and is considered as acquired for storage, use, or other consumption in this state.

(2) The tax imposed by this section for the privilege of using, storing, or consuming a vehicle, ORV, mobile home, aircraft, snowmobile, or watercraft shall be collected before the transfer of the vehicle, ORV, mobile home, aircraft, snowmobile, or watercraft, except a transfer to a licensed dealer or retailer for purposes of resale that arises by reason of a transaction made by a person who does not transfer vehicles, ORVs, mobile homes, aircraft, snowmobiles, or watercraft in the ordinary course of his or her business done in this state. The tax on a vehicle, ORV, snowmobile, and watercraft shall be collected by the secretary of state before the transfer of the vehicle, ORV, snowmobile, or watercraft registration. The tax on a mobile home shall be collected by the department of consumer and industry services, mobile home commission, or its agent before the transfer of the certificate of title. The tax on an aircraft shall be collected by the department of treasury. Notwithstanding any limitation contained in section 2 and except as provided in this subsection, the price tax base of any vehicle, ORV, mobile home, aircraft, snowmobile, or watercraft subject to taxation under this act shall be not less than its retail dollar value at the time of acquisition as fixed pursuant to rules promulgated by the department. The price tax base of a new or previously owned car or truck held for resale by a dealer and that is not exempt under section 4(1)(c) is the purchase price of the car or truck multiplied by 2.5% plus $30.00 per month beginning with the month that the dealer uses the car or truck in a nonexempt manner.

(3) The following transfers or purchases are not subject to use tax:

(a) A transaction or a portion of a transaction if the transferee or purchaser is the spouse, mother, father, brother, sister, child, stepparent, stepchild, stepbrother, stepsister, grandparent, grandchild, legal ward, or a legally appointed guardian with a certified letter of guardianship, of the transferor.

(b) A transaction or a portion of a transaction if the transfer is a gift to a beneficiary in the administration of an estate.

(c) If a vehicle, ORV, mobile home, aircraft, snowmobile, or watercraft that has once been subjected to the Michigan sales or use tax is transferred in connection with the organization, reorganization, dissolution, or partial liquidation of an incorporated or unincorporated business and the beneficial ownership is not changed.

(d) If an insurance company licensed to conduct business in this state acquires ownership of a late model distressed vehicle as defined in section 12a of the Michigan vehicle code, 1949 PA 300, MCL 257.12a, through payment of damages in response to a claim or when the person who owned the vehicle before the insurance company reacquires ownership from the company as part of the settlement of a claim.

(4) The department may utilize the services, information, or records of any other department or agency of state government in the performance of its duties under this act, and other departments or agencies of state government are required to furnish those services, information, or records upon the request of the department.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," (MCL 380.1 to 380.1852) by adding section 1165.

The People of the State of Michigan enact:

380.1165 Financial education programs.

Sec. 1165. (1) Not later than July 1, 2002, the department shall develop or adopt, and shall make available to schools, 1 or more model programs for youth financial education. A program under this section shall be designed to incorporate financial education throughout the curriculum for grades K to 12 and shall be based on the concept of achieving financial literacy through the teaching of personal financial management skills and the basic principles involved with earning, spending, saving, borrowing, and investing.

(2) Each school district, local act school district, and public school academy is encouraged to adopt and implement the model financial education programs developed under subsection (1) or 1 or more similar financial education programs.

(3) To the extent that federal funds are available for these purposes, the department shall use those funds for grants to public schools and other measures to encourage implementation of financial education programs.

This act is ordered to take immediate effect.

AN ACT to amend 1966 PA 189, entitled "An act to provide procedures for making complaints for, obtaining, executing and returning search warrants; and to repeal certain acts and parts of acts," by amending sections 4 and 5 (MCL 780.654 and 780.655).

The People of the State of Michigan enact:

780.654 Search warrant; direction of warrant; contents; order to suppress affidavit.

Sec. 4. (1) A search warrant shall be directed to the sheriff or any peace officer, commanding the sheriff or peace officer to search the house, building, or other location or

place, where any property or other thing for which the sheriff or peace officer is required to search is believed to be concealed. Each warrant shall designate and describe the house or building or other location or place to be searched and the property or thing to be seized.

(2) The warrant shall either state the grounds or the probable or reasonable cause for its issuance or shall have attached to it a copy of the affidavit.

(3) Upon a showing that it is necessary to protect an ongoing investigation or the privacy or safety of a victim or witness, the magistrate may order that the affidavit be suppressed and not be given to the person whose property was seized or whose premises were searched until that person is charged with a crime or named as a claimant in a civil forfeiture proceeding involving evidence seized as a result of the search.

780.655 Property seized upon search; tabulation; filing; custody; restoration to owner; disposition of other property.

Sec. 5. (1) When an officer in the execution of a search warrant finds any property or seizes any of the other things for which a search warrant is allowed by this act, the officer, in the presence of the person from whose possession or premises the property or thing was taken, if present, or in the presence of at least 1 other person, shall make a complete and accurate tabulation of the property and things that were seized. The officer taking property or other things under the warrant shall give to the person from whom or from whose premises the property was taken a copy of the warrant and shall give to the person a copy of the tabulation upon completion, or shall leave a copy of the warrant and tabulation at the place from which the property or thing was taken. The officer is not required to give a copy of the affidavit to that person or to leave a copy of the affidavit at the place from which the property or thing was taken.

(2) The officer shall file the tabulation promptly with the court or magistrate. The tabulation may be suppressed by order of the court until the final disposition of the case unless otherwise ordered. The property and things that were seized shall be safely kept by the officer so long as necessary for the purpose of being produced or used as evidence in any trial.

(3) As soon as practicable, stolen or embezzled property shall be restored to the owner of the property. Other things seized under the warrant shall be disposed of under direction of the court or magistrate, except that money and other useful property shall be turned over to the state, county or municipality, the officers of which seized the property under the warrant. Money turned over to the state, county, or municipality shall be credited to the general fund of the state, county, or municipality.

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of

evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," (MCL 750.1 to 750.568) by adding chapter LXXXIII-A.

The People of the State of Michigan enact:

CHAPTER LXXXIII-A

750.543a Short title.

Sec. 543a. This chapter shall be known and may be cited as the "Michigan anti-terrorism act".

750.543b Definitions.

Sec. 543b. As used in this chapter:

(a) "Act of terrorism" means a willful and deliberate act that is all of the following:

(*i*) An act that would be a violent felony under the laws of this state, whether or not committed in this state.

(*ii*) An act that the person knows or has reason to know is dangerous to human life.

(*iii*) An act that is intended to intimidate or coerce a civilian population or influence or affect the conduct of government or a unit of government through intimidation or coercion.

(b) "Dangerous to human life" means that which causes a substantial likelihood of death or serious injury or that is a violation of section 349 or 350.

(c) "Harmful biological substance", "harmful biological device", "harmful chemical substance", "harmful chemical device", "harmful radioactive material", and "harmful radioactive device" mean those terms as defined in section 200h.

(d) "Material support or resources" means currency or other financial securities, financial services, lodging, training, safe houses, false documentation or identification, communications equipment, facilities, weapons, lethal substances, explosives, personnel, transportation, including any related physical assets or intangible property, or expert services or expert assistance.

(e) "Person" means an individual, agent, association, charitable organization, corporation, joint apprenticeship committee, joint stock company, labor organization, legal representative, mutual company, partnership, receiver, trust, trustee, trustee in bankruptcy, unincorporated organization, or any other legal or commercial entity.

(f) "Renders criminal assistance" means that the person with the intent to avoid, prevent, hinder, or delay the discovery, apprehension, prosecution, trial, or sentencing of a person who he or she knows or has reason to know has violated this chapter or is wanted as a material witness in connection with an act of terrorism pursuant to section 39 of chapter VII of the code of criminal procedure, 1927 PA 175, MCL 767.39, does any of the following:

(*i*) Harbors or conceals that other person.

(*ii*) Warns that other person of impending discovery or apprehension.

(*iii*) Provides that other person with money, transportation, a weapon, a disguise, or false identification, or any other means of avoiding discovery or apprehension.

(*iv*) Prevents or obstructs, by means of force, intimidation, or deception, anyone from performing an act that might aid in the discovery, apprehension, or prosecution of that other person.

(*v*) Suppresses, by any act of concealment, alteration, or destruction, any physical evidence that might aid in the discovery, apprehension, or prosecution of that other person.

(*vi*) Engages in conduct proscribed under section 120, 120a, or 122 or chapter XXXII.

(g) "Terrorist" means any person who engages or is about to engage in an act of terrorism.

(h) "Violent felony" means a felony in which an element is the use, attempted use, or threatened use of physical force against an individual, or the use, attempted use, or threatened use of a harmful biological substance, a harmful biological device, a harmful chemical substance, a harmful chemical device, a harmful radioactive substance, a harmful radioactive device, an explosive device, or an incendiary device.

750.543f Terrorism; action; felony; penalty.

Sec. 543f. (1) A person is guilty of terrorism when that person knowingly and with premeditation commits an act of terrorism.

(2) Terrorism is a felony punishable by imprisonment for life or any term of years or a fine of not more than $100,000.00, or both. However, if death was caused by the terrorist act, the person shall be punished by imprisonment for life without eligibility for parole.

750.543h Hindering prosecution of terrorism; conduct; felony; penalty.

Sec. 543h. (1) A person is guilty of hindering prosecution of terrorism when he or she knowingly renders criminal assistance to a person who has committed an act of terrorism.

(2) This section does not apply to conduct for which a person may be punished as if he or she had committed the offense committed by another person as allowed under section 39 of chapter VII of the code of criminal procedure, 1927 PA 175, MCL 767.39.

(3) Hindering prosecution of terrorism is a felony punishable by imprisonment for life or any term of years or a fine of not more than $100,000.00, or both.

750.543k Providing material support for terrorist acts or soliciting material support for terrorism as felonies; penalty.

Sec. 543k. (1) Any person who does any of the following is guilty of a crime punishable as provided in subsection (2):

(a) Knowingly raises, solicits, or collects material support or resources intending that the material support or resources will be used, in whole or in part, to plan, prepare, carry out, or avoid apprehension for committing an act of terrorism against the United States or its citizens, this state or its citizens, or a political subdivision or any other instrumentality of this state or of a local unit of government who knows that the material support or resources raised, solicited, or collected will be used by a terrorist or terrorist organization.

(b) Knowingly provides material support or resources to a person knowing that the person will use that support or those resources in whole or in part to plan, prepare, carry out, facilitate, or avoid apprehension for committing an act of terrorism against the United States or its citizens, this state or its citizens, or a political subdivision or any other instrumentality of this state or of a local unit of government.

(2) A person who violates subsection (1)(a) is guilty of soliciting material support for terrorism. A person who violates subsection (1)(b) is guilty of providing material support for terrorist acts. Soliciting material support for terrorism and providing material support for terrorist acts are felonies punishable by imprisonment for not more than 20 years or a fine of not more than $20,000.00, or both.

750.543m Making terrorist threat or false report of terrorism; intent or capability as defense prohibited; violation as felony; penalty.

Sec. 543m. (1) A person is guilty of making a terrorist threat or of making a false report of terrorism if the person does either of the following:

(a) Threatens to commit an act of terrorism and communicates the threat to any other person.

(b) Knowingly makes a false report of an act of terrorism and communicates the false report to any other person, knowing the report is false.

(2) It is not a defense to a prosecution under this section that the defendant did not have the intent or capability of committing the act of terrorism.

(3) A person who violates this section is guilty of a felony punishable by imprisonment for not more than 20 years or a fine of not more than $20,000.00, or both.

(SB 940)

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 212a (MCL 750.212a), as added by 1998 PA 207.

The People of the State of Michigan enact:

750.212a Violation as felony; term of imprisonment; definitions.

Sec. 212a. (1) If a person violates this chapter, the violation is committed in or is directed at a vulnerable target, and the violation results in the death of another individual or results in serious impairment of a body function of another individual, the person is guilty of a felony punishable by imprisonment for not more than 20 years. A term of imprisonment imposed under this section shall be served concurrently to the term of imprisonment for the underlying violation.

(2) As used in this section:

(a) "Serious impairment of a body function" means that term as defined in section 58c of the Michigan vehicle code, 1949 PA 300, MCL 257.58c.

(b) "Vulnerable target" means any of the following:

(*i*) A child care center or day care center as defined in section 1 of 1973 PA 116, MCL 722.111.

(*ii*) A health care facility or agency as defined in section 20106 of the public health code, 1978 PA 368, MCL 333.20106.

(*iii*) A building or structure open to the general public.

(*iv*) A church, synagogue, mosque, or other place of religious worship.

(*v*) A public, private, denominational, or parochial school offering developmental kindergarten, kindergarten, or any grade 1 through 12.

(*vi*) An institution of higher education.

(*vii*) A stadium.

AN ACT to amend 1927 PA 175, entitled "An act to revise, consolidate, and codify the laws relating to criminal procedure and to define the jurisdiction, powers, and duties of courts, judges, and other officers of the court under the provisions of this act; to provide laws relative to the rights of persons accused of criminal offenses and ordinance violations; to provide for the arrest of persons charged with or suspected of criminal offenses and ordinance violations; to provide for bail of persons arrested for or accused of criminal offenses and ordinance violations; to provide for the examination of persons accused of criminal offenses; to regulate the procedure relative to grand juries, indictments, informations, and proceedings before trial; to provide for trials of persons complained of or indicted for criminal offenses and ordinance violations and to provide for the procedure in those trials; to provide for judgments and sentences of persons convicted of criminal offenses and ordinance violations; to establish a sentencing commission and to prescribe its powers and duties; to provide for procedure relating to new trials and appeals in criminal and ordinance violation cases; to provide a uniform system of probation throughout this state and the appointment of probation officers; to prescribe the powers, duties, and compensation of probation officers; to provide penalties for the violation of the duties of probation officers; to provide for procedure governing proceedings to prevent crime and proceedings for the discovery of crime; to provide for fees of officers, witnesses, and others in criminal and ordinance violation cases; to set forth miscellaneous provisions as to criminal procedure in certain cases; to provide penalties for the violation of certain provisions of this act; and to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 24 of chapter VII (MCL 767.24), as amended by 2001 PA 6.

The People of the State of Michigan enact:

CHAPTER VII

767.24 Indictments; finding and filing; limitations.

Sec. 24. (1) An indictment for murder, or criminal sexual conduct in the first degree, or a violation of chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.543a to 750.543z, or a violation of chapter XXXIII of the Michigan penal code, 1931 PA 328, MCL 750.200 to 750.212a, that is punishable by life imprisonment may be found and filed at any time.

(2) An indictment for a violation or attempted violation of section 145c, 520c, 520d, 520e, or 520g of the Michigan penal code, 1931 PA 328, MCL 750.145c, 750.520c, 750.520d, 750.520e, and 750.520g, may be found and filed as follows:

(a) Except as otherwise provided in subdivision (b), an indictment may be found and filed within 10 years after the offense is committed or by the alleged victim's twenty-first birthday, whichever is later.

(b) If evidence of the violation is obtained and that evidence contains DNA that is determined to be from an unidentified individual, an indictment against that individual for the violation may be found and filed at any time after the offense is committed. However, after the individual is identified, the indictment shall be found and filed within 10 years after the individual is identified or by the alleged victim's twenty-first birthday, whichever is later.

(c) As used in this subsection:

(*i*) "DNA" means human deoxyribonucleic acid.

(*ii*) "Identified" means the individual's legal name is known and he or she has been determined to be the source of the DNA.

(3) An indictment for kidnapping, extortion, assault with intent to commit murder, attempted murder, manslaughter, conspiracy to commit murder, or first-degree home invasion shall be found and filed within 10 years after the offense is committed.

(4) All other indictments shall be found and filed within 6 years after the offense is committed.

(5) Any period during which the party charged did not usually and publicly reside within this state is not part of the time within which the respective indictments shall be found and filed.

Effective date.

Enacting section 1. This amendatory act takes effect April 22, 2002.

Conditional effective date.

Enacting section 2. This amendatory act does not take effect unless Senate Bill No. 930 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.

(SB 949)

AN ACT to amend 1927 PA 175, entitled "An act to revise, consolidate, and codify the laws relating to criminal procedure and to define the jurisdiction, powers, and duties of courts, judges, and other officers of the court under the provisions of this act; to provide laws relative to the rights of persons accused of criminal offenses and ordinance violations;

to provide for the arrest of persons charged with or suspected of criminal offenses and ordinance violations; to provide for bail of persons arrested for or accused of criminal offenses and ordinance violations; to provide for the examination of persons accused of criminal offenses; to regulate the procedure relative to grand juries, indictments, informations, and proceedings before trial; to provide for trials of persons complained of or indicted for criminal offenses and ordinance violations and to provide for the procedure in those trials; to provide for judgments and sentences of persons convicted of criminal offenses and ordinance violations; to establish a sentencing commission and to prescribe its powers and duties; to provide for procedure relating to new trials and appeals in criminal and ordinance violation cases; to provide a uniform system of probation throughout this state and the appointment of probation officers; to prescribe the powers, duties, and compensation of probation officers; to provide penalties for the violation of the duties of probation officers; to provide for procedure governing proceedings to prevent crime and proceedings for the discovery of crime; to provide for fees of officers, witnesses, and others in criminal and ordinance violation cases; to set forth miscellaneous provisions as to criminal procedure in certain cases; to provide penalties for the violation of certain provisions of this act; and to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 1f of chapter IX (MCL 769.1f), as amended by 2001 PA 208.

The People of the State of Michigan enact:

CHAPTER IX

769.1f Expenses for which court may order person convicted to reimburse state or local unit of government; payment; reimbursement as condition of probation or parole; enforcement of order; expenses for emergency response; definitions.

Sec. 1f. (1) As part of the sentence for a conviction of any of the following offenses, in addition to any other penalty authorized by law, the court may order the person convicted to reimburse the state or a local unit of government for expenses incurred in relation to that incident including but not limited to expenses for an emergency response and expenses for prosecuting the person, as provided in this section:

(a) A violation or attempted violation of section 625(1), (3), (4), (5), (6), or (7) or section 625m of the Michigan vehicle code, 1949 PA 300, MCL 257.625 and 257.625m, or of a local ordinance substantially corresponding to section 625(1), (3), or (6) or section 625m of the Michigan vehicle code, 1949 PA 300, MCL 257.625 and 257.625m.

(b) Felonious driving, negligent homicide, manslaughter, or murder, or attempted felonious driving, negligent homicide, manslaughter, or murder, resulting from the operation of a motor vehicle, snowmobile, ORV, aircraft, vessel, or locomotive engine while the person was impaired by or under the influence of intoxicating liquor or a controlled substance, as defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104, or a combination of intoxicating liquor and a controlled substance, or had an unlawful blood alcohol content.

(c) A violation or attempted violation of section 82127 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.82127.

(d) A violation or attempted violation of section 81134 or 81135 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.81134 and 324.81135.

(e) A violation or attempted violation of section 185 of the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.185.

(f) A violation or attempted violation of section 80176(1), (3), (4), or (5) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80176, or a local ordinance substantially corresponding to section 80176(1) or (3) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80176.

(g) A violation or attempted violation of section 353 or 355 of the railroad code of 1993, 1993 PA 354, MCL 462.353 and 462.355.

(h) A violation or attempted violation of section 411a(2) of the Michigan penal code, 1931 PA 328, MCL 750.411a.

(i) A finding of guilt for criminal contempt for a violation of a personal protection order issued under section 2950 or 2950a of the revised judicature act of 1961, 1961 PA 236, MCL 600.2950 and 600.2950a, or for a violation of a foreign protection order that satisfies the conditions for validity provided in section 2950i of the revised judicature act of 1961, 1961 PA 236, MCL 600.2950i.

(2) The expenses for which reimbursement may be ordered under this section include all of the following:

(a) The salaries or wages, including overtime pay, of law enforcement personnel for time spent responding to the incident from which the conviction arose, arresting the person convicted, processing the person after the arrest, preparing reports on the incident, investigating the incident, and collecting and analyzing evidence, including, but not limited to, determining bodily alcohol content and determining the presence of and identifying controlled substances in the blood, breath, or urine.

(b) The salaries, wages, or other compensation, including overtime pay, of fire department and emergency medical service personnel, including volunteer fire fighters or volunteer emergency medical service personnel, for time spent in responding to and providing fire fighting, rescue, and emergency medical services in relation to the incident from which the conviction arose.

(c) The cost of medical supplies lost or expended by fire department and emergency medical service personnel, including volunteer fire fighters or volunteer emergency medical service personnel, in providing services in relation to the incident from which the conviction arose.

(d) The salaries, wages, or other compensation, including, but not limited to, overtime pay of prosecution personnel for time spent investigating and prosecuting the crime or crimes resulting in conviction.

(e) The cost of extraditing a person from another state to this state including, but not limited to, all of the following:

(*i*) Transportation costs.

(*ii*) The salaries or wages of law enforcement and prosecution personnel, including overtime pay, for processing the extradition and returning the person to this state.

(3) If police, fire department, or emergency medical service personnel from more than 1 unit of government incurred expenses as described in subsection (2), the court may order the person convicted to reimburse each unit of government for the expenses it incurred.

(4) The amount ordered to be paid under this section shall be paid to the clerk of the court, who shall transmit the appropriate amount to the unit or units of government named in the order to receive reimbursement. If not otherwise provided by the court

under this subsection, the reimbursement ordered under this section shall be made immediately. However, the court may require that the person make the reimbursement ordered under this section within a specified period or in specified installments.

(5) If the person convicted is placed on probation or paroled, any reimbursement ordered under this section shall be a condition of that probation or parole. The court may revoke probation and the parole board may revoke parole if the person fails to comply with the order and if the person has not made a good faith effort to comply with the order. In determining whether to revoke probation or parole, the court or parole board shall consider the person's employment status, earning ability, number of dependents, and financial resources, the willfulness of the person's failure to pay, and any other special circumstances that may have a bearing on the person's ability to pay.

(6) An order for reimbursement under this section may be enforced by the prosecuting attorney or the state or local unit of government named in the order to receive the reimbursement in the same manner as a judgment in a civil action.

(7) Notwithstanding any other provision of this section, a person shall not be imprisoned, jailed, or incarcerated for a violation of parole or probation, or otherwise, for failure to make a reimbursement as ordered under this section unless the court determines that the person has the resources to pay the ordered reimbursement and has not made a good faith effort to do so.

(8) A local unit of government may elect to be reimbursed for expenses under this section or a local ordinance, or a combination of this section and a local ordinance. This subsection does not allow a local unit of government to be fully reimbursed more than once for any expense incurred by that local unit of government.

(9) As part of the sentence for a conviction of any violation or attempted violation of chapter XXXIII, section 327, 327a, 328, or 436, or chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.200 to 750.212a, 750.327, 750.327a, 750.328, and 750.436, and 750.543a to 750.543z, in addition to any other penalty authorized by law, the court shall order the person convicted to reimburse any government entity for expenses incurred in relation to that incident including, but not limited to, expenses for an emergency response and expenses for prosecuting the person, as provided in subsections (2) to (8). As used in this subsection, "government entity" means this state, a local unit of government, or the United States government.

(10) As used in this section:

(a) "Aircraft" means that term as defined in section 4 of the aeronautics code of the state of Michigan, 1945 PA 327, MCL 259.4.

(b) "Local unit of government" means any of the following:

(*i*) A city, village, township, or county.

(*ii*) A local or intermediate school district.

(*iii*) A public school academy.

(*iv*) A community college.

(c) "Motor vehicle" means that term as defined in section 33 of the Michigan vehicle code, 1949 PA 300, MCL 257.33.

(d) "ORV" means that term as defined in section 81101 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.81101.

(e) "Snowmobile" means that term as defined in section 82101 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.82101.

(f) "State" includes a state institution of higher education.

(g) "Vessel" means that term as defined in section 80104 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80104.

Effective date.

Enacting section 1. This amendatory act takes effect April 22, 2002.

Conditional effective date.

Enacting section 2. This amendatory act does not take effect unless Senate Bill No. 930 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.

[No. 121]

(SB 994)

AN ACT to amend 1955 PA 133, entitled "An act to provide for the granting of military leaves and providing reemployment protection for officers and enlisted men of the military or naval forces of the state or of the United States," by amending section 3 (MCL 32.273).

The People of the State of Michigan enact:

32.273 Members of military or naval forces; leave of absence from employment for military purposes; reemployment; priority; seniority, rights, and benefits; exception; definitions.

Sec. 3. (1) An employee who requests a leave from his or her employment shall not be denied a leave of absence by his or her employer for the purpose of being inducted into or entering into active service, active state service, or the service of the United States, for the purpose of determining his or her physical fitness to enter the service, or for performing training duty as an officer or enlisted member of the military or naval forces of this state or of the United States. Following release from service, training duty, or rejection, the employee shall, if he or she makes application to his or her employer for reemployment within 15 days following service, release, or rejection, be reemployed in a position of employment in the following order of priority:

(a) Following service of 1 to 90 days, in the position of employment in which the person would have been employed if the continuous employment of the person with the employer had not been interrupted by service, the duties of which the person is qualified to perform.

(b) Following service of 1 to 90 days, in the position of employment in which the person was employed on the date of the commencement of service, only if the person is not qualified to perform the duties of the position referred to in subdivision (a) and after reasonable efforts by the employer to qualify the person have been made.

(c) Following service of 91 or more days, a position described under subdivision (a) or (b) or in any other position of lesser status or pay that the person is qualified to perform, only

if the person is not qualified and cannot become qualified with reasonable efforts by the employer to be employed as described in subdivision (b).

(2) A person who is reemployed under this section is entitled to the seniority and other rights and benefits that are determined by seniority that the person had on the date of the commencement of service plus the additional seniority and rights and benefits that the person would have attained if the person had been continually employed.

(3) In addition to the seniority, rights, and benefits under subsection (2), a person who is reemployed under this section is entitled to rights and benefits, not determined by seniority, that are generally provided by the employer to employees who have similar seniority, status, and pay who are on furlough or leave of absence under a contract, agreement, policy, practice, or plan in effect at the commencement of service or established while the person performs service.

(4) The employee is not entitled to reemployment under this section if the employee who is absent by reason of active service, active state service, or the service of the United States has a cumulative period of service in the uniformed services, with respect to the employer relationship for which a person seeks reemployment, that exceeds 5 years, except that any period of service shall not include any of the following:

(a) Any service that is required, beyond 5 years, to complete an initial period of obligated service.

(b) Any service during which the person was unable to obtain orders releasing him or her from a period of service in the uniformed services before the expiration of the 5-year period and the inability was through no fault of the person.

(c) Any service performed as required pursuant to 10 U.S.C. 10147, under 32 U.S.C. 502(a) or 503, or to fulfill additional training requirements determined and certified in writing by the appropriate service secretary to be necessary for professional development or for completion of skill training or retraining.

(d) Any service performed by a member in active service, active state service, or the service of the United States if any of the following occur:

(*i*) The member is ordered to or retained on active duty, active service, or active state service under 10 U.S.C. 688, 12301(a), 12301(g), 12302, 12304, or 12305, or under 14 U.S.C. 331, 332, 359, 360, 367, or 712.

(*ii*) The member is ordered to or retained on active duty, active service, or active state service, other than for training, under any provision of law because of a war or national emergency declared by the president, the congress, or the governor.

(*iii*) The member is ordered to active duty, other than for training, in support, as determined by the appropriate service secretary, of an operational mission for which personnel have been ordered to active duty under 10 U.S.C. 12304.

(*iv*) The member is ordered to active duty in support, as determined by the appropriate service secretary, of a critical mission or requirement of the uniformed services.

(*v*) The member is called into federal service as a member of the national guard under 10 U.S.C. 331 to 335 or under 10 U.S.C. 12406.

(5) An employee is not entitled to the benefits under this section if the service of the employee in any of the uniformed services is terminated under any of the following circumstances:

(a) A separation of the person from the uniformed service or national guard with a dishonorable or bad conduct discharge.

(b) A separation of the person from the uniformed service or national guard under other than honorable conditions, as characterized pursuant to regulations prescribed by the appropriate service secretary.

(c) A dismissal of the person under 10 U.S.C. 1161(a).

(d) A dropping from the rolls pursuant to 10 U.S.C. 1161(b).

(6) As used in this section:

(a) "Active service" means service, including active state service or special duty required by law, regulation, or pursuant to order of the governor. Active service includes continuing service of an active member of the national guard and the defense force in fulfilling that active member's commission, appointment, or enlistment.

(b) "Active state service", as applied to the national guard and the defense force, means military service in support of civil authorities, at the request of local authorities, including, but not limited to, support in the enforcement of laws prohibiting the importation, sale, delivery, possession, or use of a controlled substance, if ordered by the governor or as otherwise provided in this act. As used in this subdivision, "controlled substance" means that term as defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104.

(c) "Service" means active service, active state service, or in the service of the United States.

(d) "Service secretary" means the secretary of the army, secretary of the navy, or secretary of the air force as defined in 10 U.S.C. 101(9).

(e) "Uniformed service" means the armed forces, the reserve component, the national guard in active service or active state service, the commissioned corps of the public health service, and any other category of persons designated by the president or governor in time of war or national emergency.

This act is ordered to take immediate effect.
Approved March 29, 2002.

(SB 1005)

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," by amending section 21513 (MCL 333.21513), as amended by 1993 PA 79.

The People of the State of Michigan enact:

333.21513 Owner, operator, and governing body of hospital; responsibilities and duties generally.

Sec. 21513. The owner, operator, and governing body of a hospital licensed under this article:

(a) Are responsible for all phases of the operation of the hospital, selection of the medical staff, and quality of care rendered in the hospital.

(b) Shall cooperate with the department in the enforcement of this part, and require that the physicians, dentists, and other personnel working in the hospital who are required to be licensed or registered are in fact currently licensed or registered.

(c) Shall assure that physicians and dentists admitted to practice in the hospital are granted hospital privileges consistent with their individual training, experience, and other qualifications.

(d) Shall assure that physicians and dentists admitted to practice in the hospital are organized into a medical staff to enable an effective review of the professional practices in the hospital for the purpose of reducing morbidity and mortality and improving the care provided in the hospital for patients. The review shall include the quality and necessity of the care provided and the preventability of complications and deaths occurring in the hospital.

(e) Shall not discriminate because of race, religion, color, national origin, age, or sex in the operation of the hospital including employment, patient admission and care, room assignment, and professional or nonprofessional selection and training programs, and shall not discriminate in the selection and appointment of individuals to the physician staff of the hospital or its training programs on the basis of licensure or registration or professional education as doctors of medicine, osteopathic medicine and surgery, or podiatry.

(f) Shall assure that the hospital adheres to medical control authority protocols according to section 20918.

(g) Shall assure that the hospital develops and maintains a plan for biohazard detection and handling.

This act is ordered to take immediate effect.
Approved March 29, 2002.

(HB 4037)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 310 (MCL 257.310), as amended by 2001 PA 216.

The People of the State of Michigan enact:

257.310 Operator's or chauffeur's license; issuance; motorcycle indorsement or vehicle group designation or indorsement application; contents of license; digitized license; unlawful acts; penalties; temporary driver's permit; medical data or anatomical gift; designation of patient advocate or emancipated status.

Sec. 310. (1) The secretary of state shall issue an operator's license to each person licensed as an operator and a chauffeur's license to each person licensed as a chauffeur.

An applicant for a motorcycle indorsement under section 312a or a vehicle group designation or indorsement shall first qualify for an operator's or chauffeur's license before the indorsement or vehicle group designation application is accepted and processed.

(2) The license issued under subsection (1) shall contain all of the following information:

(a) The distinguishing number permanently assigned to the licensee.

(b) The full name, date of birth, address of residence, height, eye color, sex, an image, and the signature of the licensee.

(c) An indication that the license contains 1 or more of the following:

(*i*) The blood type of the licensee.

(*ii*) Immunization data of the licensee.

(*iii*) Medication data of the licensee.

(*iv*) A statement that the licensee is deaf.

(*v*) A statement that the licensee is an organ and tissue donor pursuant to part 101 of the public health code, 1978 PA 368, MCL 333.10101 to 333.10109.

(*vi*) Emergency contact information of the licensee.

(*vii*) A sticker or decal as specified by the secretary of state to indicate that the licensee has designated 1 or more patient advocates in accordance with section 5506 of the estates and protected individuals code, 1998 PA 386, MCL 700.5506, or a statement that the licensee carries an emergency medical information card.

(d) If the licensee has made a statement described in subdivision (c)(*v*), the signature of the licensee following the indication of his or her organ and tissue donor intent identified in subdivision (c)(*v*), along with the signature of at least 1 witness.

(e) The sticker or decal described in subdivision (c)(*vii*) may be provided by any person, hospital, school, medical group, or association interested in assisting in implementing the emergency medical information card, but shall meet the specifications of the secretary of state. The emergency medical information card may contain the information described in subdivision (c)(*vi*), information concerning the licensee's patient advocate designation, other emergency medical information, or an indication as to where the licensee has stored or registered emergency medical information.

(3) Except as otherwise required in this chapter, other information required on the license pursuant to this chapter may appear on the license in a form prescribed by the secretary of state.

(4) The license shall not contain a fingerprint or finger image of the licensee.

(5) A digitized license may contain an identifier for voter registration purposes. The digitized license may contain information appearing in electronic or machine readable codes needed to conduct a transaction with the secretary of state. The information shall be limited to the person's driver license number, birth date, license expiration date, and other information necessary for use with electronic devices, machine readers, or automatic teller machines and shall not contain the person's name, address, driving record, or other personal identifier. The license shall identify the encoded information.

(6) The license shall be manufactured in a manner to prohibit as nearly as possible the ability to reproduce, alter, counterfeit, forge, or duplicate the license without ready detection. In addition, a license with a vehicle group designation shall contain the information required pursuant to 49 C.F.R. part 383.

(7) A person who intentionally reproduces, alters, counterfeits, forges, or duplicates a license photograph, the negative of the photograph, an image, a license, or the electronic

data contained on a license or a part of a license or who uses a license, an image, or photograph that has been reproduced, altered, counterfeited, forged, or duplicated is subject to 1 of the following:

(a) If the intent of the reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense that is a felony punishable by imprisonment for 10 or more years, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a felony, punishable by imprisonment for not more than 10 years or a fine of not more than $20,000.00, or both.

(b) If the intent of the reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense that is a felony punishable by imprisonment for less than 10 years or a misdemeanor punishable by imprisonment for 6 months or more, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a felony, punishable by imprisonment for not more than 5 years, or a fine of not more than $10,000.00, or both.

(c) If the intent of the reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense that is a misdemeanor punishable by imprisonment for less than 6 months, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $2,000.00, or both.

(8) A person who sells, or who possesses with the intent to deliver to another, a reproduced, altered, counterfeited, forged, or duplicated license photograph, negative of the photograph, image, license, or electronic data contained on a license or part of a license is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $10,000.00, or both.

(9) A person who is in possession of 2 or more reproduced, altered, counterfeited, forged, or duplicated license photographs, negatives of the photograph, images, licenses, or electronic data contained on a license or part of a license is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $10,000.00, or both.

(10) A person who is in possession of a reproduced, altered, counterfeited, forged, or duplicated license photograph, negative of the photograph, image, license, or electronic data contained on a license or part of a license is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than $2,000.00, or both.

(11) Subsections (7)(a) and (b), (8), and (9) do not apply to a minor whose intent is to violate section 703 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703.

(12) The secretary of state, upon determining after an examination that an applicant is mentally and physically qualified to receive a license, may issue to that person a temporary driver's permit entitling the person while having the permit in his or her immediate possession to drive a motor vehicle upon the highway for a period not exceeding 60 days before issuance to the person of an operator's or chauffeur's license by the secretary of state.

(13) An operator or chauffeur may indicate on the license in a place designated by the secretary of state his or her blood type, emergency contact information, immunization data, medication data, or a statement that the licensee is deaf, or a statement that the licensee is an organ and tissue donor and has made an anatomical gift pursuant to part 101 of the public health code, 1978 PA 368, MCL 333.10101 to 333.10109.

(14) An operator or chauffeur may indicate on the license in a place designated by the secretary of state that he or she has designated a patient advocate in accordance with sections 5506 to 5513 of the estates and protected individuals code, 1998 PA 386, MCL 700.5506 to 700.5513.

(15) If the applicant provides proof to the secretary of state that he or she is a minor who has been emancipated pursuant to 1968 PA 293, MCL 722.1 to 722.6, the license shall bear the designation of the individual's emancipated status in a manner prescribed by the secretary of state.

Effective date.

Enacting section 1. This amendatory act takes effect April 22, 2002.

This act is ordered to take immediate effect.
Approved March 29, 2002.

AN ACT to amend 1966 PA 189, entitled "An act to provide procedures for making complaints for, obtaining, executing and returning search warrants; and to repeal certain acts and parts of acts," by amending section 1 (MCL 780.651), as amended by 1990 PA 43.

The People of the State of Michigan enact:

780.651 Issuance of search warrant; requirements; making affidavit for search warrant or search warrant by electronic or electromagnetic means; proof; paper quality and durability standards; oath or affirmation administered by electronic or electromagnetic means; impression seal; nonpublic information.

Sec. 1. (1) When an affidavit is made on oath to a magistrate authorized to issue warrants in criminal cases, and the affidavit establishes grounds for issuing a warrant pursuant to this act, the magistrate, if he or she is satisfied that there is probable cause for the search, shall issue a warrant to search the house, building, or other location or place where the property or thing to be searched for and seized is situated.

(2) An affidavit for a search warrant may be made by any electronic or electromagnetic means of communication if both of the following occur:

(a) The judge or district court magistrate orally administers the oath or affirmation to an applicant for a search warrant who submits an affidavit under this subsection.

(b) The affiant signs the affidavit. Proof that the affiant has signed the affidavit may consist of an electronically or electromagnetically transmitted facsimile of the signed affidavit.

(3) A judge may issue a written search warrant in person or by any electronic or electromagnetic means of communication. If a court order required pursuant to section 625a of the Michigan vehicle code, 1949 PA 300, MCL 257.625a, is issued as a search warrant, the written search warrant may be issued in person or by any electronic or electromagnetic means of communication by a judge or by a district court magistrate.

(4) The peace officer or department receiving an electronically or electromagnetically issued search warrant shall receive proof that the issuing judge or district court magistrate has signed the warrant before the warrant is executed. Proof that the issuing judge or district court magistrate has signed the warrant may consist of an electronically or electromagnetically transmitted facsimile of the signed warrant.

(5) The state court administrator shall establish paper quality and durability standards for warrants issued under this section.

(6) If an oath or affirmation is orally administered by electronic or electromagnetic means of communication under this section, the oath or affirmation is considered to be administered before the judge or district court magistrate.

(7) If an affidavit for a search warrant is submitted by electronic or electromagnetic means of communication, or a search warrant is issued by electronic or electromagnetic means of communication, the transmitted copies of the affidavit or search warrant are duplicate originals of the affidavit or search warrant and are not required to contain an impression made by an impression seal.

(8) A search warrant, affidavit, or tabulation contained in any court file or record retention system is nonpublic information.

Effective date.

Enacting section 1. This amendatory act takes effect April 22, 2002.

This act is ordered to take immediate effect.
Approved March 29, 2002.
Filed with Secretary of State April 1, 2002.

AN ACT to amend 1927 PA 175, entitled "An act to revise, consolidate, and codify the laws relating to criminal procedure and to define the jurisdiction, powers, and duties of courts, judges, and other officers of the court under the provisions of this act; to provide laws relative to the rights of persons accused of criminal offenses and ordinance violations; to provide for the arrest of persons charged with or suspected of criminal offenses and ordinance violations; to provide for bail of persons arrested for or accused of criminal offenses and ordinance violations; to provide for the examination of persons accused of criminal offenses; to regulate the procedure relative to grand juries, indictments, informations, and proceedings before trial; to provide for trials of persons complained of or indicted for criminal offenses and ordinance violations and to provide for the procedure in those trials; to provide for judgments and sentences of persons convicted of criminal offenses and ordinance violations; to establish a sentencing commission and to prescribe its powers and duties; to provide for procedure relating to new trials and appeals in criminal and ordinance violation cases; to provide a uniform system of probation throughout this state and the appointment of probation officers; to prescribe the powers, duties, and compensation of probation officers; to provide penalties for the violation of the duties of probation officers; to provide for procedure governing proceedings to prevent crime and proceedings for the discovery of crime; to provide for fees of officers, witnesses, and others in criminal and ordinance violation cases; to set forth miscellaneous provisions as to criminal procedure in certain cases; to provide penalties for the violation of certain provisions of this act; and to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act," (MCL 760.1 to 777.69) by adding section 2 to chapter II.

The People of the State of Michigan enact:

CHAPTER II

762.2 In-state prosecution for criminal offense; circumstances.

Sec. 2. (1) A person may be prosecuted for a criminal offense he or she commits while he or she is physically located within this state or outside of this state if any of the following circumstances exist:

(a) He or she commits a criminal offense wholly or partly within this state.

(b) His or her conduct constitutes an attempt to commit a criminal offense within this state.

(c) His or her conduct constitutes a conspiracy to commit a criminal offense within this state and an act in furtherance of the conspiracy is committed within this state by the offender, or at his or her instigation, or by another member of the conspiracy.

(d) A victim of the offense or an employee or agent of a governmental unit posing as a victim resides in this state or is located in this state at the time the criminal offense is committed.

(e) The criminal offense produces substantial and detrimental effects within this state.

(2) A criminal offense is considered under subsection (1) to be committed partly within this state if any of the following apply:

(a) An act constituting an element of the criminal offense is committed within this state.

(b) The result or consequences of an act constituting an element of the criminal offense occur within this state.

(c) The criminal offense produces consequences that have a materially harmful impact upon the system of government or the community welfare of this state, or results in persons within this state being defrauded or otherwise harmed.

Effective date.

Enacting section 1. This amendatory act takes effect April 22, 2002.

This act is ordered to take immediate effect.

(HB 5349)

AN ACT to amend 1976 PA 442, entitled "An act to provide for public access to certain public records of public bodies; to permit certain fees; to prescribe the powers and duties of certain public officers and public bodies; to provide remedies and penalties; and to repeal certain acts and parts of acts," by amending section 13 (MCL 15.243), as amended by 2001 PA 74.

The People the State of Michigan enact:

15.243 Exemptions from disclosure; withholding of information required by law or in possession of executive office.

Sec. 13. (1) A public body may exempt from disclosure as a public record under this act any of the following:

(a) Information of a personal nature if public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

(b) Investigating records compiled for law enforcement purposes, but only to the extent that disclosure as a public record would do any of the following:

(*i*) Interfere with law enforcement proceedings.

(*ii*) Deprive a person of the right to a fair trial or impartial administrative adjudication.

(*iii*) Constitute an unwarranted invasion of personal privacy.

(*iv*) Disclose the identity of a confidential source, or if the record is compiled by a law enforcement agency in the course of a criminal investigation, disclose confidential information furnished only by a confidential source.

(*v*) Disclose law enforcement investigative techniques or procedures.

(*vi*) Endanger the life or physical safety of law enforcement personnel.

(c) A public record that if disclosed would prejudice a public body's ability to maintain the physical security of custodial or penal institutions occupied by persons arrested or convicted of a crime or admitted because of a mental disability, unless the public interest in disclosure under this act outweighs the public interest in nondisclosure.

(d) Records or information specifically described and exempted from disclosure by statute.

(e) A public record or information described in this section that is furnished by the public body originally compiling, preparing, or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(f) Trade secrets or commercial or financial information voluntarily provided to an agency for use in developing governmental policy if:

(*i*) The information is submitted upon a promise of confidentiality by the public body.

(*ii*) The promise of confidentiality is authorized by the chief administrative officer of the public body or by an elected official at the time the promise is made.

(*iii*) A description of the information is recorded by the public body within a reasonable time after it has been submitted, maintained in a central place within the public body, and made available to a person upon request. This subdivision does not apply to information submitted as required by law or as a condition of receiving a governmental contract, license, or other benefit.

(g) Information or records subject to the attorney-client privilege.

(h) Information or records subject to the physician-patient privilege, the psychologist-patient privilege, the minister, priest, or Christian Science practitioner privilege, or other privilege recognized by statute or court rule.

(i) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not to be conducted, until the deadline for submission of bids or proposals has expired.

(j) Appraisals of real property to be acquired by the public body until (*i*) an agreement is entered into; or (*ii*) 3 years have elapsed since the making of the appraisal, unless litigation relative to the acquisition has not yet terminated.

(k) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure under this act outweighs the public interest in nondisclosure.

(*l*) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by a disclosure of those facts or evaluation.

(m) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in the particular instance the public interest in encouraging frank communication between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the open meetings act, 1976 PA 267, MCL 15.268. As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise required to be made available under 1947 PA 336, MCL 423.201 to 423.217.

(n) Records of law enforcement communication codes, or plans for deployment of law enforcement personnel, that if disclosed would prejudice a public body's ability to protect the public safety unless the public interest in disclosure under this act outweighs the public interest in nondisclosure in the particular instance.

(o) Information that would reveal the exact location of archaeological sites. The department of history, arts, and libraries may promulgate rules in accordance with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to provide for the disclosure of the location of archaeological sites for purposes relating to the preservation or scientific examination of sites.

(p) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only 1 bidder has met the specifications. This subdivision does not apply after 1 year has elapsed from the time the public body completes the testing.

(q) Academic transcripts of an institution of higher education established under section 5, 6, or 7 of article VIII of the state constitution of 1963, if the transcript pertains to a student who is delinquent in the payment of financial obligations to the institution.

(r) Records of a campaign committee including a committee that receives money from a state campaign fund.

(s) Unless the public interest in disclosure outweighs the public interest in nondisclosure in the particular instance, public records of a law enforcement agency, the release of which would do any of the following:

(*i*) Identify or provide a means of identifying an informant.

(*ii*) Identify or provide a means of identifying a law enforcement undercover officer or agent or a plain clothes officer as a law enforcement officer or agent.

(*iii*) Disclose the personal address or telephone number of active or retired law enforcement officers or agents or a special skill that they may have.

(*iv*) Disclose the name, address, or telephone numbers of family members, relatives, children, or parents of active or retired law enforcement officers or agents.

(*v*) Disclose operational instructions for law enforcement officers or agents.

(*vi*) Reveal the contents of staff manuals provided for law enforcement officers or agents.

(*vii*) Endanger the life or safety of law enforcement officers or agents or their families, relatives, children, parents, or those who furnish information to law enforcement departments or agencies.

(*viii*) Identify or provide a means of identifying a person as a law enforcement officer, agent, or informant.

(*ix*) Disclose personnel records of law enforcement agencies.

(*x*) Identify or provide a means of identifying residences that law enforcement agencies are requested to check in the absence of their owners or tenants.

(t) Except as otherwise provided in this subdivision, records and information pertaining to an investigation or a compliance conference conducted by the department of consumer and industry services under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838, before a complaint is issued. This subdivision does not apply to records or information pertaining to 1 or more of the following:

(*i*) The fact that an allegation has been received and an investigation is being conducted, and the date the allegation was received.

(*ii*) The fact that an allegation was received by the department of consumer and industry services; the fact that the department of consumer and industry services did not issue a complaint for the allegation; and the fact that the allegation was dismissed.

(u) Records of a public body's security measures, including security plans, security codes and combinations, passwords, passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(v) Records or information relating to a civil action in which the requesting party and the public body are parties.

(w) Information or records that would disclose the social security number of any individual.

(x) Except as otherwise provided in this subdivision, an application for the position of president of an institution of higher education established under section 4, 5, or 6 of article VIII of the state constitution of 1963, materials submitted with such an application, letters of recommendation or references concerning an applicant, and records or information relating to the process of searching for and selecting an individual for a position described in this subdivision, if the records or information could be used to identify a candidate for the position. However, after 1 or more individuals have been identified as finalists for a position described in this subdivision, this subdivision does not apply to a public record described in this subdivision, except a letter of recommendation or reference, to the extent that the public record relates to an individual identified as a finalist for the position.

(y) Records or information of measures designed to protect the security or safety of persons or property, whether public or private, including, but not limited to, building, public works, and public water supply designs to the extent that those designs relate to the ongoing security measures of a public body, capabilities and plans for responding to a violation of the Michigan anti-terrorism act, chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.543 to 750.543z, emergency response plans, risk planning documents, threat assessments, and domestic preparedness strategies, unless disclosure would not impair a public body's ability to protect the security or safety of persons or property or unless the public interest in disclosure outweighs the public interest in nondisclosure in the particular instance.

(2) A public body shall exempt from disclosure information that, if released, would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 U.S.C. 1232g, commonly referred to as the family educational rights and privacy act of 1974.

(3) This act does not authorize the withholding of information otherwise required by law to be made available to the public or to a party in a contested case under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(4) Except as otherwise exempt under subsection (1), this act does not authorize the withholding of a public record in the possession of the executive office of the governor or lieutenant governor, or an employee of either executive office, if the public record is transferred to the executive office of the governor or lieutenant governor, or an employee of either executive office, after a request for the public record has been received by a state officer, employee, agency, department, division, bureau, board, commission, council, authority, or other body in the executive branch of government that is subject to this act.

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," (MCL 750.1 to 750.568) by adding chapter LXXXIII-A.

The People of the State of Michigan enact:

CHAPTER LXXXIII-A

750.543c "Terrorist organization" defined.

Sec. 543c. As used in this chapter, "terrorist organization" means an organization that, on the effective date of the amendatory act that added this section, is designated by the United States state department as engaging in or sponsoring an act of terrorism.

750.543y Other violations arising out of same criminal transaction.

Sec. 543y. This chapter does not prohibit a person from being charged with, convicted of, or sentenced for any other violation of law arising out of the same criminal transaction as the violation of this chapter.

750.543z Constitutionally protected conduct; prosecution prohibited.

Sec. 543z. Notwithstanding any provision in this chapter, a prosecuting agency shall not prosecute any person or seize any property for conduct presumptively protected by the first amendment to the constitution of the United States in a manner that violates any constitutional provision.

Compiler's note: Senate Bill No. 930, referred to in enacting section 2, was filed with the Secretary of State April 1, 2002, and became P.A. 2002, No. 113, Eff. Apr. 22, 2002.

[No. 132]

(HB 5496)

AN ACT to amend 1976 PA 390, entitled "An act to provide for planning, mitigation, response, and recovery from natural and human-made disaster within this state; to create

the Michigan emergency management advisory council and prescribe its powers and duties; to prescribe the powers and duties of certain state and local agencies and officials; to prescribe immunities and liabilities; to provide for the acceptance of gifts; to repeal certain acts and parts of acts; and to repeal certain parts of the act," by amending sections 3, 7, 7a, 8, 9, 10, and 11 (MCL 30.403, 30.407, 30.407a, 30.408, 30.409, 30.410, and 30.411), sections 3, 7, 8, 9, 10, and 11 as amended and section 7a as added by 1990 PA 50, and by adding section 21; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

30.403 Responsibility of governor; executive orders, proclamations, and directives; declaration, duration, and termination of state of disaster or state of emergency; contents and dissemination of executive order or proclamation.

Sec. 3. (1) The governor is responsible for coping with dangers to this state or the people of this state presented by a disaster or emergency.

(2) The governor may issue executive orders, proclamations, and directives having the force and effect of law to implement this act. Except as provided in section 7(2), an executive order, proclamation, or directive may be amended or rescinded by the governor.

(3) The governor shall, by executive order or proclamation, declare a state of disaster if he or she finds a disaster has occurred or the threat of a disaster exists. The state of disaster shall continue until the governor finds that the threat or danger has passed, the disaster has been dealt with to the extent that disaster conditions no longer exist, or until the declared state of disaster has been in effect for 28 days. After 28 days, the governor shall issue an executive order or proclamation declaring the state of disaster terminated, unless a request by the governor for an extension of the state of disaster for a specific number of days is approved by resolution of both houses of the legislature. An executive order or proclamation issued pursuant to this subsection shall indicate the nature of the disaster, the area or areas threatened, the conditions causing the disaster, and the conditions permitting the termination of the state of disaster. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and shall be promptly filed with the emergency management division of the department and the secretary of state, unless circumstances attendant upon the disaster prevent or impede its prompt filing.

(4) The governor shall, by executive order or proclamation, declare a state of emergency if he or she finds that an emergency has occurred or that the threat of an emergency exists. The state of emergency shall continue until the governor finds that the threat or danger has passed, the emergency has been dealt with to the extent that emergency conditions no longer exist, or until the declared state of emergency has been in effect for 28 days. After 28 days, the governor shall issue an executive order or proclamation declaring the state of emergency terminated, unless a request by the governor for an extension of the state of emergency for a specific number of days is approved by resolution of both houses of the legislature. An executive order or proclamation issued pursuant to this subsection shall indicate the nature of the emergency, the area or areas threatened, the conditions causing the emergency, and the conditions permitting the termination of the state of emergency. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and shall be promptly filed with the emergency management division of the department and the secretary of state, unless circumstances attendant upon the emergency prevent or impede its prompt filing.

30.407 Powers and duties of director.

Sec. 7. (1) The director shall implement the orders and directives of the governor in the event of a disaster or an emergency and shall coordinate all federal, state, county, and municipal disaster prevention, mitigation, relief, and recovery operations within this state. At the specific direction of the governor, the director shall assume complete command of all disaster relief, mitigation, and recovery forces, except the national guard or state defense force, if it appears that this action is absolutely necessary for an effective effort.

(2) If the governor has issued a proclamation, executive order, or directive under section 3 regarding state of disaster or state of emergency declarations, section 5 regarding actions directed by the governor, or section 21 regarding heightened state of alert, the director may, with the concurrence of the governor, amend the proclamation or directive by adding additional counties or municipalities or terminating the orders and restrictions as considered necessary.

(3) The director shall comply with the applicable provisions of the Michigan emergency management plan in the performance of the director's duties under this act.

(4) The director's powers and duties shall include the administration of state and federal disaster relief funds and money; the mobilization and direction of state disaster relief forces; the assignment of general missions to the national guard or state defense force activated for active state duty to assist the disaster relief operations; the receipt, screening, and investigation of requests for assistance from county and municipal governmental entities; making recommendations to the governor; and other appropriate actions within the general authority of the director.

(5) In carrying out the director's responsibilities under this act, the director may plan for and utilize the assistance of any volunteer group or person having a pertinent service to render.

(6) The director may issue a directive relieving the donor or supplier of voluntary or private assistance from liability for other than gross negligence in the performance of the assistance.

30.407a Emergency management division; establishment; purpose; employees; emergency management plan; grants; powers of division; definition.

Sec. 7a. (1) The department shall establish an emergency management division for the purpose of coordinating within this state the emergency management activities of county, municipal, state, and federal governments. The department shall provide the division with professional and support employees as necessary for the performance of its functions.

(2) The division shall prepare and maintain a Michigan emergency management plan that is a comprehensive plan that encompasses mitigation, preparedness, response, and recovery for this state.

(3) The division shall receive available state and federal emergency management and disaster related grants-in-aid and shall administer and apportion the grants according to appropriately established guidelines to the agencies of this state and local political subdivisions.

(4) The division may do 1 or more of the following:

(a) Promulgate rules that establish standards and requirements for the appointment, training, and professional development of emergency management coordinators.

(b) Promulgate rules that establish standards and requirements for local and interjurisdictional emergency management programs.

(c) Periodically review local and interjurisdictional emergency operations plans.

(d) Promulgate rules that establish standards and requirements for emergency training and exercising programs and public information programs.

(e) Make surveys of industries, resources, and facilities within this state, both public and private, necessary to carry out the purposes of this act.

(f) Prepare, for issuance by the governor, executive orders, proclamations, and regulations as necessary or appropriate in coping with disasters and emergencies.

(g) Provide for 1 or more state emergency operations centers to provide for the coordination of emergency response and disaster recovery in this state.

(h) Provide for the coordination and cooperation of state agencies and departments with federal and local government agencies and departments in emergency management activities.

(i) Cooperate with the federal government and any public or private agency or entity in achieving any purpose of this act and in implementing programs for disaster mitigation, preparation, response, and recovery.

(j) Propose and administer statewide mutual aid compacts and agreements.

(k) Do other activities necessary, incidental, or appropriate for the implementation of this act.

(5) For purposes of this section, the judicial branch of this state is considered a department of state government.

(6) As used in this section, "division" means the emergency management division of the department.

30.408 Emergency management coordinator; employment or appointment; duties; annexes to emergency management plan; cooperation of state agencies.

Sec. 8. (1) The director of each department of state government, and those agencies of state government required by the Michigan emergency management plan to provide an annex to that plan, shall serve as emergency management coordinator for their respective departments or agencies. Each director may appoint or employ a designated representative as emergency management coordinator, provided that the representative shall act for and at the direction of that director while functioning in the capacity of emergency management coordinator upon the activation of the state emergency operations center, or the declaration of a state of disaster or emergency. Each department or agency emergency management coordinator shall act as liaison between his or her department or agency and the emergency management division of the department in all matters of emergency management, including the activation of the Michigan emergency management plan. Each department or agency of state government specified in the Michigan emergency management plan shall prepare and continuously update an annex to the plan providing for the delivery of emergency management activities by that agency or the department. The annexes shall be in a form prescribed by the director. The emergency management coordinator shall represent the agency or department head in the drafting and updating of the respective agency's or the department's emergency management annex and in coordinating the agency's or department's emergency management efforts with those of the other state agencies as well as with county and municipal governments.

(2) Upon the declaration of a state of disaster or a state of emergency by the governor, each state agency shall cooperate to the fullest possible extent with the director in the performance of the services that it is suited to perform, and as described in the Michigan

emergency management plan, in the prevention, mitigation, response to, or recovery from the disaster or emergency. For purposes of this section, the judicial branch of this state is considered a department of state government and the chief justice of the Michigan supreme court is considered the director of that department.

30.409 Emergency management coordinator; appointment; duties; eligibility.

Sec. 9. (1) The county board of commissioners of each county shall appoint an emergency management coordinator. In the absence of an appointed person, the emergency management coordinator shall be the chairperson of the county board of commissioners. The emergency management coordinator shall act for, and at the direction of, the chairperson of the county board of commissioners in the coordination of all matters pertaining to emergency management in the county, including mitigation, preparedness, response, and recovery. In counties with an elected county executive, the county emergency management coordinator may act for and at the direction of the county executive. Pursuant to a resolution adopted by a county, the county boards of commissioners of not more than 3 adjoining counties may agree upon and appoint a coordinator to act for the multicounty area.

(2) A municipality with a population of 25,000 or more shall either appoint a municipal emergency management coordinator or appoint the coordinator of the county as the municipal emergency management coordinator pursuant to subsection (7). In the absence of an appointed person, the emergency management coordinator shall be the chief executive official of that municipality. The coordinator of a municipality shall be appointed by the chief executive official in a manner provided in the municipal charter. The coordinator of a municipality with a population of 25,000 or more shall act for and at the direction of the chief executive official of the municipality or the official designated in the municipal charter in the coordination of all matters pertaining to emergency management, disaster preparedness, and recovery assistance within the municipality.

(3) A municipality with a population of 10,000 or more may appoint an emergency management coordinator for the municipality. The coordinator of a municipality shall be appointed by the chief executive official in a manner provided in the municipal charter. The coordinator of a municipality with a population of 10,000 or more shall act for and at the direction of the chief executive official or the official designated by the municipal charter in the coordination of all matters pertaining to emergency management, disaster preparedness, and recovery assistance within the municipality.

(4) A municipality having a population of less than 10,000 may appoint an emergency management coordinator who shall serve at the direction of the county emergency management coordinator.

(5) A public college or university with a combined average population of faculty, students, and staff of 25,000 or more, including its satellite campuses within this state, shall appoint an emergency management coordinator for the public college or university. Public colleges or universities with a combined average population of faculty, students, and staff of 10,000 or more, including its satellite campuses within this state, may appoint an emergency management coordinator for the public college or university.

(6) A person is not ineligible for appointment as an emergency management coordinator, or as a member of a county or municipal emergency services or emergency management agency or organization, because that person holds another public office or trust, and that person shall not forfeit the right to a public office or trust by reason of his or her appointment as an emergency management coordinator.

(7) A county coordinator may be appointed a municipal coordinator for any municipality within the county and a municipal coordinator may be appointed a county coordinator.

30.410 Powers of county and municipality; mutual aid or reciprocal aid agreements or compacts; assistance of emergency management coordinator.

Sec. 10. (1) Each county and municipality that has appointed an emergency management coordinator under section 9 may do 1 or more of the following:

(a) Direct and coordinate the development of emergency operations plans and programs in accordance with the policies and plans established by the appropriate federal and state agencies. Each department or agency of a county or municipality specified in the emergency operations plan to provide an annex to the plan shall prepare and continuously update the annex providing for emergency management activities, including mitigation, preparedness, response, and recovery, by the department or agency and those other emergency activities the department or agency is specified to coordinate. Emergency operations plans and programs developed under this subsection shall include provisions for the dissemination of public information and local broadcasters shall be consulted in developing such provisions. Emergency operations plans and programs developed under this subdivision shall include local courts.

(b) Declare a local state of emergency if circumstances within the county or municipality indicate that the occurrence or threat of widespread or severe damage, injury, or loss of life or property from a natural or human-made cause exists and, under a declaration of a local state of emergency, issue directives as to travel restrictions on county or local roads. This power shall be vested in the chief executive official of the county or municipality or the official designated by charter and shall not be continued or renewed for a period in excess of 7 days except with the consent of the governing body of the county or municipality. The declaration of a local state of emergency shall be promptly filed with the emergency management division of the department, unless circumstances attendant upon the disaster prevent or impede its prompt filing.

(c) Appropriate and expend funds, make contracts, and obtain and distribute equipment, materials, and supplies for disaster purposes.

(d) Provide for the health and safety of persons and property, including emergency assistance to the victims of a disaster.

(e) Direct and coordinate local multi-agency response to emergencies within the county or municipality.

(f) Appoint, employ, remove, or provide, with or without compensation, rescue teams, auxiliary fire and police personnel, and other disaster workers.

(g) Appoint a local emergency management advisory council.

(h) If a state of disaster or emergency is declared by the governor, assign and make available for duty the employees, property, or equipment of the county or municipality relating to fire fighting; engineering; rescue; health, medical, and related services; police; transportation; construction; and similar items or service for disaster relief purposes within or without the physical limits of the county or municipality as ordered by the governor or the director.

(i) In the event of a foreign attack upon this state, waive procedures and formalities otherwise required by law pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of permanent and temporary workers, the utilization of volunteer workers, the rental of equipment, the purchase and

distribution with or without compensation of supplies, materials, and facilities, and the appropriation and expenditure of public funds.

(2) For the purpose of providing assistance during a disaster or emergency, municipalities and counties may enter into mutual aid or reciprocal aid agreements or compacts with other counties, municipalities, public agencies, federally recognized tribal nations, or private sector agencies, or all of these entities. A compact entered into pursuant to this subsection is limited to the exchange of personnel, equipment, and other resources in times of emergency, disaster, or other serious threats to public health and safety. The arrangements shall be consistent with the Michigan emergency management plan.

(3) The emergency management coordinator may assist in the development or negotiation, or both, of a mutual aid or reciprocal aid agreement or compact made pursuant to section 4(3) and shall carry out the agreement or compact.

30.411 Powers and duties of personnel of disaster relief forces; liability for personal injury or property damage; right to benefits or compensation; disaster relief workers; immunity; additional authority of dentists, veterinarians, nurses, or paramedics; liability and legal obligation of persons owning or controlling real estate or other premises used for shelter.

Sec. 11. (1) Personnel of disaster relief forces while on duty are subject to all of the following provisions:

(a) If they are an employee of this state, they have the powers, duties, rights, privileges, and immunities of and receive the compensation incidental to their employment.

(b) If they are employees of a political subdivision of this state, regardless of where serving, they have the powers, duties, rights, privileges, and immunities and receive the compensation incidental to their employment.

(c) If they are not employees of this state or a political subdivision of this state, they are entitled to the same rights and immunities as provided by law for the employees of this state. All personnel of disaster relief forces shall, while on duty, be subject to the operational control of the authority in charge of disaster relief activities in the area in which they are serving, and shall be reimbursed for all actual and necessary travel and subsistence expenses.

(2) This state, any political subdivision of this state, or the employees, agents, or representatives of this state or any political subdivision of this state are not liable for personal injury or property damage sustained by any person appointed or acting as a member of disaster relief forces. This act shall not affect the right of a person to receive benefits or compensation to which he or she may otherwise be entitled to under the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, any pension law, or any act of congress.

(3) This state or a political subdivision of this state engaged in disaster relief activity is not liable for the death of or injury to a person or persons, or for damage to property, as a result of that activity. The employees, agents, or representatives of this state or a political subdivision of this state and nongovernmental disaster relief force workers or private or volunteer personnel engaged in disaster relief activity are immune from tort liability to the extent provided under section 7 of 1964 PA 170, MCL 691.1407. As used in this section, "disaster relief activity" includes training for or responding to an actual, impending, mock, or practice disaster or emergency.

(4) A person licensed to practice medicine or osteopathic medicine and surgery, or a licensed hospital, registered nurse, practical nurse, dentist, veterinarian, or paramedical

person, whether licensed in this or another state or by the federal government or a branch of the armed forces of the United States, or a student nurse undergoing training in a licensed hospital in this or another state, that renders services during a state of disaster declared by the governor and at the express or implied request of a state official or agency or county or local coordinator or executive body, is considered an authorized disaster relief worker or facility and is not liable for an injury sustained by a person by reason of those services, regardless of how or under what circumstances or by what cause those injuries are sustained. The immunity granted by this subsection does not apply in the event of a willful act or omission. If a civil action for malpractice is filed alleging a willful act or omission resulting in injuries, the services rendered that resulted in those injuries shall be judged according to the standards required of persons licensed in this state to perform those services.

(5) A licensed dentist, veterinarian, registered nurse, practical nurse, or licensed paramedical person, whether licensed in this or another state or by the federal government or a branch of the armed forces of the United States, or a student nurse undergoing training in a licensed hospital in this or another state, during a state of disaster declared by the governor, may practice, in addition to the authority granted by other statutes of this state, the administration of anesthetics; minor surgery; intravenous, subcutaneous, or intramuscular procedure; or oral and topical medication; or a combination of these under the supervision of a member of the medical staff of a licensed hospital of this state, and may assist the staff member in other medical and surgical proceedings.

(6) A person owning or controlling real estate or other premises who voluntarily and without compensation grants to this state or a political subdivision of this state a license or privilege, or otherwise permits this state or a political subdivision of this state to inspect, designate, and use the whole or any part or parts of the real estate or other premises for the purpose of sheltering persons during an actual, impending, mock, or practice disaster, together with his or her successors in interest, if any, is not civilly liable for negligently causing the death of or injury to any person on or about the real estate or premises under the license, privilege, or permission or for loss or damage to the property of the person.

(7) A person owning or controlling real estate or other premises who has gratuitously granted the use of the real estate or other premises for the purposes stated in this section is legally obligated to make known to the licensee any hidden dangers or safety hazards that are known to the owner or occupant of the real estate or premises that might possibly result in the death or injury or loss of property to a person using the real estate or premises.

30.421 Heightened state of alert; cause; powers of governor; violation as misdemeanor; penalty; civil action; definitions.

Sec. 21. (1) If good cause exists to believe that terrorists or members of a terrorist organization are within this state or that acts of terrorism may be committed in this state or against a vital resource, the governor may by executive order or proclamation declare a heightened state of alert and subsequently exercise the authority provided in section 3(2) and section 5(1)(b), (c), (e), (f), (g), (h), (i), and (j) in an effort to safeguard the interests of this state or a vital resource, to prevent or respond to acts of terrorism, or to facilitate the apprehension of terrorists or members of a terrorist organization and those acting in concert with them. However, in exercising the authority under section 5(1)(h), the governor shall not suspend or limit the sale, dispensing, or transportation of alcoholic beverages under this section. Within 7 days after declaring a heightened state of alert, the governor shall notify the majority leader and minority leader of the senate and the

speaker and minority leader of the house of representatives of the declaration. The governor may utilize the services, facilities, and resources available under this act under a declared state of disaster or emergency. The exercise of those powers shall be consistent with the provisions of the state constitution of 1963 and the federal constitution and may continue until the heightened state of alert is no longer in effect. The heightened state of alert shall continue until the governor finds that the threat or danger has passed, the heightened state of alert has been dealt with to the extent that the heightened state of alert conditions no longer exist, or until the heightened state of alert has been in effect for 60 days. After 60 days, the governor shall terminate the heightened state of alert, unless a request by the governor for an extension of the heightened state of alert for a specific number of days is approved by resolution of both houses of the legislature.

(2) A person shall not willfully disobey or interfere with the implementation of a rule, order, or directive issued by the governor under this section. A person who violates this section is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than $100.00, or both. Notwithstanding any provision in this section, a prosecuting agency shall not prosecute any person or seize any property for conduct presumptively protected by the first amendment to the constitution of the United States in a manner that violates any constitutional provision.

(3) The attorney general or a prosecuting attorney may bring a civil action for damages or equitable relief to enforce the provisions of this act and the orders, rules, or regulations made in conformity with this act.

(4) As used in this section:

(a) "Act of terrorism" and "terrorist" mean those terms as defined in section 543b of the Michigan penal code, 1931 PA 328, MCL 750.543b.

(b) "Terrorist organization" means that term as defined in section 543c of the Michigan penal code, 1931 PA 328, MCL 750.543c.

(c) "Vital resource" means a public or private building, facility, property, function, or location, the protection of which is considered necessary to the public health, safety, and welfare and which the governor has designated, in writing, as a vital resource of this state.

Repeal of § 30.415.

Enacting section 1. Section 15 of the emergency management act, 1976 PA 390, MCL 30.415, is repealed.

Effective date.

Enacting section 2. This amendatory act takes effect May 1, 2002.

This act is ordered to take immediate effect.

(HB 5501)

AN ACT to amend 1967 PA 150, entitled "An act to provide for the militia of this state and its organization, command, personnel, administration, training, supply, discipline, deployment, employment, and retirement; and to repeal certain acts and parts of acts," by amending sections 105, 179, and 310 (MCL 32.505, 32.579, and 32.710), sections 105 and 179 as

amended by 1998 PA 212 and section 310 as amended by 1990 PA 301, and by adding section 372a.

The People of the State of Michigan enact:

32.505 Definitions.

Sec. 105. The definitions used in the command, administration, supply, training, discipline, deployment, and employment of the armed forces of the United States, unless clearly inapplicable or contradictory, are adopted with respect to the state military establishment except as otherwise provided in this act. As used in this act:

(a) "Military" means a reference to all components of the state military establishment.

(b) "Michigan national guard" means the army national guard and the air national guard.

(c) "Commander-in-chief" means the governor of this state.

(d) "Active state service", as applied to the national guard and the defense force, means military service in support of civil authorities, at the request of local authorities, including, but not limited to, support in the enforcement of laws prohibiting the importation, sale, delivery, possession, or use of a controlled substance, if ordered by the governor or as otherwise provided in this act. As used in this section, "controlled substance" means that term as defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104.

(e) "Special duty" means military service in support of the full-time operation of the state military establishment for a period of not less than 1 day if ordered by competent authority.

(f) "Active service" means service, including active state service and special duty required by law, regulation, or pursuant to order of the governor. Active service includes continuing service of an active member of the national guard and the defense force in fulfilling that active member's commission, appointment, or enlistment.

(g) "Inactive status" means the status of those members of the national guard who are listed on an inactive list authorized by a federal statute or regulation.

(h) "In the service of the United States" and "not in the service of the United States" mean the same as those terms are used and construed under federal laws and regulations.

(i) "Officer" means a commissioned officer and a warrant officer, unless a distinction between commissioned officer and warrant officer is clearly evident.

(j) "Martial law" or "martial rule" means the exercise of partial or complete military control over domestic territory in time of emergency because of public necessity.

(k) "Armory" means a building, facility, or the lots and grounds used by an army, navy, or air unit of the organized militia as a home station.

(*l*) "Military establishment" means the organized militia of this state, including the employees and equipment assigned or necessary to carry out the provisions of this act.

(m) "Vital resource" means a public or private building, facility, property, or location that the governor considers necessary to protect the public health, safety, and welfare of the citizens of this state.

32.579 Command of state military personnel; militia on active service; duties, liabilities, and immunities; defense of civil action or criminal prosecution.

Sec. 179. (1) No civilian person, except the governor, may command personnel of the state military establishment.

(2) If any portion of the organized militia is called into active service, active state service, or the service of the United States to execute the laws, engage in disaster relief, suppress or prevent actual or threatened riot or insurrection, repel invasion, respond to acts or threats of terrorism or safeguard military or other vital resources of this state or of the United States, or to assist in the enforcement of a law prohibiting the importation, sale, delivery, possession, or use of a controlled substance as that term is defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104, a commanding officer shall use his or her own judgment in apprehending or dispersing a sniper, a rioter, a mob, or an unlawful assembly. In situations described in this subsection, the commanding officer may apprehend a person on a state military base, armory base, air base, or a vital resource of this state or of the United States if the commanding officer has reasonable cause to believe the person has committed a felony or a misdemeanor punishable by imprisonment for more than 92 days on that state military base, armory base, air base, or a vital resource of this state or of the United States. In situations described in this subsection, the commanding officer or an individual under his or her command may apprehend a person on a state military base, armory base, air base, or a vital resource of this state or of the United States if the person commits a crime in the presence of the commanding officer or an individual under his or her command on that state military base, armory base, air base, or a vital resource of this state or of the United States. That commanding officer shall determine the amount and kind of force to be used in preserving the peace and carrying out the orders of the governor. Except as provided in subsection (3), that commanding officer's honest and reasonable judgment under the circumstances then existing, in the exercise of his or her duty, is full protection, civilly and criminally, for an act done in the line of duty, and a member of the organized militia in active service, active state service, or the service of the United States is not liable civilly or criminally for an act committed by him or her in the performance of his or her duty.

(3) A member of the organized militia in active service, active state service, or the service of the United States has the immunity of a peace officer in this state if 1 or more of the following apply:

(a) The member is acting in aid of civil authorities and acting in the line of duty.

(b) The member is assisting in the enforcement of a law prohibiting the importation, sale, delivery, possession, or use of a controlled substance as that term is defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104, and acting in the line of duty.

(c) The member has been ordered by the governor to respond to acts or threats of terrorism or to safeguard military or other vital resources of this state or of the United States and is acting in the line of duty.

(4) The attorney general of this state shall defend a civil action or criminal prosecution brought in a state or federal court, against a member of the organized militia or his or her estate, arising from an act or omission alleged to have been committed while in active service, active state service, or the service of the United States.

32.710 Adjutant general; powers and duties; location of office; seal; copies of orders, records, and papers as evidence.

Sec. 310. The adjutant general is the military advisor to the governor and the director of the department of military and veterans affairs. The adjutant general's office is in Lansing. The adjutant general may publish orders and other directives in the name of the governor and this state to implement and administer the duties and responsibilities outlined in this act. The adjutant general's duties include the development and

implementation of plans for the defense of state military personnel, lands, installations, and vital resources; maintenance of the personnel records of all active, inactive, retired, or deceased personnel of the state military establishment; and liaison in the transaction of official business for this state with the United States and with other states and territories, including those duties devolving upon the adjutant general pursuant to the national defense act and other pertinent federal laws and regulations. The adjutant general shall maintain records of claims for state gratuities for military service rendered by citizens of this state and, when authorized by the legislature, shall receive, examine, process, and recommend the payment of gratuities pursuant to law. The adjutant general may use the coat of arms of this state with the words added "State of Michigan, Department of Military and Veterans Affairs" as the seal of office. All copies of orders, records, and papers certified and authenticated under the seal are equivalent in evidence to the originals.

32.772a Property used for military purposes.

Sec. 372a. If the governor declares military property or any part of military property to be a vital resource of the state, the adjutant general may limit access to and from property used for military purposes if necessary for the protection of military personnel, installations, property, or vital resources or if necessary to protect the public health, safety, and welfare of the citizens of this state.

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 204a (MCL 750.204a), as amended by 1998 PA 208.

The People of the State of Michigan enact:

750.204a Device representing or presented as explosive, incendiary device, or bomb; sending or transporting; intent; felony; penalty; jurisdiction.

Sec. 204a. (1) A person who, with the intent to terrorize, frighten, intimidate, threaten, harass, or annoy any other person, possesses, delivers, sends, transports, or places a device that is constructed to represent an explosive, incendiary device, or bomb, or that is presented as an explosive, incendiary device, or bomb, is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than $3,000.00, or both.

(2) An offense is committed under this section if the device is delivered or sent from this state or is possessed, transported, received, or placed in this state and may be prosecuted in the jurisdiction from which it was delivered or sent or in which it was possessed, transported, received, or placed.

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 436 (MCL 750.436), as amended by 1988 PA 87.

The People of the State of Michigan enact:

750.436 Mingling poison or harmful substance with food, drink, nonprescription medicine, or pharmaceutical product, or placing poison or harmful substance in spring, well, reservoir, or public water supply; malicious information; violation; penalties.

Sec. 436. (1) A person shall not do either of the following:

(a) Willfully mingle a poison or harmful substance with a food, drink, nonprescription medicine, or pharmaceutical product, or willfully place a poison or harmful substance in a spring, well, reservoir, or public water supply, knowing or having reason to know that the food, drink, nonprescription medicine, pharmaceutical product, or water may be ingested or used by a person to his or her injury.

(b) Maliciously inform another person that a poison or harmful substance has been or will be placed in a food, drink, nonprescription medicine, pharmaceutical product, spring, well, reservoir, or public water supply, knowing that the information is false and that it is likely that the information will be disseminated to the public.

(2) A person who violates subsection (1)(a) is guilty of a crime as follows:

(a) Except as provided in subdivisions (b) to (e), the person is guilty of a felony punishable by imprisonment for not more than 15 years or a fine of not more than $10,000.00, or both.

(b) If the violation damages the property of another person, the person is guilty of a felony punishable by imprisonment for not more than 20 years or a fine of not more than $15,000.00, or both.

(c) If the violation causes physical injury to another individual, other than serious impairment of a body function, the person is guilty of a felony punishable by imprisonment for not more than 25 years or a fine of not more than $20,000.00, or both.

(d) If the violation causes serious impairment of a body function to another individual, the person is guilty of a felony punishable by imprisonment for life or any term of years or a fine of not more than $25,000.00, or both. As used in this subdivision, "serious impairment of a body function" means that term as defined in section 58c of the Michigan vehicle code, 1949 PA 300, MCL 257.58c.

(e) If the violation causes the death of another individual, the person is guilty of a felony and shall be imprisoned for life without eligibility for parole and may be fined not more than $40,000.00, or both.

(3) A person who violates subsection (1)(b) is guilty of a crime as follows:

(a) Except as provided in subdivision (b), the person is guilty of a felony punishable by imprisonment for not more than 4 years or a fine of not more than $2,000.00, or both.

(b) If the person has previously been convicted of violating subsection (1)(b), the person is guilty of a felony punishable by imprisonment for not more than 10 years or a fine of not more than $5,000.00, or both.

(4) The court may order a term of imprisonment imposed for a violation of this section to be served consecutively to a term of imprisonment imposed for any other violation of law arising out of the same transaction as the violation of this section.

(5) This section does not prohibit an individual from being charged with, convicted of, or punished for any other violation of law that is committed by that individual while violating this section.

(HB 5509)

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 411j (MCL 750.411j), as amended by 1997 PA 75.

The People of the State of Michigan enact:

750.411j Definitions.

Sec. 411j. As used in this section and sections 411k to 411q:

(a) "Controlled substance offense" means a felony violation of part 74 or section 17766a of the public health code, 1978 PA 368, MCL 333.7401 to 333.7461 and 333.17766a, concerning controlled substances or androgenic anabolic steroids.

(b) "Knowingly", in the case of a corporation, means with the approval or prior actual knowledge of the board of directors, a majority of the directors, or persons who together hold a majority of the voting ownership interests in the corporation. In determining whether a majority of the directors approved of or had knowledge of the activity, a director who was not aware of the activity due to his or her own negligence or other fault is regarded as having had knowledge of the activity. This subdivision does not limit the liability of any individual officer, employee, director, or stockholder of a corporation.

(c) "Financial transaction" means a purchase, sale, loan, pledge, gift, transfer, delivery, exchange, or other disposition of a monetary instrument or other property and, with respect to a financial institution, includes a deposit, withdrawal, transfer between accounts, exchange of currency, loan, extension of credit, purchase or sale of any stock, bond, certificate of deposit, or other monetary instrument, or any other payment, transfer, or delivery by, through, or to a financial institution, by whatever means effected.

(d) "Financial institution" means 1 or more of the following, if located in or doing business in this state:

(*i*) An insured bank, as defined in section 3(h) of the federal deposit insurance act, chapter 967, 64 Stat. 873, 12 U.S.C. 1813(h).

(*ii*) A commercial bank or trust company.

(*iii*) A private banker.

(*iv*) An agency or branch of a foreign bank.

(*v*) A savings and loan institution.

(*vi*) A thrift institution.

(*vii*) A credit union.

(*viii*) A broker or dealer registered with the securities and exchange commission under the securities exchange act of 1934, chapter 404, 48 Stat. 881.

(SB 899)

AN ACT to amend 1917 PA 99, entitled "An act to provide for the construction, maintenance and improvement of federal aided roads; to authorize townships, good roads districts and counties to raise money by taxation and by loan for the purpose of contributing thereto; to validate and legalize proceedings heretofore taken to raise money for the purpose contemplated by this act; and to provide an appropriation for paying the state's portion of the expense incurred hereunder," by amending section 1 (MCL 249.1).

The People of the State of Michigan enact:

249.1 Assent to federal aid for construction of rural post road; availability of funds; authority to survey, contract, receive and disburse money.

Sec. 1. The legislature of the state of Michigan hereby assents to the provisions of the act of congress, approved July 11, 1916, 39 Stat. 355, entitled "An act to provide that the United States shall aid the states in the construction of rural post roads, and for other purposes," and the good faith of the state is hereby pledged under the provisions of this act to make available from time to time sufficient funds to pay the state's portion of the cost of constructing and maintaining federal aided roads. The state transportation

department through the director of the state transportation department may make surveys, prepare plans and specifications, and take charge of the building and maintaining of federal aided roads in accordance with the provisions of the act of congress and the rules and regulations of the secretary of agriculture made under that act and amendments to that act as may from time to time be made. The director of the state transportation department may enter into all contracts and agreements with the United States government relating to the construction and maintenance of rural post roads under the provisions of the act of congress, to submit the scheme or program of construction and maintenance as may be required by the secretary of agriculture, and do all other things necessary fully to carry out the cooperation contemplated and provided for by that act. The state treasurer may receive any and all money due the state of Michigan under the provisions of this act, and shall pay out the same under the orders of the director of the state transportation department.

This act is ordered to take immediate effect.

(*viii*) A violation of 1979 PA 53, MCL 752.791 to 752.797.

(b) "Instrumentality of a crime" means any property, other than real property, the use of which contributes directly and materially to the commission of a crime.

(c) "Person" means an individual, corporation, partnership, or other business entity, or an unincorporated or voluntary association.

(d) "Proceeds of a crime" means any property obtained through the commission of a crime, including any appreciation in the value of the property.

(e) "Security interest" means any interest in real or personal property that secures payment or performance of an obligation.

(f) "Substituted proceeds of a crime" means any property obtained or any gain realized by the sale or exchange of proceeds of a crime.

600.4702 Property subject to seizure and forfeiture; encumbrances; substituted proceeds of crime.

Sec. 4702. (1) Except as otherwise provided in this section, the following property is subject to seizure by, and forfeiture to, a local unit of government or this state under this chapter:

(a) All personal property that is the proceeds of a crime, the substituted proceeds of a crime, or an instrumentality of a crime.

(b) All real property that is the proceeds of a crime or the substituted proceeds of a crime, except real property that is the primary residence of the spouse or a dependent child of the owner, unless that spouse or dependent child had prior knowledge of, and consented to the commission of, the crime.

(c) In the case of a crime that is a violation of chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.543a to 750.543z, all property described in subdivisions (a) and (b) and all real property or personal property that performed 1 of the following functions:

(*i*) Contributed directly and materially to the commission of the crime.

(*ii*) Was used to conceal the crime.

(*iii*) Was used to escape from the scene of the crime.

(*iv*) Was used to conceal the identity of 1 or more of the individuals who committed the crime.

(2) Property is not subject to seizure or forfeiture if either of the following circumstances exists:

(a) The owner of the property did not have prior knowledge of, or consent to the commission of, the crime.

(b) The owner served written notice of the commission of the crime upon an appropriate law enforcement agency, and served a written notice to quit upon the person who committed the crime.

(3) The forfeiture of property encumbered by a security interest is subject to the interest of the holder of the security interest who did not have prior knowledge of, or consent to the commission of, the crime.

(4) The forfeiture of property encumbered by an unpaid balance on a land contract is subject to the interest of the land contract vendor, if the vendor did not have prior knowledge of, or consent to the commission of, the crime.

(5) The forfeiture of the substituted proceeds of a crime is limited to the value of the proceeds of the crime plus the amount by which any restitution or damages owed to the victim of the crime exceeds the value of the proceeds of the crime.

Effective date.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $1,938,217,366.00

and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $4,029,061.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

Part-time independent student program	$	1,345,831
Michigan education opportunity grant		999,912
Michigan work-study		1,683,318
TOTAL	$	4,029,061

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Reporting requirements; use of internet.

Sec. 208. Unless otherwise specified, the institutions of higher education shall use the internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an internet or intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods and services, or both, are available. Not later than May 1, 2003, each university shall have available upon request information on efforts to comply with this section.

Distribution of payments; installments; submission of HEIDI data; procedures.

Sec. 210. (1) The funds appropriated in part 1 to state institutions of higher education shall be paid out of the state treasury and distributed by the state treasurer to the respective institutions in 11 equal monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2002. Except for Wayne State University, each institution shall accrue its July and August 2003 payments to its institutional fiscal year ending June 30, 2003.

(2) All universities shall submit higher education institutional data inventory (HEIDI) data and associated financial and program information requested by and in a manner prescribed by the state budget director. For universities with fiscal years ending June 30, 2002, these data shall be submitted to the state budget director by October 15, 2002. Universities with a fiscal year ending September 30, 2002 shall submit preliminary HEIDI data by November 15, 2002 and final data by December 15, 2002. If a university fails to submit HEIDI data and associated financial aid program information in accordance with this reporting schedule, the state treasurer shall withhold the monthly installments under subsection (1) to the university until those data are submitted.

(3) A detailed description of procedures utilized to arrive at the amounts appropriated in part 1 shall be submitted to each institution by the senate and house fiscal agencies.

Federal or private funds; purposes; use.

Sec. 211. Funds received by the state from the federal government or private sources for the use of a college or university are appropriated for the purposes for which they are provided. The acceptance and use of federal or private funds does not place an obligation upon the legislature to continue the purposes for which the funds are made available.

Furnishing program and financial information.

Sec. 213. A state institution of higher education that receives funds under this act shall furnish all program and financial information that is required by and in a manner prescribed by the state budget director or the house or senate appropriations committee.

Tuition and fee changes; submission of notification and documentation.

Sec. 214. If section 274 of the income tax act of 1967, 1967 PA 281, MCL 206.274, is not repealed and if a state institution of higher education that receives funds under this act notifies the department of treasury regarding its tuition and fee rates in order to qualify as an eligible institution for the Michigan tuition tax credit under section 274 of the income tax act of 1967, 1967 PA 281, MCL 206.274, the institution shall also submit the notification and applicable documentation of tuition and fee changes to the house and senate fiscal agencies.

Department of treasury annual report.

Sec. 216. By February 15, 2003, the department of treasury shall provide the state budget director, the subcommittees on higher education of the house and senate appropriations committees, and the senate and house fiscal agencies with an annual report on restricted fund balances, projected revenues, and expenditures for the fiscal year ending September 30, 2002 and projected restricted fund balances, revenues, and expenditures for the fiscal year ending September 30, 2003.

Capital outlay projects; competitive bid.

Sec. 218. It is the intent of the legislature that capital outlay projects for which any state funds are used be competitively bid. As used in this section, "capital outlay projects" means capital outlay as defined in section 113 of the management and budget act, 1984 PA 431, MCL 18.1113.

GRANTS AND FINANCIAL AID

State competitive scholarship program.

Sec. 301. (1) Payments of the amounts included in part 1 for the state competitive scholarship program shall be distributed pursuant to 1964 PA 208, MCL 390.971 to 390.981.

(2) The Michigan higher education assistance authority shall implement a proportional competitive scholarship maximum award level for recipients enrolled less than full-time in a given semester or term.

(3) If a student who receives an award under this section has his or her tuition and fees paid under the Michigan educational trust program, pursuant to the Michigan education trust act, 1986 PA 316, MCL 390.1421 to 390.1444, and still has financial need, the funds awarded under this section may be used for educational expenses other than tuition and fees.

(4) If the Michigan higher education assistance authority increases the maximum award per eligible student from that provided in the previous fiscal year, it shall not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the maximum grant shall be proportional for all eligible students receiving awards.

Tuition grant program.

Sec. 302. (1) The amounts appropriated in part 1 for the state tuition grant program shall be distributed pursuant to 1966 PA 313, MCL 390.991 to 390.997a.

(2) Tuition grant awards shall be made to all eligible Michigan residents who apply before September 1, 2002 and who are qualified. Tuition grant awards shall not be made to students newly enrolled in a juris doctor law degree program after the 1995-96 academic year.

(3) The Michigan higher education assistance authority shall determine an actual maximum tuition grant award per student that ensures that the aggregate payments for the tuition grant program do not exceed the appropriation contained in part 1 for the state tuition grant program. By December 15, 2002, and again by February 1, 2003, the authority shall analyze the status of award commitments, shall make any necessary adjustments, and shall confirm that those award commitments will not exceed the appropriation contained in part 1 for the tuition grant program. The determination and actions shall be reported to the state budget director and the house and senate fiscal agencies no later than February 15, 2003. If award adjustments are necessary, the students shall be notified of the adjustment by the third Monday in February.

(4) Any unexpended and unencumbered funds remaining on September 30, 2003 from the amounts appropriated in part 1 for the tuition grant program shall not lapse on September 30, 2003, but shall continue to be available for expenditure for tuition grants provided in the 2003-2004 fiscal year. The use of these unexpended fiscal year 2002-2003 funds shall terminate at the end of the 2003-2004 fiscal year.

(5) The Michigan higher education assistance authority shall continue a proportional tuition grant maximum award level for recipients enrolled less than full-time in a given semester or term.

(6) If the Michigan higher education assistance authority increases the maximum award per eligible student from that provided in the previous fiscal year, it shall not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the maximum grant shall be proportional for all eligible students receiving awards for fiscal year 2002-2003.

(7) All Ferris State University students enrolled at Kendall College of Art and Design prior to January 1, 2001 who were qualified for the state tuition grant shall continue to receive the dollar amount of the state tuition grant for which they were eligible until they graduate or are no longer enrolled in the Kendall College of Art and Design at Ferris State University.

Work-study program.

Sec. 303. (1) Included in the appropriation in part 1 is funding for the Michigan work-study program established under 1986 PA 288, MCL 390.1371 to 390.1382, and 1986 PA 303, MCL 390.1321 to 390.1332. An effort should be made by each institution participating in the Michigan work-study program to assure that not less than 10% of those undergraduate, graduate, and professional students eligible to participate in the program are placed with for-profit employers no later than December 31 of each year for which funding is provided under this act.

(2) The Michigan higher education assistance authority shall allocate funds to institutions eligible for work-study money based upon each institution's specific Pell grant index and each institution's utilization rate of work-study funds for the 3 most recent years for which statistics are available.

(3) The Michigan higher education assistance authority shall set aside not more than 5% of the total work-study appropriation to process requests from participating institutions

for allocation adjustments. Allocation adjustments shall be based on criteria set by the authority prior to making the allocations under subsection (2).

General degree reimbursement program.

Sec. 304. (1) Payments of the amounts included in part 1 for the general degree reimbursement program established under 1974 PA 75, MCL 390.1021 to 390.1027, shall be made for all degrees identified in section 1(1) of 1974 PA 75, MCL 390.1021, except doctor of dental surgery, doctor of dental medicine, juris doctor law, and allied health degrees.

(2) The reimbursement rate per eligible degree shall be the equally prorated amount permitted by the appropriation, except that the amount of the reimbursement for each associate degree shall be 1/2 of the rate of reimbursement for the other degrees eligible under subsection (1) for the general degree reimbursement program.

(3) From the general degree reimbursement program, $135,300.00 shall be provided to Spring Arbor University for the southern Michigan state prison program.

(4) From the general degree reimbursement program, $200,500.00 shall be provided to the University of Detroit - Mercy for graduate research aid.

(5) From the general degree reimbursement program, $30,100.00 shall be provided to Marygrove College for learning clinics.

(6) From the general degree reimbursement program, $50,000.00 shall be provided to Finlandia University for career education programs.

Allied health degree reimbursement program; rate.

Sec. 305. The reimbursement rate per eligible degree under the allied health degree reimbursement program established under 1974 PA 75, MCL 390.1021 to 390.1027, shall be the equally prorated amount permitted by the appropriation included in part 1.

Degree reimbursement programs funds; use for theology or divinity programs; prohibition.

Sec. 306. Funds disbursed through the degree reimbursement programs shall not be used by any recipient institution for theology or divinity programs.

Audit.

Sec. 307. The auditor general may audit selected enrollments, degrees, and awards at selected independent colleges and universities receiving awards administered by the department of treasury. The audits shall be based upon definitions and requirements established by the Michigan higher education assistance authority, the state budget director, and the senate and house fiscal agencies. The auditor general shall accept the Free Application for Federal Student Aid (FAFSA) form as the standard of residency documentation. The auditor general shall submit a report of findings to the senate and house appropriations committees and state budget director by May 1, 2003.

Student financial aid and degree reimbursement programs; payments; distributions.

Sec. 308. The sums appropriated in part 1 for the student financial aid and degree reimbursement programs shall be paid out of the state treasury and shall be distributed to the respective institutions under a quarterly payment system as follows:

(a) For the state competitive scholarship, tuition incentive, and tuition grant programs, 40% shall be paid at the beginning of the state's first fiscal quarter, 40% at the beginning

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

of the state's second fiscal quarter, 10% at the beginning of the state's third fiscal quarter, and 10% at the beginning of the state's fourth fiscal quarter.

(b) For the work-study program, payments shall be made in 11 monthly installments from October 1 to August 31 of any year.

(c) For the part-time independent student program and Michigan education opportunity grant program, 50% shall be paid at the beginning of the state's first fiscal quarter, 25% at the beginning of the state's second fiscal quarter, and 25% at the beginning of the state's third fiscal quarter.

(d) For the general degree reimbursement program, allied health degree reimbursement program, Michigan resident dental grant program, and Robert C. Byrd honors scholarship program, 50% shall be paid at the beginning of the state's first fiscal quarter and 50% at the beginning of the state's second fiscal quarter after the number of earned degrees conferred and total amounts to be paid are certified.

Needs analysis.

Sec. 309. The Michigan higher education assistance authority shall determine the needs analysis criteria for students to qualify for the competitive scholarship program and tuition grant program. To be consistent with federal requirements, student wages may be taken into consideration when determining the amount of the award.

Tuition incentive program/high school completion program.

Sec. 310. (1) The funds appropriated in part 1 for the tuition incentive program/high school completion program shall be distributed as provided in this section and pursuant to the administrative procedures for the tuition incentive program/high school completion program of the department of treasury.

(2) As used in this section:

(a) "Phase I" means the first part of the tuition incentive assistance program defined as the academic period of 80 semester or 120 term credits, or less, leading to an associate degree or certificate.

(b) "Phase II" means the second part of the tuition incentive assistance program which provides assistance in the third and fourth year of 4-year degree programs.

(c) "Department" means the department of treasury.

(3) A person shall meet the following basic criteria and financial thresholds to be eligible for tuition incentive benefits:

(a) To be eligible for phase I, a person shall meet all of the following criteria:

(*i*) Apply for certification to the department before graduating from high school or completing the general education development (GED) certificate.

(*ii*) Be less than 20 years of age at the time of high school graduation or GED completion.

(*iii*) Be a United States citizen and a resident of Michigan according to institutional criteria.

(*iv*) Be at least a half-time student, earning less than 80 semester or 120 term credits at a participating educational institution within 4 years of high school graduation or GED certificate completion.

(b) To be eligible for phase II, a person shall meet either of the following criteria in addition to the criteria in subdivision (a):

(*i*) Complete at least 56 transferable semester or 84 transferable term credits.

(*ii*) Obtain an associate degree or certificate at a participating institution.

(c) To be eligible for phase I or phase II, a person must be financially eligible as determined by the department. A person is financially eligible for the tuition incentive program if that person was Medicaid eligible for 24 months within the 36 months before application. Certification of eligibility may begin in the sixth grade and continue until the time of enrollment in a participating institution.

(4) For phase I, the department shall provide payment on behalf of a person eligible under subsection (3). The department shall reject billings that are excessive or outside the guidelines for the type of educational institution.

(5) For phase I, all of the following apply:

(a) Payments for associate degree or certificate programs shall not be made for more than 80 semester or 120 term credits for any individual student at any participating institution.

(b) For persons enrolled at a Michigan community college, the department shall pay the current in-district tuition and mandatory fees. For persons residing in an area that is not included in any community college district, the out-of-district tuition rate may be authorized.

(c) For persons enrolled at a Michigan public university, the department shall pay lower level resident tuition and mandatory fees for the current year.

(d) For persons enrolled at a Michigan independent, nonprofit degree granting college or university, or a Michigan federal tribally controlled community college, or Focus: HOPE, the department shall pay mandatory fees for the current year and a per-credit payment that does not exceed the average community college in-district per-credit tuition rate as reported on August 1, for the immediately preceding academic year.

(6) A person participating in phase II may be eligible for additional funds not to exceed $500.00 per semester or $400.00 per term up to a maximum of $2,000.00 subject to the following conditions:

(a) Credits are earned in a 4-year program at a Michigan degree granting 4-year college or university.

(b) The tuition reimbursement is for coursework completed within 30 months of completion of the phase I requirements.

(7) Program payments shall not be used by any recipient for theology or divinity courses.

(8) The department shall work closely with participating institutions to develop an application and eligibility determination process that will provide the highest level of participation and ensure that all requirements of the program are met.

(9) Applications for the tuition incentive program may be approved at any time after the student begins the sixth grade. If a determination of financial eligibility is made, that determination is valid as long as the student meets all other program requirements and conditions.

(10) Each institution shall ensure that all known available restricted grants for tuition and fees are used prior to billing the tuition incentive program for any portion of a student's tuition and fees.

(11) The department shall ensure that the tuition incentive program is well publicized and that potentially eligible Medicaid clients are provided information on the program. The department shall provide the necessary funding and staff to fully operate the program.

(12) Any unexpended and unencumbered funds remaining on September 30, 2003 from the amounts appropriated in part 1 for the tuition incentive program shall not lapse on

September 30, 2003, but shall continue to be available for expenditure for the tuition incentive program in the fiscal year ending September 30, 2004.

Availability of independent college and university data.

Sec. 311. To enable the legislature and the state budget director to evaluate the appropriation needs of higher education, each independent college and university shall make available to the legislature or state budget director, upon request, data regarding grants for the preceding, current, and ensuing fiscal years.

Nursing scholarship program.

Sec. 312. (1) From the funds appropriated in part 1, the Michigan higher education assistance authority shall establish and administer the nursing scholarship program. The department of treasury shall disburse the amount of the scholarship awards determined under subsection (2) to recipients.

(2) The authority shall review applications for and determine recipients of the scholarships, which are intended for tuition, fees, and associated costs of a nursing education program.

(3) The scholarships may be used by enrollees in a licensed practical nurse (LPN), associate degree of nursing (ADN), or bachelor's of science nursing (BSN) program approved by the Michigan department of education.

(4) The authority shall develop and adopt rules regarding the required commitment by graduates of a program described in subsection (3) who received scholarships under the nursing scholarship program to employment in a direct patient care setting. It shall also determine the amount of the scholarship for each of the educational tracks identified in subsection (3).

(5) Any unexpended and unencumbered funds remaining on September 30, 2003 from the amounts appropriated in part 1 for the nursing scholarship program shall not lapse on September 30, 2003, but shall continue to be available for expenditure for nursing scholarships provided in the 2003-2004 fiscal year. The use of these unexpended fiscal year 2002-2003 funds shall terminate at the end of the 2003-2004 fiscal year.

(6) When statutory provisions are enacted to provide for a nursing scholarship program, the provisions of subsections (2) through (5) are superseded.

STATE UNIVERSITIES

Joseph F. Young, Sr. psychiatric research and training program; use of funds by Wayne state university; reports.

Sec. 401. (1) Included in part 1 is $6,356,023.00 to Wayne State University for the Joseph F. Young, Sr. psychiatric research and training program. Wayne State University shall use these funds for psychiatric laboratory and clinical research, training, and treatment services. Within the available appropriation, services shall not be denied to any patient who meets established research guidelines for treatment on the basis of personal financial circumstances, age, geographic residence, or projected/actual length of treatment as medically warranted.

(2) Wayne State University shall report the following information to the department of community health by November 1, 2003:

(a) The number and type of psychiatric research projects funded by the appropriation described in subsection (1).

(b) The number and type of students trained and the location of training funded by the appropriation.

(c) Demographic data regarding the number and profile of patients to receive psychiatric services funded by the appropriation and a profile of the services provided.

(d) A summary budget outlining major expenditure categories and any first- and third-party reimbursements.

(3) Copies of these reports shall also be provided to the house and senate fiscal agencies and the state budget director.

Biological station at Douglas lake.

Sec. 402. The University of Michigan biological station at Douglas Lake in Cheboygan County is regarded as a unique resource and is designated as a special research reserve. It is the intent of the legislature to protect and preserve the unique long-term research value and capabilities of the biological station area and Douglas Lake. The legislature further intends that no state programs or policies be developed that would have a deleterious impact on the research value of Douglas Lake.

Higher education institutional data inventory advisory committee.

Sec. 405. (1) There is created the higher education institutional data inventory advisory committee. The committee shall be appointed by the state budget director and shall consist of the following members:

(a) One representative from the house fiscal agency.

(b) One representative from the senate fiscal agency.

(c) One representative from the state budget director's office.

(d) Three representatives of the presidents council of state universities. The presidents council shall appoint 1 representative each from a masters, a doctoral, and a research university.

(2) The committee shall provide for the general scope and direction for implementing the conversion and modernization of the state's higher education databases, for which funding is provided in part 1.

(3) The committee shall prepare a plan for the conversion and modernization effort. The plan shall include, but is not limited to, all of the following:

(a) The development of a data dictionary/glossary.

(b) The integration of appropriate federal, national, regional, and state databases.

(c) The assurance of the accuracy of the data.

Tenured and tenure track faculty; commitment to undergraduate instruction.

Sec. 408. The legislature recognizes that the first and foremost obligation of the public universities is undergraduate instruction. The public universities are therefore encouraged to increase their commitment of tenured and tenure track faculty to undergraduate instruction.

University groupings; funding floors.

Sec. 409. The amounts included in part 1 for public universities recognize 4 separate university groupings. Funding floors for the 4 groupings are established as follows:

(a) Funding floor of $4,600.00 per fiscal-year-equated student for Eastern Michigan University, Ferris State University, Grand Valley State University, Lake Superior State

University, Northern Michigan University, Saginaw Valley State University, and the University of Michigan-Flint.

(b) Funding floor of $4,800.00 per fiscal-year-equated student for Central Michigan University, Oakland University, and the University of Michigan-Dearborn.

(c) Funding floor of $5,800.00 per fiscal-year-equated student for Michigan Technological University and Western Michigan University.

(d) Funding floor of $9,100.00 per fiscal-year-equated student for Michigan State University, the University of Michigan-Ann Arbor, and Wayne State University.

Law degree seeking students; use of state funds.

Sec. 418. No state funds shall be used by any state university to undertake a collaborative effort with any other university that would have the effect of increasing its enrollment of first-time professional law degree seeking students.

Charter schools development and performance institute; report.

Sec. 421. (1) Central Michigan University shall report by September 30, 2003 to the state budget director, house and senate appropriations committees, and the house and senate fiscal agencies information on the activities and effectiveness of the charter schools development and performance institute for which an appropriation is provided in part 1. Included in the report shall be an accounting of all revenues and expenditures of the institute, the names of the public school academies served, and the type of assistance provided to each public school academy.

(2) All funds received under part 1 for the charter schools development and performance institute are intended to be expended on activities of that institute.

Textbook purchases.

Sec. 426. It is the legislative intent that private bookstores that sell textbooks to university students and student governments that provide a book swap for university students have accurate and timely access to lists of universities' required textbooks in order to provide prompt and efficient service for students. It is further the legislative intent that each state university allow students who are on financial aid or are receiving tuition grants to decide where to purchase their textbooks.

Project GREEEN.

Sec. 433. (1) Included in part 1 is $3,281,500.00 for the agricultural experiment station and $2,910,000.00 for the cooperative extension service for project GREEEN. Project GREEEN is intended to address critical regulatory, food safety, economic, and environmental problems faced by this state's plant-based agriculture, forestry, and processing industries. "GREEEN" is an acronym for generating research and extension to meet environmental and economic needs.

(2) The department of agriculture and Michigan State University, in consultation with agricultural commodity groups and other interested parties, shall develop project GREEEN and its program priorities.

(3) Not later than September 30, 2003, a report shall be submitted by Michigan State University to the state budget director, the house and senate appropriations subcommittees on agriculture and on higher education, and the house and senate fiscal agencies for the preceding fiscal year regarding project GREEEN projects. The report shall include, but is not limited to, the dollar amount of each project and a review of each project's performance and accomplishments.

Presidents council meetings with Michigan economic development corporation; report.

Sec. 434. All state universities shall work with the Michigan economic development corporation (MEDC) to foster the state's economic development. The presidents council shall meet quarterly with the MEDC or its representative to discuss potential cooperative efforts and examine any strategies or issues of concern related to advancement of Michigan's economic development. The state universities, through its presidents council, shall submit a report that summarizes the discussion and identifies any conclusions or recommendations of the participants at each quarterly meeting. The quarterly report shall be submitted to the state budget director, the house and senate appropriations subcommittees on higher education, and the house and senate fiscal agencies no later than 30 days after each quarterly meeting.

Automatic sprinkler systems; installation in dormitories.

Sec. 435. Each institution of higher education shall conduct a study on the installation of automatic sprinkler and other fire safety systems in dormitories, and shall report to the legislature on or before January 1, 2003 the existence or nonexistence of such systems and the estimated cost of installing automatic sprinkler systems where they do not exist.

Tuition restraint; appropriation; withholding funds if tuition increase more than certain amount.

Sec. 436. (1) It is the intent of the legislature to recognize and maintain the quality of Michigan's colleges and universities by allowing the higher education appropriations for the 2002-2003 fiscal year to remain at the same level as the appropriations for fiscal year 2001-2002, with no reductions. It is also the intent of the legislature to recognize the need for tuition restraint on the part of Michigan's public universities, in order to maintain access and affordability at Michigan's colleges and universities for students and parents. It is further the intent of the legislature to reduce appropriations for any college or university that does not exercise tuition restraint for the 2002-2003 academic year, as outlined in subsection (2).

(2) The appropriation for any university in part 1 of this act shall not be reduced if that university adopts a tuition and fee rate increase for resident undergraduate students that is 8.5% or less over the prior year, or a total increase of $425.00 or less over the prior year, whichever is greater, and if a university reports to the state budget director and the appropriations committees of the house and senate any cost increases in excess of the increase over the prior year in the Detroit consumer price index, for utilities, retirement, health care, or technology.

(3) It is the intent of the legislature that the presidents and chancellors of Michigan's 15 public universities voluntarily agree to the conditions outlined in subsection (2), and that a letter signed by the presidents and chancellors confirming this agreement would be transmitted to the legislature by February 28, 2002.

(4) If a university does not exercise the tuition restraint as outlined in subsections (2) and (3) above, the legislature authorizes the state budget director to withhold funds appropriated for that university by an amount equal to the amount in excess of the desired restraint and to notify the appropriations committees of the house and senate. It is the intent of the legislature to redistribute these funds, based on each university's percentage share of the fiscal year 2001-2002 base appropriations, to those universities that honor the tuition restraint commitment.

Rare isotope accelerator facilities.

Sec. 437. Included in part 1 is $2,000,000.00 for design and architectural studies related to the rare isotope accelerator facilities to be located at Michigan State University. This appropriation is for the development of a program statement and preliminary design documents for the rare isotope accelerator office building and for evaluation and prototyping of the rare isotope accelerator design elements. It is the intent of the legislature that Michigan State University will collaborate with the Michigan economic development corporation to develop the program statement and preliminary design documents.

Availability of additional revenue; appropriation.

Sec. 438. It is the intent of the legislature that if the May 2002 consensus revenue estimating conference determines that additional state general fund/general purpose revenue is available for expenditure in fiscal year 2002-2003, funds shall be appropriated to the state universities that have a per fiscal-year-equated student appropriation less than the per fiscal-year-equated student funding floor amount specified in section 409.

College credits earned through postsecondary enrollment options act; formation of workgroup.

Sec. 439. It is the intent of the legislature that a workgroup be formed to evaluate, discuss, and make recommendations for future action regarding state university admission and enrollment policies that specifically address the acceptance and application of college credits earned by students through the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524. The workgroup shall be bipartisan and shall include the chairpersons of the house and senate appropriations subcommittees on higher education, community colleges, and school aid.

MARTIN LUTHER KING, JR. - CESAR CHAVEZ - ROSA PARKS PROGRAMS

Martin Luther King, Jr. - Cesar Chavez - Rosa Parks future faculty program.

Sec. 501. (1) Included in the appropriation for each public university in part 1 is funding for the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks future faculty program, that is intended to increase the pool of minority candidates pursuing faculty teaching careers in postsecondary education. Each university shall apply the percentage increase applicable to every university in the calculation of appropriations in part 1 to the amount of funds allocated to the future faculty program.

(2) The program shall be administered by each university in a manner prescribed by the Michigan department of career development. The Michigan department of career development shall use a good faith effort standard to evaluate whether a fellowship is in default.

Martin Luther King, Jr. - Cesar Chavez - Rosa Parks college day program.

Sec. 502. (1) Included in the appropriation for each public university in part 1 is funding for the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks college day program that is intended to introduce schoolchildren underrepresented in postsecondary education to the potential of a college education.

(2) Individual program plans of each university shall include a budget of equal contributions from this program, the participating public university, the participating school district, and the participating independent degree granting college. College day funds shall not be expended to cover indirect costs. Not more than 20% of the university match shall be attributable to indirect costs. Each university shall apply the percentage increase applicable to every university in the calculation of appropriations in part 1 to the amount of funds allocated to the college day program.

(3) The program shall be administered by each university in a manner prescribed by the Michigan department of career development.

Martin Luther King, Jr. - Cesar Chavez - Rosa Parks select student support services program.

Sec. 503. (1) Included in part 1 is funding for the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks select student support services program for developing academically and economically disadvantaged student retention programs for 4-year public and independent educational institutions in this state.

(2) An award made under this program to any 1 institution shall not be greater than $150,000.00, and the amount awarded shall be matched on a 70% state, 30% college or university basis.

(3) The program shall be administered by the Michigan department of career development.

Martin Luther King, Jr. - Cesar Chavez - Rosa Parks college/university partnership program.

Sec. 504. (1) Included in part 1 is funding for the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks college/university partnership program between 4-year public and independent colleges and universities and public community colleges, which is intended to increase the number of academically and economically disadvantaged students who transfer from community colleges into baccalaureate programs.

(2) The grants shall be made under this program to Michigan public and independent colleges and universities. An award to any 1 institution shall not be greater than $150,000.00, and the amount awarded shall be matched on a 70% state, 30% college or university basis.

(3) The program shall be administered by the Michigan department of career development.

Martin Luther King, Jr. - Cesar Chavez - Rosa Parks visiting professors program.

Sec. 505. (1) Included in the appropriation for each public university in part 1 is funding for the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks visiting professors program which is intended to increase the number of underrepresented minority instructors in the classroom and provide role models for underrepresented minority students.

(2) The program shall be administered by the Michigan department of career development.

Morris Hood, Jr. educator development program.

Sec. 506. (1) Included in the appropriation in part 1 is funding under the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks initiative for the Morris Hood, Jr. educator development program which is intended to increase the number of minority students,

especially males, who enroll in and complete K-12 teacher education programs at the baccalaureate level.

(2) The program shall be administered by each state-approved teacher education institution in a manner prescribed by the Michigan department of career development.

(3) Approved teacher education institutions may and are encouraged to use student support services funding in coordination with the Morris Hood, Jr. funding to achieve the goals of the program.

Expenditure of funds received under section 503, 504, or 506; notification.

Sec. 507. Each state institution of higher education receiving funds under section 503, 504, or 506 shall notify the Michigan department of career development by April 15, 2003 as to whether it will expend by the end of its fiscal year the funds received under section 503, 504, or 506. Notwithstanding the award limitations in sections 503 and 504, the amount of funding reported as not being expended will be reallocated to the institutions that intend to expend all funding received under section 503, 504, or 506.

STUDENT PERFORMANCE REPORTING

Academic status of students; informing high schools.

Sec. 601. (1) From the amount appropriated in part 1 for state universities, the state universities shall systematically inform Michigan high schools regarding the academic status of students from each high school in a manner prescribed by the presidents council, state universities of Michigan in cooperation with the Michigan association of secondary school principals.

(2) The Michigan high schools shall systematically inform the state universities about the use of information received under this section in a manner prescribed by the Michigan association of secondary school principals in cooperation with the presidents council, state universities of Michigan.

Academic status of community college transfer students.

Sec. 602. From the amount appropriated in part 1 for state universities, the state universities shall inform Michigan community colleges regarding the academic status of community college transfer students in a manner prescribed by the presidents council, state universities of Michigan in cooperation with the Michigan community college association.

GENERAL REPORTS AND AUDITS

HEIDI enrollment data; review and audits; reports.

Sec. 701. (1) The auditor general shall review higher education institutional data inventory (HEIDI) enrollment data submitted by all public universities and may perform audits of selected public universities if determined necessary. The review and audits shall be based upon the definitions, requirements, and uniform reporting categories established by the state budget director and the senate and house fiscal agencies. The auditor general

shall submit a report of findings to the house and senate appropriations committees and the state budget director no later than July 1, 2003.

(2) Student credit hours reports shall not include the following:

(a) Student credit hours generated through correspondence courses, credit by examination, or inmate prison programs regardless of teaching location.

(b) Student credit hours generated in new degree programs after January 1, 1975, that have not been specifically authorized for funding by the legislature, except spin-off programs converted from existing core programs that do all of the following:

(*i*) Represent new options, fields, or concentrations within existing programs.

(*ii*) Are consistent with the current institutional role and mission.

(*iii*) Are accommodated within the continuing funding base of the institution.

(*iv*) Do not require a new degree level beyond that which the institution is currently authorized to grant within that discipline or field.

(*v*) Do not require funding from the state other than that provided by the student credit hours generated within the program, either before program initiation or within the first 3 years of program operation.

(3) The auditor general shall periodically audit higher education institutional data inventory (HEIDI) data as submitted by the state universities for compliance with the definitions approved by the HEIDI advisory committee for the HEIDI database.

Report.

Sec. 702. The principal executive officer of each institution of higher education receiving an appropriation under this act shall expend a portion of the funds appropriated to that institution to make a report to the auditor general, the house and senate fiscal agencies, and the state budget director within 60 days after the auditor general issues his or her report on the operation of the institution. The institution's report shall specify all of the following:

(a) The recommendations of the auditor general implemented by the institution, including projected dates and resources required, if any, to achieve compliance.

(b) The recommendations of the auditor general not implemented by the institution or implemented by the institution as modified.

(c) The rationale for not implementing a recommendation of the auditor general or of implementing a recommendation as modified.

HEIDI submission; report; definitions; additional information.

Sec. 705. (1) As part of the higher education data inventory (HEIDI) submission, each state university shall report the following information for the 2001-2002 academic year on or before October 31, 2002:

(a) Separately, the number of full-time equated tenured faculty, tenure-track faculty, nontenure-track faculty, and instruction/research assistants who taught an undergraduate class section.

(b) The total number of undergraduate credit hours taught by each of the following:

(*i*) Tenured faculty.

(*ii*) Tenure-track faculty.

(*iii*) Nontenure-track faculty.

(*iv*) Instruction/research assistants.

(2) For the purposes of subsection (1), the following definitions apply:

(a) "Tenured faculty" means a faculty member who has earned tenure.

(b) "Tenure-track faculty" means a faculty member who has not yet earned tenure but is eligible to earn tenure.

(c) "Nontenure-track faculty" means a faculty member who is not eligible to earn tenure.

(d) "Instruction/research assistant" means an individual who is a master's or doctoral degree candidate.

(3) Each state university shall also report the following information for the 2001-2002 academic year, as part of the higher education data inventory (HEIDI) submission, on or before October 31, 2002:

(a) Separately, the fall term number (head count) of part-time faculty and full-time faculty.

(b) Separately, the fall term number (head count) of tenured faculty and nontenured faculty.

(4) For the purposes of subsection (3), the following definitions apply:

(a) "Part-time faculty" means an individual who does not have a full-time appointment as a faculty member.

(b) "Full-time faculty" means an individual who has a full-time appointment as a faculty member.

(c) "Tenured faculty" means an individual who has earned tenure and who does not hold an administrative post.

(d) "Nontenured faculty" means an individual who has not earned tenure.

(SB 902)

AN ACT to amend 1909 PA 139, entitled "An act relative to the maintenance and construction of hospitals and sanatoria within the counties of this state and to provide a tax to raise moneys therefor," by amending section 5 (MCL 331.105).

The People of the State of Michigan enact:

331.105 Sanatorium; placement on approved list; report; certificate; state aid.

Sec. 5. A sanatorium established under the provisions of this act solely for the treatment of tuberculosis that has expended at least $10,000.00 in buildings and equipment, may, upon application to the department of community health, be placed upon the approved list of county sanatoriums. Once a sanatorium is entered upon the approved list, the sanatorium may remain listed and be entitled to state aid so long as the scope and character of its work are maintained in a manner that meets the approval of the department of community health. On the first day of July of each year the secretary of the board of the sanatorium on the approved list, shall report under oath to the department of community health, the character of the work done and the treatment given, the number and names of the persons employed and patients treated and on that date remaining in the sanatorium, the amount contributed by the county or counties for the support of the sanatorium, and such other matters as may be required by the department of community health. Upon the receipt of the report, if it appears that the sanatorium has been maintained in a satisfactory manner, the director of the department of community health shall make a certificate to that effect, together with the cost of maintenance for the year and the amount actually contributed by each county, and file it with the state treasurer. Upon receiving the certificate the state treasurer shall draw his or her warrant payable to the treasurer of each county contributing toward the maintenance of the sanatorium, for a sum equal to 1/2 the amount actually contributed by that county for the support of the sanatorium for the preceding year. However, the total sum paid as state aid shall not exceed the sum of $3,000.00 for any 1 sanatorium in any 1 year.

This act is ordered to take immediate effect.
Approved April 1, 2002.

(HB 5400)

AN ACT to amend 1956 PA 218, entitled "An act to revise, consolidate, and classify the laws relating to the insurance and surety business; to regulate the incorporation or formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention authority to reduce the number of automobile thefts in this state; to prescribe the powers and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending section 5208 (MCL 500.5208), as amended by 1984 PA 267, and by adding section 407a.

The People of the State of Michigan enact:

500.407a Noninsured benefit plan; offering and writing excess loss insurance; definition; authority of insurer not limited.

Sec. 407a. (1) An insurer authorized to write insurance described in section 602 or 606 may offer and write specific or aggregate excess loss insurance to a noninsured benefit plan. An insurer that writes excess loss insurance shall comply with the applicable policy rate and form requirements under chapters 22, 24, and 30.

(2) As used in this section, "noninsured benefit plan" means that term as defined in section 5208.

(3) This section does not limit the authority of an insurer authorized to write insurance described in section 624 to offer and write specific or aggregate excess loss insurance to a noninsured benefit plan.

500.5208 Corporate powers; limitations; applicability of prohibition; services performed in connection with noninsured benefit plan; provisions; interference with rights and obligations under collective bargaining agreement prohibited; report; liability of employee covered under noninsured benefit plan; "noninsured benefit plan" or "plan" defined.

Sec. 5208. (1) The corporate powers of an insurer incorporated in this state is limited to the issuance of policies insuring persons or property or other hazards in the state of domicile and in other states from which it has received authority to transact insurance business from the insurance department of that state, and to the provision of services of the kind it performs in the normal conduct of its insurance business whether or not those services are performed in connection with an insurance contract. This section does not apply to insurers organized in compliance with the insurance laws of this state, which cannot be properly authorized in other states, because the laws of those states do not permit the writing of the class or kind of insurance written by those insurers.

(2) For services provided under subsection (1) that are performed in connection with a noninsured benefit plan, all of the following apply:

(a) An insurer's fees for services rendered shall be on a basis that precludes cost transfers between individuals receiving those services and policyholders of the insurer.

(b) Any insurer providing services described in subsection (1) in connection with a noninsured benefit plan shall offer a program of specific or aggregate excess loss insurance.

(c) Except as provided in subdivision (d), an insurer providing the services described in subsection (1) in connection with a noninsured benefit plan shall not enter into the service contract for a plan covering a group of less than 500 individuals. However, an insurer may continue a service contract for a plan covering a group of less than 500 individuals if the contract was in existence on December 29, 1981.

(d) An insurer may enter into a service contract for a plan covering a group of less than 500 individuals if either the insurer makes arrangements for excess loss insurance or the sponsor of the plan that covers the individuals is liable for the plan's liabilities and is a sponsor of 1 or more plans covering 500 or more individuals in the aggregate. The commissioner, upon obtaining the advice of insurers, shall establish the standards for the manner and amount of the excess loss insurance required by this subdivision. It is the intent of the legislature that the excess loss insurance requirements be uniform as between insurers and other persons authorized to provide similar services.

(e) An insurer providing the services described in subsection (1) in connection with a noninsured benefit plan shall comply with section 5208a.

(f) A service contract containing an administrative services only arrangement between an insurer and a governmental entity not subject to ERISA, whose plan provides coverage under a collective bargaining agreement utilizing a policy or certificate issued by an insurer, health care corporation, dental care corporation, or health maintenance organization before the signing of the service contract, is void unless the governmental entity has provided the notice described in section 5208a(8) to the collective bargaining agent and to the members of the collective bargaining unit not less than 30 days before signing the service contract. The voiding of a service contract under this subdivision does not relieve the governmental entity of any obligations to the insurer under the service contract.

(3) Nothing in this section shall be construed to permit an actionable interference by an insurer with the rights and obligations of the parties under a collective bargaining agreement.

(4) Services provided under subsection (1) that are performed in connection with a noninsured benefit plan shall be considered a business activity that is not an insurance carrier service and are subject to tax as authorized by the single business tax act, 1975 PA 228, MCL 208.1 to 208.145.

(5) An insurer shall report with its annual statement the amount of business it has conducted as services provided under subsection (1) that are performed in connection with a noninsured benefit plan, and the commissioner shall annually transmit this information to the state commissioner of revenue.

(6) An employee covered under a noninsured benefit plan for which services are provided under a service contract authorized under subsection (1) is not liable for that portion of claims incurred and subject to payment under the plan if the service contract is entered into between an employer and insurer, unless that portion of the claim has been paid directly to the employee.

(7) As used in this section, "noninsured benefit plan" or "plan" means a benefit plan without insurance or the noninsured portion of a benefit plan that has specific or aggregate excess loss insurance.

This act is ordered to take immediate effect.
Approved April 1, 2002.
Filed with Secretary of State April 2, 2002.

AN ACT to amend 1879 PA 237, entitled "An act to provide for the execution, acknowledgment, and recording of contracts for the sale of land," by amending section 6 (MCL 565.356), as added by 1998 PA 106.

The People of the State of Michigan enact:

565.356 Definitions.

Sec. 6. As used in this act:

(a) "Assignee" means assignee of the vendor named in a land contract, a succeeding assignee, or a land contract mortgagee who became the absolute holder of the land contract as a result of security enforcement procedures.

(b) "Grantee" means grantee of the vendor named in a land contract, a succeeding grantee, or a grantee pursuant to a mortgage foreclosure of a mortgage upon the land but subordinate to the land contract.

(c) "Land contract mortgage" means a mortgage granted by a vendor or a vendee.

(d) "Land contract mortgagee" means the holder of a land contract mortgage granted by a vendor or vendee, or his or her heirs, successors, or assigns.

(e) "Nonmortgaging vendee" means a vendee who has not entered into a land contract mortgage granted by his or her vendor.

(f) "Nonmortgaging vendor" means a vendor who has not entered into a land contract mortgage granted by his or her vendee.

(g) "Real estate mortgage" means a mortgage granted upon an interest in real property, other than a mortgage upon a vendor's or vendee's interest in a land contract unless the vendor and the vendee join in or subject their respective interests to a single mortgage. A land contract mortgage is not a real estate mortgage.

(h) "Third parties" means persons or entities other than the vendor, vendee, nonmortgaging vendor, nonmortgaging vendee, assignee, grantee, or land contract mortgagee, who have or claim an interest in or encumbrance upon real property or a vendor's or vendee's interest which is subject to a land contract mortgage.

(i) "Vendee" means the vendee named in the land contract and the vendee's heirs, successors, or assigns.

(j) "Vendor" means the vendor named in the land contract and the vendor's heirs, successors, or assigns.

This act is ordered to take immediate effect.
Approved April 1, 2002.

(HB 5118)

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 502, 32503, and 33938 (MCL 324.502, 324.32503, and 324.33938), section 502 as amended by 1998 PA 114 and sections 32503 and 33938 as added by 1995 PA 59, and by adding sections 501a and 61505a.

The People of the State of Michigan enact:

324.501a Jurisdiction, rights, and responsibilities of Great Lakes states and provinces.

Sec. 501a. The Great Lakes are a binational public treasure and are held in trust by the Great Lakes states and provinces. Management of the water resources of the Great Lakes and the Great Lakes basin is subject to the jurisdiction, rights, and responsibilities of the Great Lakes states and provinces. Effective management of the water resources of the Great Lakes requires the in-basin exercise of such jurisdiction, rights, and responsibilities in the interest of all the people of the Great Lakes basin.

324.502 Rules; powers of department; contracts for taking and storage of mineral products; disposition and use of money; drilling operations for taking oil or gas from lake bottomlands of Great Lakes; prohibition; compliance with applicable ordinances and statutes.

Sec. 502. (1) The commission may promulgate rules, not inconsistent with law, governing its organization and procedure.

(2) The department may do 1 or more of the following:

(a) Promulgate and enforce reasonable rules concerning the use and occupancy of lands and property under its control in accordance with section 504.

(b) Provide and develop facilities for outdoor recreation.

(c) Conduct investigations it considers necessary for the proper administration of this part.

(d) Remove and dispose of forest products as required for the protection, reforestation, and proper development and conservation of the lands and property under the control of the department.

(e) Require the payment of a fee as provided by law for a daily permit or other authorization that allows the person to hunt and take waterfowl on a public hunting area managed and developed for waterfowl.

(3) Except as provided in subsection (4), the department may enter into contracts for the taking of coal, oil, gas, and other mineral products from state owned lands, upon a royalty basis or upon another basis, and upon the terms the department considers just and equitable subject to section 502a. This contract power includes authorization to enter into contracts for the storage of gas or other mineral products in or upon state owned lands, if the consent of the state agency having jurisdiction and control of the state owned land is first obtained. A contract permitted under this section for the taking of coal, oil, gas, or metallic mineral products, or for the storage of gas or other mineral products, is not valid unless the contract is approved by the state administrative board. Money received from a contract for the storage of gas or other mineral products in or upon state lands shall be transmitted to the state treasurer for deposit in the general fund of the state to be used for the purpose of defraying the expenses incurred in the administration of this act and other purposes provided by law. Other money received from a contract permitted under this subsection, except money received from lands acquired with money from the game and fish protection fund created in section 43553, shall be transmitted to the state treasurer for deposit in the Michigan natural resources trust fund created in section 35 of article IX of the state constitution of 1963 and provided for in part 19. However, the money received from the payment of service charges by a person using areas managed for waterfowl shall be credited to the game and fish protection fund and used only for the purposes provided by law. Money received from bonuses, rentals, delayed rentals, royalties, and the direct sale of resources, including forest resources, from lands acquired with money from the game and fish protection fund shall be credited to the game and fish protection trust fund created in section 43702, except as otherwise provided by law.

(4) The department shall not enter into a contract that allows drilling operations beneath the lake bottomlands of the Great Lakes, the connected bays or harbors of the Great Lakes, or the connecting waterways as defined in section 32301, for the exploration or production of oil or gas.

(5) This section does not permit a contract for the taking of gravel, sand, coal, oil, gas, or other metallic mineral products that does not comply with applicable local ordinances and state law.

324.32503 Agreements pertaining to waters over and filling in of submerged patented lands; lease or deed of unpatented lands; terms, conditions, and requirements; reservation of mineral rights; exception; riparian owner dredging or placing materials on bottomland; permit; lease or deed allowing drilling operations for exploration of oil or gas purposes; execution of agreement, lease, or deed with United States.

Sec. 32503. (1) Except as otherwise provided in this section, the department, after finding that the public trust in the waters will not be impaired or substantially affected, may enter into agreements pertaining to waters over and the filling in of submerged patented lands, or to lease or deed unpatented lands, after approval of the state administrative board. Quitclaim deeds, leases, or agreements covering unpatented lands may be issued or entered into by the department with any person, and shall contain such terms, conditions, and requirements as the department determines to be just and equitable and in conformance with the public trust. The department shall reserve to the state all mineral rights, including, but not limited to, coal, oil, gas, sand, gravel, stone, and other materials or products located or found in those lands, except where lands are occupied or to be occupied for residential purposes at the time of conveyance.

(2) A riparian owner shall obtain a permit from the department before dredging or placing spoil or other materials on bottomland.

(3) The department shall not enter into a lease or deed that allows drilling operations beneath unpatented lands for the exploration or production of oil or gas.

(4) An agreement, lease, or deed entered into under this part by the department with the United States shall be entered into and executed pursuant to the property rights acquisition act, 1986 PA 201, MCL 3.251 to 3.262.

324.33938 Removal of metallic minerals, marl, stone, rock, sand, gravel, or earth from or beneath lake bottomlands of Great Lakes; lease; drilling operations for exploration of oil or gas beneath lake bottomlands of Great Lakes; conditions; violation; liability.

Sec. 33938. (1) A person shall not remove metallic minerals, marl, stone, rock, sand, gravel, or earth from or beneath the lake bottomlands of the Great Lakes or the bays and harbors connected with the Great Lakes without first obtaining a written lease from the department granting the right to take the material.

(2) A person shall not conduct drilling operations beneath the lake bottomlands of the Great Lakes, the connected bays or harbors of the Great Lakes, or the connecting waterways as defined in section 32301, for the exploration or production of oil or gas, unless either or both of the following conditions are met:

(a) The drilling operations began prior to the effective date of the 2002 amendatory act that added this subdivision.

(b) The person holds a lease that was in effect prior to the effective date of the amendatory act that added this subdivision and that allows the drilling operations.

(3) A person who violates subsection (1) or (2) is liable to this state for an amount equal to 3 times the value of the materials taken plus an amount equal to the cost of restoring the waters, lake bottomlands, adjacent uplands, or any natural resource of the Great Lakes, the connected bays or harbors of the Great Lakes, or the connecting waterways as defined in section 32301, that is damaged as a result of the violation.

324.61505a Drilling permit for well beneath lake bottomlands for exploration or production of oil or gas; condition.

Sec. 61505a. Notwithstanding any other provision of this part or the rules promulgated under this part, beginning on the effective date of this section, the supervisor shall not issue a permit for drilling, or authorize the drilling of, a well beneath the lake bottomlands of the Great Lakes, the connected bays or harbors of the Great Lakes, or the connecting waterways as defined in section 32301, for the exploration or production of oil or gas unless the applicant holds a lease that was in effect prior to the effective date of the amendatory act that added this section that allows the well to be drilled.

This act is ordered to take immediate effect.

(2) Points shall not be entered for a violation of section 310e(14), 311, 625m, 658, 717, 719, 719a, or 723.

(3) Points shall not be entered for bond forfeitures.

(4) Points shall not be entered for overweight loads or for defective equipment.

(5) If more than 1 conviction, civil infraction determination, or probate court disposition results from the same incident, points shall be entered only for the violation that receives the highest number of points under this section.

(6) If a person has accumulated 9 points as provided in this section, the secretary of state may call the person in for an interview as to the person's driving ability and record after due notice as to time and place of the interview. If the person fails to appear as provided in this subsection, the secretary of state shall add 3 points to the person's record.

(7) If a person violates a speed restriction established by an executive order issued during a state of energy emergency as provided by 1982 PA 191, MCL 10.81 to 10.89, the secretary of state shall enter points for the violation pursuant to subsection (1).

(8) The secretary of state shall enter 6 points upon the record of a person whose license is suspended or denied pursuant to section 625f. However, if a conviction, civil infraction determination, or probate court disposition results from the same incident, additional points for that offense shall not be entered.

(9) If a Michigan driver commits a violation in another state that would be a civil infraction if committed in Michigan, and a conviction results solely because of the failure of the Michigan driver to appear in that state to contest the violation, upon receipt of the abstract of conviction by the secretary of state, the violation shall be noted on the driver's record, but no points shall be assessed against his or her driver's license.

(SB 811)

AN ACT to amend 1941 PA 205, entitled "An act to provide for the construction, establishment, opening, use, discontinuing, vacating, closing, altering, improvement, and maintenance of limited access highways and facilities ancillary to those highways; to permit the acquiring of property and property rights and the closing or other treatment of intersecting roads for these purposes; to provide for the borrowing of money and for the issuing of bonds or notes payable from special funds for the acquisition, construction or improvement of such highways; and to provide for the receipt and expenditure of funds generated from the facilities," by amending section 2 (MCL 252.52), as amended by 2001 PA 47.

The People of the State of Michigan enact:

252.52 Limited access highways; establishing, opening, discontinuing, vacating, closing, altering, improving, maintaining, and providing for public use; vending machines; other commercial enterprises prohibited; liability insurance; monitoring compliance; use of facilities for sale of articles for export; operation of customs brokering facilities; lease; distribution of travel-related information; disposition of revenue; electronic devices; logo signage; exit signs indicating hospital.

Sec. 2. (1) The state transportation department, a board of county road commissioners, or a city or village, acting alone or in cooperation with each other or with a federal, state, or local agency having authority to participate in the construction and maintenance of highways, may establish, open, discontinue, vacate, close, alter, improve, maintain, and provide for the public use of limited access highways, subject to section 1(i) of 1925 PA 352, MCL 213.171.

(2) The state transportation department shall allow only the installation of vending machines at selected sites on the limited access highway system to dispense food, drink, and other articles that the state transportation department determines appropriate. The state transportation department shall allow only the installation of vending machines at selected travel information centers. Following a 2-year trial period the state transportation department shall use its discretion with the advice of the commission for the blind to allow only vending machines at other locations on the limited access highway system. The vending machines shall be operated solely by the commission for the blind, which is designated as the state licensing agency under section 2(a)(5) of chapter 638, 49 Stat. 1559, 20 U.S.C. 107a. Except as otherwise provided in this section, no other commercial enterprise shall be authorized or conducted within or on property acquired for or designated as a limited access highway. The commission for the blind shall require evidence of liability insurance and monitor compliance as it pertains to only vending machines in the designated areas, holding harmless the state transportation department.

(3) In conjunction with the exemption granted by federal law from the restrictions contained in section 111 of title 23 of the United States Code, 23 U.S.C. 111, and described in the "manual on uniform traffic control devices for streets and highways", U.S. department of transportation and federal highway administration, part 2g (LOGOS), this section does not prohibit the use of facilities located in part on the right-of-way of I-94 in the vicinity of the interchange of I-94 and I-69 business loop/I-94 business loop for the sale of only those articles which are for export and consumption outside the United States.

(4) This section does not prohibit the use of facilities located in the vicinity of the international bridge in the city of Sault Ste. Marie for the sale of only those articles which are for export and consumption outside the United States to the extent that the use is not restricted by federal law.

(5) This section does not prohibit the operation of customs brokering facilities on state owned property available for that use at the sites of the blue water bridge in Port Huron and the international bridge in Sault Ste. Marie.

(6) The state transportation department may enter into a lease for facilities described in subsection (3), (4), or (5), the revenue from which shall be deposited in the state trunk line fund if attributable to the blue water bridge site or in the fund created under section 7 of 1954 PA 99, MCL 254.227, if attributable to the international bridge site.

(7) This section does not prohibit the use of facilities located at rest areas or welcome centers to distribute, either directly or through electronic technologies, free travel related

information or assistance, or both, to the traveling public if the distribution is approved by the state transportation department.

(8) The state transportation department may enter into agreements for the activities described in subsection (7), the revenue from which shall be deposited in the state trunk line fund.

(9) The state transportation department may enter into agreements to authorize the use of property acquired for or designated as a limited access highway or acquired for or designated for ancillary purposes for the installation, operation, and maintenance of commercial or noncommercial electronic devices and related structures so long as the electronic devices and related structures are intended to assist in providing travel related information to motorists who subscribe to travel related information services, the public, or the state transportation department. All revenue generated by the agreements shall be deposited in the state trunk line fund. The state transportation department may accept facilities or in-kind services to be used for public purposes in lieu of, or in addition to, monetary compensation.

(10) This section does not prohibit the use of logo signage within the right-of-way of limited access highways. For purposes of this subsection, "logo signage" means a sign containing the trademark or other symbol that identifies a business in a manner and at locations approved by the state transportation department. The state transportation department may enter into agreements to allow logo signage, and any revenue received by the state transportation department under this subsection shall be deposited into the state trunk line fund established under section 11 of 1951 PA 51, MCL 247.661.

(11) At the request of a hospital that provides 24-hour emergency care, the state transportation department shall place and maintain signs on all limited access highways that indicate exits that are within 2 miles of that hospital. The signs shall indicate the name of the hospital or the name of the nonprofit corporation that owns or operates the hospital and the exit number of the exit that is within the 2 miles of the hospital. At least 1 sign shall be placed for each exit that is within 2 miles of a requesting hospital that provides 24-hour emergency care. The cost of placing and maintaining the sign shall be paid by the hospital requesting the signs. The state transportation department shall adopt guidelines specifying the size, shape, design, number, and placement of the signs authorized under this subsection. The state transportation department shall not remove signs on limited access highways that exist on the effective date of the amendatory act that added this subsection and that indicate exits within 10 miles of a hospital that provides 24-hour emergency care but that do not otherwise satisfy the requirements of this subsection. As used in this subsection, "hospital" means a health facility that is licensed under part 215 of the public health code, 1978 PA 368, MCL 333.21501 to 333.21568.

This act is ordered to take immediate effect.

(SB 812)

AN ACT to amend 1925 PA 368, entitled "An act to prohibit obstructions and encroachments on public highways, to provide for the removal thereof, to prescribe the conditions under which telegraph, telephone, power, and other public utility companies,

cable television companies and municipalities may enter upon, construct and maintain telegraph, telephone, power or cable television lines, pipe lines, wires, cables, poles, conduits, sewers and like structures upon, over, across or under public roads, bridges, streets and waters and to provide penalties for the violation of this act," by amending section 13 (MCL 247.183), as amended by 1994 PA 306, and by adding section 1a.

The People of the State of Michigan enact:

247.171a Rights-of-way, bridges, towers, and welcome centers; use to provide travel-related information through electronic technologies.

Sec. 1a. This act does not prohibit the use of rights-of-way, bridges, towers, welcome centers, and rest stops to provide through the use of electronic technologies, including electronic kiosks, travel-related information or assistance and advance traffic information systems.

247.183 Public utilities, cable television companies, and municipalities; construction and maintenance of structures; consent of governing body; construction and maintenance of utility lines and structures longitudinally within limited access highway rights-of-way; standards; charges; use of revenue; use of electronic devices within limited access and rights-of-way to provide travel-related information.

Sec. 13. (1) Telegraph, telephone, power, and other public utility companies, cable television companies, and municipalities may enter upon, construct, and maintain telegraph, telephone, or power lines, pipe lines, wires, cables, poles, conduits, sewers or similar structures upon, over, across, or under any public road, bridge, street, or public place, including, subject to subsection (2), longitudinally within limited access highway rights-of-way, and across or under any of the waters in this state, with all necessary erections and fixtures for that purpose. A telegraph, telephone, power, and other public utility company, cable television company, and municipality, before any of this work is commenced, shall first obtain the consent of the governing body of the city, village, or township through or along which these lines and poles are to be constructed and maintained.

(2) A utility as defined in 23 C.F.R. 645.105(m) may enter upon, construct, and maintain utility lines and structures longitudinally within limited access highway rights-of-way in accordance with standards approved by the state transportation commission that conform to governing federal laws and regulations. The standards shall require that the lines and structures be underground and be placed in a manner that will not increase highway maintenance costs for the state transportation department. The standards may provide for the imposition of a reasonable charge for longitudinal use of limited access highway rights-of-way. The imposition of a reasonable charge is a governmental function, offsetting a portion of the capital and maintenance expense of the limited access highway, and is not a proprietary function. The charge shall be calculated to reflect a 1-time installation permit fee that shall not exceed $1,000.00 per mile of longitudinal use of limited access highway rights-of-way with a minimum fee of $5,000.00 per permit. All revenue received under this subsection shall be used for capital and maintenance expenses incurred for limited access highways.

(3) A person engaged in the collection of traffic data or the provision of travel-related information or assistance may enter upon, construct, and maintain electronic devices and related structures within limited access and other highway rights-of-way in accordance with standards approved by the state transportation commission that conform to governing federal laws and regulations. The standards shall require that the devices and

structures be placed in a manner that will not impede traffic and will not increase maintenance costs for the state transportation department. The state transportation department may enter into agreements to authorize the use of property acquired for or designated as a highway or acquired for or designated for ancillary purposes for the installation, operation, and maintenance of commercial or noncommercial electronic devices and related structures for the collection of traffic data or to assist in providing travel-related information or assistance to motorists who subscribe to travel-related services, the public, or the department. Any revenue generated by the agreements shall be deposited in the state trunk line fund. The department may accept facilities or in-kind services to be used for public purposes in lieu of, or in addition to, monetary compensation.

This act is ordered to take immediate effect.

AN ACT to amend 1966 PA 331, entitled "An act to revise and consolidate the laws relating to community colleges; to provide for the creation of community college districts; to provide a charter for such districts; to provide for the government, control and administration of such districts; to provide for the election of a board of trustees; to define the powers and duties of the board of trustees; to provide for the assessment, levy, collection and return of taxes therefor; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 127 (MCL 389.127), as added by 1982 PA 342.

The People of the State of Michigan enact:

389.127 Board of trustees; borrowing money and issuing obligations; purpose; pledging state appropriations; pledging full faith and credit of district; limitations; notes or obligations as first budget obligation; pledge as statutory lien; duties of state treasurer; approval of transactions to insure timely payment of note or obligation; expenses; notes or obligations subject to §§ 141.2101 to 141.2821; form, terms, and sale of notes or obligations; repayment.

Sec. 127. (1) The board of trustees may also borrow money and issue its notes or other obligations to secure funds for operating expenses or to pay previous obligations incurred for operating purposes under this or any other statute. The board may pledge state appropriations made and not yet received, federal grants or payments, allocations of fees and charges required to be paid by students enrolling in the college, or any combination of these revenues, for payment of the notes or other obligations. A note or obligation pledging a state appropriation is not state indebtedness and shall carry a statement to that effect.

(2) Subject to applicable charter, statutory, and constitutional limitations, the board may pledge the full faith and credit of the district for notes or obligations issued pursuant to this section. If the funds primarily pledged for the payment of notes or obligations to which the full faith and credit of the district has been pledged are insufficient, the notes or obligations shall be a first budget obligation of the district payable from any available funds.

(3) A pledge pursuant to this section shall constitute a statutory lien that shall be valid and binding from the time the pledge is made without any physical delivery or further act or recording, notice, or filing of any kind. If state appropriations are pledged for payment of notes or obligations issued pursuant to this section, the district may direct the state treasurer to pay all or a part of payments due to the district to a paying agent, trustee, or escrow agent for payment of the notes or obligations. The state treasurer shall comply with those instructions, but this section shall not be construed to require the state treasurer to make payment if funds are not available or at a time or in an amount other than would be payable to the district pursuant to law or to give rise to any liability of the state to holders of notes or obligations for failure of the state or the state treasurer to comply with this section.

(4) In connection with the issuance of notes or obligations pursuant to this section, the board may approve agreements, insurance contracts, lines of credit, letters of credit, commitments to purchase notes or obligations, or other transactions to insure timely payment of any note or obligation. The district may pay from the proceeds of the notes the costs incidental to the issuance of the notes and other incidental expenses, including fees or charges for transactions to provide a separate security to insure timely payment of the notes or obligations.

(5) Notes or obligations issued pursuant to this section shall be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The notes or obligations shall be in the form, have the terms, and be sold in a manner as determined by the board.

(6) Notes or obligations assessed pursuant to this section shall be fully repaid within the ensuing 12 months.

This act is ordered to take immediate effect.

AN ACT to amend 1946 (1st Ex Sess) PA 9, entitled "An act to create the Michigan veterans' trust fund, and to define who shall be eligible to receive assistance therefrom; to provide for the disbursement of the income thereof and surplus therein; to create a board of trustees, and to prescribe its powers and duties; to provide for county and district committees, and their powers, duties, and expenses; to prescribe penalties; and to make appropriations to carry out the provisions of this act," by amending sections 7 and 8 (MCL 35.607 and 35.608).

The People of the State of Michigan enact:

35.607 Funds; distribution by state treasurer.

Sec. 7. Funds shall be distributed to the several county treasurers by the state treasurer at the direction of the board of trustees. The funds distributed shall be credited by the county treasurer to a county veterans' trust fund and shall be disbursed by the county treasurer on vouchers drawn by the county clerk based on orders filed by the county or district committee. Allocations to district committees shall be distributed to the several county treasurers of the counties composing the district. The veterans' trust fund shall be covered by the official bond of the county treasurer.

35.608 Veterans' committees; regulation by state board of trustees; audit.

Sec. 8. The county and district committees shall be governed by the rules and regulations of the state board of trustees. The board of trustees, the veteran county or district committees, and the county treasurers shall be subject to audit in the same manner as provided under the accounting laws of this state for state departments and counties.

AN ACT to amend 1911 PA 44, entitled "An act to create a state board of equalization; to prescribe its powers and duties; to provide that said board shall be furnished with certain information by the several boards of supervisors and by the state tax commission; to provide for meeting the expense authorized by this act, and to repeal all acts or parts of acts contravening the provisions of this act," by amending sections 3 and 4 (MCL 209.3 and 209.4), section 4 as amended by 2001 PA 36.

The People of the State of Michigan enact:

209.3 State board of equalization; organization; chairperson; secretary; keeping and filing record of proceedings; oath; quorum; availability of certain writings to public.

Sec. 3. (1) The board shall organize by choosing a member as chairperson. The secretary of the state tax commission shall act as secretary and shall keep a record of all the proceedings of the board. The record, when certified by the chairperson and secretary, shall be filed in the office of the state treasurer within 5 days after adjournment of the board.

(2) The members constituting the board shall take and subscribe the constitutional oath of office. The oaths shall be filed and preserved with the proceedings of the board. Three members of the board shall constitute a quorum for the transaction of business.

(3) A writing prepared, owned, used, in the possession of, or retained by the state board of equalization in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

209.4 Tabular statement showing assessed and equalized valuations; preparation; copies; session; meeting of board; determination whether relative valuation between several counties equal and uniform; equalization; certification of equalized valuation; basis for apportionment; certified transcript of determination; determining level of state equalized valuation of class of property; order.

Sec. 4. (1) After the state board of equalization has been organized, it shall proceed to examine the tabular statements and data furnished by the county boards of commissioners and state tax commission. The state board of equalization shall then prepare and print a tabular statement showing, by county in an aggregate amount, and by county for personal property and each classification of real property, the total assessed valuation, the valuation as equalized by the county board of commissioners for the current year, the valuation as equalized at the last preceding session of the state board of equalization, and the valuation recommended by the state tax commission. The state board of equalization

shall direct the secretary to forward a copy of the statement to the director of the tax or equalization department of each county in this state immediately. Except as provided in subsection (2), the state board of equalization may continue in session until the fourth Monday in May for the purpose of considering the reports from the assessing officers, county boards of commissioners, and the state tax commission. The state board of equalization shall meet in the city of Lansing on the fourth Monday in May to hear the representatives of the several counties as provided in this act. The state board of equalization shall determine whether the relative valuation between the several counties of the property within classifications used for equalization by the counties under section 34 of the general property tax act, 1893 PA 206, MCL 211.34, is equal and uniform, taking into consideration the location, soil, mineral wealth, improvements, productions, and facilities. The state board of equalization shall also determine whether the value of personal property in the several counties has been uniformly estimated and determined according to the best information that can be derived from this state or from any other source. After examination of the data and evidence furnished, if the valuation of the applicable classification of property in any county is determined to be at more or less than the true cash value of the property in that classification within the county, the state board of equalization shall equalize real and personal property in the same manner as required of county boards of commissioners under section 34 of the general property tax act, 1893 PA 206, MCL 211.34, by adding to or deducting from the applicable valuations in a county those amounts that will produce a sum that represents the proportion of true cash value established by the legislature. If equalization is required under this section according to classifications of real or personal property, or both, the state board of equalization shall retain property within the classifications established for purposes of the county equalization pursuant to section 34 of the general property tax act, 1893 PA 206, MCL 211.34. The valuation of the several counties as equalized shall be certified by the chairperson and secretary of the state board of equalization and filed in the office of the state treasurer and the state tax commission, and shall be the basis for apportionment of all state taxes until another equalization is made. The secretary of the state tax commission after the determination of the state board of equalization has been filed in his or her office, immediately shall send a certified transcript of the determination to the treasurer of each county, who shall cause the certified transcript to be placed on file in his or her office available for public inspection.

(2) Within 90 days after receiving the findings and determination of the tax tribunal pursuant to section 34(4) of the general property tax act, 1893 PA 206, MCL 211.34, the state tax commission acting as the state board of equalization shall determine whether the state equalized valuation of that class of property in the county was set at the level prescribed by law or should be revised to provide uniformity among the counties and shall enter an order consistent with the findings.

This act is ordered to take immediate effect.

AN ACT to amend 1863 PA 140, entitled "An act to provide for the selection, care and disposition of the lands donated to the state of Michigan, by act of congress, approved July second, 1862, for the endowment of colleges for the benefit of agriculture and the mechanic arts," by amending sections 8 and 10 (MCL 322.178 and 322.180).

The People of the State of Michigan enact:

322.178 College lands; proceeds of sale; deposit; interest; use.

Sec. 8. The money received from the sale of the lands described in this act shall be paid into the state treasury, and shall be placed in the general fund, to the credit of the agricultural college fund, and the annual interest on those funds computed at 7%, shall be regularly applied to the support and maintenance of Michigan state university, where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach the branches of learning as are related to agriculture and mechanic arts, in order to promote the liberal and practical education of industrial classes in the several pursuits and professions of life.

322.180 College lands; examining agents; expenses; payment.

Sec. 10. Michigan state university shall certify from time to time to the state treasurer the amounts required for the services and expenses of examining agents and for the other expenses as may be necessary for the proper care and disposition of the lands described in this act and the state treasurer shall pay those amounts out of the general fund. All contracts and certificates of the board shall be signed by the treasurer of Michigan state university.

(SB 385)

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the

laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 614, 617, and 1066 (MCL 380.614, 380.617, and 380.1066), section 614 as amended by 1992 PA 263, section 617 as amended by 1989 PA 268, and section 1066 as amended by 1995 PA 289.

The People of the State of Michigan enact:

380.614 Board; election of members; notice of meeting; acting chairperson and secretary; term; vacancy; nominating petition; signatures; filing petition and affidavit; ballots; filing fee; board of canvassers.

Sec. 614. (1) Except as provided in section 615, the members of the intermediate school board shall be elected biennially on the first Monday in June by a body composed of 1 member of the board of each constituent school district, who shall be designated by the board of which that person is a member. The secretary shall send a notice by certified mail of the hour and place of meeting to the secretary of the board of each constituent district at least 10 days before the meeting. The president and secretary of the intermediate school board shall act as chairperson and secretary.

(2) Except as provided in section 703, the term of office of each member elected to the intermediate school board shall be for 6 years and shall begin on July 1 following election. Not more than 2 members of the intermediate school board shall be from the same school district unless there are fewer districts than there are positions to be filled.

(3) A vacancy shall be filled by the remaining members of the intermediate school board until the next biennial election at which time the vacancy shall be filled for the balance of the unexpired term. Notice of the vacancy shall be filed with the state board within 5 days after the vacancy occurs. If the vacancy is not filled within 30 days after it occurs, the vacancy shall be filled by the state board.

(4) Subject to subsection (6), a candidate for election to the intermediate school board shall be nominated by petitions that are signed by a number of school electors of the combined constituent school districts of the intermediate school district, as follows:

(a) If the population of the intermediate school district is less than 10,000 according to the most recent federal census, a minimum of 6 and a maximum of 20.

(b) If the population of the intermediate school district is 10,000 or more according to the most recent federal census, a minimum of 40 and a maximum of 100.

(5) A school elector may sign as many petitions as there are vacancies to fill. Nominating petitions and an affidavit as provided in section 558 of the Michigan election law, 1954 PA 116, MCL 168.558, shall be filed with the secretary of the intermediate school board not later than 30 days before the date of the biennial election under subsection (1). The secretary shall determine the sufficiency of the petitions and the eligibility of the

candidates nominated. The secretary shall provide ballots for the biennial election, listing on the ballots the names of all candidates properly nominated. The chairperson of the biennial election may accept nominations for a vacancy from the floor only if no nominating petitions have been filed for the vacancy. Section 1066 applies to the form and manner of circulation of nominating petitions for a candidate for membership on the intermediate school board.

(6) Instead of filing nominating petitions, a candidate for election to the intermediate school board may pay a nonrefundable filing fee of $100.00 to the secretary of the intermediate school board. If this fee is paid by the due date for nominating petitions, the payment has the same effect under this section as the filing of nominating petitions.

(7) The president shall appoint 2 persons not members of the intermediate school board or candidates for election as a board of canvassers and they shall canvass the vote following balloting. This becomes the official canvass.

380.617 Candidate for office of board member; filing nominating petitions and affidavit; form of nominating petitions; signatures; circulation; filing fees; certification; notice; ballots; terms; vacancy.

Sec. 617. (1) Subject to subsection (4), in an intermediate school district in which sections 615 to 617 are effective, a candidate for the office of member of the intermediate school board shall be nominated by filing nominating petitions and an affidavit as provided in section 558 of the Michigan election law, 1954 PA 116, MCL 168.558, with the secretary of the board of the intermediate school district before 4 p.m. of the ninth Monday before the election.

(2) The nominating petitions shall be in the form provided in section 1066. Nominating petitions shall contain signatures of school electors who are registered to vote in the city or township in which they reside in a number as follows:

(a) If the population of the intermediate school district is less than 10,000 according to the most recent federal census, a minimum of 6 and a maximum of 20.

(b) If the population of the intermediate school district is 10,000 or more according to the most recent federal census, a minimum of 40 and a maximum of 100.

(3) Each sheet of the nominating petition shall be circulated in 1 city or township only.

(4) Instead of filing nominating petitions, a candidate for election to the intermediate school board may pay a nonrefundable filing fee of $100.00 to the secretary of the intermediate school board. If this fee is paid by the due date for nominating petitions, the payment has the same effect under this section as the filing of nominating petitions.

(5) Within 14 days after the last date for filing, the secretary of the intermediate school board shall certify the names and addresses of those candidates whose petitions are found to be sufficient to the secretaries of the boards of the constituent school districts. The secretary of the intermediate school board shall certify the number to be elected. The secretary of the intermediate school board shall notify the county clerk of the names and addresses of the candidates not later than 3 days after the last day for candidate withdrawal. However, if the third day is a Saturday, Sunday, or legal holiday, the notice may be sent on the next day that is not a Saturday, Sunday, or legal holiday.

(6) The intermediate school board shall provide ballots for the election of members of the intermediate school board and distribute the ballots to the secretaries of each of the constituent school districts not less than 20 days before the annual school elections.

(7) At the first election, 3 members of an intermediate school board shall be elected for a term of 6 years, 2 for a term of 4 years, and 2 for a term of 2 years. After the first election, their successors shall be elected biennially for terms of 6 years.

(8) The intermediate school board of an intermediate school district adopting sections 615 to 617 shall fill a vacancy in the intermediate school board's membership by appointing a member to serve until the next biennial election, at which time a member shall be elected for the balance of the unexpired term.

380.1066 Filing nominating petitions and affidavit; signing petitions; form; filing fee; canvassing petitions; noncompliance; notice; performance of secretary's duties by treasurer; withdrawal of candidate.

Sec. 1066. (1) Subject to subsection (6), to obtain the printing of the name of a candidate for member of the school board on the ballot, the candidate shall file nominating petitions and an affidavit as provided in section 558 of the Michigan election law, 1954 PA 116, MCL 168.558, with the secretary of the school board or in the office of the school board not later than 4 p.m. on the ninth Monday before the date of election. A school board holding elections in conjunction with a city election may vary the date of filing nominating petitions to conform with the filing date of the city, as provided in section 644k of the Michigan election law, 1954 PA 116, MCL 168.644k.

(2) Each petition shall be signed by a number of school electors of the school district as follows:

(a) If the population of the school district is less than 10,000 according to the most recent federal census, a minimum of 6 and a maximum of 20.

(b) If the population of the school district is 10,000 or more according to the most recent federal census, a minimum of 40 and a maximum of 100.

(3) A school elector shall not sign petitions for more candidates than are to be elected.

(4) The petition shall be substantially in the form prescribed in section 544c of the Michigan election law, 1954 PA 116, MCL 168.544c, except that the petition shall be nonpartisan and shall include the following opening paragraph:

We, the undersigned, registered and qualified voters of _____
(legal name of school district)
and residents of the _____ , the county of _____, state of
(city or township)
Michigan, nominate _____, a registered and qualified elector
(name of candidate)
of _____ _____,
(street address) (post-office address)
of the district as a member of the board of education of the school district for a term of _____ years, expiring _____, to be voted for at the election to be held on the_____ day of _____, _____.
(month) (year)

(5) A petition sheet shall not be circulated in more than 1 township or city.

(6) Instead of filing nominating petitions, a candidate for election to the school board may pay a nonrefundable filing fee of $100.00 to the secretary of the school board. If this fee is paid by the due date for nominating petitions, the payment has the same effect under this section as the filing of nominating petitions.

(7) Upon the filing of nominating petitions, the secretary of the school board shall canvass the petitions to ascertain if the petitions have been signed by the requisite number of school electors, and for the purpose of determining their validity may check doubtful

signatures against the registration records by the clerk of the political subdivision in which each petition was circulated to determine the authenticity of the signatures. If it is determined that the nominating petitions of a candidate do not comply with the requirements, including the fact that the candidate does not possess the qualifications as required by law for membership on the school board, or if for another cause the candidate is not entitled to have his or her name printed upon official election ballots, the secretary of the school board shall notify the candidate immediately. If nominating petitions are filed on behalf of the secretary of the school board, the treasurer of the school board shall perform the duties of the secretary.

(8) After a nominating petition is filed by or on behalf of a proposed candidate for membership on the school board, the candidate shall not be permitted to withdraw unless a written notice of withdrawal, signed by the candidate, is served on the secretary of the school board or an authorized agent of the secretary of the school board not later than 4 p.m. of the third day after the last day for filing the petition. The secretary of the school board shall notify the county clerk of the names and addresses of the candidates not later than 3 days after the last date for candidate withdrawal. However, if the third day is a Saturday, Sunday, or legal holiday, the notice may be made on the next day that is not a Saturday, Sunday, or legal holiday.

Effective date.

AN ACT to amend 1966 PA 261, entitled "An act to provide for the apportionment of county boards of commissioners; to prescribe the size of the board; to provide for appeals; to prescribe the manner of election of the members of the county board of commissioners; to provide for compensation of members; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 11 (MCL 46.411), as amended by 1982 PA 504.

The People of the State of Michigan enact:

46.411 Candidate for office of county commissioner; qualifications; nomination; filing fee; eligibility.

Sec. 11. A candidate for the office of county commissioner shall be a resident and registered voter of the district that he or she seeks to represent and shall remain a resident and registered voter to hold his or her office, if elected. Nominations and elections for commissioners shall be by partisan elections. In order for the name of a candidate for nomination for the office of county commissioner to appear on the official primary ballot, a nominating petition or $100.00 filing fee shall be filed with the county clerk. The nominating petition shall have been signed by a number of qualified and registered electors residing within the district as determined under section 544f of the

Michigan election law, 1954 PA 116, MCL 168.544f. The deadline for filing nomination petitions or filing fees is the same as for a candidate for state representative. A person who has been convicted of a violation of section 12a(1) of 1941 PA 370, MCL 38.412a, is not eligible to be a county commissioner for 20 years after the conviction.

(SB 387)

AN ACT to amend 1989 PA 24, entitled "An act to provide for the establishment and maintenance of district libraries; to provide for district library boards; to define the powers and duties of certain state and local governmental entities; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 11 (MCL 397.181); and to repeal acts and parts of acts.

The People of the State of Michigan enact:

397.181 Election of board members of district library; provisions applicable where school district is participating municipality.

Sec. 11. (1) All of the following apply to an election of board members of a district library unless a school district is a participating municipality and subsection (2) imposes a different requirement:

(a) If an agreement prescribes elected board members, the board shall consist of 7 members elected at large from the district.

(b) If an agreement prescribes elected board members, a provisional board of 7 members shall be appointed. The members of the provisional board shall hold office until their successors are elected and qualified.

(c) The first election of board members shall take place at the first general election held 140 days or more after the appointment of the first member of the provisional board. The 4 persons receiving the most votes at the first election for board members shall have 4-year terms, and the 3 remaining persons elected to the board shall have 2-year terms. After the first election, board members shall be elected at general elections for 4-year terms that begin on January 1 following the election.

(d) Board members shall be elected on nonpartisan ballots.

(e) Subject to subdivision (f), a nomination for the office of board member shall be by nonpartisan petitions signed by registered electors of the district. The number of signatures shall be as follows:

(*i*) For a district with a population of less than 10,000, not less than 6 or more than 20.

(*ii*) For a district with a population of 10,000 or more, not less than 40 or more than 100.

(f) In lieu of the nominating petition prescribed in this subsection, an individual may file a $100.00 nonrefundable fee to have his or her name placed on the ballot.

(g) A nominating petition or filing fee shall be filed with the clerk of the largest county not later than 4 p.m. of the day 110 days before the date of the election. The county clerk with whom nominating petitions or filing fees are filed shall certify the names of the candidates to the clerk of every other county in which all or part of a participating municipality is located.

(h) A vacancy in the office of a board member shall be filled until the expiration of the vacating board member's term by appointment by majority vote of the remaining board members. However, if the vacancy occurs 140 or more days or, if a school district is a participating municipality, 13 or more Mondays before the first regularly scheduled election of board members that follows the beginning of the term of the board member vacating office and that term is 4 years, all of the following apply:

(*i*) The vacancy shall be filled by appointment by majority vote of the remaining board members only until the next date on which the term of any board member expires.

(*ii*) A board member shall be elected at the regularly scheduled election of board members next following the occurrence of the vacancy to fill the vacancy for the remainder of the term of the board member vacating office.

(2) If a school district is a participating municipality, the following apply to an election of board members for a district library:

(a) The first election of board members shall take place at the same time as the first regularly scheduled election of school board members in the largest participating school district occurring on or after the thirteenth Monday following the appointment of the first member of the provisional board. The term of office of an elected member of the board shall begin at the same time as the term of a school board member elected at the same election in the largest participating school district.

(b) Subject to subdivision (c), a nomination for the office of board member shall be by a petition meeting to the extent applicable the same requirements, including filing requirements, as a nominating petition for the office of school board member in the largest participating school district. However, the petition shall be filed not later than 4 p.m. of the ninth Monday preceding the election. The number of signatures shall be as follows:

(*i*) For a district with a population of less than 10,000, not less than 6 or more than 20.

(*ii*) For a district with a population of 10,000 or more, not less than 40 or more than 100.

(c) In lieu of the nominating petition prescribed under subdivision (b), an individual may file a $100.00 nonrefundable fee to have his or her name placed on the ballot. A nominating petition or filing fee shall be filed with the secretary of the school board of the largest participating school district. The secretary of that school board shall certify the names of the candidates and the date of the election to the secretary of the school board of every other participating school district and to the election officials authorized by this act to conduct the election in each participating municipality all or a portion of which is located within a nonparticipating school district.

Effective date; repeal of § 397.180.

Enacting section 1. (1) This amendatory act takes effect January 1, 2003.

(2) Section 10 of the district library establishment act, 1989 PA 24, MCL 397.180, is repealed.

This act is ordered to take immediate effect.

(SB 388)

AN ACT to amend 1877 PA 164, entitled "An act to authorize cities, incorporated villages, and townships to establish and maintain, or contract for the use of, free public libraries and reading rooms; and to prescribe penalties and provide remedies," by amending section 11 (MCL 397.211), as amended by 1988 PA 432.

The People of the State of Michigan enact:

397.211 Library board of city, village, or township; establishment; provisional or permanent; director; vacancy; powers of library board.

Sec. 11. (1) Immediately after a city, a village, or a township has voted to establish a free public library, a library board shall be established by the city, village, or township as prescribed in subsections (3) and (4).

(2) If a city, village, or township has a free public library which has not elected a library board, including a city library and board of directors established under sections 1 to 10, the city, village, or township shall establish a library board as prescribed in subsections (3) and (4).

(3) The legislative body of a city, village, or township described in subsection (1) or (2) shall appoint a provisional library board of 6 directors who shall hold office until the next annual or biennial city or village election, or township election, of a permanent library board.

(4) A permanent library board shall be established for a city, village, or township described in subsection (1) or (2) as follows:

(a) In a city or village holding an annual election, 6 directors shall be elected. The terms of 2 of the directors shall be 1 year; the terms of 2 of the directors shall be 2 years; and the terms of 2 of the directors shall be 3 years. Each year thereafter, 2 directors shall be elected for 3-year terms.

(b) In a city or village that holds biennial elections, 6 directors shall be elected. The terms of 2 of the directors shall be 2 years; the terms of 2 of the directors shall be 4 years; and the terms of 2 of the directors shall be 6 years. Biennially thereafter, 2 directors shall be elected for 6-year terms.

(c) In a township holding elections for township officers every 4 years, 6 directors shall be elected for 4-year terms at the primary and general elections in 1984. A term of office shall not be shortened by this subdivision. A director scheduled by this section before March 31, 1981, to be elected at a time other than 1984 shall not be elected on the date scheduled, but shall continue in office until a successor takes office pursuant to the election of 1984.

(d) The directors shall be nominated and elected on nonpartisan ballots. A candidate for city, village, or township library director shall file nonpartisan nominating petitions bearing the signatures of a number of registered and qualified electors of that city, village, or township as follows:

(*i*) For a city, village, or township having a population of 9,999 or less, not less than 6 or more than 20 signatures.

(*ii*) For a city, village, or township having a population of 10,000 or more, not less than 40 or more than 100 signatures.

(e) In lieu of the nominating petitions prescribed in subdivision (d), an individual may file with the clerk conducting an election a $100.00 nonrefundable fee to have his or her name placed on the ballot.

(f) The Michigan election law, 1954 PA 116, MCL 168.1 to 168.992, shall govern the circulation and filing of nonpartisan nominating petitions and the conduct of nonpartisan elections under this section.

(5) A director shall hold office until a successor is elected and qualified.

(6) A library board shall fill a vacancy in a directorship by appointment of a person to hold office until the next election.

(7) A provisional or permanent library board has the powers prescribed in section 5.

Effective date.

Enacting section 1. This amendatory act takes effect January 1, 2003.

This act is ordered to take immediate effect.
Approved April 8, 2002.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS FOR FISCAL YEAR 2002-03

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $321,732,319.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $319,732,319.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

Operations	$	315,504,216
At-risk student success program		3,692,103
Renaissance zone tax reimbursement program		536,000
TOTAL	$	319,732,319

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Reporting requirements; use of internet.

Sec. 208. Unless otherwise specified, the department of career development shall use the internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the internet or legislative intranet site. The senate and house appropriations subcommittees and senate and house fiscal agencies shall be notified in writing of the internet or intranet site of any such report. Quarterly, the department of career development shall provide to each member of the senate and house appropriations subcommittees, the senate and house fiscal agencies, and the state budget office both an electronic and paper copy listing of the reports submitted during the most recent 3-month period, along with each report's internet or intranet site, if any.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 should not be used for the purchase of foreign goods or services, or both, if American goods or services, or both, that are competitively priced and of comparable quality are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The principal executive officer of each community college receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each principal executive officer shall strongly encourage firms with which the community college contracts to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

Appropriations; payments; distributions; monthly installments.

Sec. 211. (1) The money appropriated in this act is appropriated for community colleges with fiscal years ending June 30, 2003, and shall be paid out of the state treasury and

distributed by the state treasurer to the respective community colleges in 11 monthly installments on the sixteenth of each month, or the next succeeding business day, beginning with October 16, 2002. Each community college shall accrue its July and August 2003 payments to its institutional fiscal year ending June 30, 2003. However, if a community college fails to submit all verified Michigan community colleges activities classification structure data for school year 2001-2002 to the department of career development by November 1, 2002, the monthly installments shall be withheld from that community college until those data are submitted. The department of career development shall publish the activities classification structure data book for Michigan community colleges on or before March 1, 2003, for use by the legislature during budget development for the fiscal year ending September 30, 2004. The amount from the money appropriated in part 1 that is allocated under section 103 to address the special needs of at-risk students shall be paid in full by the state treasurer by November 1, 2002. The amount distributed to a community college or department shall not exceed the net state allocation authorized by this act.

(2) Except as otherwise provided by law, each of the amounts appropriated shall be used solely for the respective purposes stated in this act. The money appropriated by this act may be used to match the cost of any available programs under the Carl D. Perkins vocational and applied technology education act, Public Law 88-210, 98 Stat. 2435, including local administration.

Audit.

Sec. 212. (1) The auditor general or an independent public accounting firm appointed by the auditor general shall audit data for the fiscal year ending on June 30, 2002, as submitted to the department of career development by 7 randomly selected community colleges. A community college shall maintain and provide those records necessary for the auditor general or certified public accountant appointed by the auditor general to determine the accuracy of the reported data. The audits shall be based upon the definitions and requirements contained in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan department of career development in 2001, and the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education. Before the submission of a final audit report, a community college may appeal the findings of the preliminary report under an appeal process to be established by the auditor general. The auditor general shall submit a report of the findings to the house and senate appropriations committees, the department of career development, and the state budget director before June 1, 2003.

(2) The auditor general or a certified public accountant appointed by the auditor general shall conduct not less than 3 performance audits of community colleges but may conduct more if the auditor general considers it necessary.

(3) Not more than 60 days after an audit report is released by the office of the auditor general, the principal executive officer of the community college that was audited shall submit to the house and senate appropriations committees, the house and senate fiscal agencies, the department of career development, the auditor general, and the state budget director a plan to comply with audit recommendations. The plan shall contain projected dates and resources required, if any, to achieve compliance with the audit recommendations, or a documented explanation of the college's noncompliance with the audit recommendations concerning the matters on which the audited community college and office of the auditor general disagree.

(4) A community college whose audited activities classification structure data is significantly different than the data used to determine state aid under this act shall return any overappropriated money as provided in this subsection. The department of career development shall compare formula computations for the audited colleges using pre- and post-audit data. If the state allocation is 2% or more than the post-audit allocation amount, the college shall return the excess money. The returned money shall be redistributed to all 28 community colleges, prorated on the base appropriations contained in part 1.

Taxonomy review.

Sec. 213. The department of career development shall review the taxonomy of the 7 community colleges selected for the audit under section 212 that is based on the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education.

Class summaries, class lists, registration documents, and student transcripts.

Sec. 214. (1) A community college shall retain certified class summaries, class lists, registration documents, and student transcripts that are consistent with the taxonomy of courses. For each enrollment period during the fiscal year, these certified documents shall identify clearly by course the number of in-district and out-of-district student credit and contact hours. The class summaries and class lists shall be consistent with each other and shall include the course prefix and numbers, course title, course credit and contact hours, credit and contact hours generated by each student, and activity classifications consistent with the taxonomy. An auditable process shall be used by the community college to determine the unduplicated head count for in-district students, out-of-district students, and prisoners for each enrollment period during the fiscal year.

(2) Contracts between the community college and agencies that reimburse the community college for the costs of instruction shall be retained for audit purposes.

Annual audit.

Sec. 215. Each community college shall have an annual audit of all income and expenditures performed by an independent auditor and shall furnish the independent auditor's management letter and an annual audited accounting of all general and current funds income and expenditures including audits of college foundations to the legislature, the senate and house fiscal agencies, the auditor general, the department of career development, and the state budget director before November 15, 2002. If a community college fails to furnish the audit materials, the monthly state aid installments shall be withheld from that college until the information is submitted. All reporting shall conform to the requirements set forth in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan department of career development in 2001.

Payment to public school employees' retirement system.

Sec. 216. (1) A community college shall pay the employer's contributions to the Michigan public school employees' retirement system created by the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, as a condition of receiving money appropriated under this act. If amendments to the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, that require prefunding of the health benefits portion of the Michigan public school employees' retirement system are enacted and take effect, those amendments apply to community colleges.

(2) A community college shall not pay an employer's contribution to more than 1 retirement fund providing benefits for an employee.

Building construction; authorization.

Sec. 217. An appropriation contained in this act shall not be used for the construction of buildings for, or operations of, a community college not expressly authorized in part 1. Money appropriated in part 1 shall not be used to pay for the construction or maintenance of a self-liquidating project.

Michigan community colleges enrollment profile; statistical report for minorities and women employees.

Sec. 218. The department of career development shall ensure that a statistical report for minorities and women employees for the most recent school year, as submitted to the federal government, be included in the Michigan Community Colleges Enrollment Profile published by the department of career development. Also included in this profile shall be a statistical report for the most recent school year that includes enrollment statistics for minorities and women from the current year as submitted to the department of career development. The department of career development shall distribute a copy of this report to the state budget director and to members of the house and senate appropriations subcommittees on community colleges and the house and senate fiscal agencies no later than March 1, 2003.

Tax revenue losses resulting from TIFA and tax abatements; report.

Sec. 219. The department of treasury shall annually collect and compile data on the tax revenue losses to community colleges resulting from tax increment financing authorities (TIFA) and tax abatements. The department of treasury shall produce a report detailing the data. The report shall be completed and presented to the house and senate appropriations subcommittees on community colleges, the department of career development, and the department of management and budget not later than February 15, 2003. The report shall include, but is not limited to, the following:

(a) Estimated revenue losses for each community college for the calendar year 2002.

(b) Confirmed revenue losses for each community college for the calendar years 2000 and 2001.

(c) Other requirements requested by the house and senate appropriations subcommittees on community colleges.

Special maintenance projects.

Sec. 220. It is the intent of the legislature that the legislature, in cooperation with the Michigan community college association, develop proposals and financing alternatives for special maintenance projects at community colleges that otherwise would not qualify for financing under the state building authority.

North American Indian students enrollment; Indian tuition waivers; report.

Sec. 221. (1) Each community college shall report the following to the department of career development, no later than November 1, 2002:

(a) The number of North American Indian students enrolled each term for the previous fiscal year, using guidelines and procedures developed by the department of career development and the Michigan commission on Indian affairs.

(b) The number of Indian tuition waivers granted each term, and the monetary value of the waivers for the previous fiscal year.

(2) Colleges shall use the criteria cited in 1976 PA 174, MCL 390.1251 to 390.1253, to determine eligibility for tuition waivers, and shall grant those waivers to individuals who meet the criteria and request tuition waivers.

(3) The department of career development shall compile the information received under subsection (1) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the senate and house fiscal agencies, and the state budget director by January 7, 2003.

Reimbursements under Michigan renaissance zone act.

Sec. 222. From the general fund/general purpose appropriation in part 1 for renaissance zone reimbursement funding, there is allocated $536,000.00 to make reimbursement to community colleges, as provided by section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for property taxes levied in 2002. Reimbursements shall be made in amounts to each eligible recipient no later than 60 days after the department of treasury certifies to the state budget director that it has received all necessary information to properly determine the amounts due each eligible recipient under section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692. Excess allocations lapse to the general fund.

Academic status of students; report to Michigan high schools.

Sec. 223. (1) Upon request, a community college shall inform interested Michigan high schools of the aggregate academic status of its students for the fiscal year beginning October 1, 2002, in a manner prescribed by the Michigan community college association and in cooperation with the Michigan association of secondary school principals.

(2) Each community college shall report by December 1, 2002, to the department of career development, a summary of the information provided under subsection (1) for the prior academic year.

(3) The department of career development shall compile the information received under subsection (2) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the state budget director by February 1, 2002.

Collaboration and cooperation with 4-year universities; report on steps taken.

Sec. 224. (1) Recognizing the critical importance of education in strengthening Michigan's workforce, the legislature encourages the state's public community colleges to explore ways of increasing collaboration and cooperation with 4-year universities, particularly in the areas related to training, instruction, and program articulation.

(2) Community colleges shall report by December 1, 2002 to the department of career development on steps they have taken to increase collaboration and cooperation with 4-year universities under subsection (1).

(3) The department of career development shall compile the information received under subsection (2) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges and the senate and house fiscal agencies by January 7, 2003.

Access to community college services.

Sec. 225. The legislature intends that all citizens of this state have geographic and programmatic access to quality comprehensive community college services. The legislature and the Michigan community college association shall continue to review and analyze the

recommendations made by the co-terminus task force to assure geographic and programmatic access to quality and comprehensive community college services. The legislature recognizes that as of January 1, 2002, there were also public universities that provide quality comprehensive community college services for citizens of this state who are not served by a community college district.

Modification in tuition or student fees; report.

Sec. 226. Each community college shall report to the house and senate fiscal agencies, the state budget director, and the department of career development a modification in credit or contact hour tuition or mandatory non-course-related student fees not later than 30 days after the modification is established by the college governing board.

Associate degrees and certificates; report on numbers and types; compilation.

Sec. 227. (1) Each community college shall report to the department of career development the numbers and type of associate degrees and other certificates awarded during the previous fiscal year. The report shall be made not later than November 15, 2002.

(2) The department of career development shall compile the information received under subsection (1) and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the senate and house fiscal agencies, and the state budget director by January 7, 2003.

Gast-Mathieu fairness in funding formula.

Sec. 228. The legislature intends to achieve full funding of the Gast-Mathieu fairness in funding formula.

Reporting requirements under crime awareness and campus security act of 1990; compilation.

Sec. 229. (1) A community college receiving funding under this act and also subject to the student right-to-know and campus security act, Public Law 101-542, 104 Stat. 2381, shall make a copy of all material prepared in accordance with the public information reporting requirements under the crime awareness and campus security act of 1990, title II of the student right-to-know and campus security act, Public Law 101-542, 104 Stat. 2384, available in hard copy and electronic format accessible through the internet for school districts, parents, and students.

(2) The department of career development shall compile and make information received under subsection (1) available in written and electronic format accessible through the internet for school districts, parents, and students.

Health care coverage for abortion services; prohibition; repayment.

Sec. 230. (1) A community college shall not expend money appropriated under this act to provide health care coverage for community college employees or their dependents for abortion services, other than for spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed. A community college shall not approve a collective bargaining agreement or enter into any other employment contract that includes health care coverage for abortion services other than spontaneous abortion or to prevent the death of the woman upon whom the abortion is performed.

(2) If a community college expends money appropriated under this act in violation of subsection (1), the community college shall repay to this state an amount equal to the amount of money spent in violation of subsection (1).

Employee benefits to unmarried partners; prohibition.

Sec. 231. In light of sections 1, 3, and 4 of 1846 RS 83, MCL 551.1, 551.3, and 551.4, and section 1 of 1939 PA 168, MCL 551.271, the legislature intends that a community college receiving funding under this act shall not use part 1 money to extend employee benefits to the unmarried partners of the community college's employees except for pre- and post-natal costs.

Payment for preventative contraceptives.

Sec. 233. Community colleges that include prescription drugs and medications as a covered health benefit for adults are encouraged to ensure that payment for preventative contraceptives are included in the insurance plan.

Equal opportunity and diversity activities.

Sec. 234. The legislature intends that each community college do all of the following:

(a) Undertake active measures to promote equal opportunities, eliminate discrimination, and foster a diverse student body and administration among all people including, but not limited to, women, minorities, seniors, veterans, and people with disabilities.

(b) Review, analyze, and eradicate activities that may tend to discriminate.

College credits earned by students through postsecondary enrollment options act; workgroup.

Sec. 235. It is the intent of the legislature that a workgroup be formed to evaluate, discuss, and make recommendations for future action regarding state university admission and enrollment policies that specifically address the acceptance and application of college credits earned by students through the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524. The workgroup shall be bipartisan and shall include the chairs of the house and senate appropriations subcommittees on higher education, community colleges, and school aid.

STATE AID - OPERATIONS

Reporting data and documenting financial needs; requirements.

Sec. 301. Unless otherwise stated, all data items used in determining state aid in this act are as defined in the Manual for Uniform Financial Reporting, Michigan Public Community Colleges, published by the Michigan department of career development in 2001, which shall be the basis for reporting data, and the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education, which shall be used to document financial needs of the community colleges, as amended by the department of career development.

Student incarcerated in penal institution; exclusion from enrollment data.

Sec. 302. A community college shall not include in the enrollment data reported for determining state aid under this act any student credit hours or student contact hours for a student incarcerated in a Michigan penal institution. Exclusion of these students is intended to avoid the payment of state aid under this act for the same individuals for whom reimbursement is provided by the state correctional system.

GRANTS

At-risk student success program.

Sec. 401. (1) The community college at-risk student success program is continued. The funding shall be prorated among community colleges based on the number of student contact hours for developmental and preparatory instruction reported by each community college to the department of career development for use in the Activities Classification Structure Manual for Michigan Community Colleges, 1996 revision of the final report of the activities classification structure task force (July 1981), published by the department of education. Of the amount appropriated in part 1 for the at-risk student success program, $1,120,000.00 is allocated for base grants of $40,000.00 each, to address the special needs of at-risk students at community colleges or the acquisition or upgrade of technology related equipment and software.

(2) Of the amount appropriated in part 1 for the at-risk student success program, the balance of the appropriated money shall be distributed on a proration utilizing the sum of the most recent 3 years developmental/preparatory contact hours divided by the sum of the 3-year total contact hours at each college. Each community college's percentage shall be divided by the sum of all the percentages systemwide to obtain each community college's prorated grant amount.

(3) For the fiscal year ending September 30, 2003, the at-risk student success program money is allocated as follows:

Alpena Community College	$	85,654
Bay de Noc Community College		93,194
Delta College		109,215
Glen Oaks Community College		138,528
Gogebic Community College		78,171

Southwestern Michigan College		180,889
Washtenaw Community College		170,388
Wayne County Community College		142,398
West Shore Community College		130,693

(4) As used in this act, "at-risk students" means students who meet 1 or more of the following criteria:

(a) Are initially placed in 1 or more developmental courses as a result of standardized testing or as a result of failure to make satisfactory academic progress.

(b) Are diagnosed as learning disabled.

(c) Require English as a second language (ESL) assistance.

(5) Grant funding under this section shall be utilized to address the special needs of at-risk students or for equipment or upgrade of information technology hardware or software. Activities related to services provided to at-risk students include, but are not limited to, pretesting for academic ability, counseling contacts, and special programs. Equipment or information technology hardware or software purchased under this section need not be associated with the operation of a program designed to address the needs of at-risk students.

(6) Grant funding under this section shall not be used for indirect costs including, but not limited to, rent, utilities, or, except as provided in this section, college administration.

(7) Each community college shall report to the department of career development a summary of all accomplishments under, expenditures for, and compliance with the intent of this program, including the number of at-risk students served. The report is subject to audit as provided for in section 212(1). The report shall be submitted not later than 90 days after the end of the state's fiscal year. The department of career development shall compile the information received under this subsection and shall submit this compilation to the house and senate appropriations subcommittees on community colleges, the senate and house fiscal agencies, and the state budget director by 120 days after the end of the state's fiscal year.

(8) Each community college receiving grant money under this section shall, not more than 12 months after receipt of that money, certify to the state treasurer, the state budget director, the house and senate fiscal agencies, and the auditor general whether all the grant money is expended or encumbered.

Increased appropriations to 4-year universities; similar action for community college.

Sec. 402. The legislature intends that any executive or legislative proposal or action, subsequent to the adoption of a recommendation for appropriations for community colleges for the fiscal year ending September 30, 2003, to increase appropriations to state-supported 4-year universities in excess of the governor's original recommendation for the fiscal year ending September 30, 2003, will be accompanied by a similar action or proposal for state-supported community colleges.

Economic development job training grant; award.

Sec. 403. The legislature intends that not less than 70% of the economic development job training grant money be awarded to community colleges or a consortium of community colleges and other eligible applicants as provided in the budget that appropriated the economic development job training grant money. Further, the legislature intends that at least a portion of the total appropriation for economic development job training grants be awarded to community colleges that offer certified programs that are bureau of apprenticeship training certified. The Michigan economic development corporation shall report by November 1 of each year to the house and senate appropriations subcommittees on community colleges and the senate and house fiscal agencies the names of the community colleges awarded grant money under this section, the amount of the grants awarded, and the percentage awarded to bureau of apprenticeship training certified programs.

PASS award.

Sec. 404. (1) The Michigan postsecondary access student scholarship (PASS) program is established to provide a PASS award as calculated under this section for a student who is eligible under subsection (2), (3), or (4). The Michigan higher education assistance authority (MHEAA) shall administer the PASS program, for which there is $2,000,000.00 appropriated in part 1, and the PASS program shall comply with the requirements of this section.

(2) A student is eligible for a PASS award for the equivalent of 2 years of full-time college enrollment if the student meets all of the following:

(a) The student must be a Michigan resident enrolled in a program leading to an associate degree that was in existence as of January 1, 2000, at a Michigan public community college, Michigan public university, or Michigan independent nonprofit, degree-granting college or university.

(b) The student must be enrolled at least half-time.

(c) The student must have scored at level 1 or level 2 on the high school Michigan education assessment program (MEAP) tests in reading, writing, mathematics, and science.

(d) The student must be eligible for a federal Pell grant.

(e) Other requirements established by the MHEAA.

(3) A student who meets all the requirements of subsection (2), other than subsection (2)(c), but has taken the high school MEAP tests in reading, writing, mathematics, and science while in high school shall receive a PASS award for 1 year of college enrollment. If the student maintains satisfactory academic progress in that first year of college enrollment, the student shall receive a PASS award for a second year of college enrollment.

(4) A student who meets all the requirements of subsection (2), other than subsection (2)(c), shall receive a maximum $500.00 PASS award, not to exceed tuition and fees, for the second year of college enrollment. A student may qualify under this section whether or not the student took any of the high school MEAP tests.

(5) PASS award eligibility is limited to 2 semesters or 3 terms in any academic year.

(6) A PASS award for a student eligible under subsection (2), (3), or (4) shall be calculated by the MHEAA as the amount remaining after subtracting from the value of the student's allowable tuition and fees, as prescribed in subsection (8), all of the following state and federal financial educational assistance for which that student is eligible:

(a) Michigan competitive scholarship.

(b) Michigan tuition grant.

(c) Pell grant.

(d) Federal hope scholarship tax credit.

(7) Each higher education institution shall prepare and utilize a tax credit table, or shall notify the MHEAA that the institution chooses to have the MHEAA utilize the department of treasury's tax credit table, to impute an amount under subsection (6) for the federal hope scholarship tax credit.

(8) The value of a student's allowable tuition and fees is as follows:

(a) For a student enrolled at a Michigan community college, the value of allowable tuition and fees is the in-district tuition and fees. For a student who does not reside within a community college district, the value of allowable tuition and fees is the out-of-district tuition and fees for the community college that the student is attending.

(b) For a student enrolled at a Michigan public university, the value of allowable tuition and fees is 125% of the highest in-district tuition and fees for community colleges for the immediately preceding academic year as reported before August 1 after that academic year.

(c) For a student enrolled at a Michigan independent, nonprofit, degree-granting college or university, the value of allowable tuition and fees is 125% of the highest in-district tuition and fees for community colleges for the immediately preceding academic year as reported before August 1 after that academic year.

(9) The MHEAA shall remit an eligible student's PASS award to a higher education institution in accordance with procedures established by the MHEAA.

(10) The PASS award may be utilized by the student to pay costs of attendance as determined by the MHEAA.

(11) The PASS program shall not be applied for a student's theology or divinity courses.

(12) The MHEAA shall develop an application and eligibility determination process that ensures that all of the requirements prescribed by this section are met.

(13) Students who are expected to receive a tuition incentive program scholarship are not eligible for the PASS program.

(14) The MHEAA shall submit to the senate and house appropriations subcommittees on community colleges, the house and senate fiscal agencies, and the department of management and budget by March 1, 2003, a comprehensive report on the PASS program from December 31, 2001 to February 1, 2003, including, but not limited to:

(a) Number of PASS program recipients by college.

(b) Average PASS award per student, including minimum and maximum, by college.

(c) Total PASS program expenditures.

(d) Other applicable PASS program information, including, but not limited to, the estimated PASS program and the cost impact of removing age restrictions and of raising the income eligibility amount.

(15) The department of treasury shall advertise the PASS program on the Michigan higher education assistance authority website.

PART 2A

PROVISIONS CONCERNING APPROPRIATIONS FOR FISCAL YEAR 2001-02

GENERAL SECTIONS

Total state spending for fiscal year 2001-02; payments to local units of government.

Sec. 2201. (1) Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources for fiscal year 2001-02 is estimated at $400.00 in part 1A of this appropriation act and state spending from state sources paid to local units of government for fiscal year 2001-02 is estimated at $0.

(2) If it appears to the principal executive officer of a department or branch that state spending to local units of government will be less than the amount that was projected to be expended under subsection (1), the principal executive officer shall immediately give notice of the approximate shortfall to the state budget director.

Capital outlay projects; competitive bids.

Sec. 2202. It is the intent of the legislature that capital outlay projects for which any state funds are used be competitively bid. As used in this section, "capital outlay projects" means capital outlay as defined in section 113 of the management and budget act, 1984 PA 431, MCL 18.1113.

This act is ordered to take immediate effect.
Approved April 8, 2002.
Filed with Secretary of State April 8, 2002.

(SB 397)

AN ACT to designate an official fossil of this state.

The People of the State of Michigan enact:

2.401 Official state fossil.

Sec. 1. The mastodon (Mammut americanum) is designated as the official fossil of this state.

This act is ordered to take immediate effect.
Approved April 8, 2002.
Filed with Secretary of State April 8, 2002.

[No. 163]

(HB 5335)

AN ACT to amend 1954 PA 116, entitled "An act to reorganize, consolidate, and add to the election laws; to provide for election officials and prescribe their powers and duties; to prescribe the powers and duties of certain state departments, state agencies, and state and local officials and employees; to provide for the nomination and election of candidates for public office; to provide for the resignation, removal, and recall of certain public officers; to provide for the filling of vacancies in public office; to provide for and regulate primaries and elections; to provide for the purity of elections; to guard against the abuse of the elective franchise; to define violations of this act; to provide appropriations; to prescribe penalties and provide remedies; and to repeal certain acts and all other acts inconsistent with this act," by amending sections 2, 558, 561, 590f, 691, 696, and 971 (MCL 168.2, 168.558, 168.561, 168.590f, 168.691, 168.696, and 168.971), section 2 as amended by 1999 PA 216, section 558 as amended by 1999 PA 217, section 590f as added by 1988 PA 116, and section 971 as amended by 2002 PA 91, and by adding section 560b; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

168.2 Definitions.

Sec. 2. As used in this act:

(a) "Business day" or "secular day" means a day that is not a Saturday, Sunday, or legal holiday.

(b) "Election" means an election or primary election at which the electors of this state or of a subdivision of this state choose or nominate by ballot an individual for public office or decide a ballot question lawfully submitted to them.

(c) "Name that was formally changed" means a name changed by a proceeding under chapter XI of the probate code of 1939, 1939 PA 288, MCL 711.1 to 711.3, or former 1915 PA 314, or through a similar, statutorily sanctioned procedure under the law of another state or country.

168.558 Filing nominating petition, filing fee, or affidavit of candidacy; affidavit of identity; noncompliance; selection of office to which candidacy restricted; failure to make selection.

Sec. 558. (1) When filing a nominating petition, qualifying petition, filing fee, or affidavit of candidacy for a federal, county, state, city, township, village, or school district office in any election, a candidate shall file with the officer with whom the petitions, fee, or affidavit is filed 2 copies of an affidavit of identity. A candidate nominated for a federal, state, county, city, township, or village office at a political party convention or caucus shall file an affidavit of identity within 1 business day after being nominated with the secretary of state. The affidavit of identity filing requirement does not apply to a candidate nominated for the office of president of the United States or vice president of the United States.

(2) An affidavit of identity shall contain the candidate's name, address, and ward and precinct where registered, if qualified to vote at that election; a statement that the candidate is a citizen of the United States; the candidate's number of years of residence in the state and county; other information that may be required to satisfy the officer as to the identity of the candidate; the manner in which the candidate wishes to have his or her name appear on the ballot; and a statement that the candidate either is or is not using a name, whether a given name, a surname, or otherwise, that is not a name that he or she was given at birth. If a candidate is using a name that is not a name that he or she was given at birth, the candidate shall include on the affidavit of identity the candidate's full former name.

(3) The requirement to indicate a name change on the affidavit of identity does not apply if the name in question is 1 of the following:

(a) A name that was formally changed at least 10 years before filing as a candidate.

(b) A name that was changed in a certificate of naturalization issued by a federal district court at the time the individual became a naturalized citizen at least 10 years before filing as a candidate.

(c) A name that was changed because of marriage.

(d) A name that was changed because of divorce, but only if to a legal name by which the individual was previously known.

(4) An affidavit of identity shall include a statement that as of the date of the affidavit, all statements, reports, late filing fees, and fines required of the candidate or any candidate committee organized to support the candidate's election under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, have been filed or paid; and a statement that the candidate acknowledges that making a false statement in the affidavit is perjury, punishable by a fine up to $1,000.00 or imprisonment for up to 5 years, or both. If a candidate files the affidavit of identity with an officer other than the county clerk or secretary of state, the officer shall immediately forward to the county clerk 1 copy of the affidavit of identity by first-class mail. The county clerk shall immediately forward 1 copy of the affidavit of identity for state and federal candidates to the secretary of state by first-class mail. An officer shall not certify to the board of election commissioners the name of a candidate who fails to comply with this section.

(5) If petitions or filing fees are filed by or in behalf of a candidate for more than 1 office, either federal, state, county, city, village, township, or school district, the terms of which run concurrently or overlap, the candidate so filing, or in behalf of whom petitions or fees were so filed, shall select the 1 office to which his or her candidacy is restricted within 3 days after the last day for the filing of petitions or filing fees unless the petitions or filing fees are filed for 2 offices that are combined or for offices that are not incompatible. Failure to make the selection disqualifies a candidate with respect to each office for which petitions or fees were so filed and the name of the candidate shall not be printed upon the ballot for those offices. A vote cast for that candidate at the ensuing primary or general election shall not be counted and is void.

168.560b Name appearing on ballot; change; appearance of given and middle name; nickname; married name; violation.

Sec. 560b. (1) A candidate required to indicate a name change on the affidavit of identity under section 558 shall be listed on the ballot with his or her current name and former name as prescribed by the secretary of state.

(2) Subject to subsections (3) and (4), both a candidate's given name and surname that he or she was given at birth, and only those names, shall appear on the ballot, except under 1 of the following circumstances:

(a) The name in question, whether a given name, a surname, or otherwise, is a name that was formally changed.

(b) The candidate is subject to subsection (1).

(c) The name in question, whether a given name, a surname, or otherwise, is 1 of the following:

(*i*) A name that was changed in a certificate of naturalization issued by a federal district court at the time the individual became a naturalized citizen at least 10 years before filing as a candidate.

(*ii*) A name that was changed because of marriage.

(*iii*) A name that was changed because of divorce, but only if to a legal name by which the individual was previously known.

(3) A candidate may specify that both his or her given name and middle name, or only a middle name, shall appear on the ballot. A candidate may specify that either an initial or a recognized diminutive for the candidate's given or middle name, or for both, shall appear on the ballot.

(4) A candidate is prohibited from specifying that a nickname that is not a recognized diminutive of the candidate's given name or middle name appear on the ballot. A married individual is prohibited from specifying that his or her spouse's given name, or an alternative for that given name otherwise permitted under subsection (3), appear on the ballot.

(5) A ballot that would violate this section shall not be produced, printed, or distributed.

168.561 Official primary election ballots; offices for which name of candidate to be included; filing request for clarifying designation of same or similar surnames; notice of determination; appeal; printing occupation, date of birth, or residence of candidate; incumbency designation; guidelines.

Sec. 561. (1) The ballots prepared by the board of election commissioners in each county for use by the electors of a political party at a primary election shall include the

name of each candidate of the political party for the office of governor, United States senator, and district offices; for the county, the name of each candidate of the political party for county offices; and for each township, the name of each candidate of the political party for township offices.

(2) If, in a district that is a county or entirely within 1 county, 2 or more candidates, including candidates for nonpartisan offices, for the same office have the same or similar surnames, a candidate may file a written request with the board of county election commissioners for a clarifying designation. The request shall be filed not later than 3 days after the last date for filing nominating petitions. Not later than 3 days after the filing of the request, the board of county election commissioners shall determine whether a similarity exists and whether a clarifying designation should be granted. In a district located in more than 1 county, the board of state canvassers shall make a determination whether to grant a clarifying designation upon the written request of a candidate who files nominating petitions with the secretary of state. The request shall be filed with the state board of canvassers not later than 5 days after the last date for filing nominating petitions. The board of state canvassers shall make its determination at the same time it makes a declaration of the sufficiency or insufficiency of nominating petitions in compliance with section 552.

(3) In each instance, the determining board shall immediately notify each candidate for the same office as the requester that a request for a clarifying designation has been made and of the date, time, and place of the hearing. The requester and each candidate for the same office shall be notified of the board's determination by first-class mail sent within 24 hours after the final date for the determination. A candidate who is dissatisfied with the determination of the board of county election commissioners may file an appeal in the circuit court of the county where the board is located. A candidate who is dissatisfied with the determination of the board of state canvassers may file an appeal in the Ingham county circuit court. The appeal shall be filed within 14 days after the final date for determination by the board. The court shall hear the matter de novo. Except as provided in subsection (4), in the case of the same surname or of a final determination by the board or by the court before the latest date that the board can arrange the ballot printing of the existence of similarity, the board shall print the occupation, date of birth, or residence of each of the candidates on the ballot or ballot labels under their respective names. The term "occupation" includes a currently held political office, even though it is not the candidate's principal occupation, but does not include reference to a previous position or occupation.

(4) If there are 2 candidates with the same or similar surnames and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, no other designation shall be provided for the other candidate with the same or similar surname. If there are more than 2 candidates with the same or similar surname and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, a clarifying designation may be given to the other candidates with the same or similar surname. Except for an incumbency designation under section 24 of article VI of the state constitution of 1963, if 2 or more candidates with the same or similar surnames are related, the board shall only print the residence or date of birth of each of the candidates as a clarifying designation. As used in this subsection, "related" means that the candidates with the same or similar surnames are related within the third degree of consanguinity.

(5) The board of state canvassers shall issue guidelines to ensure fairness and uniformity in the granting of designations and may issue guidelines relating to what constitutes the

same or similar surnames. The board of state canvassers and the boards of county election commissioners shall follow the guidelines.

168.590f Applicability of certain provisions; canvass; hearing; certification.

Sec. 590f. (1) Except as provided in subsections (2) and (3), sections 544c, 545, 552, 553, 555, 556, and 558 are applicable to a qualifying petition, a person filing a qualifying petition, and an officer receiving a qualifying petition.

(2) The board of state canvassers shall canvass a qualifying petition filed with the secretary of state and shall make an official declaration of the sufficiency or insufficiency of the qualifying petition at least 60 days before the election. A hearing under this subsection by the board of state canvassers shall be held as provided in section 552.

(3) A filing officer who receives a qualifying petition from a candidate who has met the requirements of this act shall certify to the proper board or boards of election commissioners the candidate's name, post office address, and office sought. If the election for the office is held at the general election, the filing officer shall make the certification not later than 60 days before the general election.

168.691 Official ballots; names of candidates; identification numeral; compliance.

Sec. 691. (1) Each board of election commissioners shall have printed on the ballot, or on ballot labels or slips to be placed on a voting machine, when used, the names of the candidates certified to that board under this act. A candidate's name shall not be placed or printed in more than 1 column on the ballot for the same office. A board of election commissioners for a county or city may arrange the ballots with an identification numeral placed in the same space with the name of each of the candidates. That identification numeral shall be rotated with the name of the candidate, and when rotated, shall appear in the same space with the same candidate regardless of where the candidate's name appears on the ballot.

(2) The name of a candidate appearing on a ballot shall comply with sections 560b and 561.

168.696 Printing name of candidate for federal, state, district, county, and township offices on 1 ballot; separate column; filing request for clarifying designation of same or similar surnames; notice of determination; appeal; printing occupation, date of birth, or residence of candidate; incumbency designation; guidelines.

Sec. 696. (1) The board of election commissioners in each county shall have the name of each candidate for federal, state, district, county, and township offices at an election printed on 1 ballot, separate from any other ballot. The name of each candidate of each political party shall be placed in a separate column on the ballot under the name and vignette of the party with the name of each candidate opposite the name of the office for which the candidate was certified to have been nominated.

(2) If, in a district that is a county or entirely within 1 county, 2 or more candidates nominated by the same political party or by different political parties for the same office, or nonpartisan candidates for the same office, have the same or similar surnames, a candidate may file a written request with the board of county election commissioners for a clarifying designation. The request shall be filed not later than 3 days after the certification of the relevant candidates. Not later than 3 days after the filing of the request, the board of county election commissioners shall determine whether a similarity exists and whether

a clarifying designation should be granted. In a district located in more than 1 county, the board of state canvassers shall make a determination whether to grant a clarifying designation upon the written request of a candidate who is certified by the secretary of state. The request shall be filed with the state board of canvassers not later than 3 days after the state board of canvassers completes the canvass of the primary election in compliance with section 581 and the certification of nominees in compliance with section 687. The board of state canvassers shall make its determination not later than 3 days after the request is filed.

(3) In each instance, the determining board shall immediately notify each candidate for the same office as the requester that a request for a clarifying designation has been made and of the date, time, and place of the hearing. The requester and each candidate for the same office shall be notified of the board's determination by first-class mail sent within 24 hours after the final date for the determination. A candidate who is dissatisfied with the determination of the board of county election commissioners may file an appeal in the circuit court of the county where the board is located. A candidate who is dissatisfied with the determination of the board of state canvassers may file an appeal in the Ingham county circuit court. The appeal shall be filed within 14 days after the final date for determination by the board. The court shall hear the matter de novo. Except as provided in subsection (4), in the case of the same surname or of a final determination by the board or by the court before the latest date that the board can arrange for the ballot printing of the existence of similarity, the board shall print the occupation, date of birth, or residence of each of the candidates having the same or similar surnames on the ballot or ballot labels or slips to be placed on the voting machine, when used, under their respective names. The request may not be made by a candidate of a political party whose candidate for secretary of state received less than 10% of the total vote cast in the state for all candidates for secretary of state in the most recent November election in which a secretary of state was elected. The term "occupation" includes a currently held political office, even though it is not the candidate's principal occupation, but does not include reference to a previous position or occupation.

(4) If there are 2 candidates with the same or similar surnames and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, no other designation shall be provided for the other candidate with the same or similar surname. If there are more than 2 candidates with the same or similar surname and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, a clarifying designation may be given to the other candidates with the same or similar surname. Except for an incumbency designation under section 24 of article VI of the state constitution of 1963, if 2 or more candidates with the same or similar surnames are related, the board shall only print the residence or date of birth of each of the candidates as a clarifying designation. As used in this subsection, "related" means that the candidates with the same or similar surnames are related within the third degree of consanguinity.

(5) The board of state canvassers shall issue guidelines to ensure fairness and uniformity in the granting of designations and may issue guidelines relating to what constitutes the same or similar surnames. The board of state canvassers and the boards of county election commissioners shall follow the guidelines.

168.971 Special election.

Sec. 971. (1) If the recall was successful, the officer with whom the recall petition was filed shall, within 5 days after receiving the certification, submit to the county election scheduling committee a proposed date for a special election to be held within 60 days for

the filling of the vacancy. If any primary or election is to be held in that electoral district within 4 months after the certification and at a time as will permit preparation for the election by election officials as provided by law, the election to fill the vacancy shall be held concurrently with that primary or election. The same provisions made in section 964 for calling and conducting of the recall election govern in the calling and conducting of the election to fill the vacancy created, except as otherwise provided in this section.

(2) If a petition is filed under section 959, the officer with whom the petition is filed shall not submit a proposed date to the county election scheduling committee, but shall call the special election subject to the same time limitations set out in this section.

(3) If the governor appoints a review team under the local government fiscal responsibility act, 1990 PA 72, MCL 141.1201 to 141.1291, to perform the functions prescribed in that act relative to a city, township, or village and an elected official of the city, township, or village was the subject of a successful recall, the officer with whom the recall petition was filed does not have the authority to propose a date for a special election. If the review team described in this subsection is appointed after the officer submits a proposed special election date or the county election scheduling committee schedules the special election as required by subsection (1), but before the election is held, the officer's or county election scheduling committee's action becomes void when the review team is appointed. Within 5 days after the review team described in this subsection reports its findings to the governor as required by section 14 of the local government fiscal responsibility act, 1990 PA 72, MCL 141.1214, the review team shall submit to the county election scheduling committee a proposed date for the special election. A special election scheduled under this subsection is subject to all of the other provisions of subsection (1). This subsection applies to any special election scheduled but not yet held before the effective date of the amendatory act that added this sentence.

Repeal of § 168.557.

Enacting section 1. Section 557 of the Michigan election law, 1954 PA 116, MCL 168.557, is repealed.

This act is ordered to take immediate effect.

(SB 346)

AN ACT to amend 1961 PA 236, entitled "An act to revise and consolidate the statutes relating to the organization and jurisdiction of the courts of this state; the powers and duties of such courts, and of the judges and other officers thereof; the forms and attributes of civil claims and actions; the time within which civil actions and proceedings may be brought in said courts; pleading, evidence, practice and procedure in civil and criminal actions and proceedings in said courts; to provide remedies and penalties for the violation of certain provisions of this act; to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act; and to repeal acts and parts of acts," by amending section 2922a (MCL 600.2922a), as added by 1998 PA 211.

The People of the State of Michigan enact:

600.2922a Wrongful or negligent act resulting in miscarriage, stillbirth, or physical injury; liability; exceptions; "physician or other licensed health professional" defined.

Sec. 2922a. (1) A person who commits a wrongful or negligent act against a pregnant individual is liable for damages if the act results in a miscarriage or stillbirth by that individual, or physical injury to or the death of the embryo or fetus.

(2) This section does not apply to any of the following:

(a) An act committed by the pregnant individual.

(b) A medical procedure performed by a physician or other licensed health professional within the scope of his or her practice and with the pregnant individual's consent or the consent of an individual who may lawfully provide consent on her behalf or without consent as necessitated by a medical emergency.

(c) The lawful dispensation, administration, or prescription of medication.

(3) This section does not prohibit a civil action under any other applicable law.

(4) As used in this section, "physician or other licensed health professional" means a person licensed under article 15 of the public health code, 1978 PA 368, MCL 333.16101 to 333.18838.

Applicability of act.

[No. 165]

(SB 971)

AN ACT to amend 1893 PA 206, entitled "An act to provide for the assessment of rights and interests, including leasehold interests, in property and the levy and collection of taxes on property, and for the collection of taxes levied; making those taxes a lien on the property taxed, establishing and continuing the lien, providing for the sale or forfeiture and conveyance of property delinquent for taxes, and for the inspection and disposition of lands bid off to the state and not redeemed or purchased; to provide for the establishment of a delinquent tax revolving fund and the borrowing of money by counties and the issuance of notes; to define and limit the jurisdiction of the courts in proceedings in connection with property delinquent for taxes; to limit the time within which actions may be brought; to prescribe certain limitations with respect to rates of taxation; to prescribe certain powers and duties of certain officers, departments, agencies, and political subdivisions of this state; to provide for certain reimbursements of certain expenses incurred by units of local government; to provide penalties for the violation of this act; and to repeal acts and parts of acts," by amending section 87c (MCL 211.87c), as amended by 1999 PA 123; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

211.87c Delinquent tax revolving fund; resolution authorizing issuance of notes; county treasurer as agent; amounts payable from surplus; limitations; pledge of delinquent taxes; segregated fund or account; disposition of note proceeds; requirements as to notes and resolution authorizing issuance; sale and award of notes; full faith and credit; designation as general obligation tax notes; provisions; payment and registration of notes; tax exemption; county under home rule charter; fee entitlement; notes secured under trust or escrow agreement; exemption from revised municipal finance act.

Sec. 87c. (1) A county that has created a fund pursuant to section 87b by resolution of its board of commissioners and without a vote of its electors may borrow money and issue its revolving fund notes to establish or continue, in whole or in part, the delinquent tax revolving fund and to pay the expenses of the borrowing.

(2) If a fund is created and a county determines to borrow pursuant to this section, the county treasurer shall be the agent for the county in connection with all transactions relative to the fund.

(3) If provided by separate resolution of the county board of commissioners for any year in which a county determines to borrow for the purposes provided in this section and subject to subsection (15), there shall be payable from the surplus in the fund an amount equal to 20% of the following amount to the county treasurer for services as agent for the county and the remainder of the following amount to the county treasurer's office for delinquent tax administration expenses:

(a) For any delinquent tax on which the interest rate before sale exceeds 1% per month, 1/27 of the interest collected per month.

(b) For any delinquent tax on which the interest rate before sale is 1% per month or less, 3/64 of the interest collected each month.

(4) The amount payable under subsection (3) to the county treasurer for services as agent for the county shall not exceed 20% of the county treasurer's annual salary, and any excess over this limitation shall be payable to the county treasurer's office for delinquent tax administration expenses. In addition, the total sum payable under subsection (3) shall not exceed 5% of the total budget of the treasurer's office for that year.

(5) In the resolution authorizing the borrowing and issuance of notes, the delinquent taxes from which the borrowing is to be repaid shall be pledged to the payment of the principal and interest of the notes, and the proceeds of the collection of the delinquent taxes pledged and the interest on the proceeds shall be placed in a segregated fund or account and shall not be used for any other purpose until the notes are paid in full, including interest. The segregated fund or account shall be established as a part of the delinquent tax revolving fund and shall be accounted for separately on the books of the county treasurer.

(6) The proceeds of the notes shall be placed in and used as the whole or part of the fund established pursuant to section 87b, after the expenses of borrowing have been deducted.

(7) The notes issued pursuant to this section shall comply with all of the following:

(a) Be in an aggregate principal amount not exceeding the aggregate amount of the delinquent taxes pledged, exclusive of interest.

(b) Bear interest not exceeding 14.5% per annum.

(c) Be in those denominations, and mature on the date not exceeding 6 years after their date of issue, as the board of commissioners by its resolution determines.

(d) May be issued at an original issue discount not to exceed 2% of the face value of the note issued.

(8) The resolution authorizing issuance of the notes may provide that all or part of the notes shall be subject to prepayment and, if subject to prepayment, shall provide the amount of call premium payable, if any, the number of days' notice of prepayment that shall be given, and whether the notice shall be written or published, or both. Otherwise, the notes shall not be subject to prepayment.

(9) The sale and award of notes shall be conducted and made by the treasurer of the county issuing them at a public or private sale. If a public sale is held, the notes shall be advertised for sale once not less than 5 days before sale in a publication printed in the English language and circulated in this state that carries as a part of its regular service notices of the sales of municipal bonds and that has been designated in the resolution as a publication complying with these qualifications. The notice of sale shall be in the form designated by the county treasurer. The notes may be sold subject to the option of the county treasurer and the county treasurer may withhold a part of the issue from delivery if, in his or her opinion, sufficient funds are available before delivery of the notes to make full delivery unnecessary to the purposes of the borrowing.

(10) The notes are full faith and credit obligations of the county issuing them and, subject to section 87d, if the proceeds of the taxes pledged are not sufficient to pay the principal and interest of the notes when due, the county shall impose a general ad valorem tax without limitation as to rate or amount on all taxable property in the county to pay the principal and interest and may reimburse itself from delinquent taxes collected.

(11) If the resolution provides and subject to section 87d, the notes may be designated general obligation tax notes.

(12) Notwithstanding any other provisions of this section and section 87d, all the following apply:

(a) Interest on the notes may be payable at any time provided in the resolution, and may be set, reset, or calculated as provided in the resolution.

(b) Notes issued under this section may have 1 or more of the following attributes:

(*i*) Made the subject of a put or agreement to repurchase by the county treasurer.

(*ii*) Secured by a letter of credit issued by a bank under an agreement entered into by the county treasurer or by any other collateral that the resolution may authorize.

(*iii*) Callable as set forth in the resolution.

(*iv*) Reissued by the county treasurer once reacquired by the county treasurer under any put or repurchase agreement.

(c) The county treasurer may by order do 1 or more of the following:

(*i*) Authorize the issuance of renewal notes.

(*ii*) Refund or refund in advance notes by the issuance of new notes, whether the notes to be refunded have or have not matured.

(*iii*) Issue notes partly to refund notes and partly for any other purposes authorized by this act.

(*iv*) Buy and sell any notes issued under this section.

(d) Renewal, refunding, or advance refunding notes shall comply with all of the following:

(*i*) Shall be sold and the proceeds applied to the purchase redemption or payment of the notes to be renewed or refunded.

(*ii*) Shall not be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(*iii*) May be sold or resold at a public or private sale.

(*iv*) May pledge the delinquent taxes pledged in the issue to be refunded in advance after the original issue is defeased by the advance refunding issue.

(e) Notes may be issued secured by a second lien on delinquent taxes, interest, and county property tax administration fees already the subject of a first lien because of the issuance of a prior note issue.

(f) Any notes issued may be secured in whole or in part under a trust or escrow agreement, which agreement may also govern the issuance of renewal notes, refunding notes, and advance refunding notes. The agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(13) The notes issued under this section and interest on the notes shall be payable in lawful money of the United States of America and shall be exempt from all taxation by this state or a taxing authority in this state.

(14) The notes issued under this section may be made payable at a bank or trust company, or may be made registrable as to principal or as to principal and interest under the terms and conditions specified in the authorizing resolution or by the county treasurer when awarding the notes.

(15) A county treasurer elected or appointed to office after October 1, 1999 is not eligible for the payment under subsection (3) for services as agent for the county unless that county treasurer held office on October 1, 1999 and has not vacated that office after October 1, 1999.

(16) Notwithstanding 1966 PA 293, MCL 45.501 to 45.521, a county operating under a home rule charter shall not be restricted by the provisions of the home rule charter in connection with the powers granted to the county to issue notes by sections 87b and 87d and this section. The treasurer of a county described in this subsection, notwithstanding any charter provisions to the contrary, shall have all of the powers granted to county treasurers by sections 87b and 87d and this section.

(17) Notwithstanding the provisions of 1947 PA 261, MCL 45.451 to 45.457, the provisions of this section shall control the entitlement of the county treasurer to the fee provided for in this section.

(18) If the treasurer authorizes on the order authorizing the notes, any notes issued may be secured in whole or in part under a trust or escrow agreement. That agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(19) Notes issued under this act are exempt from the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

Repeal of §§ 211.87e and 211.87f.

Enacting section 1. Sections 87e and 87f of the general property tax act, 1893 PA 206, MCL 211.87e and 211.87f, are repealed.

This act is ordered to take immediate effect.

AN ACT to amend 1925 PA 177, entitled "An act to protect and promote the public health and welfare, and to provide for the construction, maintenance and operation of

hospitals and sanatoriums for the treatment of tuberculosis; and to make an appropriation therefor," by amending sections 9 and 14 (MCL 332.159 and 332.164).

The People of the State of Michigan enact:

332.159 County sanatoriums; admission of residents and nonresidents; reports; reimbursement by state; payment.

Sec. 9. A sanatorium established under this act shall be maintained and operated for the benefit of the residents of the county or counties establishing and maintaining it. The board of trustees shall make regulations covering the admission and conduct of patients and may exclude any person or persons willfully violating the regulations. Any person afflicted with tuberculosis may be admitted to the sanatorium on a certificate of the health officer of the city, village, township, county, or district in which that person resides. If the facilities of the sanatorium will permit, the board of trustees may in its discretion accept patients afflicted with tuberculosis who are not residents of the county or counties establishing and maintaining the sanatorium, upon the terms and conditions as may be mutually agreed upon. On the first day of each month the board of trustees or the medical superintendent of the sanatorium, whether organized and established under the provisions of this act or any other act or acts permitting counties to erect and maintain sanatoriums for treatment of tuberculosis, shall report to the director of the department of community health the number of patients treated during the preceding month, with detailed information as the director may require. The reports shall show specifically the number of patients treated, with the compensation and aggregate number of weeks of the treatment. The report shall be verified by the medical superintendent or by the president of the board of trustees. If accepted and approved by the director of the department of community health, he or she shall certify to the state treasurer that the sanatorium in question has treated without compensation patients for an aggregate specified number of days. The state treasurer shall pay the county treasurer having the funds of the sanatorium in his or her custody an amount as will constitute compensation for such free patients on the basis of $6.00 per day each. It is the intent of the legislature that the state shall contribute towards the cost of maintaining and treating free patients the sum of $6.00 for each day of the care and treatment. All sums due any county from the state of Michigan under this act shall be a continuing obligation of the state and shall be paid out of any funds that may be appropriated by the legislature for that purpose.

332.164 Contracts with approved sanatorium; report to director of department of community health; reimbursement by state; payment.

Sec. 14. Whenever the board of supervisors of any county contracts with the management or owners of any hospital or sanatorium for the treatment of persons afflicted with tuberculosis and that hospital or sanatorium is approved by the director of the department of community health, as provided in the preceding section, the clerk of that county, or the board of county auditors in counties having such boards, or other legally designated authority, on the first day of each month, shall report to the director of the department of community health the number of patients treated at the sanatorium or hospital during the preceding month on contract with the county, with detailed information as the director may require. The reports shall show specifically the number of patients treated, any compensation paid by the county for the treatment, and the aggregate number of days of the treatment. The report shall be verified by the officer or officers making the report. Upon receipt and approval of the report by the director of the department of community health, he or she shall certify to the state treasurer that the county in question has caused to be treated, without compensation to it, patients for an

aggregate specified number of days based upon the report. The state treasurer shall pay the county treasurer of the county an amount as will constitute compensation for such patients on the basis of $6.00 per day each. It is the intent of the legislature that the state shall contribute towards the cost of maintaining and treating such patients the sum of $6.00 for each day of such care and treatment. If the sum appropriated by the legislature is not sufficient to pay all demands, then the funds appropriated shall be paid pro rata to the counties and cities entitled to the funds, and the contributions shall be made in accordance with rules and regulations promulgated by the director of the department of community health for the purpose of protecting the rights of all affected counties and cities in the fund.

This act is ordered to take immediate effect.

(SB 908)

AN ACT to amend 1947 PA 4, entitled "An act to authorize and provide for the borrowing of $270,000,000.00 to make payments to persons who served in the military, naval, marine or coast guard forces of the United States, including women serving in auxiliary branches thereof, or to their next of kin or estates, and the issuance of certain serial bonds and serial notes for such indebtedness; to create a veterans' military pay fund and a veterans' bond redemption fund; to pledge the full faith and credit of the state; to provide for the payment of principal and interest on such serial obligations; to make appropriations therefor; and to make such serial notes and serial bonds exempt from taxation," by amending section 1 (MCL 35.901).

The People of the State of Michigan enact:

35.901 Veterans' bonds; issuance by state administrative board; interest; denominations; maturity; registration; reconversion; cancellation; execution by state treasurer; public sale; temporary bonds; proceeds to constitute veterans' military pay fund; state purchase.

Sec. 1. The people of Michigan by constitutional amendment having authorized the state to borrow not to exceed $270,000,000.00, pledge its faith and credit and issue its serial notes or serial bonds for the purpose of paying to each person, or if deceased to the surviving husband or wife, child or children, or to the surviving dependent mother, father, person standing in loco parentis, brothers and sisters, in the order named, of any person who served in the military, naval, marine or coast guard forces of the United States, including women serving in auxiliary branches, between September 16, 1940, and June 30, 1946, who served honorably and faithfully during that period, who was a resident of this state at the time of entering the service and for a period of at least 6 months prior to entering the service, and whose service continued for more than 60 days during said period, the sum of $10.00 for each month, or major fraction of a month, of service during that period in any state of the United States, and the District of Columbia, and the sum

of $15.00 for each month, or major fraction of a month, of service during that period outside any state of the United States, and the District of Columbia, but not to exceed a total payment of $500.00 to any 1 person and the payment to the surviving husband or wife, child or children, or to the surviving dependent mother, father, person standing in loco parentis, brothers and sisters, in the order named, of each person who has died or who shall hereafter die from service connected causes incurred between September 16, 1940, and June 30, 1946, a sum equal to the difference between what he or she has received and the sum of $500.00, the state administrative board is hereby authorized and directed, to borrow upon the full faith and credit of this state money in the sum of not to exceed $270,000,000.00, to issue serial bonds or serial notes of the state in a like amount, and to expend from the veterans' military pay fund created in this act a sufficient amount to cover the reasonable cost of the printing and the other expense incident to the issuance of the serial bonds or notes. The bonds shall be known as veterans' bonds and shall bear interest at a rate or rates not exceeding 2 1/2 per centum per annum, payable semi-annually, shall be in the denomination of $1,000.00 each or any multiple of that amount, shall be payable to bearer and shall mature serially in annual installments of not less than $10,800,000.00 each, beginning 1 year from their date and ending not later than 1968. The bonds may at the discretion of the state administrative board be issued at 1 time in 1 series or from time to time in 2 or more separate series with different dates of issuance for each series, and the state administrative board may from time to time determine and by resolution prescribe, the date of issue of each series, the amount of bonds to be included in the series, the maturities of the bonds so included, the maximum rate or rates of interest on the bonds so included not to exceed 2 1/2 per centum per annum, and the place or places of payment of the bonds. The bonds or any part of the bonds may be made callable prior to maturity upon the terms as may be prescribed prior to the issuance of the bonds by resolution of the state administrative board. Upon the terms and conditions as may be prescribed by resolution of the state administrative board, the bonds may be made registerable as to either principal only or as to both principal and interest or may be converted into registered bonds of the denominations as the state administrative board may authorize, which registered bonds may be reconverted into registered bonds of other denominations or reconverted into coupon bonds. All bonds so presented for conversion or reconversion or payment shall be deposited with the state treasurer, who is hereby authorized and directed forthwith to cancel by perforation and preserve the bond.

(2) The bonds shall be executed for and on behalf of the state of Michigan by the state treasurer and the secretary of state or their deputies and the seal of the state shall be affixed to the bonds by the secretary of state. Interest coupons evidencing accrued interest to the respective dates of maturity of the bonds shall bear the facsimile signature of the state treasurer. The state treasurer shall provide a bond register which shall be kept in the office of the state treasurer, in which register shall be recorded the date of each bond, its number, the person or persons to whom originally issued, and the dates of its respective maturity and cancellation.

(3) The bonds authorized in this act to be issued shall be sold by the state administrative board, at not less than par and accrued interest. The sale or sales shall be public sales held from time to time at the discretion of said state administrative board after notice by publication at least 7 days before each sale, in a publication printed in the English language and circulated in the state of Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. The bonds sold at each sale shall be awarded to the bidder whose bid in the opinion of the state administrative board would result in the lowest interest cost to the state. The state administrative board shall have the right to reject any or all bids.

(4) Pending the execution and delivery of the veterans' bonds, there are hereby authorized to be executed and delivered temporary bonds which upon the execution of the veterans' bonds shall be exchangeable for veterans' bonds of like date, tenor, denomination, interest rate and maturity. The temporary bonds shall be printed from type, on steel engraved borders, shall be numbered T1 consecutively upwards, starting with the temporary bonds of earliest maturity, shall be signed and sealed in the same manner as the definitive veterans' bonds, and shall be issued with not more than 2 interest coupons attached to them.

(5) The temporary bonds may be registered in the names of the respective holders on books kept by the state treasurer, as to both principal and interest, but not as to principal alone, the registration being noted by the state treasurer, on any bond so registered, in the registration blank to be printed on the back of the bond, after which no transfer shall be valid unless made on said books at the request of the registered holder of the bond or attorney duly authorized, and similarly noted in the registration blank, but any such temporary bond so registered may be discharged from registration by being transferred to bearer, after which it shall be transferable by delivery, and it may be again registered as before.

(6) In case any temporary bond shall be mutilated, the holder of the bond may obtain a duplicate temporary bond in the same manner and under the same terms as provided for the obtaining of duplicate definitive veterans' bonds.

(7) Except as otherwise specifically provided in this section, all the terms and conditions for the issuance of, and covenants for the security of the holders of, the veterans' bonds, shall apply to such temporary bonds.

(8) The proceeds of the sale of bonds shall be deposited in the state treasury, and shall constitute a fund to be known as "The veterans' military pay fund," hereby created in the state treasury as a special trust fund, and shall be paid out in no other manner or for any other purpose than provided by law: Provided, That if at any time it shall appear to the finance and budget committee of the state administrative board that there is money in the veterans' military pay fund that will not be needed for the payment of veterans' claims under the terms and provisions of the veterans' military pay act, 1947 PA 12, MCL 35.921 to 35.932, the committee may authorize the state treasurer to purchase Michigan veterans' bonds upon the open market and cancel the bonds if the bonds may be purchased at par or below, and may authorize the state treasurer to cancel any Michigan veterans' bonds theretofore purchased and then contained in said veterans' military pay fund, or said committee may transfer such funds to the veterans' bond redemption fund provided for in this act.

This act is ordered to take immediate effect.

AN ACT to amend 1947 PA 12, entitled "An act to provide for payments to persons who served in the armed forces of the United States between September 16, 1940, and June 30, 1946, and to beneficiaries of such persons; to provide for payments to persons entitled to benefits under section 25, article X of the constitution of this state; to prescribe

the powers and duties of the state administrative board and state officers with respect thereto; to provide for acceptance of financial and other assistance from the federal government; to provide for certain administrative expenses; to make certain appropriations; and to prescribe penalties for violations of the provisions of this act," by amending section 8 (MCL 35.928).

The People of the State of Michigan enact:

35.928 Administration of act; expenses; payment; appropriation.

Sec. 8. The expenses of the administration of this act and of 1947 PA 4, MCL 35.901 to 35.906, subsequent to the issuance of the bonds, shall be paid from the veterans' military pay fund in accordance with the accounting laws of the state. For this purpose there is hereby appropriated a sum of not to exceed $1,500,000 from said veterans' military pay fund which shall be released by the state administrative board at such time and in amounts determined and recommended by the budget director, to the adjutant general, and the state treasurer as required to carry out the provisions of this act and 1947 PA 4, MCL 35.901 to 35.906, subsequent to the issuance of the bonds.

AN ACT to amend 1955 PA 8, entitled "An act to provide for payments to persons who served in the armed forces of the United States between June 27, 1950, and December 31, 1953, and to beneficiaries of such persons; to prescribe the power and duties of the state administrative board and state officers with respect thereto; to provide for acceptance of financial and other assistance from the federal government; to create the Korean veterans' military pay fund in the state treasury; to make certain appropriations; and to prescribe penalties for violations of the provisions of this act," by amending sections 7 and 9 (MCL 35.977 and 35.979).

The People of the State of Michigan enact:

35.977 Korean veterans' military pay fund; creation; payment procedure; nonassignability of claims; rejection of claim; notice; appeal.

Sec. 7. (1) Upon submission to the adjutant general of satisfactory proof that the applicant is entitled to payment under this act, the adjutant general shall compute the amount of payment due the applicant, make a record of the payment, and transmit the claim for payment directly to the state treasurer for payment upon the form as the state treasurer shall prescribe. Payment shall be made from the Korean veterans' military pay fund of 1955, which is hereby created as a special fund in the state treasury to consist of all money received from the issuance and sale of bonds pursuant to former section 26 of article 10 of the constitution of 1908, and under section 13 of schedule and temporary provision of the state constitution of 1963, and which money is hereby appropriated for that purpose and for the administration of this act: Provided, That no claim for payment under this act shall be assignable, or subject to garnishment, attachment, or levy of execution.

(2) Whenever the proof as to eligibility for payment submitted by an applicant either with or as a part of his or her initial application, or pursuant to request of the adjutant general thereafter, is not satisfactory to the adjutant general, the adjutant general shall reject the claim.

(3) Upon rejection of a claim the adjutant general shall cause to be mailed to each claimant whose claim has been rejected, a notice of rejection and the notice shall inform the claimant of his or her right to file with the adjutant general a request for appeal to the court of claims of the state of Michigan within 6 months after the mailing of the notice by the adjutant general.

(4) The notice of rejection shall also inform the claimant that a failure to file a request for appeal to the Michigan court of claims within the stipulated time shall render the determination of the adjutant general final without any further right of claimant to appeal from same.

(5) The claimant shall have 6 months from the mailing by the adjutant general of a notice of rejection of the claim in which to appeal to the court of claims from the rejection, and upon failure by the claimant to file with the adjutant general a request for appeal to the court of claims within such 6 months' period the determination by the adjutant general in the claim shall be final.

(6) Upon the filing of a request for appeal to the Michigan court of claims, and in that event only, the adjutant general shall forthwith certify the entire record of the claim to the court of claims and shall furnish to the court any additional information in or which may thereafter come into his or her possession or which may be requested by the court.

(7) Upon receipt of an order by the court of claims that a claimant whose claim has been so certified as in this act provided is entitled to payment and upon said order becoming final the claim shall be paid in the same manner as provided in this act.

(8) In each case in which the court of claims shall enter its order allowing or denying a claim, and upon the order becoming final, the files and records in that case shall be returned by the court of claims to the adjutant general, to be retained by him or her as permanent records.

35.979 Administration of act; expenses; payment; appropriation.

Sec. 9. The expenses of the administration of this act subsequent to the issuance of the bonds authorized in this act, shall be paid from the Korean veterans' military pay fund of 1955, in accordance with the accounting laws of the state. For this purpose there is hereby appropriated a sum of not to exceed $655,000.00 from said Korean veterans' military pay fund of 1955, which shall be released by the state administrative board at the time and in amounts determined and recommended by the director of the department of management and budget, to the adjutant general, and the state treasurer as required to carry out the provisions of this act, subsequent to the issuance of the bonds authorized in this act. Any necessary expense incurred by the adjutant general prior to the effective date of this act in preparation for the prompt payment of veterans' claims in administering the purposes of this act shall be refunded to the military establishment, out of the appropriation hereby made, after an itemized claim shall have been submitted to and approved by the state administrative board.

This act is ordered to take immediate effect.

(SB 911)

AN ACT to amend 1945 PA 72, entitled "An act to prevent the importation from other states, and the spread within this state, of all serious insect pests and contagious plant diseases and to provide for their repression and control, imposing certain powers and duties on the commissioner of agriculture; to prescribe penalties for the violation of the provisions of this act; and to repeal certain acts and parts of acts," by amending section 5 (MCL 286.255).

The People of the State of Michigan enact:

286.255 Authority to enter upon premises; treatment to prevent spread of disease; owners recompensed for loss.

Sec. 5. The director of the department of agriculture and his or her inspectors, deputies, assistants, and employees may enter upon any premises in the state for the purpose of examining trees, shrubs, vines, and plants for the presence of destructive insects or diseases, and, if any such insects or diseases are found, may, under the provisions of this act, take the steps as may be necessary to exterminate them. No damage shall be awarded for the destruction of any trees, shrubs, vines, plants, or fruit or for injury to same if done by the director of the department of agriculture or his or her authorized inspectors and assistants, in accordance with the provisions of this act, and the director considers it necessary in order to suppress dangerous insects and diseases, when the trees, shrubs, vines, and plants have already been attacked by dangerous insects or diseases. Whenever any dangerous plant disease, or destructive insect, which is new to or which has not become widely prevalent or distributed through or within the state is found upon any trees, shrubs, vines, or plants, in case it is considered necessary in order to prevent the spread and the dissemination of said insect, or disease, the director of the department of agriculture may cause any tree, shrub, vine, or plant likely to be attacked by such insect or disease, and which are growing within 3,000 feet of where the dangerous insect or disease has been found, to be treated with approved remedies, or, if this is not feasible, to be destroyed. However, if it becomes necessary to destroy any trees, shrubs, vines, or plants which have not already become attacked by said new and dangerous insect or disease, the owner shall be recompensed for their actual value, the amount to be fixed by 3 parties, 1 to be selected by the owner, another by the director of the department of agriculture, and the third party to be selected by the other 2 so selected. The amount awarded, when approved by the director of the department of agriculture, shall be certified to the state treasurer, who shall draw a warrant on the state treasurer for the payment of the same from the general fund of the state.

This act is ordered to take immediate effect.

AN ACT to amend 1905 PA 311, entitled "An act with respect to the furnishing of bonds by state officers, their deputies, and officers of state institutions; to provide for the

payment of the cost of such bonds, and to prescribe the places of filing the same," by amending sections 1 and 2 (MCL 15.71 and 15.72).

The People of the State of Michigan enact:

15.71 Procurement of bonds by certain state officers; cost.

Sec. 1. Whenever a bond is required by the laws of this state to be given by the secretary of state, state treasurer, director of the department of natural resources, attorney general, or superintendent of public instruction, the deputy or deputies of those officers, any other civil or military officer of this state, or any officer of any state institution, whether elected or appointed, who is charged with the duty of being the custodian of any state or institution funds, money, or property, that state or institution officer may procure the required bond from any surety company authorized by the laws of this state to execute the bond, and the cost of the bond, not exceeding 1/2 of 1% per year, shall be paid out of the treasury of this state.

15.72 Bonds; filing; safekeeping.

Sec. 2. The various bonds referred to in section 1 shall be filed in the office of the secretary of state, any requirement in any other statute of this state to the contrary notwithstanding. However, the bond required to be furnished by the secretary of state, his or her deputy, or any employee connected with that office, required by law to file a bond, shall be filed with the state treasurer. The secretary of state and the state treasurer shall receive and make adequate provision for the safekeeping of the bonds described in this act.

This act is ordered to take immediate effect.

(SB 916)

AN ACT to amend 1943 PA 92, entitled "An act to protect the interest of the public, acquired other than through taxation, in lands under the jurisdiction and control of the state land office board and department of conservation, and to make an appropriation therefor," by amending sections 1, 2, 3, and 4 (MCL 211.371, 211.372, 211.373, and 211.374).

The People of the State of Michigan enact:

211.371 Withholding certain land from sale; notice to state treasurer; "department" defined.

Sec. 1. (1) If the department of natural resources discovers before the execution and delivery of a deed or the execution of a contract for the sale of any land, apparent title to which vested in this state by virtue of a tax sale, that this state, or any board, officer, commission, department, public corporation, governmental subdivision, agency, municipal or quasi-municipal corporation of this state owned any parcel of land or part of a parcel or interest in a parcel prior to the apparent vesting of title to that parcel in this state, the department having jurisdiction over the land shall withhold the land or that part of land publicly owned or in which the public had an interest, from public sale, and notify the state treasurer of the withholding and the reason for the withholding.

(2) As used in this act, "department" means the department of natural resources.

211.372 Withholding certain land from sale; conveyance to grantees; delinquent taxes and special assessments; payment and certification; liens.

Sec. 2. (1) The land or part of the land withheld shall be conveyed by deed by the department to the grantee or grantees, including this state, that would have had title to the land if the apparent title had not vested in this state as a result of tax sale proceedings.

(2) If any taxes or special assessments are lawfully due upon the land because the public interest was acquired after the tax day, after the special assessments had become

a lien, or for any other reason, the taxes and special assessments shall be paid to the county treasurer and to the city treasurer if the land lies within the limits of a city collecting its own delinquent taxes and special assessments and the fact of the payment shall be certified to the department by the state treasurer prior to the execution and delivery of the conveyance. The taxes and special assessments shall be distributed and accounted for in the same manner as if paid at the time of the acquisition of the interest of the public in the land.

(3) Interest and penalties due upon the taxes and special assessments shall not be required to be computed or paid beyond the time when the public acquired an interest in the land.

(4) If the public interest in the land was less than a fee simple absolute prior to the apparent vesting of title in this state, this state or any board, officer, commission, department, public corporation, governmental subdivision, agency, municipal or quasi-municipal corporation of this state paying the valid taxes and special assessments shall have a lien on the land or interest in the land not publicly owned for the portion of the amount paid that is lawfully chargeable to the interest not owned by the public, as described in this section. The lien may be foreclosed in the circuit court for the county in which the land or any part of the land is situated. The lien shall bear interest at the rate of 6% per annum from the date of the payment.

211.373 Withholding certain lands from sale; taxes and special assessments subsequently assessed rejected by state treasurer and reassessed.

Sec. 3. Taxes and special assessments subsequently assessed upon property acquired by the public prior to the tax day shall be rejected by the state treasurer and shall be reassessed in the same manner as if the land or part of the land had not been sold at tax sale. In case a geographical part only of the land was owned by the public prior to the apparent vesting of title in this state as the result of tax sale proceedings, the remaining part of the land shall be disposed of by the department in the usual manner, and a division of the taxes and special assessments shall be made in the same manner as though the taxes had not yet become delinquent.

211.374 Withholding certain lands from sale; payment of valid taxes and special assessments when interest acquired by state; approval.

Sec. 4. (1) Payment of valid taxes and special assessments due on lands in which an interest was acquired by this state, or any board, officer, commission, department, public corporation, governmental subdivision, or agency of this state, except lands under the jurisdiction and control of the state transportation department, shall be made by the state treasurer in the usual manner.

(2) In the case of lands in which an interest was acquired by any governmental subdivision or agency of this state, the functions of which are local and for the support of which real property taxes are required or permitted to be raised locally, the valid taxes and special assessments on the land shall be paid by the governmental subdivision or agency of this state.

(3) In all cases in which payment is required to be made out of the state treasury, payment shall be made only upon the written approval of the state treasurer and the attorney general. The approval shall be filed and kept in the office of the state treasurer.

Payment shall be made by the interested municipal or quasi-municipal corporation or the state transportation department in all other cases.

This act is ordered to take immediate effect.

AN ACT to amend 1897 PA 263, entitled "An act to authorize the auditor general to accept payment of taxes and charges from the owner of any description of land held by the state as state tax lands," by amending section 1 (MCL 211.541).

The People of the State of Michigan enact:

211.541 Land held as state tax land with other land; tax application; affidavit; proportionate payment; deed.

Sec. 1. If any person, firm, or corporation, owning or claiming to own 1 or more government subdivisions of land or 1 or more lots or blocks included within the limits of any township, village, or city plat included in the assessment with other government subdivisions of land or with other lots or blocks upon the tax roll, makes an affidavit, or causes an affidavit to be made by any person having knowledge of the facts, to the state treasurer, setting forth that the person, firm, or corporation owns at the time of making the affidavit the government subdivision of land or the lot, lots, or blocks and that the government subdivision or lot, lots, or blocks have been included upon the assessment roll and have been sold and are held as state tax land with other government subdivisions of land or with other lots or blocks and that the affiant seeks to pay all the taxes assessed against the land, and upon tender by the person, firm, or corporation to the state treasurer, the proportionate amount of taxes, interest, and charges accrued against that description of land as appearing by the tax lists and records at the time the tender or payment and affidavit is made, the state treasurer shall, upon payment, issue to that person, firm, or corporation, a deed of the description or descriptions of land described in the affidavit.

(HB 5415)

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for

the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 1356 (MCL 380.1356), as amended by 1993 PA 312.

The People of the State of Michigan enact:

380.1356 Operating deficit; notes or bonds; determining amount of deficit; resolution; pledge of security; maturity; interest; installments; redemption; valid and binding general obligations; payment; use of proceeds; review and approval of budget.

Sec. 1356. (1) Notwithstanding section 1351, a school district that has an operating or projected operating deficit in excess of $100.00 per membership pupil may borrow and issue its negotiable interest bearing notes or bonds for the purpose of funding the deficit in accordance with this section. This authority is in addition to and not in derogation of any power granted to a school district by any other provision of this act. However, except for the purpose of funding an operating or projected operating deficit resulting from a state tax tribunal order or a court order, a school district shall not initiate the procedures to borrow money or issue notes or bonds under this section after January 1, 1994.

(2) Before a board of a school district issues notes or bonds under this section, the board shall provide by resolution for the submission of the following certified and substantiated information to the department of treasury:

(a) There exists or will exist an operating deficit in the school district in excess of $100.00 per membership pupil.

(b) During or before the fiscal year in which the application is made, the school district has made every available effort to offset the deficit, including submission of a question to the school electors of the district to increase the rate of ad valorem property taxes levied in the school district.

(c) The school district has a plan approved by the school board that outlines actions to be taken to balance future expenditures with anticipated revenues.

(3) The existence of the operating or projected operating deficit and the amount of the operating or projected operating deficit shall be determined by the department of treasury, using normal school accounting practices. If a financial audit is required to arrive at a conclusive determination as to the amount of the deficit, the state treasurer shall charge all necessary expenses for the audit, including per diem and travel expenses, to the school district, and the school district shall make payment to the state treasurer for these expenses. The determination by the department of treasury is final and conclusive as to the existence of an operating or projected operating deficit, the amount of the deficit, and the amount of the deficit per membership pupil.

(4) The notes or bonds may be issued in 1 or more series by resolution adopted by the school board, which resolution in each case shall make reference to the determination of the department of treasury. The amount of a note or bond issued shall not exceed the amount of the operating deficit as shown by the determination.

(5) The school district shall pledge as secondary security for the notes or bonds future state school aid payments, if any, and other funds of the district legally available as security.

(6) The notes or bonds shall mature serially with annual maturities not more than 10 years from their date and shall bear interest, payable annually or semiannually, at a rate or

rates not exceeding a rate determined by the school board in the school district's borrowing resolution. The first principal installment on the notes or bonds shall be due not more than 18 months from the date of the notes or bonds, and a principal installment on the notes shall not be less than 1/3 of the principal amount of a subsequent principal installment. The notes or bonds may be made subject to redemption before maturity with or without premium in a manner and at times provided in the resolution authorizing the issuance of the notes or bonds.

(7) Notes or bonds issued under this section are valid and binding general obligations of the school district, it being the intent and purpose that the notes or bonds and the interest on the notes or bonds be promptly paid when due from the first money available to the district not pledged for other indebtedness and except to the extent that the use is restricted by the state constitution of 1963 or the laws of the United States.

(8) Except as otherwise provided in this section, bonds and notes issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(9) The proceeds of the sale of notes authorized under this section, after payment of the costs of issuance of the notes or bonds and interest on the notes or bonds for a period not to exceed 9 months, shall be used solely for the purpose of paying necessary operating expenses of the school district, including the payment of principal of and interest on notes or bonds of the school district issued for operating purposes under this or any other act.

(10) A board of a school district that borrows pursuant to subsections (1) to (9) shall submit its budget for review and approval to the department of education. The department of education shall take necessary steps, subject to the school district's contracts and statutory obligations, to assure that the expenditures of a school district that receives money under this part shall not exceed revenues on an annual basis and that the school district maintains a balanced budget.

AN ACT to amend 1966 PA 331, entitled "An act to revise and consolidate the laws relating to community colleges; to provide for the creation of community college districts; to provide a charter for such districts; to provide for the government, control and administration of such districts; to provide for the election of a board of trustees; to define the powers and duties of the board of trustees; to provide for the assessment, levy, collection and return of taxes therefor; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 126 (MCL 389.126).

The People of the State of Michigan enact:

389.126 Board of trustees; acquiring lands or erecting or equipping buildings; financing.

Sec. 126. Notwithstanding the provisions of sections 121 and 122, the board of trustees may acquire lands or acquire or erect and equip buildings or maintain them to be used as residence halls, apartments, dining facilities, student centers, health centers, parking facilities, stadiums, athletic fields, gymnasiums, auditoriums, and other educational facilities and finance the acquisition of those by borrowing money and issuing bonds or other obligations under the terms and provisions as it considers best, and the board shall obligate

itself for the repayment of the bonds or other obligations, together with interest, solely out of the income and revenues from the facilities or other facilities acquired or any combination of these facilities or from allocations and pledges of fees and charges required to be paid by students enrolling in the college, or any combination of these. The bonds shall be for a period not to exceed 50 years, and shall never constitute a debt of this state or any political subdivision of this state. The bonds shall be subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

mentation of development plans; to provide for the creation of a board to govern an authority and to prescribe its powers and duties; to permit the issuance of bonds and other evidences of indebtedness by an authority; to permit the use of tax increment financing; to reimburse authorities for certain losses of tax increment revenues; and to prescribe the powers and duties of certain state agencies and officers," by amending section 15 (MCL 125.1815), as amended by 1996 PA 271.

The People of the State of Michigan enact:

125.1815 Tax increment bonds; qualified refunding obligation.

Sec. 15. (1) By resolution of its board, the authority may authorize, issue, and sell its tax increment bonds, subject to the limitations set forth in this section, to finance a development program. The bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The bonds issued under this section shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) The municipality by majority vote of the members of its governing body may pledge its full faith and credit for the payment of the principal of and interest on the authority's tax increment bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 11.

(3) Notwithstanding any other provision of this act, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 12a by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.

This act is ordered to take immediate effect.

AN ACT to amend 1979 PA 94, entitled "An act to make appropriations to aid in the support of the public schools and the intermediate school districts of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to supplement the school aid fund by the levy and collection of certain taxes; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 6, 11, 11f, 11g, 19, 20, 22a, 22b, 24, 26a,

31a, 31d, 32a, 32b, 32c, 32d, 32f, 37, 38, 39, 41, 51a, 51c, 53a, 54, 56, 57, 61a, 62, 67, 68, 74, 81, 94, 94a, 96, 98, 99, 101, 105, 107, 108, and 147 (MCL 388.1606, 388.1611, 388.1611f, 388.1611g, 388.1619, 388.1620, 388.1622a, 388.1622b, 388.1624, 388.1626a, 388.1631a, 388.1631d, 388.1632a, 388.1632b, 388.1632c, 388.1632d, 388.1632f, 388.1637, 388.1638, 388.1639, 388.1641, 388.1651a, 388.1651c, 388.1653a, 388.1654, 388.1656, 388.1657, 388.1661a, 388.1662, 388.1667, 388.1668, 388.1674, 388.1681, 388.1694, 388.1694a, 388.1696, 388.1698, 388.1699, 388.1701, 388.1705, 388.1707, 388.1708, and 388.1747), sections 6, 11, 11f, 11g, 20, 22a, 22b, 24, 26a, 31a, 31d, 32a, 32b, 32c, 32d, 32f, 41, 51a, 51c, 53a, 54, 56, 57, 61a, 62, 67, 68, 74, 81, 94, 94a, 98, 99, 107, and 147 as amended by 2001 PA 121 and sections 19, 37, 38, 39, 101, and 105 as amended and sections 96 and 108 as added by 2000 PA 297, and by adding sections 8b, 8c, 11j, 32i, 39a, 51d, 55, 99a, and 121a; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

388.1606 Additional definitions.

Sec. 6. (1) "Center program" means a program operated by a district or intermediate district for special education pupils from several districts in programs for the autistically impaired, trainable mentally impaired, severely mentally impaired, severely multiply impaired, hearing impaired, physically and otherwise health impaired, and visually impaired. Programs for emotionally impaired pupils housed in buildings that do not serve regular education pupils also qualify. Unless otherwise approved by the department, a center program either shall serve all constituent districts within an intermediate district or shall serve several districts with less than 50% of the pupils residing in the operating district. In addition, special education center program pupils placed part-time in noncenter programs to comply with the least restrictive environment provisions of section 612 of part B of the individuals with disabilities education act, title VI of Public Law 91-230, 20 U.S.C. 1412, may be considered center program pupils for pupil accounting purposes for the time scheduled in either a center program or a noncenter program.

(2) "District pupil retention rate" means the proportion of pupils who have not dropped out of school in the immediately preceding school year and is equal to 1 minus the quotient of the number of pupils unaccounted for in the immediately preceding school year, as determined pursuant to subsection (3), divided by the pupils of the immediately preceding school year.

(3) "District pupil retention report" means a report of the number of pupils, excluding migrant and adult, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into the district, transferred out of the district, transferred to alternative programs, and have graduated, to determine the number of pupils who are unaccounted for. The number of pupils unaccounted for shall be calculated as determined by the department.

(4) "Membership", except as otherwise provided in this act, means for a district, public school academy, university school, or intermediate district the sum of the product of .8 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year, plus the product of .2 times the final audited count from the supplemental count day for the immediately preceding school year. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply

to determining the membership of a district, public school academy, university school, or intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil shall be counted in membership in the pupil's educating district or districts. An individual pupil shall not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the approval of the pupil's district of residence to count the pupil in membership, the pupil shall not be counted in membership in any district.

(c) A special education pupil educated by the intermediate district shall be counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, shall be counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan schools for the deaf and blind shall be counted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a vocational education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil's district of residence.

(g) A pupil enrolled in a university school shall be counted in membership in the university school.

(h) A pupil enrolled in a public school academy shall be counted in membership in the public school academy.

(i) For a new district, university school, or public school academy beginning its operation after December 31, 1994, membership for the first 2 full or partial fiscal years of operation shall be determined as follows:

(*i*) If operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(*ii*) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude

from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) In a district, public school academy, university school, or intermediate district operating an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance on a pupil membership count day, shall be counted.

(*l*) Pupils to be counted in membership shall be not less than 5 years of age on December 1 and less than 20 years of age on September 1 of the school year except a special education pupil who is enrolled and receiving instruction in a special education program approved by the department and not having a high school diploma who is less than 26 years of age as of September 1 of the current school year shall be counted in membership.

(m) An individual who has obtained a high school diploma shall not be counted in membership. An individual who has obtained a general education development (G.E.D.) certificate shall not be counted in membership. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the Michigan strategic fund or the department of career development, or participating in any successor of either of those 2 programs, shall not be counted in membership.

(n) If a pupil counted in membership in a public school academy is also educated by a district or intermediate district as part of a cooperative education program, the pupil shall be counted in membership only in the public school academy, and the instructional time scheduled for the pupil in the district or intermediate district shall be included in the full-time equated membership determination under subdivision (q). However, for pupils receiving instruction in both a public school academy and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(*i*) If the public school academy provides instruction for at least 1/2 of the class hours specified in subdivision (q), the public school academy shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the district or intermediate district providing the remainder of the hours of instruction.

(*ii*) If the public school academy provides instruction for less than 1/2 of the class hours specified in subdivision (q), the district or intermediate district providing the remainder of the hours of instruction shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the public school academy.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program shall not be counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101(3). In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12.

(s) For a district, university school, or public school academy that has pupils enrolled in a grade level that was not offered by the district, university school, or public school academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours specified in subdivision (q) for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(*i*) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home under the supervision of a certificated teacher.

(*ii*) The district provides instructional materials, resources, and supplies, except computers, that are comparable to those otherwise provided in the district's alternative education program.

(*iii*) Course content is comparable to that in the district's alternative education program.

(*iv*) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) A pupil enrolled in an alternative or disciplinary education program described in section 25 shall be counted in membership in the district or public school academy that expelled the pupil.

(w) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked, and if the pupil enrolls in a district within 45 days after the pupil membership count day, the

department shall adjust the district's pupil count for the pupil membership count day to include the pupil in the count.

(x) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .8 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .2 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(y) For districts located in the Lower Peninsula only, if the district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, the district's membership shall be considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(*i*) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(*ii*) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(z) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district in which a former pupil of the public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district receives the same amount of membership aid for the pupil as if the pupil were counted in the district on the supplemental count day of the preceding school year.

(5) "Public school academy" means a public school academy or strict discipline academy operating under the revised school code.

(6) "Pupil" means a person in membership in a public school. A district must have the approval of the pupil's district of residence to count the pupil in membership, except approval by the pupil's district of residence shall not be required for any of the following:

(a) A nonpublic part-time pupil enrolled in grades 1 to 12 in accordance with section 166b.

(b) A pupil receiving 1/2 or less of his or her instruction in a district other than the pupil's district of residence.

(c) A pupil enrolled in a public school academy or university school.

(d) A pupil enrolled in a district other than the pupil's district of residence under an intermediate district schools of choice pilot program as described in section 91a or former section 91 if the intermediate district and its constituent districts have been exempted from section 105.

(e) A pupil enrolled in a district other than the pupil's district of residence but within the same intermediate district if the educating district enrolls nonresident pupils in accordance with section 105.

(f) A pupil enrolled in a district other than the pupil's district of residence if the pupil has been continuously enrolled in the educating district since a school year in which the pupil enrolled in the educating district under section 105 or 105c and in which the educating district enrolled nonresident pupils in accordance with section 105 or 105c.

(g) A pupil who has made an official written complaint or whose parent or legal guardian has made an official written complaint to law enforcement officials and to school officials of the pupil's district of residence that the pupil has been the victim of a criminal sexual assault or other serious assault, if the official complaint either indicates that the assault occurred at school or that the assault was committed by 1 or more other pupils enrolled in the school the pupil would otherwise attend in the district of residence or by an employee of the district of residence. A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. As used in this subdivision:

(*i*) "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

(*ii*) "Serious assault" means an act that constitutes a felony violation of chapter XI of the Michigan penal code, 1931 PA 328, MCL 750.81 to 750.90g, or that constitutes an assault and infliction of serious or aggravated injury under section 81a of the Michigan penal code, 1931 PA 328, MCL 750.81a.

(h) A pupil enrolled in a district located in a contiguous intermediate district, as described in section 105c, if the educating district enrolls those nonresident pupils in accordance with section 105c.

(i) A pupil whose district of residence changed after the pupil membership count day and before the supplemental count day and who continues to be enrolled on the supplemental count day as a nonresident in the district in which he or she was enrolled as a resident on the pupil membership count day of the same school year.

(j) A pupil enrolled in an alternative education program operated by a district other than his or her district of residence who meets 1 or more of the following:

(*i*) The pupil has been suspended or expelled from his or her district of residence for any reason, including, but not limited to, a suspension or expulsion under section 1310, 1311, or 1311a of the revised school code, MCL 380.1310, 380.1311, and 380.1311a.

(*ii*) The pupil had previously dropped out of school.

(*iii*) The pupil is pregnant or is a parent.

(*iv*) The pupil has been referred to the program by a court.

(k) A pupil enrolled in the Michigan virtual high school, for the pupil's enrollment in the Michigan virtual high school.

However, if a district that is not a first class district educates pupils who reside in a first class district and if the primary instructional site for those pupils is located within the boundaries of the first class district, the educating district must have the approval of the first class district to count those pupils in membership. As used in this subsection, "first class district" means a district organized as a school district of the first class under the revised school code.

(7) "Pupil membership count day" of a district or intermediate district means:

(a) Except as provided in subdivision (b), the fourth Wednesday in September each school year.

(b) For a district or intermediate district maintaining school during the entire school year, the following days:

(*i*) Fourth Wednesday in July.

(*ii*) Fourth Wednesday in September.

(*iii*) Second Wednesday in February.

(*iv*) Fourth Wednesday in April.

(8) "Pupils in grades K to 12 actually enrolled and in regular daily attendance" means pupils in grades K to 12 in attendance and receiving instruction in all classes for which they are enrolled on the pupil membership count day or the supplemental count day, as applicable. A pupil who is absent from any of the classes in which the pupil is enrolled on the pupil membership count day or supplemental count day and who does not attend each of those classes during the 10 consecutive school days immediately following the pupil membership count day or supplemental count day, except for a pupil who has been excused by the district, shall not be counted as 1.0 full-time equated membership. In addition, a pupil who is excused from attendance on the pupil membership count day or supplemental count day and who fails to attend each of the classes in which the pupil is enrolled within 30 calendar days after the pupil membership count day or supplemental count day shall not be counted as 1.0 full-time equated membership. Pupils not counted as 1.0 full-time equated membership due to an absence from a class shall be counted as a prorated membership for the classes the pupil attended. For purposes of this subsection, "class" means a period of time in 1 day when pupils and a certificated teacher or legally qualified substitute teacher are together and instruction is taking place.

(9) "Rule" means a rule promulgated pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(10) "The revised school code" means 1976 PA 451, MCL 380.1 to 380.1852.

(11) "School fiscal year" means a fiscal year that commences July 1 and continues through June 30.

(12) "State board" means the state board of education.

(13) "Superintendent", unless the context clearly refers to a district or intermediate district superintendent, means the superintendent of public instruction described in section 3 of article VIII of the state constitution of 1963.

(14) "Supplemental count day" means the day on which the supplemental pupil count is conducted under section 6a.

(15) "Tuition pupil" means a pupil of school age attending school in a district other than the pupil's district of residence for whom tuition may be charged. Tuition pupil does not include a pupil who is a special education pupil or a pupil described in subsection (6)(d) to (k). A pupil's district of residence shall not require a high school tuition pupil, as provided under section 111, to attend another school district after the pupil has been assigned to a school district.

(16) "State school aid fund" means the state school aid fund established in section 11 of article IX of the state constitution of 1963.

(17) "Taxable value" means the taxable value of property as determined under section 27a of the general property tax act, 1893 PA 206, MCL 211.27a.

(18) "Total state aid" or "total state school aid" means the total combined amount of all funds due to a district, intermediate district, or other entity under all of the provisions of this act.

(19) "University school" means an instructional program operated by a public university under section 23 that meets the requirements of section 23.

388.1608b Public school academy district code; assignment.

Sec. 8b. (1) The department shall assign a district code to each public school academy that is authorized under the revised school code and is eligible to receive funding under this act.

(2) If the department does not assign a district code to a public school academy in a timely manner, the department of treasury may assign a temporary district code to the public school academy for the purpose of making payments under this act.

388.1608c Broadband telecommunications infrastructure information; report; form and manner; "broadband infrastructure" and "broadband services" defined.

Sec. 8c. (1) Not later than November 1, 2002, an intermediate district shall report broadband telecommunications infrastructure information under this section to the state budget director, in a form and manner approved by the state budget director, on behalf of itself and its constituent districts. This information shall include information on ownership, construction, or operation of broadband telecommunications infrastructure whether the infrastructure and services are provided under section 307 of the Michigan telecommunications act, 1991 PA 179, MCL 484.2307, or the infrastructure and services are beyond those allowed under that section.

(2) As used in this section:

(a) "Broadband infrastructure" means all facilities, hardware, and software and other intellectual property necessary to provide broadband services in this state.

(b) "Broadband services" means those services, including, but not limited to, voice, video, and data, that provide capacity for transmission in excess of 200 kilobits per second in at least 1 direction regardless of the technology or medium used, including, but not limited to, wireless, copper wire, fiber optic cable, or coaxial cable. If voice transmission capacity is offered in conjunction with other services utilizing transmission in excess of 200 kilobits per second, the voice transmission capacity may be less than 200 kilobits per second.

388.1611 Appropriations.

Sec. 11. (1) For the fiscal year ending September 30, 2002, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of $10,990,148,200.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963 and the sum of $198,413,500.00 from the general fund. For the fiscal year ending September 30, 2003, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of $11,240,941,400.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963 and the sum of $198,413,500.00 from the general fund. However, if legislation authorizing the transfer of $79,500,000.00 from the Michigan employment security act contingent fund, penalties and interest subaccount, is not enacted and in effect on or before October 1, 2002, there is instead appropriated from the general fund

for 2002-2003 the sum of $122,656,500.00. In addition, available federal funds are appropriated for each of those fiscal years.

(2) The appropriations under this section shall be allocated as provided in this act. Money appropriated under this section from the general fund and from available federal funds shall be expended to fund the purposes of this act before the expenditure of money appropriated under this section from the state school aid fund. If the maximum amount appropriated under this section from the state school aid fund for a fiscal year exceeds the amount necessary to fully fund allocations under this act from the state school aid fund, that excess amount shall not be expended in that state fiscal year and shall not lapse to the general fund, but instead shall remain in the state school aid fund.

(3) If the maximum amount appropriated under this section and section 11f from the state school aid fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, payments under sections 11f, 11g, 22a, 31d, 51a(2), and 51c shall be made in full. In addition, for districts beginning operations after 1994-95 that qualify for payments under section 22b, payments under section 22b shall be made so that the qualifying districts receive an amount equal to the 1994-95 foundation allowance of the district in which the district beginning operations after 1994-95 is located. The amount of the payment to be made under section 22b for these qualifying districts shall be as calculated under section 22a, with the balance of the payment under section 22b being subject to the proration otherwise provided under this subsection. State payments under each of the other sections of this act from all state funding sources shall be prorated on an equal percentage basis as necessary to reflect the amount available for expenditure from the state school aid fund for that fiscal year. However, if the department of treasury determines that proration will be required under this subsection, the department of treasury shall notify the state budget director, and the state budget director shall notify the legislature at least 30 calendar days or 6 legislative session days, whichever is more, before the department reduces any payments under this act because of the proration. During the 30 calendar day or 6 legislative session day period after that notification by the state budget director, the department shall not reduce any payments under this act because of proration under this subsection. The legislature may prevent proration from occurring by, within the 30 calendar day or 6 legislative session day period after that notification by the state budget director, enacting legislation appropriating additional funds from the general fund, countercyclical budget and economic stabilization fund, state school aid fund balance, or another source to fund the amount of the projected shortfall.

(4) Except for the allocation under section 26a, any general fund allocations under this act that are not expended by the end of the state fiscal year are transferred to the state school aid fund.

388.1611f Payments to non-plaintiff districts pursuant to Durant v State of Michigan; payments for fiscal years ending September 30, 2002 through September 30, 2008; submission of waiver resolution; creation of obligation or liability; offer of settlement and compromise; payment date; use of payments; appropriation under § 18.1353e; form and substance of resolution.

Sec. 11f. (1) In addition to any other money appropriated under this act, there is appropriated from the state school aid fund an amount not to exceed $32,000,000.00 each fiscal year for the fiscal year ending September 30, 2002, for the fiscal year ending September 30, 2003, and for each succeeding fiscal year through the fiscal year ending September 30, 2008. Payments under this section will cease after September 30, 2008. These appropriations are for paying the amounts described in subsection (4) to districts

and intermediate districts, other than those receiving a lump sum payment under subsection (2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district has or may have in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. The waiver resolution shall be in form and substance as required under subsection (8). The state treasurer is authorized to accept such a waiver resolution on behalf of this state. The amounts described in this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(2) In addition to any other money appropriated under this act, there was appropriated from the state school aid fund an amount not to exceed $1,700,000.00 for the fiscal year ending September 30, 1999. This appropriation was for paying the amounts described in this subsection to districts and intermediate districts that were not plaintiffs in the consolidated cases known as Durant v State of Michigan; that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district had or may have had in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan; and for which the total amount listed in section 11h and paid under this section was less than $75,000.00. For a district or intermediate district qualifying for a payment under this subsection, the entire amount listed for the district or intermediate district in section 11h was paid in a lump sum on November 15, 1998 or on the next business day following that date. The amounts paid under this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(3) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in this section. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(4) The amount paid each fiscal year to each district or intermediate district under subsection (1) shall be 1/20 of the total amount listed in section 11h for each listed district or intermediate district that qualifies for a payment under subsection (1). The amounts listed in section 11h and paid in part under this subsection and in a lump sum under subsection (2) are offers of settlement and compromise to each of these districts or intermediate districts to resolve, in their entirety, any claim or claims that these districts or intermediate districts may have asserted for violations of section 29 of article IX of the state constitution of 1963 through September 30, 1997, which claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, shall not be construed to constitute an admission of liability to the districts or intermediate districts listed in section 11h or a waiver of any defense that is or would have been available to the state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(5) The entire amount of each payment under subsection (1) each fiscal year shall be paid on November 15 of the applicable fiscal year or on the next business day following that date.

(6) Funds paid to a district or intermediate district under this section shall be used only for textbooks, electronic instructional material, software, technology, infrastructure or infrastructure improvements, school buses, school security, training for technology, or to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section. For intermediate districts only, funds paid under this section may also be used for other nonrecurring instructional expenditures including, but not limited to, nonrecurring instructional expenditures for vocational education, or for debt service for acquisition of technology for academic support services. Funds received by an intermediate district under this section may be used for projects conducted for the benefit of its constituent districts at the discretion of the intermediate board. To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for that debt service.

(7) The appropriations under this section are from the money appropriated and transferred to the state school aid fund from the countercyclical budget and economic stabilization fund under section 353e(2) and (3) of the management and budget act, 1984 PA 431, MCL 18.1353e.

(8) The resolution to be adopted and submitted by a district or intermediate district under this section and section 11g shall read as follows:

"Whereas, the board of _____ (name of district or intermediate district) desires to settle and compromise, in their entirety, any claim or claims that the district (or intermediate district) has or had for violations of section 29 of article IX of the state constitution of 1963, which claim or claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

Whereas, the district (or intermediate district) agrees to settle and compromise these claims for the consideration described in sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g, and in the amount specified for the district (or intermediate district) in section 11h of the state school aid act of 1979, 1979 PA 94, MCL 388.1611h.

Whereas, the board of _____ (name of district or intermediate district) is authorized to adopt this resolution.

Now, therefore, be it resolved as follows:

1. The board of _____ (name of district or intermediate district) waives any right or interest it may have in any claim or potential claim through September 30, 1997 relating to the amount of funding the district or intermediate district is, or may have been, entitled to receive under the state school aid act of 1979, 1979 PA 94, MCL 388.1601 to 388.1772, or any other source of state funding, by reason of the application of section 29 of article IX of the state constitution of 1963, which claims or potential claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

2. The board of _____ (name of district or intermediate district) directs its secretary to submit a certified copy of this resolution to the state treasurer no

later than 5 p.m. eastern standard time on March 2, 1998, and agrees that it will not take any action to amend or rescind this resolution.

3. The board of _____ (name of district or intermediate district) expressly agrees and understands that, if it takes any action to amend or rescind this resolution, the state, its agencies, employees, and agents shall have available to them any privilege, immunity, and/or defense that would otherwise have been available had the claims or potential claims been actually litigated in any forum.

4. This resolution is contingent on continued payments by the state each fiscal year as determined under sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g. However, this resolution shall be an irrevocable waiver of any claim to amounts actually received by the school district or intermediate school district under sections 11f and 11g of the state school aid act of 1979.".

388.1611g Payments to non-plaintiff districts pursuant to Durant v State of Michigan; payments for fiscal years ending September 30, 2002 through September 30, 2013; waiver resolution; offers of settlement and compromise; creation of obligation or liability; calculation of amount; payment date; use of funds.

Sec. 11g. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed $40,000,000.00 for the fiscal year ending September 30, 2002, for the fiscal year ending September 30, 2003, and for each succeeding fiscal year through the fiscal year ending September 30, 2013. Payments under this section will cease after September 30, 2013. These appropriations are for paying the amounts described in subsection (3) to districts and intermediate districts, other than those receiving a lump sum payment under section 11f(2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a waiver resolution described in section 11f. The amounts paid under this section represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this section.

(2) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in section 11f. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district regarding these claims or potential claims.

(3) The amount paid each fiscal year to each district or intermediate district under this section shall be the sum of the following:

(a) 1/30 of the total amount listed in section 11h for the district or intermediate district.

(b) If the district or intermediate district borrows money and issues bonds under section 11i, an additional amount in each fiscal year calculated by the department of treasury that, when added to the amount described in subdivision (a), will cause the net present value as of November 15, 1998 of the total of the 15 annual payments made to the district or intermediate district under this section, discounted at a rate as determined by the state treasurer, to equal the amount of the bonds issued by that district or intermediate district under section 11i and that will result in the total payments made to all districts and intermediate districts in each fiscal year under this section being no more than the amount appropriated under this section in each fiscal year.

(4) The entire amount of each payment under this section each fiscal year shall be paid on May 15 of the applicable fiscal year or on the next business day following that date. If a district or intermediate district borrows money and issues bonds under section 11i, the district or intermediate district shall use funds received under this section to pay debt service on bonds issued under section 11i. If a district or intermediate district does not borrow money and issue bonds under section 11i, the district or intermediate district shall use funds received under this section only for the following purposes, in the following order of priority:

(a) First, to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section.

(b) Second, to pay debt service on other limited tax obligations.

(c) Third, for deposit into a sinking fund established by the district or intermediate district under the revised school code.

(5) To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for debt service.

(6) A district or intermediate district may pledge or assign payments under this section as security for bonds issued under section 11i, but shall not otherwise pledge or assign payments under this section.

388.1611j School loan bond redemption fund; allocations.

Sec. 11j. From the general fund money appropriated in section 11, there is allocated an amount not to exceed $4,674,000.00 for 2002-2003 only, and from district and intermediate district payments to the school loan bond redemption fund appropriated in section 11, there is allocated an amount not to exceed $700,000.00 for 2002-2003 only, for payments to the school loan bond redemption fund in the department of treasury.

388.1619 Compliance; information to be provided for annual progress report; failure to comply with certain requirements; failure to meet accreditation standards.

Sec. 19. (1) A district shall comply with the requirements of sections 1204a, 1277, 1278, and 1280 of the revised school code, MCL 380.1204a, 380.1277, 380.1278, and 380.1280, commonly referred to as "public act 25 of 1990".

(2) Each district and intermediate district shall provide to the department, in a form and manner prescribed by the department, information necessary for the development of an annual progress report on the implementation of sections 1204a, 1277, 1278, and 1280 of the revised school code, MCL 380.1204a, 380.1277, 380.1278, and 380.1280, commonly referred to as "public act 25 of 1990". Additionally, each district and intermediate district shall provide to the department of information technology, in a form and manner prescribed by the department of information technology, on the achievement of national education goals, and information necessary for the development of other performance reports.

(3) If a district or intermediate district fails to meet the requirements of subsection (2) and sections 1204a, 1277, and 1278 of the revised school code, MCL 380.1204a, 380.1277, and 380.1278, the department shall withhold 5% of the total funds for which the district or intermediate district qualifies under this act until the district or intermediate district complies with all of those sections. If the district or intermediate district does not comply with all of those sections by the end of the fiscal year, the department shall place the amount withheld in an escrow account until the district or intermediate district complies with all of those sections.

(4) If a school in a district is not accredited under section 1280 of the revised school code, MCL 380.1280, or is not making satisfactory progress toward meeting the standards for that accreditation, the department shall withhold 5% of the total funds for which the district qualifies under this act that are attributable to pupils attending that school. The department shall place the amount withheld from a district under this subsection in an escrow account and shall not release the funds to the district until the district submits to the department a plan for achieving accreditation for each of the district's schools that are not accredited under section 1280 of the revised school code, MCL 380.1280, or are not making satisfactory progress toward meeting the standards for that accreditation.

388.1620 Foundation allowance per membership pupil; payments to districts, public school academies, and university schools; definitions.

Sec. 20. (1) For 2001-2002, the basic foundation allowance is $6,300.00 per membership pupil. For 2002-2003, the basic foundation allowance is $6,700.00 per membership pupil.

(2) The amount of each district's foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district's foundation allowance shall be calculated as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount at least equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year in the basic foundation allowance. However, for 2002-2003, the foundation allowance for a district under this subdivision is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus $200.00.

(b) For a district that in the 1994-95 state fiscal year had a foundation allowance greater than $6,500.00, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b. For 2002-2003, for a district that in the 1994-95 state fiscal year had a foundation allowance greater than $6,500.00, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of $200.00 or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(c) For a district that has a foundation allowance that is not a whole dollar amount, the district's foundation allowance shall be rounded up to the nearest whole dollar.

(d) Beginning in 2002-2003, for a district that receives a payment under section 22c for 2001-2002, the district's 2001-2002 foundation allowance shall be considered to have been an amount equal to the sum of the district's actual 2001-2002 foundation allowance as otherwise calculated under this section plus the per pupil amount of the district's equity payment for 2001-2002 under section 22c.

(4) Except as otherwise provided in this subsection, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or $6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district described in subsection (3)(b), the state portion of the district's foundation allowance is an amount equal to $6,962.00 plus the difference between the district's foundation allowance for the current state fiscal year and the district's foundation allowance for 1998-99, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. The $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. However, for a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence. The calculation under this subsection shall take into account a district's per pupil allocation under section 20j(2).

(6) Subject to subsection (7) and section 22b(3) and except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy or a university school, the allocation calculated under this section is an

amount per membership pupil other than special education pupils in the public school academy or university school equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy or university school is located and the state portion of that district's foundation allowance, or the sum of the basic foundation allowance under subsection (1) plus $500.00, whichever is less. However, beginning in 2002-2003, this $500.00 amount shall instead be $300.00. Notwithstanding section 101(2), for a public school academy that begins operations in 2001-2002 or 2002-2003, as applicable, after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection.

(7) If more than 25% of the pupils residing within a district are in membership in 1 or more public school academies located in the district, then the amount per membership pupil calculated under this section for a public school academy located in the district shall be reduced by an amount equal to the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils, in the school fiscal year ending in the current state fiscal year, calculated as if the resident pupils in membership in 1 or more public school academies located in the district were in membership in the district. In order to receive state school aid under this act, a district described in this subsection shall pay to the authorizing body that is the fiscal agent for a public school academy located in the district for forwarding to the public school academy an amount equal to that local school operating revenue per membership pupil for each resident pupil in membership other than special education pupils in the public school academy, as determined by the department.

(8) If a district does not receive an amount calculated under subsection (9); if the number of mills the district may levy on a homestead and qualified agricultural property under section 1211(1) of the revised school code, MCL 380.1211, is 0.5 mills or less; and if the district elects not to levy those mills, the district instead shall receive a separate supplemental amount calculated under this subsection in an amount equal to the amount the district would have received had it levied those mills, as determined by the department of treasury. A district shall not receive a separate supplemental amount calculated under this subsection for a fiscal year unless in the calendar year ending in the fiscal year the district levies 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property.

(9) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than $6,500.00 and that had fewer than 350 pupils in membership, if the district elects not to reduce the number of mills from which a homestead and qualified agricultural property are exempt and not to levy school operating taxes on a homestead and qualified agricultural property as provided in section 1211(1) of

the revised school code, MCL 380.1211, and not to levy school operating taxes on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, there is calculated under this subsection for 1994-95 and each succeeding fiscal year a separate supplemental amount in an amount equal to the amount the district would have received per membership pupil had it levied school operating taxes on a homestead and qualified agricultural property at the rate authorized for the district under section 1211(1) of the revised school code, MCL 380.1211, and levied school operating taxes on all property at the rate authorized for the district under section 1211(2) of the revised school code, MCL 380.1211, as determined by the department of treasury. If in the calendar year ending in the fiscal year a district does not levy 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property, the amount calculated under this subsection will be reduced by the same percentage as the millage actually levied compares to the 18 mills or the number of mills levied in 1993, whichever is less.

(10) For a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of an amount equal to the sum of the highest foundation allowance, as calculated under this section, among the original or affected districts plus $50.00 or an amount equal to $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under this section for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(11) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(12) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(13) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, by the sum of the estimated total school aid fund revenue for the

current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(14) If the principals at the revenue estimating conference reach a consensus on the index described in subsection (13)(c), the basic foundation allowance for the subsequent state fiscal year shall be at least the amount of that consensus index multiplied by the basic foundation allowance specified in subsection (1).

(15) If at the January revenue estimating conference it is estimated that pupil membership, excluding intermediate district membership, for the subsequent state fiscal year will be greater than 101% of the pupil membership, excluding intermediate district membership, for the current state fiscal year, then it is the intent of the legislature that the executive budget proposal for the school aid budget for the subsequent state fiscal year include a general fund/general purpose allocation sufficient to support the membership in excess of 101% of the current year pupil membership.

(16) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than $6,500.00, that had fewer than 7 pupils in membership in the 1993-94 state fiscal year, that has at least 1 child educated in the district in the current state fiscal year, and that levies the number of mills of school operating taxes authorized for the district under section 1211 of the revised school code, MCL 380.1211, a minimum amount of combined state and local revenue shall be calculated for the district as provided under this subsection. The minimum amount of combined state and local revenue for 1999-2000 shall be $67,000.00 plus the district's additional expenses to educate pupils in grades 9 to 12 educated in other districts as determined and allowed by the department. The minimum amount of combined state and local revenue under this subsection, before adding the additional expenses, shall increase each fiscal year by the same percentage increase as the percentage increase in the basic foundation allowance from the immediately preceding fiscal year to the current fiscal year. The state portion of the minimum amount of combined state and local revenue under this subsection shall be calculated by subtracting from the minimum amount of combined state and local revenue under this subsection the sum of the district's local school operating revenue and an amount equal to the product of the sum of the state portion of the district's foundation allowance plus the amount calculated under section 20j times the district's membership. As used in this subsection, "additional expenses" means the district's expenses for tuition or fees, not to exceed $6,500.00 as adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, plus a room and board stipend not to exceed $10.00 per school day for each pupil in grades 9 to 12 educated in another district, as approved by the department. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(17) For a district in which 7.75 mills levied in 1992 for school operating purposes in the 1992-93 school year were not renewed in 1993 for school operating purposes in the 1993-94 school year, the district's combined state and local revenue per membership pupil shall be recalculated as if that millage reduction did not occur and the district's foundation allowance shall be calculated as if its 1994-95 foundation allowance had been calculated using that recalculated 1993-94 combined state and local revenue per membership pupil as a base. A district is not entitled to any retroactive payments for fiscal years before 2000-2001 due to this subsection.

(18) For a district in which an industrial facilities exemption certificate that abated taxes on property with a state equalized valuation greater than the total state equalized valuation of the district at the time the certificate was issued or $700,000,000.00, whichever is greater, was issued under 1974 PA 198, MCL 207.551 to 207.572, before the calculation of the district's 1994-95 foundation allowance, the district's foundation allowance for 2002-2003 is an amount equal to the sum of the district's foundation allowance for 2002-2003, as otherwise calculated under this section, plus $250.00.

(19) For a district that received a grant under former section 32e for 2001-2002, the district's foundation allowance for 2002-2003 shall be adjusted to be an amount equal to the sum of the district's foundation allowance, as otherwise calculated under this section, plus the quotient of the amount of the grant award to the district for 2001-2002 under former section 32e divided by the district's membership for 2001-2002. A district qualifying for a foundation allowance adjustment under this section shall use the funds resulting from this adjustment for purposes allowable under former section 32e as in effect for 2001-2002.

(20) Payments to districts, university schools, or public school academies shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

(21) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per pupil payment calculation under this section may be reduced.

(22) As used in this section:

(a) "Combined state and local revenue" means the aggregate of the district's state school aid received by or paid on behalf of the district under this section and the district's local school operating revenue.

(b) "Combined state and local revenue per membership pupil" means the district's combined state and local revenue divided by the district's membership excluding special education pupils.

(c) "Current state fiscal year" means the state fiscal year for which a particular calculation is made.

(d) "Homestead" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(e) "Immediately preceding state fiscal year" means the state fiscal year immediately preceding the current state fiscal year.

(f) "Local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211.

(g) "Local school operating revenue per membership pupil" means a district's local school operating revenue divided by the district's membership excluding special education pupils.

(h) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(i) "Qualified agricultural property" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(j) "School operating purposes" means the purposes included in the operation costs of the district as prescribed in sections 7 and 18.

(k) "School operating taxes" means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(*l*) "Taxable value per membership pupil" means taxable value, as certified by the department of treasury, for the calendar year ending in the current state fiscal year divided by the district's membership excluding special education pupils for the school year ending in the current state fiscal year.

388.1622a Allocations for 2001-2002 and 2002-2003; payments to districts, university schools, and public school academies; definitions.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $7,022,000,000.00 for 2001-2002 and an amount not to exceed $6,953,000,000.00 for 2002-2003 for payments to districts, qualifying university schools, and qualifying public school academies to guarantee each district, qualifying university school, and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district's 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district's 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district's 1994-95 foundation allowance is an amount equal to the district's 1994-95 foundation allowance or $6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur.

(b) For a district that had a 1994-95 foundation allowance greater than $6,500.00, the state payment under this subsection shall be the sum of the amount calculated under

subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus $6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership.

(3) For pupils in membership in a qualifying public school academy or qualifying university school, there is allocated under this section each fiscal year for 2001-2002 and for 2002-2003 to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy, or to the board of the public university operating the qualifying university school, an amount equal to the 1994-95 per pupil payment to the qualifying public school academy or qualifying university school under section 20.

(4) A district, qualifying university school, or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district, qualifying university school, or qualifying public school academy otherwise would be eligible.

(5) For a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance.

(6) As used in this section:

(a) "1994-95 foundation allowance" means a district's 1994-95 foundation allowance calculated and certified by the department of treasury or the superintendent under former section 20a as enacted in 1993 PA 336 and as amended by 1994 PA 283.

(b) "Current state fiscal year" means the state fiscal year for which a particular calculation is made.

(c) "Current year hold harmless school operating taxes per pupil" means the per pupil revenue generated by multiplying a district's 1994-95 hold harmless millage by the district's current year taxable value per membership pupil.

(d) "Hold harmless millage" means, for a district with a 1994-95 foundation allowance greater than $6,500.00, the number of mills by which the exemption from the levy of school operating taxes on a homestead and qualified agricultural property could be reduced as provided in section 1211(1) of the revised school code, MCL 380.1211, and the number of mills of school operating taxes that could be levied on all property as provided in

section 1211(2) of the revised school code, MCL 380.1211, as certified by the department of treasury for the 1994 tax year.

(e) "Homestead" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(f) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(g) "Qualified agricultural property" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(h) "Qualifying public school academy" means a public school academy that was in operation in the 1994-95 school year and is in operation in the current state fiscal year.

(i) "Qualifying university school" means a university school that was in operation in the 1994-95 school year and is in operation in the current fiscal year.

(j) "School operating taxes" means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(k) "Taxable value per membership pupil" means each of the following divided by the district's membership:

(*i*) For the number of mills by which the exemption from the levy of school operating taxes on a homestead and qualified agricultural property may be reduced as provided in section 1211(1) of the revised school code, MCL 380.1211, the taxable value of homestead and qualified agricultural property for the calendar year ending in the current state fiscal year.

(*ii*) For the number of mills of school operating taxes that may be levied on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, the taxable value of all property for the calendar year ending in the current state fiscal year.

388.1622b Allocations for 2001-2002 and 2002-2003; discretionary nonmandated payments; administration of standardized assessment; payments for court costs; allegation of unfunded constitutional requirement; escrowed funds as work project; use; determination; review of claim by local claims review board; removal to court of appeals; payment provisions.

Sec. 22b. (1) From the appropriation in section 11, there is allocated an amount not to exceed $2,368,000,000.00 for 2001-2002 and an amount not to exceed $2,865,000,000.00 for 2002-2003 for discretionary nonmandated payments to districts under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) Subject to subsection (3), subsections (5) to (9), and section 11, the allocation to a district under this section shall be an amount equal to the sum of the amounts calculated under sections 20, 20j, 51a(2), 51a(3), and 51a(12), minus the sum of the allocations to the district under sections 22a and 51c.

(3) In order to receive an allocation under this section, each district shall administer in each grade level that it operates in grades 1 to 5 a standardized assessment approved by the department of grade-appropriate basic educational skills. A district may use the Michigan literacy progress profile to satisfy this requirement for grades 1 to 3.

(4) From the allocation in subsection (1), the department shall expend funds to pay for necessary costs associated with resolving matters pending in federal court impacting payments to districts, including, but not limited to, expert witness fees. Beginning in 2001-2002, from the allocation in subsection (1), the department shall also pay up to $1,000,000.00 in litigation costs incurred by this state associated with lawsuits filed by 1 or more districts or intermediate districts against this state. If the allocation under this section is insufficient to fully fund all payments required under this section, the payments under this subsection shall be made in full before any proration of remaining payments under this section.

(5) It is the intent of the legislature that all constitutional obligations of this state have been fully funded under sections 22a, 31d, 51a, and 51c. If a claim is made by an entity receiving funds under this act that challenges the legislative determination of the adequacy of this funding or alleges that there exists an unfunded constitutional requirement, the state budget director may escrow or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the claim before making any payments to districts under subsection (2). If funds are escrowed, the escrowed funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of litigation. The work project shall be completed upon resolution of the litigation.

(6) If the local claims review board or a court of competent jurisdiction makes a final determination that this state is in violation of section 29 of article IX of the state constitution of 1963 regarding state payments to districts, the state budget director shall use work project funds under subsection (5) or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the amount owed to districts before making any payments to districts under subsection (2).

(7) If a claim is made in court that challenges the legislative determination of the adequacy of funding for this state's constitutional obligations or alleges that there exists an unfunded constitutional requirement, any interested party may seek an expedited review of the claim by the local claims review board. If the claim exceeds $10,000,000.00, this state may remove the action to the court of appeals, and the court of appeals shall have and shall exercise jurisdiction over the claim.

(8) If payments resulting from a final determination by the local claims review board or a court of competent jurisdiction that there has been a violation of section 29 of article IX of the state constitution of 1963 exceed the amount allocated for discretionary nonmandated payments under this section, the legislature shall provide for adequate funding for this state's constitutional obligations at its next legislative session.

(9) If a lawsuit challenging payments made to districts related to costs reimbursed by federal title XIX medicaid funds is filed against this state during 2001-2002 or 2002-2003, 50% of the amount allocated in subsection (1) not previously paid out for 2002-2003 and each succeeding fiscal year is a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of the litigation. The work project shall be completed upon resolution of the litigation. In addition, this state reserves the right to terminate future federal title XIX medicaid reimbursement payments to districts if the amount or allocation of reimbursed funds is challenged in the lawsuit. As used in this subsection, "title XIX" means title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396r-6 and 1396r-8 to 1396v.

388.1624 Allocations for 2001-2002 and 2002-2003; payments for educating students assigned by court or family independence agency.

Sec. 24. (1) Subject to subsection (2), from the appropriation in section 11, there is allocated for 2001-2002 and for 2002-2003 to the educating district or intermediate district an amount equal to 100% of the added cost each fiscal year for educating all pupils assigned by a court or the family independence agency to reside in or to attend a juvenile detention facility or child caring institution licensed by the family independence agency or the department of consumer and industry services and approved by the department to provide an on-grounds education program. The total amount to be paid under this section for added cost shall not exceed $8,400,000.00 for 2001-2002 and $8,900,000.00 for 2002-2003. For the purposes of this section, "added cost" shall be computed by deducting all other revenue received under this act for pupils described in this section from total costs, as approved by the department, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

(2) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an on-grounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

(3) Special education pupils funded under section 53a shall not be funded under this section.

388.1626a Reimbursements to districts, intermediate districts, and school aid fund pursuant to § 125.2692; adjustments.

Sec. 26a. From the general fund appropriation in section 11, there is allocated an amount not to exceed $8,800,000.00 for 2001-2002 and an amount not to exceed $10,174,000.00 for 2002-2003 to reimburse districts, intermediate districts, and the state school aid fund pursuant to section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for taxes levied in 2001 and 2002, respectively. This reimbursement shall be made by adjusting payments under section 22a to eligible districts, adjusting payments under section 56, 62, or 81 to eligible intermediate districts, and adjusting the state school aid fund. The adjustments shall be made not later than 60 days after the department of treasury certifies to the department and to the state budget director that the department of treasury has received all necessary information to properly determine the amounts due to each eligible recipient.

388.1631a Funding to eligible districts and public school academies; additional allowance; number of pupils meeting criteria for free breakfast, lunch, or milk; "at risk pupil" defined.

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2001-2002 an amount not to exceed $314,200,000.00 and there is allocated for 2002-2003 an amount not to exceed $314,200,000.00 for payments to eligible districts and eligible public school academies under this section. Subject to subsection (11), the amount of the additional allowance under this section shall be based on the number of actual pupils in membership in the district or public school academy who met the income eligibility

criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined under the Richard B. Russell national school lunch act, chapter 281, 60 Stat. 230, 42 U.S.C. 1751 to 1753, 1755 to 1761, 1762a, 1765 to 1766a, 1769, 1769b to 1769c, and 1769f to 1769h, and reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year. However, for a public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year, the basis for the additional allowance under this section shall be the number of actual pupils in membership in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the current state fiscal year, as determined under the Richard B. Russell national school lunch act.

(2) To be eligible to receive funding under this section, other than funding under subsection (6), a district or public school academy that has not been previously determined to be eligible shall apply to the department, in a form and manner prescribed by the department, and a district or public school academy must meet all of the following:

(a) The sum of the district's or public school academy's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), is less than or equal to $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subdivision shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(b) The district or public school academy agrees to use the funding only for purposes allowed under this section and to comply with the program and accountability requirements under this section.

(3) Except as otherwise provided in this subsection, an eligible district or eligible public school academy shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year, an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil amount calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00, or of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00. A public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year shall receive under this section for each membership pupil in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the current fiscal year and adjusted not later than December 31 of the current fiscal year, an amount per pupil equal to 11.5% of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year.

(4) Except as otherwise provided in this section, a district or public school academy receiving funding under this section shall use that money only to provide instructional programs and direct noninstructional services, including, but not limited to, medical or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (5) or (6), and shall not use any of that money for administrative costs or to supplant another program or other funds, except for funds allocated to the district or public school academy under this section in the immediately preceding year and already being used by the district or public school academy for at-risk pupils. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year and may be conducted using a tutorial method, with paraprofessionals working under the supervision of a certificated teacher. The ratio of pupils to paraprofessionals shall be between 10:1 and 15:1. Only 1 certificated teacher is required to supervise instruction using a tutorial method. As used in this subsection, "to supplant another program" means to take the place of a previously existing instructional program or direct noninstructional services funded from a funding source other than funding under this section.

(5) A district or public school academy that receives funds under this section and that operates a school breakfast program under section 1272a of the revised school code, MCL 380.1272a, shall use from the funds received under this section an amount, not to exceed $10.00 per pupil for whom the district or public school academy receives funds under this section, necessary to operate the school breakfast program.

(6) From the funds allocated under subsection (1), there is allocated for 2001-2002 an amount not to exceed $2,400,000.00 to support teen health centers. These 2001-2002 funds shall be distributed to existing teen health centers in a manner determined by the department in collaboration with the department of community health. From the funds allocated under subsection (1), there is allocated for 2002-2003 an amount not to exceed $3,743,000.00 for competitive grants to support teen health centers. These grants for 2002-2003 shall be awarded in a form and manner approved jointly by the department and the department of community health. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (11) for that fiscal year.

(7) Each district or public school academy receiving funds under this section shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district or public school academy of funds under this section, which report shall include at least a brief description of each program conducted by the district or public school academy using funds under this section, the amount of funds under this section allocated to each of those programs, the number of at-risk pupils eligible for free or reduced price school lunch who were served by each of those programs, and the total number of at-risk pupils served by each of those programs. If a district or public school academy does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy complies with this subsection. If the district or public school academy does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(8) In order to receive funds under this section, a district or public school academy shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy shall reimburse the state for all disallowances found in the audit.

(9) Subject to subsections (5) and (6), any district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) exceeds the district's aggregate percentage of those pupils. Subject to subsections (5) and (6), if a district obtains a waiver from the department, the district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) is at least 60% of the district's aggregate percentage of those pupils and at least 30% of the total number of pupils enrolled in the school building. To obtain a waiver, a district must apply to the department and demonstrate to the satisfaction of the department that the class size reductions would be in the best interests of the district's at-risk pupils.

(10) A district or public school academy may use funds received under this section for adult high school completion, general education development (G.E.D.) test preparation, or adult basic education programs described in section 107.

(11) If necessary, and before any proration required under section 11, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (1).

(12) Funds allocated under this section that are unexpended and unencumbered at the end of the fiscal year for which they were allocated shall be carried forward and used in subsequent fiscal years to avoid or minimize any proration that would otherwise be required under subsection (11).

(13) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts was not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section.

(14) A district or public school academy that does not meet the eligibility requirement under subsection (2)(a) is eligible for funding under this section if at least 1/4 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), and at least 4,500 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1). A district or public school academy that is eligible for funding under this section because the district meets the requirements of this subsection shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as determined and reported as described in subsection (1), an amount per pupil equal to 5.75% for 2001-2002 and 11.5% for 2002-2003 and subsequent fiscal years of the sum of the district's foundation allowance or public school academy's per pupil allocation under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount

prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(15) As used in this section, "at-risk pupil" means a pupil for whom the district has documentation that the pupil meets at least 2 of the following criteria: is a victim of child abuse or neglect; is below grade level in English language and communication skills or mathematics; is a pregnant teenager or teenage parent; is eligible for a federal free or reduced-price lunch subsidy; has atypical behavior or attendance patterns; or has a family history of school failure, incarceration, or substance abuse. For pupils for whom the results of at least the applicable Michigan education assessment program (MEAP) test have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve at least a score of moderate on the most recent MEAP reading test for which results for the pupil have been received, did not achieve at least a score of moderate on the most recent MEAP mathematics test for which results for the pupil have been received, or did not achieve at least a score of novice on the most recent MEAP science test for which results for the pupil have been received. For pupils in grades K-3, at-risk pupil also includes a pupil who is at risk of not meeting the district's core academic curricular objectives in English language, communication skills, or mathematics.

388.1631d Reimbursement to districts providing school lunch programs.

Sec. 31d. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $16,477,700.00 for 2001-2002 and an amount not to exceed $17,337,200.00 for 2002-2003, and from the general fund appropriation in section 11, there is allocated an amount not to exceed $722,300.00 for 2001-2002 and an amount not to exceed $762,800.00 for 2002-2003 for the purpose of making payments to districts, intermediate districts, and other eligible entities under this section.

(2) The amounts allocated from state sources under this section shall be used to pay the amount necessary to reimburse districts for 6.0127% of the necessary costs of the state mandated portion of the school lunch programs provided by those districts. The amount due to each district under this section shall be computed by the department using the methods of calculation adopted by the Michigan supreme court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

(3) The payments made under this section include all state payments made to districts so that each district receives at least 6.0127% of the necessary costs of operating the state mandated portion of the school lunch program in a fiscal year.

(4) From the federal funds appropriated in section 11, there is allocated for 2002-2003 all available federal funding, estimated at $272,125,000.00, for the national school lunch program and all available federal funding, estimated at $2,506,000.00, for the emergency food assistance program.

(5) Notwithstanding section 17b, payments to intermediate districts and other eligible entities under this section shall be paid on a schedule determined by the department.

388.1632a Funding for all students achieve program (ASAP); additional funding for improving parenting skills, improving school readiness, reducing number of pupils retained in grade, and reducing number of pupils requiring special education services.

Sec. 32a. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $189,250,000.00 for 2001-2002 and an amount not to

exceed $72,600,000.00 for 2002-2003 to fund the all students achieve program (ASAP) as provided under sections 32b to 32h. In addition, from the general fund appropriations in section 11, there is allocated an amount not to exceed $2,200,100.00 for 2001-2002 and an amount not to exceed $2,200,000.00 for 2002-2003 for the purposes of sections 32b to 32f. The programs funded through this section are for the purposes of improving parenting skills, improving school readiness, reducing the number of pupils retained in grade, and reducing the number of pupils requiring special education services.

(2) Each grant recipient approved by the department shall implement department-approved data collection methods and evaluation or assessment tools to measure the impact of the proposed program.

(3) A district shall not use funds received under sections 32b to 32f to supplant any local or federal funds it currently receives. A district may use these funds in combination with other federal, local, public, or private funds to enhance existing programs with similar purposes.

388.1632b Programs to improve school readiness and positive parenting skills, enhance parent-child interaction, promote growth, and access community services; grants; data collection system; office for safe schools; duties of department and superintendent; use of funds; carrying over unexpended funds.

Sec. 32b. (1) From the state school aid fund allocation in section 32a(1), there is allocated an amount not to exceed $45,000,000.00 for 2001-2002 and $0.00 for 2002-2003 for grants to intermediate districts and districts for programs for preschool children and their parents. The purpose of these programs is to improve school readiness and foster the maintenance of stable families by encouraging positive parenting skills; enhancing parent-child interaction; providing learning opportunities to promote intellectual, physical, and social growth; and promoting access to needed community services through a community-school-home partnership that provides parents with information on child development from birth to age 5.

(2) To qualify for funding under this section, a program shall meet all of the following:

(a) The program must provide services to all families with children age 5 or younger residing within the intermediate district or district who choose to participate, including at least all of the following services:

(*i*) Home visits by parent educators trained in child development to help parents understand appropriate expectations for each stage of their child's development, to encourage learning opportunities, and to promote strong parent-child relationships.

(*ii*) Group meetings of participating families.

(*iii*) Periodic developmental screening of the child's overall development, health, hearing, and vision.

(*iv*) A community resource network that provides referrals to other state, local, and private agencies as appropriate to assist parents in preparing their children for academic success and to foster the maintenance of stable families.

(*v*) Connection with quality preschool programs.

(b) The program must be a collaborative community effort that includes at least the intermediate district or district, local multipurpose collaborative bodies, local health and welfare agencies, and private nonprofit agencies involved in programs and services for preschool children and their parents.

(3) To compete for a grant under this section, an intermediate district or district shall apply to the superintendent not later than December 1, 2000 in the form and manner

prescribed by the superintendent. To be considered for a grant under this section, a grant application must provide all of the following in a manner prescribed by the department:

(a) Provide a plan for the delivery of the program components described in subsection (2).

(b) Demonstrate an adequate collaboration of local entities involved in providing programs and services for preschool children and their parents.

(c) Provide evidence of a review and approval by the local multipurpose collaborative body of the program plan.

(d) Provide a projected budget for the program to be funded. The intermediate district shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(4) Each successful grant recipient shall agree to include a data collection system and an evaluation tool approved by the department to measure the impact of the program on improving school readiness, reducing the number of children needing special education programs and services, and fostering the maintenance of stable families. The data collection system shall provide a report by October 15 of each year on the number of children in families with income below 200% of the federal poverty level that received services under this program and the total number of children who received services under this program.

(5) From the general fund allocation under section 32a(1), there is allocated an amount not to exceed $100.00 for 2001-2002 and $0.00 for 2002-2003 to the department, including the office for safe schools, for implementation and evaluation of activities under this section. Further, upon receipt of the federal drug-free schools grant, the department shall allocate $200,000.00 of that grant to the office for safe schools within the department.

(6) The department and superintendent shall do all of the following:

(a) The department shall make applications available for the purposes of this section not later than October 15, 2000.

(b) The superintendent shall approve or disapprove applications and notify the applying intermediate district or district of that decision not later than February 1, 2001. Priority in awarding grants shall be given to programs that focus on reducing the percentage of children needing special education programs and services when they enter school. The superintendent shall ensure that the intermediate districts and districts receiving grants under this section are geographically and economically diverse and that not more than 10% of the total allocation under this section is paid to any 1 particular intermediate district or district.

(c) The department shall ensure that all programs funded under this section utilize the most current validated research-based methods and curriculum for providing the program components described in subsection (2).

(d) The department shall submit a report to the legislature, the state budget director, and the senate and house fiscal agencies detailing the evaluations described in subsection (4) by December 1 of each year.

(7) Except as otherwise provided in subsection (8), an intermediate district or district receiving funds under this section shall use the funds only for the program funded under this section. Subject to subsection (8), grants awarded by February 1, 2001 may be used for the following school year.

(8) A district or intermediate district receiving funds under this section may carry over any unexpended funds received under this section to subsequent fiscal years and may expend those unused funds in subsequent fiscal years. Notwithstanding any other provision of this section, funds carried over under this subsection may be used to facilitate programs that are substantially similar in purpose to those funded under this section.

388.1632c Grants for community-based collaborative prevention services; distribution of funds through joint request for proposals process; requirements; agreement.

Sec. 32c. (1) From the general fund allocation in section 32a(1), there is allocated an amount not to exceed $2,000,000.00 each fiscal year for 2001-2002 and for 2002-2003 to the department for grants for community-based collaborative prevention services designed to foster positive parenting skills; improve parent/child interaction, especially for children 0-3 years of age; promote access to needed community services; increase local capacity to serve families at risk; improve school readiness; and support healthy family environments that discourage alcohol, tobacco, and other drug use. The allocation under this section is to fund secondary prevention programs as defined by the children's trust fund for the prevention of child abuse and neglect.

(2) The funds allocated under subsection (1) shall be distributed through a joint request for proposals process established by the department in conjunction with the children's trust fund and the state's interagency systems reform workgroup. Projects funded with grants awarded under this section shall meet all of the following:

(a) Be secondary prevention initiatives and voluntary to consumers. This appropriation is not intended to serve the needs of children for whom and families in which neglect or abuse has been substantiated.

(b) Demonstrate that the planned services are part of a community's integrated comprehensive family support strategy endorsed by the local multi-purpose collaborative body.

(c) Provide a 25% local match, of which not more than 10% may be in-kind services, unless this requirement is waived by the interagency systems reform workgroup.

(3) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

388.1632d School readiness grants; evaluation; contract; report; "employment status" defined.

Sec. 32d. (1) From the state school aid fund allocation under section 32a(1), there is allocated an amount not to exceed $72,600,000.00 for 2001-2002, and from the state school aid fund money allocated under section 32a, there is allocated an amount not to exceed $72,600,000.00 for 2002-2003, for school readiness grants to enable eligible districts, as determined under section 37, to develop or expand, in conjunction with whatever federal funds may be available, including, but not limited to, federal funds under title I of the elementary and secondary education act of 1965, Public Law 89-10, 108 Stat. 3519, chapter 1 of title I of the Hawkins-Stafford elementary and secondary school improvement amendments of 1988, Public Law 89-10, 102 Stat. 140, and the head start act, subchapter B of chapter 8 of subtitle A of title VI of the omnibus budget reconciliation act of 1981, Public Law 97-35, comprehensive compensatory programs designed to improve the readiness and subsequent achievement of educationally disadvantaged children as defined by the department who will be at least 4, but less than 5 years of age, as of December 1 of the school year in which the programs are offered, and who show evidence of 2 or more risk

factors as defined in the state board report entitled "children at risk" that was adopted by the state board on April 5, 1988. A comprehensive compensatory program funded under this section shall include an age-appropriate educational curriculum, nutritional services, health screening for participating children, a plan for parent and legal guardian involvement, and provision of referral services for families eligible for community social services. In addition, from the general fund allocations under section 32a(1), there is allocated an amount not to exceed $200,000.00 for 2001-2002 for the purposes of subsection (2), and from the general fund money allocated under section 32a, there is allocated an amount not to exceed $200,000.00 for 2002-2003 for the purposes of subsection (2).

(2) From the general fund allocation in subsection (1), there is allocated each fiscal year for 2001-2002 and for 2002-2003 an amount not to exceed $200,000.00 for a competitive grant to continue a longitudinal evaluation of children who have participated in the Michigan school readiness program.

(3) A district receiving a grant under this section may contract for the provision of the comprehensive compensatory program and retain for administrative services an amount equal to not more than 5% of the grant amount.

(4) A grant recipient receiving funds under this section shall report to the department no later than October 15 of each year the number of children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g) and the total number of children participating in the program. For children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g), grant recipients shall also report whether or not a parent is available to provide care based on employment status. For the purposes of this subsection, "employment status" shall be defined by the family independence agency in a manner consistent with maximizing the amount of spending that may be claimed for temporary assistance for needy families maintenance of effort purposes.

388.1632f Allocations under § 388.1632a(1); purpose; eligibility criteria; application form and manner; availability of matching funds; grant award decision; priority; report; payment schedule; carrying forward excess amount.

Sec. 32f. (1) From the state school aid fund allocation under section 32a(1), there is allocated for 2001-2002 an amount not to exceed $45,000,000.00 and for 2002-2003 $0.00, for grants under this section. From the general fund allocation under section 32a(1), there is allocated each fiscal year for 2001-2002 and for 2002-2003 $0.00 for the purposes of subsection (3).

(2) From the allocation in subsection (1), there is allocated for 2001-2002 an amount not to exceed $2,000,000.00 and for 2002-2003 $0.00, for providing grants to the 8 regional literacy centers for the purposes of expanding training programs for trainers and teachers in the use of strategies for reading instruction and assessment, including the Michigan literacy progress profile.

(3) From the general fund allocation in subsection (1), there is allocated to the department $0.00 each fiscal year for 2001-2002 and for 2002-2003 for the development and dissemination of read, educate, and develop youth (READY) kits to parents of preschool and kindergarten children to provide these parents with information about how they can prepare their children for reading success.

(4) From the general fund allocation in subsection (1), there is allocated to the department each fiscal year for 2001-2002 and 2002-2003 $0.00 for the grant review process and grant administration under this section.

(5) Except as otherwise provided in subsection (17), to be eligible for a grant under this section, a district must have had at least 1,500 pupils in membership in 1998-99, and the number of pupils in the district that have been determined to have a specific learning disability according to R 340.1713 of the Michigan administrative code, as determined in the December 1, 1998 head count required under the individuals with disabilities education act, title VI of Public Law 91-230, must equal or exceed 5% of the district's membership. In addition, a district is eligible for a grant under this section if the district had at least 1,500 pupils in membership in 1998-99 and if not more than 41% of the district's pupils who took the spring 1999 fourth grade MEAP reading test achieved a score of at least satisfactory. Except as otherwise provided in subsection (17), for a public school academy to be eligible for a grant under this section, the public school academy must be located in a district that is eligible under this subsection.

(6) From the allocation in subsection (1), there is allocated for 2001-2002 an amount not to exceed $43,000,000.00 and for 2002-2003 $0.00, for competitive grants to eligible districts, to intermediate districts, and to public school academies located within eligible districts for reading improvements programs for pupils in grades K to 4, reading disorders and reading methods programs, mentoring programs, language and literacy outreach programs, or cognitive development programs. For 2001-2002, grants under this subsection shall be paid to grant recipients in the same proportion of the total allocation under this subsection as for 2000-2001. If the legislature enacts legislation authorizing the appropriation of federal funds for reading improvement programs for 2001-2002 or for 2002-2003, then it is the intent of the legislature that these funds be used to the extent possible for the purposes of this subsection. Federal funds received for reading improvement programs that can be used for substantially similar purposes as described under this section shall be first expended for the purposes of this subsection before funds appropriated from the state school aid fund allocated under this subsection, and the expenditure of funds under this subsection from the state school aid fund shall be reduced by an amount equal to the amount of the expenditure of federal funds under this subsection. If any conflict exists between federal reading program guidelines and this section, federal law will control.

(7) Except as otherwise provided in subsection (17), to qualify for funding under this section, a proposed reading improvement program must meet all of the following:

(a) The program shall include assessment of reading skills of pupils in grades K to 4 to identify those pupils who are reading below grade level and must provide special reading assistance for these pupils.

(b) The program shall be a research-based, validated, structured reading program.

(c) The program shall include continuous assessment of pupils and individualized education plans for pupils.

(d) The program shall align learning resources to state standards.

(e) For each school building receiving funding under this section for a reading improvement program, the program shall serve at least 25% of pupils who are identified as at-risk, as determined by the Michigan literacy progress profile, of reading failure, and the amount of the grant shall not exceed $85,000.00 per school building annually.

(8) Funds allocated for programs described in subsection (7) may be used to reimburse grant recipients for funds paid by districts for up to 1/2 of the salaries and benefits for each teacher trained and certified to provide a reading improvement program.

(9) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed mentoring program must be a research-based, validated program

or a statewide 1-to-1 mentoring program to enhance the independence and life quality of pupils who are mentally impaired by providing opportunities for mentoring and integrated employment.

(10) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed cognitive development program must be a research-based, validated educational service program, focused on assessing and building essential cognitive and perceptual learning abilities to strengthen pupil concentration and learning.

(11) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed structured mentoring-tutorial reading program for preschool to grade 4 pupils must be a research-based, validated program that develops individualized instructional plans based on each pupil's age, assessed needs, reading level, interests, and learning style.

(12) A program receiving funding under this section may be conducted outside of regular school hours or outside the regular school calendar.

(13) To compete for a grant under this section, an applicant shall apply to the superintendent in the form and manner prescribed by the superintendent. The department shall make applications available for this purpose. An applicant shall include in its application a projected budget for the programs. The grant recipient shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(14) The superintendent shall approve or disapprove applications and notify the applicant of that decision. Priority in awarding grants shall be given to programs that focus on accelerating student achievement on a cost-effective basis, reducing the number of pupils requiring special education programs and services, and improving pupil scores on standardized tests and assessments.

(15) A grant recipient receiving funds under this section shall report to the department, in the form and manner prescribed by the department, on the results achieved by the program. At a minimum, the grant recipient shall report to the department by October 15 regarding the program's impact on reducing the number of pupils requiring special education programs and services and on improving pupil scores on standardized tests and assessments, and information on the costs and benefits per unit of pupil improvement. In addition, the report shall state the number of pupils eligible for free or reduced price school lunch who received services under the program and the total number of pupils who received services under the program. Not later than November 15 of each fiscal year, the department shall submit a report to the legislature, the state budget director, and the senate and house fiscal agencies detailing the results of the programs. It is the intent of the legislature that further funding for the programs under this section will reflect the results achieved in these programs.

(16) Notwithstanding section 17b, payments under this section shall be paid on a schedule determined by the department.

(17) For a district or public school academy awarded a grant under former section 32, the determination of whether the district or public school academy is eligible for a grant under this section may be made according to the eligibility standards in effect under former section 32. Further, the district or public school academy may continue to use the grant proceeds for any use permissible under this section or former section 32 as in effect at the time the district or public school academy was awarded the grant.

(18) If the maximum amount appropriated under this section exceeds the amount necessary to fully fund allocations under this section, that excess amount shall not be expended in that state fiscal year but shall instead be carried forward to the succeeding fiscal year and added to any funds appropriated for that fiscal year for expenditure in that fiscal year.

(19) A district that received funding for 1999-2000 under former section 32 shall receive funding under this section for 2001-2002.

(20) A district or intermediate district receiving funds under this section may carry over any unexpended funds received under this section to subsequent fiscal years and may expend those unused funds in subsequent fiscal years.

388.1632i May 2002 revenue estimating conference; determination of additional revenue; effect.

Sec. 32i. If it is determined at the May 2002 revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, that there is additional school aid fund revenue beyond that determined at the January 2002 revenue estimating conference, then it is the intent of the legislature to enact legislation to fund, to the extent that revenues are available, the same programs that were funded under sections 32b, 32f(2), and 32f(7) in 2001-2002 and under section 32d(3) in 2000-2001.

388.1637 Eligibility of district for allocation under § 388.1632d; preapplication; final application; consortium; submission of resolution showing certain risk factors.

Sec. 37. (1) A district is eligible for an allocation under section 32d if the district meets all of the requirements in subsections (2), (3), and (4).

(2) The district shall submit a preapplication, in a manner and on forms prescribed by the department, by a date specified by the department in the immediately preceding state fiscal year. The preapplication shall include a comprehensive needs assessment and community collaboration plan, and shall identify all of the following:

(a) The estimated total number of children in the community who meet the criteria of section 32d and how that calculation was made.

(b) The estimated number of children in the community who meet the criteria of section 32d and are being served by other early childhood development programs operating in the community, and how that calculation was made.

(c) The number of children the district will be able to serve who meet the criteria of section 32d including a verification of physical facility and staff resources capacity.

(d) The estimated number of children who meet the criteria of section 32d who will remain unserved after the district and community early childhood programs have met their funded enrollments. The school district shall maintain a waiting list of identified unserved eligible children who would be served when openings are available.

(3) The district shall submit a final application for approval, in a manner and on forms prescribed by the department, by a date specified by the department. The final application shall indicate all of the following that apply:

(a) The district complies with the state board approved standards of quality and curriculum guidelines for early childhood programs for 4-year-olds.

(b) The district provides for the active and continuous participation of parents or guardians of the children in the program, and describes the district's participation plan as part of the application.

(c) The district only employs for this program the following:

(*i*) Teachers possessing proper training, including, but not limited to, a valid teaching certificate and an early childhood (ZA) endorsement. This provision does not apply to a district that subcontracts with an eligible child development program. In that situation a teacher must have a valid teaching certificate and may have a child development associate credential (CDA) instead of an early childhood (ZA) endorsement.

(*ii*) Paraprofessionals possessing proper training in early childhood development or who have completed at least 1 course in an appropriate training program, including, but not limited to, a child development associate credential (CDA) or associate degree in child development or other similar program, as approved by the department.

(d) The district has submitted for approval a program budget that includes only those costs not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the early childhood readiness program, and that would not be incurred if the program were not being offered. If children other than those determined to be educationally disadvantaged participate in the program, state reimbursement under section 32d shall be limited to the portion of approved costs attributable to educationally disadvantaged children.

(e) The district has established a school readiness advisory committee consisting of, at a minimum, classroom teachers for prekindergarten, kindergarten, and first grade; parents or guardians of program participants; representatives from appropriate community agencies and organizations; the district curriculum director or equivalent administrator; and, if feasible, a school psychologist, school social worker, or school counselor. In addition, there shall be on the committee at least 1 parent or guardian of a program participant for every 18 children enrolled in the program, with a minimum of 2 parent or guardian representatives. The committee shall do all of the following:

(*i*) Ensure the ongoing articulation of the early childhood, kindergarten, and first grade programs offered by the district.

(*ii*) Review the mechanisms and criteria used to determine participation in the early childhood program.

(*iii*) Review the health screening program for all participants.

(*iv*) Review the nutritional services provided to program participants.

(*v*) Review the mechanisms in place for the referral of families to community social service agencies, as appropriate.

(*vi*) Review the collaboration with and the involvement of appropriate community, volunteer, and social service agencies and organizations in addressing all aspects of educational disadvantage.

(*vii*) Review, evaluate, and make recommendations to a local school readiness program or programs for changes to the school readiness program.

(f) The district has submitted for departmental approval a plan to conduct and report annual school readiness program evaluations using criteria approved by the department. At a minimum, the evaluations shall include assessment of the gains in educational readiness and progress through first grade of children participating in the school readiness program.

(g) More than 50% of the children participating in the program meet the income eligibility criteria for free or reduced price lunch, as determined under the Richard B. Russell national school lunch act, chapter 281, 60 Stat. 230, 42 U.S.C. 1751 to 1753, 1755 to 1761, 1762a, 1765 to 1766a, 1769, 1769b to 1769c, and 1769f to 1769h, or meet the income

and all other eligibility criteria for the family independence agency unified child day care program.

(4) A consortium of 2 or more districts shall be eligible for an allocation under section 32d if the districts designate a single fiscal agent for the allocation. A district or intermediate district may administer a consortium described in this subsection. A consortium shall submit a single preapplication and application for the children to be served, regardless of the number of districts participating in the consortium.

(5) With the final application, an applicant district shall submit to the department a resolution adopted by its board certifying the number of 4-year-old children who show evidence of risk factors as described in section 32d who meet the income eligibility criteria for free or reduced price lunch or the income and all other eligibility criteria for the family independence agency unified child day care program, and who will participate in a school readiness program funded under section 32d.

388.1638 Number of prekindergarten children in need of special readiness assistance; calculation.

Sec. 38. The maximum number of prekindergarten children construed to be in need of special readiness assistance under section 32d shall be calculated for each district in the following manner: one-half of the percentage of the district's pupils in grades 1-5 who are eligible for free lunch, as determined by the district's October count in the immediately preceding school year under the Richard B. Russell national school lunch act, chapter 281, 60 Stat. 230, 42 U.S.C. 1751 to 1753, 1755 to 1761, 1762a, 1765 to 1766a, 1769, 1769b to 1769c, and 1769f to 1769h, as reported to the department not later than December 31 of the immediately preceding fiscal year, shall be multiplied by the average kindergarten enrollment of the district on the pupil membership count day of the 2 immediately preceding years.

388.1639 Tentative allocation to eligible district under § 388.1632d; priority in funding; contingency; supplementary day care; district with 315 or more eligible pupils; additional eligible children.

Sec. 39. (1) The tentative allocation for each fiscal year to each eligible district under section 32d shall be determined by multiplying the number of children determined in section 38 or the number of children the district indicates it will be able to serve under section 37(2)(c), whichever is less, by $3,300.00 and shall be distributed among districts in decreasing order of concentration of eligible children as determined by section 38 until the money allocated in section 32d is distributed.

(2) A district that has not less than 50 eligible children shall receive priority over other eligible districts other than those districts funded under subsection (3).

(3) A district that received funds under this section in at least 1 of the 2 immediately preceding fiscal years shall receive priority in funding over other eligible districts. However, funding beyond 3 state fiscal years is contingent upon the availability of funds and documented evidence satisfactory to the department of compliance with all operational, fiscal, administrative, and other program requirements.

(4) A district that offers supplementary day care funded by funds other than those received under this section and therefore offers full-day programs as part of its early childhood development program shall receive priority in the allocation of funds under this section over other eligible districts other than those districts funded under subsection (3).

(5) For any district with 315 or more eligible pupils, the number of eligible pupils shall be 65% of the number calculated under section 38. However, none of these districts may

have less than 315 pupils for purposes of calculating the tentative allocation under section 32d.

(6) If, taking into account the total amount to be allocated to the district as calculated under this section, a district determines that it is able to include additional eligible children in the school readiness program without additional funds under this section, the district may include additional eligible children but shall not receive additional funding under this section for those children.

388.1639a Allocation of federal funds; definitions.

Sec. 39a. (1) From the appropriation in section 11, there is allocated for 2002-2003 to districts, intermediate districts, and other eligible entities all available federal funding, estimated at $634,919,400.00, for the federal programs under the no child left behind act of 2001, Public Law 107-110, 115 Stat. 1425. These funds are allocated as follows:

(a) An amount estimated at $1,666,300.00 for community service state grants, funded from DED-OESE, community service state grant funds.

(c) An amount estimated at $22,572,000.00 for the purpose of improving teaching and learning through a more effective use of technology, funded from DED-OESE, educational technology state grant funds.

(d) An amount estimated at $104,568,800.00 for the purpose of preparing, training, and recruiting high-quality teachers and class size reduction, funded from DED-OESE, improving teacher quality funds.

(e) An amount estimated at $4,647,700.00 for programs to teach English to limited English proficient (LEP) children, funded from DED-OESE, language acquisition state grant funds.

(f) An amount estimated at $8,550,000.00 for the Michigan charter school subgrant program, funded from DED-OESE, charter school funds.

(g) An amount estimated at $247,600.00 for Michigan model partnership for character education programs, funded from DED-OESE, title X, fund for improvement of education funds.

(h) An amount estimated at $1,909,600.00 for rural and low income schools, funded from DED-OESE, rural and low income school funds.

(i) An amount estimated at $11,123,700.00 to help schools develop and implement comprehensive school reform programs, funded from DED-OESE, title I and title X, comprehensive school reform funds.

(j) An amount estimated at $401,388,600.00 to provide supplemental programs to enable educationally disadvantaged children to meet challenging academic standards, funded from DED-OESE, title I, disadvantaged children funds.

(k) An amount estimated at $8,246,600.00 for the purpose of providing unified family literacy programs, funded from DED-OESE, title I, even start funds.

(*l*) An amount estimated at $8,953,100.00 for the purpose of identifying and serving migrant children, funded from DED-OESE, title I, migrant education funds.

(m) An amount estimated at $22,779,000.00 to promote high-quality school reading instruction for grades K-3, funded from DED-OESE, title I, reading first state grant funds.

(n) An amount estimated at $11,585,100.00 for the purpose of implementing innovative strategies for improving student achievement, funded from DED-OESE, title VI, innovative strategies funds.

(o) An amount estimated at $11,161,200.00 for the purpose of providing high-quality extended learning opportunities, after school and during the summer, for children in low-performing schools, funded from DED-OESE, twenty-first century community learning center funds.

(2) From the federal funds appropriation in section 11, there is allocated for 2002-2003 to districts, intermediate districts, and other eligible entities all available federal funding, estimated at $6,495,300.00, for the following programs that are funded by federal grants:

(a) An amount estimated at $600,000.00 for acquired immunodeficiency syndrome education grants, funded from HHS-center for disease control, AIDS funding.

(b) An amount estimated at $976,000.00 for at-risk child care, funded from HHS-ACF, at-risk child care funds.

(c) An amount estimated at $1,553,500.00 for emergency services to immigrants, funded from DED-OBEMLA, emergency immigrant education assistance funds.

(d) An amount estimated at $1,468,300.00 to provide services to homeless children and youth, funded from DED-OVAE, homeless children and youth funds.

(e) An amount estimated at $400,000.00 for refugee children school impact grants, funded from HHS-ACF, refugee children school impact funds.

(f) An amount estimated at $857,500.00 for school-age child care grants, funded from HHS-ACF, dependent care block grant funds.

(g) An amount estimated at $640,000.00 for serve America grants, funded from the corporation for national and community service funds.

(3) All federal funds allocated under this section shall be distributed in accordance with federal law and with flexibility provisions outlined in Public Law 107-116 and in the education flexibility partnership act of 1999, Public Law 106-25, 113 Stat. 41. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(4) As used in this section:

(a) "DED" means the United States department of education.

(b) "DED-OBEMLA" means the DED office of bilingual education and minority languages affairs.

(c) "DED-OESE" means the DED office of elementary and secondary education.

(d) "DED-OVAE" means the DED office of vocational and adult education.

(e) "HHS" means the United States department of health and human services.

(f) "HHS-ACF" means the HHS administration for children and families.

388.1641 Bilingual instruction for pupils of limited English-speaking ability; allocation; reimbursement; use of funds.

Sec. 41. From the appropriation in section 11, there is allocated an amount not to exceed $4,212,000.00 each fiscal year for 2001-2002 and for 2002-2003 to applicant districts and intermediate districts offering programs of bilingual instruction for pupils of limited English-speaking ability under section 1153 of the revised school code, MCL 380.1153. Reimbursement shall be on a per pupil basis and shall be based on the number of pupils

of limited English-speaking ability in membership on the pupil membership count day. Funds allocated under this section shall be used solely for bilingual instruction in speaking, reading, writing, or comprehension of pupils of limited English-speaking ability.

388.1651a Allocations for reimbursement to districts and intermediate districts for special education programs, services, and personnel, certain net tuition payments, and programs for pupils eligible for special education programs; allocation of state and federal funds; reimbursement; total payment; adjustments; rights, benefits, and tenure of transferred personnel; refund; foundation allowance; order of expenditures.

Sec. 51a. (1) From the appropriation in section 11, there is allocated for 2001-2002 an amount not to exceed $796,401,900.00 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, title VI of Public Law 91-230, 20 U.S.C. 1411 to 1419, estimated at $203,000,000.00, plus any carryover federal funds from previous year appropriations; and there is allocated for 2002-2003 an amount not to exceed $852,721,900.00 from state sources and all available federal funding, estimated at $235,000,000.00, plus any carryover federal funds from previous year appropriations. The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. All federal funds allocated under this section in excess of those allocated under this section for 2001-2002 may be distributed in accordance with 34 C.F.R. 300.234 and section 613(a)(2)(D) of part B of title VI of the individuals with disabilities education act, Public Law 91-230, 20 U.S.C. 1413. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated for 2001-2002 and for 2002-2003 the amount necessary, estimated at $139,200,000.00 for 2001-2002, and $149,500,000.00 for 2002-2003, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district's special education pupil membership, excluding pupils described in subsection (12), times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, or, for a special education pupil in membership in a district that is a public school academy or university school, times an

amount equal to the amount per membership pupil calculated under section 20(6). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (12), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, and that district's per pupil allocation under section 20j(2). However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subdivision shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated each fiscal year for 2001-2002 and for 2002-2003 the amount necessary, estimated at $2,000,000.00 each fiscal year, to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations shall be made in a manner determined by the department and shall include adjustments for program shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this act for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed $3,500,000.00 each fiscal year may be allocated by the department for 2001-2002 and for 2002-2003 to districts or intermediate districts on a competitive grant basis for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed $2,200,000.00 each fiscal year for 2001-2002 and for 2002-2003 to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of this article, all of the following apply:

(a) "Total approved costs of special education" shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Reimbursement for ancillary and other related services, as defined by R 340.1701 of the Michigan administrative code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(8) From the allocation in subsection (1), there is allocated each fiscal year for 2001-2002 and for 2002-2003 an amount not to exceed $15,313,900.00 each fiscal year to intermediate districts. The payment under this subsection to each intermediate district shall be equal to the amount of the 1996-97 allocation to the intermediate district under subsection (6) of this section as in effect for 1996-97.

(9) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf and blind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(10) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(11) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the

department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(12) From the funds allocated in subsection (1), there is allocated each fiscal year for 2001-2002 and for 2002-2003 the amount necessary, estimated at $7,200,000.00 each fiscal year, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in membership in the district times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy or university school, times an amount equal to the amount per membership pupil under section 20(6). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, and that district's per pupil allocation under section 20j(2). However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00. This subsection applies to all of the following pupils:

(a) Pupils described in section 53a.

(b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.

(c) Emotionally impaired pupils counted in membership by an intermediate district and provided educational services by the department of community health.

(13) After payments under subsections (2) and (12) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

(a) 100% of the reimbursement required under section 53a.

(b) 100% of the reimbursement required under subsection (6).

(c) 100% of the payment required under section 54.

(d) 100% of the payment required under subsection (3).

(e) 100% of the payment required under subsection (8).

(f) 100% of the payments under section 56.

(14) The allocations under subsection (2), subsection (3), and subsection (12) shall be allocations to intermediate districts only and shall not be allocations to districts, but instead shall be calculations used only to determine the state payments under section 22b.

388.1651c Reimbursement for percentage of special education and special education transportation costs.

Sec. 51c. As required by the court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492, from the allocation under section 51a(1), there is allocated for 2001-2002 and for 2002-2003 the amount necessary, estimated at $576,100,000.00 for 2001-2002 and $621,900,000.00 for 2002-2003, for payments

to reimburse districts for 28.6138% of total approved costs of special education excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 22b in order to fully fund those calculated allocations for the same fiscal year.

388.1651d Federally funded special education programs; distribution; payment schedule; "DED-OSERS" defined.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is allocated for 2002-2003 all available federal funding, estimated at $59,837,200.00, for special education programs that are funded by federal grants. All federal funds allocated under this section shall be distributed in accordance with federal law. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the federal funds allocated under subsection (1), the following amounts are allocated for 2002-2003:

(a) An amount estimated at $16,000,000.00 for handicapped infants and toddlers, funded from DED-OSERS, handicapped infants and toddlers funds.

(b) An amount estimated at $13,500,000.00 for preschool grants (Public Law 94-142), funded from DED-OSERS, handicapped preschool incentive funds.

(c) An amount estimated at $30,337,200.00 for special education programs funded by DED-OSERS, handicapped program, individuals with disabilities act funds.

(3) As used in this section, "DED-OSERS" means the United States department of education office of special education and rehabilitative services.

388.1653a Special education programs and services; reimbursement of total approved costs; limitation; costs of transportation; allocation.

Sec. 53a. (1) For districts, reimbursement for pupils described in subsection (2), reimbursement shall be 100% of the total approved costs of operating special education programs and services approved by the department and included in the intermediate district plan adopted pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766, minus the district's foundation allowance calculated under section 20, and minus the amount calculated for the district under section 20j. For intermediate districts, reimbursement for pupils described in section (2) shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, and the amount calculated for that district under section 20j. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(2) Reimbursement under subsection (1) is for the following special education pupils:

(a) Pupils assigned to a district or intermediate district through the community placement program of the courts or a state agency, if the pupil was a resident of another intermediate district at the time the pupil came under the jurisdiction of the court or a state agency.

(b) Pupils who are residents of institutions operated by the department of community health.

(c) Pupils who are former residents of department of community health institutions for the developmentally disabled who are placed in community settings other than the pupil's home.

(d) Pupils enrolled in a department-approved on-grounds educational program longer than 180 days, but not longer than 233 days, at a residential child care institution, if the child care institution offered in 1991-92 an on-grounds educational program longer than 180 days but not longer than 233 days.

(e) Pupils placed in a district by a parent for the purpose of seeking a suitable home, if the parent does not reside in the same intermediate district as the district in which the pupil is placed.

(3) Only those costs that are clearly and directly attributable to educational programs for pupils described in subsection (2), and that would not have been incurred if the pupils were not being educated in a district or intermediate district, are reimbursable under this section.

(4) The costs of transportation shall be funded under this section and shall not be reimbursed under section 58.

(5) Not more than $14,800,000.00 each fiscal year for 2001-2002 and 2002-2003, of the allocation in section 51a(1) shall be allocated under this section.

(6) From the allocation in subsection (5), there is allocated each fiscal year for 2001-2002 and for 2002-2003 an amount not to exceed $150,000.00 to an intermediate district that received at least $1,000,000.00 for 1999-2000 under subsection (4).

388.1654 Intermediate district to receive amount for pupil attending Michigan schools for the deaf and blind.

Sec. 54. In addition to the aid received under section 52, each intermediate district shall receive an amount per pupil for each pupil in attendance at the Michigan schools for the deaf and blind. The amount shall be proportionate to the total instructional cost at each school. Not more than $1,688,000.00 each fiscal year for 2001-2002 and 2002-2003 of the allocation in section 51a(1) shall be allocated under this section.

388.1655 Allocation to west Michigan center for autism spectrum disorders at Grand Valley state university.

Sec. 55. From the state school aid fund money appropriated in section 11, there is allocated $500,000.00 for 2002-2003 to the west Michigan center for autism spectrum disorders located at Grand Valley State University for developing cooperative programs with area districts and intermediate districts to provide services to qualifying pupils. This funding is for development costs in 2002-2003 and is intended to continue to fund operational and program costs in succeeding fiscal years.

388.1656 Definitions; reimbursement to intermediate districts levying millages for special education; limitation; distribution plan; computation.

Sec. 56. (1) For the purposes of this section:

(a) "Membership" means for a particular fiscal year the total membership for the immediately preceding fiscal year of the intermediate district and the districts constituent to the intermediate district.

(b) "Millage levied" means the millage levied for special education pursuant to part 30 of the revised school code, MCL 380.1711 to 380.1743, including a levy for debt service obligations.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district, except that if a district has elected not to come under part 30 of the revised school code, MCL 380.1711 to 380.1743, membership and taxable value of the district shall not be included in the membership and taxable value of the intermediate district.

(2) From the allocation under section 51a(1), there is allocated an amount not to exceed $37,900,000.00 for 2001-2002 and an amount not to exceed $38,120,000.00 for 2002-2003 to reimburse intermediate districts levying millages for special education pursuant to part 30 of the revised school code, MCL 380.1711 to 380.1743. The purpose, use, and expenditure of the reimbursement shall be limited as if the funds were generated by these millages and governed by the intermediate district plan adopted pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. As a condition of receiving funds under this section, an intermediate district distributing any portion of special education millage funds to its constituent districts shall submit for departmental approval and implement a distribution plan.

(3) Reimbursement for those millages levied in 2000-2001 shall be made in 2001-2002 at an amount per 2000-2001 membership pupil computed by subtracting from $119,200.00 the 2000-2001 taxable value behind each membership pupil and multiplying the resulting difference by the 2000-2001 millage levied. Reimbursement for those millages levied in 2001-2002 shall be made in 2002-2003 at an amount per 2001-2002 membership pupil computed by subtracting from $125,900.00 the 2001-2002 taxable value behind each membership pupil and multiplying the resulting difference by the 2001-2002 millage levied.

388.1657 Gifted and talented pupils; support services; summer institutes; development and operation of comprehensive programs.

Sec. 57. (1) From the appropriation in section 11, there is allocated an amount not to exceed $600,000.00 each fiscal year for 2001-2002 and for 2002-2003 to applicant intermediate districts that provide support services for the education of gifted and talented pupils. An intermediate district is entitled to 75% of the actual salary, but not to exceed $25,000.00 reimbursement for an individual salary, of a support services teacher approved by the department, and not to exceed $4,000.00 reimbursement for expenditures to support program costs, excluding in-county travel and salary, as approved by the department.

(2) From the appropriation in section 11, there is allocated an amount not to exceed $400,000.00 each fiscal year for 2001-2002 and for 2002-2003 to support part of the cost of summer institutes for gifted and talented students. This amount shall be contracted to applicant intermediate districts in cooperation with a local institution of higher education and shall be coordinated by the department.

(3) From the appropriation in section 11, there is allocated an amount not to exceed $4,000,000.00 each fiscal year for 2001-2002 and for 2002-2003 for the development and operation of comprehensive programs for gifted and talented pupils. An eligible district or consortium of districts shall receive an amount not to exceed $100.00 per K-12 pupil for up to 5% of the district's or consortium's K-12 membership for the immediately preceding fiscal year with a minimum total grant of $6,000.00. Funding shall be provided in the following order: the per pupil allotment, and then the minimum total grant of $6,000.00 to individual districts. An intermediate district may act as the fiscal agent for a consortium of districts. In order to be eligible for funding under this subsection, the district or

consortium of districts shall submit each year a current 3-year plan for operating a comprehensive program for gifted and talented pupils and the district or consortium shall demonstrate to the department that the district or consortium will contribute matching funds of at least $50.00 per K-12 pupil. The plan or revised plan shall be developed in accordance with criteria established by the department and shall be submitted to the department for approval. Within the criteria, the department shall encourage the development of consortia among districts of less than 5,000 memberships.

388.1661a Vocational-technical programs; added cost; reimbursement for local vocational administration, shared-time vocational administration, and career education planning district vocational-technical administration; allocation.

Sec. 61a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $31,027,600.00 each fiscal year for 2001-2002 and for 2002-2003 to reimburse on an added cost basis districts, except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, and secondary area vocational-technical education centers for secondary-level vocational-technical education programs, including parenthood education programs, according to rules approved by the superintendent. Applications for participation in the programs shall be submitted in the form prescribed by the department. The department shall determine the added cost for each vocational-technical program area. The allocation of added cost funds shall be based on the type of vocational-technical programs provided, the number of pupils enrolled, and the length of the training period provided, and shall not exceed 75% of the added cost of any program. With the approval of the department, the board of a district maintaining a secondary vocational-technical education program may offer the program for the period from the close of the school year until September 1. The program shall use existing facilities and shall be operated as prescribed by rules promulgated by the superintendent.

(2) Except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, districts and intermediate districts shall be reimbursed for local vocational administration, shared time vocational administration, and career education planning district vocational-technical administration. The definition of what constitutes administration and reimbursement shall be pursuant to guidelines adopted by the superintendent. Not more than $800,000.00 of the allocation in subsection (1) shall be distributed under this subsection.

(3) From the allocation in subsection (1), there is allocated an amount not to exceed $388,700.00 each fiscal year to intermediate districts with constituent districts that had combined state and local revenue per membership pupil in the 1994-95 state fiscal year of $6,500.00 or more, served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, and had an adjustment made to their 1994-95 combined state and local revenue per membership pupil pursuant to section 20d. The payment under this subsection to the intermediate district shall equal the amount of the allocation to the intermediate district for 1996-97 under this subsection.

388.1662 Definitions; vocational-technical education programs; limitation.

Sec. 62. (1) For the purposes of this section:

(a) "Membership" means for a particular fiscal year the total membership for the immediately preceding fiscal year of the intermediate district and the districts constituent to the intermediate district or the total membership for the immediately preceding fiscal year of the area vocational-technical program.

(b) "Millage levied" means the millage levied for area vocational-technical education pursuant to sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, including a levy for debt service obligations incurred as the result of borrowing for capital outlay projects and in meeting capital projects fund requirements of area vocational-technical education.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district or area vocational-technical education program, except that if a district has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, the membership and taxable value of that district shall not be included in the membership and taxable value of the intermediate district. However, the membership and taxable value of a district that has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, shall be included in the membership and taxable value of the intermediate district if the district meets both of the following:

(*i*) The district operates the area vocational-technical education program pursuant to a contract with the intermediate district.

(*ii*) The district contributes an annual amount to the operation of the program that is commensurate with the revenue that would have been raised for operation of the program if millage were levied in the district for the program under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690.

(2) From the appropriation in section 11, there is allocated an amount not to exceed $9,810,000.00 for 2001-2002 and an amount not to exceed $9,860,000.00 for 2002-2003 to reimburse intermediate districts and area vocational-technical education programs established under section 690(3) of the revised school code, MCL 380.690, levying millages for area vocational-technical education pursuant to sections 681 to 690 of the revised school code, MCL 380.681 to 380.690. The purpose, use, and expenditure of the reimbursement shall be limited as if the funds were generated by those millages.

(3) Reimbursement for the millages levied in 2000-2001 shall be made in 2001-2002 at an amount per 2000-2001 membership pupil computed by subtracting from $122,300.00 the 2000-2001 taxable value behind each membership pupil, and multiplying the resulting difference by the 2000-2001 millage levied. Reimbursement for the millages levied in 2001-2002 shall be made in 2002-2003 at an amount per 2001-2002 membership pupil computed by subtracting from $130,200.00 the 2001-2002 taxable value behind each membership pupil, and multiplying the resulting difference by the 2001-2002 millage levied.

388.1667 Michigan career preparation system grants; allocations; definitions.

Sec. 67. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $350,000.00 each fiscal year for 2001-2002 and for 2002-2003 for Michigan career preparation system grants under this section.

(2) From the allocation in subsection (1), there is allocated $150,000.00 each fiscal year for 2001-2002 and for 2002-2003 to the department to identify uniform career competency standards and assessments for career clusters, to establish a statewide information system on current and anticipated employment opportunities and the required level of skills and education required for employment.

(3) From the allocation in subsection (1), there is allocated $100,000.00 each fiscal year for 2001-2002 and for 2002-2003 to the department to provide information to parents, pupils, school personnel, employers, and others regarding opportunities to receive integrated academic and technical preparation in the public schools of this state.

(4) From the allocation in subsection (1), there is allocated $100,000.00 each fiscal year for 2001-2002 and for 2002-2003 to the department to provide technical assistance to eligible education agencies and workforce development boards.

(5) As used in this section and in section 68:

(a) "Advanced career academy" means a career-technical education program operated by a district, by an intermediate district, or by a public school academy, that applies for and receives advanced career academy designation from the department. To receive this designation, a career-technical education program shall meet criteria established by the department, which criteria shall include at least all of the following:

(*i*) Operation of programs for those career clusters identified by the department as being eligible for advanced career academy status.

(*ii*) Involvement of employers in the design and implementation of career-technical education programs.

(*iii*) A fully integrated program of academic and technical education available to pupils.

(*iv*) Demonstration of an established career preparation system resulting in industry-validated career ladders for graduates of the program, including, but not limited to, written articulation agreements with postsecondary institutions to allow pupils to receive advanced college placement and credit or federally registered apprenticeships, as applicable.

(b) "Career cluster" means a grouping of occupations from 1 or more industries that share common skill requirements.

(c) "Career preparation system" is a system of programs and strategies providing pupils with opportunities to prepare for success in careers of their choice.

(d) "Department" means the department of career development.

(e) "Eligible education agency" means a district, intermediate district, or advanced career academy that participates in an approved regional career preparation plan.

(f) "FTE" means full-time equivalent pupil as determined by the department.

(g) "Workforce development board" means a local workforce development board established pursuant to the workforce investment act of 1998, Public Law 105-220, 112 Stat. 936, and the school-to-work opportunities act of 1994, Public Law 103-239, 108 Stat. 568, or the equivalent.

(h) "Strategic plan" means a department-approved comprehensive plan prepared by a workforce development board with input from local representatives, including the education advisory group, that includes career preparation system goals and objectives for the region.

388.1668 Michigan career preparation system; allocations and regional career preparation plan; review by education advisory group.

Sec. 68. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $21,850,000.00 each fiscal year for 2001-2002 and for 2002-2003 to be used to implement the Michigan career preparation system in the corresponding school years as provided under this section. In order to receive funds under this section, an eligible education agency shall be part of an approved regional career preparation plan under subsection (2) and shall agree to expend the funds required under this section in accordance with the regional career preparation plan. Funds awarded under this section that are not expended in accordance with this section may be recovered by the department.

(2) In order to receive funding under this section, an eligible education agency shall be a part of an approved 3-year regional career preparation plan that is consistent with the workforce development board's strategic plan and is as described in this subsection. All of the following apply to a regional career preparation plan:

(a) A 3-year regional career preparation plan shall be developed under subdivisions (b), (c), and (d) for all public education agencies participating as part of a regional career preparation system within the geographical boundaries of a workforce development board, and revised annually. If an intermediate district is located within the geographical boundaries of more than 1 workforce development board, the board of the intermediate district shall choose 1 workforce development board with which to align and shall notify the department of this choice not later than October 31, 1997.

(b) The regional career preparation plan shall be developed by representatives of the education advisory group of each workforce development board in accordance with guidelines developed under former section 67(5), and in accordance with subdivisions (d) and (e). All of the following shall be represented on each education advisory group: workforce development board members, other employers, labor, districts, intermediate districts, postsecondary institutions, career/technical educators, parents of public school pupils, and academic educators. The representatives of districts, intermediate districts, and postsecondary institutions appointed to the education advisory group by the workforce development board shall be individuals designated by the board of the district, intermediate district, or postsecondary institution.

(c) By majority vote, the education advisory group may nominate 1 education representative, who may or may not be a member of the education advisory group, for appointment to the workforce development board. This education representative shall be in addition to existing education representation on the workforce development board. This education representative shall meet all workforce development board membership requirements.

(d) The components of the regional career preparation plan shall include, but are not limited to, all of the following:

(*i*) The roles of districts, intermediate districts, advanced career academies, postsecondary institutions, employers, labor representatives, and others in the career preparation system.

(*ii*) Programs to be offered, including at least career exploration activities, for middle school pupils.

(*iii*) Identification of integrated academic and technical curriculum, including related professional development training for teachers.

(*iv*) Identification of work-based learning opportunities for pupils and for teachers and other school personnel.

(*v*) Identification of testing and assessments that will be used to measure pupil achievement.

(*vi*) Identification of all federal, state, local, and private sources of funding available for career preparation activities in the region.

(e) The education advisory group shall develop a 3-year regional career preparation plan consistent with the workforce development board's strategic plan and submit the plan to the department for final approval. The submission to the department shall also include statements signed by the chair of the education advisory group and the chair of the workforce development board certifying that the plan has been reviewed by each entity. Upon department approval, all eligible education agencies designated in the

regional career preparation plan as part of the career preparation delivery system are eligible for funding under this section.

(3) Funding under this section shall be distributed to eligible education agencies for allowable costs defined in this subsection and identified as necessary costs for implementing a regional career preparation plan, as follows:

(a) The department shall rank all career clusters, including career exploration, guidance, and counseling. Rank determination will be based on median salary data in career clusters and employment opportunity data provided by the council for career preparation standards. In addition, rank determination shall be based on placement data available for prior year graduates of the programs in the career clusters either in related careers or postsecondary education. The procedure for ranking of career clusters shall be determined by the department.

(b) Allowable costs to be funded under this section shall be determined by the department. Budgets submitted by eligible education agencies to the department in order to receive funding shall identify funds and in-kind contributions from the regional career education plan, excluding funds or in-kind contributions available as a result of funding received under section 61a, equal to at least 100% of anticipated funding under this section. Eligible categories of allowable costs are the following:

(*i*) Career exploration, guidance, and counseling.

(*ii*) Curriculum development, including integration of academic and technical content, and professional development for teachers directly related to career preparation.

(*iii*) Technology and equipment determined to be necessary.

(*iv*) Supplies and materials directly related to career preparation programs.

(*v*) Work-based learning expenses for pupils, teachers, and counselors.

(*vi*) Evaluation, including career competency testing and peer review.

(*vii*) Career placement services.

(*viii*) Student leadership organizations integral to the career preparation system.

(*ix*) Up to 10% of the allocation to an eligible education agency may be expended for planning, coordination, direct oversight, and accountability for the career preparation system.

(c) The department shall calculate career preparation costs per FTE for each career cluster, including career exploration, guidance, and counseling, by dividing the allowable costs for each career cluster by the prior year FTE enrollment for each career cluster. Distribution to eligible education agencies shall be the product of 50% of career preparation costs per FTE times the current year FTE enrollment of each career cluster. This allocation shall be distributed to eligible education agencies in decreasing order of the career cluster ranking described in subdivision (a) until the money allocated for grant recipients in this section is distributed. Beginning in 2001-2002, funds shall be distributed to eligible education agencies according to workforce development board geographic area consistent with subsection (2)(a) based upon the proportion of each workforce development board area's K-12 public school membership to the total state K-12 public school membership.

(4) The department shall establish a review procedure for assessing the career preparation system in each region.

(5) An education advisory group is responsible for assuring the quality of the career preparation system. An education advisory group shall review the career preparation system in accordance with evaluation criteria established by the department.

(6) An education advisory group shall report its findings and recommendations for changes to the participating eligible education agencies, the workforce development board, and the department.

(7) The next revision of a regional career preparation plan shall take into account the findings of the education advisory group in accordance with evaluation criteria established by the department in order for the affected education agencies to receive continued funding under this section.

388.1674 School bus driver safety instruction or driver skills road tests; cost of instruction and driver compensation; nonspecial education auxiliary services transportation.

Sec. 74. (1) From the amount appropriated in section 11, there is allocated an amount not to exceed $1,625,000.00 each fiscal year for 2001-2002 and for 2002-2003 for the purposes of subsections (2) and (3).

(2) From the allocation in subsection (1), there is allocated each fiscal year the amount necessary for payments to state supported colleges or universities and intermediate districts providing school bus driver safety instruction or driver skills road tests pursuant to sections 51 and 52 of the pupil transportation act, 1990 PA 187, MCL 257.1851 and 257.1852. The payments shall be in an amount determined by the department not to exceed 75% of the actual cost of instruction and driver compensation for each public or nonpublic school bus driver attending a course of instruction. For the purpose of computing compensation, the hourly rate allowed each school bus driver shall not exceed the hourly rate received for driving a school bus. Reimbursement compensating the driver during the course of instruction or driver skills road tests shall be made by the department to the college or university or intermediate district providing the course of instruction.

(3) From the allocation in subsection (1), there is allocated each fiscal year the amount necessary to pay the reasonable costs of nonspecial education auxiliary services transportation provided pursuant to section 1323 of the revised school code, MCL 380.1323. Districts funded under this subsection shall not receive funding under any other section of this act for nonspecial education auxiliary services transportation.

388.1681 Allocations to intermediate districts; amounts; report of adjustment and amount of increase; employment of person trained in pupil counting.

Sec. 81. (1) Except as otherwise provided in this section, from the appropriation in section 11, there is allocated each fiscal year for 2001-2002 and for 2002-2003 to the intermediate districts the sum necessary, but not to exceed $92,170,800.00 for 2001-2002 and not to exceed $95,028,100.00 for 2002-2003 to provide state aid to intermediate districts under this section. Except as otherwise provided in this section, there shall be allocated to each intermediate district for 2001-2002 an amount equal to 105% of the amount of funding actually received by the intermediate district under this subsection for 2000-2001. Except as otherwise provided in this section, there shall be allocated to each intermediate district for 2002-2003 an amount equal to 103.1% of the amount of funding actually received by the intermediate district under this subsection for 2001-2002. Funding provided under this section shall be used to comply with requirements of this act and the revised school code that are applicable to intermediate districts, and for which funding is not provided elsewhere in this act, and to provide technical assistance to districts as authorized by the intermediate school board.

(2) From the allocation in subsection (1), there is allocated to an intermediate district, formed by the consolidation or annexation of 2 or more intermediate districts or the

attachment of a total intermediate district to another intermediate school district or the annexation of all of the constituent K-12 districts of a previously existing intermediate school district which has disorganized, an additional allotment of $3,500.00 each fiscal year for each intermediate district included in the new intermediate district for 3 years following consolidation, annexation, or attachment.

(3) If an intermediate district participated in 1993-94 in a consortium operating a regional educational media center under section 671 of the revised school code, MCL 380.671, and rules promulgated by the superintendent, and if the intermediate district obtains written consent from each of the other intermediate districts that participated in the consortium in 1993-94, the intermediate district may notify the department not later than December 30 of the current fiscal year that it is electing to directly receive its payment attributable to participation in that consortium. An intermediate district making that election, and that has obtained the necessary consent, shall receive each fiscal year for 2001-2002 or for 2002-2003, as applicable, for each pupil in membership in the intermediate district or a constituent district an amount equal to the quotient of the 1993-94 allocation to the fiscal agent for that consortium under former section 83, adjusted as determined by the department to account for that election, divided by the combined total membership for the current fiscal year in all of the intermediate districts that participated in that consortium and their constituent districts. The amount allocated to an intermediate district under this subsection for a fiscal year shall be deducted from the total allocation for that fiscal year under this section to the intermediate district that was the 1993-94 fiscal agent for the consortium.

(4) During a fiscal year, the department shall not increase an intermediate district's allocation under subsection (1) because of an adjustment made by the department during the fiscal year in the intermediate district's taxable value for a prior year. Instead, the department shall report the adjustment and the estimated amount of the increase to the house and senate fiscal agencies and the state budget director not later than June 1 of the fiscal year, and the legislature shall appropriate money for the adjustment in the next succeeding fiscal year.

(5) In order to receive funding under this section, an intermediate district shall demonstrate to the satisfaction of the department that the intermediate district employs at least 1 person who is trained in pupil counting procedures, rules, and regulations.

388.1694 Technical assistance to districts for school accreditation purposes.

Sec. 94. From the general fund money appropriated in section 11, there is allocated to the department an amount not to exceed $3,000,000.00 for 2001-2002 and an amount not to exceed $2,000,000.00 for 2002-2003 to provide technical assistance to districts for school accreditation purposes as described in section 1280 of the revised school code, MCL 380.1280.

388.1694a Center for educational performance and information.

Sec. 94a. (1) There is created within the office of the state budget director in the department of management and budget the center for educational performance and information. The center shall do all of the following:

(a) Coordinate the collection of all data required by state and federal law from all entities receiving funds under this act.

(b) Collect data in the most efficient manner possible in order to reduce the administrative burden on reporting entities.

(c) Establish procedures to ensure the validity and reliability of the data and the collection process.

(d) Develop state and model local data collection policies, including, but not limited to, policies that ensure the privacy of individual student data. State privacy policies shall ensure that student social security numbers are not released to the public for any purpose.

(e) Provide data in a useful manner to allow state and local policymakers to make informed policy decisions.

(f) Provide reports to the citizens of this state to allow them to assess allocation of resources and the return on their investment in the education system of this state.

(g) Assist all entities receiving funds under this act in complying with audits performed according to generally accepted accounting procedures.

(h) Other functions as assigned by the state budget director.

(2) The state budget director shall appoint a CEPI advisory committee, consisting of the following members:

(a) One representative from the house fiscal agency.

(b) One representative from the senate fiscal agency.

(c) One representative from the office of the state budget director.

(d) One representative from the state education agency.

(e) One representative each from the department of career development and the department of treasury.

(f) Three representatives from intermediate school districts.

(g) One representative from each of the following educational organizations:

(*i*) Michigan association of school boards.

(*ii*) Michigan association of school administrators.

(*iii*) Michigan school business officials.

(h) One representative representing private sector firms responsible for auditing school records.

(i) Other representatives as the state budget director determines are necessary.

(3) The CEPI advisory committee appointed under subsection (2) shall provide advice to the director of the center regarding the management of the center's data collection activities, including, but not limited to:

(a) Determining what data is necessary to collect and maintain in order to perform the center's functions in the most efficient manner possible.

(b) Defining the roles of all stakeholders in the data collection system.

(c) Recommending timelines for the implementation and ongoing collection of data.

(d) Establishing and maintaining data definitions, data transmission protocols, and system specifications and procedures for the efficient and accurate transmission and collection of data.

(e) Establishing and maintaining a process for ensuring the accuracy of the data.

(f) Establishing and maintaining state and model local policies related to data collection, including, but not limited to, privacy policies related to individual student data.

(g) Ensuring the data is made available to state and local policymakers and citizens of this state in the most useful format possible.

(h) Other matters as determined by the state budget director or the director of the center.

(4) The center may enter into any interlocal agreements necessary to fulfill its functions.

(5) From the general fund appropriation in section 11, there is allocated an amount not to exceed $2,332,000.00 for 2001-2002 for payments to the center. From the general fund appropriation in section 11, there is allocated an amount not to exceed $4,500,000.00 for 2002-2003 to the department of management and budget to support the operations of the center. The center shall cooperate with the state education agency to ensure that this state is in compliance with federal law and is maximizing opportunities for increased federal funding to improve education in this state. In addition, from the federal funds appropriated in section 11 for 2002-2003, there is allocated the following amounts in order to fulfill federal reporting requirements:

(a) An amount estimated at $1,000,000.00 funded from DED-OESE, title I, disadvantaged children funds.

(b) An amount estimated at $284,700.00 funded from DED-OESE, title I, reading first state grant funds.

(c) An amount estimated at $46,750.00 funded from DED-OESE, title I, migrant education funds.

(d) An amount estimated at $500,000.00 funded from DED-OESE, improving teacher quality funds.

(e) An amount estimated at $526,100.00 funded from DED-OESE, drug-free schools and communities funds.

(6) Funds allocated under this section that are not expended in the fiscal year in which they were allocated may be carried forward to a subsequent fiscal year. From the funds allocated for 1999-2000 that were carried forward under this section and from the general funds appropriated under this section for 2002-2003, the center shall make grants to intermediate districts for the purpose of assisting the intermediate districts and their constituent districts in data collection required by state and federal law or necessary for audits according to generally accepted accounting procedures. Grants to each intermediate district shall be made at the rate of $2.00 per each full-time equated membership pupil times the total number of 2000-2001 pupils in membership in the intermediate district and its constituent districts. An intermediate district shall develop a plan in cooperation with its constituent districts to distribute the grants between the intermediate district and its constituent districts. These grants shall be paid to intermediate districts no later than the next regularly scheduled school aid payment after the effective date of this section.

(7) If the applicable intermediate district determines that the pupil counts submitted by a district for the February 2002 supplemental pupil count using the single record student database cannot be audited by the intermediate district pursuant to section 101, all of the following apply:

(a) The district may submit its pupil count data for the February 2002 supplemental pupil count using the education data network system.

(b) If the applicable intermediate district determines that the pupil counts submitted by the district for the 2002-2003 pupil membership count day using the single record student database cannot be audited by the intermediate district pursuant to section 101, the district may submit its pupil count data for the 2002-2003 pupil membership count day using the education data network system.

(8) As used in this section:

(a) "Center" means the center for educational performance and information created under this section.

(b) "DED-OESE" means the United States department of education office of elementary and secondary education.

(c) "State education agency" means the department.

388.1696 Golden apple awards.

Sec. 96. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed $0.00 for 2001-2002 and $1,320,000.00 for 2002-2003 for golden apple awards under this section. The awards shall be based on elementary school achievement on the fourth grade and fifth grade Michigan education assessment program (MEAP) tests.

(2) To be eligible for a golden apple award, an elementary school shall meet all of the following:

(a) Has at least 50 pupils in membership.

(b) At least 90% of the fourth and fifth grade pupils enrolled and in regular daily attendance in the school on the pupil membership count day in that school year took the applicable MEAP tests.

(c) Meets 1 or both of the following:

(*i*) The composite score for the pupils in the school who took the applicable MEAP tests increased by at least 60 points over the 2 consecutive school years immediately preceding the state fiscal year in which the award is given.

(*ii*) The test scores for the pupils in the school who took the applicable MEAP tests are among the highest elementary school scores statewide, as determined by the department of treasury, for that school year.

(3) A golden apple award under this section shall be allocated to and used by a district exclusively for the purpose of distributing funds to each eligible elementary school. Beginning in 2002-2003, the monetary amount of a golden apple award shall be $10,000.00 to be allocated to each eligible elementary school. All money allocated under this section shall be used for school improvements, as determined collectively by a majority vote of the full-time employees of the eligible elementary school.

388.1698 Michigan virtual high school; powers and duties of Michigan virtual university.

Sec. 98. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed $1,500,000.00 for 2001-2002 and an amount not to exceed $5,000,000.00 for 2002-2003 to the department to provide a grant to the Michigan virtual university for the development, implementation, and operation of the Michigan virtual high school and to fund other purposes described in this section. In addition, from the federal funds appropriated in section 11, there is allocated each fiscal year for 2001-2002 and 2002-2003 the following amounts:

(a) An amount estimated at $3,251,800.00 from DED-OESE, title II, improving teacher quality funds.

(b) An amount estimated at $1,188,000.00 from DED-OESE, title II, educational technology grants funds.

(c) An amount estimated at $2,044,400.00 from DED-OESE, title V, innovative strategies grants funds.

(d) An amount estimated at $100,500.00 from DED-OESE, title VI, rural and low income schools grants funds.

(2) The Michigan virtual high school shall have the following goals:

(a) Significantly expand curricular offerings for high schools across this state through agreements with districts or licenses from other recognized providers. The Michigan virtual university shall explore options for providing rigorous civics curricula online.

(b) Create statewide instructional models using interactive multimedia tools delivered by electronic means, including, but not limited to, the internet, digital broadcast, or satellite network, for distributed learning at the high school level.

(c) Provide pupils with opportunities to develop skills and competencies through on-line learning.

(d) Offer teachers opportunities to learn new skills and strategies for developing and delivering instructional services.

(e) Accelerate this state's ability to respond to current and emerging educational demands.

(f) Grant high school diplomas through a dual enrollment method with districts.

(g) Act as a broker for college level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471, and dual enrollment courses from postsecondary education institutions.

(3) The Michigan virtual high school course offerings shall include, but are not limited to, all of the following:

(a) Information technology courses.

(b) College level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471.

(c) Courses and dual enrollment opportunities.

(d) Programs and services for at-risk pupils.

(e) General education development test preparation courses for adjudicated youth.

(f) Special interest courses.

(g) Professional development programs and services for teachers.

(4) From the allocation in subsection (1), there is allocated $3,500,000.00 for 2002-2003 for the purpose of developing innovative strategies to use wireless technology to improve student academic achievement in this state. The Michigan virtual university shall identify not more than 5 pilot project sites for these initiatives. The pilot project sites shall be geographically diverse and at least 1 of the pilot project sites shall be in the Upper Peninsula. The pilot projects shall be funded through public-private partnerships. In addition, the Michigan virtual university shall establish local fund matching requirements for the pilot project sites.

(5) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding the DED-OESE, title II, improving teacher quality funds as provided under this subsection. To the extent allowed under federal law, the Michigan virtual university shall address the unique issues of providing educational opportunities in rural communities. The memorandum of understanding under this subsection shall require that the Michigan virtual university coordinate the following activities related to DED-OESE, title II, improving teacher quality funds in accordance with federal law:

(a) Develop, and assist districts in the development and use of, proven, innovative strategies to deliver intensive professional development programs that are both

cost-effective and easily accessible, such as strategies that involve delivery through the use of technology, peer networks, and distance learning.

(b) Encourage and support the training of teachers and administrators to effectively integrate technology into curricula and instruction.

(c) Coordinate the activities of eligible partnerships that include higher education institutions for the purposes of providing professional development activities for teachers, paraprofessionals, and principals as defined in federal law.

(6) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding DED-OESE, title II, educational technology grants as provided under this subsection. The Michigan virtual university shall coordinate activities described in this subsection with the pilot project sites identified in subsection (4). The memorandum of understanding shall require that the Michigan virtual university coordinate the following state activities related to DED-OESE, title II, educational technology grants in accordance with federal law:

(a) Assist in the development of innovative strategies for the delivery of specialized or rigorous academic courses and curricula through the use of technology, including distance learning technologies.

(b) Establish and support public-private initiatives for the acquisition of educational technology for students in high-need districts.

(7) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding DED-OESE, title V, innovative strategies grants as provided under this subsection. The Michigan virtual university shall coordinate activities described in this subsection with the pilot project sites identified in subsection (4). The memorandum of understanding shall require the Michigan virtual university to coordinate the following state-level activities related to DED-OESE, title V, innovative strategies grants in accordance with federal law:

(a) Programs for the development or acquisition and use of instructional and educational materials, including computer software and hardware for instructional use, that will be used to improve student academic achievement as part of an overall education reform strategy.

(b) Programs and activities that expand learning opportunities through best-practice models designed to improve classroom learning and teaching.

(8) The state education agency shall sign a memorandum of understanding with the Michigan virtual university requiring that the Michigan virtual university coordinate the awarding of competitive grants to districts and state-level activities related to DED-OESE, title VI, rural and low income schools grants in accordance with federal law for the following purposes:

(a) Teacher professional development, including programs that train teachers to utilize technology, programs to improve teaching, and programs to train special needs teachers.

(b) Educational technology, including software and hardware, as described in federal law.

(9) Funds allocated under this section that are not expended in the state fiscal year for which they were allocated may be carried forward to a subsequent state fiscal year.

(10) The state education agency and the Michigan virtual university shall complete the memoranda of understanding required under this section within 60 days after the effective date of the amendatory act that added this subsection. It is the intent of the legislature that all plans or applications submitted by the state education agency to the

United States department of education relating to the distribution of federal funds under this section shall be for the purposes described in this section.

(11) As used in this section:

(a) "DED-OESE" means the United States department of education office of elementary and secondary education.

(b) "State education agency" means the department.

388.1699 Mathematics and science centers.

Sec. 99. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $9,684,300.00 each fiscal year for 2001-2002 and for 2002-2003, and from the general fund appropriation in section 11 there is allocated an amount not to exceed $548,000.00 each fiscal year for 2001-2002 and for 2002-2003, for implementing the comprehensive master plan for mathematics and science centers developed by the department and approved by the state board on February 17, 1993.

(2) Within a service area designated locally, approved by the department, and consistent with the master plan described in subsection (1), an established mathematics and science center shall address 2 or more of the following 6 basic services, as described in the master plan, to constituent districts and communities: leadership, pupil services, curriculum support, community involvement, professional development, and resource clearinghouse services.

(3) The department shall not award a grant under this section to more than 1 mathematics and science center located in a particular intermediate district unless each of the grants serves a distinct target population or provides a service that does not duplicate another program in the intermediate district.

(4) As part of the technical assistance process, the department shall provide minimum standard guidelines that may be used by the mathematics and science center for providing fair access for qualified pupils and professional staff as prescribed in this section.

(5) Allocations under this section to support the activities and programs of mathematics and science centers shall be continuing support grants to all 25 established mathematics and science centers and, subject to subsection (9), the 8 satellite extensions that were funded in 1996-97. Each established mathematics and science center that was funded in 1999-2000 shall receive an amount equal to 105.3% of the amount it received under this section in 1999-2000.

(6) In order to receive funds under this section, a grant recipient shall allow access for the department or the department's designee to audit all records related to the program for which it receives such funds. The grant recipient shall reimburse the state for all disallowances found in the audit.

(7) From the state school aid fund allocation under subsection (1), there is allocated an amount not to exceed $611,800.00 each fiscal year for 2001-2002 and for 2002-2003 for additional funding under this subsection for mathematics and science centers that have come into compliance with the comprehensive master plan described in subsection (1). These amounts are in addition to the funding determined under subsection (5) and are as follows for each of those fiscal years:

(a) $68,000.00 each to the central Michigan science, mathematics, and technology center; the Hillsdale-Lenawee-Monroe mathematics and science center; the St. Clair mathematics, science, and technology network; the Saginaw valley state university regional center; the Genesee area mathematics, science, and technology center; the Grand Traverse

area regional mathematics, science, and technology center; and the Livingston/Washtenaw mathematics and science center.

(b) $85,000.00 to the Grand valley state university regional mathematics and science center.

(c) $50,800.00 to the Seaborg center at Northern Michigan university.

(8) Not later than June 30, 2000, the department shall reevaluate and update the comprehensive master plan described in subsection (1), including any recommendations for upgrading satellite extensions to full centers.

(9) During the course of the 2000-2001 and 2001-2002 fiscal years, the department shall facilitate the conversion of the 8 existing satellite extensions to full mathematics and science centers. To this end, in 2000-2001 the department shall provide 4 satellite extensions, as selected by the department, with applications for conversion to full centers, and in 2001-2002 the department shall provide the remaining 4 satellite extensions with applications for conversion. The department shall provide the applications not later than October 15 of the applicable fiscal year; a satellite extension shall submit the application and a detail plan as prescribed by the department not later than November 15 of the applicable fiscal year; and the department shall review the applications and plans and notify the satellite extensions of their status not later than December 1 of the applicable fiscal year. The allocations under this section are sufficient to fund the conversion of the satellite extensions to full centers and to fund them as full centers.

388.1699a School health education curriculum; composition of comprehensive school education steering committee; request by parent or guardian to examine textbooks and materials.

Sec. 99a. (1) From the appropriation in section 11, there is allocated for 2002-2003 an amount not to exceed $3,180,000.00 for grants to intermediate districts and districts for providing a school health education curriculum. The curriculum provided, such as the Michigan model or another comprehensive school health curriculum, shall be in accordance with the health education goals established by the Michigan model for comprehensive school health education steering committee. This state steering committee shall be comprised of a representative from each of the following offices and departments:

(a) The department.

(b) The department of community health.

(c) The health administration in the department of community health.

(d) The bureau of mental and substance abuse services in the department of community health.

(e) The family independence agency.

(f) The department of state police.

(2) Upon written or oral request by a pupil who is at least 18 years of age or a parent or legal guardian of a pupil less than 18 years of age, school officials shall inform the pupil or parent, within a reasonable period of time after the request is made, of the content of a course in the health education curriculum and shall allow the pupil or parent to examine textbooks and other classroom materials that are provided to the pupil or materials that are presented to the pupil in the classroom. This subsection does not require a district to permit pupil or parental examination of test questions and answers, scoring keys, or other examination instruments or data used to administer an academic examination.

388.1701 Eligibility to receive state aid; filing certified and sworn copy of enrollment; failure to file; withholding state aid; falsification; minimum days and hours of pupil instruction; forfeiture; certification; strikes or teachers' conferences; rules; days not counted as days of pupil instruction; alternative scheduling program for pupils in kindergarten; waiver; certification of planned number of days and hours of pupil instruction; conditions requiring forfeiture; guidelines for providing minimum number of hours of instruction; application; waiver for alternative education program; counting professional development as pupil instruction.

Sec. 101. (1) To be eligible to receive state aid under this act, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent through the secretary of the district's board shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year, as provided under section 1561 of the revised school code, MCL 380.1561, shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district for the current school year pursuant to rules promulgated by the superintendent. Not later than the seventh Wednesday after the pupil membership count day and not later than the seventh Wednesday after the supplemental count day, the intermediate district shall transmit to the department the data filed by each of its constituent districts. If a district fails to file the sworn and certified copy with the intermediate superintendent in a timely manner, as required under this subsection, the intermediate district shall notify the department and state aid due to be distributed under this act shall be withheld from the defaulting district immediately, beginning with the next payment after the failure and continuing with each payment until the district complies with this subsection. If an intermediate district fails to transmit the data in its possession in a timely and accurate manner to the department, as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If a district or intermediate district does not comply with this subsection by the end of the fiscal year, the district or intermediate district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this act, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the department, in a form and manner prescribed by the department, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to transmit the audited data as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) Except as otherwise provided in this section, each district shall provide at least 180 days of pupil instruction and a number of hours of pupil instruction at least equal to

the required minimum number of hours of pupil instruction required for 2000-2001 under section 1284 of the revised school code, MCL 380.1284. Except as otherwise provided in this act, a district failing to hold 180 days of pupil instruction shall forfeit from its total state aid allocation for each day of failure an amount equal to 1/180 of its total state aid allocation. Except as otherwise provided in this act, a district failing to comply with the required minimum hours of pupil instruction under this subsection shall forfeit from its total state aid allocation an amount determined by applying a ratio of the number of hours the district was in noncompliance in relation to the required minimum number of hours under this subsection. A district failing to meet both the 180 days of pupil instruction requirement and the minimum number of hours of pupil instruction requirement under this subsection shall be penalized only the higher of the 2 amounts calculated under the forfeiture provisions of this subsection. Not later than August 1, the board of each district shall certify to the department the number of days and hours of pupil instruction in the previous school year. If the district did not hold at least 180 days and the required minimum number of hours of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (7). Days or hours lost because of strikes or teachers' conferences shall not be counted as days or hours of pupil instruction. A district not having at least 75% of the district's membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage. The superintendent shall promulgate rules for the implementation of this subsection.

(4) The first 2 days for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, or health conditions as defined by the city, county, or state health authorities, shall be counted as days of pupil instruction. Subsequent such days shall not be counted as days of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) Upon application by the district for a particular fiscal year, the superintendent may waive the minimum number of days of pupil instruction requirement of subsection (3) for a district if the district has adopted an experimental school year schedule in 1 or more buildings in the district if the experimental school year schedule provides the required minimum number of hours of pupil instruction under subsection (3) or more and is consistent with all state board policies on school improvement and restructuring. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section of part of its state aid allocation for the specific building or program covered by the waiver.

(7) Not later than April 15 of each fiscal year, the board of each district shall certify to the department the planned number of days and hours of pupil instruction in the district for the school year ending in the fiscal year. In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following has occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this act that is equal to the proportion below 180 days and

the required minimum number of hours of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least 180 days and the required minimum number of hours of pupil instruction under subsection (3) in a school year, including days counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least 180 days and the required minimum number of hours of pupil instruction under subsection (3) in a school year, including days counted under subsection (4).

(8) In providing the minimum number of hours of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) A pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(9) The department shall apply the guidelines under subsection (8) in calculating the full-time equivalency of pupils.

(10) Upon application by the district for a particular fiscal year, the superintendent may waive for a district the 180 days or minimum number of hours of pupil instruction requirement of subsection (3) for a department-approved alternative education program. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section for the specific program covered by the waiver.

(11) Beginning in 2000-2001, a district may count up to 51 hours of professional development for teachers as hours of pupil instruction. A district that elects to use this exception shall notify the department of its election.

388.1705 Counting nonresident pupils in membership; application and enrollment; procedures.

Sec. 105. (1) In order to avoid a penalty under this section, and in order to count a nonresident pupil residing within the same intermediate district in membership without the approval of the pupil's district of residence, a district shall comply with this section.

(2) Except as otherwise provided in this section, a district shall determine whether or not it will accept applications for enrollment by nonresident applicants residing within the same intermediate district for the next school year. If the district determines to accept applications for enrollment of a number of nonresidents, beyond those entitled to preference under this section, the district shall use the following procedures for accepting applications from and enrolling nonresidents:

(a) The district shall publish the grades, schools, and special programs, if any, for which enrollment may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) If the district has a limited number of positions available for nonresidents residing within the same intermediate district in a grade, school, or program, all of the following apply to accepting applications for and enrollment of nonresidents in that grade, school, or program:

(*i*) The district shall do all of the following not later than the second Friday in August:

(A) Provide notice to the general public that applications will be taken for a 15-day period from nonresidents residing within the same intermediate district for enrollment in that grade, school, or program. The notice shall identify the 15-day period and the place and manner for submitting applications.

(B) During the application period under sub-subparagraph (A), accept applications from nonresidents residing within the same intermediate district for enrollment in that grade, school, or program.

(C) Within 15 days after the end of the application period under sub-subparagraph (A), using the procedures and preferences required under this section, determine which nonresident applicants will be allowed to enroll in that grade, school, or program, using the random draw system required under subsection (13) as necessary, and notify the parent or legal guardian of each nonresident applicant of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(*ii*) Beginning on the third Monday in August and not later than the end of the first week of school, if any positions become available in a grade, school, or program due to accepted applicants failing to enroll or to more positions being added, the district may enroll nonresident applicants from the waiting list maintained under subsection (13), offering enrollment in the order that applicants appear on the waiting list. If there are still positions available after enrolling all applicants from the waiting list who desire to enroll, the district may not fill those positions until the second semester enrollment under subsection (3), as provided under that subsection, or until the next school year.

(c) For a grade, school, or program that has an unlimited number of positions available for nonresidents residing within the same intermediate district, all of the following apply to enrollment of nonresidents in that grade, school, or program:

(*i*) The district may accept applications for enrollment in that grade, school, or program, and may enroll nonresidents residing within the same intermediate district in that grade, school, or program, until the end of the first week of school. The district shall provide notice to the general public of the place and manner for submitting applications and, if the district has a limited application period, the notice shall include the dates of the application period. The application period shall be at least a 15-day period.

(*ii*) Not later than the end of the first week of school, the district shall notify the parent or legal guardian of each nonresident applicant who is accepted for enrollment that

the applicant has been accepted for enrollment in the grade, school, or program and of the date by which the applicant must enroll in the district and the procedures for enrollment.

(3) If a district determines during the first semester of a school year that it has positions available for enrollment of a number of nonresidents residing within the same intermediate district, beyond those entitled to preference under this section, for the second semester of the school year, the district may accept applications from and enroll nonresidents residing within the same intermediate district for the second semester using the following procedures:

(a) Not later than 2 weeks before the end of the first semester, the district shall publish the grades, schools, and special programs, if any, for which enrollment for the second semester may be available to, and for which applications will be accepted from, nonresident applicants residing within the same intermediate district.

(b) During the last 2 weeks of the first semester, the district shall accept applications from nonresidents residing within the same intermediate district for enrollment for the second semester in the available grades, schools, and programs.

(c) By the beginning of the second semester, using the procedures and preferences required under this section, the district shall determine which nonresident applicants will be allowed to enroll in the district for the second semester and notify the parent or legal guardian of each nonresident applicant residing within the same intermediate district of whether or not the applicant may enroll in the district. The notification to parents or legal guardians of nonresident applicants accepted for enrollment shall contain notification of the date by which the applicant must enroll in the district and procedures for enrollment.

(4) If deadlines similar to those described in subsection (2) or (3) have been established in an intermediate district, and if those deadlines are not later than the deadlines under subsection (2) or (3), the districts within the intermediate district may use those deadlines.

(5) A district offering to enroll nonresident applicants residing within the same intermediate district may limit the number of nonresident pupils it accepts in a grade, school, or program, at its discretion, and may use that limit as the reason for refusal to enroll an applicant.

(6) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based on intellectual, academic, artistic, or other ability, talent, or accomplishment, or lack thereof, or based on a mental or physical disability, except that a district may refuse to admit a nonresident applicant if the applicant does not meet the same criteria, other than residence, that an applicant who is a resident of the district must meet to be accepted for enrollment in a grade or a specialized, magnet, or intra-district choice school or program to which the applicant applies.

(7) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based on age, except that a district may refuse to admit a nonresident applicant applying for a program that is not appropriate for the age of the applicant.

(8) A nonresident applicant residing within the same intermediate district shall not be granted or refused enrollment based upon religion, race, color, national origin, sex, height, weight, marital status, or athletic ability, or, generally, in violation of any state or federal law prohibiting discrimination.

(9) A district may refuse to enroll a nonresident applicant if the applicant is, or has been within the preceding 2 years, suspended from another school or if the applicant has ever been expelled from another school.

(10) A district shall continue to allow a pupil who was enrolled in and attended the district under this section in the school year or semester immediately preceding the school year or semester in question to enroll in the district until the pupil graduates from high school. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(11) A district shall give preference for enrollment under this section over all other nonresident applicants residing within the same intermediate district to other school-age children who reside in the same household as a pupil described in subsection (10).

(12) If a nonresident pupil was enrolled in and attending school in a district as a nonresident pupil in the 1995-96 school year and continues to be enrolled continuously each school year in that district, the district shall allow that nonresident pupil to continue to enroll in and attend school in the district until high school graduation, without requiring the nonresident pupil to apply for enrollment under this section. This subsection does not prohibit a district from expelling a pupil described in this subsection for disciplinary reasons.

(13) If the number of qualified nonresident applicants eligible for acceptance in a school, grade, or program does not exceed the positions available for nonresident pupils in the school, grade, or program, the school district shall accept for enrollment all of the qualified nonresident applicants eligible for acceptance. If the number of qualified nonresident applicants residing within the same intermediate district eligible for acceptance exceeds the positions available in a grade, school, or program in a district for nonresident pupils, the district shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders and subject to preferences allowed by this section. The district shall develop and maintain a waiting list based on the order in which nonresident applicants were drawn under this random draw system.

(14) If a district, or the nonresident applicant, requests the district in which a nonresident applicant resides to supply information needed by the district for evaluating the applicant's application for enrollment or for enrolling the applicant, the district of residence shall provide that information on a timely basis.

(15) If a district is subject to a court-ordered desegregation plan, and if the court issues an order prohibiting pupils residing in that district from enrolling in another district or prohibiting pupils residing in another district from enrolling in that district, this section is subject to the court order.

(16) This section does not require a district to provide transportation for a nonresident pupil enrolled in the district under this section or for a resident pupil enrolled in another district under this section. However, at the time a nonresident pupil enrolls in the district, a district shall provide to the pupil's parent or legal guardian information on available transportation to and from the school in which the pupil enrolls.

(17) If the total number of pupils enrolled and counted in membership in a district for 2001-2002 is less than 90% of the total number of pupils residing in the district who are enrolled and counted in membership in either that district or 1 or more other districts for 2001-2002, the total amount of money allocated to that district for 2001-2002 under sections 22a and 22b shall be adjusted so that the district receives a total allocation under those sections equal to the amount the district would receive under those sections if exactly 90% of the pupils residing in the district who are enrolled and counted in either that district or 1 or more other districts were enrolled and counted in membership in that district.

(18) Beginning in 2002-2003, if the total number of pupils enrolled and counted in membership in a district for a fiscal year is less than 90% of the sum of the total number

of pupils residing in the district who are enrolled and counted in membership for the fiscal year in that district plus the total number of pupils residing in that district who are enrolled and counted in membership for the fiscal year in 1 or more other districts under this section or section 105c, the department shall calculate the total amount of money that would be allocated to that district for the fiscal year under sections 22a and 22b if exactly 90% of the sum of the total number of pupils residing in the district who are enrolled and counted in membership for the fiscal year in that district plus the total number of pupils residing in that district who are enrolled and counted in membership for the fiscal year in 1 or more other districts under this section or section 105c were enrolled and counted in membership in that district for the fiscal year. The department shall use this calculation to calculate a payment under subsection (19).

(19) Subject to subsection (20), beginning in 2002-2003, the department shall make a payment to a district described in subsection (18) in an amount equal to a percentage of the difference between the total amount of money the district would receive under sections 22a and 22b for the particular fiscal year as otherwise calculated under this act and the amount calculated under subsection (18). This percentage is as follows:

(a) For 2002-2003, 75%.

(b) For 2003-2004, 50%.

(c) For 2004-2005, 25%.

(d) For 2005-2006 and succeeding fiscal years, 0%.

(20) A district is not eligible for a payment under subsection (19) if the district receives additional funding for the applicable fiscal year due to the membership calculation under section 6(4)(y).

(21) A district may participate in a cooperative education program with 1 or more other districts or intermediate districts whether or not the district enrolls any nonresidents pursuant to this section.

(22) A district that, pursuant to this section, enrolls a nonresident pupil who is eligible for special education programs and services according to statute or rule, or who is a child with disabilities, as defined under the individuals with disabilities education act, title VI of Public Law 91-230, shall be considered to be the resident district of the pupil for the purpose of providing the pupil with a free appropriate public education. Consistent with state and federal law, that district is responsible for developing and implementing an individualized education plan annually for a nonresident pupil described in this subsection.

(23) If a district does not comply with this section, the district forfeits 5% of the total state school aid allocation to the district under this act.

(24) Upon application by a district, the superintendent may grant a waiver for the district from a specific requirement under this section for not more than 1 year.

388.1707 Allocation for adult education programs.

Sec. 107. (1) From the appropriation in section 11, there is allocated an amount not to exceed $75,000,000.00 for 2001-2002 and an amount not to exceed $77,500,000.00 for 2002-2003 for adult education programs authorized under this section.

(2) To be eligible to be a participant funded under this section, a person shall be enrolled in an adult basic education program, an adult English as a second language program, a general education development (G.E.D.) test preparation program, a job or

employment related program, or a high school completion program, that meets the requirements of this section, and shall meet either of the following, as applicable:

(a) If the individual has obtained a high school diploma or a general education development (G.E.D.) certificate, the individual meets 1 of the following:

(*i*) Is less than 20 years of age on September 1 of the school year and is enrolled in the state technical institute and rehabilitation center.

(*ii*) Is less than 20 years of age on September 1 of the school year, is not attending an institution of higher education, and is enrolled in a job or employment-related program through a referral by an employer.

(*iii*) Is enrolled in an English as a second language program.

(*iv*) Is enrolled in a high school completion program.

(b) If the individual has not obtained a high school diploma or G.E.D. certificate, is at least 20 years of age on September 1 of the school year.

(3) The amount allocated under subsection (1) shall be distributed as follows:

(a) For districts and consortia that received payments for 1995-96 under former section 107f and that received payments for 1996-97 under subsection (4) of this section as in effect in 1996-97, the amount allocated to each for 2001-2002 and for 2002-2003 shall be an amount each fiscal year equal to 36.76% of the amount the district or consortium received for 1995-96 under former section 107f.

(b) For districts and consortia that received payments under subsection (3) of this section as in effect for 1996-97, the amount allocated to each for 2001-2002 and for 2002-2003 shall be an amount each fiscal year equal to the product of the number of full-time equated participants actually enrolled and in attendance during the 1996-97 school fiscal year in the program funded under subsection (3) of this section as in effect for 1996-97 as reported to the department of career development, audited, and adjusted according to subsection (10) of this section as in effect for 1996-97, multiplied by $2,750.00.

(c) For districts and consortia that meet the conditions of both subdivisions (a) and (b), the amount allocated each fiscal year for 2001-2002 and for 2002-2003 shall be the sum of the allocations to the district or consortium under subdivisions (a) and (b).

(d) A district or consortium that received funding in 1996-97 under this section as in effect for 1996-97 may operate independently of a consortium or join or form a consortium for 2001-2002 or for 2002-2003. The allocation for 2001-2002 or for 2002-2003 to the district or the newly formed consortium under this subsection shall be determined by the department of career development and shall be based on the proportion of the amounts specified in subdivision (a) or (b), or both, that are attributable to the district or consortium that received funding in 1996-97. A district or consortium described in this subdivision shall notify the department of career development of its intention with regard to 2001-2002 or 2002-2003 by October 1 of the affected fiscal year.

(4) A district that operated an adult education program in 1996-97 and does not intend to operate a program in 2001-2002 or 2002-2003 shall notify the department of career development by October 1 of the affected fiscal year of its intention. The funds intended to be allocated under this section to a district that does not operate a program in 2001-2002 or 2002-2003 and the unspent funds originally allocated under this section to a district or consortium that subsequently operates a program at less than the level of funding allocated under subsection (3) shall instead be proportionately reallocated to the other districts described in subsection (3)(a) that are operating an adult education program in 2001-2002 or 2002-2003 under this section.

(5) The amount allocated under this section per full-time equated participant is $2,850.00 for a 450-hour program. The amount shall be proportionately reduced for a program offering less than 450 hours of instruction.

(6) An adult basic education program or an adult English as a second language program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who are determined by an appropriate assessment to be below ninth grade level in reading or mathematics, or both, or to lack basic English proficiency.

(b) The program tests individuals for eligibility under subdivision (a) before enrollment and tests participants to determine progress after every 90 hours of attendance, using assessment instruments approved by the department of career development.

(c) A participant in an adult basic education program is eligible for reimbursement until 1 of the following occurs:

(*i*) The participant's reading and mathematics proficiency are assessed at or above the ninth grade level.

(*ii*) The participant fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction.

(d) A funding recipient enrolling a participant in an English as a second language program is eligible for funding according to subsection (10) until the participant meets 1 of the following:

(*i*) The participant is assessed as having attained basic English proficiency.

(*ii*) The participant fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction. The department of career development shall provide information to a funding recipient regarding appropriate assessment instruments for this program.

(7) A general education development (G.E.D.) test preparation program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who do not have a high school diploma.

(b) The program shall administer a G.E.D. pre-test approved by the department of career development before enrolling an individual to determine the individual's potential for success on the G.E.D. test, and shall administer other tests after every 90 hours of attendance to determine a participant's readiness to take the G.E.D. test.

(c) A funding recipient shall receive funding according to subsection (10) for a participant, and a participant may be enrolled in the program until 1 of the following occurs:

(*i*) The participant passes the G.E.D. test.

(*ii*) The participant fails to show progress on 2 successive tests used to determine readiness to take the G.E.D. test after having completed at least 450 hours of instruction.

(8) A high school completion program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who do not have a high school diploma.

(b) A funding recipient shall receive funding according to subsection (10) for a participant in a course offered under this subsection until 1 of the following occurs:

(*i*) The participant passes the course and earns a high school diploma.

(*ii*) The participant fails to earn credit in 2 successive semesters or terms in which the participant is enrolled after having completed at least 900 hours of instruction.

(9) A job or employment-related adult education program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults referred by their employer who are less than 20 years of age, have a high school diploma, are determined to be in need of remedial mathematics or communication arts skills and are not attending an institution of higher education.

(b) An individual may be enrolled in this program and the grant recipient shall receive funding according to subsection (10) until 1 of the following occurs:

(*i*) The individual achieves the requisite skills as determined by appropriate assessment instruments administered at least after every 90 hours of attendance.

(*ii*) The individual fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction. The department of career development shall provide information to a funding recipient regarding appropriate assessment instruments for this program.

(10) A funding recipient shall receive payments under this section in accordance with the following:

(a) Ninety percent for enrollment of eligible participants.

(b) Ten percent for completion of the adult basic education objectives by achieving an increase of at least 1 grade level of proficiency in reading or mathematics; for achieving basic English proficiency; for passage of the G.E.D. test; for passage of a course required for a participant to attain a high school diploma; or for completion of the course and demonstrated proficiency in the academic skills to be learned in the course, as applicable.

(11) As used in this section, "participant" means the sum of the number of full-time equated individuals enrolled in and attending a department-approved adult education program under this section, using quarterly participant count days on the schedule described in section 6(7)(b).

(12) A person who is not eligible to be a participant funded under this section may receive adult education services upon the payment of tuition. In addition, a person who is not eligible to be served in a program under this section due to the program limitations specified in subsection (6), (7), (8), or (9) may continue to receive adult education services in that program upon the payment of tuition. The tuition level shall be determined by the local or intermediate district conducting the program.

(13) An individual who is an inmate in a state correctional facility shall not be counted as a participant under this section.

(14) A district shall not commingle money received under this section or from another source for adult education purposes with any other funds of the district. A district receiving adult education funds shall establish a separate ledger account for those funds. This subsection does not prohibit a district from using general funds of the district to support an adult education or community education program.

(15) The department shall work with the department of education to ensure that this section is administered in the same manner as in 1998-99.

388.1708 Adult learning programs.

Sec. 108. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $20,000,000.00 for 2001-2002 and an amount not to exceed $20,000,000.00 for 2002-2003 for partnership for adult learning programs authorized under this section.

(2) To be eligible to be enrolled as a participant in an adult learning program funded under this section, a person shall be at least 16 years of age as of September 1 of the immediately preceding state fiscal year and shall meet the following, as applicable:

(a) If the individual has obtained a high school diploma or a general education development (G.E.D.) certificate, the individual is determined to have English language proficiency, reading, writing, or math skills below workforce readiness standards as determined by tests approved by the department of career development and is not enrolled in a postsecondary institution. An individual who has obtained a high school diploma is not eligible for enrollment in a G.E.D. test preparation program funded under this section.

(b) If the individual has not obtained a high school diploma or a G.E.D. certificate, the individual has not attended a secondary institution for at least 6 months before enrollment in an adult learning program funded under this section and is not enrolled in a post-secondary institution.

(3) From the allocation under subsection (1), an amount not to exceed $19,800,000.00 is allocated for 2001-2002 and an amount not to exceed $19,800,000.00 is allocated for 2002-2003 to local workforce development boards for the purpose of providing regional adult learning programs. An application for a grant under this subsection shall be in the form and manner prescribed by the department of career development. Subject to subsections (4), (5), and (6), the amount allocated to each local workforce development board shall be as provided in this subsection, except that an eligible local workforce development board shall not receive an initial allocation under this section that is less than $70,000.00. The maximum amount of a grant awarded to an eligible local workforce development board shall be the sum of the following components:

(a) Thirty-four percent of the allocation under this subsection multiplied by the proportion of the family independence agency caseload in the local workforce development board region to the statewide family independence agency caseload.

(b) Thirty-three percent of the allocation under this subsection multiplied by the proportion of the number of persons in the local workforce development board region over age 17 who have not received a high school diploma compared to the statewide total of persons over age 17 who have not received a high school diploma.

(c) Thirty-three percent of the allocation under this subsection multiplied by the proportion of the number of persons in the local workforce development board region over age 17 for whom English is not a primary language compared to the statewide total of persons over age 17 for whom English is not a primary language.

(4) The amount of a grant to a local workforce development board under subsection (3) shall not exceed the cost for adult learning programs needed in the local workforce development board region, as documented in a manner approved by the department of career development.

(5) Not more than 9% of a grant awarded to a local workforce development board may be used for program administration, including contracting for the provision of career and educational information, counseling services, and assessment services.

(6) In order to receive funds under this section, a local workforce development board shall comply with the following requirements in a manner approved by the department of career development:

(a) The local workforce development board shall document the need for adult learning programs in the local workforce development region.

(b) The local workforce development board shall report participant outcomes and other measurements of program performance.

(c) The local workforce development board shall develop a strategic plan that incorporates adult learning programs in the region. A local workforce development board is not eligible for state funds under this section without a strategic plan approved by the department of career development.

(d) The local workforce development board shall furnish to the department of career development, in a form and manner determined by the department of career development, the information the department of career development determines is necessary to administer this section.

(e) The local workforce development board shall allow access for the department of career development or its designee to audit all records related to adult learning programs for which it receives funds. The local workforce development board shall reimburse this state for all disallowances found in the audit in a manner determined by the department of career development.

(7) Local workforce development boards shall distribute funds to eligible adult learning providers as follows:

(a) Not less than 85% of a grant award shall be used to support programs that improve reading, writing, and math skills to workforce readiness standards; English as a second language programs; G.E.D. preparation programs; high school completion programs; or workforce readiness programs in the local workforce development board region. These programs may include the provision of career and educational information, counseling services, and assessment services.

(b) Up to 15% of a grant award may be used to support workforce readiness programs for employers in the local workforce development board region as approved by the department of career development. Employers or consortia of employers whose employees participate in these programs must provide matching funds in a ratio of at least $1.00 of private funds for each $1.00 of state funds.

(8) Local workforce development boards shall award competitive grants to eligible adult learning providers for the purpose of providing adult learning programs in the local workforce development board region. Applications shall be in a form and manner prescribed by the department of career development. In awarding grants, local workforce development boards shall consider all of the following:

(a) The ability of the provider to assess individuals before enrollment using assessment tools approved by the department of career development and to develop individual adult learner plans from those assessments for each participant.

(b) The ability of the provider to conduct continuing assessments in a manner approved by the department of career development to determine participant progress toward achieving the goals established in individual adult learner plans.

(c) The past effectiveness of an eligible provider in improving adult literacy skills and the success of an eligible provider in meeting or exceeding performance measures approved by the department of career development.

(d) Whether the program is of sufficient intensity and duration for participants to achieve substantial learning gains.

(e) Whether the program uses research-based instructional practices that have proven to be effective in teaching adult learners.

(f) Whether the program uses advances in technology, as appropriate, including computers.

(g) Whether the programs are staffed by well-trained teachers, counselors, and administrators.

(h) Whether the activities coordinate with other available resources in the community, such as schools, postsecondary institutions, job training programs, and social service agencies.

(i) Whether the provider offers flexible schedules and support services, such as child care and transportation, that enable participants, including individuals with disabilities or other special needs, to attend and complete programs.

(j) Whether the provider offers adequate job and postsecondary education counseling services.

(k) Whether the provider can maintain an information management system that has the capacity to report participant outcomes and monitor program performance against performance measures approved by the department of career development.

(*l*) Whether the provider will allow access for the local workforce development board or its designee to audit all records related to adult learning programs for which it receives funds. The adult learning provider shall reimburse the local workforce development board for all disallowances found in the audit.

(m) The cost per participant contact hour or unit of measurable outcome for each type of adult learning program for which the provider is applying.

(9) Contracts awarded by local workforce development boards to adult learning providers shall comply with the priorities established in a strategic plan approved by the department of career development.

(10) Adult learning providers that do not agree with the decisions of the local workforce development board in issuing or administering competitive grants may use the grievance procedure established by the department of career development.

(11) Local workforce development boards shall reimburse eligible adult learning providers under this section as follows:

(a) For a first-time provider, as follows:

(*i*) Fifty percent of the contract amount shall be allocated to eligible adult learning providers based upon enrollment of participants in adult learning programs. "Enrollment" means a participant enrolled in the program who received a preenrollment assessment using assessment tools approved by the department of career development and for whom an individual adult learner plan has been developed.

(*ii*) Fifty percent of the contract amount shall be allocated to eligible adult learning providers based upon the following performance standards as measured in a manner approved by the department of career development:

(A) The percentage of participants taking both a pretest and a posttest in English language proficiency, reading, writing, and math.

(B) The percentage of participants showing improvement toward goals identified in their individual adult learner plan.

(C) The percentage of participants achieving their terminal goals as identified in their individual adult learner plan.

(b) Eligible providers that have provided adult learning programs previously under this section shall be reimbursed 100% of the contract amount based upon the performance standards in subdivision (a)(*ii*) as measured in a manner determined by the department of career development.

(c) A provider is eligible for reimbursement for a participant in an adult learning program until the participant's reading, writing, or math proficiency, as applicable, is

assessed at workforce readiness levels or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(d) A provider is eligible for reimbursement for a participant in an English as a second language program until the participant is assessed as having attained basic English proficiency or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(e) A provider is eligible for reimbursement for a participant in a G.E.D. test preparation program until the participant passes the G.E.D. test or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(f) A provider is eligible for reimbursement for a participant in a high school completion program until the participant earns a high school diploma or the participant fails to show progress as determined by the department of career development.

(12) A person who is not eligible to be a participant funded under this section may receive adult learning services upon the payment of tuition or fees for service. The tuition or fee level shall be determined by the adult learning provider and approved by the local workforce development board.

(13) Adult learning providers may collect refundable deposits from participants for the use of reusable equipment and supplies and may provide incentives for program completion.

(14) A provider shall not be reimbursed under this section for an individual who is an inmate in a state correctional facility.

(15) In order to administer the partnership for adult learning system under this section, the department of career development shall do all of the following:

(a) Develop and provide guidelines to local workforce development boards for the development of strategic plans that incorporate adult learning.

(b) Develop and provide adult learning minimum program performance standards to be implemented by local workforce development boards.

(c) Identify approved assessment tools for assessing a participant's English language proficiency, reading, math, and writing skills.

(d) Approve workforce readiness standards for English language proficiency, reading, math, and writing skills that can be measured by nationally recognized assessment tools approved by the department of career development.

(16) Of the amount allocated in subsection (1), up to $200,000.00 is allocated to the department of career development for the development and administration of a standardized data collection system. Local workforce development boards and adult learning providers receiving funding under this section shall use the standardized data collection system for enrolling participants in adult learning programs, tracking participant progress, reporting participant outcomes, and reporting other performance measures.

(17) A provider is not required to use certificated teachers or certificated counselors to provide instructional and counseling services in a program funded under this section.

(18) As used in this section:

(a) "Adult education", for the purposes of complying with section 3 of article VIII of the state constitution of 1963, means a high school pupil receiving educational services in a nontraditional setting from a district or intermediate district in order to receive a high school diploma.

(b) "Adult learning program" means a program approved by the department of career development that improves reading, writing, and math skills to workforce readiness

standards; an English as a second language program; a G.E.D. preparation program; a high school completion program; or a workforce readiness program that enhances employment opportunities.

(c) "Eligible adult learning provider" means a district, public school academy, intermediate district, community college, university, community-based organization, or other organization approved by the department of career development that provides adult learning programs under a contract with a local workforce development board.

(d) "Participant" means an individual enrolled in an adult learning program and receiving services from an eligible adult learning provider.

(e) "Strategic plan" means a document approved by the department of career development that incorporates adult learning goals and objectives for the local workforce development board region and is developed jointly by the local workforce development board and the education advisory groups.

(f) "Workforce development board" means a local workforce development board established pursuant to the workforce investment act of 1998, Public Law 105-220, 112 Stat. 936, and the school-to-work opportunities act of 1994, Public Law 103-239, 108 Stat. 568, or the equivalent.

(g) "Workforce readiness standard" means a proficiency level approved by the department of career development in English language, reading, writing, or mathematics, or any and all of these, as determined by results from assessments approved for use by the department of career development.

388.1721a State education tax; costs for changing collection date.

Sec. 121a. From the general fund appropriation in section 11, there is allocated for 2002-2003 only an amount not to exceed $4,600,000.00 to the department of treasury for payments to local treasurers for the costs of changing the collection date for the state education tax under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. Eligible costs to be reimbursed and the manner of reimbursement shall be determined by the department of treasury.

388.1747 Allocations to public school employees' retirement system.

Sec. 147. (1) The allocations for 2001-2002 and 2002-2003 for the public school employees' retirement system pursuant to the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, shall be made using the entry age normal cost actuarial method and risk assumptions adopted by the public school employees retirement board and the department of management and budget. The annual level percentage of payroll contribution rate is estimated at 12.17% for the 2001-2002 state fiscal year and at 12.99% for the 2002-2003 state fiscal year. The portion of the contribution rate assigned to districts and intermediate districts for each fiscal year is all of the total percentage points. This contribution rate reflects an amortization period of 35 years for 2001-2002 and 34 years for 2002-2003. The public school employees' retirement system board shall notify each district and intermediate district by February 28 of each fiscal year of the estimated contribution rate for the next fiscal year.

(2) It is the intent of the legislature that the amortization period described in section 41(2) of the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1341, be reduced to 30 years by the end of the 2005-2006 state fiscal year by reducing the amortization period by not more than 1 year each fiscal year.

Total state spending; payments to local units of government.

Enacting section 1. In accordance with section 30 of article IX of the state constitution of 1963, total state spending in this amendatory act and in 2001 PA 121 and 2000 PA 297 from state sources for fiscal year 2001-2002 is estimated at $11,220,561,700.00 and state appropriations to be paid to local units of government for fiscal year 2001-2002 are estimated at $11,181,789,800.00; and total state spending in this amendatory act and in 2001 PA 121 and 2000 PA 297 from state sources for fiscal year 2002-2003 is estimated at $11,472,054,900.00 and state appropriations to be paid to local units of government for fiscal year 2002-2003 are estimated at $11,420,969,500.00.

Repeal of §§ 388.1632g, 388.1632h, 388.1663, 388.1695, 388.1697, and 388.1766d; repeal of §§ 388.1622c, 388.1632e, and 388.1633; effective date.

Enacting section 2. (1) Sections 32g, 32h, 63, 95, 97, and 166d of the state school aid act of 1979, 1979 PA 94, MCL 388.1632g, 388.1632h, 388.1663, 388.1695, 388.1697, and 388.1766d, are repealed.

(2) Sections 22c, 32e, and 33 of the state school aid act of 1979, 1979 PA 94, MCL 388.1622c, 388.1632e, and 388.1633, are repealed effective October 1, 2002.

Effective date of § 388.1619.

Enacting section 3. Section 19 of the state school aid act of 1979, 1979 PA 94, MCL 388.1619, as amended by this amendatory act, takes effect October 1, 2002.

This act is ordered to take immediate effect.
Approved April 25, 2002.

[No. 192]

(HB 5763)

AN ACT to amend 1936 (Ex Sess) PA 1, entitled "An act to protect the welfare of the people of this state through the establishment of an unemployment compensation fund, and to provide for the disbursement thereof; to create certain other funds; to create the Michigan employment security commission, and to prescribe its powers and duties; to provide for the protection of the people of this state from the hazards of unemployment; to levy and provide for contributions from employers; to provide for the collection of such contributions; to enter into reciprocal agreements and to cooperate with agencies of the United States and of other states charged with the administration of any unemployment insurance law; to furnish certain information to certain governmental agencies for use in administering public benefit and child support programs and investigating and prosecuting fraud; to provide for the payment of benefits; to provide for appeals from redeterminations, decisions and notices of assessments; and for referees and a board of review to hear and decide the issues arising from redeterminations, decisions and notices of assessment; to provide for the cooperation of this state and compliance with the provisions of the social security act and the Wagner-Peyser act passed by the Congress of the United States of America; to provide for the establishment and maintenance of free public employment offices; to provide for the transfer of funds; to make appropriations for carrying out the

provisions of this act; to prescribe remedies and penalties for the violation of the provisions of this act; and to repeal all acts and parts of acts inconsistent with the provisions of this act," by amending sections 3, 4, 4a, 10, 19, 20, 27, 29, 32, 44, 48, 54, and 54c (MCL 421.3, 421.4, 421.4a, 421.10, 421.19, 421.20, 421.27, 421.29, 421.32, 421.44, 421.48, 421.54, and 421.54c), section 4 as amended by 1996 PA 498, section 10 as amended by 1989 PA 224, section 19 as amended by 1996 PA 535, sections 20 and 54 as amended by 1994 PA 162, section 27 as amended by 1995 PA 181, section 29 as amended by 1995 PA 25, section 32 as amended by 1996 PA 503, section 44 as amended by 1996 PA 504, section 48 as amended by 1983 PA 164, and section 54c as amended by 1993 PA 277, and by adding sections 5b, 13*l*, and 32b; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

421.3 Bureau of worker's and unemployment compensation; policies; definitions.

Sec. 3. (1) The bureau of worker's and unemployment compensation shall establish policies in conformity with this act to do all of the following:

(a) Reduce and prevent unemployment.

(b) Promote the reemployment of unemployed workers throughout this state in every other way that may be feasible.

(c) Carry on and publish the results of investigations and research studies.

(d) Investigate, recommend, advise, and assist in the establishment and operation, by municipalities, counties, school districts, and this state, of reserves for public works to be used in times of business depression and unemployment.

(2) As used in this act:

(a) "Bureau", "commission", and "unemployment agency" mean the bureau of worker's and unemployment compensation created in section 5b.

(b) "Director" means the director of the bureau of worker's and unemployment compensation.

421.4 Rules and regulations; distribution; public hearing; notice; publication; copies furnished; effective date.

Sec. 4. (1) The bureau may promulgate rules and regulations that it determines necessary, and that are not inconsistent with this act, to carry out this act.

(2) The bureau shall cause to be printed for distribution to the public the text of this act, and all rules and regulations of the bureau, and shall make available to the public upon request statements of all informal rules or criteria of decision, administrative policies, or interpretations, which may be utilized by the bureau or any of its agents or employees in any manner.

(3) No rule or regulation shall be made or changed until after public hearing, notice of which shall first be given not less than 20 days before the hearing, by publication in at least 3 newspapers of general circulation in different parts of this state, 1 of which shall be in the Upper Peninsula. Copies of proposed rules or regulations shall be furnished by the bureau upon application by any interested parties. Rules and regulations shall become effective in accordance with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

421.4a Parking facility; approval of state administrative board.

Sec. 4a. The bureau may acquire, purchase, erect, or improve land or buildings, within funds available for that purpose, as it considers necessary for use as a parking facility in Detroit for the state administrative office. No land or buildings shall be acquired, purchased, erected, or improved until the approval of the state administrative board is obtained. Title to the land or buildings shall be in the name of this state.

421.5b Bureau of worker's and unemployment compensation; creation within department of consumer and industry services; director; transfer of powers and duties by executive order.

Sec. 5b. (1) The bureau of worker's and unemployment compensation is created within the department of consumer and industry services.

(2) The bureau shall be headed by a director who shall be appointed by the governor.

(3) All of the authority, powers, functions, duties, and responsibilities of the unemployment agency provided under this act are transferred to the bureau as provided in Executive Order No. 2002-1.

(4) All of the powers, functions, duties, and responsibilities of the director of the unemployment agency, defined as the director of employment security in Executive Order No. 1997-12, provided under this act are transferred to the director as provided in Executive Order No. 2002-1.

421.10 Administration fund; contingent fund.

Sec. 10. (1) There is created in the department of treasury a special fund to be known and designated as the administration fund (Michigan employment security act). Any balances in the administration fund at the end of any fiscal year of this state shall be carried over as a part of the administration fund and shall not revert to the general fund of this state. Except as otherwise provided in subsection (3), all money deposited into the administration fund under this act shall be appropriated by the legislature to the unemployment agency to pay the expenses of the administration of this act.

(2) The administration fund shall be credited with all money appropriated to the fund by the legislature, all money received from the United States or any agency of the United States for that purpose, and all money received by this state for the fund. All money in the administration fund that is received from the federal government or any agency of the federal government or that is appropriated by this state for the purposes of this act, except money requisitioned from the account of this state in the unemployment trust fund pursuant to a specific appropriation made by the legislature in accordance with section 903(c)(2) of title IX of the social security act, 42 U.S.C. 1103, and with section 17(3)(f), shall be expended solely for the purposes and in the amounts found necessary by the appropriate agency of the United States and the legislature for the proper and efficient administration of this act.

(3) All money requisitioned from the account of this state in the unemployment trust fund pursuant to a specific appropriation made by the legislature in accordance with section 903(c)(2) of title IX of the social security act, 42 U.S.C. 1103, and with section 17(3)(f), shall be deposited in the administration fund. Any money that remains unexpended at the close of the 2-year period beginning on the date of enactment of a specific appropriation shall be immediately redeposited with the secretary of the treasury of the United States to the credit of this state's account in the unemployment trust fund; or any money that for any reason cannot be expended or is not to be expended for the purpose for which appropriated before the close of this 2-year period shall be redeposited at the earliest practicable date.

(4) If any money received after June 30, 1941, from the appropriate agency of the United States under title III of the social security act, 42 U.S.C. 501 to 504, or any unencumbered balances in the administration fund (Michigan employment security act) as of that date, or any money granted after that date to this state pursuant to the Wagner-Peyser act, chapter 49, 48 Stat. 113, or any money made available by this state or its political subdivisions and matched by money granted to this state pursuant to the Wagner-Peyser act, chapter 49, 48 Stat. 113, is found by the appropriate agency of the United States, because of any action or contingency, to have been lost or been expended for purposes other than, or in amounts in excess of, those found necessary by that agency of the United States for the proper administration of this act, the money shall be replaced by money appropriated for that purpose from the general funds of this state to the administration fund (Michigan employment security act) for expenditure as provided in this act. Upon receipt of notice of such a finding by the appropriate agency of the United States, the commission shall promptly report the amount required for replacement to the governor and the governor shall, at the earliest opportunity, submit to the legislature a request for the appropriation of that amount. This subsection shall not be construed to relieve this state of its obligation with respect to funds received prior to July 1, 1941, pursuant to the provisions of title III of the social security act, 42 U.S.C. 501 to 504.

(5) If any funds expended or disbursed by the commission are found by the appropriate agency of the United States to have been lost or expended for purposes other than, or in amounts in excess of, those found necessary by that agency of the United States for the proper administration of this act, and if these funds are replaced as provided in subsection (4) by money appropriated for that purpose from the general fund of this state, then the director who approved the expenditure or disbursement of those funds for those purposes or in those amounts, shall be liable to this state in an amount equal to the sum of money appropriated to replace those funds. The director shall be required by the governor to post a proper bond in a sum not less than $25,000.00 to cover his or her liability as prescribed in this section, the cost of the bond to be paid from the general fund of this state.

(6) There is created in the department of treasury a separate fund to be known as the contingent fund (Michigan employment security act) into which shall be deposited all solvency taxes collected under section 19a and all interest on contributions, penalties, and damages collected under this act. Except as otherwise provided in subsections (7) and (8), all amounts in the contingent fund (Michigan employment security act) and all earnings on those amounts are continuously appropriated without regard to fiscal year for the administration of the unemployment agency and for the payment of interest on advances from the federal government to the unemployment compensation fund under section 1201 of title XII of the social security act, 42 U.S.C. 1321, to be expended only if authorized by the unemployment agency. Money deposited from the solvency taxes collected pursuant to section 19a shall not be used for the administration of the unemployment agency, except for the repayment of loans from the state treasury and interest on loans made under section 19a(3). However, an authorization or expenditure shall not be made as a substitution for a grant of federal funds or for any portion of a grant that, in the absence of an authorization, would be available to the commission. Immediately upon receipt of administrative grants from the appropriate agency of the United States to cover administrative costs for which the commission has authorized and made expenditures from the contingent fund, those grants shall be transferred to the contingent fund to the extent necessary to reimburse the contingent fund for the amount of those expenditures. Amounts needed to refund interest, damages, and penalties erroneously collected shall be withdrawn and expended for those purposes from the contingent fund upon order of the unemployment agency. Any amount authorized to be expended for administration pursuant to this section may be transferred to the administration fund. An amount not

needed for the purpose for which authorized shall, upon order of the unemployment agency, be returned to the contingent fund. Amounts needed to refund erroneously collected solvency taxes shall be withdrawn and expended for that purpose upon order of the unemployment agency.

(7) On June 30, 2002, the unemployment agency shall authorize the withdrawal of $79,500,000.00 from the contingent fund (Michigan employment security act) for deposit into the general fund.

(8) At the close of the state fiscal year in 2002 and each year after 2002, all funds in the contingent fund (Michigan employment security act) in excess of $15,000,000.00 shall lapse to the unemployment trust fund.

421.13*l* Indian tribe or tribal unit as employer; requirements.

Sec. 13*l*. (1) An Indian tribe or tribal unit liable as an employer under section 41 shall pay reimbursements in lieu of contributions under the same terms and conditions as all other reimbursing employers liable under section 41, unless the Indian tribe or tribal unit elects to pay contributions.

(2) An Indian tribe or tribal unit that elects to make contributions shall file with the unemployment agency a written request for that election before January 1 of the calendar year in which the election will be effective or within 30 days of the effective date of the amendatory act that added this section. The Indian tribe or tribal unit shall determine if the election to pay contributions will apply to the tribe as a whole, will apply only to individual tribal units, or will apply to stated combinations of individual tribal units.

(3) An Indian tribe or tribal unit paying reimbursements in lieu of contributions shall be billed for the full amount of benefits attributable to service in the employ of the Indian tribe or tribal unit. An Indian tribe or tribal unit shall reimburse the fund annually within 30 calendar days after the mailing of the final billing for the immediately preceding calendar year.

(4) If an Indian tribe or tribal unit fails to make payments in lieu of contributions, including assessments of interest and penalties, within 90 calendar days after the mailing of the notice of delinquency, the Indian tribe will lose the ability to make payments in lieu of contributions immediately unless the payment in full or collection on the security is received by the unemployment agency by December 1 of that calendar year. An Indian tribe that loses the ability to make payments in lieu of contributions shall be made a contributing employer and shall not have the ability to make payments in lieu of contributions until all contributions, payments in lieu of contributions, interest, or penalties have been paid. The ability to make payments in lieu of contributions shall be reinstated effective the January 1 immediately succeeding the year in which the Indian tribe has paid in full all contributions, payments in lieu of contributions, interest, and penalties. If an Indian tribe fails to pay in full all contributions, payments in lieu of contributions, interest, and penalties within 90 calendar days of a notice of delinquency, the unemployment agency shall immediately notify the United States department of labor and the internal revenue service of the United States department of treasury of that delinquency. If that delinquency is satisfied, the unemployment agency shall immediately notify the United States department of labor and the internal revenue service of the United States department of treasury that all contributions, payments in lieu of contributions, interest, and penalties have been paid.

(5) A notice of delinquency to an Indian tribe or tribal unit shall include information that failure to make full payment within 90 days of the date of mailing of the notice of delinquency will result in the Indian tribe losing the ability to make payments in lieu of contributions until the delinquency and all contributions, payments in lieu of contributions, interest, and penalties have been paid in full.

(6) Any Indian tribe or tribal unit that makes reimbursement payments in lieu of contributions shall be required to post a security, subject to all of the following conditions:

(a) A reimbursing tribe or tribal unit must either post the security within 30 days of the effective date of the amendatory act that added this section or by November 30 of the year before the year for which the security is required.

(b) The security shall be in the form of a surety bond, irrevocable letter of credit, or other banking device that is acceptable to the unemployment agency and that provides for payment to the unemployment agency, on demand, of an amount equal to the security that is required to be posted. The required security may be posted by a third-party guarantor.

(c) The requirement for a security does not apply to an Indian tribe or tribal unit that is expected to have less than $100,000.00 per calendar year in total wage payments, as determined by the unemployment agency. An Indian tribe or tribal unit is required to provide security if the payment of gross wages in a calendar year is equal to or greater than $100,000.00. The employer shall notify the unemployment agency within 60 days from the date its payroll equals or exceeds $100,000.00. The security shall be posted within 30 days of notice by the unemployment agency of a requirement to post a security.

(d) The amount of the security required is 4.0% of the employer's estimated total annual wage payments, as determined by the unemployment agency. Indian tribes or tribal units that have a previous wage payment history shall be required to file a security that is equal to 4.0% of the gross wages paid for the 12-month period ending June 30 of the year immediately preceding the year for which the security is required or 4.0% of the employer's estimated total annual wages, whichever is greater.

(7) Any Indian tribe or tribal unit that is liable for reimbursements in lieu of contributions may form a group account with another tribe or tribal unit, in the same manner and with the same restrictions provided in section 13e(3).

(8) Notwithstanding section 41(1), after December 20, 2000, "employer" includes an Indian tribe or tribal unit for which services are performed in employment as defined in subsection (9).

(9) After December 20, 2000, "employment" includes service performed in the employ of an Indian tribe or tribal unit, if the service is excluded from employment as that term is defined in the federal unemployment tax act, chapter 23 of subtitle C of the internal revenue code of 1986, 26 U.S.C. 3301 to 3311, solely by reason of section 3306(c)(7) of the federal unemployment tax act, chapter 23 of subtitle C of the internal revenue code of 1986, and is not otherwise excluded from the definition of employment under section 43.

(10) As used in this act:

(a) "Indian tribe" means that term as defined in section 3306(u) of the federal unemployment tax act, chapter 23 of subtitle C of the internal revenue code of 1986, 26 U.S.C. 3306.

(b) "Tribal unit" includes any subdivision, subsidiary, or business enterprise, wholly owned by an Indian tribe.

421.19 Contribution rate of contributing employer; determination; reserve fund balance of reorganized employer; distressed employer; irrevocability of excess payments to experience account.

Sec. 19. (a) The commission shall determine the contribution rate of each contributing employer for each calendar year after 1977 as follows:

(1) (*i*) Except as provided in paragraph (*ii*), an employer's rate shall be calculated as described in table A with respect to wages paid by the employer in each calendar year for employment. If an employer's coverage is terminated under section 24, or at the conclusion of 8 or more consecutive calendar quarters during which the employer has not had

workers in covered employment, and if the employer becomes liable for contributions, the employer shall be considered as newly liable for contributions for the purposes of table A or table B of this subsection.

(*ii*) To provide against the high risk of net loss to the fund in such cases, an employing unit that becomes newly liable for contributions under this act in a calendar year beginning on or after January 1, 1983 in which it employs in "employment", not necessarily simultaneously but in any 1 week 2 or more individuals in the performance of 1 or more contracts or subcontracts for construction in the state of roads, bridges, highways, sewers, water mains, utilities, public buildings, factories, housing developments, or similar construction projects, shall be liable for contributions to that employer's account under this act for the first 4 years of operations in this state at a rate equal to the average rate paid by employers engaged in the construction business as determined by contractor type in the manner provided in table B.

(*iii*) For the calendar years 1983 and 1984, the contribution rate of a construction employer shall not exceed its 1982 contribution rate with respect to wages, paid by that employer, related to the execution of a fixed price construction contract that was entered into prior to January 1, 1983. Furthermore, that contribution rate shall be reduced, by the solvency tax rate assessed against the employer under section 19a, for the year in which the solvency tax rate is applicable. Furthermore, notwithstanding section 44, the taxable wage limit, for calendar years 1983 and 1984, with respect to wages paid under a fixed price contract, shall be the maximum amount of remuneration paid within a calendar year by an employer subject to the federal unemployment tax act, chapter 23 of subtitle C of the internal revenue code of 1986, 26 U.S.C. 3301 to 3311, to an individual with respect to employment as defined in that act which is subject to tax under that act during that year.

Table A

Year of Contribution Liability	Contribution Rate
1	2.7%
2	2.7%
3	1/3 (chargeable benefits component) + 1.8%
4	2/3 (chargeable benefits component) + 1.0%
5 and over	(chargeable benefits component) + (account building component) + (nonchargeable benefits component)

Table B

Year of Contribution Liability	Contribution Rate
1	average construction contractor rate as determined by the commission
2	average construction contractor rate as determined by the commission

3	1/3 (chargeable benefits component) + 2/3 average construction contractor rate as determined by the commission
4	2/3 (chargeable benefits component) + 1/3 average construction contractor rate as determined by the commission
5 and over	(chargeable benefits component) + (account building component) + (nonchargeable benefits component)

(2) With the exception of employers who are in the first 4 consecutive years of liability, each employer's contribution rate for each calendar year after 1977 shall be the sum of the following components, all of which are determined as of the computation date: a chargeable benefits component determined under subdivision (3), an account building component determined under subdivision (4), and a nonchargeable benefits component determined under subdivision (5). Each employer's contribution rate for calendar years before 1978 shall be determined by the provisions of this act in effect during the years in question.

(3) (*i*) The chargeable benefits component of an employer's contribution rate is the percentage determined by dividing: the total amount of benefits charged to the employer's experience account within the lesser of 60 consecutive months ending on the computation date or the number of consecutive months ending on the computation date with respect to which the employer has been continuously liable for contributions; by the amount of wages, subject to contributions, paid by the employer within the same period. If the resulting quotient is not an exact multiple of 1/10 of 1%, it shall be increased to the next higher multiple of 1/10 of 1%.

(*ii*) For benefit years established before the conversion date prescribed in section 75, the chargeable benefits component shall not exceed 6.0%, unless there is a statutory change in the maximum duration of regular benefit payments or the statutory ratio of regular benefit payments to credit weeks. In the event of a change in the maximum duration of regular benefit payments, the maximum chargeable benefits component shall increase by the same percentage as the statutory percentage change in the duration of regular benefit payments between computation dates. In the event of an increase in the statutory ratio of regular benefit payments to credit weeks, as described in section 27(d), the maximum chargeable benefits component determined as of the computation dates occurring after the effective date of the increased ratio shall increase by 1/2 the same percentage as the increase in the ratio of regular benefit payments to credit weeks. If the resulting increase is not already an exact multiple of 1/10 of 1%, it shall be adjusted to the next higher multiple of 1/10 of 1%. For benefit years established after the conversion date prescribed in section 75, the chargeable benefits component shall not exceed 6.0%, unless there is a statutory change in the maximum duration of regular benefit payments or the percentage factor of base period wages, which defines maximum duration, as provided in section 27(d). If there is a statutory change in the maximum duration of regular benefit payments, the maximum chargeable benefits component shall increase by the same percentage as the statutory percentage change in the duration of regular benefit payments between computation dates. If there is an increase in the statutory percentage factor of base period wages, as described in section 27(d), the maximum chargeable benefits component determined as of the computation dates occurring after the effective date of the increased ratio shall increase by 1/2 the same percentage as the increase in the

percentage factor of base period wages. If the resulting increase is not already an exact multiple of 1/10 of 1%, it shall be adjusted to the next higher multiple of 1/10 of 1%.

(4) The account building component of an employer's contribution rate is the percentage arrived at by the following calculations: (*i*) Multiply the amount of the employer's total payroll for the 12 months ending on the computation date, by the cost criterion; (*ii*) Subtract the amount of the balance in the employer's experience account as of the computation date from the product determined under (*i*); and (*iii*) if the remainder is zero or a negative quantity, the account building component of the employer's contribution rate shall be zero; but (*iv*) if the remainder is a positive quantity, the account building component of the employer's contribution rate shall be determined by dividing that remainder by the employer's total payroll paid within the 12 months ending on the computation date. The account building component shall not exceed the lesser of 1/4 of the percentage calculated or 2%. However, except as otherwise provided in this subdivision, the account building component shall not exceed the lesser of 1/2 of the percentage calculated or 3%, if on the June 30 of the preceding calendar year the balance in the unemployment compensation fund was less than 50% of an amount equal to the aggregate of all contributing employers' annual payrolls, for the 12 months ending March 31, times the cost criterion. For calendar years after 1993 and before 1996, the account building component shall not exceed the lesser of .69 of the percentage calculated, or 3%, if on the June 30 of the preceding calendar year the balance in the unemployment compensation fund was less than 50% of an amount equal to the aggregate of all contributing employers' annual payrolls, for the 12 months ending March 31, as defined in section 18(f), times the cost criterion; selected for the computation date under section 18(e). If the account building component determined under this subdivision is not an exact multiple of 1/10 of 1%, it shall be adjusted to the next higher multiple of 1/10 of 1%.

(5) The nonchargeable benefits component of employers' contribution rates is the percentage arrived at by the following calculations: (*i*) multiply the aggregate amount of all contributing employers' annual payrolls, for the 12 months ending March 31, as defined in section 18(f), by the cost criterion selected for the computation date under section 18(e); (*ii*) subtract the balance of the unemployment fund on the computation date, net of federal advances, from the product determined under (*i*); and (*iii*) if the remainder is zero or a negative quantity, the nonchargeable benefits component of employers' contribution rates shall be zero; but (*iv*) if the remainder is a positive quantity, the nonchargeable benefits component of employers' contribution rates shall be determined by dividing that remainder by the total of wages subject to contributions under this act paid by all contributing employers within the 12 months ending on March 31 and adjusting the quotient, if not an exact multiple of 1/10 of 1%, to the next higher multiple of 1/10 of 1%. The maximum nonchargeable benefits component shall be 1%. However, for calendar years after 1993, if there are no benefit charges against an employer's account for the 60 months ending as of the computation date, or for calendar years after 1995, if the employer's chargeable benefits component is less than 2/10 of 1%, the maximum nonchargeable benefit component shall not exceed 1/2 of 1%. For calendar years after 1995, if there are no benefit charges against an employer's account for the 72 months ending as of the computation date, the maximum nonchargeable benefits component shall not exceed 4/10 of 1%. For calendar years after 1996, if there are no benefit charges against an employer's account for the 84 months ending as of the computation date, the maximum nonchargeable benefits component shall not exceed 3/10 of 1%. For calendar years after 1997, if there are no benefit charges against an employer's account for the 96 months ending as of the computation date, the maximum nonchargeable benefits component shall not exceed 2/10 of 1%. For calendar years after 1998, if there are no benefit charges against an employer's

account for the 108 months ending as of the computation date, the maximum nonchargeable benefits component shall not exceed 1/10 of 1%. For calendar years after 2002, the maximum nonchargeable benefits component shall not exceed 1/10 of 1% if there are no benefit charges against an employer's account for the 60 months ending as of the computation date; 9/100 of 1% if there are no benefit charges against an employer's account for the 72 months ending as of the computation date; 8/100 of 1% if there are no benefit charges against an employer's account for the 84 months ending as of the computation date; 7/100 of 1% if there are no benefit charges against an employer's account for the 96 months ending as of the computation date; or 6/100 of 1% if there are no benefit charges against an employer's account for the 108 months ending as of the computation date. For purposes of determining a nonchargeable benefits component under this subsection, an employer account shall not be considered to have had a charge if claim for benefits is denied or determined to be fraudulent pursuant to section 54 or 54c. An employer with a positive balance in its experience account on the June 30 computation date preceding the calendar year shall receive for that calendar year a credit in an amount equal to 1/2 of the extra federal unemployment tax paid in the preceding calendar year under section 3302(c)(2) of the federal unemployment tax act, 26 U.S.C. 3302, because of an outstanding balance of unrepaid advances from the federal government to the unemployment compensation fund under section 1201 of title XII of the social security act, 42 U.S.C. 1321. However, the credit for any calendar year shall not exceed an amount determined by multiplying the employer's nonchargeable benefit component for that calendar year times the employer's taxable payroll for that year. Contributions paid by an employer shall be credited to the employer's experience account, in accordance with the provisions of section 17(5), without regard to any credit given under this subsection. The amount credited to an employer's experience account shall be the amount of the employer's tax before deduction of the credit provided in this subsection.

(6) The total of the chargeable benefits and account building components of an employer's contribution rate shall not exceed by more than 1% in the 1983 calendar year, 1.5% in the calendar year 1984, or 2% in the 1985 calendar year the higher of 4% or the total of the chargeable benefits and the account building components that applied to the employer during the preceding calendar year. For calendar years after 1985, the total of the chargeable benefits and account building components of the employer's contribution rate shall be computed without regard to the foregoing limitation provided in this subdivision. During a year in which this subdivision limits an employer's contribution rate, the resulting reduction shall be considered to be entirely in the experience component of the employer's contribution rate, as defined in section 18(d).

(7) Unless an employer's contribution rate is 1/10 of 1% for calendar years beginning after December 31, 1995, the employer's contribution rate shall be reduced by any of the following calculation methods that results in the lowest rate:

(*i*) The chargeable benefits component, the account building component, and the nonchargeable benefits component of the contribution rate calculated under this section shall each be reduced by 10% and if the resulting quotient is not an exact multiple of 1/10 of 1%, that quotient shall be increased to the next higher multiple of 1/10 of 1%. The 3 components as increased shall then be added together.

(*ii*) One-tenth of 1% shall be deducted from the contribution rate.

(*iii*) The contribution rate shall be reduced by 10% and if the resulting quotient is not an exact multiple of 1/10 of 1%, that quotient shall be increased to the next higher multiple of 1/10 of 1%.

The contribution rate reduction described in this section applies to employers who have been liable for the payment of contributions in accordance with this act for more than 4 consecutive years, if the balance of money in the unemployment compensation fund established under section 26, excluding money borrowed from the federal unemployment trust fund, is equal to or greater than 1.2% of the aggregate amount of all contributing employers' payrolls for the 12-month period ending on the computation date. If the employer's contribution rate is reduced by a 1/10 of 1% deduction in accordance with this subdivision, the employer's contributions shall be credited to each of the components of the contribution rate on a pro rata basis. As used in this subdivision:

(*i*) "Federal unemployment trust fund" means the fund created under section 904 of title IX of the social security act, 42 U.S.C. 1104.

(*ii*) "Payroll" means that term as defined in section 18(f).

(b) An employer previously liable for contributions under this act which on or after January 1, 1978 filed a petition for arrangement under the bankruptcy act of July 1, 1898, chapter 541, 30 Stat. 544, or on or after October 1, 1979 filed a petition for reorganization under title 11 of the United States Code, 11 U.S.C. 101 to 1330, pursuant to which a plan of arrangement or reorganization for rehabilitation purposes has been confirmed by order of the United States bankruptcy court, shall be considered as a reorganized employer and shall have a reserve fund balance of zero as of the first calendar year immediately following court confirmation of the plan of arrangement or reorganization, but not earlier than the calendar year beginning January 1, 1983, if the employer meets each of the following requirements:

(1) An employer whose plan of arrangement or reorganization has been confirmed as of January 1, 1983 shall, within 60 days after January 1, 1983, notify the commission of its intention to elect the status of a reorganized employer. An employer that has not had a plan of arrangement or reorganization confirmed as of January 1, 1983 shall, within 60 days after the entry by the bankruptcy court of the order of confirmation of the plan of arrangement or reorganization, notify the commission of its intention to elect the status of a reorganized employer. An employer shall not make an election under this subdivision after December 31, 1985.

(2) The employer has paid to the commission all contributions previously owed by the employer pursuant to this act for all calendar years prior to the calendar year as to which the employer elects to begin its status as a reorganized employer.

(3) More than 50% of the employer's total payroll is paid for services rendered in this state during the employer's fiscal year immediately preceding the date the employer notifies the fund administrator of its intention to elect the status of a reorganized employer.

(4) The employer, within 180 days after notifying the commission of its intention to elect the status of a reorganized employer, makes a cash payment to the commission, for the unemployment compensation fund, equal to: .20 times the first $2,000,000.00 of the employer's negative balance, .35 times the amount of the employer's negative balance above $2,000,000.00 and up to $5,000,000.00, and .50 times the amount of the negative balance above $5,000,000.00. The total amount determined by the commission shall be based on the employer's negative balance existing as of the end of the calendar month immediately preceding the calendar year in which the employer will begin its status as a reorganized employer. If the employer fails to pay the amount determined, within 180 days of electing status as a reorganized employer, the commission shall reinstate the employer's negative balance previously reduced and redetermine the employer's rate on the basis of the reinstated negative balance. The redetermined rate shall then be used to redetermine the employer's quarterly contributions for that calendar year. The redetermined

contributions shall be subject to the interest provisions of section 15 as of the date the redetermined quarterly contributions were originally due.

(5) Except as provided in subdivision (6), the employer contribution rates for a reorganized employer beginning with the first calendar year of the employer's status as a reorganized employer shall be as follows:

Year of Contribution Liability	Contribution Rate
1	2.7% of total taxable wages paid
2	2.7%
3	2.7%
4 and over	(chargeable benefits component based upon 3-year experience) plus (account building component based upon 3-year experience) plus (nonchargeable benefits component)

(6) To provide against the high risk of net loss to the fund in such cases, any reorganized employer that employs in "employment", not necessarily simultaneously but in any 1 week 25 or more individuals in the performance of 1 or more contracts or subcontracts for construction in the state of roads, bridges, highways, sewers, water mains, utilities, public buildings, factories, housing developments, or similar major construction projects, shall be liable beginning the first calendar year of the employer's status as a reorganized employer for contribution rates as follows:

Year of Contribution Liability	Contribution Rate
1	average construction contractor rate as determined by the commission
2	average construction contractor rate as determined by the commission
3	1/3 (chargeable benefits component) + 2/3 average construction contractor rate as determined by the commission
4	2/3 (chargeable benefits component) + 1/3 average construction contractor rate as determined by the commission
5 and over	(chargeable benefits component) + (account building component) + (nonchargeable benefits component)

(c) Upon application by an employer to the commission for designation as a distressed employer, the commission, within 60 days after receipt of the application, shall make a determination whether the employer meets the conditions set forth in this subsection. Upon finding that the conditions are met, the commission shall notify the legislature of the
